## SOME 'SKIN ON YOUR MIND?

Anthony Gallo stretchin' his stuff in FQ25

**Dear FQ:**

*In FQ 23, I read an article about John A. Erickson's Deeper Into Circumcision, reviewed by Scott A. McGillivray. Could you tell me how to receive this book and what the costs are?*

*Many thanks,  
A.S.*

*Munich, Germany*

You can reach John Erickson at 1664 Beach Boulevard #216, Biloxi, MS 39531-5351. He'll let you know how to get copies of his book and/or videos. (See FQ 24 for a sneak peek at his *Deeper Into Foreskin* video. It's too hot to handle!)

**Dear FQ:**

*I would like to collect videos that feature foreskin action, one on one, not solos. Unfortunately I have found many magazine reviews are not really specific and I end up renting a video with a model I know is uncut, and I am disappointed when his partner ig-*

*nores the foreskin.*

*I have all the Bel Ami, Falcon International, and Kristen Bjorn, but would like to find a list of others available that spotlight some current porn stars like Eduardo, Gio Romano, John Cruz, Dane Tarsen, Brad Stone.*

*Got any advice?*

*I can't believe I just discovered FQ. My subscription is enclosed. Please start me with issue 25!*

*Thanks,*

*J.S.*

*Novelty, OH*

You've been reading the wrong magazines! Our video reviewer is a foreskin lover to the nth degree, so he notices every detail in this area. You're definitely on the right track as far as foreskin videos are concerned. We're big fans of both Kristen Bjorn and Bel Ami, and we've also featured models from Falcon International in *FQ*. Luckily for you (and us), Peter Leko, who does our video reviews, is a veritable encyclopedia of knowledge when it comes to the subject of 'skin on film. If you have questions about specific performers, please drop him a line c/o Brush Creek Media, and we'll forward it to him.

If gloryhole sex, or merely the sight (and sound) of a cock-hungry man chowing down on massive slabs of cum-filled meat turns you on, check out Palm Drive Video's *10 Huge Uncut Dicks*. The cocksucker in this video definitely knows what to do with a foreskin, and the anonymous cocks he worships are stars in their own right! He pulls, tugs, licks, sucks and generally worships every 'skin-covered schlong lucky enough to find its way through his own private glory hole... all shot in close-up. Check it out!

*10 Huge Uncut Dicks* can be ordered through Brush Creek Media by calling 1-800-234-3877.

**Dear FQ:**

*Thanks a million for the beautiful issue (#24); especially "Foreskin Up Reel Close." I wish they were in color and also photos by Jim Monroe (Buddy). I wish your*

magazine was issued daily.

Keep up the great work!

S.Y.

Glendale, CA

We aim to please. Keep on strokin'!  
Hmm...FD: Foreskin Daily. I like that...

Dear FQ:

I received issues 24 and 25—and they are treasured publications in my library. How does one find a more perfect man than that Anthony Gallo? Eduardo has the most beautiful foreskin and manly tool ever displayed in print. The page by MAC Productions "Stretch it! Squeeze it! Milk it! Cbeese it!" is perfect for framing.

Though in the twilight years of my life, your publication brings back memories of a time long past and almost forgotten—with a crotch awakening that even amazed me.

I look forward to receiving FQ for many months to come—you are the professional in the art of publishing. Damn, you do good work!

Respectfully,

R.P.

Toledo, OH

We're glad you like the magazine so much, R.P. We agree, Anthony Gallo is definitely one of the best things to happen to porn since... well, since the invention of the cumshot! He's welcome in our pages any day, and I'm happy to report that he's one of the stars of our new foreskin video! (See page 58 in this issue). We're sleazing up the magazine a little bit. People have to be so careful about sex these days, why not let loose with a little reckless abandon on the pages of your favorite smut rag, right?

Dear FQ:

I'm an older guy who was cut at birth. At that time it was very common for white collar families to have their sons cut. It never caught on with the blue collar workers. I went to a boys-only boarding school where the vast majority of us had been cut. The boy who introduced me to sex was one of the few uncut ones and it was only because he had a tight foreskin, phimosis, that I remained a virgin for quite a bit longer. I've been stretching the remaining skin for some time since I read, in FQ, that it could be done. I'm having some success.

The story "City Boy/Country Boy" and the illustration, is great. I like the idea of a milking machine for a jack off competition.

With best wishes for continued success,

P.G.

London, England

Hey, if the idea of a milking machine works for you, what do you think of the idea of a Milk Farm, where studs are kept like cattle until their daily "milking" rituals, at the hands of experienced "milkers". That's the premise of a very hot book called, appropriately *The Milk Farm* by Luc Milne, distributed by Leyland Publications in San Francisco. You should be able to pick it up at your local gay bookstore. If not, drop a line to Leyland Publications, PO Box 410690, San Francisco, CA 94141.

Dear FQ:

Wow! I have recently fallen in love with a fully endowed man who is natural and intact. Because I'm "clipped" I'd like to know more about how to work that foreskin to his greater satisfaction.

Unsheathed is the best for oral - how can I suck the full length and keep the glans fully exposed and give him maximum pleasure?

Love the magazine and great fiction as well as friction!

DHH

Phoenix, AZ

DH, I have three words for you. Lick, suck, chew... not necessarily in that order. Seriously, experimentation is the best way to determine what works best for you both. There are dozens... no, make that hundreds of guys who would love to be in your shoes, or on your knees, so whatever you do, make the most of that 'skin on your well-endowed man. And keep your hubby happy!

Dear FQ:

I love foreskin! Its look, its feel and taste - and your magazine. Why not FM - Foreskin Monthly? The support is there and it's a chance to expand and create with challenging new ideas! Give me your boss's arm to twist!

Also, I'd like to see the foreskin art of Kent in FQ.

He's great and he lives on

your front doorstep, in San Francisco. And where can I see more artwork by "Mike", who illustrated the "Straight Foreskin" fiction story?

I've been noticing more porn stars wearing Prince Alberts - like the furry daddy in the photos by Jim Monroe. How about an article concerning this ultimate piercing of the cockbead.

I enjoyed Peter Leko's video review of Bel Ami's "Out at Last" - wish you had more pics. Especially of bumpy superstud Lukas Ridgestone. I'd like to suggest Lukas for a photo layout and center page spread of this majestic, skin-hooded, horse-bung star. There may be bigger - but not better!

Keep up the awesome work!

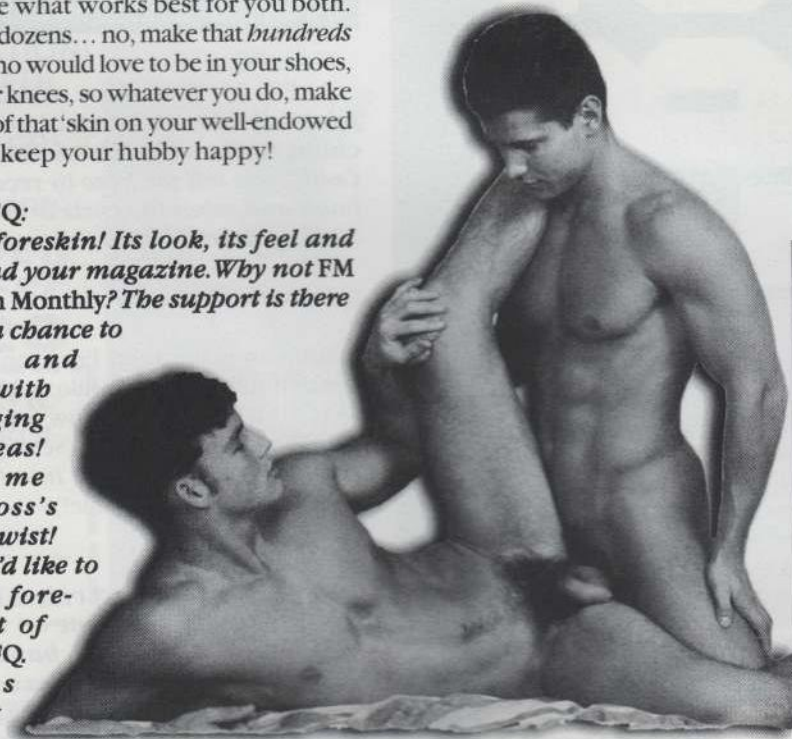

Leaking with precum,

G.S.

Port Huron, MI

Hey, check out FQ22, with Lukas on the cover. There's plenty of him inside. He is one hot stud, there's no doubt about it. We're glad you liked the Buddy photos by Jim Monroe. He's a bit of a departure from the "typical" FQ model, but that's why we featured him. Hot men come in all shapes and sizes, young and old alike.

Regarding the piercing issue, our brother publication *Powerplay* is working on a special issue dedicated specifically to this subject. It's too early to say exactly when that issue will hit the stands... watch for it.

# interview

This is Grant. He is 26 years old. Grant is a hustler, and says he has been charging for sex since he was a teenager. Grant is uncut, and he attributes much of his success in the flesh trade to his foreskin. He's got a great body, a good look, a cocky disposition, and a real talent for finding clients with a taste for 'skin.

