FQ letters

SOME 'SKIN ON YOUR MIND?

Just had to let you know that FQ 30 is fantastic. I never thought I was into Daddy types, but when I saw Roberto Cervantes, I changed my mind. He is so fucking hot. And *that* doesn't even begin to describe his cock. I would love to meet this man, but will settle for a listing of any videos or magazines he has been in. I'm eagerly waiting for a reply.

Kurt
Alabama

There are a lot of cheaper, easier ways to look at dick than enduring years of medical school.

Well, Kurt, thanks for the kind words about FQ 30, and we'll be sure to pass your praise along to Roberto, as well. But regarding videos in which Roberto appears, we're sorry to report that there are none at this time. Roberto is just a guy off the street who appeared in our smut shop one day (lucky us!) and asked if we'd like to photograph him. How could we resist? Maybe your kind words will encourage him to reconsider doing videos; in fact, we've heard a rumor that he's thinking about doing something for Jack Fritscher at Palm Drive—we'll keep you posted here in the pages of FQ.

In FQ 29, Canadian writer Michael tells of his difficulties with doctors who want to circumcise him. Many years ago in college I took a two semester course in Psychology. The professor had this to say:

Point one: In a psychological study of medical students, 70% were found to have abnormal attitudes about sex, compared to the average person. That is, they were entering the medical profession to satisfy their desires to see and touch the naked human body. They had the intelligence to realize that they might get into legal trouble attempting to satisfy their desires outside the medical profession, whereas, as doctors, nurses, or medical technicians, they would probably not be challenged. The study showed that the remaining 30% were going into medicine because they expected to make a lot of money. The study applied to the general population found that most people chose their professions according to what they liked to do: if they liked tinkering with machinery, they became mechanics, etc. He went on to say that those doctors with a general attraction toward men became military

FQ letters (continued)

doctors or athletic group physicians. Doctors with an abnormal attraction to female sex organs became gynecologists, while those with an attraction to male organs (and mutilating them) became urologists. In Jewish or Moslem societies, these are the people who become the mohels or circumcisers. I would even guess that in view of the current fad of piercing, some urologists wear Prince Alberts and maybe one or two other piercing in their penises. The study found that others with similar attraction toward naked bodies but unable to get through medical school often become athletic trainers or coaches. I checked this out by attending several swimming meets at the University and observed that during the competition some of the coaches had erections. The sight of all those boys in brief, wet swim suits got to them.

Point two: Most doctors, and especially surgeons, have enormous egos. They have no doubt that they are correct, and, if you disagree with them, your opinion doesn't count. They are not going to accede to your wishes—if you place your care in their hands, they are going to do whatever they want. IF YOU AGREE TO BE OPERATED UPON BUT DO NOT WANT TO BE CIRCUMCISED, THE DOCTOR WILL CIRCUMCISE YOU IF HE WANTS TO, BECAUSE HE WANTS TO. Just be glad he doesn't use pinking shears. So much for thinking of doctors as being caring persons interested in improving the health of mankind.

The only real hope is for you to go to a cosmetic surgeon, because those surgeons are in it for the money. If you are unhappy with their work, and tell your friends, they stand to lose opportunities to make more money.

Howard
Texas

Howard,
I can understand that you might be a little wary around doctors. Heck, I would even go so far as to say that a little skepticism is perfectly acceptable when it comes to your own health care. But to suggest that the majority of doctors are so untrustworthy as to perform unwanted surgery without legal consent is...well, a little paranoid.

Point 1: Any study which labels sexual attitudes as "abnormal" is flawed from the start. There are "conventional" attitudes, "average" attitudes, "socially acceptable" attitudes, "culturally ingrained" attitudes, but "normal" attitudes? "Normal" is just too subjective a term to have any scientific value.

Point 2: While there are some doctors who (tragically) still recommend circumcision, I have personally met a quite a few doctors who actively try to dissuade new parents from having their son circumcised. In fact, The American Academy of Pediatrics has recently released a new statement in which they no longer recommend routine circumcision of baby boys. That statement was just released as we went into production with FQ 32, so look for an in depth review of their new position in FQ 33.

Point 3: There are a lot of cheaper, easier ways to look at dick than enduring years of medical school. Book store tokens are only a quarter. Have you looked at the cost of higher education lately?

Point 4: Any doctor who performed a circumcision without authorization, while the patient was in for another operation, would be sued for every penny he had, barred from practicing medicine, and quite possibly jailed.

Point 5: oohh, what's the point?
Look, I'm not saying that the circumstances you write about never happen, I'm just saying that they are the exception. The very rare exception. Very, rare. Now turn the page and start looking at dick before you get the urge to go to medical school. ☺

DAVID

A FORESKIN RESTORER

PHOTOGRAPHY BY RVJ STUDIOS

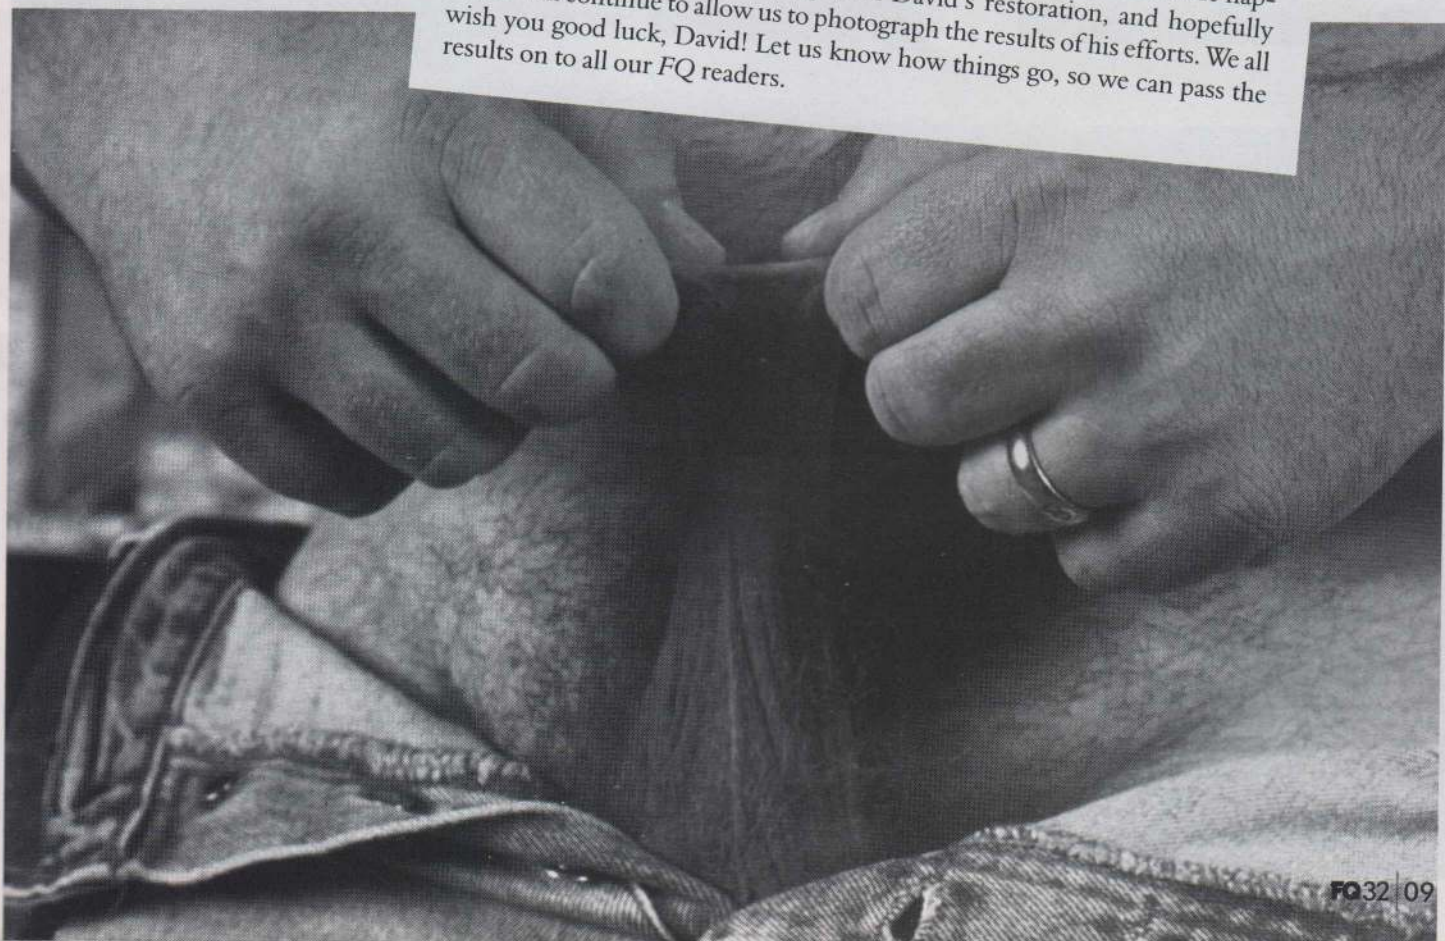

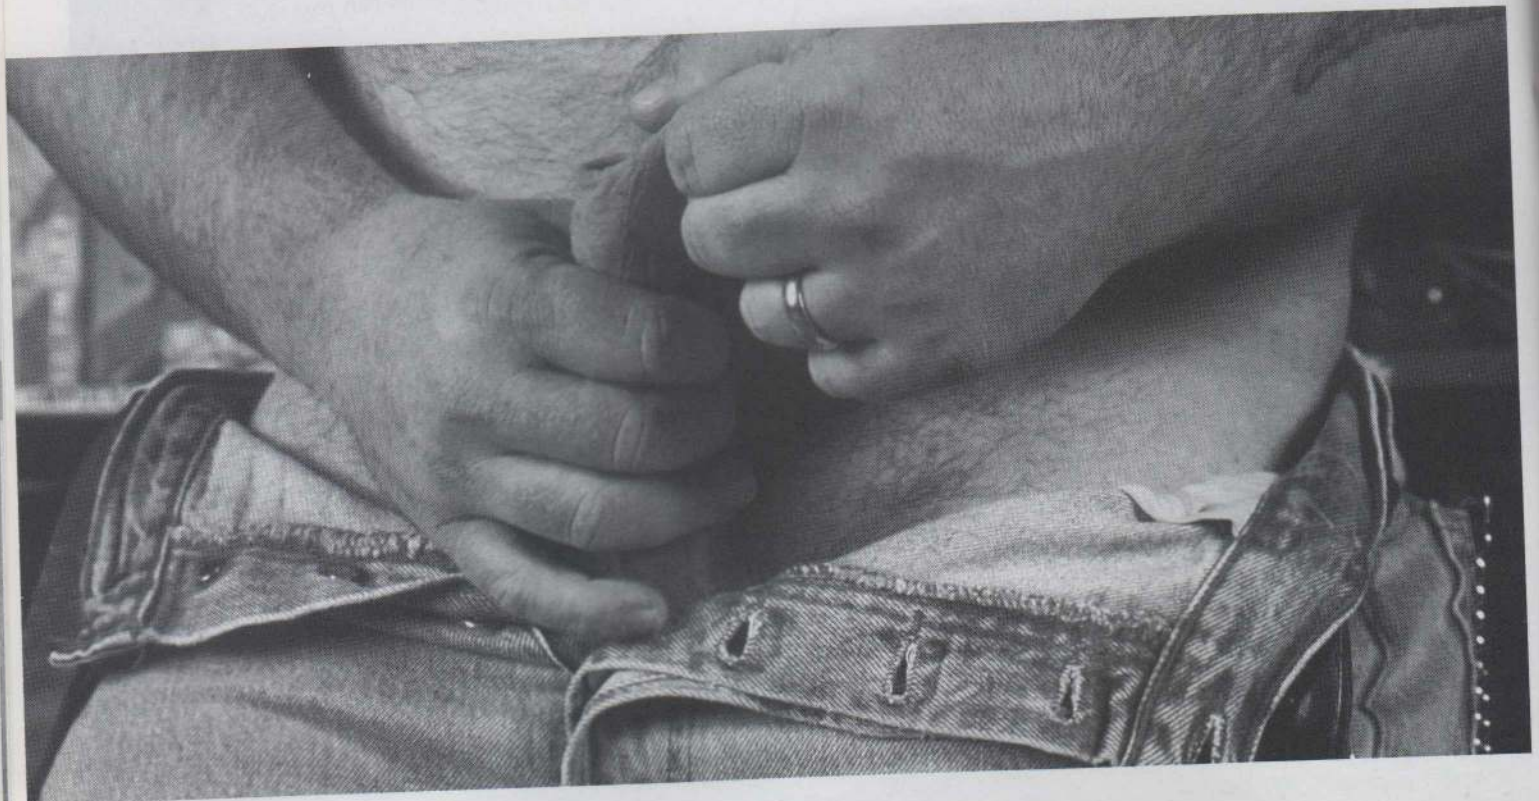

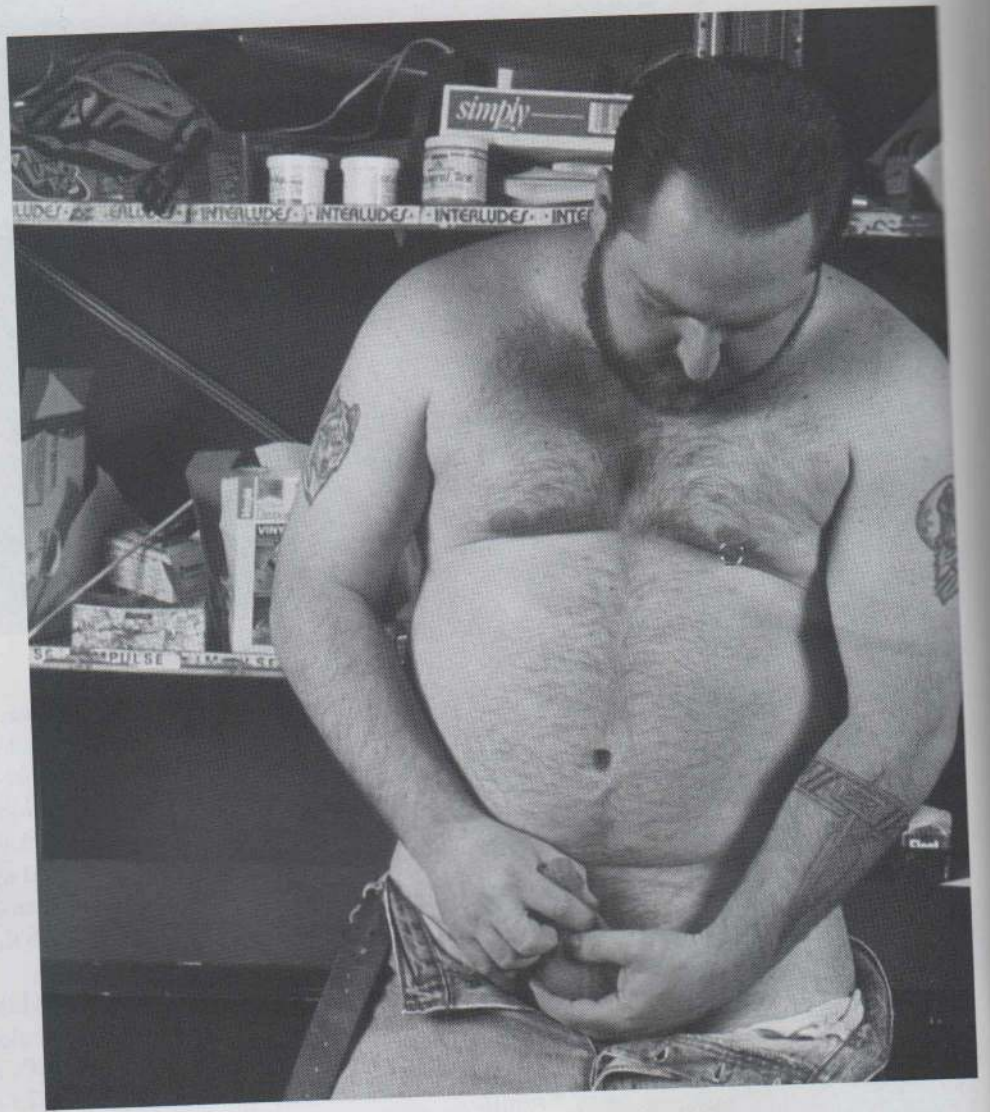

This is David.

