NEW JERUSALEM

The bringing forth of the New JerUSAlem begins with the planning and the planting of this new spiritual nation upon Earth. But it is a process that is different from the birthing of any nation in the present recorded history of Earth.

The usual manner has been for a group of people to join together for the purpose of forming a new nation, then selecting or allowing to be selected the leaders or the representatives, who then make the laws that inaugurate and control the birthing and its early growth. The first citizens are those who wish to be such, or are forced to be such. Future citizens come through birth or naturalization.

But in this present planning and planting of a new spiritual nation, that was announced and was begun in 1974 by the Hierarchal Board or the spiritual government of our solar system via Mark-Age as its externalized focus, the process begins with the establishment on Earth of the principles, the laws, the policies which must be adhered to by any and every one who wishes to become a citizen of the New JerUSAlem. This is to take place well before the actual manifesting of the New JerUSAlem.

First, be it known that this New JerUSAlem or new spiritual nation is not a political government or nation, in any sense. Rather, it is the union of those who dedicate themselves to God, to their fellowmen, to the Hierarchal Board, and to all of God's creations on Earth. Thus, although it is being formed through Mark-Age in the United States of America, at the Mark-Age headquarters in southern Florida, it is not the location of the nation of the New JerUSAlem. Nor are its citizens those of a separate nation, in the political sense. They remain citizens of any country they now or will desire to be citizens.

The supreme ruler of this New JerUSAlem is and ever will be God, the parent Spirit Which is in all of us. The primary and eternal dedication — not a meaningless vow, but a thinking and acting way of life — is to God in each one of us and in all creation. Any who do not adhere to this primary requisite will forfeit citizenship automatically, and for so long as such denial of God as the supreme ruler remains within that person.

The spiritual leader of Earth and all its adjacent planes for this New JerUSAlem is Sananda (pronounced Sah-non-dah), member of the Hierarchal Board, designated spiritual Prince or ruler of Earth. He has been such ruler for eons of time. His preparation for this new spiritual nation has been extensive, both from the Christ or etheric realms and through his numerous lives or incarnations on Earth as: leader of the Adams and the Abels and the Noahs, Melchizedek, Moses, Gautama Buddha, and Jesus of Nazareth. Working with him is a hierarchal government for the Earth planet.

This Earth hierarchal government is part of the solar system's Hierarchal Board. It is to become once more part of the Federation of Planets of this solar system. As such, the policies of the Hierarchal Board will be instituted from the beginning and will remain in effect.

Be it known that this Hierarchal Board is not a self-selected body, but is representative of and acting for the collective Christ-conscious sons of God or the race of man throughout this solar system. The Christ or spiritual Self of each person on Earth is part of this represented race of man, and will be in complete accord with and assistant to the selection of those who will be permitted citizenship in the New JerUSAlem about to be born.

Inasmuch as the policies of the Hierarchal Board, as representatives of Spirit for government of this solar system, are to be the laws of this new nation in and under God, these laws and policies shall be revealed and implemented as the initial phase of the manifestation of the New JerUSAlem. These laws, already prepared in the spiritual realms,

are to be the covenant, the charter and the government for this new nation. They are not to be devised by man of Earth, but by the ascended masters of spiritual knowledge and mastery and experience who are the Hierarchal Board.

The citizens of this worldwide spiritual nation without physical boundaries then shall be selected by Spirit, the Hierarchal Board, their own Christ or spiritual Selves, all acting unanimously in accord. Citizenship shall have been earned first by spiritual consciousness, experience and action. Citizenship shall be maintained only so long as spiritual thought and deed remain in that person. Since this citizenship is awarded in a spiritual manner, rather than by birth or naturalization certificate, its revocation would be in the same manner: by Spirit, the Hierarchy, the Christ Self.

There must be the beginning of the planning and the planting of this New JerUSAlem on Earth. For this purpose, the Hierarchal Board has selected the Mark-Age unit as its sole focus for announcing, revealing and implementing this new spiritual nation.

