The Three Zones of Penile Skin

by

John A. Erickson

1. Penis slightly tumescent. The area between the green line and the blue line is the foreskin's outside fold. The outside fold is almost as long as the skin covering the shaft. Well over half of the total penile skin is foreskin.

2. The foreskin retracted (manually) about half an inch.

3. The foreskin retracted and "lodged" behind the coronal sulcus.

4. The foreskin retracted farther. Most of the shaft is now covered with foreskin. The area between the green line and the glans is the retracted inside fold.

5. The foreskin retracted as far as it will go. The area between the green line and the glans is the foreskin's fully retracted inside fold. The entire penile shaft is now covered with foreskin. Well over half of the penile shaft is covered with the foreskin's inside fold. Veins, arteries and capillaries are clearly visible.

Dr. Wayne Answers Your Questions

Dear Wayne,

Sometimes I meet people who seem really repulsed by my foreskin once we get alone and private. This really bothers me, and I don't know how to respond to them. How do I get past this issue with new men I meet?

Robert B.
Boise, ID

Dear Robert,

The American medical community has villainized the foreskin. The American people are so into cleanliness, "perfect" bodies, and totally scrubbed and perfumed appearances, that it is not easy to be clean and natural. In Europe, the foreskin is valued and esteemed for the pleasure it gives both partners as well as the daily protection and the comfort it offers its owner. One physician not long ago reported that he was so used to retracting his foreskin and scrubbing the glans and inner lining that he finally decided to get circumcised and not have to bother with all the cleaning regimens. He had it done and is one of the sorriest fellows alive. He did not know what the real structure and function of the foreskin are. (Most doctors don't!)

The stupid American attitudes about the foreskin are heard in the locker room and the bedroom. Jim Bigelow in *The Joy of Uncircumcising* reports receiving the following comments from intact men: "When are you going to get rid of that baby skin and become a man?" or "It looks like an anteater." Women have made remarks such as, "Is that thing clean?"; "I'm sorry, but I don't like foreskins"; "It's ugly"; "I can't touch you because you are not circumcised," and the remarks go on and on.

You will need to educate your friends. Since smegma is really OK to have, and is really necessary for your body, you need only to rinse off before going too far with your friends. You need to let them know that it is the most pleasurable part of the penis, and you might even express your sympathy for their loss. I don't know if you can turn them around with only one session, but try. If you only rinse with water, there will be a residue of "flavors"

there. Many people, as I have said before, are repulsed by any hint of what they consider unclean. They are just not into being natural. For those occasions, you might try some gels that have flavors to help start things out. You might show them on their own penis where it has, or had, the most sensuous nerve endings. Get them very excited, and maybe they will get past any reservations. Learning to like a foreskin, if you don't have one, does take some time and education. Does anyone out there have any suggestions on getting the tongue past the foreskin opening?

Dear Wayne,

Lately I've been dating two hot guys who both have a big fetish for my foreskin. I have great sex with each of them, but I'm starting to feel like they are interested in my 'skin only, and not me. I like meeting 'skin guys who know how to appreciate and treat my cock and foreskin right, but I guess I want more too. What do I do?

Richard H.
Van Nuys, CA

Dear Richard,

Are your two friends cut? No matter, many men are very fascinated with foreskins, especially here in America. You should become a polyandrist. Wow! Having two lovers to take care of you might be just the thing. Just think, never being without someone who would be willing to be between your legs. (I'm just having a bit of fun.)

You are asking about relationships. They don't come easy. They have to be worked on by both parties. Over time, you will get to know one another, and if both of your hot guys are only interested in your wonderful body parts and nothing else, you can thank them for the pleasure they have given you, but no thanks. Relationships are not made in bed. They have to be explored and expanded during the time when you are not in bed. Similar interests, knowing one another, living together, working together, tolerating each other's imperfections, the list of things goes on.

As time goes on, things will fall into place or out of place. You should be honest in your dealings with these two hot guys and let them know what you are looking for in a partner. Don't lead them on just for the pleasures of the flesh. Ask them to be honest with you in what they want in life, and what they want from you. In the meantime, you should enjoy one another. I envy your 'skin—I bet it's getting a workout.

Hungary for Men

This new film from Kristen Bjorn opens as a klunky car stops by an open field in the Hungarian countryside. Tibor and Akos get out, strip, and walk naked across the field like two young Greek gods. They spread out a picnic blanket, and Tibor invites Akos to have some wine. Tibor sprawls on the blanket, and Akos pours wine into his open mouth. Rivulets of wine trickle down his belly to his crotch where his penis, foreskin down, lies serene and relaxed on his loose scrotum. An idyllic opening for a romantic adventure. But the idyll is shattered when Tibor dashes back to their car, throws Akos' clothes out on the ground and drives off. Overcome with shock, Akos calls after Tibor as the car disappears in the distance.

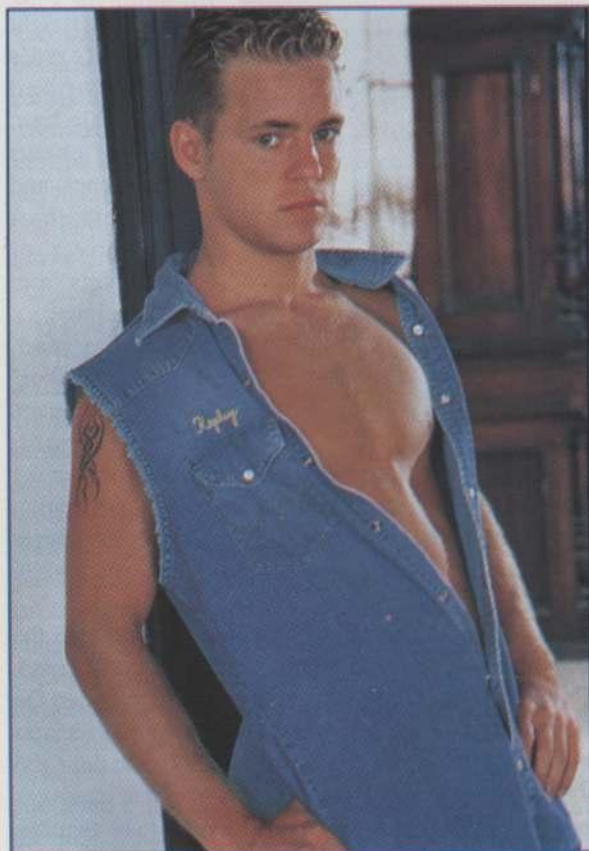

As Akos walks dejectedly along the country road, he is picked up by Marko Nagy (whom you will remember as the vampire from Budapest) and Attila Sipos passing by in a horse-drawn wagon.

Meanwhile, Tibor is smitten with remorse and stops by the roadside. Sitting in his car, he reminisces about a tender moment with Akos

in the open field. We don't know if it's what Tibor wished had happened, or something that did happen on a happier day.

Tibor's fantasy is the most romantic interlude director Kristen Bjorn has given us since Gaspar and Silvio's final love-scene in *Caracas Adventure*. Akos tenderly kisses Tibor in intimate close-ups, their lips gently touching, nibbling,

before they briefly tongue-fuck. Akos' tongue savors Tibor's nipples and then, in one of those fleeting magic moments of video, Akos slides the skin up Tibor's upright penis in brilliant close-up and then back again until his frenum stretches tight, tipping down the most beautiful glans this side of paradise. Akos sensuously strokes Tibor's

Video review by Peter Leko

erection before his lips encircle the glans, and his tongue traces the length of its rigid shaft. Tibor is so hot that he ejaculates a spurt of semen straight up. Then Tibor reciprocates, masturbating Akos with his cockhead between his lips. After a few quick strokes, Akos squirts his sperm on Tibor's chest, and their lips meet again in a tender kiss. When his fantasy fades, Tibor turns the car around and drives off the way he came.

Akos and his new friends stop at a deserted barn where Marko and Attila engage a not-unwilling Akos in a hot three-way, hungrily devouring his body as they strip him. Marko sucks Akos' cock while Attila's tongue explores his perineum and asslips. As Marko chews Akos' shaft, Akos responds with a thick stream of cum. Then Marko and Attila stand over Akos so he can suck both cocks at once. Akos nibbles Marko's shaft until he sprays rapid-fire jets of sperm far and wide.

Akos lies spread-eagle on the floor so Attila can suck his cock while Marko shoves his stiff penis up his ass. Marko gives Attila a quick turn at Akos' ass and then takes over again so Attila can jack Akos off to orgasm. Attila beats off a drippy load on Akos as Marko pulls out and pumps his penis until it spurts another volley of his very liquid semen.

The scene cuts to Akos and Attila on all fours. Akos masturbates between his legs as Attila caresses him, while Marko rims Attila and pulls his cock back between his legs to suck it while he milks Akos' penis to another climax. Marko fucks Attila doggie-style and finger-fucks Akos as

Attila caresses Akos. Marko moves over to fuck Akos doggie-style and sucks Attila at the same time. Attila cums as Marko chews his shaft, and then fucks Marko doggie-style while Marko sucks Akos.

Marko jacks off to climax as Attila plows his ass, captured in graphic underneath footage, and then Marko gets Akos' rocks off just as Attila pulls out of Marko's ass to drop his load.

After his hot diversion with Marko and Attila, Akos comes to the road. As he walks along aimlessly, he drops his red jacket by the roadside. Later, as Tibor drives along the road, he finds Akos' jacket and stops to pick it up.

Not far away, Akos wanders by a farmyard where shirtless Zoltan and Ferenc are splitting firewood. Watching Akos walk by inspires Zoltan and Ferenc to pleasanter tasks than splitting wood. They go into a hot clinch, and Zoltan peels Ferenc's cock out of his pants and sucks him to a spattering climax. Ferenc drops his pants and sits on a log, cock vertical, pulling Zoltan's pants down to get at his cock. Ferenc nibbles Zoltan's foreskin until he's hot and then strokes his cock until he ejaculates. Ferenc acknowledges Zoltan's gift with

a kiss and then rims him as he leans against the log. Ferenc pulls Zoltan's penis back between his legs, and his tongue wanders from foreskin to asslips to scrotum and back to asslips before sliding his cock up Zoltan's ass in a hot doggie fuck. Zoltan's erection, foreskin down, juts stiffly from his crotch as Ferenc plows his ass. While Ferenc fucks, Zoltan masturbates to climax. Ferenc reaches climax, pulls out, and ejaculates three high-flying spurts of cum which spatter across Zoltan's back.

After two orgasms each, the boys walk back to the farmhouse to finish draining their balls. Zoltan pulls Ferenc's briefs down as they kiss in tender foreplay. Ferenc lies on their bed, arm behind his head, revealing lush black hair in his armpits while Zoltan sucks his rigid, up-curved cock. Zoltan spreads Ferenc's legs and upends him to taste his anus before sliding his penis in for an eager, sensuous missionary fuck. As Zoltan thrusts into his ass, Ferenc squirts his sperm all the way up between his pecs, and Zoltan pulls out to shoot his load on Ferenc's torso.

Outside, Akos trudges along the road. He comes to a road sign and hangs his black jacket on it. Coming to a village, he drops his shirt by the roadside before wandering into a small vineyard. When Akos picks some grapes to slake his hunger, Rezso, the vintner, challenges him. Akos hangs his undershirt on the fence as he follows Rezso into the vineyard.

Meanwhile, Tibor spots the jacket on the road sign as he drives along and stops to retrieve it. Back at the vineyard, Rezso befriends

Akos. Leaning against a tree, Rezso drops his shorts and invites Akos to suck the very stiff penis that flops out. Akos loses no time in swallowing it right up to Rezso's close-cropped blond pubic hair. Akos chews Rezso's cock and pumps his shaft until a river of semen spurts from his slit.

On the road, Tibor finds Akos' shirt and drives on. In the vineyard,

Akos braces himself against a tree and takes Rezso's cock up the ass in a standing doggie-fuck, one leg propped up for some exciting underneath footage. As Rezso thrusts, Akos massages his trigger rim and masturbates to a gushing orgasm as we hear a hen proudly cluck in the background.

In the village, Tibor stops near a house and ventures into the yard, calling out Akos' name. He looks in a window and sees Arpad, Tomas and Robert playing the local equivalent of strip poker. On losing a bet, Tomas and Robert suck Arpad's cock until he ejaculates while Tibor watches through the window. Tibor finds the door and enters. The startled expression on Tomas' face when Tibor interrupts him with Arpad's cock in his mouth is comical enough to be genuine.

Joining the trio, Tibor bets that if the top card is a king, he'll suck all three off. He loses (or wins, depending on your viewpoint), and they present their erections to be sucked. The underneath footage of three hot, aroused cocks as Tibor's lips caress tender cockheads one after another is brilliant, but the overhead close-ups will make you drool at both ends—especially the one that counts. You will not see more beautiful cockheads anywhere, believe me, slick and wet as Tibor's lips caress each one in turn. All are deliciously different. Robert's blunt glans glows bright scarlet with desire. Tomas' tapered glans is light purple with a darker trigger rim. Arpad's bell-shaped beauty is rosy pink. Superb, all three.