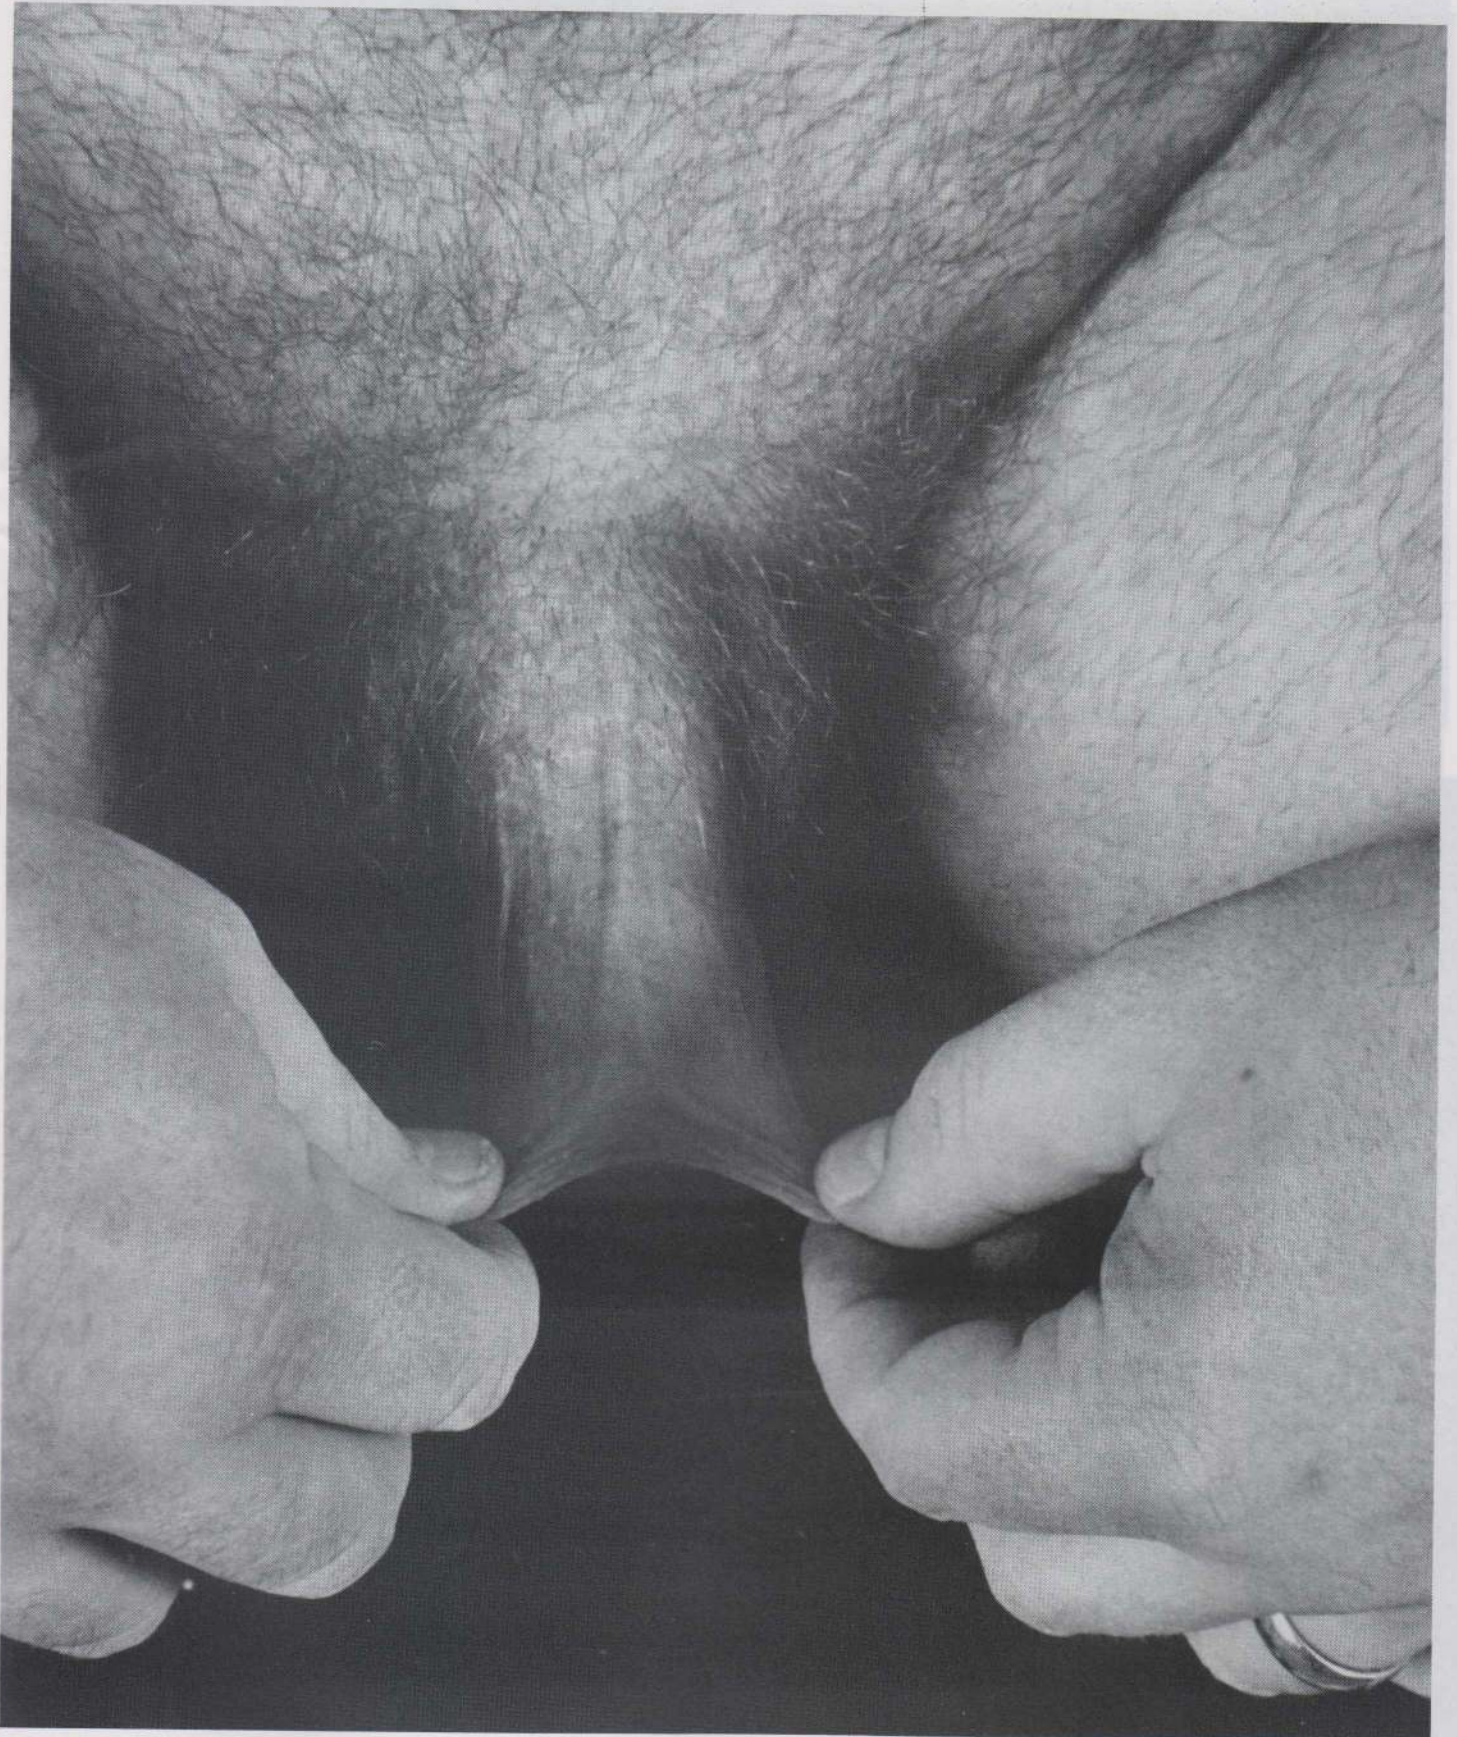

David, like so many American men, was circumcised at birth. But the knife-wielding doctor didn't cut quite so "close to the bone" as you might expect. David's lucky penis escaped the ordeal with a just a bit more foreskin than a circumcised penis is usually able to hold on to.

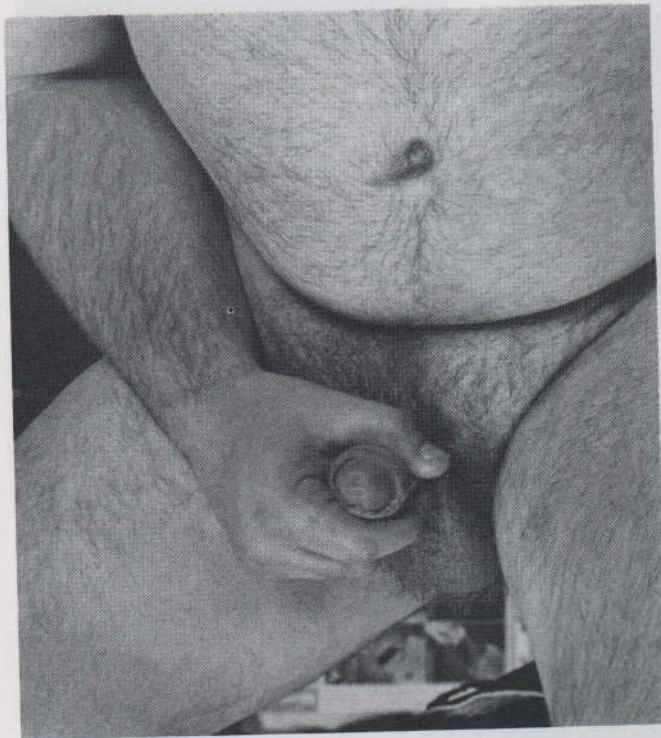

When David discovered that he was luckier than most men who suffer through the same ordeal at birth, he decided to make the most of his good fortune. He has been slowly stretching and restoring his foreskin, in the hope that one day he will once again be blessed with the hood that nature intended him to possess all along.

