letters

Dear FQ:

I should have written to you sooner. OK, here it is: I don't like looking at professional bodybuilders. I think they stink. What happened to the average guy with foreskin, the skinny kid with a big dick and foreskin? Give us all meat and no potatoes.

J.B.

New York, New York

I think professional bodybuilders stink, too, especially after a good workout when their pits and 'skin are all ripe, and you can get down there and take in the whole musk. But hey, I digress. We try to get a good variety of models in our magazines. I know for me, personally, some models do it for me more than others, but one that really makes my boat float can make up for what are for me a few submarines. We try to make sure we get a good balanced meal of meat and potatoes in FQ, so keep in mind that a couple potatoes could be a sign of some meat to come.

Dear FQ:

I want to see more Vinnie. I think he is so hot. Where can I get more information on him. Thanks for letting me know about his movie. Thanks for making me horny. Foreskin forever!

Anonymous

Baltimore, Maryland

We can't get enough of Vinnie ourselves. In fact, we liked him so much, we also put him in Hombres Latinos 8 and in our upcoming BEAR video, filmed in Palm Springs. You can also find him in Street Fair Meat, from Atlas Studios, which can be ordered (warning: shameless plug ahead) through us here at Brush Creek Media (call 1-800-234-3877).

Dear FQ:

I bought my first copy of your magazine. It is great. I can't keep my hands

some 'skin on your mind?

off my cock. And, the spread on Anthony Gallo—wow! What a handsome hairy body, and that cock—I could worship it. I can't get enough of him. He could be my drill sergeant anytime. My mouth and my hole are waiting for attention from that big uncut cock. Please forward my letter to Anthony.

H.B.

Zanesville, Ohio

We're glad to hear we're providing inspiration to a whole new audience as our magazine continues to grow. As far as worshipping Anthony Gallo's uncut cock: you're certainly not alone. His photos created quite a stir here in our offices.

Dear FQ:

Probably not since I stole my first magazine showing male organs (I had to steal it—I grew up in a small, rural Appalachian town. Buying it would have gotten me tarred and feathered), have I found a journal that captivated me like FQ. I swore off magazines in the late '80s, reasoning that there were only so many different ways you can see the same thing.

After spending hundreds or perhaps thousands of dollars on prints, I just gave up on magazines as a waste of paper. Your FQ really turned my head around. I bought one last week and have since been enthralled by its scope and point of focus.

I myself am uncut, just like my four brothers, but that was due more to economic considerations than aesthetic ones. We were all born at home, delivered by a country doctor, and his fee was twenty-five dollars for delivery and two more for circumcision—two dollars our family could use better elsewhere.

All through high school, I saw very few other uncut cocks in the bathrooms and locker rooms, making me feel like some sort of deformed minority.

I used to not care what kind of cock the men I met had, but as time goes on, I'm finding that I'm developing a prefer-

ence for the natural, uncut cock. Your magazine has made me even hungrier for uncut cock, and made me grateful for my own 'skin. The copy I bought, FQ 25, I usually keep on the passenger seat while I'm driving. I just like the view.

If I may make a small critique of your journal, I really like the black and white photos over the color ones. The black and white medium seems to make the subject matter contact better.

Again, thanks so much for your magazine.

D.W.

Charleston, West Virginia

First of all, we can't condone the stealing of magazines. You should pay for smut the way God intended—in cold hard cash. We have to pay our rents somehow.

Secondly, thanks! We try to provide our readers with an alternative to most other magazines, which feature models who've had the misfortune of being clipped.

Thirdly, be careful putting your magazine in the passenger seat, especially if you have a convertible. Those puppies can fly!

Finally, I love to hear what folks like and don't like about the images in FQ. I agree that sometimes black and white is the best way to view a scene, but sometimes color makes the model pop to life. Fortunately, we have the best of both worlds here at FQ—color and black and white.

Dear FQ:

I do not know how to thank you for the pictures of soft uncut cocks, especially on page 24 of FQ 25. It's been making my mouth water.

S.Y.

California

You just did. Sticking with this issue's apparent theme of variety and inclusion, we try to get a good variety of images of each model's member... flacid, swollen, and tumescent.

Dear FQ:

My subscription began with FQ 25 and the photo on the contents page is one of the most sensuous pictures of two guys making love that I have ever seen. It just proves that you don't have to wave genitalia in front of someone's face to be sexy (not that there's anything wrong with that, ei-

ther). I can even imagine that before he begins some serious plowing, that the dark-haired top has paused a few moments to allow his friend to become accustomed to the huge manmeat that's lodged in the virgin boy-pussy that the bottom has just relinquished out of love for his buddy. Wow—it's sure easy to fantasize while looking at that picture!

There is so much of interest in your magazine that I wonder if back issues ever become available. Mention was made of an article concerning penile sensitivity which appeared in *FQ* 24 that I'd like to read.

I was also glad to see that your reviews include the films of George Duroy. I think his are the best gay fuck films available today. Kristen Bjorn's videos are great, but he has the tendency to dub over the soundtrack, which is so annoyingly artificial that I watch some of his offerings with the audio muted. J. D. Cadinot is almost always a winner; many of his videos exhibit a sense of humor seldom seen in videos made in this country.

Congratulations on an excellent magazine. I'm looking forward to future issues and I'd really like to know about the availability of back issues.

J.F.
Sheboygan, Wisconsin

It is amazing how much a photo can inspire, especially when that photo leaves something to one's imagination.

Back issues of FQ are, indeed, available through us here at Brush Creek Media (call 1-800-234-3877).

Dear FQ:

Thanks so much for a great issue. *FQ* 26 was the best yet. I love your 'Skin Slappin' Daddy especially. I'm a big fan of foreskin and I'm one of the lucky ones to have been left intact. I love showing my dick off and would love to show it off for your readers. How do I go about doing that?

P.M.
Chicago, Illinois

We're always looking for new models. If you think you've got what it takes and would like to show it to an appreciative audience,

send us a few snapshots. We have photographer contacts in most of North America, and if we think you're right for FQ, we'd love to help you show it off.

However, we can't publish any photos without a model release, including a picture I.D. with date of birth. We've included on this page a copy of our model release, which you can cut out or photocopy, fill

out and send to us along with a clear picture of some photo I.D. which include your date of birth. Of course we can't guarantee that all submissions will be used, and if you want anything returned, we ask that you include a self-addressed stamped envelope along with your submission. We're also happy to have model prospects drop in at our publishing office at 367 9th Street here in San Francisco, where we can snap a few Polaroids of you to use during our selection process.

DADĒ/URSUS

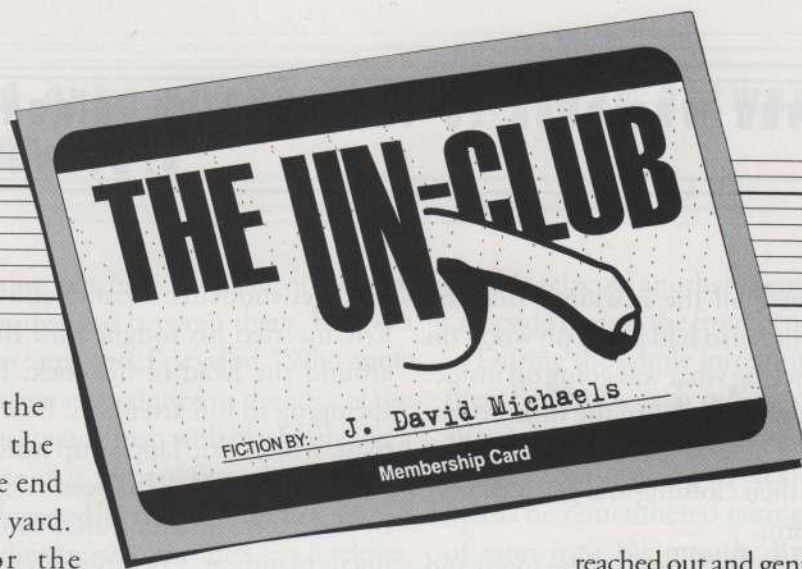

Natural men are what DaDe/URSUS likes to draw best, and it certainly shows. Unlike a lot of other erotic artwork, his men are often the kinds of men you'd actually see in real life. So it would make sense that a good deal of his artwork features men with natural, uncircumcised cocks. The artwork on these pages presents just a small fraction of the artwork he's done over just the past few years. A more complete retrospective of his work is available in the book, *Bears, Beasts & Masculine Beauties: The Erotic Art of Dade/URSUS* from Brush Creek Media. It can be ordered by calling 1-800-234-3877.