The leaders of Mark-Age are fully capable of such hierarchal action, for they are El Morya, Chohan or Director of the First Ray for this solar system, member of the Hierarchal Board, spiritual ruler or Prince of the planet Neptune, master of all physical planes in this solar system; and Nada, Co-Chohan with Sananda of the Seventh Ray of this solar system, member of the Karmic Board, future co-ruler or Co-Prince of Earth. These two are the incarnated founders and leaders of Mark-Age in the physical.

While citizenship in the New JerUSAlem is not determined by El Morya and Nada, nor limited to the Mark-Age staff and membership or the acceptance of Mark-Age teachings and demonstrations, it is through these two and the Mark-Age unit that the externalization of the Hierarchal Board, and thus the principles and the policies of the new spiritual nation, will be revealed and implemented.

In this respect Mark-Age expands its function as Coordination Unit for light or spiritual workers and groups, as

well as its functions in Mark-Age Inform-Nations (MAIN), Mark-Age Meditations (MAM), University of Life, Centers of Light, and Healing Haven divisions. Through these five divisions will be given the information, the education and the demonstration of the hierarchal plan for the New JerUSAlem.

The exempling of citizenship in this new spiritual nation will be performed by associates, staff, representatives, group leaders, and elected members of the Mark-Age unit. Those selected for, and remaining in, the Mark-Age staff shall be of the highest dedication, spiritual standards and qualifications worthy of being part of the externalized Hierarchal Board focus.

Those selected as special field representatives, not an integral part of the Mark-Age staff but active ambassadors, will be next in line and qualifications. Those designated as Mark-Age group leaders will follow in the Mark-Age hierarchy. Co-participants in the Mark-Age Family membership will be fellow citizens of this Mark-Age focus for the implantation of the new spiritual nation. Those light workers, knowing of or unknown to Mark-Age, who so think and act in accordance with New JerUSAlem principles will be citizens also, even though not of Mark-Age membership.

To qualify for staff of Mark-Age, each person must give complete dedication to the unit and its policies, as well as to the leaders. To demonstrate this spiritual citizenship, no one who will not serve Mark-Age willingly and completely in every proper way will be permitted to join or to remain in the Mark-Age staff. Never will any staff member be allowed to enter or to remain who will not demonstrate the highest spiritual principles as taught and demonstrated by the Mark-Age leaders with and for the Hierarchal Board. This standard will be maintained more fully and firmly than ever before, and will grow in intensity.

Those who are staff members must also know or learn basic spiritual laws as well as Mark-Age material and policy. For this purpose, University of Life courses have been initiated, with many more to follow. These courses serve

as laboratory testings for the materials which then will be prepared for and shared with Mark-Age field representatives, group leaders, Family members who so elect and are selected, and other light workers also elected and selected. From this will be prepared special University of Life material for the masses.

Since the thoughts, the actions, the teachings and the demonstrations of the Mark-Age staff are so important to this planning and planting of a new spiritual nation, it is rightfully expected by Spirit, the Hierarchal Board, Sananda, El Morya, Nada, the rest of the staff, and all others in the hierarchy and the membership of Mark-Age and the other citizens, that the Mark-Age leaders and staff are knowledgeable, proficient and spiritual in their understanding, teaching and demonstrating of Hierarchal Board and Mark-Age information, education and policy.

This all of us expect, this will be demanded, of all present and future staff members. The same shall apply, in decreasing degrees, to all others who serve Spirit and the Hierarchal Board within any level of Mark-Age activities. You have the pledge of Sananda, El Morya and Nada for that.

Since the proper planning and planting of this new nation of spiritual citizens must be performed in a step-by-step manner as devised by the Hierarchal Board, it will take time. As has been given through the channelings of Nada-Yolanda numerous times, Mark-Age is a *testing unit* for the hierarchal plan and program. Therefore, much of the initial University of Life material will be designed for and used from training of the Mark-Age staff.

When it has been tested and tried in this manner, then it will be offered to those who not only want it but who also will be selected by the Hierarchal Board via Mark-Age for the next phase in stepping it down into outer manifestation within the masses. Because of the need for careful screening of not only staff members but also representatives, group leaders and Family co-participants, this material will be offered only to those it is felt are capable and worthy to be part of this initial planning and planting.