Tomas' tongue takes the three to the summit of excitement, and two complete the job by hand to ejaculate commendable loads. Tomas doesn't cum, and the other three pick him up and put him on all fours on a low table. Tomas sucks Tibor's cock while Arpad sucks his cock and balls from behind before easing his dusky brown penis up Tibor's ass, and Robert reaches under him to play with his genitals. They turn Tomas on his back, and Tibor takes a turn at his ass while Arpad fucks his face, and Robert strokes his cock. They get Tomas so hot that he masturbates to climax with Tibor's cock still deep in his ass, and Robert's scarlet cockhead squirts a generous load on his chest. Arpad pumps a thick load on Tomas' neck while Tomas licks his scrotum.

Tibor pulls out of Tomas' ass and urges his penis to ejaculate a sea of semen. If the sight of these three cockheads didn't make you drool before, this view of Tibor's ejaculating penis will do the trick. If not, you'd better see your sex therapist!

Still not sated, the four move to a big bed, cocks still swollen, where Robert and Tomas lean on the footboard to take Arpad and Tibor up the ass in a double doggie-fuck. Robert's bubblebutt is a thing of beauty as it bounces with each thrust of Arpad's pelvis.

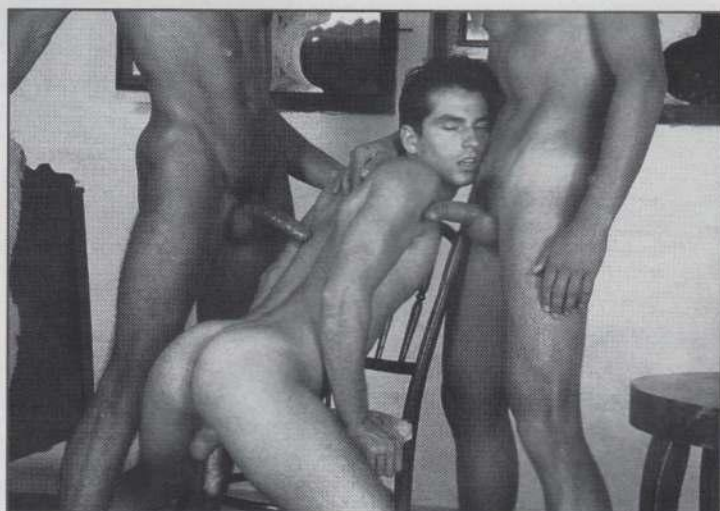

Tomas and Robert turn over and lift their legs for a double missionary fuck. As Arpad thrusts into his ass, Tomas masturbates with legs spread wide, balls bouncing in his scrotum with each quick stroke, until he ejaculates all over his chest. Arpad pulls out, and Tomas strokes his penis until he adds his sperm to Arpad's wad. Robert urges his penis to climax in response to Tibor's thrusts. As Tibor reaches orgasm, he pulls out and firmly squeezes his thick, slippery penis as he slowly pumps it to another gushing ejaculation.

Abruptly Tibor says, "Akos!" and leaps out of bed. Pulling on his pants, he says, "I have to find Akos," as he leaves. Tomas says, "Who's Akos?" and the three look inquisitively at one another.

Tibor jumps in his car and continues his search for Akos. He stops at the village and walks along the lane calling Akos' name. He finds Akos' undershirt hanging on Rezso's fence where he left it. Near the house, he finds Akos raking the yard. As he apologizes to Akos, Rezso appears and says, "Go ahead—kiss him." He does, and Rezso kisses them both then quickly unbuttons Tibor's pants. As Tibor and Akos kiss, Rezso sucks Tibor's cock and strokes Akos' erection. Rezso, cock vertical, sucks both Tibor and Akos in turn as they kiss. A rooster crows as Rezso sucks both cockheads together. Then Tibor and Akos lay Rezso on a table. Akos sucks his cock, and Tibor joins in. Akos licks Rezso's scrotum as Tibor sucks his cock until Rezso squirts sperm on Tibor's cheek while Tibor nuzzles the base of his shaft. Tibor lays Rezso in a missionary fuck as Akos kisses him, licks his nipples and pumps his penis.

Akos follows Tibor as he walks naked to the porch, penis stiff. Akos sucks Tibor's cock while Rezso rims Akos. Rezso slides his hard cock between Akos' buns as Akos sucks Tibor's cock. Akos' lips get Tibor so hot that thick ribbons of semen stream from his cockslit as he firmly milks his penis to orgasm. Akos ejaculates while Rezso plows his ass. Rezso pulls out, yanks his rubber off with a snap and sprays cum before pumping the rest of his sperm over Akos' butt. Together, the three naked young satyrs walk arm in arm across the field for an idyllic ending to an idyllic story.

In Kristen Bjorn's *Hungary for Men*, his third erotic adventure in Eastern Europe, he has hit his stride and gone into high gear. It has everything. A genuinely touching, romantic story line ties the sexual episodes together. Lighting is flawless. Videography is

brilliant, artistically composed, right on target. Bjorn's images brilliantly capture that supreme moment of ultimate sexual fulfillment as one of nature's greatest miracles unfolds for his camera, and a fountain of living sperm spurts from the gaping slit of a glistening glans bursting with erotic tension. The cast is appealing, well-muscled but not beefy, smooth or with just a sprinkling of body hair, all young and handsome but with their teenage innocence well behind them. They know what they want in man-to-man sex, and they know how to get—and give—it. Most of the cast, uncircumcised except for Tomas Kruc, appeared in either *The Vampire of Budapest* or *Comrades in Arms*, or both. Newcomers are Ferenc Botos and Robert Domotor, both worthy additions to Bjorn's stable of uncut Eastern European hunks. But for me, the standout in the cast is Tibor Mokany. Drop-dead beautiful, perfect body, little body hair, and, oh! What a cock! The first close-ups, in the flashback sequence at the beginning of the video, beautiful as they are, don't prepare you for the action close-ups later in the story. My heart almost stops when Tibor clutches his shaft, and his wet, bulging glans slides in and out of his foreskin as he slowly urges a flood of semen from his cockslit in that glorious ultimate moment of orgasm. Incredibly beautiful!

Bjorn has overcome the inhibitions of these horny young studs. There isn't a noticeable case of the limp-dick syndrome in *Hungary for Men*. The bottom partners manage to maintain

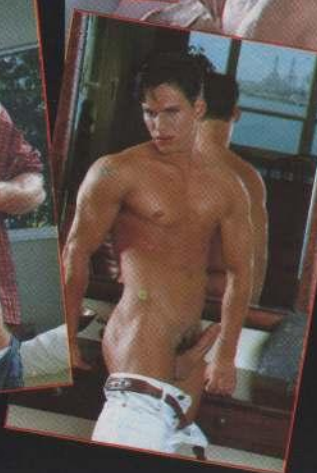

convincing erections while being plowed, and produce commendable cum-shots. They stay rigidly erect while giving head. They ejaculate copiously, sometimes explosively. Bjorn recognizes the truth in the old saying that giving pleasure is more enjoyable than receiving it, and, in several situations, he directs his actors to masturbate their partners to climax. They really seem to enjoy having sex with one another.

English subtitles translate some of the well-recorded Magyar dialogue—in several cases it would have been fun to know just what they were saying, but I doubt that it would have enhanced the story enough to be worth the cost. The romantic soundtrack by François Girard couldn't be better.

In summary, *Hungary for Men* is Bjorn's masterpiece. It merits five stars on all counts. Get it.

PARISIAN

PLUMBING

Donald was his name, as I later found out. It wasn't the name which drew me to him, it was the easy way he had of talking, his sheer masculinity; he was assured in his maleness. When he talked, he made you feel that he was speaking to you and no one else.

I first saw Donald sitting at a cafe table. The cafe was unimpressive, one of hundreds you find off the main tourist areas of Paris. He was sitting with four others; I sat alone nearby and watched. Thankfully, no French was being spoken, or I would not have been able to follow their conversation. Donald and his friends were having a high old time, laughing and joking with one another. They all looked to be in their mid-30s, self-confident and assured, and they obviously knew how to enjoy themselves. I kept watch and sipped my beer. They might've thought that they were safe: Speaking English, few people, if anyone, would be able to understand them—except I am English, and not only understood them, but was thrilled to hear of their nighttime exploits.

My beer sank lower in the glass. I needed to order another if I was to continue to enjoy their company. Here was a chance to let them know I understood their sexploits of the night before—not only understood, but approved of their fun and games with various men. I called loudly to the waiter in English to bring me another beer. All five men looked my way; I felt suddenly embarrassed and extremely happy all at once. My plan, if you could call it that, had worked. For the first time, I saw all their faces: two men with blond hair, one slightly Italian-looking man with a wicked grin, one with what I think Americans call the preppie look, and Donald, the only

black man there, looking long and hard at me. I had to think of a line in order to engage them. My mind went blank. When that happens, I tend to say the dumbest things.

"How do you find Parisian plumbing?" I blurted.

They completely fell over, laughing. Here was a complete stranger asking them about plumbing in the middle of Paris. If I was embarrassed before, I was now mortified. Auto-pilot took over: I took out my cellular phone, flipped open the receiver and said, "Beam me up, Scottie, and put me down in Buckinghamshire."

Donald moved toward me, after lifting a nearby chair and placing it in their circle.

"Don't you go anywhere," he said. "You come sit right here. We need you." Need me? For what? My mind worked overtime with images of Donald's black arms around me, encasing me, the two of us standing as one and turning, turning and, finally, falling together through space with nothing to break our embrace.

I rather unsteadily took the seat I'd been offered. Introductions were made amid much chatter. More drinks and much more conversation followed. I sat admiring Donald, whom they called Don. He was smartly dressed and so intelligent, he could talk on almost any subject. They all talked so much, my head began to swim. We English tend not to compete in conversation, and these guys were jousting with words, each trying to outdo the other, all in a

STORY BY G. ALLEN

ILLUSTRATED BY LEON

very friendly manner. They had attended college together, and some of them had roomed together, so their intimacy was evident. They were masters of not making me feel that I was an outsider; I was instantly one of them.

When they talked about sex, there was no self-consciousness, no bitching, just the retelling of men they'd met, stories of men wanting to enjoy one another. Eventually, the conversation centered on foreskins and how many foreskins each member of our party had encountered on this European vacation. They described in detail how the foreskins of their sex partners varied, from ones that fully covered the head even when erect to the tight ones that are better to retract before sex takes place. They were fascinated by how much foreskins differed, how they felt to the touch, how they smelled, how much more movement there was to an uncut cock as compared to its cut brother, how you didn't need to lubricate an uncut cock to bring a man to a shuddering climax. I naturally assumed none of them possessed a foreskin or they would not have been so fascinated by them. For myself, the owner of a fully functioning foreskin, it was hard to share their excitement of being in Europe where the norm is to have an intact cock. All this uninhibited sexual talk had me rigid in my trousers, or was it the beer having an effect? One thing was for sure: The beer was working, and I needed to piss.

"Where is the rest room?" I asked as I stood up.

"It's through there," Donald said, gesturing toward the doorway on the left side of the cafe. I found the loo and eagerly took out my cock, hoping I could piss through a sizable hard-on. I gently squeezed the head through the slippery 'skin to make things softer, or no piss was going to flow.

"Don't do that, it looks wonderful the way it is," a voice over my left shoulder said. It was Donald. He moved alongside me. The sound of his lowering zipper echoed in the tiny space. Out came a magnificent, hot cock. The head reflected light from the ceiling bulb, there was obvious precum smeared all round his glans. My cock stiffened again, straining against my foreskin, which was beginning to peel back to expose the eye. My cock bobbed upward and began to appear from beyond folds of 'skin, with the 'skin unfolding, tightening till it was smooth and taut against the rim of my cockhead. It shone with precum just as Donald's had. Donald reached over and took hold of me. He grasped me firmly in his right hand and slowly moved his hand forward, forcing the 'skin up and over the head again. I sighed.

"Now we have seen what's in the candy store," he said, "so there's no hurry to eat." We left the confines of the men's room still needing to piss—and knowing it was impossible as long as thoughts of sex filled our minds. We rejoined the group and made plans for the evening to come.

Gay bars and clubs in Paris aren't very exciting compared to London. Although I have been to America, I have never visited gay venues so I can not compare them. But from what my new friends said, Paris was very tame. Nonetheless, we ate, drank and exhausted our life histories. The four other guys were very good company, even though they all kept an eye open for available men—of which there seemed an unlimited supply passing right by our table. Donald remain my faithful companion, the anticipation of what would follow for the two of us almost made it impossible to speak. Eventually neither of us could wait any longer; we said our goodbyes and headed to Donald's hotel.