# with AN

**FQ: When did you start hustling?**

*Well, I started fooling around with guys when I was a senior in high school. I'd hang out at the local bar. It was a trucker's joint, because there was an interstate that went right through my town. Even though I was underage, they'd let me hang out there because I was buddies with the owner's son.*

**FQ: Was it mostly locals at the bar?**

*Not really. I mean, yeah — plenty of local guys hung out there. But because we were on the interstate, there were truckers and tourists too.*

**FQ: Did they know you were gay?**

*Shit... I didn't know I was gay! But my buddy Todd and I used to fool around... we'd watch each other jerking off, jerk each other off... but it was more about discovery than anything else. You know... finding out what felt good.*

**FQ: What was Todd like?**

*He was a big boy like me. 6'2", probably about 200 pounds, he was built. Real nordic looking.*

**FQ: And you and he were fuck-buddies, so to speak.**

*We didn't fuck. We just fooled around.*

**FQ: Did you ever swallow his cum?**

*No.*

**FQ: Did he swallow yours?**

*Yeah, once or twice.*

**FQ: Okay, back to the bar. You had sex with other athletes from your school there?**

*No way... are you fuckin' nuts? I mean, Todd and I would fool around, but we never told anybody about it. Those guys woulda kicked our asses if they knew we were checkin' 'em out!*

**FQ: So who did you have sex with at the bar?**

*Drunk straight guys who couldn't get a chick to suck on their dick that night, I guess. Or closeted queers lookin' for a way to suck cock without gettin' the shit beat out of 'em.*

**FQ: Married straight guys?**

*Sometimes... mostly they were guys who would have too many drinks, then head out to their trucks and jerk off or pass out or wait around for somethin' to happen.*

**FQ: And you'd be the "something"...**

*Yeah, you could say that. The first time I saw a couple of guys hanging out in their pickup, I sorta walked across the parking lot and started talking to them.*

*They were both pretty loaded. Before you know it, I'm in the cab of their truck with them and they're jerking off into my mouth.*

**FQ: Straight guys?**

*Damn right. One was married to the fuckin' mailman's daughter. But it wasn't so much of a gay thing. It was a power thing for them, I guess.*

**FQ: Sure. Did they pay you?**

*Naw. It was a one-time deal. I was there and they were so horny, it was*

*just sex. No money. They told me they'd kill me if anyone found out, so I just sorta shut up.*

**FQ: When did you start making money at this?**

*One night, I was like 20 or 21 I guess... I was just there at the bar, havin' a couple of beers. Not lookin' for sex or anything like that... just havin' a couple of beers, y'know? And this older chubby guy sits down next to me and starts talking to me, and he starts tellin' me how much he enjoyed watching me blow this farmer a couple of weeks earlier, out in the parking lot.*

**FQ: You'd been putting on a show?**

*I didn't know he was watching. Shit, we were in the car, but I guess this guy must have seen my head goin' up and down or something...*

**FQ: And he liked what he saw, apparently.**

*I guess so, because he was tellin' me about how much he liked watching, and he wondered how he could get somethin' like that.*

**FQ: And what did you tell him?**

*I told him to fuck off.*

**FQ: Why weren't you interested in him?**

*I wasn't horny, for one thing. And he was ugly, for another thing...*

**FQ: And you liked it?**

*Shit, it was incredible! I had no idea that my dick could feel so good.*

**FQ: And all of this for \$25?**

*Yup.*

**FQ: So you started charging after that?**

*Well, it's kinda funny... the next time an ugly guy came on to me, I sorta jokingly said "Sure, for \$25." And he pulled out his wallet.*

**FQ: What did he want to do?**

# UNCUT Hustler

**FQ: What did he look like?**

*He was an older guy, probably late 40s. I don't know. Short, fat, really hairy. I remember he was clean shaven, wore glasses. He looked like a fuckin' used car salesman or something, you know?*

**FQ: Not your "type?"**

*I was used to doin' it with Todd, and smaller fitter guys. I'd never been with somethin' like this guy.*

**FQ: So you tell him to fuck off, and...**

*He asked how much it would cost him to interest me. And I sat there and thought about what he was sayin' for a minute, just to sorta make sure that what I thought I was bearin' was what he was really sayin'... and I said "I suppose \$20."*

**FQ: And he said...**

*"\$15."*

**FQ: And you said...**

*"\$25."*

**FQ: Did it work?**

*Yeab. We left together right after that.*

**FQ: What a bargain.**

*(laughs). Yeab, after I got past the sweat & cologne, I blew him and he shot his jizz down my throat. Then he pulled my dick out and showed me a few tricks.*

**FQ: "Tricks?"**

*Yeab. I'm uncut. I have a long, pretty thick foreskin. And before that night, I'd always pull it back when I jerked off. But he showed me how to play with it. Shit, we must have been in his pickup for a couple of hours, and only about ten minutes of that time was me suckin' his dick.*

**FQ: And the rest of the time he played with your foreskin?**

*Yeab, just about. He'd pull on it, he'd chew on it, he'd stick his thumb in between my skin and the head of my dick and sorta twirl it around and around.*

*Suck my dick.*

**FQ: And did you take the money?**

*Shit, yeab. Wouldn't you?*

**FQ: We're not talking about me. What did he get for his \$25?**

*I let him suck me off.*

**FQ: Did he play with your foreskin too?**

*Yeab, mostly with his mouth. He liked to chew on it. And he did this thing with his tongue and his teeth. I couldn't really see what he was doin', but it felt fuckin' great. I think he was sorta holding it open with his teeth and shoving his tongue inside and licking my dickhead.*

**FQ: So you started charging for this on a regular basis then?**

*Yeab, pretty much so. Word got out that I had this nice uncut dick and that I liked havin' my foreskin chewed and sucked on, so anyone into doin' that... well, they found me.*

**FQ: And was \$25 your standard rate?**

*At first. But then I started charging on a different scale, like depending on how attracted I was to the guy. There were times when I'd say "\$250" just because there was no fuckin' way I was gonna let the guy near my dick.*

**FQ: Why not?**

*Well, mostly they were really ugly, or really old, or they looked especially dirty or somethin'. I guess it just depended on how the guy looked, and the mood I was in at the time.*

**FQ: So, if a man was really good looking, he could have you for \$10 or \$20?**

*Well, after I got used to the idea of charging people, I raised my bottom line to \$50.*

**FQ: Wow, that's quite a raise!**

*If I didn't get it, I wouldn't charge it. I've got fuckin' bills to pay too, you know.*

**FQ: How many \$250 clients do you have?**

*Not as many. I probably have a dozen guys right now who pay me \$200 to \$250.*

**FQ: Because they're ugly or dirty?**

*In a couple of cases, yeah. But otherwise, they want something that takes a little more time, so I gotta charge more for that.*

**FQ: For example...**

*Well, this one guy really gets off on raunch. So I charge him more.*

**FQ: What kind of raunch?**

*Cheese.*

**FQ: He likes head cheese?**

*Yeah.*

**FQ: And how do you accommodate him?**

*Well, for a few days I'll only do it with guys who want to fuck. I'll get them off, but I won't cum. Then, I won't pull my foreskin back when I wash. So I get this nasty buildup of dried piss and precum and sweat. It stinks and gets slimy and cheesy.*

**FQ: And he pays to lick it out for you?**

*Yeah. Usually we start out with his nose in my foreskin. He'll pull the whole fuckin' skin over his nose, and he'll be on his knees, pumpin' his dick while he's taking these deep breaths with his nose inside my dickhead.*

**FQ: He pays \$250 for that?**

*Shit, yeah. I'm good. And I gotta give up other things to make up for this guy, so he's gonna pay extra for it.*

**FQ: How old is he?**

*He's an older guy. I think he's a pilot. He's in great shape, and even though he's not really my type, it turns me on to look down at him with my foreskin wrapped around his nose.*

**FQ: What turns you on about it?**

*I guess, just because he's so fuckin' into it! I can see his big hairy arms flexing every time he pumps his dick, and his chest is heaving in and out because he breathes so deeply, and his eyes are either staring right into mine or closed. It's like he's praying or something!*

**FQ: The \$250 prayer.**

*Shit, he can afford it. Pilots make a lot of money don't they?*

**FQ: How often do you see him?**

*I guess every month or two. It's sort of sporadic, you know? I won't hear from him, and then all of a sudden I can't wash for a few days because he's gotta have it.*

**FQ: So he sniffs your dick and...**

*Oh yeah, we start out with his nose inside my foreskin, and then he makes this big deal out of pullin' my skin back and chewing softly on the head, lickin' chunks of cheese off my dickhead. And the whole time he's fuckin' moaning like a sick dog in heat, and goin' on about how great it tastes, and thanking me for feeding him my cheese.*

**FQ: Do you talk while he's doing this?**

*I usually just watch. Sometimes I'll say somethin' like "Eat it, you fuckin' pathetic cocksucking cheese pig."*

**FQ: Does he like that?**

*What the fuck do you think?*

**FQ: I don't know. That's why I'm asking.**

*Shit yeah, he likes it. He starts whimpering like a baby when I talk.*

**FQ: Do you cum?**

*Yeah, when he's eaten all of the cheese off, he cums on the floor, and then he wants me to cum into his mouth. He begs me, he says shit like "Now, please help me wash it down."*

**FQ: And you cum into his mouth?**

*No, I push his head down onto the floor and hold him down by the back of his neck. He gets mine after he licks his off the floor with his tongue.*

**FQ: Is this standard with most of your clients?**

*Some*

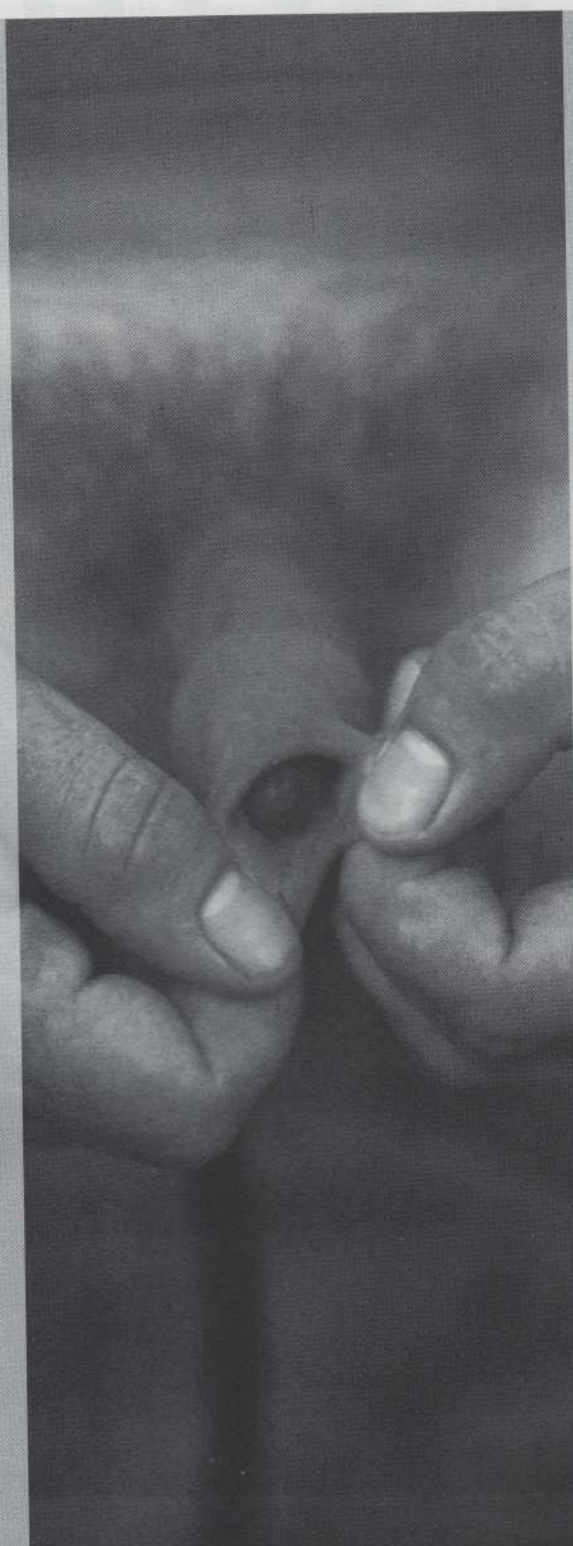

**FQ: So after he licks up his cum...**

*I pull him up by his hair, stuff my dick down his throat, and shoot.*

**FQ: Hmm... that doesn't sound very safe.**

*He's not payin' for safe, pal. He's payin' for raunch.*

**FQ: What about your other clients? What are some of the more...**

**unusual requests you get?**

*Well, there are a few that are kinda different. There's this one guy... he's an older guy and he dresses up like a little boy. He's got these bib overall shorts, and he wears a striped t-shirt and a baseball cap and tennis shoes, and he always brings a baby bottle nipple with him.*