DaDe/URSUS 96

Bret was watching the clock and counting the minutes, anticipating the end of his shift at the lumber yard. Bret was working for the summer at the lumber yard to help pay his way through college. In two months, Bret would turn 20. He had a youthful, trim, muscular body, coupled with a handsome face that could almost make stone statues in the park where he jogged, twist their necks to cruise him as he passed by. Often the ladies in the office would line up at the office window to watch and swoon over Bret as he walked past their office to punch his time card. Bret had always been a head turner, if his physical beauty didn't turn people's heads, his well stuffed crotch would usually do the trick.

At last it was quitting time. Bret stowed away his equipment and made his way past the gawking office ladies to the time clock. He was in a hurry to get home and cleaned up for his Un-Club meeting that night. Bret had been a member of the club for about six months now, after being recruited in the locker room of the local YMCA. It happened after Bret had showered and was getting dressed in the locker room. Eric, who had been watching Bret with intense interest, approached Bret as he was getting dressed. Eric asked him if he were interested in joining a club that was exclusively for men that had not been circumcised.

As Bret drove home, he remembered the day he had been recruited into the club. The images were still crystal clear in his mind. He remembered Eric standing next to him in the shower room, then following him to his locker. Bret looked down at Eric, who stood naked before him, his body covered with light blond hair. Eric had short curly blond hair that hung in wet ringlets. Eric had a mischievous grin on his face and a semi-erect, uncut cock that proudly displayed about a half inch of foreskin overhang on the tip. Bret could feel his cock stirring as he scanned Eric's shapely naked body. Bret asked, "What do you guys do at these club meetings?" Eric replied, "Normally, we check our clothes in the front locker room, then the meeting is held in the private back room. We have an open format, so you can do whatever you like, or

whatever pleases you!" Bret scanned the locker room to make sure they were alone, then he

reached out and gently grasped Eric's cock, which immediately sprang to full attention when Bret touched it. "I think you're getting the idea of the club!" Eric exclaimed.

The Un-Club had been in existence for over six years; it was an exclusive club which could only be joined by special invitation from a member. Of course the basic requirement for club membership was that you have an uncut cock. The club had regular meetings every other Friday night and special weekend meetings twice a year. Bret always looked forward to the next meeting as soon as he got home from the last one. For him, waiting two weeks for the next meeting seemed like an eternity.

While showering, Bret's cock stood straight up as he thought about his initiation into the Un-Club. Eric, who had recruited him at the YMCA, just happened to be the president and founder of the club. This was a fact that Eric did not disclose when he recruited Bret. According to club initiation rites, all new candidates must get up on the stage in front of all of the members and get off with the president of the club, or someone the president chooses. Bret thought when he was told about the initiation rite, that they just had to suck each other off; however, he was in for a very pleasant surprise.

The official rules stated that he had to dock with the president, or the guy the president chose, and they both had to cum while being docked. The only exception to this rule was when a guy did not have enough overhanging foreskin to accomplish the task without causing one or the other damage. Fortunately, Bret was blessed with about an inch and a half of overhanging foreskin. Bret, still showering while he remembered his initiation, started stroking his rigid cock.

Eric had picked him up for the first meeting and drove him to the meeting place. It was a small, run-down shopping center. They parked in front of a storefront which had the windows blocked out with plywood painted black. On the large glass pane to the right were the letters "UN"

“Eric, who was used to this routine, pinched either side of Bret was certainly not ex

painted in white. There were all the markings that the storefront had. The glass door also had black plywood on it, preventing anyone from seeing what was going on inside. Eric inserted his key and they walked into the front room, which was a dressing room. There were about a half-dozen guys in the room removing their clothing and getting ready to go into the meeting room.

Eric took Bret to a locker at the far end of the room and told him that this would be his locker from now on. He instructed Bret to take his clothes off and store them in the locker. Bret scanned the room while he slowly began to peel off his clothes. Eric was busy removing his clothes at the other end of the room. Bret felt a wave of shyness as he stood at his locker totally naked. His shyness was soon chased away when Eric walked over and started handling his cock, getting it ready for the grand entrance into the meeting room.

Bret remembered all of the details as he entered the room. It was a very large white room, lighted with four torchiere lamps in each corner. There was a stage which was about three feet high positioned at the back of the room. The stage had a large wall-sized mirror behind it. Bret looked around, astonished to find about thirty men sitting on benches, totally naked. Some of the men were sporting raging hard-ons, while others were relaxed and flaccid.

They all turned and watched as Eric led Bret to the stage. “We have a new recruit tonight. This is Bret!” Eric announced. Bret waved, which immediately drew loud whistles and cheers from the crowd. “Is everybody ready for the initiation?” Eric asked.

“Yes!” came resounding from the crowd. A spotlight suddenly flashed on them, flooding the stage with blinding, bright light.

Bret looked at Eric and whispered, “I think I’m getting stage fright!”

Eric replied, “You’ll get over it real quick, I promise you!” With that, Eric dropped to his knees before Bret and took Bret’s cock into his mouth. Several of the men sitting on the benches were whistling and encouraging Eric

on. Bret suddenly became oblivious to their comments. Eric inserted his tongue into Bret’s foreskin and probed around the head of his cock. Bret’s cock responded by springing to full attention. Bret started precumming like mad, which Eric lapped up immediately.

Bret felt as if he had been teleported into another world by the expert attention that Eric was giving his powerful, uncut manmeat. Eric stood up and faced Bret with his own cock throbbing hard. Since Bret had more foreskin overhang than Eric, Eric stretched Bret’s foreskin over the head of the cock. This was the first time Bret had ever docked with a guy. The feelings were so intense as the head of his cock came into contact with Eric’s that he thought he would blow his

load right then and there.

Eric noticed that he was about to pop off, and stopped for a moment saying, “Easy, boy. Let’s make this show last a little longer than this!”

Bret looked in the mirror behind them on the stage and was simply amazed by the column of meat that was between him and Eric. Their two cocks were joined by his foreskin. “We look like Siamese twins, joined at the dick!” Bret whispered to Eric. Eric smiled and tried not to laugh. He just resumed a gentle stroking of their combined meat.

Bret could feel his cock becoming more and more slick with their combined precum while Eric slowly stroked their cocks.

“You’re fuckin’ gorgeous, you know!” Eric whispered to Bret. Bret blushed with embarrassment and replied “Thanks!” Eric reached over and kissed Bret, slipping his tongue deep into Bret’s mouth.

They remained locked at both their mouths and cocks, pumping their cocks and probing each other’s mouths until Eric breathlessly exclaimed, “I’m just about over the top. How ‘bout you?”

“Damn close!” Bret replied.

The crowd sensed that the big finish was coming up. Their cheers and whistles increased until finally Bret and Eric came together.

Bret could not tell if he started shooting his load first, or if Eric had. It was a wonderfully strange sensation for Bret. Eric,

who was used to this routine, pinched either side of the now ballooned area of foreskin that was between them. Bret was certainly not expecting what came next. Eric yelled, “Who wants to clean up?” About a dozen men bounded to the edge of the stage. Eric pointed to a cute young man with black hair and a short beard. The man came up in front of Bret and Eric, knelt down in front of them and opened his mouth wide. Eric pushed both of their cocks into the guy’s mouth. Bret felt a release, then gentle licking of his cockhead. The guy looked up at Eric and Bret with cum dripping from his beard, obviously thrilled to have been selected to clean up their cocks.

Caught up in his hot thoughts about his initiation, Bret almost fired a load of cum into the shower stall, but quickly snapped back to his senses and pinched the base of his cock to stop the impending release of his pent-up jism. Every time Bret thought about his initiation into the Un-Club, he would become rock hard and ache to empty his nuts.

Bret stepped out of the shower, toweled off and went into his bedroom, his cock still standing proudly in front of him. While he dressed, Bret stood and admired his long, thick, uncut tool in the full-length mirror that covered his closet door. Finally it was time to tuck his unruly rod into his Levi’s and button up. He had to walk away from the mirror and allow his rigid cock to soften enough to bend it and tuck it away into his jeans.