At the hotel, Donald now took charge of the situation: He knew

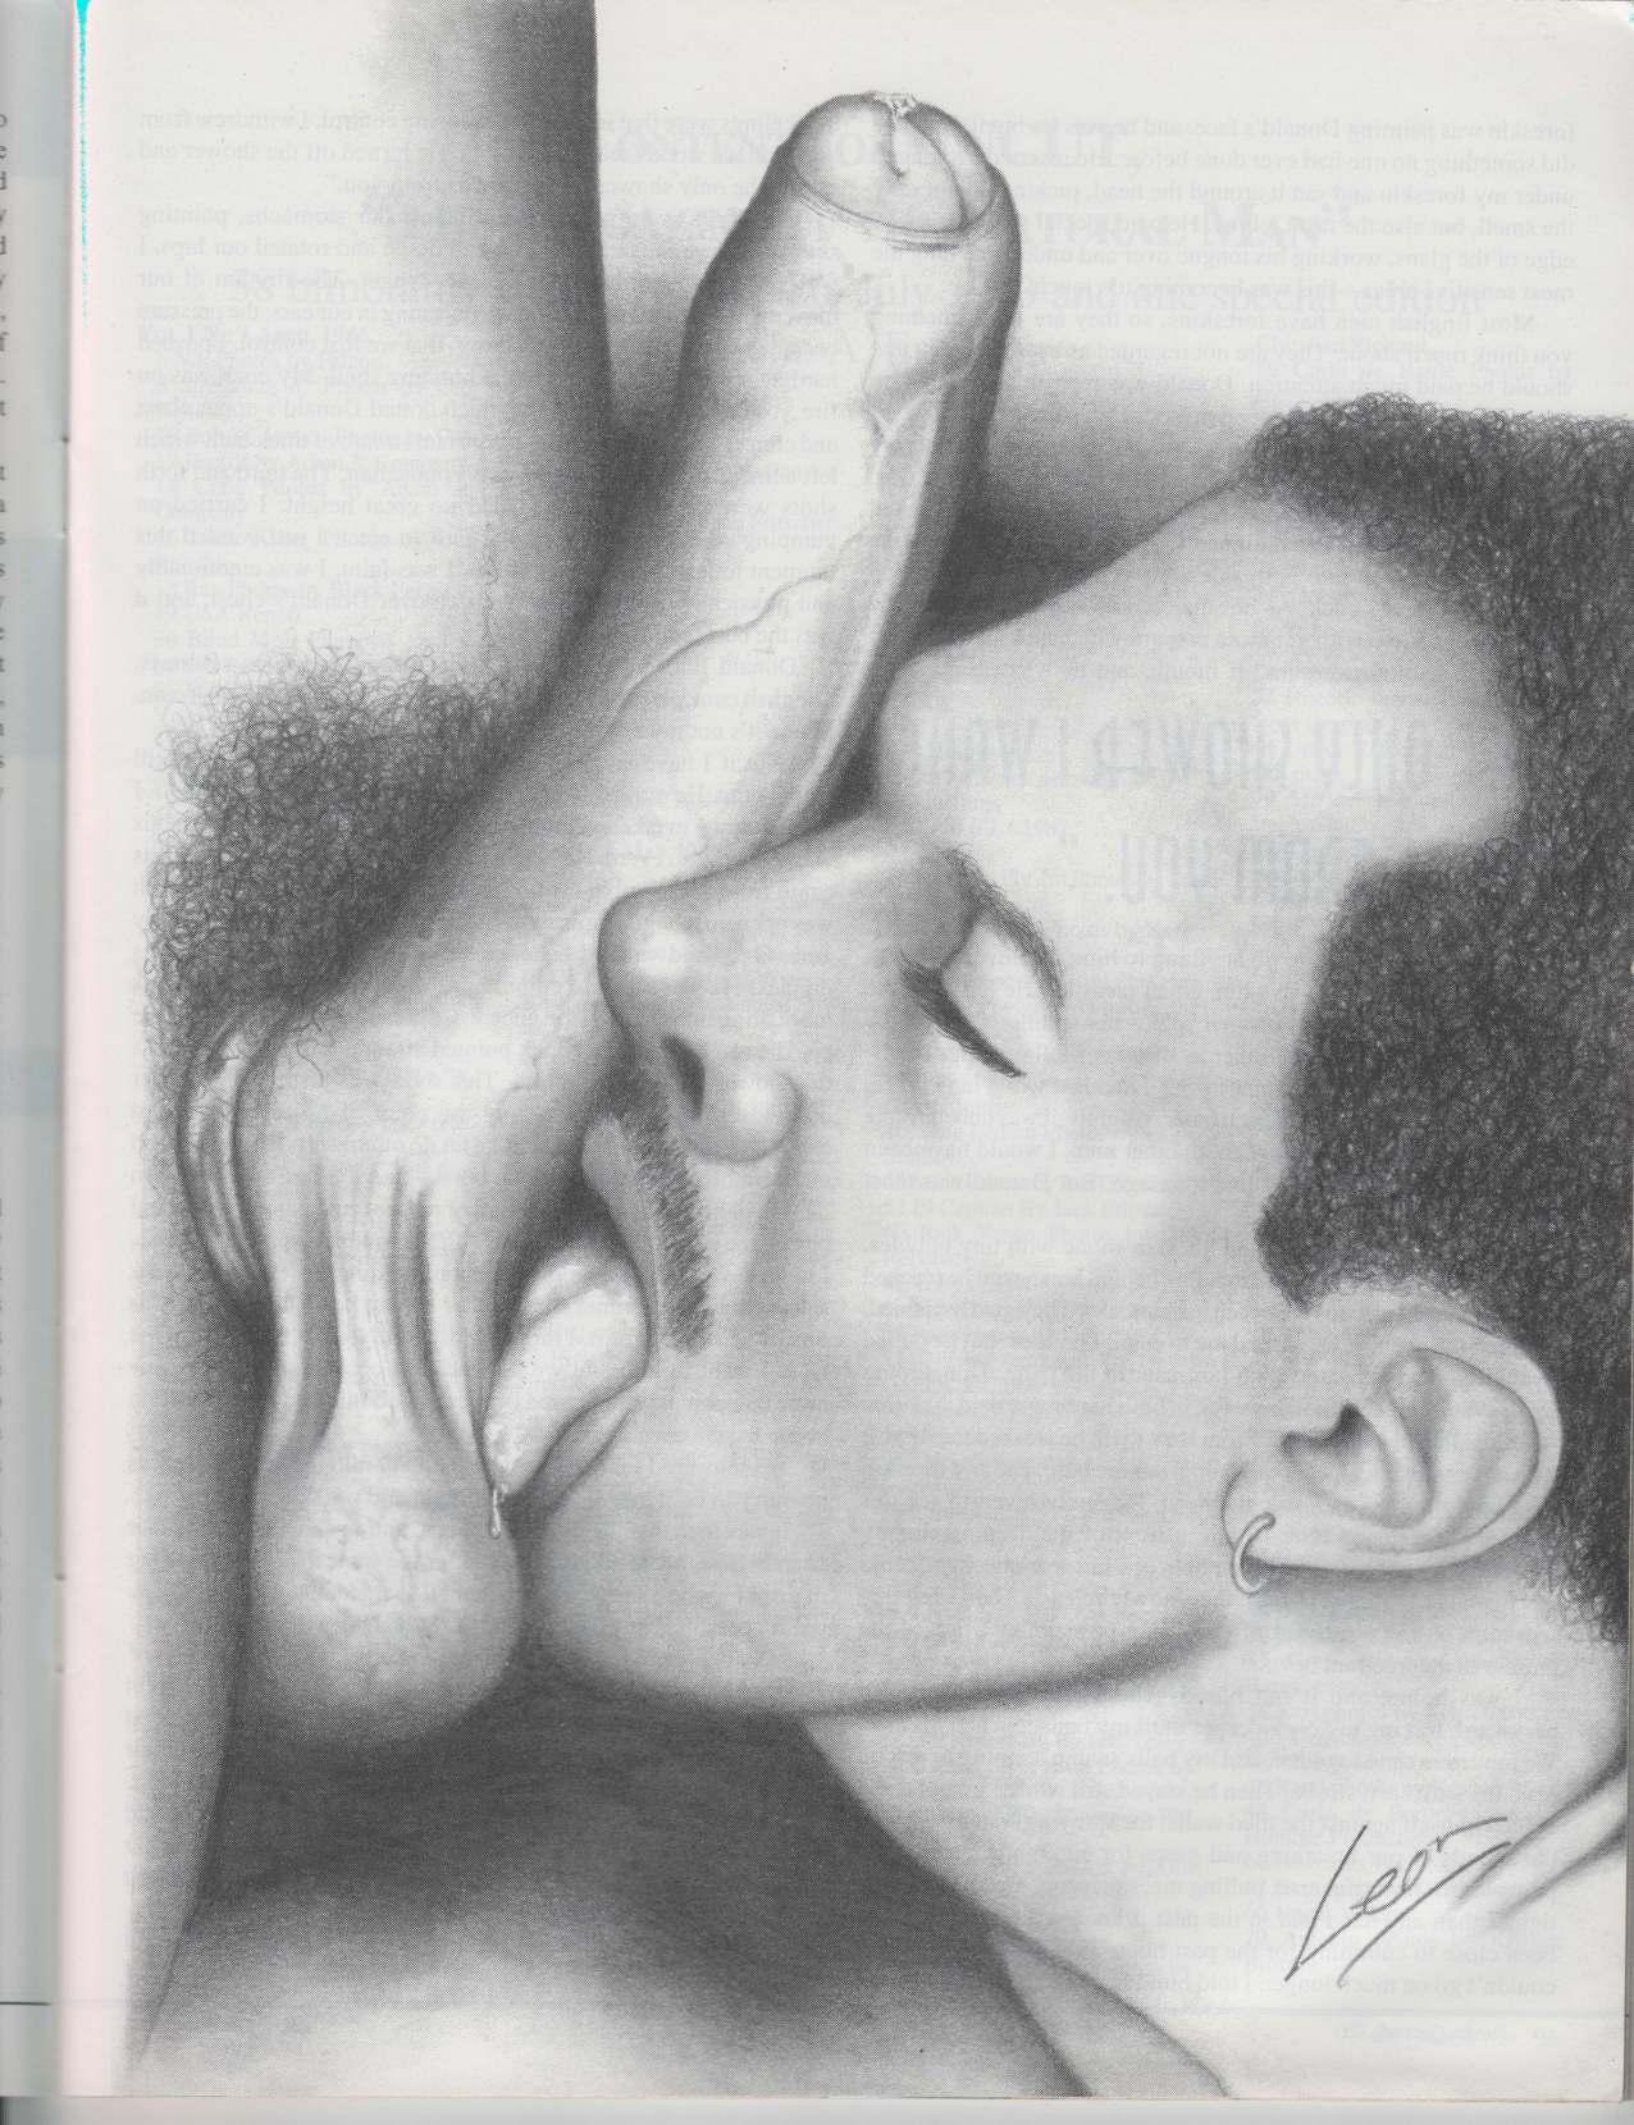

exactly what he wanted, and he wanted me. He felt and smelled so good it make my head swim, the English phrase "sex on legs" came to mind. Without knowing it, I was almost naked; he skillfully had me out of my shirt, and he was running his hands delicately over my hairless chest, playfully teasing my nipples between thumb and forefinger. My trousers silently hit the floor, and I stood there in my white cotton briefs. I more than filled them with my aching cock, painfully straining to be freed. I could feel the growing circle of dampness which showed clearly in the fabric over my cockhead. Donald went no further, he wanted me exposed but not naked, not naked yet.

I reached toward him and found his cock pressed hard against his stomach. I loosened his clothing as he stood motionless, like a mannequin. I undressed him down to his underwear. I loved his legs, so firm, so smooth. I stood behind him and brought my arms around his shoulders. I played with his nipples. They were already erect, yet they stiffened more. Hard and firm, they resisted the pressure of my fingers; Donald moaned, and his breath escaped past my left ear. Its warmth caused a shudder to run down my body, which made me grip his nipples even harder. His hand moved down to his shorts, and he pushed the waistband lower. Out sprang his cock; he sighed again. Still pressing myself against his arse, my bulge slotted into the cleft of his now-exposed bum.

DONALD WAS REWRITING THE BOOK ON FORESKIN PLEASURE.

He turned around and stroked himself rhythmically. His hand moved in short strokes—when they reached his cockhead, they caused enough pressure to make it enlarge even more. His cocks slit grew red and moist. He stepped out of his shorts and was magnificently naked. I loved the shape and form of his cock. It was a cut cock, which did not surprise me as I had already seen it in the toilet. I had assumed virtually all Americans to be cut. It was no longer than mine but it was thicker, and the veins stood out as the blood filled his tool and made it rigid. The forcefulness of the veins were a visual reminder of his urgency.