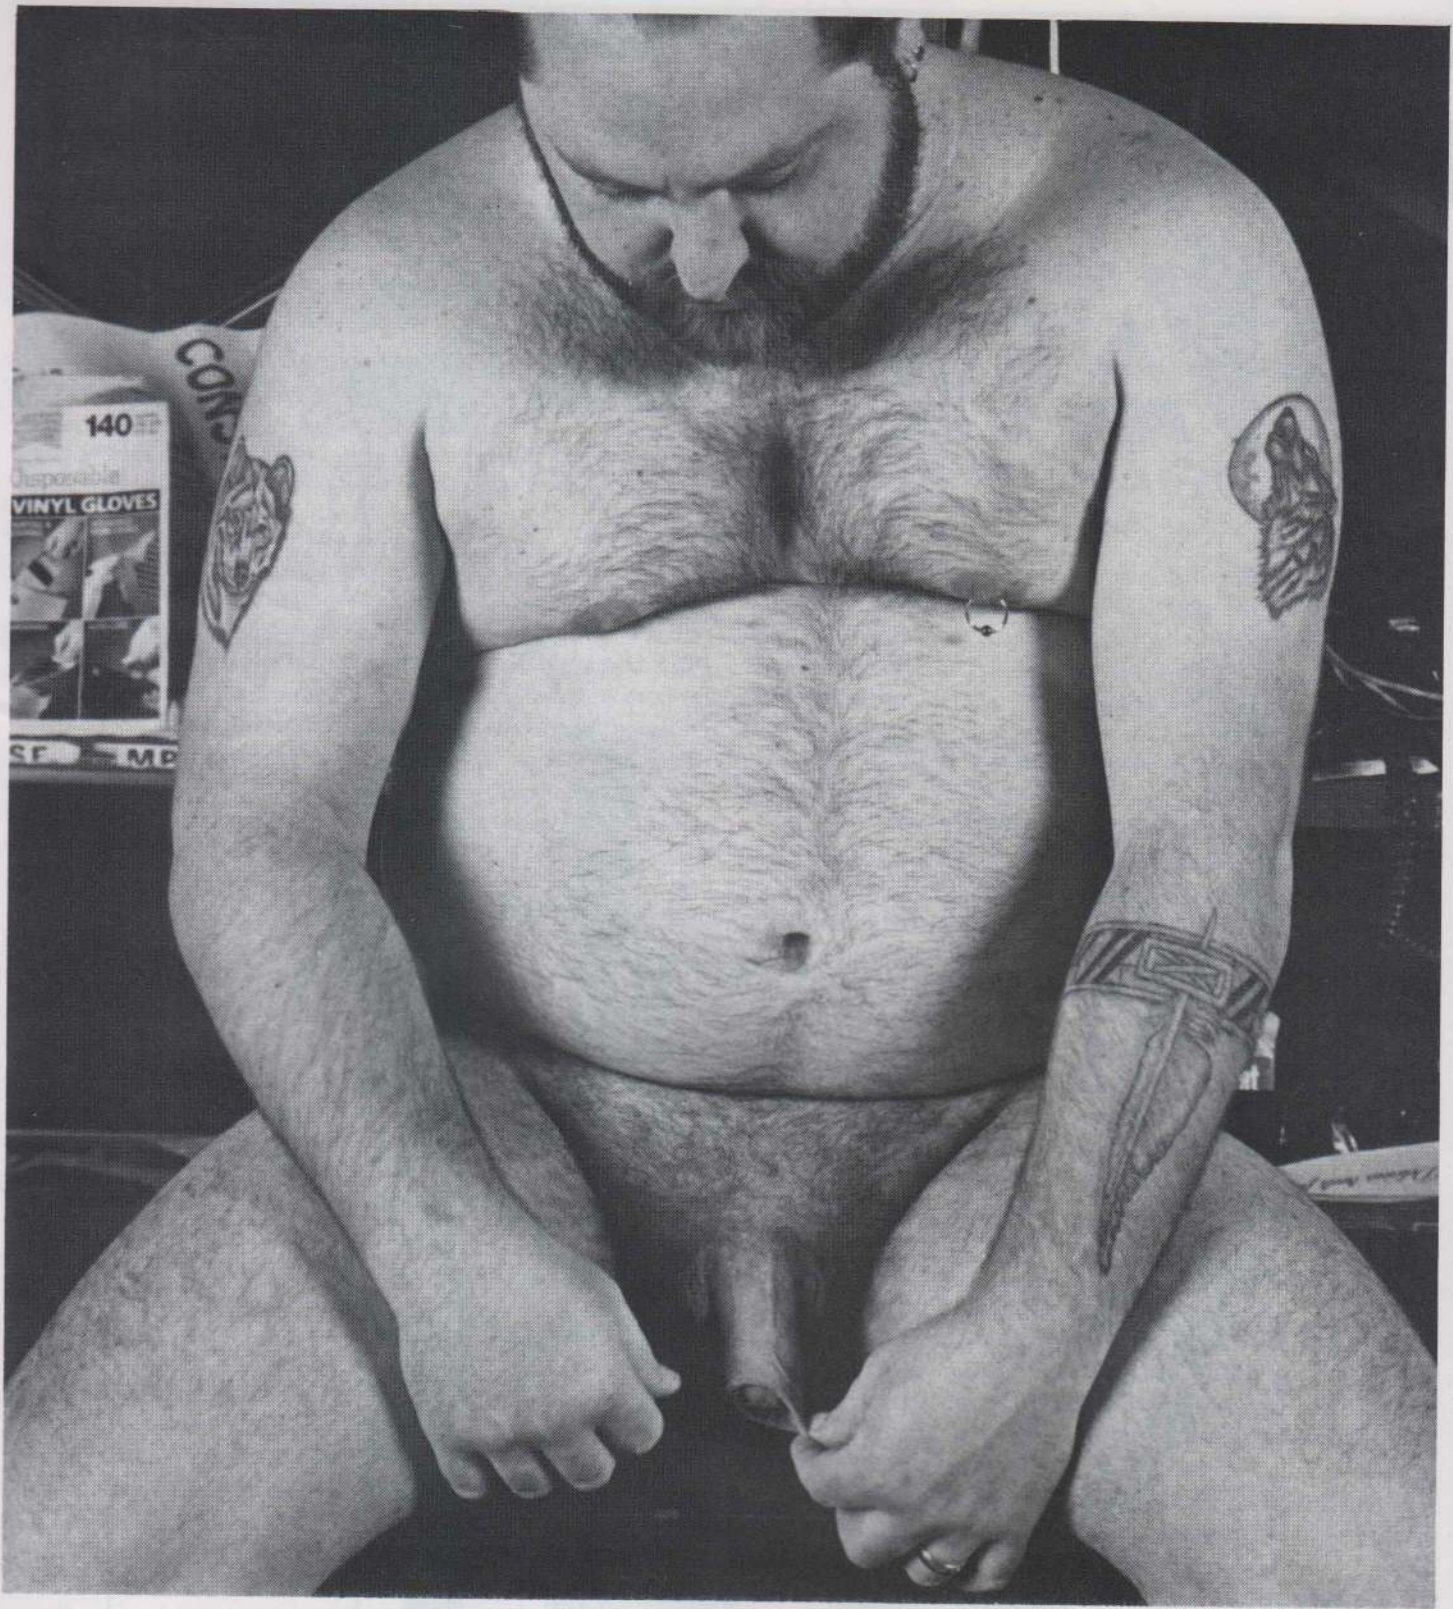

David began his restoration only a short while ago. *FQ* asked if we could take some photographs now, before he was far along in the process. He happily obliged. We'll try to keep up with David's restoration, and hopefully David will continue to allow us to photograph the results of his efforts. We all wish you good luck, David! Let us know how things go, so we can pass the results on to all our *FQ* readers.

MANAGER'S SPECIAL

FICTION BY CHRISTOPHER MARCONNI

There was a note on all of the apartment doors. It introduced the new landlord couple who had moved in a couple of weeks ago, Ann and Nick. I mumbled aloud as I opened my door, "Man, these landlords come and go faster around here than the tenants do." And then when I thought about it, I did remember seeing a new face around the property the last couple of days but I didn't know who she was. But I hadn't seen her husband around though.

Well, it wasn't very long before I met him. That same night my toilet broke and so I had to give the new landlords a call. Ann was friendly although I don't think they were too excited to be getting a maintenance call already. *Well hell, it wasn't my fault!* Anyway, Ann said, "I'll send Nick over as soon as he gets back from the store."

When I answered my door about a half an hour later, I was definitely taken by surprise. There in my doorway stood a man who looked nothing like any landlord I've seen before. The ones I've had were always older, graying men—the kind you'd see as a school maintenance man. Well, Nick was far from that description! Standing there in denim shorts and a t-shirt, this guy looked more like a beefy construction worker. In fact, when I first saw him I didn't even guess that he was the landlord.

I opened the door and felt my breath escape me. I managed to come up with, "Yeah?"

The burly man smiled, "Hi, I'm Nick."

Even then it didn't occur to me who he was. I just figured that this stud had knocked on the wrong door. Unfortunately. And so Nick put his big hand forward to shake mine, "Nick... the new landlord."

"Ohhhhhh!" I let him in with some embarrassment. He laughed it off and started towards the bathroom. My eyes hungrily scanned every inch of his powerful body as I followed behind him. That wide ass of his, those huge, killer legs covered in dark hairs and his big feet in worn-out hightops. Whew! I couldn't believe my eyes.

As he worked on the toilet, Nick chatted with me the whole time, "So how do 'ya like it here, guy?"

I told the truth, "I like it. It's a pretty nice place actually. How about you? Where did you come from?" Heaven was my first guess.

"Oh, me and Ann were workin' at a property just a few streets over from here. But the pay sucked, so..."

As we talked my hormones just grew more fierce for this guy. I pegged him to be in his early thirties. He had an impressively stocky and muscular body and a wide smile that belonged to a model. And I couldn't keep my eyes off of his enormous arms. They bulged out of his t-shirt and flexed with his every movement. And I drooled at the sweat spots under his pits.

So when Nick finally finished working on the toilet, he really took me by surprise. He flashed me a smile, "Well... I guess we oughta test it now, eh bud?" And with that, he undid his shorts, let them drop to the floor and then yanked his boxer briefs down! My mouth fell open as he reached inside, pulled out his long, veiny cock and aimed it down into the toilet. But what really stole my attention was the fact that he was uncut. I had never seen a hooded prick in person before, only in mags. And so there I stood, staring intently at Nick's flabby foreskin as he pissed.

Nick glanced over and noticed my obvious curiosity, "What? Haven't you ever seen a guy piss, before?"

I closed my mouth and tried to gain some composure, "Uhh no. Well, of... course... I, I'm sure I have before." I stammered

He laughed at my stammering, "Hehehe, you haven't seen an *uncut* dick before, have 'ya?" Then, when he finished pissing, he smirked at me, "Hey watch this then."

The studly landlord slowly pulled his skin at the tip of his cock back to expose a large and slightly pinkish head. And as he gave his tool a few manly shakes my cock sprang to life in my jeans. It was a combination of things—not only was this dark-haired burly guy uncut... but damn, he had the longest dork I've ever seen! I could only imagine what that thing looked like when it was rock-hard.

Nick laughed at my trance-like stare on his manhood. Then he hammed it up by slowly sliding his foreskin forward and back over his mushroom cap, "Hmm, hmm... feels damn good bud."

Well, my body was on fire by that point. I don't know if Nick saw the raging hardon in my jeans or not but I wanted him badly! As he stood there, teasingly stroking his tool, I just wanted to drop to my knees and suck him in like a vacuum. But I was stopped by the gold ring on his finger. Still, I couldn't help but wonder—*what the hell was he doing?*

Nick finally dropped his dork back inside of his boxer briefs. He jabbed me in the shoulder as he gathered his tools up, "I still can't believe that's the first uncut cock you've ever seen, dude."

After he left, my jeans were off in no time flat! It had taken everything in me to keep my hands off of myself while he was here. So once the door shut I was strokin' my pecker like a mad man. Fantasizing about Nick's thick, stretchy foreskin the whole time, of course. Wishing I could run my tongue along the inside of it. Nip and chew at his shriveled skin until his precum started slowly oozing out into my waiting mouth. How it would feel to have him stuff that long stick of meat into my mouth and feel that skin moving over my tongue. And then...

But the oddest part of this whole strange encounter was what happened after that day. Every time I saw Nick outside, he would say something or do something kind of sexual. I'm not kidding 'ya. The next morning when I was walking to my car to leave for work, Nick was taking some garbage out. And when he spotted me he smiled and yelled out, "How's it hangin' dude?"

Then a few days later when I was taking some garbage out, Nick was walking across the parking lot with a wheelbarrow of dirt. It was a pretty hot day out and I was mesmerized by the sweat and dirt that was caught in his chest fur. He made sure to tell me as we passed each other, "Damn it's so hot... my skin's stickin' to my leg, bud." I knew what he meant.

I gotta tell 'ya, this lusty landlord made me shoot more loads in a day than I ever have. Every time we had contact I would get stiff instantly and then I just had to take care of that ache in my nuts. His sexual comments were driving me crazy. And the other thing about him that made me horny was the fact that he was like a big bruiser and yet he had such a friendly (and teasing) demeanor. When he got that devilish glint in his eyes while talking about his "skin," well... I just wanted to eat him alive.

The topper happened when I was walking out to my car to go to the store and Nick was cutting the grass. His back was to me and so I took the free opportunity to gaze wantonly at his hairy, tree-trunk calves as he walked. Man what I wouldn't do to have those babies wrapped around my face, I thought. Then Nick turned a corner and started walking back, so I fumbled with my keys but it wasn't fast enough.

He called out to me, "Hey bud."

But when I turned back around, instead of seeing him wave at me like he normally does, Nick reached down and grabbed a hold of the big bulge

stubble that covered his face wasn't lost on me either. Let's face it—everything about Nick is 100% masculine.

When Nick finished eating, he got up to get us a couple more beers. On his way back into the room, I drank up his beefy bod. Wearing a t-shirt, sweat pants and socks... this was a sight that I could easily (and eagerly) come home to every night of the week! It made me feel very envious of Ann, his wife.

Nick stopped right in front of me as he cracked open my beer. Being eye-level with his crotch, it wasn't too hard to see that big 'ol Nick wasn't wearing any underwear under those sweats. His long dork dangled to the left and his shriveled foreskin rested easily against the fabric. I wondered inside if Nick had any idea what his standing so close to me like that was doing to me.

He reached down and handed me the beer, "Here 'ya go, dude."

I nodded my thanks but Nick didn't move out of the way. Instead, he eyed the baseball game on television as he reached down and started scratching his nuts! I was completely on fire. Then he moved his hand up a bit and began pulling on his foreskin, "Man, I hope they win this one. They lost the last two." *I couldn't have cared less!*

After a few seconds Nick glanced down, "Oh dude I'm sorry, am I in your way?"

But I was beyond words. I was mesmerized watching Nick's hands as they casually caressed the mound in his sweats. And my face was so damn close I could practically taste him.

Nick laughed, "Dude, you're so fascinated with my pecker, ain't ya?"

I cleared my throat as I looked up at his face for the first time in minutes, "Huh? Oh, no."

He laughed again, "Yeah you are. Admit it, dude."

I TOOK A LONG SWIG FROM MY BEER AND, ON THE WAY DOWN, I NOTICED THAT THE BULGE IN NICK'S SWEATS WAS GETTING BIGGER.

in his nylon shorts as he smiled at me! I mean, was this his new "hello" now?! And the thought of his sweaty uncut cock inside of that mighty mound he was grabbing put my head into overdrive! I broke out into a sweat as I quickly waved at him and then sped out of the lot with a major hardon that begged for release.

The next day was the last day of the month and so, after supper, I walked over to the landlords' building to drop off my check. Damn, my dick was throbbing just walking up the stairs! I was almost to their door when it suddenly flew open.

Nick grinned, "Hey bud, I was just comin' over to knock on your door."

My heart leapt, "Oh yeah?"

He opened the door wider, "Yeah, the wife's gone tonight and I just had a pizza delivered. Thought you might wanna chow down with me."

I wished he would have said *chow down on me!* But I said, "Well, I just ate supper, dude."

He frowned for a second but then he offered, "Well, I got the baseball game on. You wanna come in and have a few brews with me and watch it?"

He sure did seem intent on having me come in. And Lord knows I didn't need to be coaxed into doing that! So I came inside and plopped down on his couch. Nick cracked open a couple of beers and sat down next to me with his pizza.

As he ate and we made small talk, my overworked dick shot up again. I think it was the sight of Nick hungrily inhaling piece after piece of pizza. His appetite was ferocious and it was really turning me on. He had a strong jaw that rippled under his cheeks as he chowed down. And all of the dark

I took a long swig from my beer and, on the way down, I noticed that the bulge in Nick's sweats was getting bigger.

Nick took a swig too and then set his bottle on the coffee table next to me, "I gotta tell 'ya dude... every since that day when I fixed your toilet... I've been thinkin' about it too."

I gulped, "What? About your uncut cock?"

He jabbed me in the shoulder, "Nahh dude, I mean the way you were, like, so in awe of my pecker."

My heart fell. I guess I was hoping inside that what he had been *thinkin' about* was a lot more than just my reaction that day. I felt crushed.

Nick's bulge grew closer and closer towards my face and I felt like I was gonna explode at any second. I wanted so badly to ravage him and his uncut tool. But another part of me wanted to run out of there because I knew he wasn't gay and this was all so much torture for me.

I think Nick was waiting to hear my reaction to his last statement but I couldn't think of anything suggestive but safe to say. So after a few seconds Nick belched and stepped a bit closer until my nose was resting against his half-hard shaft, "You wanna see it again dude?"

My stiff prick screamed "yes" but all Nick heard was, "Uhh yeah, sure."

The burly landlord eagerly yanked his sweat pants down and stepped out of them. He grabbed a hold of his slightly swollen club and brought the shriveled end of it up to my face, "Well dude, there it is."

I drooled at the sight of it again. I had been jackin' off to a memory of that foreskin for days and now here it was again. Live and up-close! I licked my lips, "Hmmm, looks so cool, guy."

As Nick started moving his foreskin back and forth, he dropped his voice to a whisper, "Yeah, that's what I've been thinkin' about, dude. That look in your face right now, it's just like I remember it." Nick's stick stiffened further, gaining more girth with every fleeting second. He leaned closer still, until his foreskin brushed against my parted lips, "That look dude... it's like you're so hungry for my meat. Makes me feel all hot. Like I got some kinda power over you."

A shiver went through my entire body when he said that. Little did he know the power he did have over me. I mean, his looks alone were irresistible but that uncut cock of his is what held me captive. And after his last comment, I finally felt like I could have it all. So I looked up into his eyes and said, "Yeah, you're right, dude."

I guess that was all Nick needed to hear. A wide smile spread across his manly face as he started running his flabby foreskin across my lips. I panted like a dog in heat. And I was gonna just open my mouth and dive onto him but I knew that he was enjoying running the show here and so I somehow restrained myself.

Nick pulled his foreskin back, exposing his head and groaned, "Gimme a lick, dude, huh?"

I let my tongue loose and lavished his pinkish head with my warm saliva. Nick moaned his approval and in between licks, when I glanced up at his face, I could see that he was in a state of pleasure and curiosity. This whole thing was obviously a new experience for him. Just like his cock was for me.

Then Nick slid his skin forward again and eased his fleshy flap into my mouth until it rested on my teeth. My prick throbbed harder in my jeans and so, without any command from Nick, I proceeded to begin nibbling

NICK'S UNCUT COCK DANGLED DOWN TOWARDS ME AND IT ONCE AGAIN STARTED STIFFENING UNDER MY WANDERING EYES.

and chewing on his flabby skin. A minor action I know, but it was something that I had been fantasizing about ever since I first saw Nick's stick.

The studly landlord groaned as I tasted his foreskin with my teeth and my tongue. He fed me a little more and I began swirling my hungry tongue all around his skin and up the little bit of shaft he fed me. Then Nick pulled out of my mouth in a teasing manner. When I looked up at him, he was standing there with both hands on his hips, smiling from ear to ear, "You really are hungry, aren't ya, dude?"

"Yeah man, I want it all now."