Such is the method by which the new spiritual nation shall be materialized on Earth now, in preparation for the Second Coming of Sananda to implement fully the New JerUSAlem, and the second coming of each one on Earth into Christ awareness so as to be a citizen in the New JerUSAlem. We shall work with many of you and many others not known to us yet, in order to begin the birthing.

First will come the laws, the teachings, the policies of this new spiritual government. Then will step forth those who wish and try to be citizens. Then will come the manifestation of the 144,000 elect. Only after all of this will come Sananda and the full manifestation of the New JerUSAlem. This is the hierarchal plan and program for this new spiritual nation. Where do and will you fit into the picture? Please do let us know of your interest.

EVOLUTION OF MAN

Each and every member of the race of man is a son of God, a co-creator with Spirit through eternity.

When this solar system was ready for life forms, man came here to experiment, to learn, to experience and to govern. 206 million years ago man, in the higher dimensions then, began to focus attention on the Earth. In this process of evolutionary experiencing, many became enthralled with experiments concerning life forms on the physical or third dimensional plane. From 206 million until 26 million years ago this process continued.

By 26 million years ago many had become so enmeshed in the physical dimension that they lost conscious awareness of their spiritual nature. This was the fall of man, or of that part of the race which became the human subrace. Thus some of the sons of God became entrapped in the third dimension of the Earth.

Those who did not become entrapped, and thus did not experience the fall and the devolution, have been working ever since to help their brothers and sisters again rise into the fourth dimension and regain consciousness of their status as sons of God. The present 206 million year cycle of evolution will end by the year 2000 A.D., after which a completely new cycle of man's eternal evolution will begin.

As an eternal being and as part of the race of man within this solar system it behooves everyone to understand the nature of man, the 206 million years of experience with Earth and this solar system, and what lies ahead. This book contains sufficient information to awaken the subconscious memories that will aid in rending the veils which have prevented man on Earth from knowing himself and have kept him entrapped for millions of years.

EXTERNALIZATION OF THE HIERARCHAL BOARD ON EARTH

Beloved co-workers in the light, this is Nada speaking to you from the high Self consciousness. Our spiritual government for this solar system has selected me at this time to be a spokesman for the light workers incarnated on the Earth, to inform them of a special event that was initiated approximately around Easter of 1973, and which will be completed approximately after the Easter cycle or spring of 1976.

G
E

First, you have been informed that we are working on the rending of the fourth phase of the seventh veil. This was announced, and then we all were cautioned that it would cause the greatest upheaval in each person's soul, in each person's emotional, mental, as well as physical, lives upon the planet.

Second, this announcement included the information that the rending of the veil between dimensions would bring the opportunity for all to see clearly, from the hierarchal or etheric point of view, what the evolutionary program involves, as regards the new and spiritual standards for all mankind on the planet.

Third, we were instructed that, if we would adhere to the Hierarchy's schedules and events, we all could aid greatly in this total rending of the fourth phase of the seventh veil; which, as you know, separates mankind of Earth from his true spiritual heritage and role as Christed sons of God in this dimension.

SCHEDULE OF EVENTS

The Hierarchy's planned schedule of events has begun. Starting at Easter 1973, the final stages of unification of the trinity representatives — Sananda as superconscious I Am, El Morya as conscious representative on Earth, Nada as subconscious representative — were begun in California. It was completed before winter 1974 at MetaCenter in Miami. By our three individual roles and functions we thus helped to anchor the externalization of the Hierarchal Board on the Earth, and to anchor each and every other person's trinity aspects within — I Am Self wed to conscious-subconscious aspects — individually.

In outlining the schedule of events for the rending of the fourth phase of the seventh veil, the Hierarchy told us it would begin in 1973, could end approximately around 1975; but also it would involve a period of time between 1974 and 1976 for the masses to accept, and to be able to work with its effects.

Until this time, El Morya, Mark and I have endeavored diligently to teach, to demonstrate and to enforce our hierarchal functions for the sake of the light workers, in order that we and they coordinatedly and cooperatively can externalize the Hierarchal Board on Earth in a sufficient and proficient manner, so the masses can use us as their guidelines and examples for their own externalizing of high Self functions and talents, between the scheduled time of Easter 1974 and the spring cycle or Easter of 1976.