I wanted be as free and naked as he was, but he stopped me from removing my underwear. He wanted to do this last act for me. He made me stand while he dropped to his knees. He mouthed through the cotton all around my balls, turning them with his tongue and mouth, slowly nibbling them and making me squirm and move my hips in pleasure. Very soon, my precum stain was lost by the wetness of his licking. His nose pushed and moved my cock, his hot breath making me even hotter. It was like a sauna inside my briefs, and I wanted to be free of them. He finally took down my briefs, and my cock loomed forward, free at last, landing against his cheek. He moved it nearer his nose, sucking in air and my male smells, his eyes closed in sheer bliss. All this time, he massaged my balls, turning them slowly in his hands, making me moan with pleasure and anticipated excitement about a new sexual partner. My oozing cockhead had left a trail of wetness around his nose and mouth. My

Leon

foreskin was painting Donald's face, and he was loving it. Then he did something no one had ever done before: He inserted his tongue under my foreskin and ran it around the head, picking up not only the smell, but also the taste, of me. He paid special attention to the edge of the glans, working his tongue over and under, reaching the most sensitive areas—this was becoming too much.

Most English men have foreskins, so they are not something you think much about. They are not regarded as a sensual area that should be paid much attention. Donald was rewriting the book on foreskin pleasure. How I stopped myself from cumming, I'll never know. The building sensations grew stronger and stronger with every movement of his tongue. He was clearly into this as much as I was. At last, he gently drew back my well-lubricated 'skin until it rested behind the glans, and he continued to lick. He licked beneath the head, working deep into both sides of the frenulum, finishing up with the eye of my cock. As he squeezed up from the base of my cock, the eye filled with yet more precum which he sucked gladly.

Donald had taken me in his mouth, and he wanted more. He

"THE ONLY SHOWER I WANT NOW IS FROM YOU."

never gave me a chance to do anything to him; whatever he did to pleasure me, it seemed, gave him equal pleasure. He led us to the shower. The ancient pipes banged, and water spluttered out of the shower head. We held each other as the water fell over our heads. This was very close to the image of us I had had while in the cafe, except for the water. We held each other so tightly, it was unbelievable that neither of us had cum yet. With other men, I would have been on the "I'll give you a call" line long ago. But Donald was most certainly different.

We soaped one another, and his skin shone with tiny bubbles. He pulled me closer, and I was standing behind him again; he reached for my cock and placed it between his buttocks. They gently yielded, and I felt the opening he wished me to enter. I pressed, but he pulled away. His hand appeared with lubricant in the palm. Donald was doing everything. He took my cock in both hands and paid attention to getting the lube all over it. From base to tip he worked the lube; it felt cool and magical. He pulled up from the base, and my foreskin effortlessly ran up and over the head. He really loved to see this happen. He resumed his position in front of me, leaning slightly forward. I repositioned my cock between his arse-cheeks; I could feel his muscle tighten at first, then slowly release. Then I felt that sensation on my cockhead of encircling pressure as I passed the muscle to the freedom beyond.

I was home, and it felt bloody wonderful. Donald moved backward, forcing my cock deeper until my balls touched his arse. We moved in time together, and my balls swung, coming to rest on his buns with each stroke. Then he stayed still while I pumped. He braced himself against the tiled walls; the spraying water adding to the sounds of our breathing and gasps for air. While I rested, he pumped that beautiful arse, pulling me, squeezing me, gripping me tighter than any hand had in the past. I knew I was close—I had been close to cumming for the past hour. This kind of a workout couldn't go on much longer. I told him I had to cum or I would die,

the feelings were that intense. I was losing control. I withdrew from him, and we stood facing each other. He turned off the shower and said, "The only shower I want now is from you."

Our cocks were pressed flat against our stomachs, pointing skyward as we moved gently up and down and rotated our hips. I was close and couldn't hold out any longer. The rhythm of our movement was in time to the heavy pulsating in our ears; the pressure became so intense, so overpowering, that we lost control. I pushed hard against him and came like a bursting shell. My cock was on fire, it spat out a spray of cum which dotted Donald's upper chest and chin. The second shot was a constant stream of thick cum which left a line from his right nipple to his pubic hair. The third and fourth shots were plentiful, but reached no great height. I carried on pumping when there was no cum left to eject. I just wanted this moment to last forever. I was high, I was faint, I was emotionally and physically drained. I had cum all over Donald's chest, and it was the best feeling in the world.

Donald licked the cum off his chin and tasted its saltiness. "English cum," he said. "It tastes mighty fine, my first English cum. I hope it's not my last."

"Not if I have anything to do with it," I replied. Donald still hadn't cum. He moved away from me and began stroking himself. I made a move to take over this task, but he signaled me not to—this was to be a solo event. He began to breathe deeper, sighs and moans came from deep within his body. His eyes were closed, his mouth was open, his tongue moistened his lips and reached for more of my cum. One hand worked his cock while the other played with his nipples. He was close to cumming; I could feel his heat. He was lubricating himself, and the juice was spreading all over that purple cockhead. His engorged cock pointed straight at me. I was across the shower stall watching him. This show was just for me. Closer and closer, he was approaching the point of no return. Then it happened. One final pump, and he let go of himself. His cock stood out from his body, looking fit to burst—and it did. Cum flew from the eye of his cock. It was a stream of red-hot cum, shooting out and hitting me a good three feet away. It took me by complete surprise. I have never seen a man cum without holding his cock. His cock spasmed a second time, and another stream headed my way. This time, I was ready for it. I moved closer and took it squarely on the face. I went to him and we hugged. His cock pumped out some more cum, but it was encased between our bodies. My own erection began to rise once again.

We showered for real this time then got into the bed. There was no hurry to do it again, we had all night and possibly longer.

It was then that the door burst open, and in came Donald's four friends. They were all much worse for the wear from their evening of drinking and chasing French men. It seemed that they were none too successful. They asked us what we had been doing.

"Checking out the Parisian plumbing," we replied.

They teased us about this being our wedding night. When Donald revealed the fact that I am uncut, the guys went overboard and wanted a look. I was not giving a free show to anyone, so I deflected their requests by mentioning that I had encountered very few cut cocks. They needed no further coaxing to drop their pants. Four guys stood naked from the waist down at the foot of our bed. These guys thought foreskins varied? They should've taken a look at the sample of cut cocks they were providing.

The rest of the night was great fun, but that will have to wait till another time.

Bear Sex Party

**Starring Jack Radcliffe and Jim Coleman
with Buster, Dave West, Geoffrey Madisen,
Jarrod Grant, Mike Brandon, and Rick Ellington
Produced by Brush Creek Media**

What happens when eight horny men get together? You don't really need to use too much imagination, these bears will show you. When Jim discovers that Mike has a huge foreskin, nothing can keep him away from it, not even all of the other guys who want it. Watch these eight hairy, homo men cavort in and out of bed. I give it two woodies.

Eight horny men, with only the slimmest excuse—"Oh, you missed your flight."—find themselves in an apartment with a large bed and lots of floor space—which they use to its fullest.

Cocksucking, rimming, a bit of fucking and even some dildo play are interspersed with fondling, kissing, foreskin-chewing and almost every other kind of sex you can imagine. These guys do it all.

Director Steve Landess puts these men through their paces while the camera picks up the obvious chemistry between them. While a lot of porn videos show sucking and fucking, very few of them let the viewer feel that the

Mike Brandon, one of the stars of *Bear Sex Party*.

Mike's foreskin is prominently displayed throughout the film.

"actors" are really getting into one another and having a good time.

Watching *Bear Sex Party*, you get the feeling that when the director said, "Cut!" the actors didn't stop what they were doing. If you only buy one video this season, make it *Bear Sex Party*.

Available for \$59.95 from Brush Creek Media, 1-800-234-3877.

The Art of Myles Antony

While surfing the Internet one day, we happened upon Myles Antony's World Wide Web page. After cleaning the cum off of the keyboard, we downloaded a few images and called the artist. Antony then sent us some of his art work so that we could share it with you.

Antony has broken barriers with his bold watercolor portraits—an almost forgotten art form. The colors he uses, the delicate lines, the soft-focus imagery and highlighting of detail give his paintings character and vision. As a result, he has built up an enviable reputation in this field. Keenly observed figures are sometimes depicted in isolation, sometimes with gently appropriate backgrounds. His work has a deceptively simple look to it which, at first glance, belies the attention to detail given to each drawing. The paintings are, at times, daring, sometimes amusing—but always warm and human. They have been described as “lushly romantic paintings of young men.”