**FQ: A nipple? What for?**

*You don't wanna know. Ask a different question.*

**FQ: I want to know. I want to know.**

*Shit... ok, he pulls my 'skin back, and puts the nipple over my dickhead, and then he pulls my 'skin back over so that just the nipple is sticking out. And he sucks on it like a baby.*

**FQ: And you can cum that way?**

*Well, first I piss, and he sucks it through the nipple. And then I jerk myself off real slow, and fill the nipple up with my cum, and he sucks it out.*

**FQ: Does he cum too?**

*No. He's not allowed to.*

**FQ: Why not?**

*That's not what he's paying me for.*

**FQ: That's interesting. Any others?**

*Hmmm... ob yeab, there's this other guy who has me smear cream cheese under my skin before he comes over, and he licks it out while he jerks off.*

**FQ: Cream cheese?**

*(laughs) Yeab, I know. I guess he likes the bead cheese idea but he wants to know what he's eatin'.*

**FQ: What's the strangest foreskin experience you've had with one of your clients?**

*Shit, that's a tough one. There are some sick motherfuckers out there. One guy stuffs gummi bear candies into my 'skin and has me piss and cum with my 'skin clamped shut with a couple of clothespins. Then he eats the piss- & cum-covered candies out one by one. And then there's big Larry.*

**FQ: Who's big Larry?**

*Larry's this big tall guy. Shit, he must be 6'6". Late 30s. And he has this... umm, I guess you could say "unresolved" issue with his father.*

**FQ: What... he wants you to be his daddy?**

*Well, sorta. He pays to take showers with me. We go into the shower, and I stand and wash off, and he kneels before me and watches me washing my dick and balls.*

**FQ: ... and your foreskin?**

*Yeab, that's the biggie for Larry. The whole time I'm washing it, he's asking me in this little boy voice what I'm doing, and why does Daddy's cock have this extra skin on the end. I pull it back and stretch it and stuff...*

**FQ: Sounds innocent enough...**

*Yeab, but then he wants to touch it and pull on it and suck it. He begs me to let him "Please suck it" and shit like that. And so I punish him and slap him around. I tell him that he's a naughty little cocksucker and that Daddy's going to spank him. That's what gets him off.*