What has taken place so far in these events, according to hierarchal schedules, should be sufficient for all program workers to identify with, to work with, to teach about and to proclaim to others; as well as to claim for themselves as their rightful place, actions and cooperative support.

Therefore, if you too have begun to feel the renting of the fourth phase of the seventh veil in your own life, affairs, and relationships, you will wish to cooperate with the Hierarchy's schedule to externalize the spiritual government upon the Earth planet in this Mark Age period and program.

By the spring of 1975 you will see the fulfillment of your own efforts for cleansings and purification. You will be rejoicing with the other light workers on the same plateau of expression in the awakenings to spiritual consciousness of your fellowmen on Earth.

If not, then you will begin at this moment to work within the masses and to experience personally the effects of this tremendous activity of cleansing on that level, and with feelings of fear, bewilderment and ignorance.

Beginning with this moment and lasting through the spring cycle of 1976, the full externalization of the new spiritual government on Earth will be exemplified, and will be accepted by those who do comprehend this great evolutionary cycle of growth now taking place within this planet as a program to lift it and the entire solar system into new areas of consciousness and services.

This is Mark speaking to you from Tamarac, Florida; which is immediately on the western outskirts of Ft. Lauderdale, several miles north of Plantation, Florida, in southern Broward County.

By now, as you know from the center brochure in the May issue of MAIN magazine, *Plant A Nation*, this is the approximate area, according to Sananda, where the headquarters of Mark-Age would move for at least twenty years, beginning late 1974 or early 1975.

Therefore, it is quite symbolic that we are speaking to you for this special Externalization of the Hierarchal Board on Earth broadcast from this particular location. As a matter of fact, it is coming to you from the home of a Mark-Age associate who has lived here in this new house for nearly two years; thus, in essence, planting the focus for our future hierarchal headquarters in the approximate area where it is to be located.

We have been looking forward to this special broadcast commemorating the second anniversary of the Mark-Age Meditations or MAM network for several months. In this

program we want to explore with you what the externalization means. First, what does it mean concerning the Hierarchal Board for the entire solar system? Then, what it means for the Mark-Age unit, for us individually within the Mark-Age unit. And, most importantly, what it means for you as a light worker; and for the masses whom all of us are serving in order to help anchor the spiritual governmental force. Only through this activity can all be ready for the Second Coming of Sananda and the institution of spiritual government on the Earth.

THE LONG PHYSICAL PREPARATIONS

It was back around 1957, as most of you know, that Yolanda began to receive the channelings from those in the etheric planes who comprise, in part, the Hierarchal Board of this solar system. It was in late 1959 that she and I met. It was on February 21, 1960 that the Mark-Age unit became externalized on the Earth plane as a focus for the Hierarchal Board.

1960 was the first year, or the beginning of the symbolic forty-year period, of preparation, the latter days, the harvest period, immediately prior to, leading up to, and culminating in, the Second Coming of Sananda, Prince of this Earth.

In 1960 we began the physical manifestation of Mark-Age, through the publication of our material and the implanting in greater volume of the channelings from or through Yolanda from the Hierarchal Board concerning the Hierarchal Board's plan and program for this latter-day period for the Second Coming.

Much of the first seven years, as a matter of fact much of the first fourteen years, has been concerned with bringing forth new material. It was told to us in those early days that if no one else on Earth received this information excepting Yolanda herself, at least it was implanting it on the Earth's vibration and would serve a very important purpose.

By two of us working together within the Mark-Age unit,

accepting it, digesting it, working with it within ourselves, projecting it out to the masses, taking it to many other light workers — some of you who joined us back in 1960 for the first time — the hierarchal plan and program was instilled in the mass subconscious mind, to ferment within it, so to speak, thus leavening the masses in order to prepare them for the Second Coming.

This is not to say, by any means, that Mark-Age was the first time the Second Coming was known, or the first time the hierarchal plan and program was initiated, on the Earth planet. But it did *mark* the overt or open externalization of the Hierarchal Board through a hierarchal focal point.