Bret had been driving to the club by himself since his initiation meeting; however, every time he walked in the door, the first person to pounce on him was usually Eric. Normally Bret had noticed that the guys would form small groups and compare their rods, especially with new recruits. Sometimes a couple guys would be busy in various corners of the room taking care of business. Often groups of guys would gather and have mini-orgies. New members were always included in some way by the regular members to make them feel at home. Every time he had attended, there was always a new member or two undergoing initiation into the club. At the last meeting, after Bret walked in, Eric

quickly selected another member to do the initiation, then sat beside Bret on the front bench and watched the initiation.

During the whole initiation process, Eric and Bret kept their hands on each other’s cocks, stroking them gently. When it came time for the clean-up, Eric nudged Bret and said, we’re going to clean them up. Bret smacked his lips as he remembered taking part of the combined loads of cum into his mouth. Bret took the initiating club member’s cock into his mouth and licked it clean, and the new member’s cock was left for Eric to clean up.

“I didn’t want to blow my load; that’s why I had Rick initiate the new member tonight. I’m saving my load for you!” Eric exclaimed as he wiped his mouth on the back of his arm.

That was a white-hot meeting for sure. Bret ended up sucking and fucking Eric for over three hours while a group of guys formed a circle around them, jerking furiously on their uncut cocks. After Bret and Eric lay spent in each other’s arms, the guys closed ranks and began spraying them with their cum. Wave after wave of cum splattered on their chests, faces and torsos. The smell was incredible. It drove Bret wild with desire as he reached out to

fondle two or three nice specimens of prime, uncut meat that dangled over his face, dripping with cum.

The Un-Club had certainly never disappointed Bret. He always managed to get his rocks off two or three times at each meeting. Eric had made him promise to save one load for him at each meeting. Bret became quite a commodity at the Un-Club, his good looks often driving guys to the point of fighting over him. Bret could not understand this, because with the exception of a couple of guys, all the members were prime examples of masculine beauty. Even with all those beautiful uncut guys at the club, Bret had to admit, he held a special place for Eric, and was looking forward to sharing his load with him that evening.

Bret arrived at the Un-Club early. He was undressing when Eric walked in from the meeting room followed by a new face. “This is Steve,” Eric

“We are going to dock and cum into each other’s foreskins while we’re docked,” Bret explained.

exclaimed, pointing to Steve, “Steve, this is Bret, he’s the one I told you about!”

Steve reached out and gripped Bret’s hand. Bret looked down and couldn’t believe the monster that lay sleeping between Steve’s legs. He traced the shaft up to a thick bush of dark-brown public hair. His foreskin extended at least two inches from the head of his cock and ended up in a perfect rosebud that made Bret’s mouth water.

Bret looked into Steve’s beautiful green eyes and was absolutely intoxicated by him. Eric slapped Bret on the shoulder and said, “I’ve selected you to initiate Steve into the club tonight. I’ll do the clean-up for you two!”

“Wonderful!” Bret managed to croak out as he released Steve’s hand, which he had been awkwardly clutching since he was introduced. Eric left Steve with Bret.

The two of them remained silent for a few minutes, then Steve asked about the initiation. “We are going to dock and cum into each other’s foreskins while we’re docked,” Bret explained.

“That’s certainly something I’ve never tried before,” Steve replied.

Since it was early, Steve and Bret went into the meeting room and sat in the front row of benches. Bret saw that Steve was nervous, so he reached over and fingered Steve’s cock. Bret was amazed at how large it became. Steve groaned as Bret pulled his foreskin back to reveal his beautifully shaped purple cockhead. Steve’s large piss slit oozed a clear drop of precum which Bret wiped onto his finger, then put his finger into his mouth and linked off the precum. Steve nervously played with Bret’s cock, and finally ended up leaning over and sucking on it.

“Save that for the Stage,” Eric chided as he swept past them to greet some of the other members that had arrived.

It was time for the initiation. Bret introduced Steve to the members and proceeded to start the initiation. Steve went limp almost immediately as the spotlight hit him. Bret was able to coax his monster cock back to full attention by sucking on it. As it grew larger and larger, Bret could feel his mouth stretching, and before long, they were ready to begin the initiation. Even fully

erect, Steve had a generous overhang of foreskin, so docking would be a breeze with him.

Bret rocked slowly as they peered into the large mirror. Bret could hardly believe his eyes when he saw his cock joined with this huge crank that Steve was wielding.

Steve leaned over and whispered to Bret, “I can’t cum unless I’m kissing.”

“Then let’s kiss,” Bret replied. With that, Steve and Bret joined their lips together, tongue-fucking each other. When Bret felt the first hot splash of cum, he quickly held the dock firmly in place as Steve grunted and twisted, digging his tongue deeper and deeper into Bret’s mouth. The warm gushing and expanding sensation sent Bret over the top and he began adding his white-hot cum to Steve’s.

Eric jumped onto the stage and opened his mouth. Bret directed both of their cocks toward Eric’s mouth. Eric tried bravely, but just could not possibly take both of their cocks into his mouth. He had to settle for cleaning them up one at a time.

Steve, finally relaxed, was enjoying the cheers and comments from the crowd. Steve turned to the audience and shook his monstrous cock up and down, then stretched the foreskin far out in front of the head of his cock.

The crowd went wild; several of them came up to the edge of the stage and took turns sucking on Steve’s cock and chewing his soft foreskin.

Eric motioned for Bret to follow him to the opposite side of the room, where they had their usual intimate time together. “You know, Bret, I would like for you to be the vice-president of the Un-Club. What would you say about that?”

“Sure. What does the vice-president do?” Bret inquired.

Basically,” Eric answered, “he’s the president’s lover, and also gets to initiate any new member he chooses, so long as he remembers to go home with the president at the end of the meeting!”

Bret reached over and kissed Eric, then kissed his way up Eric’s neck and whispered, “I’d be honored to be your vice, Mr. President.” ☞

SHARING

Fiction by W. Steubner
Photography provided by Le Salon

Michael had answered my ad. Later, on the phone, he said he was "very inexperienced." He waited until he was in my pickup, as we were driving to the river, to mention a problem. "I'm married," he said. "I hope that doesn't make you change your mind." I just smiled.

Parked at last, while my fingers moved to the metal tap of Michael's zipper, I said "Relax, don't be so worried." Within the shadows of the willows at the river's edge, miles from town, I said, "No one comes in here; let's see your dick."

"I don't know..." he said, folding his hands over his crotch.

I thought of Mr. Anderson, my old wrestling coach. He was shy, too, and just as protective of his dick. He was a big, hairy, muscle-monkey in size twelve gym shoes and towered above me at six-foot-three. His pink cut dick, when he finally let me suck it, was only three or four inches long, no bigger than a thumb. It had turned out that the huge bulge in Coach's shorts was all potatoes.

"I don't care if it's short; I'll suck it anyway," I said to Mike.

He nudged my hand off of his fly. "That's not the problem," he said, "I'm kinda nervous. I haven't done anything like this since I was in the Navy." Sweat glistened across his forehead.

"Here's mine," I said, unbuttoning my Levi's. He shifted to watch me pull my jockeys down under my balls and drag out my pretty eight inches. "Go ahead, you can touch it."

His neck and cheeks flushed red as he managed to reach over to weigh my balls. "Nice," he said, "You're sweating, too." Even with the windows rolled down, the hotness of summer oppressed.

The pickup seemed airless, parked near the humid river. I took off my T-shirt to cool my belly and leaned back, closing my eyes.