**FQ: Does that bother you?**

*Why should it? He's a sick fuck and he deserves to be slapped around.*

**FQ: Sounds like David Lynch meets Palm Drive Video.**

*Who?*

**FQ: Never mind. How long do you plan to do this for a living?**

*As long as I make money doin' it. Shit, I'm hauling it in right now.*

**FQ: Do you think your foreskin helps or hinders your work?**

*It helps. A lot.*

**FQ: How is that?**

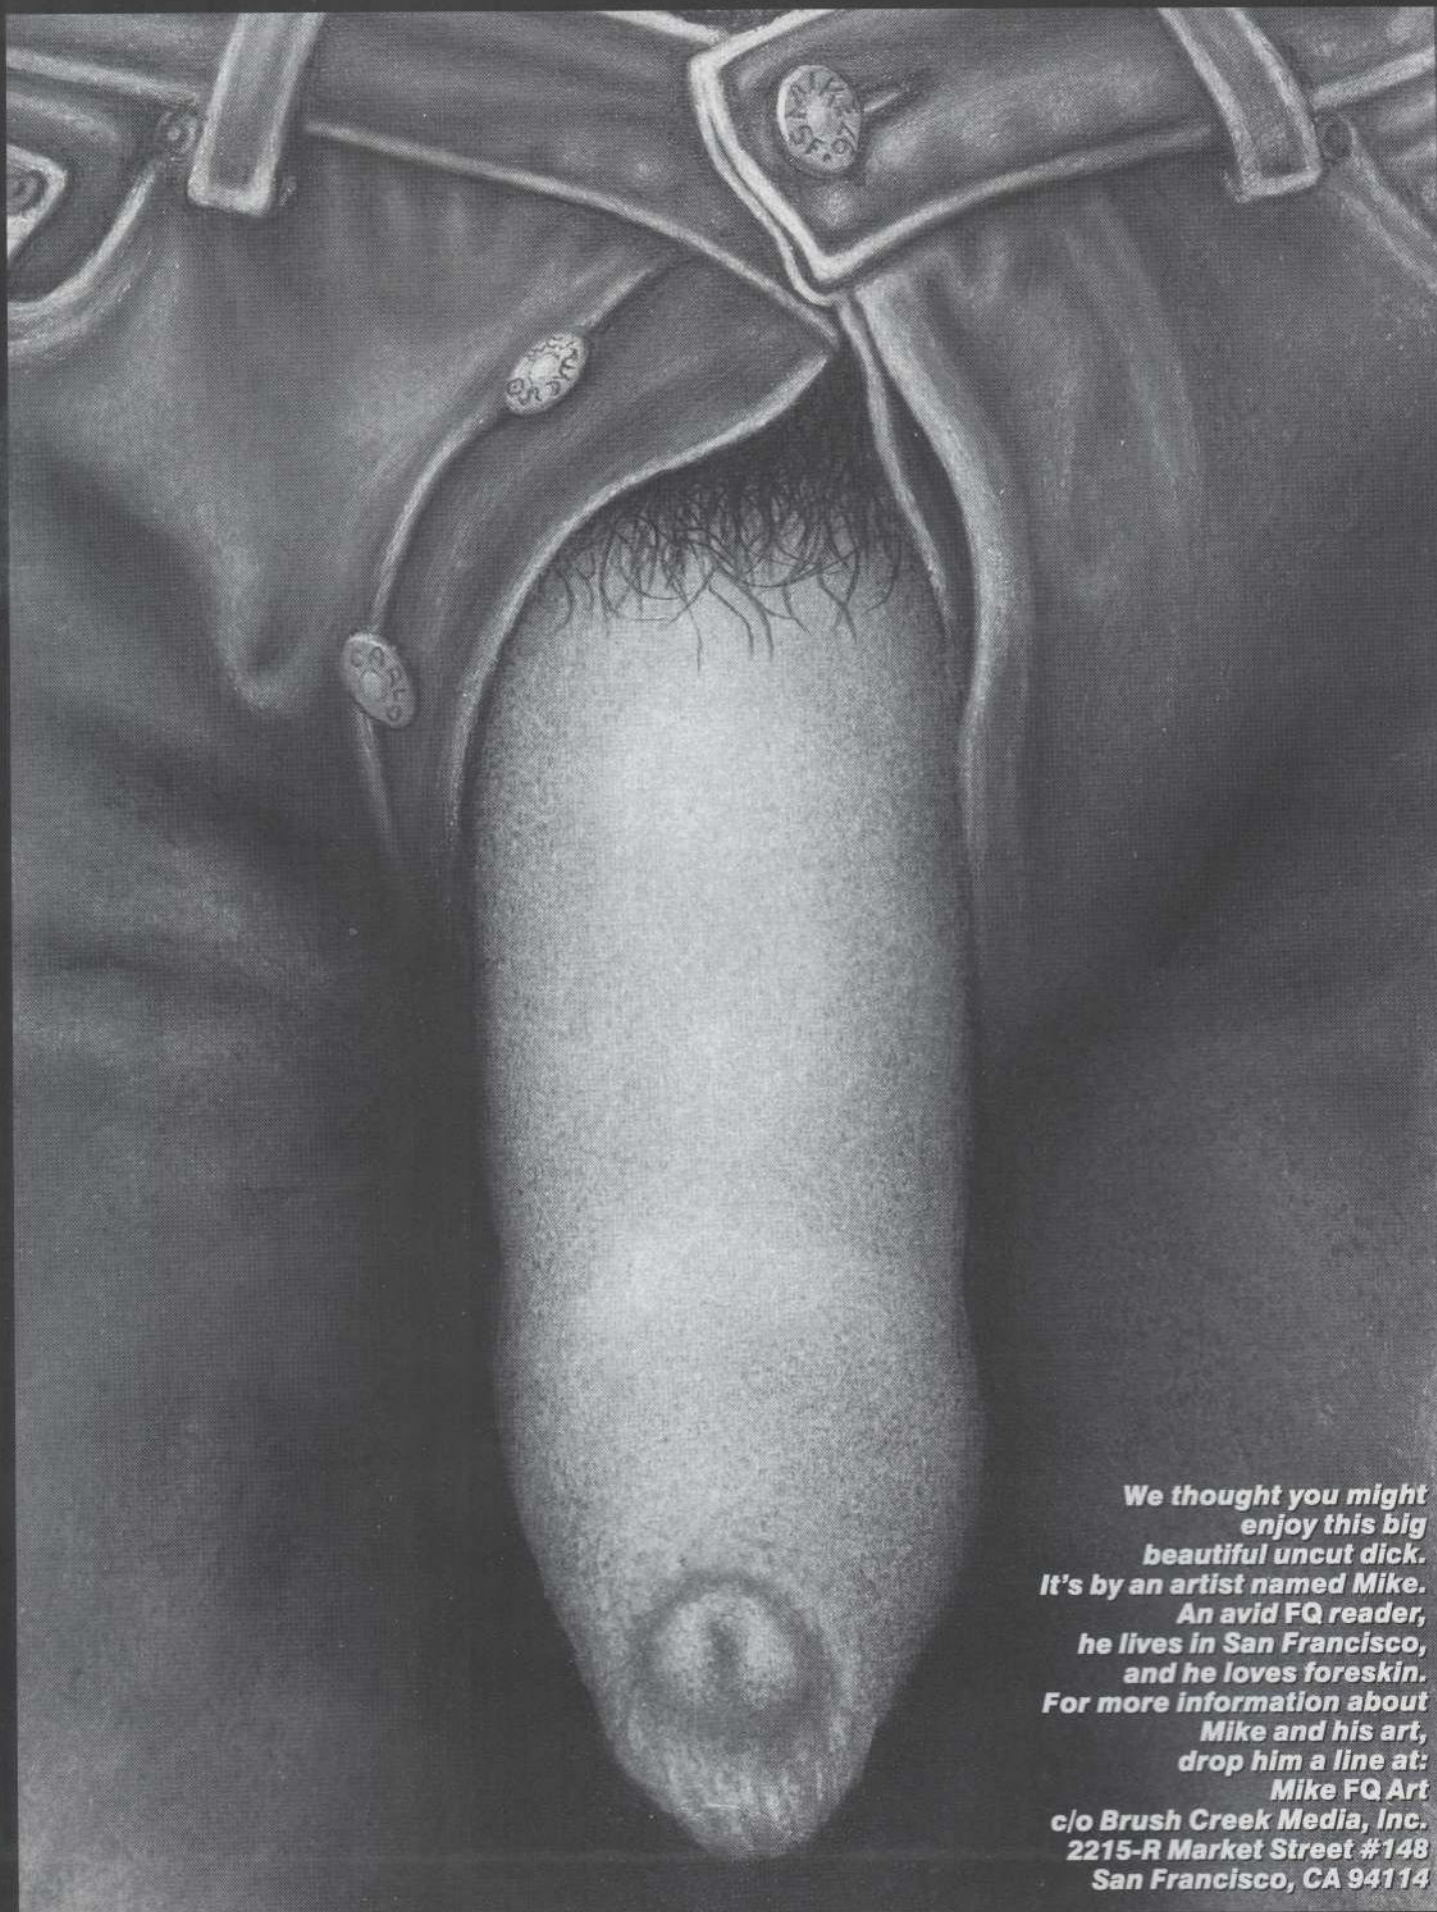

*I've got a real thick overhang, it's kinda like my trademark, you know? Some actors have a certain look, you know? And some models have a certain body part that they are well known for, you know, like their lips or their chest or something. In my job, I'm famous for my foreskin.*

**FQ: Are you worried about STDs, AIDS?**

*I've been tested. I'm OK. I'm as careful as I can be, in this business. That's all I'm going to say.*

**FQ: Thanks for taking the time to talk to us, Grant.**

*Yeab, no problem. When will I get my money?*

**THE ART OF  
DAVID  
GRIEGER**

David Grieger, better known under his nom de porn David/Custom Inks, illustrated many gay men's magazines until his death in 1994. Shown here is just a sampling of his minimalistic style. Hot, uncut muscular men represented the power and dominance that he worshipped. In a nutshell, Grieger visualized a level of physical perfection which included power, dominance, muscles and (luckily for Q readers) foreskin! A more comprehensive study of his work is presented in the new book *Fag Slave to the Muscle Gods* by Brush Creek Media. It can be ordered by calling 1-800-234-3877.

Compiled and edited  
by John A. Erickson

**One of the truly unique aspects of the movement to abolish the practice of routine infant circumcision is the passion of its voice.**

I hear it in letters. I see it in newsletters. I read it in mail I receive from *FQ* readers who are, for lack of a better term, pissed off that this barbaric ritual still exists in modern society. I've been collecting material from foreskin-friendly organizations all over the country, trying to put together a column for this issue of *FQ*. I've heard from NORM, NOCIRC, INTACT, LIRC (Libertarians for

Intact Rights of Children)... heck, I even received a book called *The Joy of Being a Boy*, a "See Dick Run" of sorts, aimed at educating youngsters about the benefits and care of their foreskins. I thought that I had collected a pretty impressive little portfolio of foreskin-friendly information from which to assemble an article, a list... *something* useful to *FQ* readers interested in finding out

by Scott A. McGillivray

# THE LATEST'S SKIN

what groups are doing to make this a world a little more 'skinful.

And then, along comes this new booklet by John A. Erickson. You may remember John Erickson. In *FQ* 23, we reviewed a body of his work entitled

*Iozza Shows You His 'Skin*

and *Deeper into Foreskin: 9 Intact Men Show You Theirs*. Well, he's done it again! John Erickson has been busy on the World Wide Web, searching for... you guessed it... foreskin! His new booklet, *Foreskin, Circumcision and Foreskin Restoration: A Guide to Information on the World Wide Web* is chock full of juicy tidbits of foreskin-related news. In the tradition of his "leave no stone unturned" style, he's collected and compiled a 64-page volume of information which (how to say this without discounting my work completely...) humbled my efforts by comparison. Erickson's booklet lists circumcision information sites on the Web, foreskin restoration sites, and an index for selected related sites.

If you're a Web-surfer (who isn't these days?) or just a curious 'skin-lover, you owe it to yourself to order this road-map to 'skins on the Web.

## did you know...

- Americans began circumcising both male and female children in the 19th century.
- The U.S. is the last nation on earth to circumcise most of its baby boys for nonreligious reasons (85% of males worldwide remain natural).
- Over 1.25 million babies are circumcised annually — one every 26 seconds.
- Infant circumcision taxes the health care system a quarter of a billion dollars annually.
- Studies now show that circumcision subjects babies to extreme pain.
- No national health organization in the world recommends routine infant circumcision.

• There are numerous health risks and disadvantages to circumcision that are rarely reported outside of the medical journals.

• Many doctors and nurses refuse to perform or assist with infant circumcisions on ethical grounds.

• Long-term negative effects are now being reported by men circumcised as infants.

• Increasing numbers of men are reversing their circumcisions, and most without surgery.

# A True Story of Circumcision by anonymous

Mamood and I met at university in the United Kingdom seven years ago. I had resumed higher education at the late age of 35; he was younger at 24. We became friends from the start. He felt more comfortable in the company of people older than the majority of our classmates, who were around 18. They may have been good to look at, but who could hold a conversation with one of them?

As time progressed, I learned Mamood was from Egypt and had come to England to gain his degree in economics. His parents were supporting him, and this was no small achievement given the high cost of living in England compared to Egypt. I also learned that he had married his cousin at age 19. They had a daughter and a 2-year-old son. He missed his family and spoke of them often.

He would visit me on weekends, and in time I grew value his friendship – the younger brother you would wish for. I always kept my sexuality to myself; I didn't wish to offend him or jeopardize our friendship. Mamood was good looking, but I had no desires in his direction. There were times when he would meet some of my other "friends;" he never commented and always treated them with respect.

At the end of our time at university we made the usual promises to see each other again some day, but I never thought I would visit Egypt.

Four years later, my new partner booked for us a holiday on the Nile, visiting the ancient sites of Egypt. I wrote to Mamood with the news and waited for the reply, but none came. Never mind, I thought; I'll still enjoy what Egypt has to offer.

Our plane arrived in Aswan on an intensely hot afternoon. The holiday was based on a Nile boat sailing up to Luxor, stopping off at the sites along the way, and returning to Aswan a week later. I fully expected Mamood at the airport, but no. I looked for him at the dockside, but he was not there either.

The holiday was fantastic with temples and tombs enough to satisfy the most ardent traveler. On the last day we were tied up at Saswan again. I set off for some last minute shopping. As I came down the gang-plank there he was, arms outstretched. He held me for what seemed like ages, talking too fast for me to comprehend. His English accent had deteriorated in four years. He released me and took hold of my hand at the wrist, and led me away. I tried to express how pleased I was to see him again, but he kept talking excitedly. Other men joined us and I found myself in a taxi with this now large group.

The men were dressed in what looked like their best clothing, bright and very colorful. Mamood tried to explain to me that we were going to a family celebration. We arrived at what I assumed was his house. The courtyard was full with people dressed in flowing, brightly colored clothes. Music was playing and food was displayed on tables to the far side.

Mamood led me away and introduced me to his wife, who was covered from head to foot, only her dark shining eyes expressing her pleasure at meeting her husband's friend. I was led into an inner room where two young boys sat together on a decorated sofa. Mamood's son was quiet and slightly nervous, but took my hand and shook it firmly. The other boy was Mamood's nephew, and this celebration was for the two boys.

I grew to understand that today the boys would become men. Mamood's joy at the occasion was magnified by the arrival of his old friend – me. I told Mamood I knew next to nothing about Eastern customs, but I was pleased to be here for him.

More men entered the room, as did the musicians. The noise grew and some men began dancing. The heat grew oppressive and I slipped off my jacket. The boys sat motionless on the sofa. I walked behind it and rested my hand on Mamood's son's shoulder. He didn't understand English, so there was nothing for me to say. No women entered the room.

An older man approached the seated boys. He spoke to them and they replied, clearly not reassured by his words. Another man came to them and loosened the ties at their waists. He pulled down their clothing, exposing their genitals. Now I realized what was going on, and my stomach flipped many times.

The same man now filled a syringe and swiftly injected each penis at the base. Mamood's son clasped my hand at his shoulder and looked up at me. I tried to look unworried, which was not how I was feeling. For the next few minutes the singing continued loudly, the men were dancing and waving their arms about. It was clear their job was to distract the boys.

The older man approached again with a cloth which held the implement. He was obviously well practiced at what he was about to do. His left hand came up, and with thumb and forefinger took hold of the first boy's foreskin. He gently brought it under tension. The anaesthetic had worked, for the small penis was relaxed. There was a flash of steel and, in one movement, the foreskin was cut free and held aloft for all to see. He placed it in the cloth and returned to his work. He took hold of the now-bleeding penis and turned it upwards to expose the frenulum. He slit this, making sure the skin would never cover the head again.