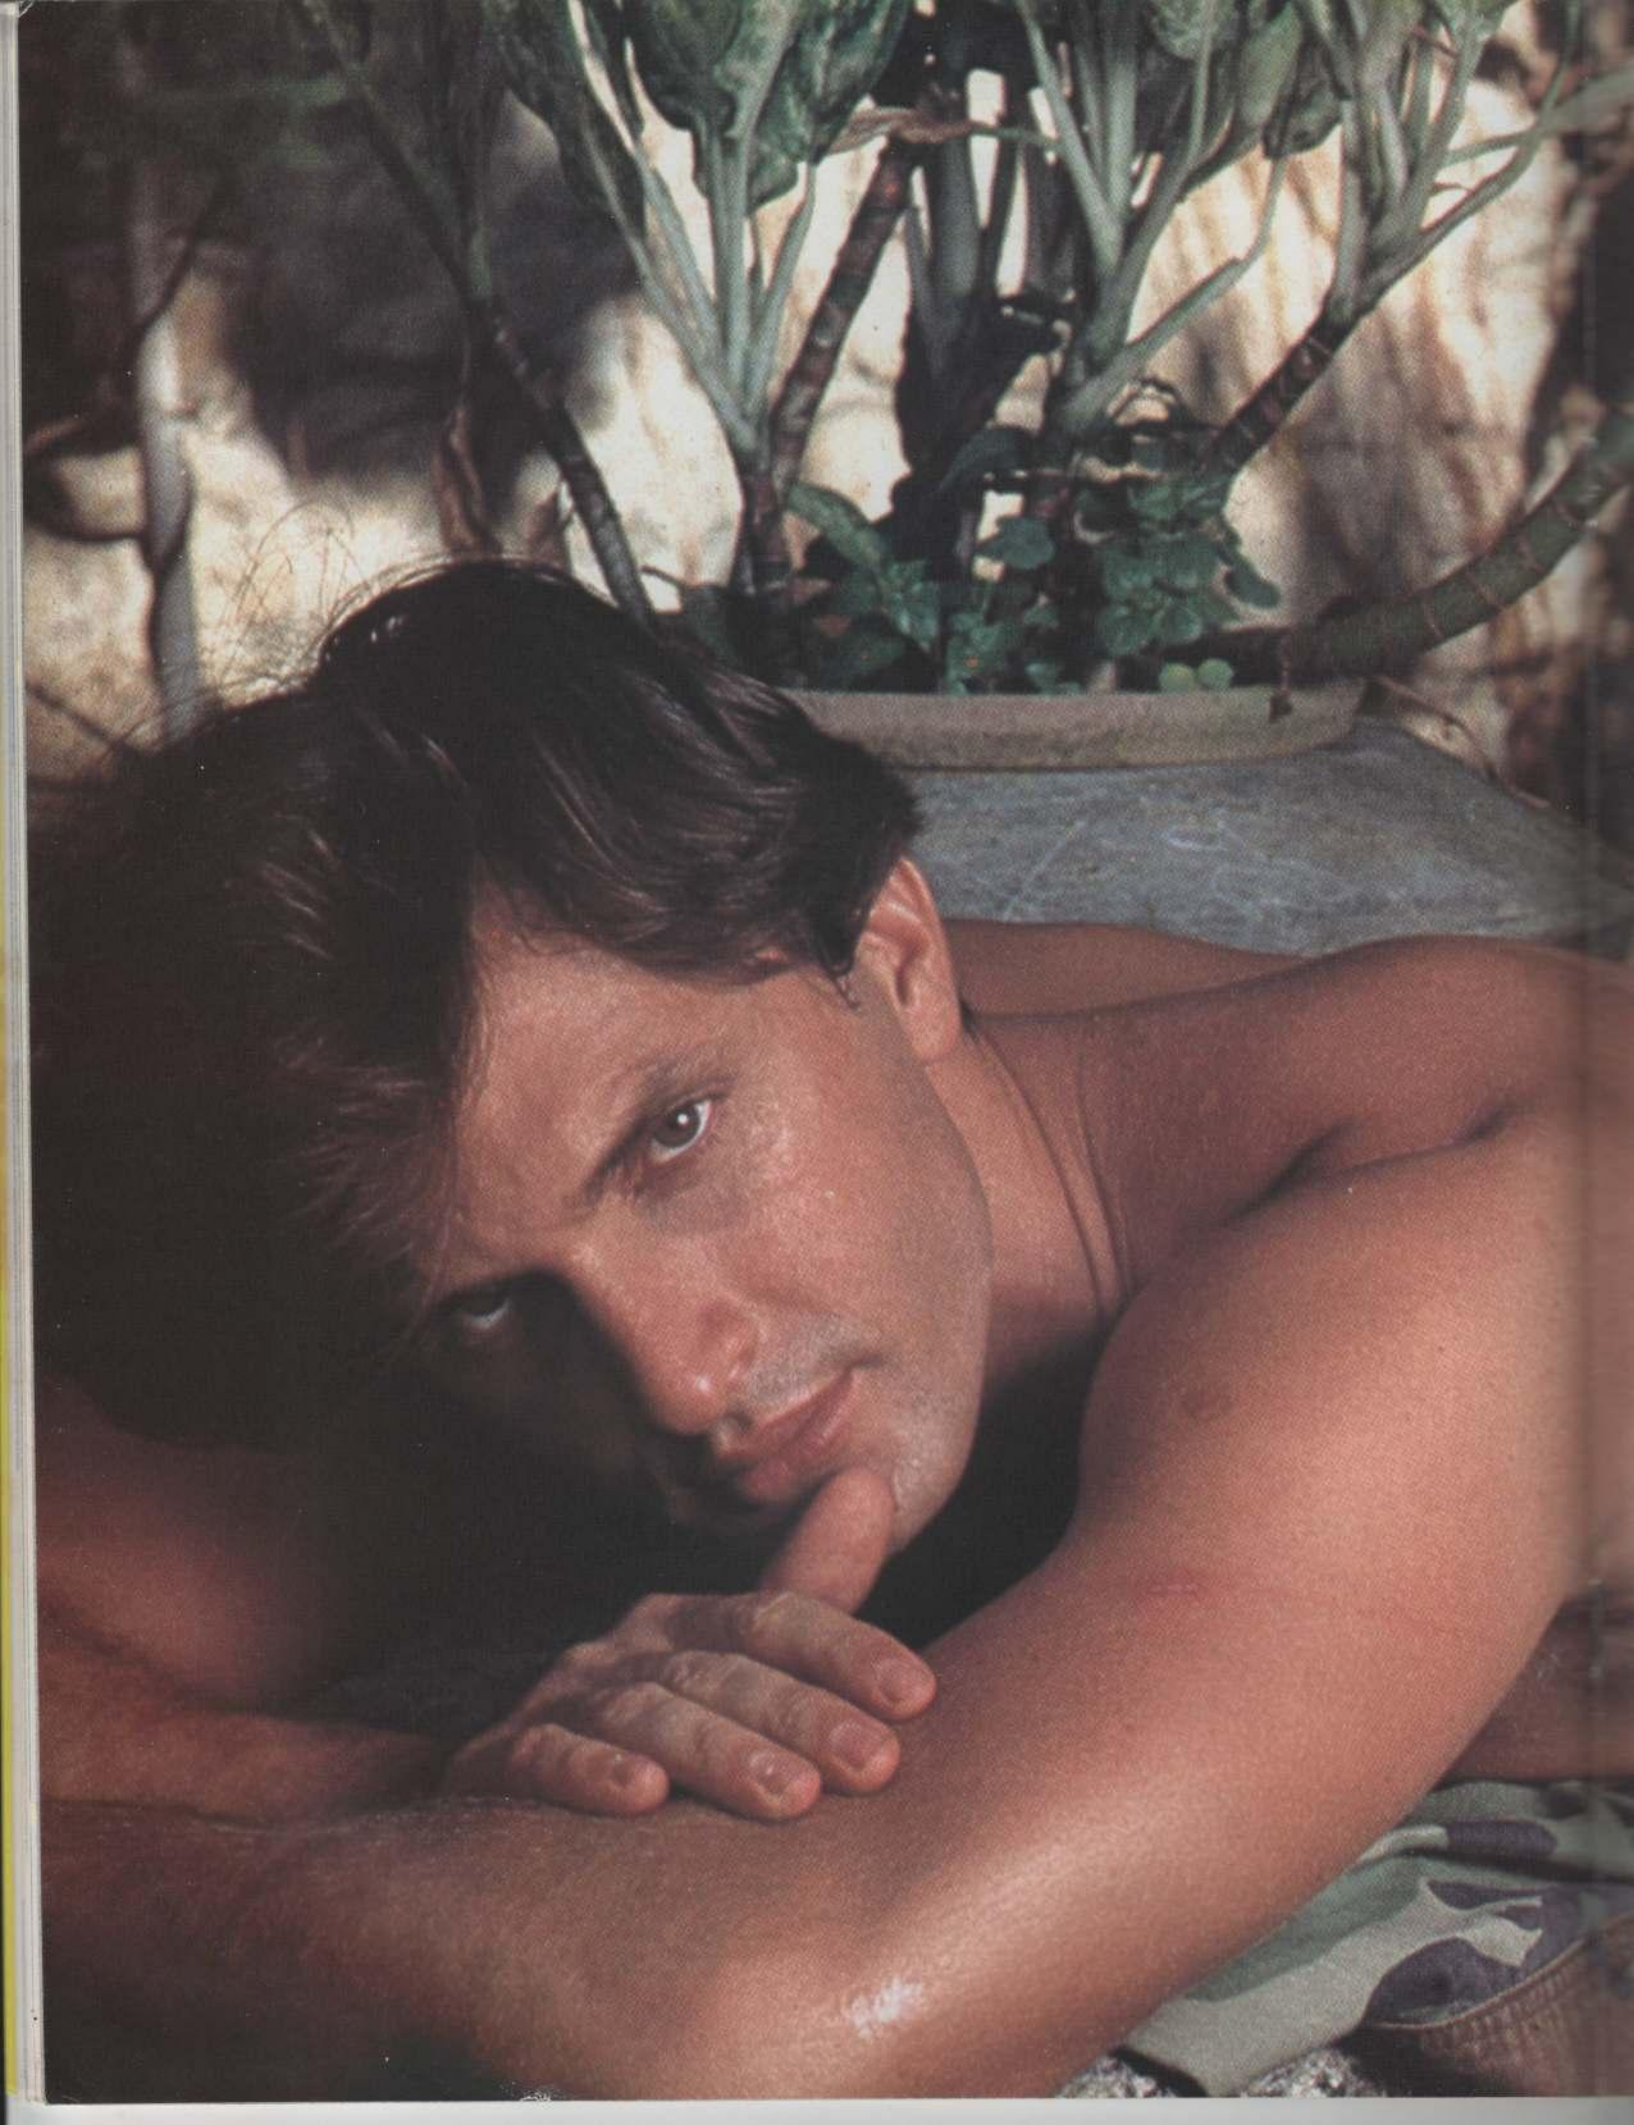

Antony was born in Dublin, Ireland, where he studied under the noted Irish painter Fergus O’Ryan. Antony then completed his studies in London. He worked for several years in commercial graphic design. Recently he held a one-man exhibition at the world-famous Rob Gallery in Amsterdam and the Royal Hibernian Academy,