There have been many other channels, groups, churches, teachers bringing forth information from the Hierarchy for many, many years; actually, for eons. But what we are concerned with now is the fact that it began to be a current updating, a news reporting, from the Hierarchy itself of its plan and program for all on Earth and in this solar system.

Then we began to work within ourselves, to prepare ourselves for this externalization of the Hierarchal Board in each of us individually. We did the same within the Mark-Age unit. We have continued to do this throughout the years. Many of you and many thousands of others, through the Mark-Age material and meetings and groups, also have been preparing for the externalization of the Hierarchal Board in two aspects.

First was the externalization of spiritual government, spiritual discipline, spiritual laws within the individual consciousness, each one of us. Second was within the Mark-Age unit, then within the light workers projecting to the masses. The culmination of this physical preparation was two years ago, in the linking of the light broadcasters for this hierarchal MAM broadcasting network, which we are celebrating with this program.

SPIRALING PROGRESS

Therefore, it has been a climbing spiral, so to speak. We work continually on ourselves, on each other, on the

Mark-Age unit; preparing ourselves to bring forth in purity the externalization of the Hierarchal Board. At the time this broadcast is being made we are entering our fifteenth year of service; the first seven years being the physical preparation, the second seven the mental, and now entering into the spiritual aspect.

After seven years, beginning the new octave of the eighth, it is necessary to reexamine, to restructure, to renew the dedication. This means a great deal of soul searching, soul cleansing within each one in the Mark-Age unit, within the Mark-Age unit as a whole, so that we shall be well prepared for the forming of our new headquarters, which will be the open externalization of the Hierarchal Board in the *Plant A Nation* process by late 1974, early 1975.

In doing so, we are preparing an open vehicle through which Spirit, through which the Hierarchal Board in the higher planes, can establish on the Earth plane through the Mark-Age unit. That means as many individuals, as many light groups, as we can reach.

We trust that you will do this work with us from this point onward. You will prepare your own consciousness for the externalization of the Hierarchal Board, represented by your own Christ Self within your consciousness. You will prepare for the externalization of the Hierarchal Board through the externalized members of the Hierarchal Board and that staff physically incarnated on Earth in the Mark-Age unit.

Then, you will prepare yourselves, all of us together, to prepare the masses for the Second Coming of Sananda, who then will institute the final phase of the externalization of the Hierarchal Board upon the Earth planet for the coming Golden Era, the New Age.

In doing this, some of you will be with us within the Mark-Age unit as staff members and associates on various bases.

Others of you will continue to be co-participators and members of the Mark-Age Family. But whatever your status, wherever you are, will you please join with us now in

seeing established, and doing all you can to aid in, the externalization of the Hierarchal Board on Earth for Sananda's Second Coming around the end of this century? So be it. -- MAM Broadcast #52A, week of May 12, 1974

THE SECOND COMING

MARK: The Second Coming is the primary purpose of the externalization of the Hierarchal Board, and thus of the being of the Mark-Age unit and of our individual soul mission, all light workers on Earth. It concerns not only us but all the other kingdoms on the Earth; and it concerns the rest of the solar system too, for we are preparing to go into an entirely new cycle of evolution within the next two thousand to three thousand years. We are in the latter days of this ending of the old age, a material age on the Earth; our preparation for going into the spiritual age.

There is a great deal about the Second Coming in the Mark-Age books, booklets, other material. We do hope you will refresh your memory on those things if you have read them already, or will delve into them if you are hearing about it for the first time and now know that it is in the Mark-Age material.

There are two aspects of the Second Coming. We would like to discuss them briefly for you at this time. First is the second coming of the Christ Self to each individual person on the Earth and in the astral planes around the Earth. The second is the Second Coming of the Prince or spiritual leader of this Earth, Sananda; who was known in his last incarnation as Jesus the Christ. Therefore, it is the Second Coming for him as Jesus the Christ, and it is the coming of him in his high Self aspect as Sananda to institute a spiritual government on the Earth.

RETURN OF YOUR I AM SELF

Getting into the second coming of the Christ Self within each person: we know that we all have come from the high

Self state, the Christ-conscious level, of functioning of our individual being. We are eternal beings. We will continue to evolve throughout this solar system, and other solar systems and elsewhere, forever; being co-creators with God, serving our own particular function.