The assistant moved to attend to the first boy. Mamood's son was next. He fixed his eyes on me and I looked down. It probably looked to him as if I held his gaze, by my sight was also fixed on what was happening to his penis. The same procedure went ahead to the great pride of Mamood; his son was now a man. The bloody penis was wrapped with loose-weave cotton strips and placed in an upright position and then bandaged to the body. The boys had felt nothing, but I felt sick to my stomach. I knew better than to show this and thereby give insult to my friend.

The boys were taken from us and carried high into the courtyard to be welcomed by the womenfolk as the men they now were. Mamood came over to me, said how happy he was for his son, and for his friend being able to witness it. I asked if the boys would be all right. He assured me they had felt nothing, and he should know, having undergone the same thing at age nine. He did, however, say that after an hour they would be in pain. But it was normal to carry on with the party and to eat and dance, all of which would distract the boys who would sit as guests of honor.

I stayed for some hours and kept a watch on the boys, who were clearly in a mild state of shock. I wanted to communicate that this does not happen to all boys. They would not understand this because all the men they had seen naked were circumcised. I had to return to the boat and was transported there with much festivity. We said our good-byes, and made promises to meet again, sometime, somewhere. Upon reflection, I will not actively renew my friendship with Mamood. The whole experience was very traumatic for me, and I still find it hard to reconcile a father doing this to his son, for whatever reason.

# FQA & DR. WAYNE ANSWERS YOUR 'SKINQUIRIES

**Q** *In your article in FQ 24, I read about B.R., Brea, CA. Tell him I had the same problem with my 8-inch uncut cock. I have been using Johnson's Baby Oil. Only Johnson's. Tell him to skin the head back so that air gets at it, leave it for a couple of minutes. Repeat daily. Skin it back even when you're in bed at night, bathe in lukewarm water daily.*

*Thank you, Please answer soon.*  
Robert  
Canada

**A** Thanks for your letter concerning phimosis, and your solution. It certainly helps. Dr. Michael Beaugé, in his treatise *Traitement Medical Du Phimosis Congenital De L'Adolescent*, also suggested some of the same things that you have, so I will quote from some of his recommendations:

"The study of observed cases reveals that adolescent or young adult subjects suffering from phimosis have habits of masturbation different from others. Conventionally, the pursuit of solitary pleasure is done with the dominant hand closed over the penis making alternate back and forth movement over the shaft, the hand going down towards the pubis uncovering the glans which the index finger or thumb may now and then stroke lightly, reproducing the sensation of intercourse. This exercise results in moving the penile skin in the same way as will occur in vaginal intercourse, and therefore it is a preparation for adult sexual relations... this training is not only mechanical but also participates in the psychological development of the individual.

"Next it is advisable to instruct him on the technique that seems to be most useful, attempting thus to pull back the foreskin by exposing the tip of the glans. In fact, it is only rarely possible for a boy who has developed for himself a method that leads to orgasm to replace it initially by another. Generally the new method fails to give pleasure and may even tend to impair the quality of the erection. This could explain why

boys fail in their first attempts at sexual intercourse; a man who has become accustomed to rotational movements on his penis for several years will be quite unable to use this technique in the vagina. Therefore I advise ("prescribe") alternating a few pleasurable manipulations known to be stimulative with the remodeling manipulations. It is of course essential that the prepuce opening be stretched round the circumference of the highly erect glans. This technique meets the requirements of the kinestherapy of soft tissues, gradual stretching. Then, in some cases, I have recommended instrumental dilatation with the use of a dilatory [speculum] in patients who agree to

this procedure, or I have advised the introduction of two fingers into the opening of the foreskin to stretch it. Thus the boy can progressively expand his foreskin until the diameter is equal to that of the erect glans, allowing him subsequently to proceed to sexual intercourse without risk of paraphimosis. [Constriction of the penis shaft behind the glans by a tight foreskin opening].

"During the course of this remodeling, there will come a time when the foreskin is sufficiently dilated to uncover the distal part of the glans but is still too tight to go over the proximal and larger part; due to the conical shape of the glans we can then imagine that a strong enough pull might succeed in sliding the ring into the sulcus (the groove be-

hind the corona of the glans), but that the reverse movement might be impossible causing paraphimosis during masturbation. This appears to me unlikely for several reasons: The manipulation is done under visual control of the subject who is well able to detect the degree of tension in the foreskin, unlike the situation during sexual intercourse, particularly when it occurs for the first time..." (*Conservative Treatment of Primary Phimosis in Adolescents or Traitement Medical Du Phimosis Congenital De L'Adolescent*, as translated by Dr. John P. Warren.) My comments are in brackets.

As we can see, the use of oils, warm showers help to loosen the tissue. Use of speculum, or more preferably fingers, yours or someone else's to stretch the prepuce lips sideways will relieve the opening and make it large enough to retract when one wants. I hope all of you have fun doing it, especially with a friend.

**Q** *I am writing about a very personal problem and I hope you can give me some advice.*

*The problem is that I can no longer get an erection. I say "no longer" because about a year ago, I could get them quite frequently - sometimes 6 times a night; now - nothing! I shall give you some background. About the time I mentioned before (a year ago), I got seriously ill from my HIV infection. While in the hospital, I was given medication (Retrovir 100 mg., Saquinavir-invirase 200 mg., Blaxin 150 mg., Eptivir 150 mg., and Myambutol 400 mg.). I recuperated, but now I can't get hard. I've tried different things: thinking lurid thoughts, reading male-oriented stories and magazines, and having safe sex (mostly anal with me in the passive role), but I still can't achieve an erection. This is depressing me a lot. I almost feel as though I've been castrated. I can't reciprocate with any of my partners. If you have any ideas, please help me!*

**A** Any one or a combination of the drugs you are taking can cause the kind of impotence you describe. It appears that the drugs reduce the levels of testosterone, which will not help the body. I'd suggest getting a physician to test you for just that, and if necessary, bring your testosterone level back to an acceptable level.

The combination of drugs is like chemotherapy, so to speak. You have been taking a lot of drugs to overcome the virus. This can, like cancer chemotherapy and radiation treatments, deaden many nerves for quite a while. There seems to be a long recovery period after the treatments have stopped.

I think of these treatments as not only controlling the virus, but in the process, deadening a lot of good things. Thank goodness for your survival and recovery.

Here are some other suggestions for getting more enjoyment out of your sexual activity. Use a properly fitted cock ring to keep the blood from flowing back out of your cock quite so quickly. With some stimulation, this should help with arousal. I prefer a leather cock ring with a large adjustable snap so that it won't be too tight and can be worn during sex... or almost all the time if you wish. This will allow quick release when needed. A good leather shop can make one for you. I use a leather cockring about one inch wide and six inches long. I had to have several made until I got the correct size. The shoemaker was curious what it was to be used for; I only said it was a bracelet. You can determine the right length by using a thong over a piece of leather or Velcro to hold it in place. Don't forget to soften the leather with neats' foot oil or lube.

Metal cock rings are OK, but can't be released quickly when you need relief. They also don't come in a good variety of sizes.

Another possible solution is to use a vibrator on the glans for stimulation. Another method is to use an electric stimulator, called a TENS unit. It is used for muscle stimulation and the pads can be put under the leather cock ring. The pulsing milliamp stimulation can be quite a turn-on. If you have been circumcised, you might consider restoring the glans covering so that the glans will be more sensitive. It has been a help to many men.

Another way to stimulate the glans is to use some kind of warm stimulate on the

glans. The Arab world has used euphorbium, an extract of the Spurge family of plants. It has been used as an expurgate, that is, an emetic. It makes one vomit, irritating the tissue. I do not know if it is available, but I would be very cautious about doing that to the most sensitive part of the body, the glans. I have used a very small amount of Mentholatum ointment mixed with some lube to stimulate my glans once in a while and found it to be lots of fun. I'd suggest not using Ben Gay as it is much too strong.

Much of the interchange between partners is not just one of pure physical need (thinking "we both have hard-ons and they need to be satisfied"). Rather both partners

need to enjoy each other's company and the warmth and good feelings from being together meshing bodies. So, lay back and enjoy being screwed, knowing that your partner is trying to not only enjoy himself but trying to give you pleasure. Many people don't get hard-ons while getting fucked, myself included. I wouldn't worry about being hard or not, but just enjoy the love-making and the intimacy with your partner.

Let me know what else I can do for you. We would love to hear about your adventures and the successes you have had.

**Q** *I have personally done stretching with various devices in the past. All methods involving surgery to enhance the size or restore skin seems like butchery to me. But my interest is in surgical/non-surgical restoration of*

*penile foreskin using a balloon implant which would expand skin much like those used on many other body areas before and during surgery to get more skin for closure. I have designed such a device. Can you put me in contact with a medical or bio-mechanical engineer that might be interested in perfecting the device and its use.*

*Daniel  
Florida*

**A** There have been a number of attempts, with various successes, in using balloon implants. Dr. Reed in Florida, Dr. Horton in Virginia. A Dr. Whitehead in New York wants to do it and is studying about it, as is Dr. Alter in Los Angeles. The cost so far as I can determine starts at \$6,000. But since there have been no real published statistics or studies by the physicians, we do not know the successes or the failures. Perhaps some reader will have some more information about this.

I have had a number of requests for referrals, but when the individuals tell me about the visit to the practitioners, they decided that it was not what they were going to do. It is quite an intrusion into the body for anywhere from two to six months not including touch-up surgery. I am too happy with my non-surgical restoration that I wouldn't even consider going under the knife. To each his own, of course. One of the preeminent foreskin reconstructive surgeons, Dr. Greer, has said recently that non-surgical restoration is really the way to go. His method has been a scrotal implant.

I hope that we will get some input. The success rate for surgical restoration has been only about 60 percent. Not too good, when you consider the failure rate of 40 percent. The failures were either with patients not pleased with the results, or as has been reported to me, sloughing off of grafts and total disasters. I have pictures of a half-dozen men's chronicle of surgeries and I will certainly stay with nonsurgical restoration.