And when my eyes came back down to his tool, I was struck by the sheer size of it now that it was fully hard. He had to be eight inches long, easy. And the width of that thing made it look like a fleshy missile! My obvious desire for Nick's meat must have really turned him on because it started to throb before my eyes. And then I saw a trickle of precum oozing out of his shriveled flap. Man, this was straight out of my fantasies!

I leaned forward and began licking his sticky juices. I ran my tongue along the outer edge of his skin and then dove inside to clean his inner flesh. Nick's groans filled the room as I lapped and licked and chewed and nipped on his flap. Drinking in every drop of precum as fast as he could ooze it. But just then... the phone rang!

It was another tenant calling. Nick hung up, "Damn dude, I gotta run out for a minute."

"What's the problem?"

Nick threw his sweats back on, "Ah, somebody's stove isn't workin'. Shouldn't take me long though. Why don't you crack open another beer?"

He rushed out the door and I went to the refrigerator for another beer. I felt like I was living in some sort of daydream. It just didn't seem possible. And yet, my hard cock told me it was.

My whole body was so flushed that I decided to strip down to my underwear. Besides, I felt like I could blow my wad without even touching myself so I figured I oughta make it easier to get to for when the time was right. Then I stretched out on the living room floor.

A few minutes later Nick came strolling back in, "I just had to re-light her pilot."

"Oh that's good. I was hoping it wasn't gonna be a long job."

Nick took a swig of beer and then stripped off everything. He ambled over towards me and stood towering like a beefy giant over me, with one foot planted on either side of my head. It was the first time that I got to see his naked chest up close, and what a chest it was! Covered with dark fur, Nick's pecs were the heavy pillow-type, brawny and beastly. His nipples were about the size of a quarter. And those dark hairs joined in the valley of his pecs and then ran down the center of his chest in a wide strip. Their journey ended in his fluffy, overgrown bush. Nick's uncut cock dangled down towards me and it once again started stiffening under my wandering eyes.

Being at his feet like I was, I wanted to take advantage of the moment and so I raised my head and began licking his immense, hairy calves. His thick muscles felt awesome under my tongue as I followed their dips and creases. Then I switched and began devouring his other one.

The lusty landlord took a swig of beer and then dropped to his knees over my head, "You're gonna spoil me dude 'ya know that? Shit, Ann never pays any attention to my legs."

"Man, I can't imagine anybody ignoring 'em. They were the first thing I noticed on you."

Nick smirked as he lowered himself onto my chest and fed his uncut chunk into my waiting mouth, "And then you noticed this, eh dude?"

I sucked my agreement. Nick stuffed more and more of his growing beast into my anxious throat until he had it all in and I was laboring all around his shaft with my wet tongue. He grunted, "Awww yeah dude, eat my baby... hmm, yeah, all of it." The landlord began raising his body up and down, giving it all to me and then pulling back. In the process, I felt his foreskin moving over his cockhead and then back. I also felt a wet spot spreading across my briefs as I sucked him off.

Nick's deep groans grew louder as he picked up the pace and fucked my face faster and faster. I opened my burning throat and let him slide that blimp in and out without obstruction. His hairy nuts smacked against my chin and I reached around him to lay my hands on his wide ass as it flexed with his movements. He looked down at me and steamed, "Yeah dude, you're gonna get a shitload in a second here."

And after only a few seconds more, Nick's uncut stick erupted with bucket after bucket of his gooey glaze, "Awww yeahhhh." He slowed his pace down as he emptied his big balls into my stomach, showering my tonsils with his hot spew. I had anticipated this moment and so my cock was already in hand and whackin'.

When Nick finished draining himself, he noticed that I was beatin' off and he hopped up, "Oh dude, no, you gotta whack off on my chest."

I was surprised by that comment but I certainly didn't waste any time hopping onto his chest as he stretched out on the floor. Nick grabbed my ass with his hands and pulled me even closer, until I was beatin' my meat right at his face. He moaned, "This is too hot, dude." And I could tell that this too was a new thing for him. Because even though he readily asked me to do it, the look on his face was like an excited, curious boy.

I stroked my pecker right against his lips, "Better watch it guy, this thing's gonna blow."

But Nick didn't shut his eyes. Instead, he started kneading my ass cheeks in his hands, "C'mon dude, give it to me."

The sensation of my butt being manhandled by this burly bear was all it took. A second later and I was coating Nick's stubbly face with my white nut-juice, spurt after thick spurt. And he just laid there with that big smile of his as I emptied my swollen nuts on him.

After we cleaned up, we collapsed onto the couch and continued watching the game. Well, kind of. I say that because even though I had just blown my wad... my desires for Nick were not nearly spent. Sprawled out next to me, eating chips and watching the game, this dude's body was still driving me crazy. I glanced down at that beautiful dork of his, resting on top of his heavy balls. And those hairy, monstrous legs. Damn, I guess I just couldn't get enough of him.

Nick saw me secretly (or so I thought) sizing him up and he nudged me with his foot, "You lookin' for round 2 or somethin' dude?"

I laughed, "Ha! I know I'm up for it, how about you?"

Nick put the chips on the coffee table and scratched his balls, "Well... I did notice that you got a pretty firm ass there, dude."

I gulped, "Oh yeah?"

"Yeah man, shit, I'd love to stuff my stick up that."

A vision of Nick's fat, meaty missile shot through my head and made my heart skip a beat. I knew it would be one helluva feat to take him all in. But all I knew was that I would have done just about anything he asked me to by that point. So I grinned, "Where you wanna stuff me at, bud?"

Nick shot up off the couch with that boyish excitement of his and pointed to the dining room table, "There dude, on your back."

He cleared the centerpiece off and I hopped up onto the table and stretched out on my back. Nick came walking back with a tube of KY jelly, "Ooo man, this is gonna be sweet bud." As he lubed up his stiff shaft, I took a generous blob of goo and began greasing my nervous hole.

Nick reached forward and grabbed my legs, pulling my butt right up to his crotch in the process, "What a perfect height this is." Then he leaned down and flashed his smile at me, "Ready guy?"

"Oh yeah, Mr. Landlord, sir."

Nick snorted a laugh and then positioned his long schlong at my entrance. He pulled his skin back and prodded my hole with his flared head. I watched his face as he labored at my tight barrier. In a matter of a few seconds, the lusty landlord popped his swollen cap into me with a moan, "Hmmmmm."

Once inside, Nick turned his gaze to my face, watching for my every facial reaction. I concentrated on opening myself completely. Not only for his sake but I also really wanted to feel all of him inside of me. And so he began sliding himself in slowly, grunting the whole way.

I would say that Nick was about two-thirds the way in when he started a slow thrust on me. My body was beginning to dampen with sweat as was his. Every little nook and cranny that Nick's big blimp expanded inside of

my ass was immediately filled by the girth of his gigantic dork. He reached forward and ran his fingers through the moistness on my chest, "Hmm dude, feels fuckin' fantastic."

With every thrust Nick gave me, I felt him filling me more and more. Just when I thought he was completely in, yet another inch of him would push its way deep inside of my butt. I had a warm and numb feeling all over. There was something so complete about that moment, I can't explain it. It's like we were both in heaven with this. And neither of us wanted it to end.

Once Nick finally did stuff his entire animal up me, that's when he really picked up the pace of his rhythm. He started fucking me faster and faster, pushing me halfway across the table and then yanking me back against him again. My heart was racing and my cock was throbbing. I reached down to start stroking myself but Nick's hand beat me to it. He whacked my meat to the same rhythm as I watched his sweaty face grow intense and focused with carnal desire.

We were both near our moments but Nick's fast hand-action squeezed out my conclusion first. The sight of his beastly chest covered in sweat, his open mouth and his deep plunges into me, brought me to my finale. His big hand stroked wad after wad out of my throbbing tool. My cum puddled onto my chest. A grin broke across his sweaty face, "Hmmm, I can feel your ass flexin' around my pole, dude." He continued draining my nuts while fucking me like an angry beast.

After I was spent, it was Nick's turn. He let go of my prick and grabbed a hold of his large nipples instead. The landlord's deep moans grew louder as he twisted and pinched his nipples like they were made of hard steel. Sweat fell off of his face and splashed down onto my chest as he fucked me to hell and back. The dining room table began to rock and sway under the pressure of his lust.

Nick let out a loud moan as he shot his first wad up my butt, "Aww, shit yeahhh!"

That first blast of his blew open and filled the absolute last deep crevice I had left. More sweat splashed down onto me as Nick rocked back and forth, sending spurt after spurt of his goo up my ass. My entire body was covered in sweat, both his and mine. And that wide smile of his never left his face.

When Nick slowly pulled out of me I felt the huge void immediately. A feeling of sad emptiness washed over me. That heavenly moment was over. I wanted him back in me. Always.

We cleaned up and Nick joked, "Tomorrow I'll have to look at that table, it should be more sturdy than that."

I slid my jeans back on, "Well, I'm sure it's plenty sturdy enough for *dining on*."

"Yeah, I guess you're right. Wasn't really made for fuckin', now was it?" Then he smacked my butt, "Not like your ass, eh bud?"

I reached into my jeans for my keys and pulled out the rent check, "Oh yeah, I almost forgot, I originally came over here tonight to drop this off." And I handed him the check.

Nick looked at it and busted out, "Hehehe... gee dude, I never got paid for fuckin' before. And at these rates... shit, I think I could make a living at it."

I laughed, "Oh yeah? Well the problem is, I can only afford that service once a month, guy."

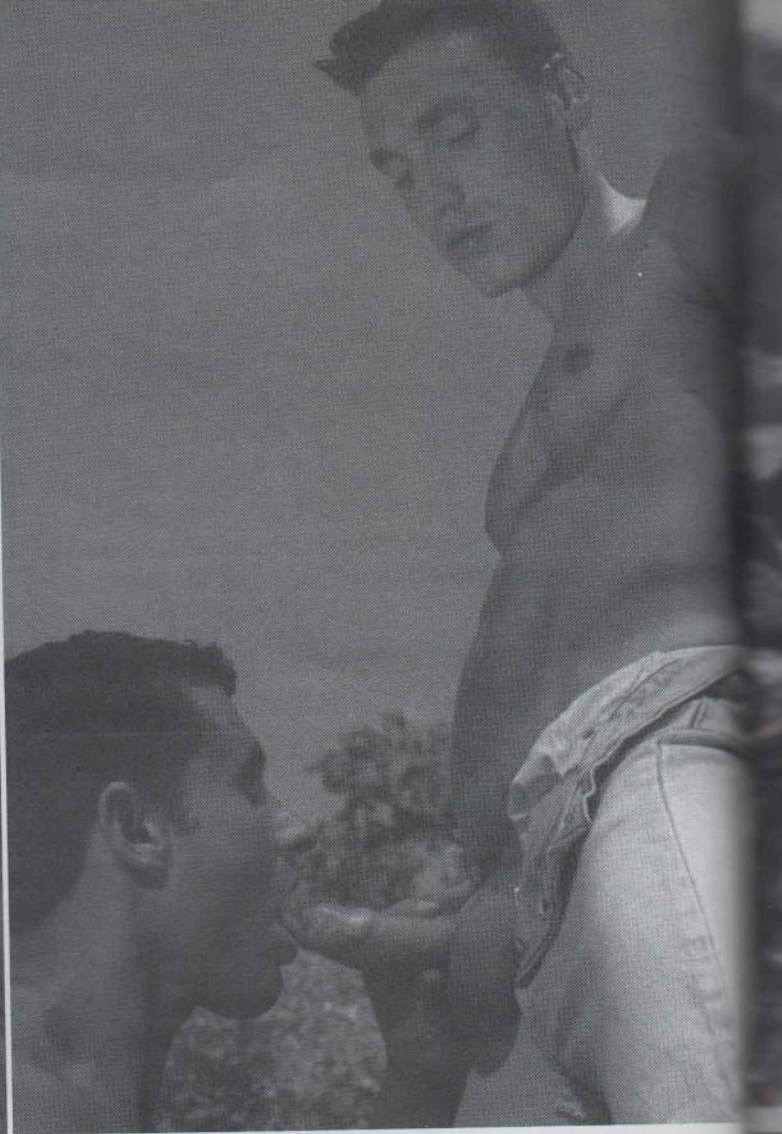

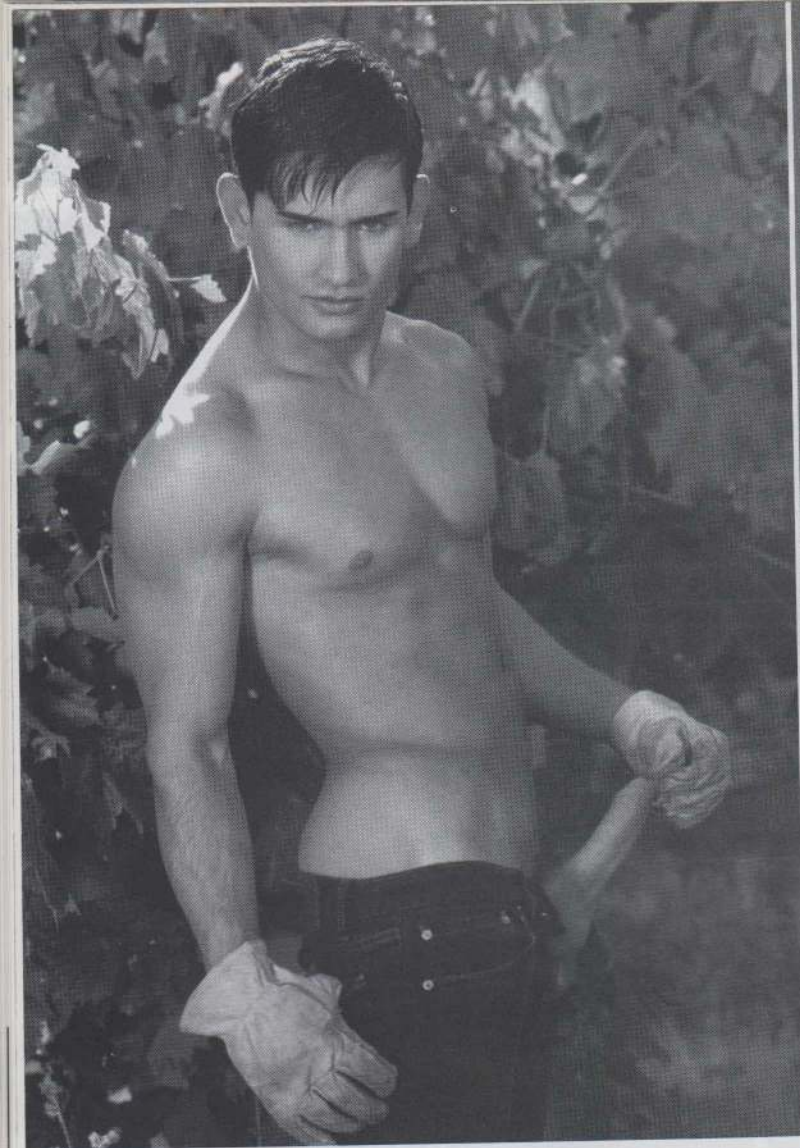

Nick messed up my hair, "Oh well, I guess I'll keep my regular job then. Cuz I sure ain't gonna wait a whole month in between visits, dude!" ☺

It's no secret that Falcon Studios produces some of the slickest porn out there. In a Falcon video you can always count on watching hung, young studs flex their tanned muscular limbs and bang away at each other's buff bodies with reckless abandon. And the camera is there to capture each glorious moment in close-up after close-up of hard, throbbing dick as it plunges into some tight, puckered asshole or down some cock-hungry stud's fuck-hole of a throat. Each and every one of those pulsating pricks is going to spew a thick creamy load of white-hot jizz. And, you get the added bonus of watching those delicious, young cocks spewing that spunk Olympian distances? Well, that doesn't hurt either. Yes, all these things are guaranteed when you buy a Falcon video.