The long silence was broken by nasty crows' chatter. I caught Michael rolling the flat of his hand slowly over his pants teasing a secret boner. With the other hand, he palmed my nuts, lifting them to peek at my asshole. I spread my legs. "You're hairy," he said, poking a long finger under my balls, barely touching my asshole. I decided I would let him take his time and do whatever he wanted. I heard him

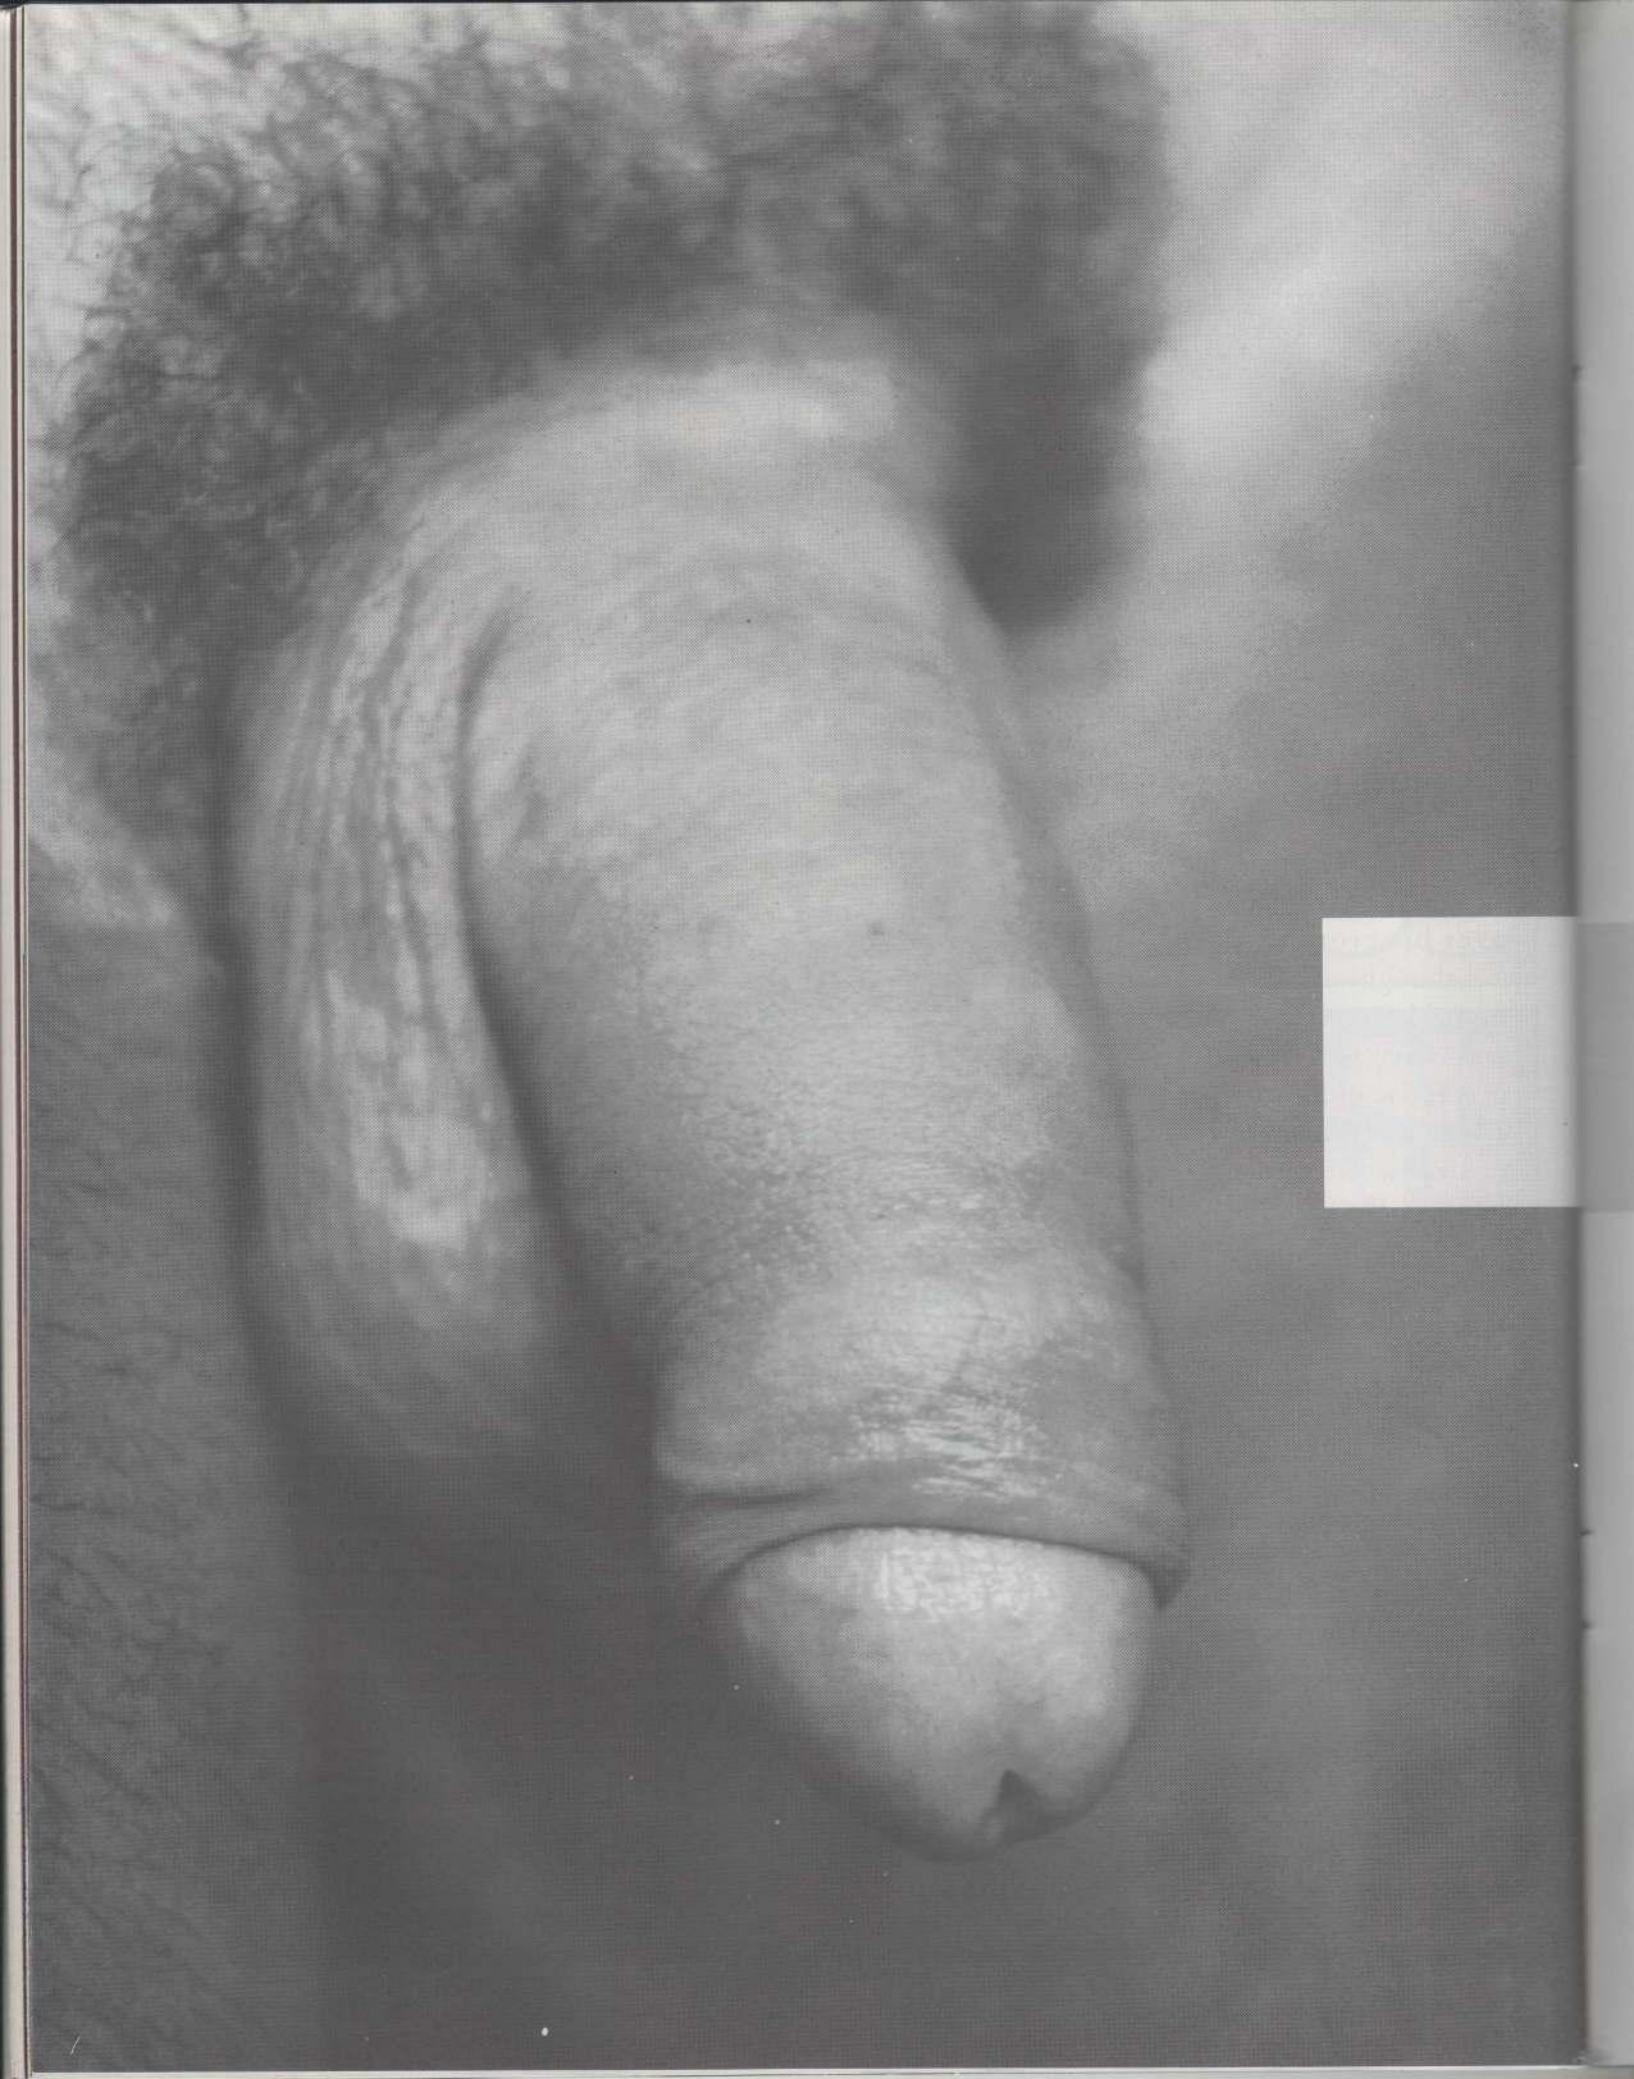

**"Go ahead;

moving forward and watched him sniffing me between my legs and under my nuts. His nose passed up my balls and sniffed my brown bush; his hand lifted my hard prick as he examined my fat cockhead. Seeing me watching, he smiled and licked once, very cautiously, at my deep dick slit.

Nervous again, he turned his head away. With his cheek pressing my cock, he laid his head on my thigh, and seemed to be resting until I felt his swaying. Twisting over, I could see his sly hand in his black pants rocking his cock. Even as he knew I watched him, his hidden hand continued to shuttle, jacking his dick.

"Show me. Let me see it," I asked.

He sat up drawing his hand out of his pants. He said, "I leak a lot. It's all sticky." He didn't pull away when I spread my hand across his lap, over the crotch of his black trousers and down

the thick protrusion against his left leg. Rolling the cloth that confined his hard dick, I felt and saw the leaky spot. "I haven't cum for a long time. I get wet when I'm really horny," he said, almost apologetically. I pinched the moist stain. Shifting my head, I blew hot puffs into the fabric of his crotch, biting down the hard pipe of his hidden dick and shifted my head further toward the spill soaking his pants. I got a hint of his weepy cockhead. Sucking for flavor, it seemed only salty. He seemed confused as his hand found and roughed my big cut dick too wildly, yanking my dick as he rose up, moving my head off of his sheathed hard-on. He said, "I'll just jack you off. You don't have to do me."