It seems to me that stretching seems to be the least intrusive. Several men have done it manually without any devices. Twenty minutes twice a day while watching TV or walking the dog, as one man did. Whatever! You can lengthen the penile tissue and have coverage with good results.

# KRISTEN BJORN'S AMAZON ADVENTURE

Kristin Bjorn's new video, *Amazon Adventure*, is a welcome return to the style of earlier releases such as *Island Fever*, a return to primal sex in lush, tropical National Geographic scenery. The cast includes four Brazilians you will recognize from previous videos, one of Bjorn's eastern European recruits from *The Anchor Hotel*, and several newcomers who will be a welcome sight in any future releases.

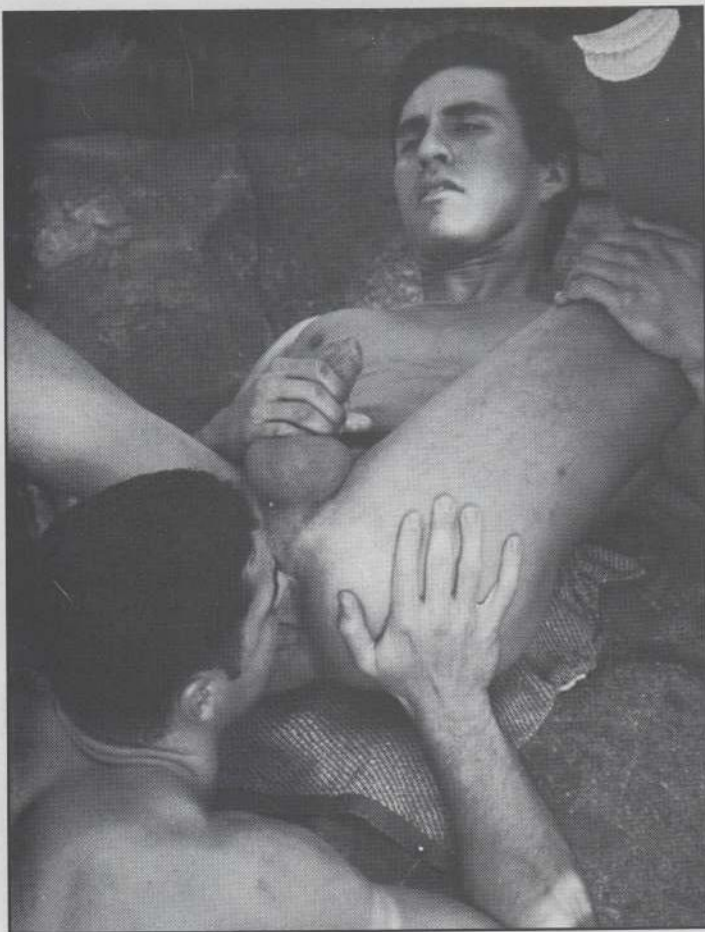

Bjorn's ball-aching erotic imagery is present in full measure in *Amazon Adventure*: bronze Brazilian bodies, every one a dynamic living sculpture of vibrant manhood, aroused penises at the pinnacle of erotic passion, intimate crotch-shots of genitals fulfilling their purpose with testosterone-fired intensity, underneath close-ups portraying the marvel of rigid erections full length from asslips to cockhead, balls pulled up out of sight with sexual tension, tongues probing the depths of twitching anuses. These

are no post-adolescent novices exploring their burgeoning sexuality, but mature studs whose genitals perform with intense potency resulting from practice.

Bjorn's actors know how to jack off on camera. There's no frantic flogging as orgasm begins. They let nature take its course so the camera can portray with brilliant clarity the incomparable thrill of penises at the moment of truth when gleaming ribbons of thick, white semen spurt from cockheads flushed crimson with lust. Bjorn captures as no one else does the intensity of no-hands evacuation, treating us to three brilliant examples in this film.

The story of *Amazon Adventure* is told in the words of Alfonso Ribeiro, one of a group of Brazilian soldiers on survival training in the rain forest. When they get separated and Alfonso is bitten by a snake, he writes a story to get his mind off his predicament. In the tale, two

horsemen, Rogerio Peixoto and Gaspar Moreno, stop to practice kick-boxing moves in a forest clearing. When they stop to rest in the shade, they go into a clinch and Rogerio pulls Gaspar's briefs down to suck the red-tipped chocolate-brown shaft jutting from his crotch. As Rogerio kneels in front of Gaspar his rigid erection escapes from his briefs and he spontaneously ejaculates from sheer sexual tension, no-hands. Spectacular!

Alfonso's comrades still haven't rescued him when his story ends, and he begins hallucinating about the forest spirits he heard about as a child. One handsome stud magically appears in the forest and masturbates as Alfonso watches, and then another. One of the spirits with a painted face, Pedro Pandilla, suddenly appears to two of the soldiers as they arouse one another to heights of lust, resulting in a torrid three-way. Another soldier happens upon a house in the woods where three studs in a swimming pool masturbate him to orgasm before all four go inside for serious sex.

When Alfonso gives up hope, three hot studs appear and pull his pants off, jacking him off to begin a hot four-way in which they pair off for eager rimming, fucking and more cocksucking. As the scene ends, the exhausted foursome collapse on one another over a jungle drum, and magically disappear.

There is no romantic element in *Amazon Adventure*. This is primal sex al fresco, sex for the sake of sex. Partners kiss hungrily, but their kisses are an oral extension of their genital sex rather than tender, romantic affection.

The story is narrated in voiceover by Alfonso, and the non-English dialogue is translated in subtitles. Bjorn's artistic eye transforms every scene into a dynamic work of art, and the sex is precisely choreographed. François Girard's original music provides a pleasant background, and bird sounds enhance the rain-forest atmosphere. As always, videography is superb, crisply focused, on-target, and realistically rather than clinically lit. The video special effects give the story an eerie, other-worldly atmosphere.

Editing and production values are top of the line. Although the cast is uncircumcised, they keep their foreskins skinned back as if they get in the way of sensuous sex. But this is vintage Bjorn. If you liked *Jungle Heat*, you'll love *Amazon Adventure*.

It rates five stars for everything but foreskin. Don't miss it.

# the hesitant COP

After a long day of ogling uncut cocks and thong bikinis at South Carolina's Folly Beach, I got lost on some back roads. I wasn't worried, though. I slurped an RC Cola in a cup of ice.

Then my car swerved into the ditch. Wham, bam, crunch of flattening cattails! I got out to look. No damage (whew!) but I had a flat tire. No spare. Son of a bitch.

As I sat wondering what to do, I began to hear things. Any second I figured inbred cavemen would emerge from the shadows with pickaxes and shotguns.

Worse can happen with the cops. They have a saying, "The police are vicious in any state with five syllables" (the two Carolinas).

*Charleston Buffs*, a fuck video, talked me into spending my vacation in South Carolina. A big buck named Colonel Beauregard made Mr. America look puny. When he stripped off his stars-and-stripes trunks, Colonel Beauregard sported a foreskin so long, it dangled from the end of his cock like a window-drape tassel in an antebellum mansion.

I love uncut cocks, and the South is a real foreskin-o-rama. I saw dozens in South Carolina and had a hard-on all the time... until my car got a flat.

I got pretty flaccid then. I was about to hide in the trunk when I spotted a car approaching, all red-and-blue flashes.

The police. I gulped. This could be good.

The car stopped behind me, and a man-mountain got out. (Gulp!) This could be bad!

I looked around. Trees lined the road. Bushes and reeds grew right up to the gravel. The place was too secluded. Sweat beaded my forehead.

A 6-foot-7 county mounty walked up with his flashlight. "What's wrong here, suh? Y'all drinkin' or somethin'?"

My blood ran cold. He had a face straight out of a wanted poster: blond hair in a crewcut, square jaw bristling with day-old beard, crooked nose, shaggy eyebrows, glittering eyes, and a scar from his temple to his lip.

"Just RC Cola, Officer," I offered. "I got a flat tire and don't have a spare. God, what a black night, huh?"

The constable told me to get out of the car (the better to fuck me over the hood?) and looked me up and down. I keep myself in shape. Many guys tell me that, for 40, I have a great physique. I stand about 6-foot-1 and I'm stocky.

That night I was near naked—just swimming trunks. I damned myself for not getting dressed. Appreciation flickered in his green bobcat-eyes, and my throat was so dry I couldn't swallow.

"Yur a pretty biggun, suh," he muttered. "Ya' got a driver's license?"

I tried not to flex as I reached back to get it, but my muscles stand out in good definition. His flashlight lit up my back, and I

felt his eyes wiping over my shoulders and back, then over my ass. I shivered.

The cop, incidentally, was dangerously attractive himself. About half my age, I figured him at about 275 pounds. The tough ugly face fit his body: a buffalo with a badge.

I handed him my license. "Could you radio for a wrecker or a repairman or something?" I asked. "I'm such an idiot. I never learned how to change a tire." I tried

to laugh.

"Whatcha' do fo' a livin', suh?" Still suspicious.

"I own a men's clothing store in Cincinnati. Down here for a vacation. Just passing through. Be gone soon."

Then he surprised the hell out of me. "Tell you what, suh," he drawled, "I'll help you fix the tire." He took off his blue jacket.

"Why, thank you kindly, officer." Could this be some kind of trick? I looked around, nervous as a virgin in a jailhouse. We were alone.

He placed the jack under the front bumper, then he turned the lug nuts with the tire iron. "Gotta loosen 'em before the tire comes off the ground," he said.

In spite of the near-100 degree heat, an erotic electricity crackled in the air. I remembered his eyes licking over my butt, and I got horny. "You married?"

"Naw."

My next line was a match in a gunpowder factory, but I chanced it: "Why not?"

The blond gorilla turned from the tire and looked at me. "Yur not from around here, suh, so I'll tell yuh." His voice was soft. "I never got married, 'cause... well... yuh could say... it's like this..."

The policeman with the face of a snarling wolf stammered. The Terminator was shy? Shirley Temple in an Arnold Schwarzenegger suit?

Some sixth sense whispered he was gay. Call it gay-dar. "You don't like women!" I blurted. Oh, shit. That was the gasoline on the campfire. I stopped breathing.

He was dead quiet.

Damn, I shot myself in the foot. I braced myself for screaming, a black eye and a jail cell.

"Yup, that's it," he said, each word dropping like a turd. I took a second to realize what he had just said.