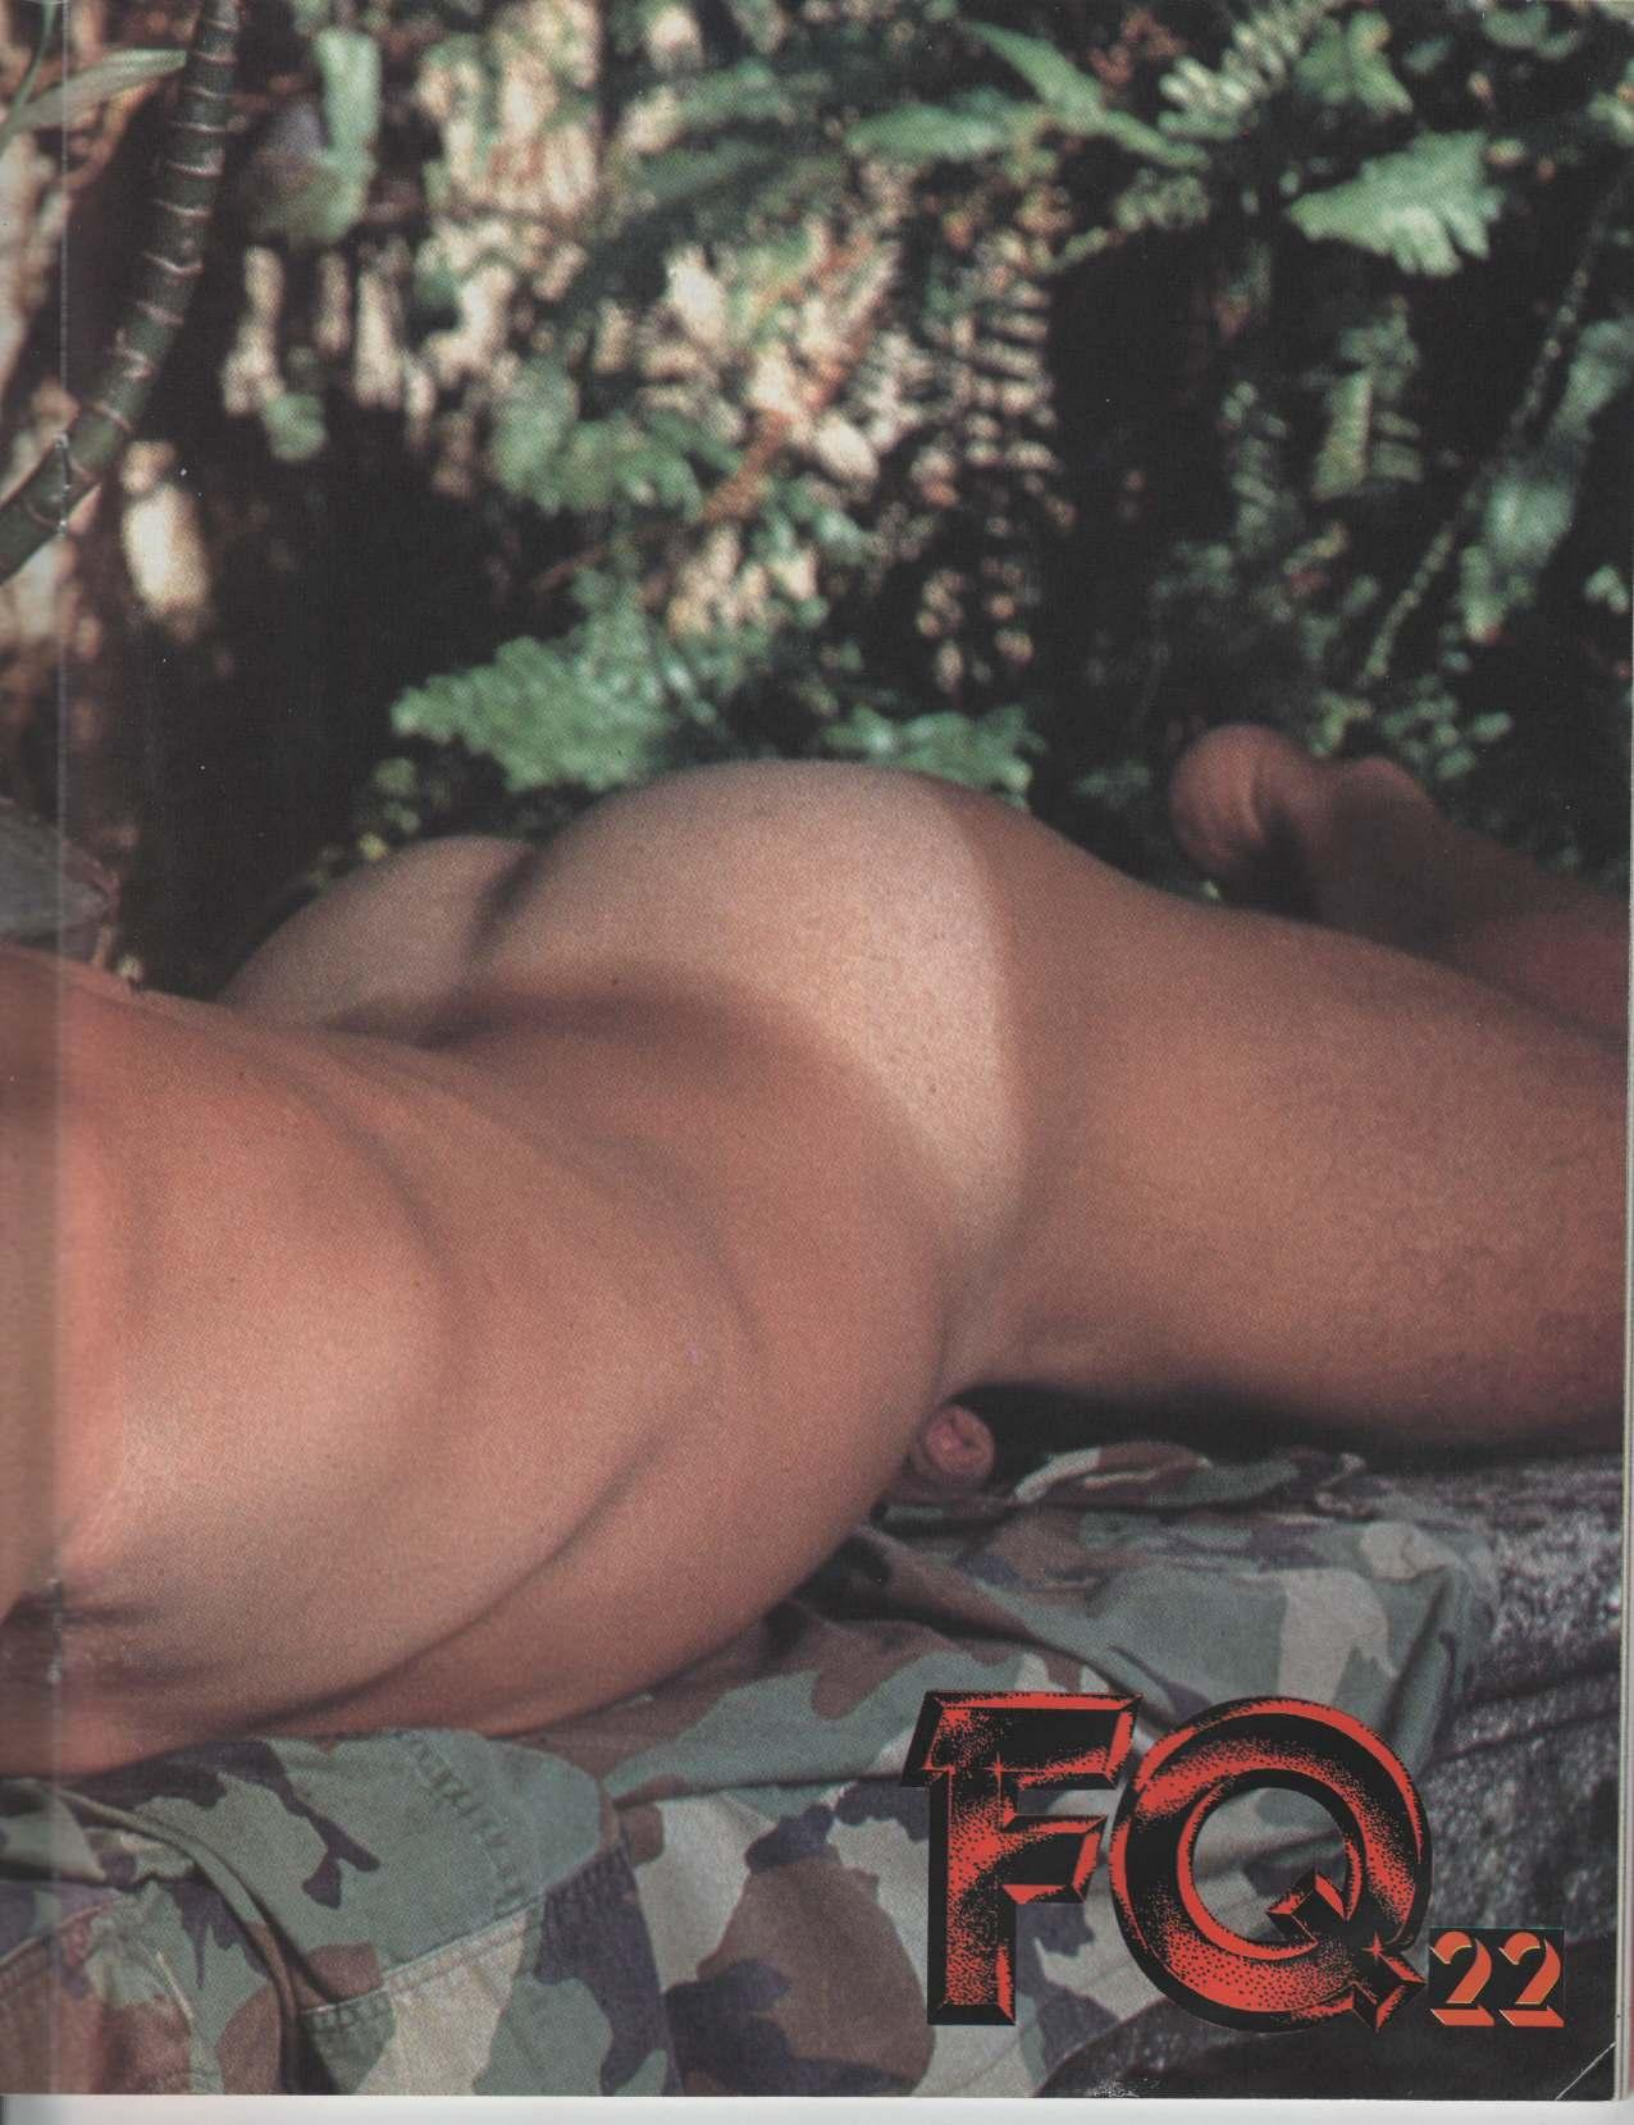

and has work displayed in the Tom of Finland Gallery in Los Angeles.

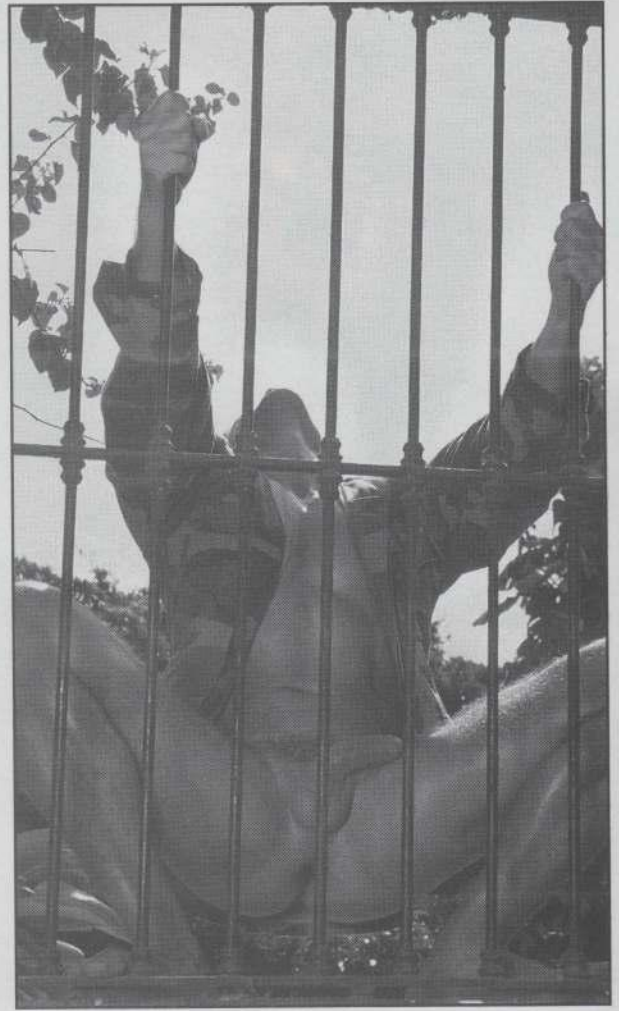

Antony sells originals with prices ranging from £95 to £195. (Yes, that means you must have your checks drawn in Pounds Sterling, and send them to England.) He also sells some really great greeting card sets.

You can see more of his work at his Web page, <http://freedom.co.uk/myles>. For more information about Antony and his art work, write to him at PO Box 4087, London, W9 2WQ, England.

BRIDESHEAD OF FRANKENSTEIN REVISITED

BY JACK FRITSCHER
ART BY DADE/URSUS

Sebastian, that certain summer, I found intolerable, scooping up uncut "boys" with a net along the Bavarian strand. The young men liked Sebastian's naturally muscular body as much as his decadent blond good looks, and his dollars *American*. We, Sebastian and I, were in a slow drag becoming undestined as lovers. "It's still the same old story... as time goes by." We were 'Skinners. Our foreskins had brought us together, but the handwriting was on the wall. Strange smegma was on the sheets.

For myself, I preferred the company of Anne Rice's *Beauty Trilogy* as well as that of the minister's handsome son, an overheated and under-ventilated classic blond boy of 18 who relieved his sexual tension through meditation and intense gymnastics. We had met, Dieter and I, eyes first, across the small tables of an outdoor cafe. Something in the breeze, perhaps the sweet smell wafting from the cheese inside his blond foreskin, or was it his dazzle in the noon light, caused me to raise my glance from *Beauty's* frolics.

The sea, wind, and blue sky combined into a sudden explosion of sunburst blondness. His hair raised in the gust of breeze and fell perfectly back in place. *Very Deco!* He smiled and dropped his hand from his sweating glass of Perrier down to his naked thigh. He smiled again. I set my marker in *Beauty* and smiled back. He knew I was the companion of the infamous Sebastian and *that* knowledge made him, if not bold, then daring.

Sebastian at last was good for something.

Dieter moved his hand up his thigh, rubbing it across his white nylon athletic shorts, dropping the concave palm of his strong gymnast hands over the big convex cup of his cock and balls, groping himself, adroitly, for just a moment. He pulled the nylon shorts so tight I could see the transparent outline of his cock.

He was uncut.

Even his face was the confident face of an uncut male.

I'd spied not just the size of his dick, but a clear outline of his large nipple of foreskin wrinkled, folded, and long as a sausage

sleeve tied off with two inches to spare.

My own 9-inch cock hardened. I shivered with uncontrollable pleasure as my cockhead mushroomed out through my tight foreskin that rolled back and down my shaft like an O-ring on a sky-bound Shuttle. Tight 'skin. I like it. I got it. I wondered about the minister's son. How tight is the foreskin of a cherub?

I sipped the last of my Bavarian coffee.

Oh God. Ohgodogodogod!

A bead of sweat, bright as a crystal, formed in the cleft of his strong blond chin, caught the sun, glistened and dropped to the top of the channel between his lean hard pecs. The tip of my tongue grew dry and hard. I could tell he appreciated the subtle sensuality as the sweat-bead, slower than slow motion, micrometered down his chest, stopping for an even instant in a direct horizontal line between his sweet brown tits, themselves small and sculpted and aching with virgin hunger.

His chest and tensely lean torso were not hairy, yet he was not smooth. His pecs, belly, forearms, and legs were downed with the babyest of blond hair, enough to catch the sun, adding to his physique an aura of gold. He was an angel skimming the ground. He sat motionless. My cock strained hard in my shorts. My foreskin felt tight as a rubber band around my shaft. I sucked in the smell of my smegma packed in under the corona of my cock.

I wanted him, with my hands gripped tight in his babyblond hair, to teethe the cheese from my cock.

I wanted him. I wanted to suckle on his foreskin, sipping its hidden juices and clots of blond *fromage*.

He drew a breath. On purpose, he drew a breath, dislodging from between his pecs, the bead of sweat that slowly rolled down the maze-way of his gymnast-carved abs, not straight down, but following the hard-flexed muscle groups, left, then right, like a silver pinball. I imagined buttons on his slender hips that flipped flippers. I wanted to shoot the bead of sweat back up his torso,

hitting his nipples, scoring points, lights flashing, bells dinging, with the same concentrated intensity a champion pinballer passionately keeps his silver ball in play.

I must have looked like a fool standing on my own tongue. When the sweat bead reached his navel, it dropped in, stopped, stayed. He smiled and flexed his washboard belly popping the bead up and free, rolling down toward the band of his shorts. I dreaded its absorption into the white nylon.

He was even better than I thought. At the last possible moment, as the sweat rolled to his waist, he pulled his hand from his crotch. He fingered into the waistband and triangled it opened and the sweat bead ran down, disappearing into the almost visible blond bush growing around his big jock cock. He flipped his finger, snapping the waistband closed like a slingshot, and for the first time, he opened his mouth and laughed the deep laugh that comes from loaded stud teenage bullballs.

I will never love anyone as much as I loved him that moment. If my whole life ever flashes before my eyes, I hope the film gets stuck on that one frame: where the blond muscular boy laughed as the bead of hot sweat ran down the length of his 10-inch cock. He had everything. Even *that*: a big dick. Blond. Blue-eyed. Built. Sweet-natured. Innocent. And a 10-inch cock. Two inches more than Sebastian, I might add, and one inch more than me.

Was I in luck, in love, or w-h-u-u-t?

There is only one sin in life. When a Bavarian Methodist minister's muscular son invites you to suck his big blond uncut 10-inch cock, and you will not do it. Me? I'm no sinner. "This could be heaven," the Eagles sang on *Hotel California*, "this could be hell." I was going down on that boy. I was going to swallow him till his foreskin came out my asshole.

With all due respect to the genius of Anne Rice, I dropped her *Beauty* for his. He was the perfect blond Aryan youth who sang "Tomorrow Belongs to Me" in *Cabaret*. He was the lean-muscled ideal Dr. Frankenfurter sang about in *Rocky Horror Picture Show*: "In just seven days, I'll make you a man!" He was the perfect, sculpted blond the Marines put on recruiting posters.

And he hadn't been around the block. He had an innocence. He was not one of the village boys who worked the beaches and hotels where the likes of Thomas Mann and Tennessee Williams once spoiled them with too much of everything, making them mercenary, hard, and liars. I was tired of rough-trade German and Bavarian boys force-feeding me the cheese pastry from their thick European foreskins.

I wanted the minister's tasty son.

I wanted his fresh innocence.

I wanted his innocence to give rebirth to mine.

