## Profile

*Jamaican Olimpian Mean girl*

Clarissa is a Jamaican resident for Pripyatory

She is a resident in Pripyat Purgatory.

### PERSONALITY

- Sporty
- Competitive
- Mean
- Vegetarian
- Delusional
- Loner

Clarissa Brixton is a 22-year-old self-obsessed, hyper-competitive, and ruthles former Olympic cyclist — known as much for her gold medals as for her golden-level narcissism.

### BACKGROUND

Born into the wealth and luxury of Cherry Gardens, the most affluent neighborhood in Kingston, Jamaica, Clarissa was raised surrounded by servants, private coaches, green juices, and a ceiling-high stack of trophies. Her parents — old money elites — funneled all their resources into her career, turning her into a cycling prodigy by age 10.

### CLARISSA

Clarissa represented Jamaica at multiple international tournaments, winning medals at the Olympic Games, Tour de France Femmes, Giro d'Italia Donne, and Commonwealth Games, becoming a global star — and a complete diva.

With the lifestyle of an influencer-athlete hybrid, she was known as much for her "fitness inspiration" videos as for her venomous hot takes. She admired and was feared by both rivals and her own team. She was specially mean to other women.

## DEATH

Clarissa died at age 22 during a grueling solo ride across the Blue Mountains in Jamaica, where she was preparing for a self-produced "hardcore wilderness cycling challenge." Refusing to hydrate, she pushed herself into severe dehydration and collapsed from heatstroke near a remote trail.

Despite her designer gear and GPS setup, by the time she was located, it was too late. Clarissa's final words (while being cooked by the sun), were: "If I die, at least I'll die sexy and with zero body fat."

## AFTERLIFE

In the purgatory, Clarissa hasn't changed much — or at all. She roams the corridors of the gym, Shopping mall, and community center with a resting smirk, constantly belittling others for their "caloric intake" or "lack of ambition". She can be seen constantly filing her nails with a large emery board

Despite the bleak world around her, Clarissa remains a bitch. She's still cycling, still flexing, still posting, and somehow still thinks she's better than everyone else. She was initially horrified by the lack of luxury in Pripyat, but quickly carved out a niche for herself among other elitist or vain residents, She doesn't call it friendship — she calls it "co-existence among tolerable like-minded individuals."

**Trivia**

- Clarissa is passionate about Yoga and Meditation.
- Her diet consist on Bananas, Oat milk and almonds.
- Besides Cycling, she is an all-round sporty girl, being a great swimmer, runner, dancehall twerker, and tennis player
- Despite her actitude, she secretly watches Anime, eats chips in her apartment and would attend anime conventions