"Ouch! That hurts!" I blurted out. His rough hand released its grip and ceased rubbing me. I unzipped his pants and combed my fingers under his old Fruit-of-the-Looms. The hair was like his mustache and beard, not wholly brunette, but auburn, too. It nearly glowed as the sun

He insisted, "I don't think it's clean; I can smell my own cock."

My fist at mid-shaft yanked down, dragging the foreskin away from the sticky dome. I licked the shiny head, letting my tongue split the divide, lapping into his drooling slit. He shuddered and gulped. Released, the foreskin recovered slowly, bunching in folds, circling at the red flange, popping over the ridge, capping his head again. Lower, I licked his handsome nuts spread out on the upholstery. "Raise your butt and slip down your pants and underwear," I asked. Naked below the waist, his big uncut dick swayed up-and-down with his hard pulse. He retracted his foreskin himself, exposing the redness of the oily head. We could both smell his horny prick. He skimmed a single finger into his foreskin then sniffed it and frowned, but licked his wet finger, tasting his own secretions for what was probably the first time.

"I showered this morning," he continued. "It gets like that when I'm hard for a long time. Why

"Really?" he asked. His eyebrows raised in surprise, he continued, "You like my foreskin?"

illuminated the progress of my unveiling. I tugged to bring his prick out. It was pretty, bloated, flawless, large, long, drooling, and it arched on its own. At about eight and a half inches, it was still only rubbery—not fully erect. It was very thick at the base and roadmapped with blue veins—pinker where the fleshy foreskin closed in a folded spout of the bulbous head. "You're uncut! You have a foreskin. Oh, that's beautiful," I said, "It's perfect!" His foreskin leaked on my hand.