So what does the premier gay-porn video company do to keep their product fresh and exciting? You got it: Foreskin! More and more, Falcon is giving natural men their moment in the spotlight. The filmmakers at Falcon are

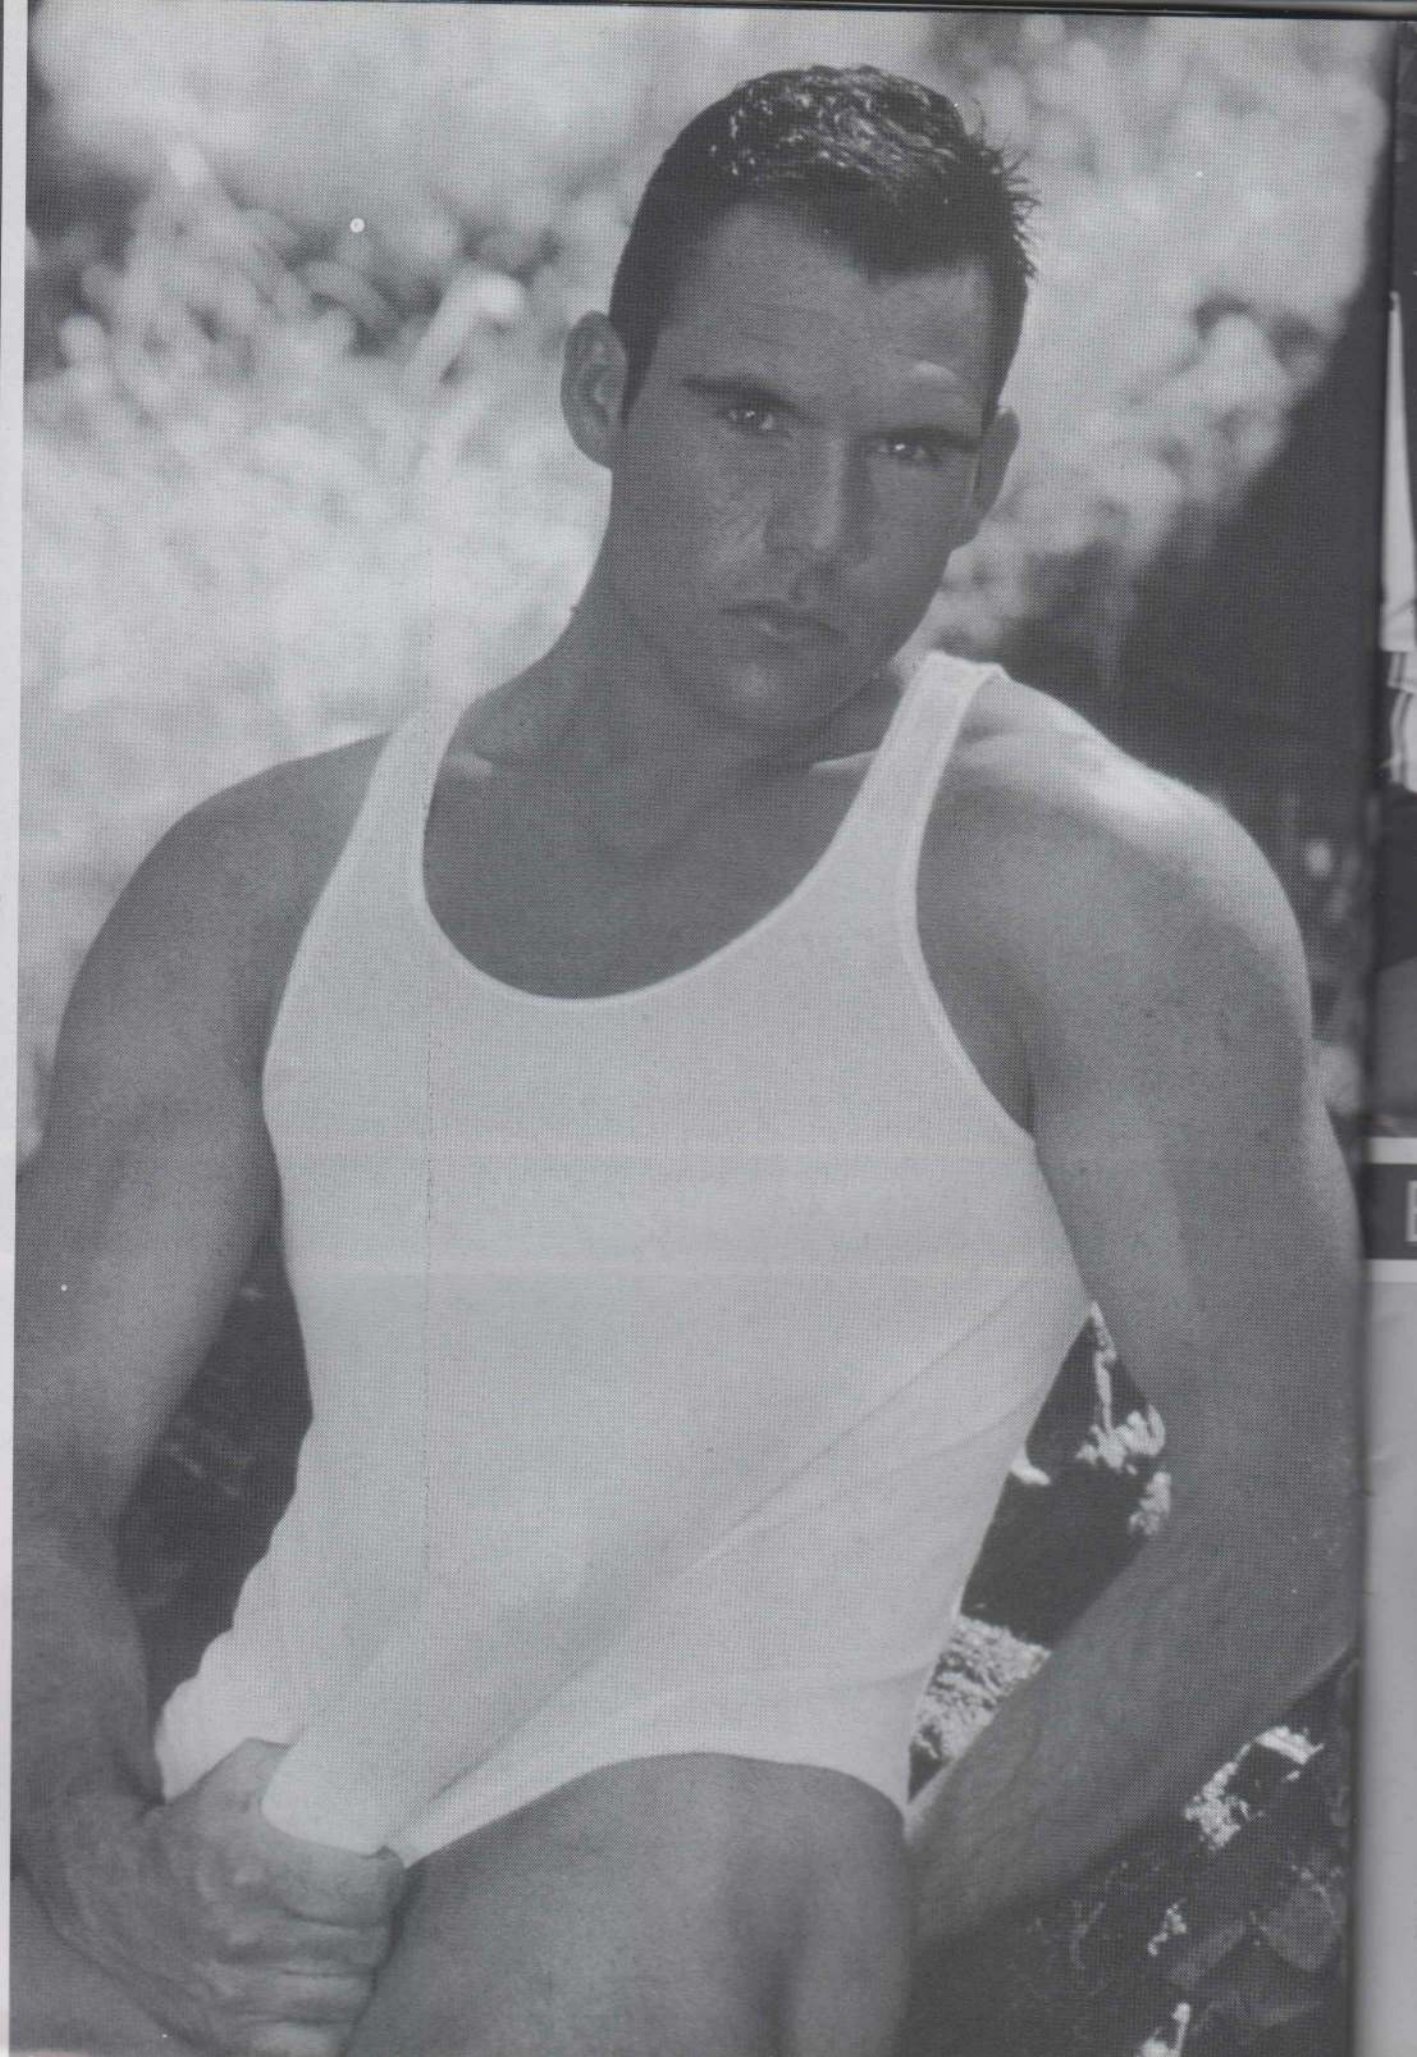

finally cluing in to the fact that nothing is sexier than a delicious dick draped with that delightful piece of skin. And no where is this more in evidence than in their latest Video Pac (#122), *Betrayed*. In this searing sex-travaganza more than half of the entire cast is intact, parading in front of the camera what seems like acres and acres of chewy foreskin for your viewing (and spewing!) pleasure. That's 5—count-em, five—hung, young hunks of man-meat covered in glorious foreskin.

Betrayed opens with Virgil "uncut" Sainclair and Kevin William engaging in a little poolside romp. It seems that Virgil is leaving for a trip, and the two give each other a goodbye fuck. Kevin sucks and slobbers all over Virgil's uncut cock and low-hanging balls before Virgil impales Kevin with his horse-meat. After both men pop their loads, Virgil calls his buddy Jeff Palmer and asks him to keep an eye on Kevin while he is out of town. What a fool! Jeff slyly agrees.

Next, Luc Jarrett gives Kyle Becker a taste of his hard, uncut cock in the magnificent outdoors. Kyle slobbers over Luc's plump cock and tight foreskin, sliding Jarrett's meaty 'skin up and over the mushroom-head of his hard cock. But that's just the beginning: Kyle wants that uncut meat up his horny ass, and Luc obliges. He plunders Kyle's hole until they both spray hot, creamy loads of cum in the sweltering afternoon sun.

Meanwhile, lonely Kevin Williams has become so horny without his boyfriend that he just can't help but play with his meat. Unbeknownst to him, that sly, intact fox, Jeff Palmer is right outside the window watching. Jeff is so bedazzled when Kevin begins to stretch his own butthole with a dildo, that he can't help but sprout a magnificent hardon himself. Jeff's anxious cockhead peeks out from that tight foreskin until Jeff can't contain himself anymore! He barges in and takes Kevin like a bitch in heat. Williams is stunned—and delighted—by the invasive Palmer. He

lets Jeff fuck his ass. First, with some hard, uncut Palmercock, then with Williams' own dildo. And then some more with his hand! But we already know that Williams loves uncut cock (don't we all!?!). Williams won't shoot another load until Jeff puts that throbbing, sheathed meat back into his ass and pumps him to a gushing climax.

But that Jeff Palmer is no gentleman. Beaming with smugness, Jeff calls his friends at the poolhall and tells them of his x-rated exploits. Now the **Betrayal** begins! Poolhall horn-dogs Carlos Morales, Thom Barron, Kevin "uncut" Miles and Sebastian "FQ cover-stud" Gronoff decide they want to see just what kind of pounding Williams' insatiable ass can take.

Williams is at home that night and hears some strange noises outside. He ventures forth, only to find himself beset upon by Palmers' quartet of friends. Pool is not the only thing these men want to shoot. Williams is dragged into the woods and fucked by the four men who take to

BETRAYED • BETRAYED • BETRAYED • BETRAYED • BETRAYED

stretching Williams' already-aching asshole with strapon dildos. Williams is not-so-secretly delighted by the super-fuck he endures, until a buttplug is shoved up his hole and he is tied to a tree. The 4 perverted perpetrators leave Kevin tied-up for the night, helpless and naked in the forest primeval.

The next morning, the frolicksome foursome return, rested and ready to work Williams over with their raging-hard cocks. Williams takes it in both ends, over and over as these fuck-hungry studs give his ass the plowing of a lifetime, under a shelter of trees. Kevin Gladly takes thick cock in every hole until he is finally drenched with load after load of creamy man-juice. Williams finally stumbles back home, into the loving (and knowing!) arms of Virgil Sinclair. Maybe Sinclair and Williams weren't *Betrayed* after all!

Falcon has certainly delivered a trademark video with *Betrayed*, giving us scene after scene of hard-driving action. And no one is more delighted than us to see that Falcon is

following in the steps of Kristen Bjorn by casting insatiable, uncut men to do all the "dirty" work. *FQ's* only criticism with *Betrayed* is that the men only "happen" to be intact. There is virtually no foreplay with foreskin. There is almost zero foreskin worship. Who in their right mind would let such a glorious feast of foreskin go unappreciated?!? We all applaud Falcon's decision to give natural men the prominence they deserve, but next time let's see the real star—the 'skin! We want to see docking and skin chewing. Who wouldn't want to run their tongue under Gronoff's delicious skin? Who wouldn't beg for a chance to taste the cheese on Jarrett's mushroom head? We would never say that foreskin was wasted, here or anywhere. But next time, c'mon Falcon! No one can deliver like you guys. Next time, give it to us good! Please, we'll beg if you want.

What's it

What's its

Q I have been stretching to regain my foreskin for almost a year. I have been doing it almost 24 hours a day, seven days a week. Although I have gained considerable skin, I seem to have hit a plateau and can't get it to grow longer. I have been using lots of tension but it doesn't seem to help. What am I doing wrong? Can you help? I really want lots of overhang.

Bud
Texas

A The information touted by one manufacturer of extension devices some years ago was that you could have 'instant' foreskin in a matter of months if you put heavy tension on 24 hours a day, 7 days a week. I never recommended that and cautioned that a more moderate tension and a half a day on and half a day off would give better results.

Like your letter, I have received quite a number of calls or letters from men with the same story. I even received a call yesterday from a fellow in Ohio that had stopped restoring because he wasn't making any progress.

There have been several studies by Takei T. et al, in the *Journal of Cell Biochemistry*, the *Journal of Cell Physiology* and the *Journal of Plastic Reconstructive Surgery*. (1997 & 1998).

Some of the conclusions are that cyclic tension exhibits significant increase in cell proliferation as compared to constant tension. Constant tension has only moderate transitory increase in the proliferative rates.

So, I would repeat that the most effective mode of foreskin restoration would be a regimen of half a day of moderate tension followed by a half a day of 'rest' with a retainer on (tape ring, etc.), to train the new prepuccial lips to close by training the Dartos muscle to narrow.

This would also explain how manual stretching has also worked as a means of foreskin restoration, as some have to do, so long as it is consistently and regularly done.

I hope that you will try this cyclic method of restoration and let me know how it goes for you.

Q I like to be clean when I get fucked, so I always douche beforehand. Now I have a lover, and—lucky me—I've been douching every night. Will this screw up my system? How much can I do before it becomes a problem? Also, is it OK to use regular tap water?