"A gay cop!" I said, dizzy with relief. "South Carolina is more advanced than I thought!"

"Ain't that advanced," he muttered. "They find out about me down at the courthouse, and I'll be out on my ass." He looked me in the eye. "And, suh, I'd come after anybody tellin' 'em, too."

The hair stood up on the back of my neck, and I smiled a sickly grin. "Don't worry about me, officer. I'm a friend. In all the ways you care about."

I grabbed a copy of *Foreskin Quarterly* from the car and showed him. Surprise (and something else) flickered in those green eyes.

He smiled. "I'll be a sum-bitch. I've arrested gays, even took one or two of 'em to jail. Never met one on friendly terms, though."

I held out my hand, praying this wasn't all some sort of sting operation. "Lowell Maxindell. Friends call me Link." He took my hand in his big paw, and we shook.

Then he looked sheepish again and turned back to the wheel.

said, "Ain't this a sight? All my life I liked men but never met one who wouldn't kick the shit outta me fo' it. Now I meet a gay man... like me... an' I don' know what to do."

Oh, my God! The hunky steer is a virgin! My cock swelled inside my swimming suit.

"Damn hot night," I said. "Stifling. I'm glad I've got my shirt off. You ought to take yours off, too, officer. You're working."

"Yessuh, it's a damn hot night." He unbuttoned his uniform shirt and peeled it off.

I had to swallow the drool when I saw his torso: cement-block chest, ribs like ship's timbers, the whole thing covered with golden hair. A flaxen mastodon. Yellow body-hair grew in contours, accenting his macho angles, swirling around the dark-brown circles topped with jutting suck-buttons. His belly-hair made a horny swirl around his navel.

"One thing always itchin' at me was men. Never liked women. Only men." He lowered his voice. "Loved to look at... cocks." He watched to see if that word shocked me.

Then he went on. "Around here, likin' cocks is nigh onto bein' a demon."

Something stronger than the prickly heat big nipples. I itched at me. I wanted to suck those that hard belly wanted to run my tongue down

"I like cocks, too," I said, "and you're a demon, man. Demon hot!"

"Thank you kindly, suh." He lifted the flat tire from the car, biceps surging (with matching reactions from my dick), and rolled it to the trunk. I followed, trying not to pant.

"I read some o' them magazines once," he said in a low voice. "Found 'em in the back of a criminal's car. My sergeant said they were nasty. Perverted. I didn't dare get caught readin' 'em. I had to read 'em on the sly."

He lifted the emergency spare from his car and rolled it to mine. "I'll lend you this so's you can get back ta' town." He smiled like a razor. "I'll follow you in."

He stared into the distance for several seconds. My bare-chested Atlas grew up with bigotry. No wonder he was just a little boy inside. "All them big men with their pants down," he murmured, "really upset me, they did."

He mounted the wheel, then turned to me. "Livin' in a small town, ever'body hatin' I feel... I had to hold it in best I could."

"So you jacked off all the time," I said. My frankness shook him again. "Yeah, I did," he said, after a second. "Still do. Matter of fact, I was doin' it... jackin' off... when I saw you." He looked up at me, and that ugly face smiled. Hopefully.

I've heard, of course, of policemen exacting homosexual tolls on drivers they pull over (a quick blowjob instead of a ticket) but I never thought I could score with a policeman. This fuck-puppy was hot for it.

My heard beat like a motorboat. "Show me."

"Show y'all what?"

"How you jack off."

Directness in matters of sex startled him. I could see him blush even in the moonlight. "Relax," I said, "everybody does it." I reached with one hand to my crotch-bulge and pointed at his with the other. "See there? You're ready."

His blue uniform bulged obscenely. I looked at him straight in the eye and felt that big knot. The man was hung.

He tensed and shrank back, though, as if I had pulled a .38 on him. "Now, yuh oughtn't to do that, suh," he tried to snap, but his voice didn't have a cutting edge. He turned to work at the wheel again, but I reached down to grope him.

"I said stop that," he repeated, pleading, almost in a whine—but he didn't twist his crotch away from me.

I'd never fondled such a big, hulking rogue, and his badge was icing on the cum-cake. "You don't really want me to stop, do you?"

He said nothing more until he lowered my car from the jack. By then I had his zipper down. "Suh," he muttered, "you're a gentleman, and... no suh, this is perverted! I oughta put my shirt back on and—unnnh!" His hard cock was out in the South Carolina air, and I milked it to put him in ecstasy.

All my dreams came true: His foreskin was a long sheath, and even at full hardness, it drooped over his cockhead like a stocking cap. "Colonel Beauregard," I hissed.

"I beg yo' pardon?"

"Movie star. You've got the cock of a movie star." I grasped the shaft behind his glans and slid back the skin. Slowly, like a curtain at a Broadway show, his foreskin rolled back. When his cockhead showed its drooling snout, I spurted precum into my jockstrap.

His piss-hole was unusual, underneath the nose of his cockhead, not at the tip. Everything about the man was erotic and unusual.

The bouquet of his crotch reached my nose seconds after opening his fly. This Southern boy wasn't given to changing

his underwear.

The nearby trees would hide us from any surprise headlights, and the ground was a soft mattress of grass. "Let's move off the road," I croaked in a hoarse whisper.

I led him by the cock, and he followed. My tame grizzly. "It's too hot," I said, "even for pants."

When I stood before him in only a jockstrap, my near-nudity broke the back of his resistance. "Yeah," he sighed, "guess I'll do the same." He unbuttoned his gunbelt and dropped it on the

## Without manual stimulation, his big prick spurted gobs of jism against his chest. Even during ejaculation, his foreskin covered his cockhead.

ground. I wet my lips.

He unbuttoned his pants and lowered them. Ragged white Jockey shorts. I love tight briefs, even stinky ones. They streamline a man's physique, clinging close, emphasizing the curve of his waist and the erotic bulge between his legs.

In the moonlight, the cop was a Greek god with his cock sticking out. His foreskin had unrolled back over his cockhead, the beast back in the natural state.

"Colonel Beauregard," I breathed, "you are something. Would you like a mint julep?"

"Huh? ... what the fuck you mean... I don' drink on duty... aaannnnhhhh!" With a mouthful of crushed ice from my RC Cola, I sucked that big cop dick, pushing the foreskin back with my teeth. A quick learner, he grabbed my hair and yanked my head, forcing his big dick all the way down my throat.

He face-fucked me for a few lunges, then pulled partway out. "Oh, man. Oh, man," he moaned, "I prayed, I hoped. How'd yuh know I was hot fo' this?"

My tongue played over his cockhead, and I chewed lightly to make his fires burn higher. My own fires grew with every breath of his peppery crotch-odor.

I also played mouth games with his foreskin, pulling it down with my lips, stripping it back with my tongue, chewing it a little. With one hand, I cupped his balls, pulling a hair or two to give him little twinges of pain-pleasure.

"Oh, my Gawd," he moaned, his face flushed and his wicked scar pulsing and throbbing.

With my right hand, I steadied his prick while I bobbed my face up and down on it. I let him probe the depths of my throat from time to time. Nothing beats a velvet throat on the cockhead.

My South Carolina trooper went out of control. Drool dripped from his mouth, and his cockhead—and stench—were off the scale. The rutting bull moaned, rolled his head back and his nuts contracted in my hand.

A second later, he let out a grunt of masculine pride, and hot, smarmy semen spurted into my mouth from his underslung cockhole. I relished his jizz: bitter, a little sour, a smarmy liquid with the taste of rum and the gutfire of Southern rot-gut whiskey. I could actually smell it even though I was swallowing it all.

He held it there for several trembling minutes then pulled out, trailing a big, slippery line of cum down my chin and chest. Sweat streaming down his face, he panted. "Never dreamed, suh, I'd ever find somebody

to... teach me." His voice dropped lower. "I want yuh... to do everything. I want it all, suh."

Then he amazed me. He dropped to his hands and knees in the grass. "C'mon Yankee, show me what y'all can do. Take me!" When I moved behind him, he elevated his butt.

I guess he expected my dick, but I pressed my face against his asscrack, mouthing his asshole. "Ohhh," he groaned, "my Gawd, whatcha doin'?" That feels wonnnderful!"

His ass aroma was a gas chamber that made my pecker brittle-hard. My tongue jabbed into his fuck-tunnel, in and out, in and out, goading him into a frenzy. "Annggh, Jee-sus," he grunted, "I'm on fire!"

After diddling his ass-ring for a while, I spit some of his cum over my finger and on his wrinkled rectum. Then I finger-fucked the panting cop.

He choked. "Ungh, I feel it. At last. Oh, yeah, fuck me!"

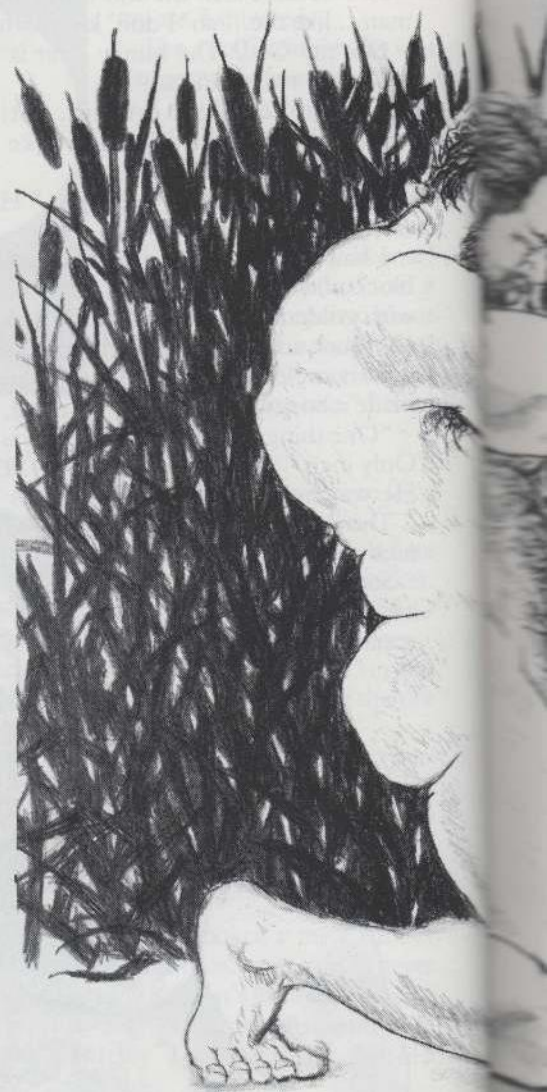

"Not yet, pal. This isn't my dick. I'm working you up to that."