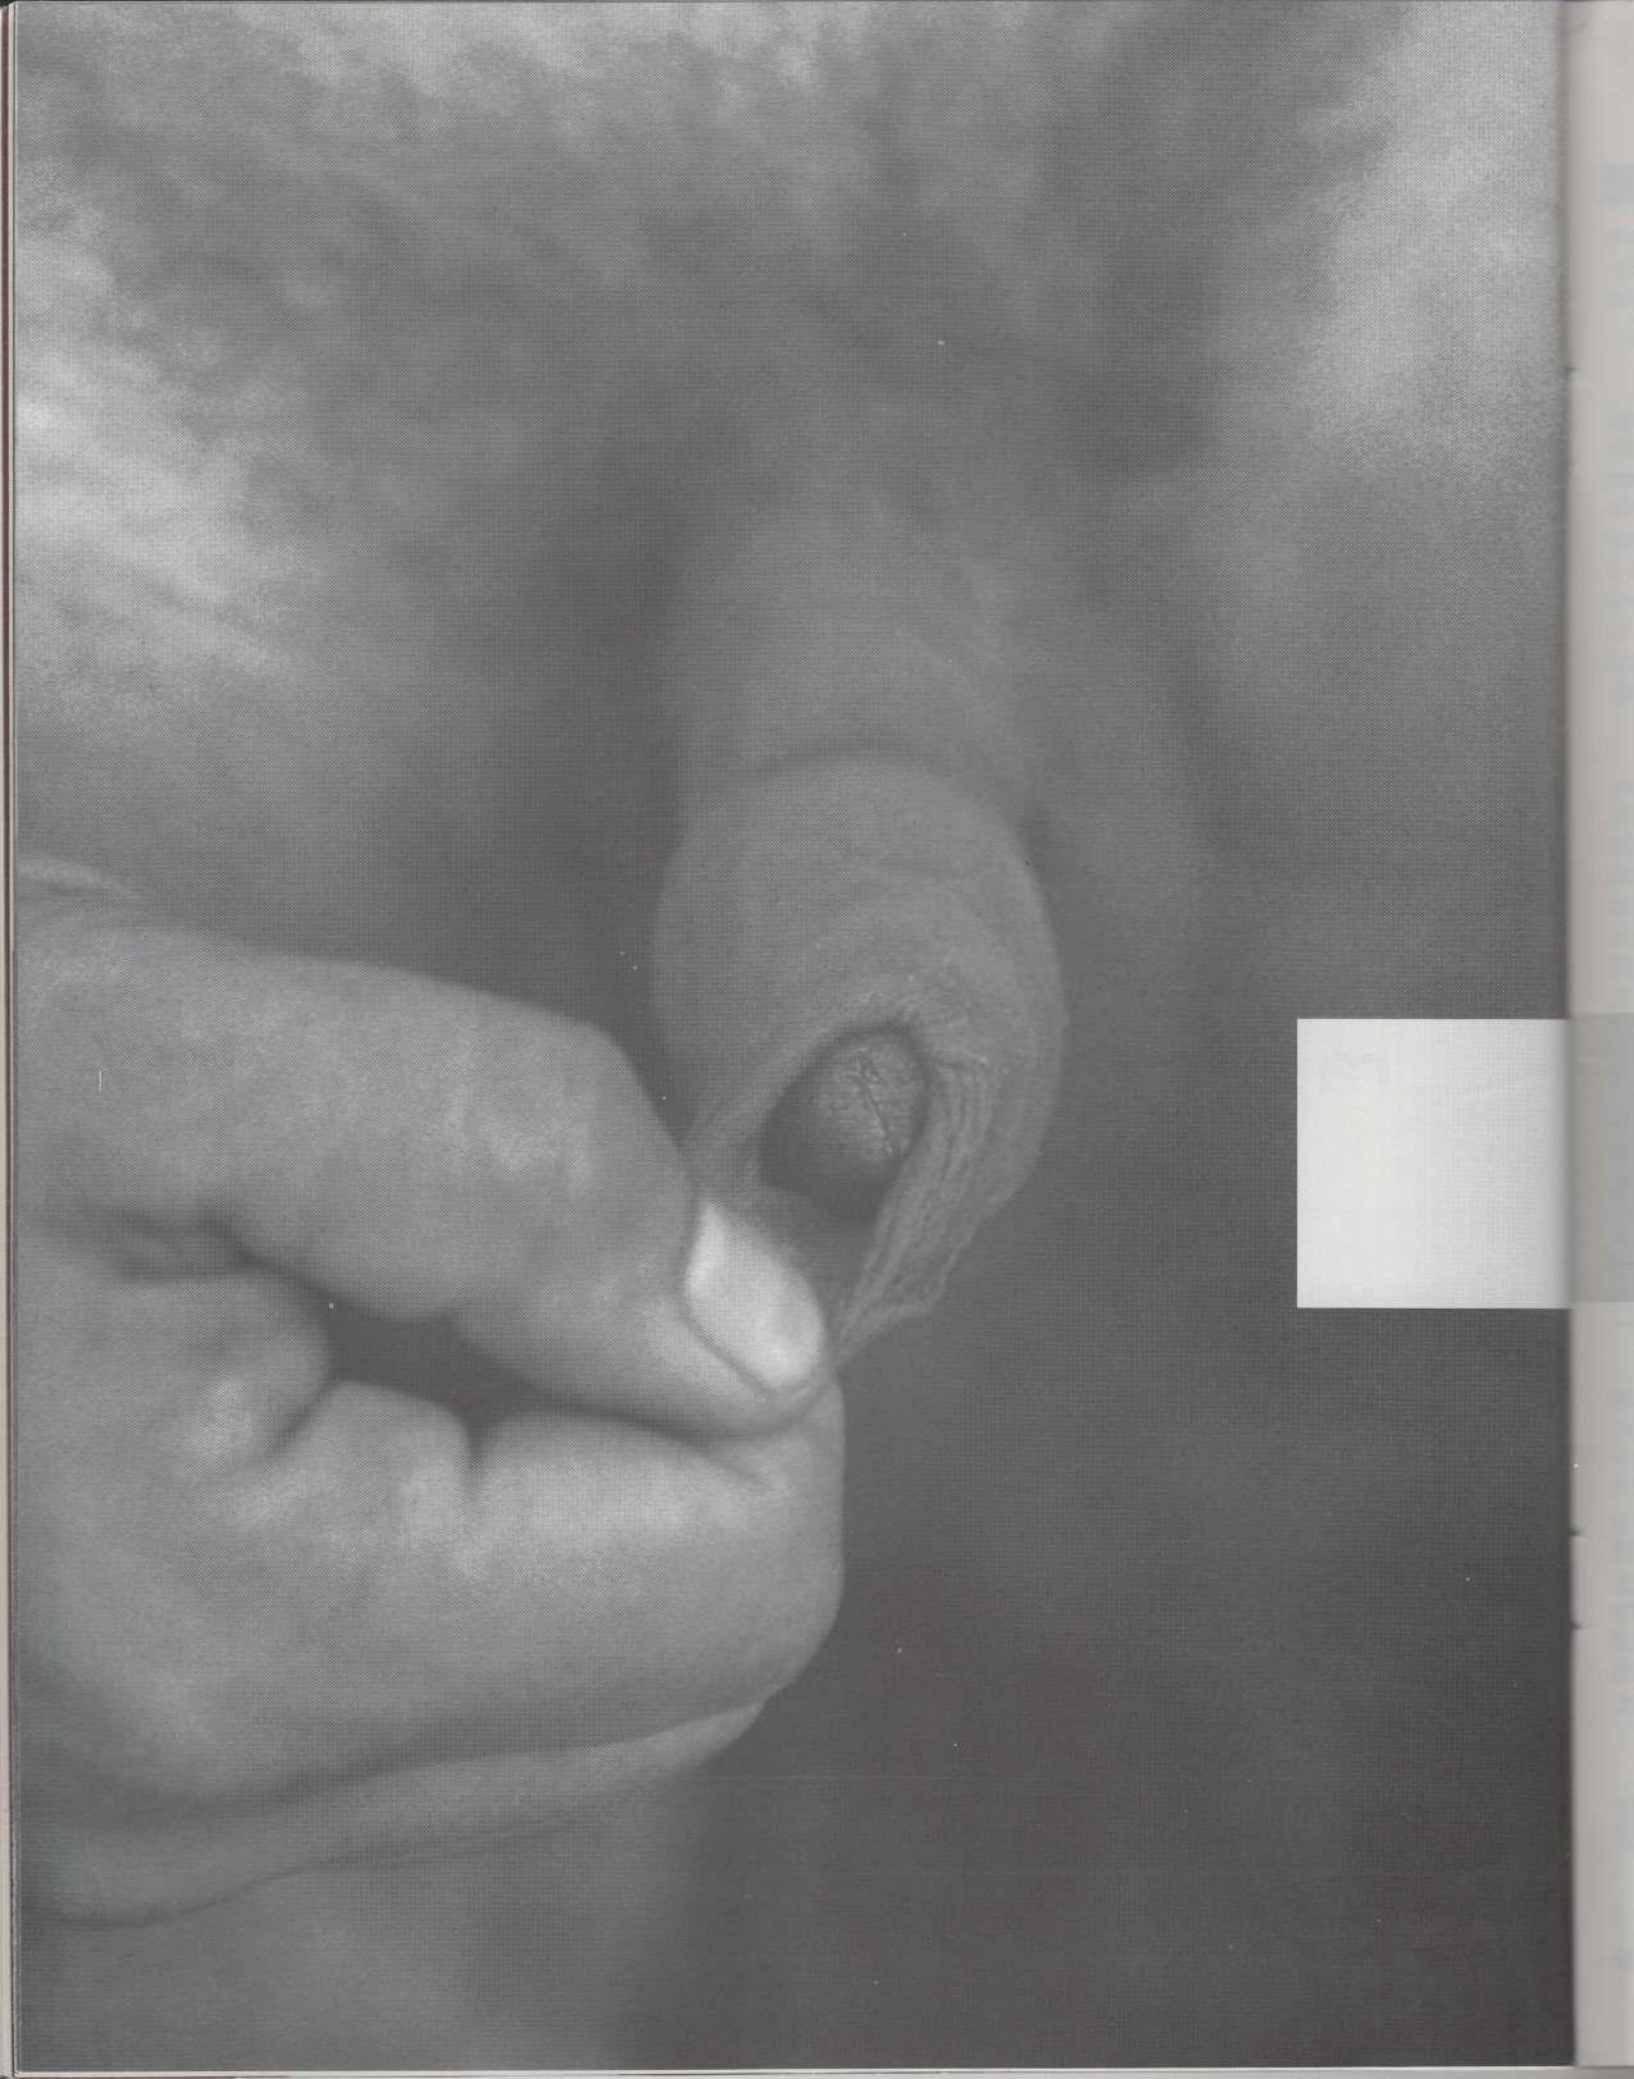

"Really?" he asked. His eyebrows raised in surprise, he continued, "You *like* my foreskin?"

"Yeah, a whole hell of a lot," I said, indexing a complete circle in the oval opening of his thick skin, letting him see me licking his tasty juice off my finger. "You taste like a real man," I said, offering him my finger loaded with his own cock drippings.

don't have to suck me. I'll just suck you." Then, he said, "Move back," pushing against my chest, shifting my legs apart, leaning to swallow my dick. As hard as he tried, he gagged as the thick head of my fat cock nudged his soft palate.