But, a part of the race of man became a human race when it fell into materiality, into the third dimension on the Earth planet. Therefore, it has been necessary for us, those of us who are on the Earth now or who have been on the Earth, to help man come back into at-onement with his own Christ Self; or, to put it in another way, to rise into his Christ-aware or Christ-conscious state once more. This is the second coming for those on the Earth planet who became mired here in materiality many, many hundreds of thousands of years ago.

In order to prepare for the Second Coming of Jesus the Christ, of Sananda, there must be a sufficient number on Earth who are prepared for the Second Coming and who have experienced the second coming themselves. Fortunately for the race of man on Earth, or the human subrace, this does not mean that all of those on Earth must do this climbing themselves during that interval. There have been sent many light workers to the Earth over eons of time — for many incarnations, in many cases — to help raise the race of man into this Christ-aware state once more, where he then can go into his Christ-conscious state.

Therefore, those light workers who have come to Earth will be among those first who will experience the second coming in an Earth body at this particular time. Which does not mean necessarily that they fell. But it does mean they will experience it on behalf of the masses and will set a pattern for the masses. There must be at least 144,000 so experiencing, so exempling, so demonstrating, so teaching this second coming of the individual Christ Self, in order to make it possible for Sananda to return in the Second Coming of Jesus the Christ to Earth.

This means we must start with each one who wants to be a part of that 144,000. Of course, we hope there will be far

more than that, for it is both a literal and a symbolic number. It is necessary for 144,000 to achieve and to demonstrate and to teach this before it can occur for the masses. So, this is the leavening. But it also can be a greater number than that, and we trust it will be.

First it must start within each individual person. So, if you would like to be among those 144,000 or more who will experience the second coming of their own Christ Self, and thus help to prepare for the Second Coming of Jesus of Nazareth as Sananda, it must start within you.

This means that within your own self there are a minimum of 144,000 cells which must be transmuted, which must be resurrected into the higher spiritual aspect, through your own spiritual consciousness, through the anchoring of the light body.

These 144,000 cells are within your brain. They must be transmuted through your conscious linking with the subconscious phase of your being. These two must be wed together, then must perform the spiritual marriage with the Christ consciousness, the Christ Self.

This means you must begin to cleanse your own consciousness. You must do all that is possible, asking the help of Spirit through your own high Self and through your teachers and guides in the higher planes, to bring about the cleansing within your mental storehouse, from this lifetime and past lifetimes. You will receive a great deal of help, in this respect, directly from Spirit, through your own high Self; and a great deal is to be found concerning this in the Mark-Age material; and of course elsewhere, too.

As you do this cleansing within yourself, you are ready and more prepared to be a proper vehicle through which your own high Self consciousness can function to bring you into that final at-onement with the high Self. Then you begin to link with the high Selves of others; until, united, we light workers will number more than 144,000 working for the primary purpose in this latter-day period of the Second Coming of Sananda as Jesus the Christ.

Let each of us individually and collectively, as light

workers within this Mark-Age program, work toward our own second coming and work together for the Second Coming of Jesus the Christ. In reaching out from that, we can work with other individuals and groups who are working for the Second Coming also.

Many believe it to be the First Coming. Whatever the situation, whatever the orthodoxy of the particular Christian faith of those who are believing this, so long as they are working primarily for the Second Coming we can work with them to this extent.

If they do not accept all the rest of the Mark-Age material, or indeed any of the Mark-Age material, we still can ask them to work together for the Second Coming in whatever way we are led from within to do. Then, once the Second Coming has been achieved, Sananda will return and will give the new teachings. If there should be any dissension within anyone as to beliefs, at least we can unite in working for and asking for the Second Coming.

RETURN OF CHRIST JESUS-SANANDA

YOLANDA: The Second Coming of Sananda as the Prince of Earth is the heralding or the anchoring firmly for the Age of Aquarius. What is this age going to bring about? Brotherhood, unity, oneness, and a mass consciousness functioning and operating for one single goal, making each part of itself equal to an opportunity and equal in expression for this spiritual Self within.

