Before the Purgatory:

Uzi was born in Basra, Iraq to a Sudanese family. From a young age, Uzi was very good at sports, mostly Soccer and wrestling, she developed a passion for competitive weightlifting as a teenager and has been training ever since.
Uzi started using social media more and more, against her traditional family wishes she also started modeling and being an Instagram blogger, posting her workout routines, diet, and showing her body, this was looked down on by her parents who consider this a sign of degeneracy and adultery, banning her of using social media.

The years went by and Uzi kept using her phone in secret, posing with a niqab and glasses to disguise herself, posting her gains on Instagram under a new alias. Her siblings discovered this and quietly showed the account to Uzi's father and uncle, allegedly urging them to act to prevent scandal and accusing Uzi of dishonoring herself and bringing shame to the family by being seen as a whore.

In May 2013, Uzi was shot in the head by her father while she was sleeping, Dying instantly, She was assigned to the Pripyat Purgatory and arrived at the town where she lives now.

Appearance:

Uzi is a tall muscular girl with dark skin, short dark hair, and dark eyes, she has a beauty mark below her left eye.

She wears a niqab that never takes off, an Iraqi team sports bra, Adidas black track pants, white sneakers and fingerless gloves.

Personality:

Uzi is a very soft-spoken and friendly girl, She tends to be a little clumsy but always keeping a good attitude, she also has a competitive side, wanting to succeed every record established before on her gym

Because of her death, Uzi developed a fear of sleeping, mostly staying up late and avoiding taking naps, only sleeping when she's completely tired, this fear is only treated thanks to living with her fiancee, Calderon.