"Wait," he said, painfully jacking the shaft of my tightly circumcised cock, frantically moving a phantom foreskin, mouthing the head of my dick, nipping the tender flange with his nervous teeth. He jerked his own rod as he attempted to suck mine. The "flap-flap-flap" sound of his soupy foreskin bounced in the cab of the pickup, stirring up the powerful, sexy smell of his hot cock.

"Your teeth, Michael," I tried to politely complain, "you're biting me." Frustrated, he shifted back, abandoning the amateur blow job. "Like this," I said, focusing his hard cock in my

grasp, licking into the sweet, cocky foam flooding the tip of his dick. I rolled my tongue in tender swipes around his cockhead. I swabbed the syrup from his slit. I swallowed in one slow progression until his dick filled my throat. My nose flattened in the swirls of his soft cock hair. Slurping his big uncut rod, I tugged his hairy balls with my hands. Then coming off of him to breathe, I plunged again. His velvet-skinned dick caught onto the routine and surged harder in my throat. It thrust forward by itself, fucking my skull as I swallowed and bobbed.

"Slow down or I'll cum," he said, combing his fingers through my hair, directing the sway of my head, and pushing me onto his cock. I got up on the seat of the truck and transferred my spit and his abundant cock drool to the head of my own dick.

Aligning his dick to kiss at mine, I drew his pliable foreskin over the head of my cock. "This is called 'docking,'" I said. "Have you ever had a guy fuck your dick before?" Squeezing our cocks into a tight union, I shared his plentiful

grimaced at the pleasure as his motions started getting very erratic. He was on the verge of cumming. My fingers felt his buttohole soften and suck, then harden and grunt, then once again nibbled for even more of my fingers.

Nearly squatting, he pressed his ass over my fingers until they slipped up his hole. "I'm gonna squirt my load!" he insisted. Milking both of our dicks, his hand rolled his foreskin into a blur; my nuts ached for release. "Oh, fuck..." he moaned, dropping his ass hard on my fingers, squirming his butt, inviting a deeper invasion. Cum blasted.

"Look," I said, "your 'skin's exploding!" Containing our double load, his foreskin ballooned translucent, seeping at the seams, swollen to bursting. Jizz leaked over our balls, as he pulled me to kiss him. "Lay back," I said, "I'll suck you clean." He flinched, ticklish in the cock, and shuddered as I lapped the creamy leftovers hiding in his cock folds. I put my nasty dick away in my clean jockeys, still sloppy with our mixed jizz, saved for later, the unwashed dick smell of him left to soak in to my prick, saved to perfume my next jack-off.

"That's wild," he said.

"I can feel the heat of your dickhead rolling up my skin, bumping me."

skin as I yanked, and then started fucking his foreskin for the first time.

"That's wild," he said. "I can feel the heat of your dickhead rolling up my skin, bumping me." His large, sticky foreskin was more than generous and gifted enough to swallow a third of my fat dick. The blend of spit and dick juice crackled as we swayed to pleasure our rods. "Faster!" he said. "It's makin' heat!"

Handing off to him, I said, "You take over. Clamp it tight. Make it feel good and cum whenever you want. I'm gettin' pretty close." Free to molest him, I rubbed my sticky fingers in circles in his asshole and leaned over to nip and bite his hairy tits. A languid, clinching slip-slide welded our pricks as his hand shifted over our joined cocks. He

Parked a block from his house, I crammed my hand down under his belt, inside his shorts to twirl his dick and tweak his foreskin. "Tuesday, at one, then," he said, "in front of the Y. I'll be there." As I stretched and snapped his long, rubbery foreskin between my thumb and finger, he said, "I thought you'd hate the long drippy skin; my old lady wants me to have it clipped off."

"No, don't do that. I love it," I said, sniffing my cocky fingers, watching him exit the pickup. Rubbing my crotch, I said, "Thanks for sharing; I'll see you Tuesday!" I should have told him I had been looking for a cock like his, with a big foreskin for two, for many years. Driving off, thinking of a reunion with his handsome foreskin, my dick surged hard against my leg, itching with his drying jizz. 📷

HUNGRY—FOR KNOWLEDGE

Oh man! Just came aware of FQ Magazine with issue #25 and what can I say? My head is spinning. What's depicted and written about is totally awesome. As with most American males, I was cut at birth. Unfortunately, I am without a clue about what's referred to in the magazine as stretching techniques and commercial or homemade devices to acquire an overhang to one's shaft. I think I'd like to get into this activity but I need information. Please don't ridicule me for being either this naive or stupid. Is there a kind-hearted guy out

there willing to respond to a letter to advise and inform me about what I don't know how to do myself? Perhaps what the method is that you use, what "tools" you may have used, and to what degree you have been successful and satisfied, if at all. I should tell you up front that there is no possibility for us to meet personally, as much as I'd love "hands on" instruction from you. #21030 [29]

Beware of anyone requesting financial favors or other "help." Brush Creek Media strongly advises the use of utmost caution and can not be held responsible for any loss or injury that may result from contacts with classified advertisers.

ABOUT HAVING YOUR PHOTOGRAPH APPEAR WITH YOUR PERSONAL AD: New regulations are making this more complicated. Even if your photo was previously published in FQ Personal Ads, we are now required to have on file a release statement, list of your stage names and aliases (if any), and a photocopy of your age-proving ID.

① **FOR OUR RECORDS:** This info is needed so we can send your Voice Mail box # and such to you, and so we can reach you if there is a problem with your ad. Use your legal name and, if possible, a daytime phone. This information is kept confidential.

② **AD PLACEMENT:** Choose your home state unless you travel widely (Nationwide) or are interested only in contacts on the basis of the respondent's circumcision status (Cut, Uncut, Cut or Uncut).

③ **BOLD HEADING:** Print up to 25 characters including spaces, absolutely no more. When counting the words in a personal or commercial ad, do not count the words in the headline.

④ **AD COPY:** Print it out very clearly. Don't bother using abbreviations—we're counting words, not letters. Tell 'em what you want and what you've got to offer. Every personal ad will automatically be issued a Voice Mail box number for the Brush Creek Media Personals system on which the FQ Uncut line is one of five menu options. You may include your address in your ad, but we can no longer publish phone numbers in personal ads. If you wish to have your photograph published along with your ad, you must do the following: 1) write *released to Brush Creek Media for publication* and your name and signature on the back of the photo or on a piece of paper taped to the back of the photo, 2) write on a separate sheet of paper any aliases or stage names you have also been known by, 3) include a clear photocopy of your driver's license. There is no charge for photos published with personals. You have to be 18 or over to place an ad, and you may not mention or suggest sex with minors or animals. Otherwise, you're on your own. Write what you will and we'll publish exactly what you write (so print clearly). **Deadline?** Whenever your ad arrives, it will go into the next issue of FQ.

⑤ **HOW MUCH?** Add up the words, not including the headline, and pay 25¢ for each word in a commercial ad, and for all words over 75 in a personal ad.

⑥ **PHONE NUMBERS:** Sorry, we can not publish phone numbers in personal ads except verified numbers of telephone devices for the deaf. Phone numbers in commercial ads are acceptable, but must be verified. Verification costs \$1.

⑦ **RUN IT AGAIN?:** Free personals will run at least four times, concurrent with your subscription. Personal ads over 75 words: Pay for additional insertions of your ad's extra words. Commercial ads: multiple insertion discount as shown on coupon below.

⑧ **PAYMENT:** Check, money order, Visa, MasterCard or American Express.

⑨ **SIGNATURE:** Required for all classified ad placements.

FQ&A

DR. WAYNE ANSWERS YOUR 'SKINQUIRIES

Q I have always wanted a foreskin. The doctors "robbed" me of it when I was one or two days old and I was in no position to argue with them.

In fact, there were three things in life I wanted most of all. I wanted a foreskin, a hairy chest, and a leather jacket. The first I missed out on; the second I looked for each day in the mirror when I was "maturing" but never got; but I now have five leather jackets.