Clint
Illinois

A Aren't you a lucky fellow? I guess you and your lover fit each other just right. One of the douches I looked at had some warnings not to use if you have impaired renal functions, etc. The use of this type of enema will cause dehydration and other complications. Please use sparingly. Colonic douches are forcing the body to rid itself at times and places it isn't ready for. Although some men have used the shower hose with a douche tip on it once in a while, for fun and games, it is not a good practice to do it daily. Since everyone is different, there is really no way to answer your question of how much you can do before it becomes a problem. Plain water would be less of a problem, I imagine, but I would sterilize it first. Tap water is not so totally sterile as we might think. Too much water distends the colon, and that's not too good either. The colon is a type of mucosal tissue that produces fluids to move waste down and out. The colon also has friendly bacteria present to help with digestion. When you remove those natural fluids and bacteria, you are not helping your colon. Changing this natural environment will allow yeast to rapidly overwhelm the environment. An overabundance of yeast can cause all kinds of havoc in your system.

I would just shower and use your finger to rinse off the sphincter and just inside to check if you really need a cleansing. If not, have fun. I assume your lover is using a condom and that is the only way to protect both of you from problems. He should put some lube

YOUR 'SKINQUIRIES

inside just at the tip and leave about 1-2 inches of condom in front of his glans so that when he is thrusting, the condom will slip back and forth and give him pleasure, and not break. It is better to dirty the condom than to damage your insides.

Q Sometimes I meet people who seem really repulsed by my foreskin once we get alone and private. This really bothers me, and I don't know how to respond to them. How do I get past this issue with new men I meet?

Robert
Idaho

A The American medical community has villainized the foreskin. The American people are so into cleanliness, "perfect" bodies, and totally scrubbed and perfumed appearances, that it is not easy to be clean and natural. In Europe, the foreskin is valued and esteemed for the pleasure it gives both partners as well as the daily protection and the comfort it offers its owner. One physician was so used to retracting his foreskin and scrubbing the glans and inner lining that he finally decided to get circumcised and not have to bother with all the cleaning regimens. He had it done and is one of the sorriest fellows alive. He did not know what the real structure and function of the foreskin are. (Most doctors don't!)

The stupid American attitudes about the foreskin are heard in the locker room and the bedroom. Jim Bigelow in *The Joy of Uncircumcising* reports receiving the following comments from circumcised men: "When are you going to get rid of that baby skin and become a man?" or "It looks like an anteater." Women have made remarks such as, "Is that thing clean?"; "I'm sorry, but I don't like foreskins"; "It's ugly"; "I can't touch you because you are not circumcised"; and the remarks go on and on.

You will need to educate your friends. Since smegma is really OK to

have, and is really necessary for your body, you need only to rinse off before going too far with your friends. You need to let them know that it is the most pleasurable part of the penis, and you might even express sympathy for their loss. I don't know if you can turn them around with one session, but try. If you only rinse with water, there will be a residue of "flavors" there. Many people, as I have said before, are repulsed by any hint of what they consider unclean. They are just not into being natural. For those occasions, you might try some gels that have flavors to help start things out. You might show them on their penis where it has, or had, the most sensuous nerve endings. Get them very excited, and maybe they will get past any reservations. Learning to like a foreskin, if you don't have one, does take some time and education. Does anyone out there have any suggestions on getting the tongue past the foreskin opening?

Q What is head cheese or smegma? What's it made of? What's its function?

Geoffrey
Wisconsin

A There have not been many studies made of the contents or origin of smegma. A Canadian physician has indicated that the bulk of the fluid is simply ordinary sweat. We also know that the inside lining of the foreskin is mucosal tissue, so some part of the fluid is mucous. Then there are all of the skin cells that are sloughed off in the natural process of replacing cells. The next substance is sebum, a semi-liquid, greasy secretion. The amount of sebaceous glands varies, depending upon genetics, so far as we know. Some men don't have any. Others have been found to have two of them, starting on either side of the frenulum (that most exquisite nerve-laden tissue that starts at the underside of the glans and forms the web that is part of

the foreskin). Some men will have more sets moving out in a line on both sides, around the shaft of the penis under the glans. Another part of smegma is precum, some men leak profusely, some don't at all. And the very last is a residue of urine. So, all of these ingredients make up smegma. Studies have shown that 1) it is not carcinogenic and 2) it is antibacterial.

The function of smegma is twofold. Like the foreskin, it is a protection of the glans. That is, the glans penis, like the glans clitoris, is an internal organ and needs to be kept moist. The glans is also mucosal tissue. Keeping it moist also provides help for the initial penetration into some other body. Do don't use anything but water to rinse under your foreskin for daily routine. Using soap or other cleansers is like soaping out your mouth because you've been bad. It changes the environment there from acid to alkali, and that is not good.

Smegma also helps the foreskin to glide back and forth over the corona of the glans. It is now known that the foreskin is the most heavily nerve-laden tissue of the penis, especially the frenulum. There are frenar bands in the inner lining of the foreskin that, when moved over the corona of the glans, stimulate and provide the wonderful sensations that trigger pleasure and orgasm.

The glans, according to Dr. John Taylor, is "a dumb organ, compared to the foreskin." Circumcision removes 50 to 80 percent of the penile sheath and also removes about 10,000 nerve endings.

So all of you intact studs need to really enjoy what you have. It is your most precious possession. Keep moving it back and forth and producing smegma—it's good for you. ☑

I ended up in Warsaw, Poland at the end of a concert tour last summer. I play the violin. What a beautiful city it was, reconstructed after the devastation of World War II. I played the tourist for a week, enjoying the magnificent old churches, palaces and parks. But what I was really searching for was some sign of gay night life.

I found it on a warm Saturday night. In the bowels of the warehouse district, beneath a busy nightclub with pounding Eurodisco music, I discovered an amazing backroom bar, with a maze of small bars, dim rooms, and even a dark room. I realized I had hit the jackpot when I stumbled into one room crowded with jostling men surrounding a small stage where a spotlight illuminated a dancing, semi-nude male. The pounding Eurorock beat vibrated right through me as I took in the sexy figure who gyrated upon the stage a few dozen yards in front of me.

This guy was young, and cute. Already stripped down to a pair of clinging cotton underwear, his body was soaked in sweat, droplets flying from his muscled torso as he swayed and rocked to the music. A thatch of thick brown hair above a wide-boned handsome face and lush lips added to his considerable allure. He danced well, seemingly oblivious to the crowd. I had arrived just in time, as he completed his striptease within a minute of my arrival. His eyes half-closed against the glare of the spotlight, he skinned down his cotton boxers and pulled them off over a pair of dark, heavy construction boots. Now except for those boots he was entirely nude.

Thrusting his hips forward above the crowd, (I had wormed my way up to the front), we were treated to the sight of a long flopping dick, half hard and swollen to a substantial girth. I stared at it in awe, and abruptly acute lust. He had a foreskin! The sheath of flesh half hid his knob, the piss slit just peeking out of that rounded tip.

As that cock flopped against his strong thighs from side to side while he danced, I was mesmerized by it. I had never seen an uncut cock in real life, or touched one. Of course here in Europe it was more common than in my native Canada. But I had as yet been laid on my European tour. Naturally I was horny, and now that I had this fantastic specimen before me, my own dick rocketed up in my jeans eager for satisfaction. I think I actually moaned out loud, although the loud music would have muffled that unconscious sound.

Staring up at him, I think I caught his eye. He seemed to notice me, although I wasn't sure he could see past the bright light illuminating him. But all of a sudden his flopping dick rose up a bit, still semi-flaccid, but definitely poking out from his crotch. That magical foreskin slid back partially, exposing more of the piss slit and head. A drop of fluid even emerged from that slit. I know I moaned at that hot sight.

Still staring down at me, as if he really did see me, he then did something that excited me beyond belief. He suddenly turned around, spread his legs and crouched down, his head turned back to look at the crowd, and at me. What a beautiful ass! Bent over, each of his rounded butt cheeks were clenched in perfect hardness. His butcrack was wide open, a light fur of amber curls surrounding a small crinkled ring of anal flesh. I gasped and grabbed my own crotch to massage my hard dick beneath my tight jeans. I'm sure no one in the crowd would have noticed, all eyes glued to the spectacle above us.

This hot Polish stud then performed for us. All that went on before had been only a prelude for the hottest scene I had ever witnessed. With one arm flexed across the lower part of his face so

that his deep eyes stared back at us and his mouth was hidden, his smooth, broad back tapered down to that perfect lightly furred butt and wide-spread heavy thighs. What his other hand did was incredible. It appeared between his parted thighs to grasp his dangling dick and began a slow stroking of the hanging appendage. The head of that long cock was still half-hidden by the foreskin as it hung down below his hairy nutsack. But as he began to rub it up and down, the foreskin pulled back and the shining head emerged. He was covered in sweat from his dancing, but the glistening dickhead that appeared was shining with something other than sweat. A clear fluid coated the head, no doubt a liberal oozing of precum.

As he stared back at us, those deep brown eyes half-closed, he stroked his dick into a full erection, although he managed to keep it pointed down to the floor so we could watch it swell and pulse under his slow ministrations. His hard buttocks actually clenched and unclenched as he stroked his cock, and then even that small hole between them began to pulse in time to his cock's beat and the music's. What a show.

Crouched down with his thighs wide apart, he played with his fat cock for a good ten minutes. The foreskin slid back and forth over the shining head, which I found incredibly fascinating. I imagined my mouth on it, tasting it, licking at it, biting at the unusual flap of flesh. And I couldn't help but think of driving my fingers up that pulsing asshole at the same time.

With his eyes still staring back at us, his biceps flexed across his mouth, he eventually milked a load out of that amazing cock. His slow stroking did not increase, but all of a sudden his dick expanded and stiffened between his fingers, his asshole clamped tightly and his buttocks clenched while his balls tightened up between those beautiful thighs.

A rocketing geyser of cum spewed out from his cockhead, splattering the stage floor. I creamed my jeans a moment later. My own hand had been playing with my dick, and that hot sight had done me in. I was still moaning when the spotlight went out and the handsome dancer disappeared.

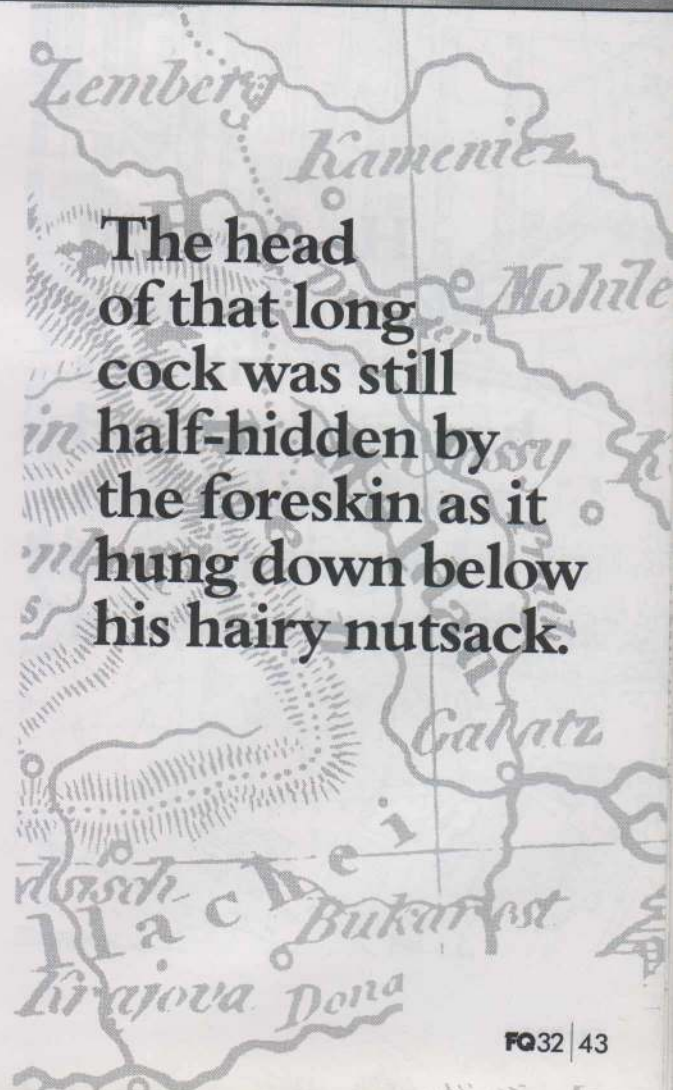

I roamed the crowded club for another couple of hours, searching futilely for that hot Polish stud. Although I was still burning with lust, I rebuffed everyone who attempted to come on to me. I finally returned to my hotel room and jacked-off to the memory of that amazing man.

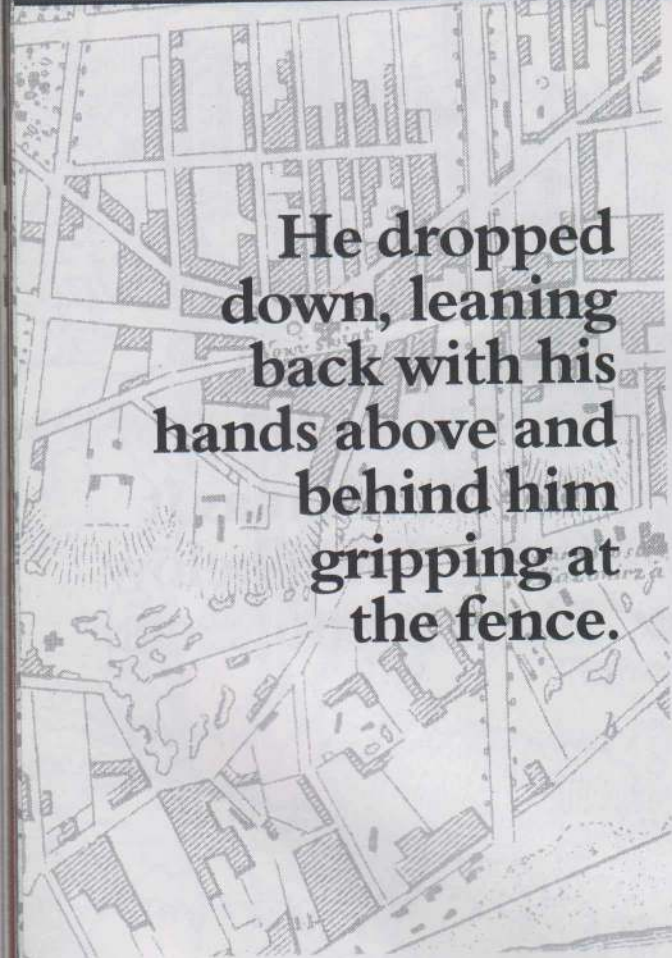

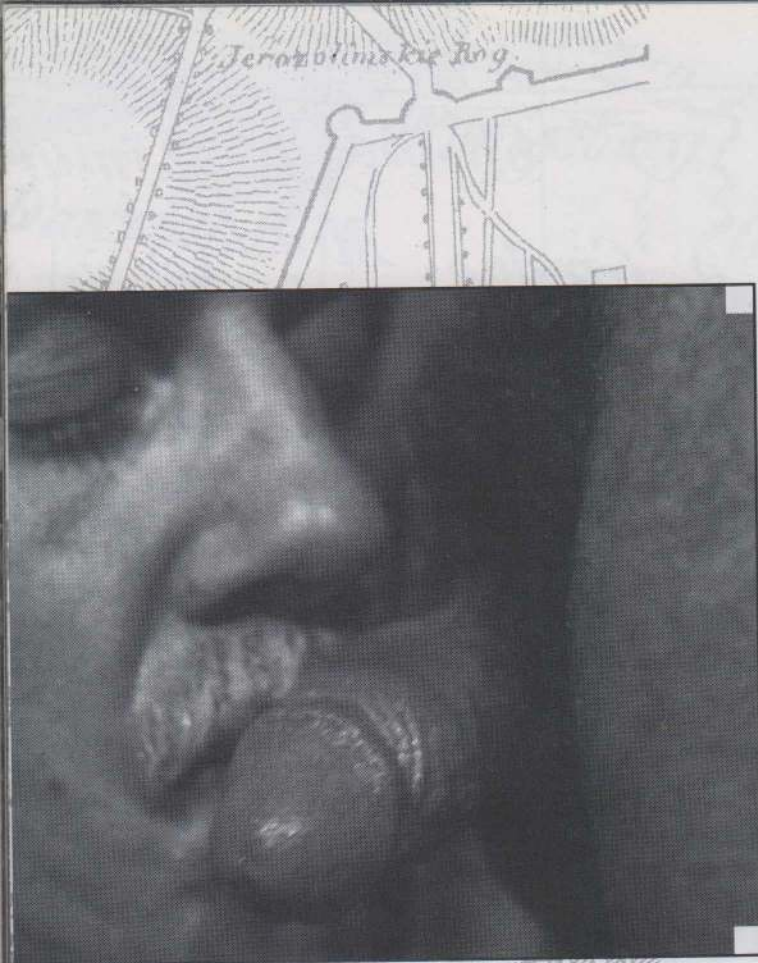

I could not help but return to the same hidden club the following night. I was surprised that it was busy on a Sunday night, I hadn't even been certain it would be open. Of course it was quieter than the night before, and one could actually move around without constantly embracing a hundred strangers. I found the same room with the stage, but alas there was no dancer. I hung around there for a good half hour, and was ready to move on when I felt a hand on my shoulder.