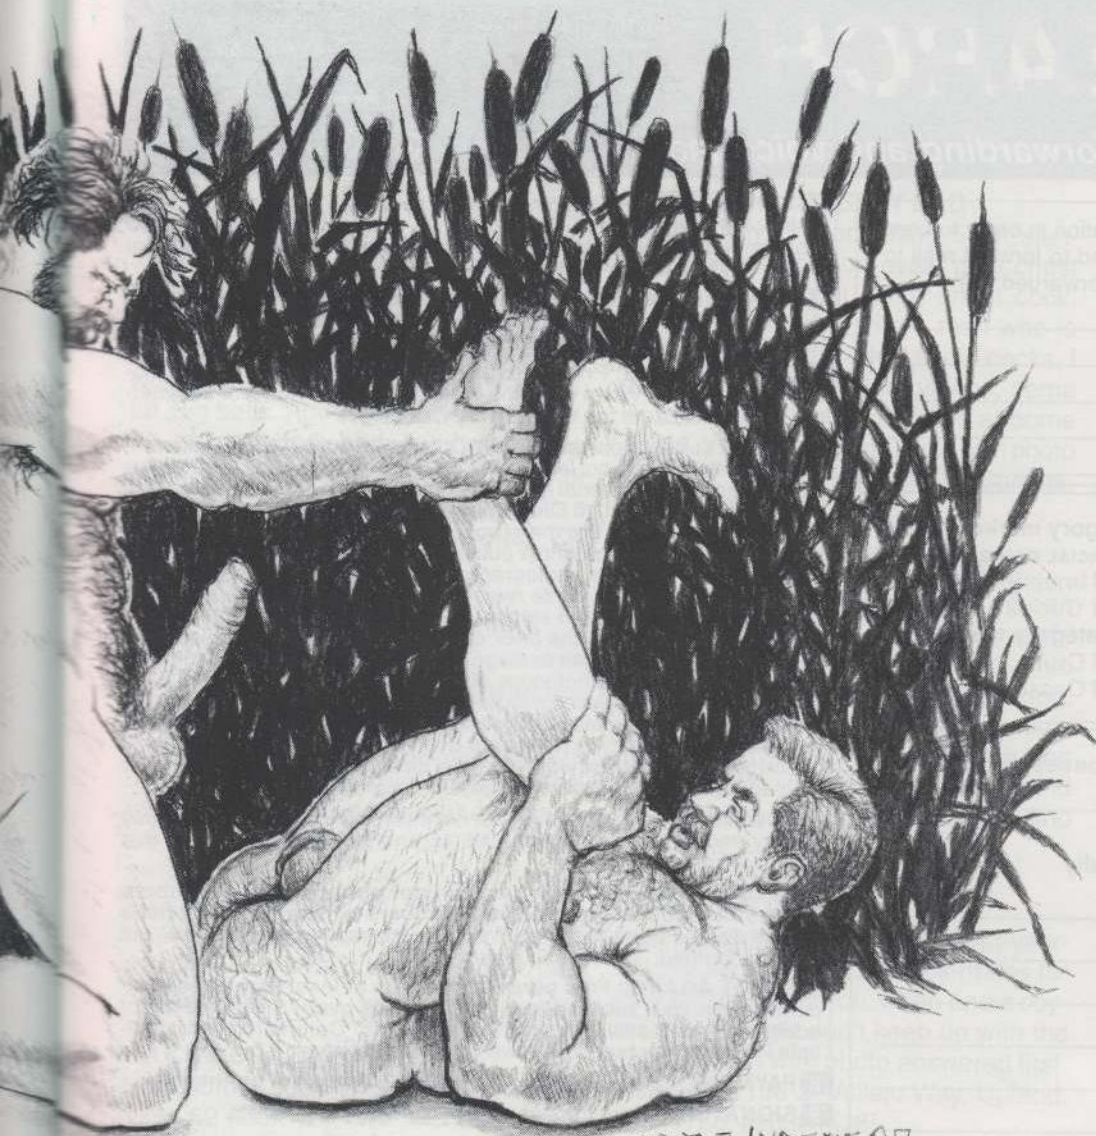

Once his meaty cornhole stretched around my finger, one finger became two. I smeared more jism into his rectum to grease him for another invasion, and a third finger crammed in.

Stretched triple-finger wide, he felt a fourth finger press in, and he clawed at the dirt. When I thrust my thumb inside his unaccustomed backside, he filled his lungs and let out a long, loud howl.

I reached between his legs to check his cock. Still hard, his foreskin covering his dickhead again. Precum drooled from it in a long, thick thread to the grass.

He was hot, stinking with sweat, almost ready. My hand in his ass stuffed him full, but I wanted to make sure when I sank my cock into him, he would be open and panting for it.

DADR/URSUS97

Many younger guys don't realize older men don't have little cocks. A man's penis never grows shorter. With age, it often grows thicker. My cock was 9 inches long and thicker than my wrist. Only a fisting would prepare a virgin for me.

I wanted all the pain out of the way beforehand so his first fuck would be unforgettable pleasure. He moaned, saturated with pain, but the preparation didn't end there.

I curled my fingers into a trailblazing fist to stretch the trembling cop to his max. I pumped it in and out, at first in strokes of only a few inches. Then stronger and deeper.

He surprised me. Even during his first fisting, he wailed, "Yeah! Yuh got yo' fist in my ass! Go on, do it. Fist-fuck me!"

I fisted his hairy bloated ass with fury, and all the while, he let out moaning encouragement. "Oh, yes, ohhhh... yes, do it more." Fuck that fist into me, Yankee man, suh, do it!

His arms collapsed, and his face plowed into the grass. "Oh, lordy, I'm gonna cum," he growled in a muffled gargle.

I pulled my fist out, almost fainting at the smell, and rolled him over onto his back. He had grass stains on his face and chest.

"I want you to look into my eyes," I said.

"Yeah," he gasped. "Hurry. All my life I been dreamin' o' this. Now yuh's here. My man. My teacher. My..."

I yanked down my jockstrap, and his eyes grew wide. "Jeeesus,"

he gulped, "my Gawd in heaven."

Another man admiring your cock is about the highest masculine compliment, but I growled, "I'm gonna fuck you so hard, Southern boy, you'll know why Dixie lost the war." I lifted his feet to my shoulders and nudged my dick at the juicy swirl of his pre-stretched asshole.

"What? Lost the war? Why, you damn Yankee... I'll—" But with a savage punch, I sank into him in one stroke. "Aaagh!" he screamed.

I popped that cop's cherry with one magnificent lunge. My cockhead bottomed out in his guts, my cockheads ground into his butt. "I'm buried to the hilt in you, Southern boy," I muttered.

Once past the pain of entry, he hissed the time-honored appeal: "Yeah, do it! Harder! Take me, Yankee! Fuck me!"

He was so juicy, in seconds his ass slimed my cock, and I could pitch my hips like a Doberman. I gripped his hairy legs, driving full-length in and out, side to side, up and down.

Each lunge brought yelps and gasps, and the fuck-monster below me was a giant mass of sweat-matted hair. I pulled the blond fur on his thighs to give him pain tingles.

Fucking that man was pure male-heaven. I didn't want it to end. After several minutes, though, my balls blew. I blasted into his guts, a fucking Roman candle of pleasure.

When he felt the gushes of my sperm filling his fuckhole, the policeman went off, too. His eyes rolled up in his head, and his mouth sagged open. "Ahhhh, Gawwwwwd, yeahhhhhhhhh!"

Without manual stimulation, his big prick spurted gobs of jism against his chest. Even during ejaculation, his foreskin covered his cockhead. His prick looked like a giant sea-slug splitting white slime on him.

He moaned in incoherent pleasure. I did the same. The maiden voyage of his butt gave me a sensational orgasm.

Even as I went limp inside him, I'll be damned if his ass sring didn't clench my cock, trying to keep me hard. I dropped my hands to clutch his hard buttocks and kept my pecker in until it slurped out by itself, followed by a gush of my cum.

His chest was awash with sticky white cop-semen, mixed with sweat and grass. Its reek burned my nostrils. "Man," I gurgled, "you got anything left in those balls?" I massaged some of it into his nipples.

He panted, "Tell you what, suh... you wanna find out, I'll rent us a motel room in town tonight."

"Yeah."

I never did learn his name. Now every time I pass that way (and I go out of my way to do it), I call his number and ask for Colonel Beauregard.

### HUNGRY - FOR KNOWLEDGE

Oh man! Just came aware of *FQ* Magazine with issue #25 and what can I say? My head is spinning. what's depicted and written about is totally awesome. As with most American males I was cut at birth. Unfortunately, I am without a clue about what's referred to in the magazine as stretching techniques and commercial or homemade devices to acquire an overhang to one's shaft. I think I'd like to get into this activity but I need information. Please don't ridicule me for being either this naive or stupid. Is there a kind-hearted guy out there willing to respond to a letter to advise and inform me about what I don't know how to do myself? Perhaps what the method is that you use, what "tools" you may have used, and to what degree you have been successful and satisfied, if at all. I should tell you up from that there is no possibility for us to meet personally as much as I'd love "hands on" instruction from you. #21030 [29]

the movie

OK, we've heard the talk. "Not enough uncut guys in porn..." "Where are the real men?" "Why don't guys know what to do with foreskin in fuck flicks?" Well, instead of bitchin' about these and other foreskin film fuck-ups, we decided to shut up and put up. Finishing production work is being done on FQ's first movie, *Uncut Glory!* The sex has been shot. The cum's been mopped up. And the stars have gone home. Now things really heat up, on your television screen! Starring such studs as Anthony Gallo (FQ 25), Buddy Larue (FQ 24), Trent Comeaux (FQ 22) and hot newcomer Joe Dixon, this is foreskin-filled fuck-footage you won't want to miss. Grab a six-pack on your way home from the video store, kick back and work yours while these uncut studs show you theirs.