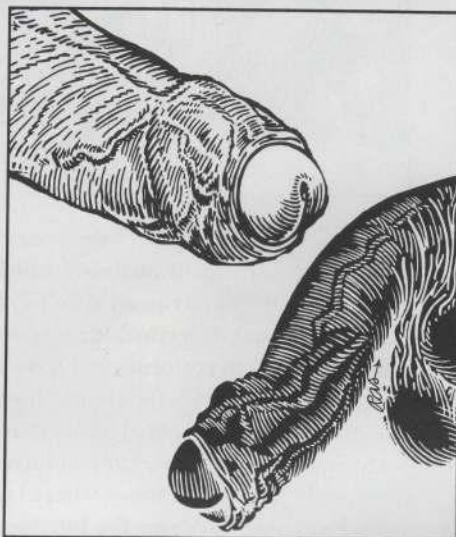

I have just bought a copy of *FQ 25* and am overwhelmed by it. In your FQ&A section, you mention that it is possible to get your foreskin back by stretching. Apparently, this method takes time, whereas \$10,000 to \$50,000 for surgery is completely out of the question. I am 57 now and want my foreskin back. Do you have any suggestions?

Allan
Hobart, Australia

A Many tens of thousands of men like you who were robbed of their manhood without their consent are very envious of the natural man. Fifty to eighty percent of the penile covering is removed along with anywhere from 20,000 to 70,000 nerve endings. Although we cannot get back the nerve endings, we can recover the glans and have a most wonderful restoration that not only feels and looks better, but provides movement that gives much pleasure to the glans.

Yes, the surgical method is not only too expensive, it is not very successful. I have seen a number of photos of surgical restorations and most of them are disasters. Dr. Donald Greer, perhaps the pre-eminent foreskin restoration plastic surgeon, has said just this year that if you can restore by stretching (the traction method), this

is the best way. The results of traction are the most natural. I would suggest you save your money and spend it on tape and constructing an extension device to keep traction on the tissue. It should get longer with using this method. As you apply traction (ten to twelve hours a day, five days a week, applying a tape ring when not using an extension device), you are basically telling your skin that you have the longest penis in the world and it is just going to have to get longer to cover it.

I started my restoration when I was your age. In a couple of years, I had coverage and some overhang (see *UNCUT*, volume 2, issue 6, July 1988 for story and pictures). There are support groups for *NORM* (National Organization of Restoring Men) in Northcote, Victoria as well as in Adelaide, Sydney, and Brisbane. I will send you information about the organization and other help to get you started. If you need other help or information, contact *NORM* at the address listed in the *FQ 'Skin Search* section.

Have fun restoring. The process can be very erotic at times.

Q I am a twenty-four year-old uncut guy with a problem. My foreskin won't retract behind my cockhead. Actually, I can retract it, but only with great pain. For the most part, my foreskin is loose and flexible, but near the tip, there is a thin band of tight skin that won't expand properly. When I try to retract my foreskin, this band acts like a noose, strangling my cockhead and making it a very painful experience. Even when the foreskin has been fully retracted, this band still chokes the shaft of my penis as if I'd tied a string around it. Due to the pain, I rarely retract my foreskin and only then to clean it. The disadvantage of this is that my cockhead is rarely exposed and is extremely sensitive.

I would like to see if I could get this band of skin cut in some way that would allow me to retract my foreskin. Is there a resource where I could find doctors or urologists in my area sensitive to this issue who won't try to circumcise me? Despite this problem, I'm very happy with my uncut dick. Limp, I have about two inches of skin hanging off of my cock. Once I thought I was a freak, but now I love it.

In fact, I've only seen one person with more skin than me. It was a guy at the gym who had what must have been over three inches of overhang. It looked like an elephant's trunk and would swing back and forth when he walked. With so much skin on my dick, I'm sure most doctors would probably want to circumcise me. I don't want to lose an inch if I can help it. Can you recommend a resource for me to consult? Thanks for your time.

A I am sure many of our readers are very envious of your condition. I hear from thousands of men who are restoring. All of them want to be phimotic when

erect and feel this would be the ultimate in sexuality for them. Please do not have it cut. It is certainly not necessary to remove skin to solve your problem. Currently, eighty-five percent of the world's men are intact. There is a great variety in the types of foreskin, as you probably well know—from very long to very short, from phimotic to open. Hopefully you have read FQ 26 with my response to Robert in Canada about this condition. What you need to do is put a finger of both hands inside your prepuce lips and stretch them sideways. You can do this after a warm shower while relaxing in front of the TV or anywhere you can be comfortable. Don't make it hurt, but put some moderate traction on it. Hold this for about ten to twenty minutes and repeat the process. Work this regimen into your daily habits. If you can do it twice a day for about two weeks or so, you will have trained your dartos muscle to grow new cells and open the prepuce so that it will slide back and forth as you have fun.

The layers of the penis from the outside are: the epidermis, the dermis, the superviscial fascia (a.k.a., loose areolar layer, the loose connective tissue also containing the dartos muscle layer), the fascia penis (condensed connective tissue), and the tunica albuginea (the very dense connective tissue that is almost pure collagen and surrounds each corpus carverosum). The dartos muscle is a single cell muscle layer that runs longitudinally from the scrotum to the tip of the foreskin about where the glans starts to turn radially. Doctors think this is what makes the foreskin close when flaccid.

It would be fun to have you dock with the fellow from your gym. There was a report in a medical journal of a nine-year-old Spanish boy who for several years was pulling his "trunk" up and holding it in place with his brief's wasteband. His parents were "horri-fied" when they found out. They took him to the doctor who, sadly, circumcised the young man. It is quite a shame

for such a loss. The doctors call it megaprepuce. We would all love to have that condition. I would imagine that 99% of the doctors would want to circumcise you as they don't know any better and it is a quick buck for them. Stay away from those kinds of doctors.

The Beauge's stretching method described above and in FQ 26 will work. Keep the foreskin for yourself and others to enjoy. NORM has a list of physicians who are more sensitive to the issues of keeping foreskins. Write or call, and they can send you a copy.

Q I know this is not your regular line of business, but I believe you ran an article in FQ 7 that described an account on surgical foreskin restoration. I have been searching far and wide for months trying to find surgeons in the United States that perform such restorations. Do you have any contacts in this area or know where I could look. I've tried searching the Internet and contacting NOCIRC without any luck.

Any help would be much appreciated.

A The results of Dr. Greer's work, like some other doctors, is only sixty to seventy percent successful. The

cost seems to be prohibitive. It can cost anywhere from ten thousand to fifty thousand dollars for full restoration procedures. It takes three or more surgeries to complete the procedure. They first denude the shaft and insert through the scrotal tissue. Six months later, they remove and do closure. Then, another six months later, they do touch up surgery. It might even still be necessary to have electrolysis done to remove unwanted hairs. As mentioned above, even Dr. Greer, who is the most pre-eminent surgeon in this field, has recently recommended tissue expansion over surgery.

One fellow has recently gone through similar surgery by a Los Angeles doctor and the first graft sloughed off. Six months later, another graft sloughed off. Now he has lost lots of skin and is out over ten thousand dollars. I have spoken with him recently, and the doctor has been sued and is no longer allowed to practice medicine. He left this young man with a flap of skin and no foreskin. He is looking for some other physician to cut if off. He will have many scars and no one knows the end result.

If he had started stretching the skin and kept it up faithfully, he would now have considerable extra skin, but now he has lost quite a lot of skin and money. NORM provides a list of doctors that we know of who are willing to do augmentation surgery, which does not remove skin, but contours the skin to keep it over the glans after stretching.

Although we all want instant foreskins, it is just not possible. The surest, least intrusive and most successful method is skin expansion. It does not take any longer than the surgical techniques, is ninety-five percent successful, doesn't create scars, and is nowhere nearly as expensive.

NORM's address is listed in the FQ 'Skin Search section on page 51. You might want to contact them for more information.

Titan Europa's *Tourist Trade*

Foreskin lovers have a bit of a treasure trove in one of the latest offerings from Titan Media. *Tourist Trade*, from the Titan Europa line, features twelve men—four Americans and eight Europeans. And, if you're a foreskin aficionado, that alone should be enough to tell you there's foreskin in store.

**Photography by
Titan Media**

European men are far less likely to be circumcised. Luckily, the folks at Titan Media had that in mind when they filmed. In nearly every scene, the actors take time out to highlight the foreskin with some 'skin play.

The sex scenes are set around four Americans vacationing in Germany and their interactions with the locals. In an odd way, the video reads as something of a combination between a home video and a travel video. The atmosphere is set by frequent shots of a wintry German countryside. All six scenes are set around the tourist hotel and neighboring areas.

In nearly every scene, there is at least some foreskin play, mostly as breaks between sucking, but it is clear that the Americans are very interested in their intact counterparts. Most scenes end with fucking, which, for the most