I turned to confront the man of my dreams. There he was, the dancer from the night before. It was definitely him!

As I stared down into his hooded brown eyes, I was too stunned to hear what he was saying. I am a tall guy, a tad over six foot two, and this guy was quite a bit shorter, probably only five foot ten or so. I was staring down at him and thinking about the sudden stiffening of my cock in my pants when I realized he was speaking.

Raised in the Canadian prairies, my parents are Ukrainian, and since most of my relatives and neighbours were of that nationality, I grew up fluent in that language. Well, Polish is very similar to

He dropped down, leaning back with his hands above and behind him gripping at the fence.

Ukrainian, and I had been in Poland for two weeks so I had picked up some of it.

With a concentrated effort I realized the young stud was asking if I had seen his show the night before.

"You were standing in the front, I could not mistake you, tall, handsome and blonde," he said, or at least I guessed he said. He may have been calling me a dog in heat for all I knew, but I decided to translate generously.

"You were fantastic, I have never seen anything like that!" I gushed in Ukrainian-garbled Polish. He grinned, straight white teeth around a pair of lush lips. How could it get any better?

He laughed, then spoke to me in fluent Ukrainian.

"Come with me, I know a place." He smiled, taking my hand in his. What kind of place did he know? I hoped it was a place to have wild, hot, sex!

He dragged me by the hand, his much smaller than mine, but firm and strong, leading me through a crowd of men and a maze of rooms until we abruptly halted in front of a chain link gate against a back wall of the warehouse building the bar was beneath.

"I will dance for you again?" He laughed, the loud Euromusic blasting even in this out-of-the-way nook. I grinned and nodded my acceptance and released his warm hand.

He smiled seductively and began to gyrate, pumping his hips and running his hands up and down his tee-shirt covered torso. Was that ever hot. I glanced around and realized there were a half dozen other men passing in and out of the room, some looking our way, but most just meandering through. I looked back to see my new friend already stripping off his shirt, obviously intending to waste little time, which was fine with me. His tight-fitting jeans came off next, and his underwear right after. He was naked in front of me in less than five minutes.

"I am Serge!" He laughed, leaning back with his hands entwined in the links of the gate behind him, his hips thrust forward and that incredible dick flopping right in front of me.

"I'm Victor," I mumbled, my attention riveted on that uncircumcised meat bouncing around as he pumped his body in steady rhythm to the electronic music.

I reached out and touched it. Suddenly bold, blocking out the men who were walking past, my entire attention on the hot young Polish stud writhing in front of me. When my trembling hand connected with that long Polish pole, its warmth seemed to shoot right up my arm and into my lungs. I gasped.

"Yes, touch me," Serge groaned. He dropped down, leaning back with his hands above and behind him gripping at the fence. His thighs spread wide apart, those same dark construction boots he had worn the previous night his only remaining clothing. His dick swelled slowly in my hand. I stared down at it as my eager fingers moved over the head, playing with the amazing foreskin that stretched over the gleaming knobhead. It was silky soft, and quite strange to feel it sliding up and down. I rubbed my fingertip into the area around the head, feeling drops of lubricant drooling out of the half-hidden piss-slit. I tickled that oozing slit, which had Serge groaning and thrusting his hips forward. As I played with his dick it grew stiffer. And fatter and longer. The foreskin peeled back as the shaft expanded, but I could still move it back and forth, which was a real turn-on. I glanced up to see Serge's deep eyes half-shut, his lush lips parted and his tongue tracing them with concentration. He was excited, and he liked what I was doing.

I continued to stroke his stiffening dick, teasing the sensitive head as it came out of hiding, and working the foreskin up and down. I could still pull that flap up and partially over the hardening dick, but as it grew ever larger, it was less and less easy. I confess I was fascinated by it, and really got into stroking that cock. One part of my mind imagined his dick as the violin I played, and my hand was the foil that strummed it.

"No one plays with it so good as you," Serge moaned, his head rolling from side to side as I continued to tease and tickle his bobbing boner. I guess uncircumcised cocks were common in Poland, and not something to be so eagerly toyed with.

I moved in closer and slid my other hand down to his tight ballsac, squeezing the hairy nads as I rubbed his drooling cock. He groaned louder, leaning forward into my hands while his own tensed above him, locked around the chain link fence behind him. Then I slid my hand farther back into the warmth of his wide-spread buttcrack. I tickled the perineum lightly then found the puckered asshole right behind. He grunted and sighed as I teased at that opening in time to the stroking of my other hand on his pulsing hard-on. He was not only sweaty down there, he had actually greased his hole with something, making it slippery and welcoming. His anal lips quivered and parted at the touch of my fingers, welcoming them inside. I dug two fingers into his asshole, stretching open that pulsing pit.

"Oh yes, yes, my dick, my asshole, yes, you are good!" He gasped, his entire body wriggling and grinding as if still dancing, although now he was dancing around my hands in his asshole and around his stiff Polish pecker.

That sexy foreskin slid up and down with my strokes, like a fleshy glove. I rammed two fingers deeper into his hot asspit as I increased my frantic stroking of his dick. He huffed and grunted and shoved his body forward, suddenly going rigid all over and then abruptly blasting me with wads of cum. The sticky fluid shot in the air landing on my bare arm right up as far as the biceps. Then it drooled out of his dick all over my hand as he shuddered and almost collapsed. His asshole quivered and pulsed around the fingers invading it as he came.

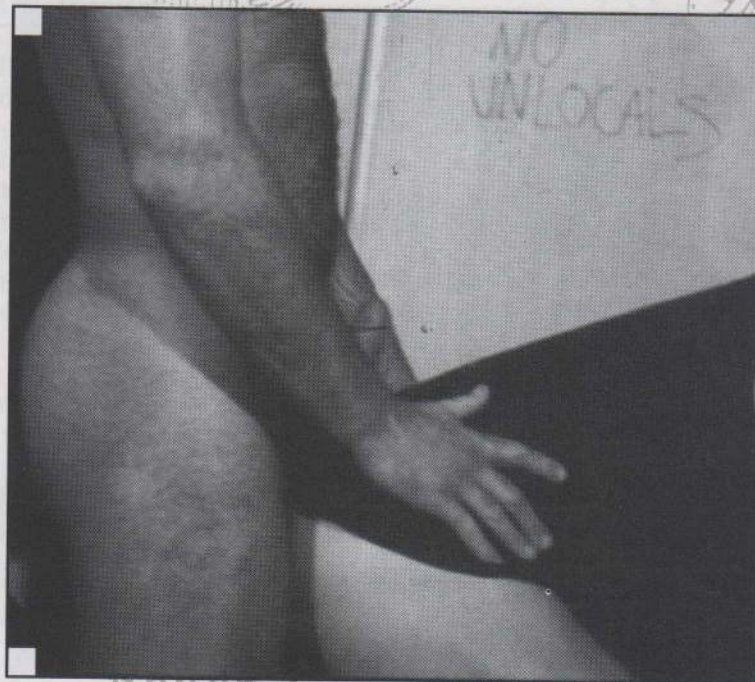

"Fuck my butt with your big dick, blonde stud!" He growled, his voice shaky but his unsatiated desire evident by the way his mouth hung open, his tongue still licking his plump lips. I was only too eager to oblige.

He turned around and leaned into the fence, raising his hands to hold on to it. Then he turned his head around and grinned at me, his thighs spread wide, his asscrack open and inviting.

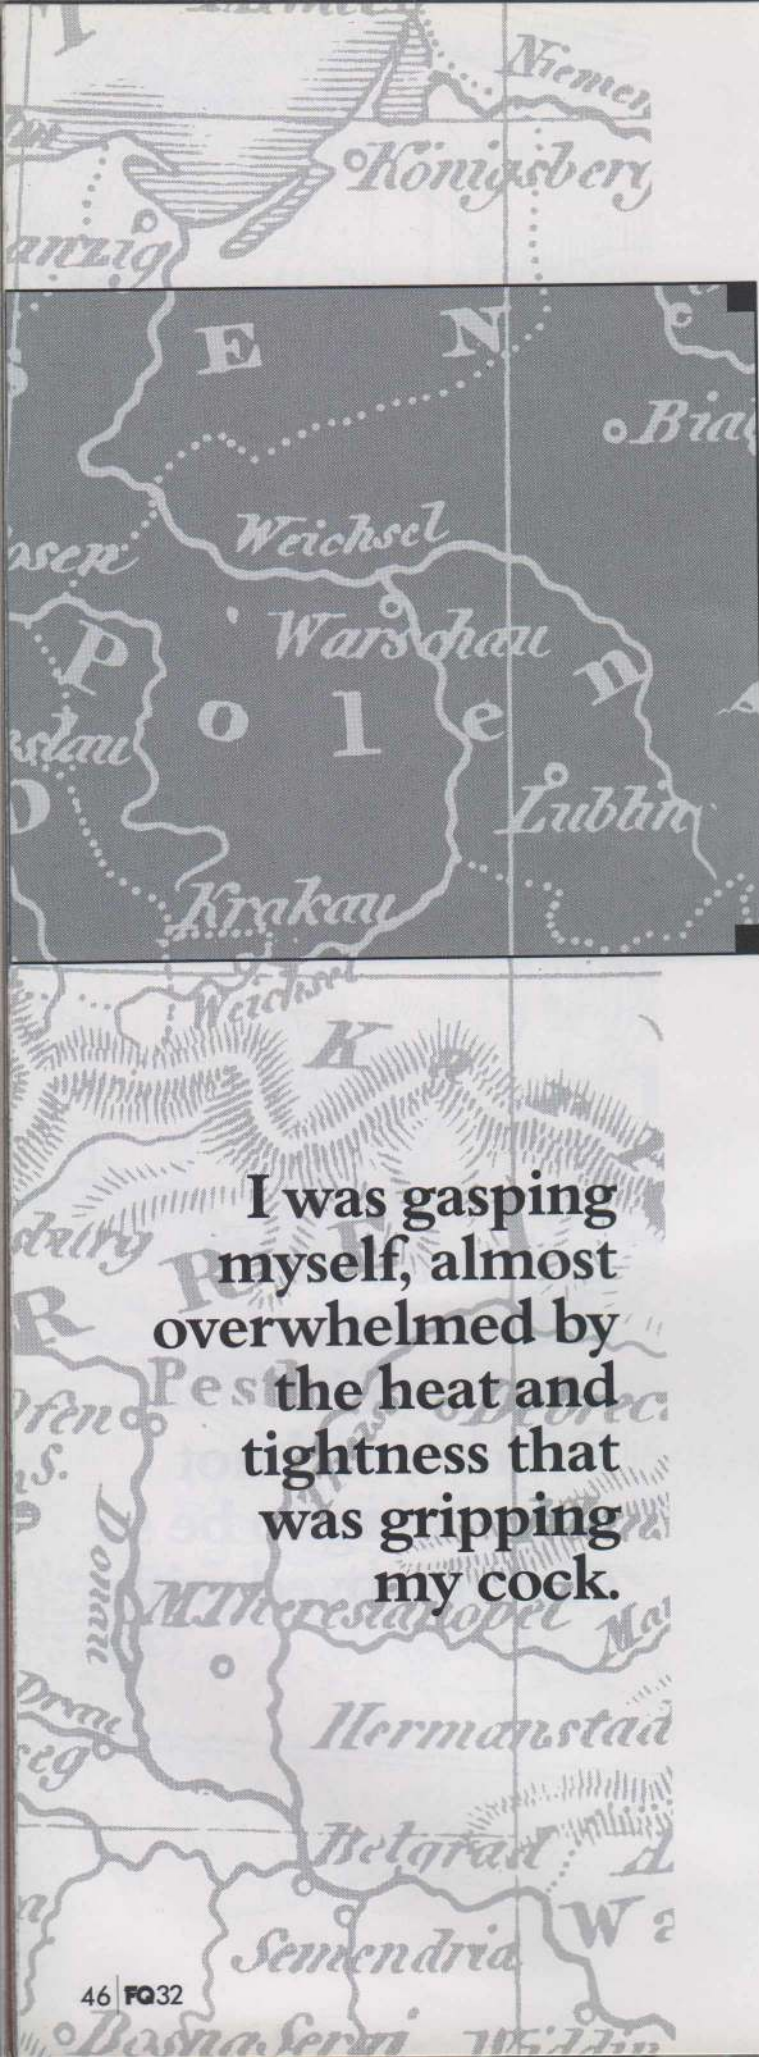

"Come on, fill me with dick!" He urged. His own dick was hanging down between his muscular thighs, softer now and dripping cum. The foreskin was slipping back over the purple, glistening head. I glanced around again, noticing that several guys had stopped and were watching. I didn't give a damn. I stripped off my jeans, almost tripping over my shoes in my haste. I stepped forward and pointed my very hard cock at the hair-ringed anal slot between my dancer friend's big asscheeks.

"Yes, it is big like you," Serge grinned, looking down at my own large Ukrainian sausage. I do have a big dick, which scares some guys. But I guess he wasn't worried.

I lay my cock along his sweaty crack and began to rub it up and down his moist flesh. The knob poked at the pulsing rim of his hole and I held it there. The hole expanded as he shoved his butt back, as if he wanted nothing more than to swallow it with his puckered anal cavity. That is exactly what he did. While hanging on to the fence

I was gasping myself, almost overwhelmed by the heat and tightness that was gripping my cock.

with his hands, he grunted and grimaced as his asslips parted and surrounded the head of my dick. He kept on going, taking the entire head inside his hot pit, and then sliding his rectal ring right down over the remainder of my fat shaft.

“YES!” He groaned in one loud plea, the insistent music punctuating his shout.

I was gasping myself, almost overwhelmed by the heat and tightness that was gripping my cock. I was all the way inside him, right to the balls. He was massaging my cock with his anal muscles, expertly, grinding his ass back and then raising it up to let some dick out, then sitting back down to get more inside him.