The only hitch was Sebastian. He wanted whatever I wanted more than he wanted what he wanted. Ever since that bed-and-breakfast night we spent in a freezing castle in Transylvania, Sebastian had turned into the bride of Frankenstein. You know how some gay guys are; they latch onto a schtick and can't let go, repeating the same act or the same catch phrase like, "See how you are," or, worse, "Thank you," a million times a day as an answer to no matter what you say.

Just so Sebastian. He was a film queen. He'd forced me through a truly gross week at the Cannes Film Festival. I saw more films than I wanted to, and Sebastian saw none. He spent the week cruising like a human mattress up and down the sand, Galois in one hand, champagne bottle in the other. No matter what happened to us, or

who we were with, or what was the conversation, he continuously spouted non-sequiturs: "Just like Susan Hayward in *I Want to Live*," or, "How Bette Davis!"

"Transylvania" was his latest affectation. Why he identified with Elsa Lanchester, the female monster, and not with the male, puzzled me. Sebastian was masculine enough. At least on the outside. Through the chatty haze of his martinis, he thought he was terribly clever as, without realizing it, he was driving me farther away. Our summer tour had been meant to bring us closer together. It took Transylvania to make me realize I hated Sebastian.

"You and this preacher's kid haven't a chance. You're just Sandra Dee in *A Summer Place*. And he's Troy Donahue, and I want his foreskin." He sipped his 1,000th martini. "We agreed what was mine was yours and what was yours was mine."

"Here's a new word, Sebastian. *Disagreement*."

"You so piss me off."

"You're so easy to piss off. You're a queen."

"You're a cocksucker."

"Better a cocksucker than a queen. When I get up off my knees, you're still a queen."

That didn't end the argument, but it ended the conversation.

"Here's your hat," he said. "Don't let the door hit you when you leave."

"You're a real shit-psyche," I said.

"I don't need to be a psychic shit to know where you're going."

I sped our rented Peugeot through the village streets, heading to Dieter's house, the parsonage and school, where he lived with his mother and father and three younger brothers, who I knew, would make returning to this village every summer for the next six years, a delight.

I drove, remembering that first day at the outdoor cafe, how it had happened, how Dieter had stood up at his table and stretched his full body in the blinding sun. His dick and balls hung transparent in his white nylon running shorts. He was hard. He winked at me. I rose from my chair, forgetting *Beauty* on the table, and walked toward him. His beauty grew with each step nearer. My hard cock made me drag my leg like one of Jerry's Kids.

He put out his hand to me. I took it. His gymnast palm was cool and calloused from working the parallel bars. His grip was firm. Not rough. Not soft. Just right. He smelled the sweet smell of young men who have not yet begun the long menu of grownup poisons and addictions.

He smelled, his strongest smell, after the first sweaty waft from his hairy blond armpits, of smegma. He held my hand long after the handshake ended, and then, right there in front of God and everybody, he placed my hand on his hard cock, guiding my fingers to his 2-inch foreskin on his 10-inch cock, stretching it between my thumb and index finger.

"It's all yours," he said.

Back in Kansas City, we always laughed about the "PKs," the Preacher's Kids who were wilder than anybody else in town. I was about to find the same thing in *Zeider bei der See*, Bavaria.

He led me from the cafe to the ancient stone gymnasium, built in the 14th century, with his father's present high-vaulted church set upon its foundation at the turn of this century. Fantasy and charm.

"No one uses it anymore. Just me. And, sometimes, my brothers."

He smiled making me imagine him taking his younger brothers one by one to the cellar gym for a workout on the rings and the

“Then I give you my cock. Suck my foreskin.”

“We are brothers,” he said, “under the ’skin.”

No shit, Sherlock!

I drove the Peugeot quietly up the drive heading to the back of the church where I knew the door to the gym would be unlatched and he would be waiting for me, sweaty from his workout, his hungry uncut cock arching up, wanting service.

He stood naked under a single light next to the parallel bars. He said nothing. His eyes spoke all. I moved closer. He turned, placed his chalked hands and taped wrists on the shoulder-high wooden bars, and, without so much as the tiniest jump from his feet, lifted his whole body using only his arms.

The movement tightened the definition of his muscles.

He was hard as a rock and he was rockhard.

He held his position. I knew mine. I crawled between the bars and knelt below him, my face a foot under his Thuringer cock which stood out and up 45-degrees above the horizontal. He did not move. I leaned forward and sucked his toes, first one, then all of them, licking the salt-sweet soles of his feet and tonguing his hard heels. His strength was amazing.

I leaned up and opened my mouth, wanting his foreskin-cock reigning above me. He began to do

parallel bars, naked, always nude, their growing young dicks flopping on turns and tumbles, all four brothers with matching thick foreskins they’d strip back after their workouts, exhausted, to let the sweaty heads of their cocks breathe, laughing, dipping their fingers into their foreskins and feeding each other their steaming headcheese like chip dip. Once he had tied together all four ’skins, his and his three brothers, wrapping them with rawhide and making them play tug-of-war. “So they will grow up to be men,” he said, “tough as their foreskins.”

Uncut!

Uncut!

Uncut!

The way Sebastian wanted the uncut versions of movies, I wanted the uncut version of males. That’s why he was a bride, and I was a groom, born to groom uncut dick, groom uncut horse dick.

Some men are lucky enough to know that their destiny, their purpose in living, lies hidden in the tight foreskins of young men.

I know me. Dieter recognized me. He saw my face. His foreskin twitched. He knew me for the true-blue ’Skinner I was.

slow dips, lowering his shoulders down almost to where his hands gripped the bars. He raised his legs at the knee behind him and crossed his feet. Each dip brushed the tip of his ’skin across my face, going down, going up. He lavished me with his tube of ’skin, teasing me.

“Give me your innocence,” I begged.

He laughed, as well he should have. “Then I give you my cock.” He dropped slowly to the floor. “Suck my foreskin.”

I pulled the 2-inch tube to my nose and breathed in its heady aroma. I stretched the ’skin open and fit it tube-tight around my nose, snorkling deep inside the clean, cheesy darkness, snorting like a pig for truffles of smegma. Big young meat always tops itself with clots of melting cheese. His aroma was so sweet and strong, I almost hyperventilated.

“You will eat it now,” he said. His voice was sweet but commanding.

I let go of his foreskin. It closed down tight. Its iris-eye stared me straight in the face. Its folds wrapped in soft flesh rings around the huge head of his hidden cock. A long strand of clear gleet drooled

from the iris. He took hold of the 'skin and stretched the two inches to three, then four.

"It is big, yes? Bigger than you imagined? I have trained it. I have disciplined it."

He put his calloused hands on his long, thick shaft, and stripped the foreskin back, slow, slow, so slow, slow as the most expert 'Skinner. The big lip suctioned back down over his mushroom cockhead. Its rosy blond crown shined with 'skin juice. His smell was clean, dirty, athletic, angelic. My tongue hardened in my mouth and parted through my lips like an MX missile exiting its silo. I sucked his piss slit. I sucked his head, cleaning the boy out. He kept his fist wrapped tight below the corona of the head.

"Eat it," he said. "All of it." His passion made him fierce. "*Fresse dich!*"

I vacuumed his dickhead into my mouth. I beat my own meat, sticking its licentious head out though my own foreskin. Maybe Sebastian had been right about putting down the minister's son. "Probably a neo-Nazi pervert tease." Dieter definitely wasn't that. He was merely an over-sexed village boy with a 10-inch cock and a 2-inch foreskin who liked games he could only play with tourists.

"Kneel closer. Open wide." He said it and he smiled. He mounted the parallel bars once more, raising himself effortlessly using only his arms. His strong lean pecs striated. His pink nipples hardened. The light down of gold boyhair on his body glistened with sweat. As he rose on his magnificent arms, his dick passed my waiting mouth. I almost went for it the way a suckerfish dives for the biggest worm. The kid was tasty, we'd say back in Kansas. He liked to take things slow and easy. He knew the world. He wanted no part of the fast lane, not even on the Bavarian Autobahn. He knew how to savor a moment. We knew we had no more than three times together. My Lufthansa ticket was waiting. We wanted them to count.

Stretched tall above me, held aloft by his arms, he smiled down at me. "I want to kiss you, but from here I can't. Keep your mouth open."

I obeyed.

He worked his rosy cheeks back and forth, his blue eyes shining. He parted his lips and let loose a long strand of gossamer drool start its slow descent from his mouth to mine. No nectar, no champagne, no sacred wine ever tasted better than his spit. I swallowed his juice into me the way I had cleaned the cheese from his foreskin. I know it's become unfashionable and unsafe since, but, back that summer, sex wasn't sex without exchange of bodily fluids. We partied foreskin to buttock.

I hated Sebastian. He was cynical but he was right about vacation romance. Somewhere in the world some radio station was playing Percy Faith's "A Summer Place," as Dieter began the first of his long slow dips aiming his hard cock deep into my mouth. He was strong

as an engine, pistoning his rod deep into my throat.

He made me part of his gymnastics routine.

Rising, pulling his 10-inch cock from my mouth. Lowering, driving his cock deep past my choke point. Starting slowly. Picking up steam. Like a locomotive. Great hard iron wheels slowly moving, driven by the long lateral rods that turn them faster and faster. He picked up the clip of his dips. Sweat poured from his face, his chest, his hairy blond armpits, ran in rivers down to the spout of his cock. Salt-sweat burned my eyes, my throat.

He was what I wanted. He was what I got.

I dove onto his cock, sucked him down tight in my throat, held him captive, pulling on his cock against his strong arms, a tug of war, until he let me win, and dropped to his feet. He took my hair in both his hands and pulled my head back freeing his cock. I gasped for air. His foreskin slipped up tight around his 10-inch cock.

"Now," he said, not letting go of my hair, holding my head in place.

His tight foreskin became the nozzle on a firehose. The long yellow stream blasted my face with all the hyper-force of piss shot through the hose of a total hard-on. His hot wet hardly quenched my fire. He aimed straight for my mouth, and, stilling streaming, rammed his cock down my throat. He was pulsating, near to cumming. My own cock threatened to cum before he did, and, if it shot, I did not know if I could still handle the force of a very young man determined to throat-fuck me silly.

He yanked my hair, pulling my nose deep into his sweet groin. He was soaked with sweat. I was soaked with piss. He held me in place, and rammed. Rammed. Rammed his cock deep into me. I could feel his foreskin slip and slide over his cock in my mouth.

He began groaning. He was close to cumming, and just as I thought he would choke me to death with his huge load of sperm, he pulled out, quickly gripped the tip of his huge foreskin, jerked his cock three times in rapid succession, moaning, grinding his teeth, cumming, not in me, but inside his foreskin. The 'skin ballooned full of his huge dripping load.

"Drink," he said.

I moved in tight next to his foreskin. His fingers released the first sweet taste. I took my cock in my hand.

"Suck my cum from my foreskin," he said.

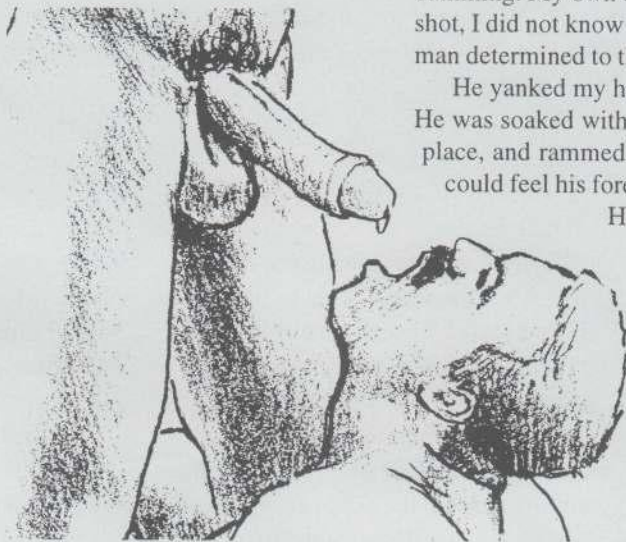

I put my mouth to the iris eye pinched between his fingers. I put my lips around the cum-balloon of his 2-inch 'skin. His fingers were in my mouth. And then they weren't. He released his grip and the whole thick white gelatinous load of his cum, condoned in his foreskin, spilled like burning lava into my mouth. I worked it cheek to cheek, staring up at his great beauty, beating my dick.

"Swallow," he said. "Swallow and cum."

His was an easy order to follow. I swallowed his million clots of seed and shot my own all over his beautifully formed feet, shouting, "Oh, God, Dieter, I'll love you forever! Forever! I will!"

"There you are, you bitch!" The shock was operatic. Abrupt. And very Transylvanian! Sebastian entered the room voice first, fangs second. "*Forever*, for your info, ends with a 9 o'clock flight tonight."

Now I know why hand guns should be outlawed, ones with silver bullets, to kill the monster bitch Bride of Frankenstein who sits next to me, holding our remote control.

If your focus is that sexy overhang covering the head of his cock, then *Foreskin Quarterly* is for you. Inside, you'll find erotic fiction, photos, news and personal ads—all of it by and about natural, uncut men and their admirers. In fact, if you like cock, you'll love *FQ*.

**LETTERS TO THE EDITOR
& TO THE READERS OF**

Dear FQ,

Just letting you know how much I enjoy your magazine (just got *FQ* issue 21 today). I love uncut cock, and your magazine is the *only* one I make it a point to buy.

If you're into demographics, here is what one West Coast *FQ* fan would like to see (more of): another pictorial each issue; more close-ups; a reader's photo section to show *their* skin; models wearing cockrings; pictorials should have at least one "just whipped out" photo of model's cock—soft.

Thank you for your hot magazine. Hope you soon become *FM*—*Foreskin Monthly*.

Dear Editor,

Thank you for reviewing our social issue documentary, *Whose Body, Whose Rights?* Reviewer Peter Millar seemed distressed, however, that it "lost objectivity" by including the voices of men relating their physical wounding and emotional pain from a genital alteration they did not choose. Yes, we found these men through "unscientific" harm documentation forms compiled by grassroots activists, but only because the medical community has never done formal research into infant circumcision's long-term adverse outcomes. Rather than a "misguided choice," our decision to include these men has been praised by other reviewers as a strength of the film because it puts a human face to the disfigurement and pain (not "repressed memories" as Millar asserts) that this irrational social custom brings up. These are voices with which a significant portion of *FQ's* readership will surely identify.

Director Lawrence Dillon and I did not produce *Whose Body, Whose Rights?* to be a strictly "scientific" exploration of circumcision, nor to "win the support of the medical community," to "frighten expecting parents" or even to "lead a revolution" against what Millar admits is an epidemic of male genital mutilation. We've merely reported on the revolution-in-progress by sharing the stories of men harmed by this practice. As a measure of our success in achieving this goal, your readers deserve to know that the documentary is being distributed to educational markets by a major U.S. university, it has aired on several PBS stations, and it has been acquired for national cable and satellite broadcasts. *FQ* readers wishing to obtain the program for home use and to form their own opinions about it may contact VideoFinders at 1-800-343-4727 or at 4401 Sunset Blvd., Los Angeles, CA 90027.

Sincerely,
Tim Hammond
Executive Producer, *Whose Body, Whose Rights?*

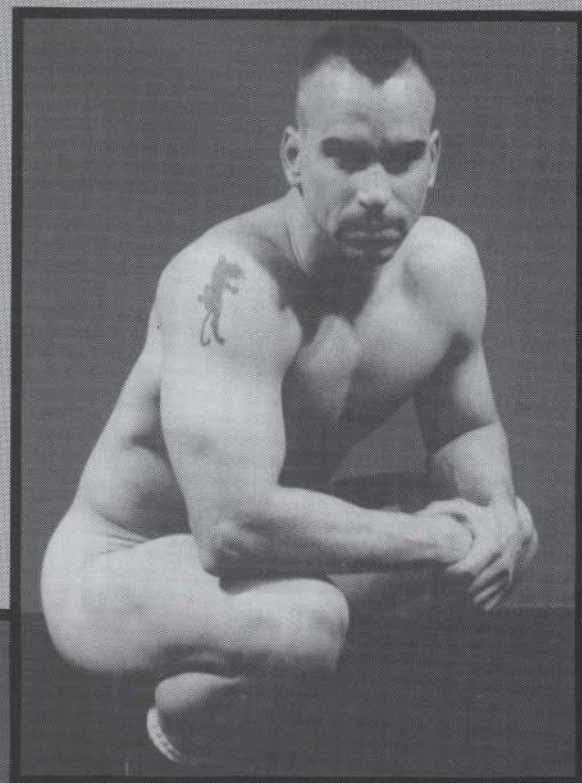

Dear FQ,

Wow, what an exciting magazine! To give you an idea of your impact, let me describe myself: I am not gay. I am a married guy who accidentally ran across *FQ* at the newsstand. I was so turned on that I subscribed.

A note to all *FQ* advertisers: Please utilize photos of "natural" guys in your ads. It makes no sense—and probably costs you business—to show photos of cut guys.

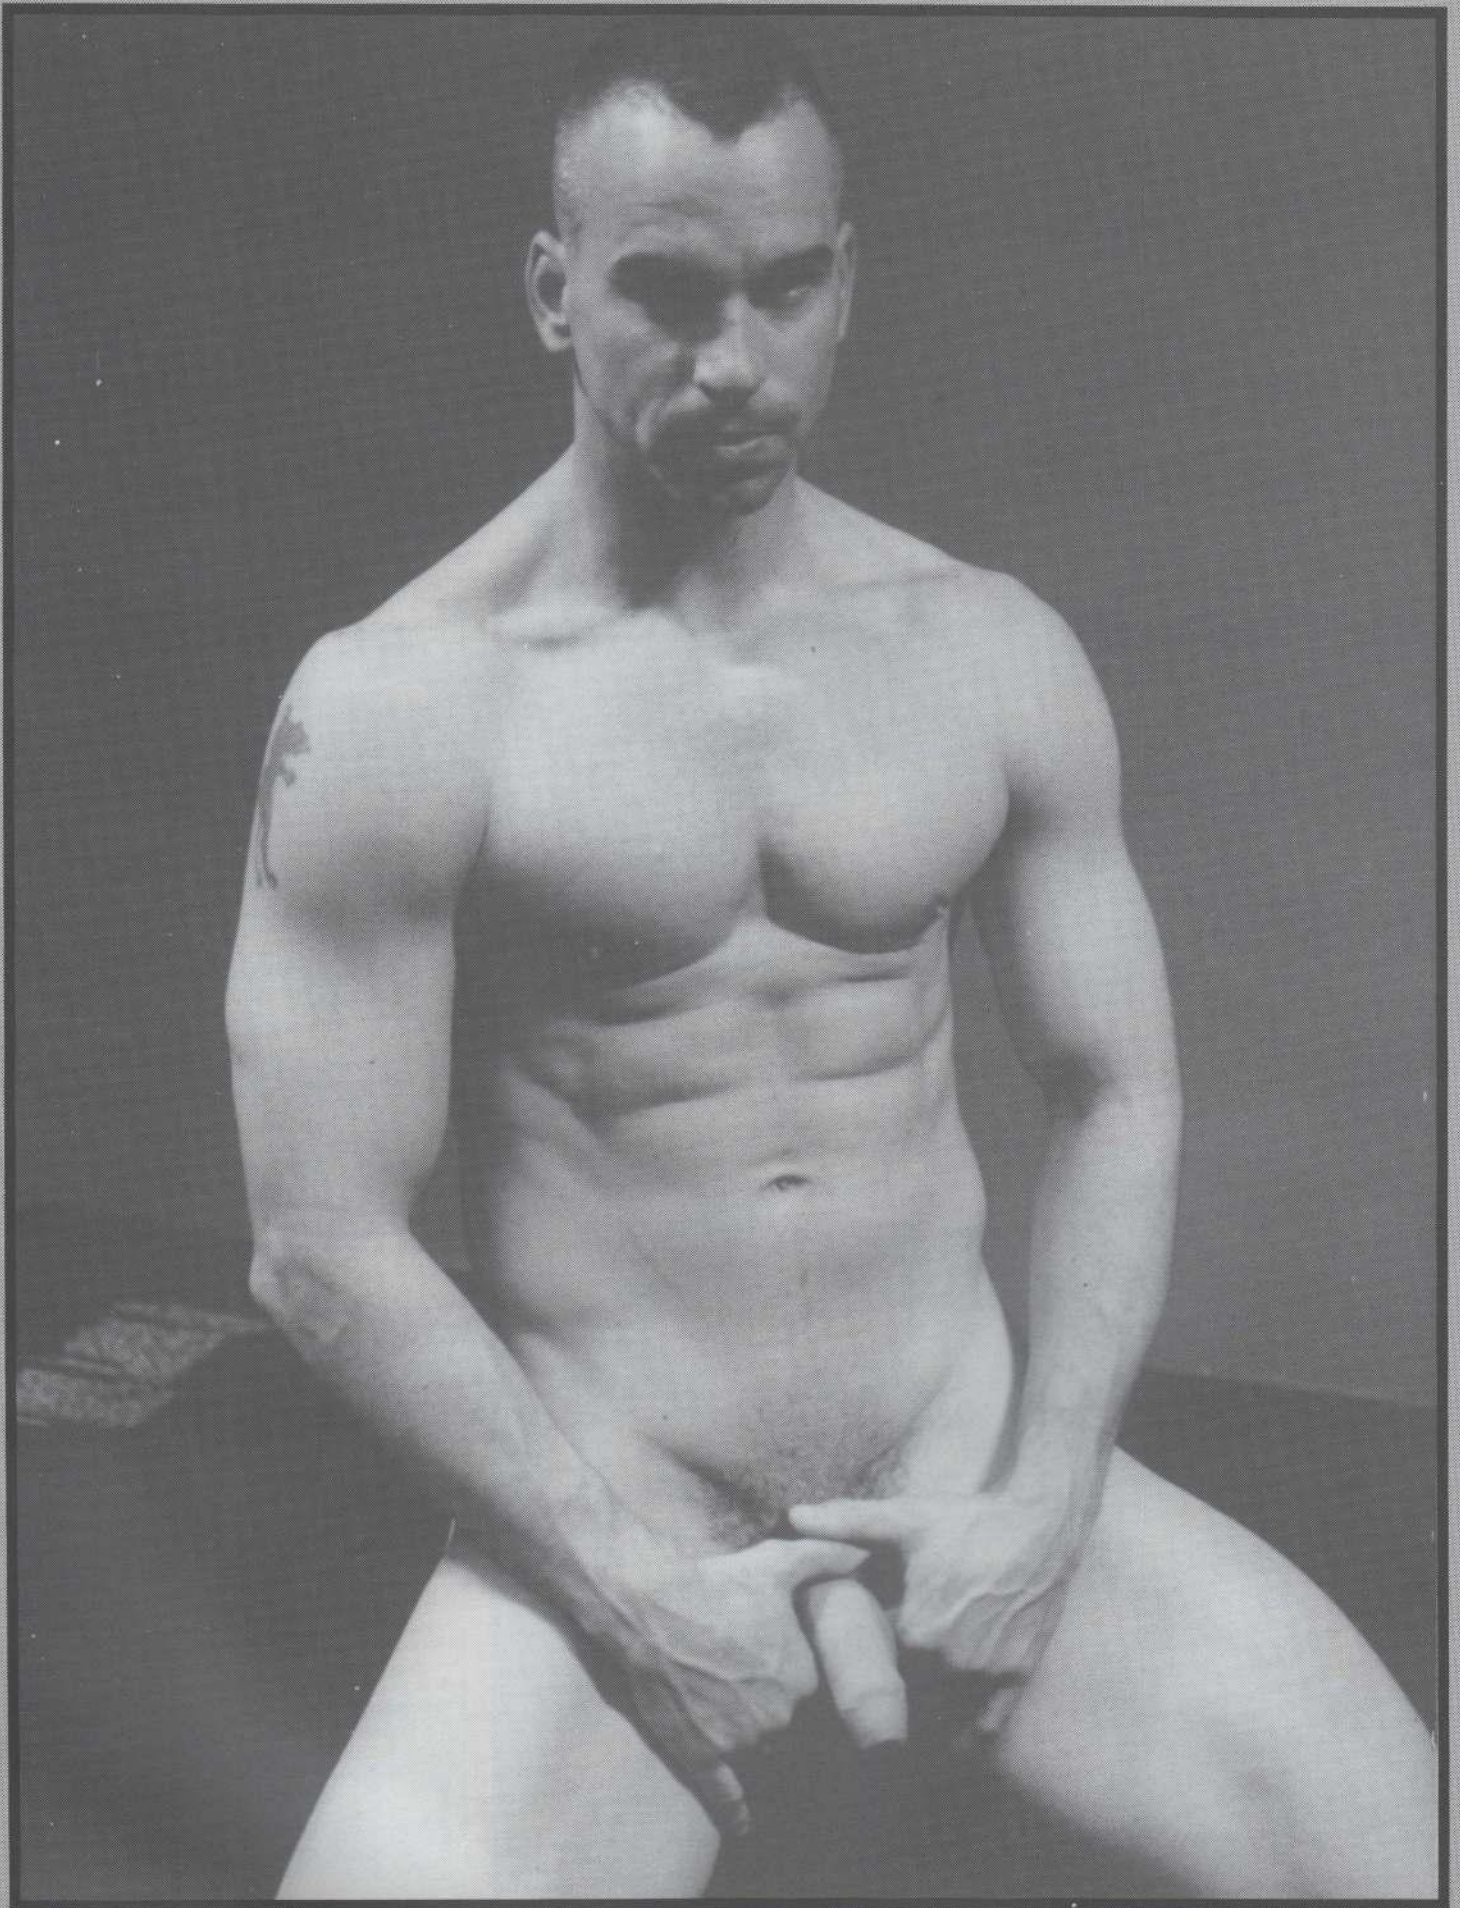

Keep up the good work!