I reached down between his spread thighs and grabbed hold of his dangling pecker again. It was hanging there, swollen but not stiff. The hugeness of the dick up his butt may have been the cause, as well as the fact that he had just cum. Anyway, I loved it. I could play with the foreskin, which was really hot. I stretched it out, pulling it over the slippery, cum-coated head, then slid it back almost to his tight balls. As he fucked his butt over my huge bone, I massaged his semi-stiff dick. It did swell slightly, but remained only half-hard as he fucked himself steadily. I pulled the foreskin up to surround my fingers with the unusual flap of stretchy skin. I really got into it, teasing his lengthening prick with every deep penetration of his asshole with my own huge and very stiff cock.

He danced over my dick, his clenched buttocks writhing and squirming up and down deliciously. I planted my big feet wide apart and held my hips against him, allowing him easy access to my long bone. I had both hands around his waist by then playing with his swollen, half-hard prick and amazing foreskin.

I could not keep it up for long, I was so horny and so excited by the bizarre situation, and by the feel of that massaging hole over my stiff meat, I felt the cum boiling up and could not hold it in. With a loud grunt, I held my dick deep up his squirming butt and shot my load. I yanked on his foreskin, stretching it way out, and that must have done something to him, because all of a sudden his cock began to pulse and spasm and another creamy load of goo splattered out all over my teasing fingers. Even though his dick never got completely hard again, he had cum once more.

I leaned into him, both of us clutching at the gate for support—our breathing laboured, our dicks drooling cum, his on my fingers, mine up his clenching asshole.

I came to my senses eventually, realizing there were men watching us. I slid my dick from the warm anal glove holding it, and reluctantly released that slimy foreskin I was still playing with.

Serge turned around and slid into my arms, his smaller body hard, tight and warm. We embraced in the semi-darkness of the room and held each other for quite a while. Passers-by ignored us eventually.

We went out for coffee after that. European cities have a late night-life, and it was almost dawn by the time we found our way back to my hotel. Once in my bed, I was keen to attack that sexy foreskin all over again. This time I explored it with my lips and tongue.

Serge and I found all sorts of ways to make love over the next week. I was sad indeed to leave Poland. But we have planned to meet again. He says no one has ever lavished so much attention on his dick, and he loves it. And he loves my big dick too. What more could one ask for? ☑

PUBLISHER'S NOTICE

DON'T BE A VICTIM

While almost all classified ads are submitted by honest and sincere men, we feel it is worth repeating the obvious: some ads can be invitations to financial scams or other frauds. Beware of anyone requesting financial favors or other "help." Brush Creek Media strongly advises the use of utmost caution and can not be held responsible for any loss or injury that may result from contacts with classified advertisers.

MAIL FORWARDING: Properly prepared letters sent to your box number will be forwarded to you unless you check the no mail box in the form at left. (See #1)

RESPONDING TO AN AD BY MAIL: Put each response into a regular envelope, mark the box number (starts with #2) on the back of the envelope, pack up your response envelopes plus \$1 each in an outer envelope and mail to: **Brush Creek Media, 2215-R Market Street, #148, San Francisco, CA 94114.** We forward your response directly to the boxholder.

Note: First 75 words of PERSONAL ADS are free. ABOUT HAVING YOUR PHOTOGRAPH APPEAR WITH YOUR PERSONAL AD: New regulations are making this more complicated. Even if your photo was previously published in FQ Personal Ads, we are now required to have on file a release statement, list of your stage names and aliases (if any), and a photocopy of your age-proving ID.

① **FOR OUR RECORDS:** This info is needed so we can send your Voice Mail box # and such to you, and so we can reach you if there is a problem with your ad. Use your legal name and, if possible, a daytime phone. This information is kept confidential.

② **AD PLACEMENT:** Choose your home state unless you travel widely (Nationwide) or are interested only in contacts on the basis of the respondent's circumcision status (Cut, Uncut, or Cut or Uncut).

③ **BOLD HEADING:** Print up to 25 characters including spaces, absolutely no more. When counting the words in a personal or commercial ad, do not count the words in the headline.

④ **AD COPY:** Print it out very clearly. Don't bother using abbreviations—we're counting words, not letters. Tell 'em what you want and what you've got to offer. Every personal ad will automatically be issued a Voice Mail box number for the Brush Creek Media Personals system on which the FQ Uncut line is one of five menu options. You may include your address in your ad, but we can no longer publish phone numbers in personal ads. If you wish to have your photograph published along with your ad, you must do the following: 1) write *Released to Brush Creek Media for publication* and your name and signature on the back of the photo or on a piece of paper taped to the back of the photo, 2) write on a separate sheet of paper any aliases or stage names you have also been known by, 3) include a clear photocopy of your driver's license. There is no charge for photos published with personals. You have to be 18 or over to place an ad, and you may not mention or suggest sex with minors or animals. Otherwise, you're on your own. Write what you will and we'll publish exactly what you write (so print clearly). **Deadline?** Whenever your ad arrives, it will go into the next issue of FQ.

⑤ **HOW MUCH?** Add up the words, not including the headline, and pay 25¢ for each word in a commercial ad, and for all words over 75 in a personal ad.

⑥ **PHONE NUMBERS:** Sorry, we can not publish phone numbers in personal ads except verified numbers of telephone devices for the deaf. Phone numbers in commercial ads are acceptable, but must be verified. Verification costs \$1.

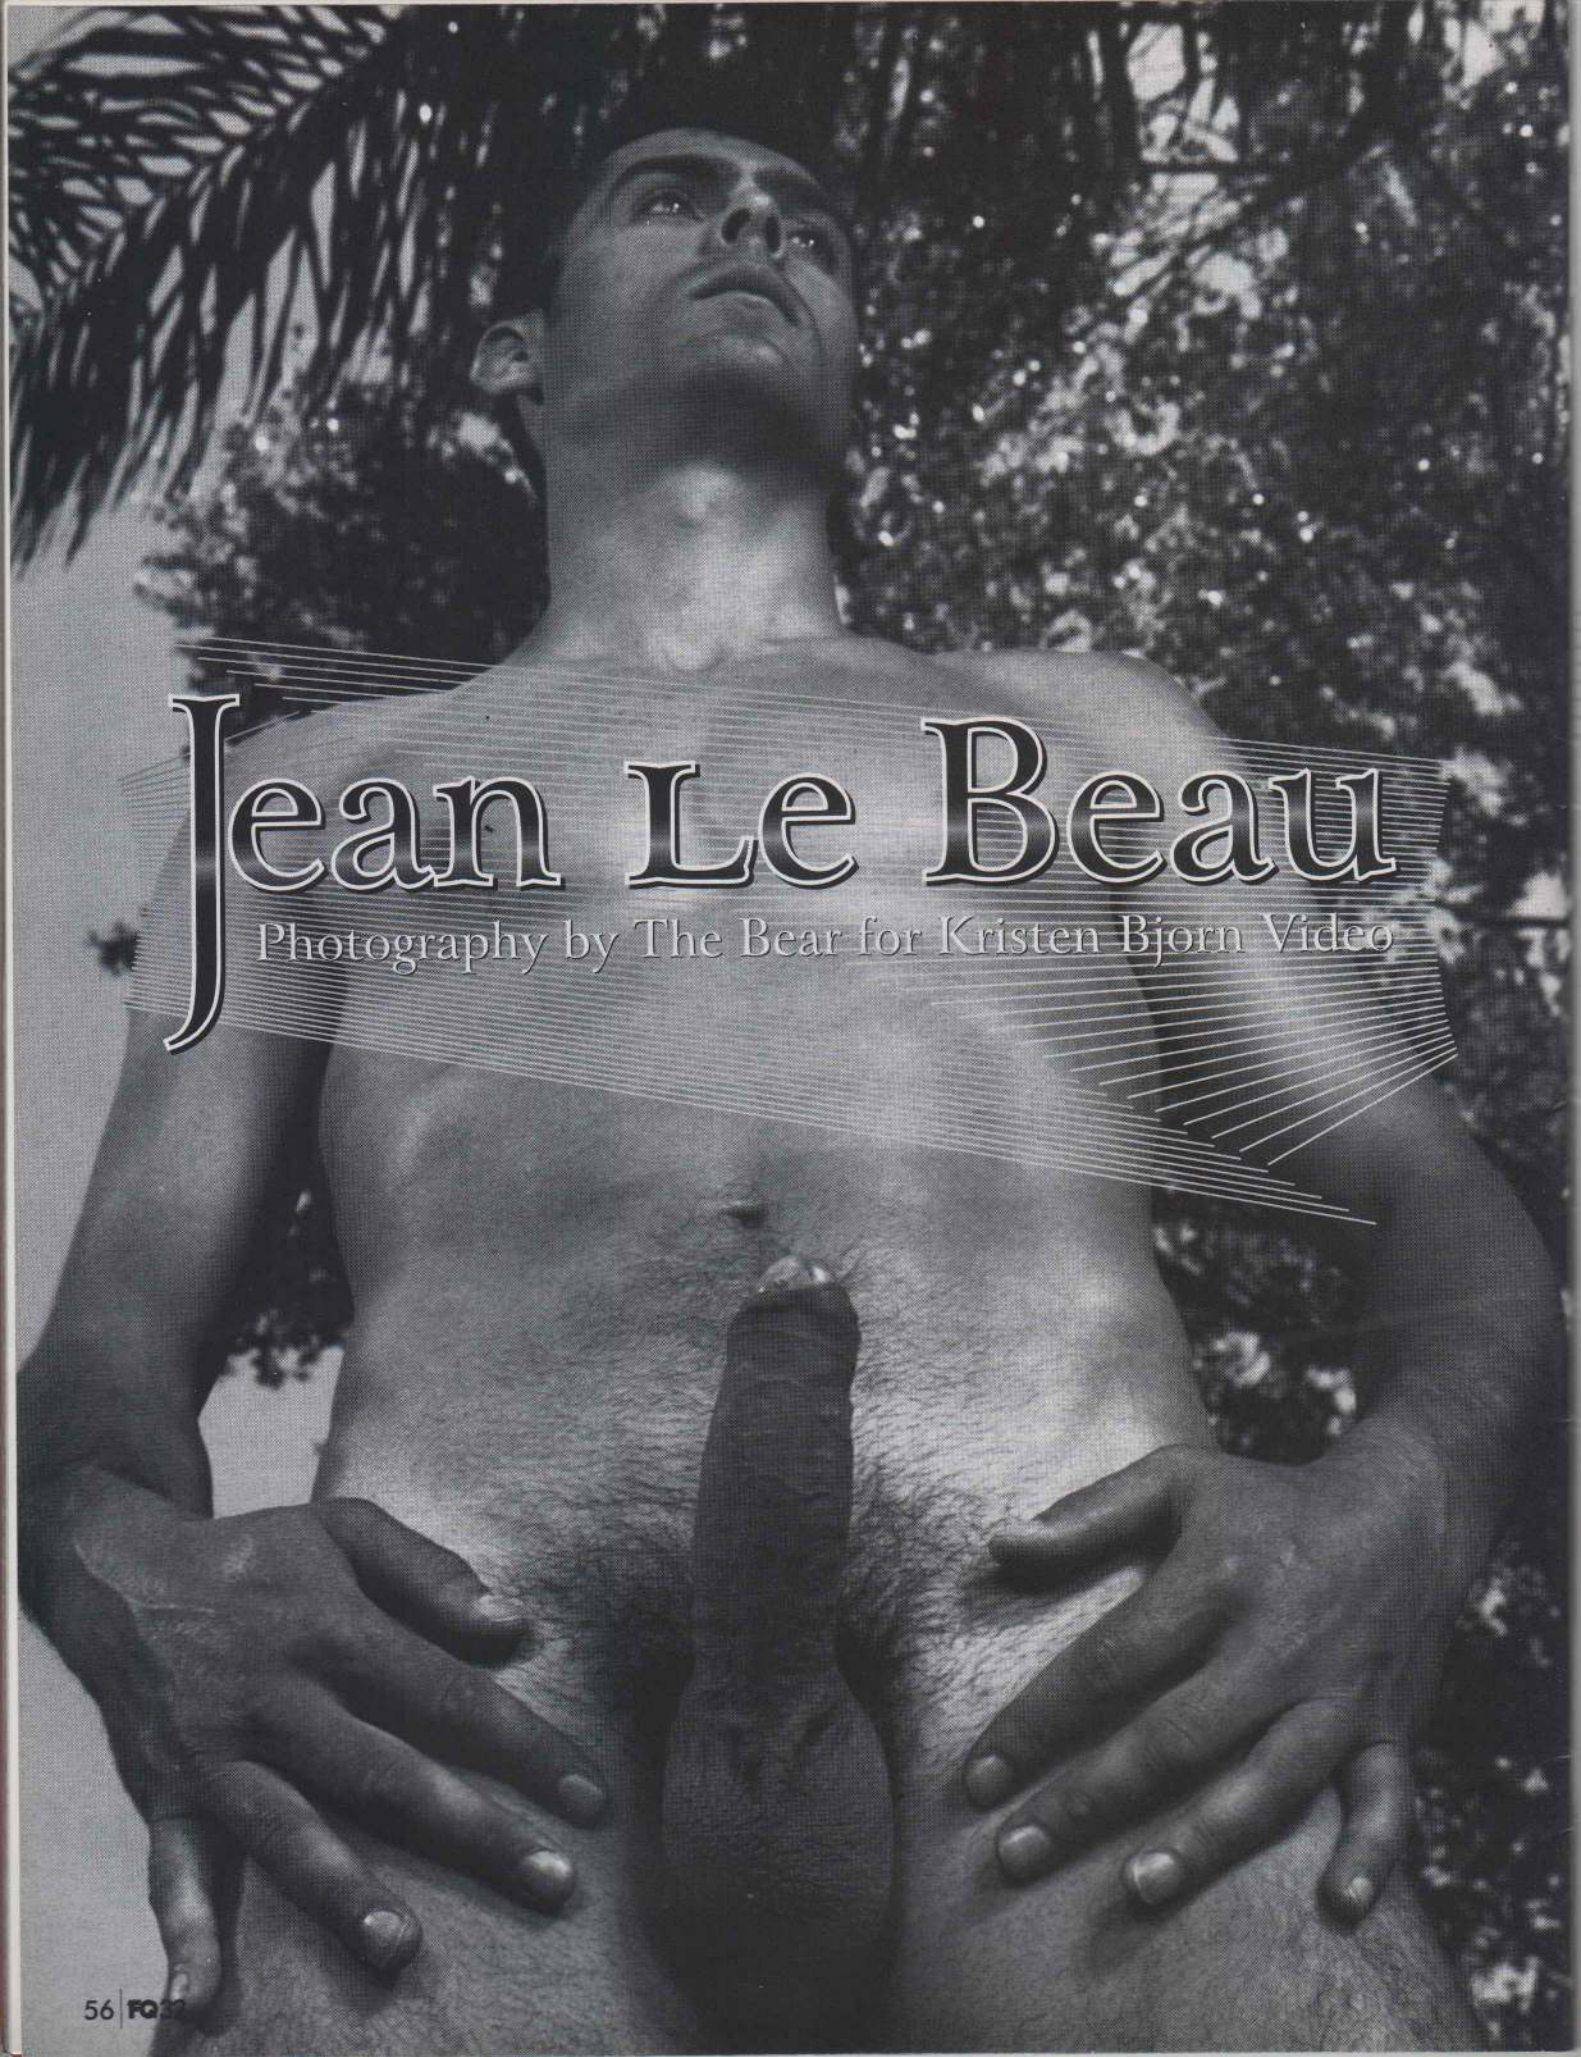

⑦ **RUN IT AGAIN?:** Free personals will run at least four times, concurrent with your subscription. Personal ads over 75 words: Pay for additional insertions of your ad's extra words. Commercial ads: multiple insertion discount as shown on coupon below.

⑧ **PAYMENT:** Check, money order, Visa, MasterCard or American Express.

⑨ **SIGNATURE:** Required for all classified ad placements.