For many long years, in order to prepare for this externalization of the Hierarchal Board and the second coming of each one individually and the Second Coming of the leader of this program, we have been emphasizing in Mark-Age the linking of lights. Always we knew and comprehended that this linking meant that those of like mind, like interests, like dedication would join together, hold together, pray together in one conscious mind, one conscious thought form to bring about that which we all agreed upon as being necessary for the entire planet.

The magnificence of spiritual programs, and of any idea

or function of Spirit Itself, is that each single cell, each part is equally important in its creation and in its interest. So, in the macrocosmic sense, in the linking together of all these individualized Christed beings, spiritual Selves, we have the opportunity of raising every form of life; and raising every single man on the planet to his spiritual heritage, to express his spiritual nature; which, we have explained many times, are the spiritual talents that are inherent in each and every one.

This all will not be accomplished in the latter days or the Mark Age period and program. The Mark Age period and program is the preparatory period when we will be able to bring about these teachings. So, in expecting Sananda as Prince of the Earth, as the leader of all these spiritual beings linked together, we can help ourselves and help each other in expressing, in knowing, and in believing in, the essence of what Spirit has decreed from the higher planes, in the macrocosmic aspect.

Macrocosmically speaking, all in Spirit in the higher planes are in peace and are working together in unity and harmony. Microcosmically speaking, upon the Earth and in the individuals here, that has not been achieved. So, as we dwell upon this Second Coming during this MAM linking together, let us see that in the microcosmic aspect of our own being we are at harmony with and functioning in the macrocosmic idea of peace, of love, and of true enlightenment of what the Second Coming really does mean for ourselves, for the planet and for the entire solar system.

For the linking of lights not only involves all of the spiritual beings incarnated on the Earth, but since all of us have lived on other planes and planets and dimensions in this solar system and since we are welcoming visitors from other planes and planets in our present solar system program, we must recognize that the hierarchal program we are serving for the Second Coming involves many things that involve many other areas of expression and of development.

This Second Coming, for the Hierarchal Board, involves the entire solar-system government on other planes and

planets as well. For if Sananda can complete his role and function on the Saturnian Council for the solar system by returning to Earth and linking all the 144,000 light workers and more, for every single person on the Earth, all kingdoms on the Earth, then we truly can bring this Earth and all its kingdoms into the Federation of Planets of this solar system.

This is part of the second coming of each one's individual Self and the Second Coming of the leaders, linking all those Selves together for the Hierarchal Board. So may it be in truth. Let it begin. It is.

MARK AGE PERIOD AND PROGRAM

Mark Age Period and Program presents in one book the basic information needed to understand the nature and causes of, and the solutions to, our personal and world situations in this most climactic of all eras on Earth. An entirely new level of evolvement is beginning to manifest for Earth and all on it. Each person quickly must come to know and to express himself or herself as a spiritual being, a son of God, if he or she is to be allowed to participate in the new heaven and the new Earth.

The Mark Age period is that forty-year period, known also as the latter days, which since 1960 has been ushering in the New or Aquarian Age, the Golden Era. It is the transition period wherein man must cleanse himself and the Earth sufficiently to permit his entry into the fourth dimension, a new mental and physical dimension of spiritual life.

The Mark Age program is a plan instituted by the Hierarchal Board, the spiritual government of this solar system, to help man of Earth rise into his spiritual consciousness. Begun 26,000 years ago, it will be completed successfully by 2000 A.D.

Mark-Age is one of many New Age organizations bringing this program to the world. Initiated in 1955, it has been active worldwide since 1960 as the MAIN (Mark-Age Inform-Nations) center for interdimensional information and education and for spiritual demonstrations.

Symbology

SYMBOL OF I AM NATION

On May 15, 1974, Sananda showed Yolanda a vision of two interlocking triangles pierced by a cross. He said it is the symbol for the new I Am nation and will have meaning and importance for many years to come. Although this was the first time such a symbol had been given to Mark-Age by the Hierarchy to represent its externalization on this plane, information about each aspect of this symbol, both the interlocking triangles and the cross, had been received previously through the channelings of Yolanda.

INTERLOCKING TRIANGLES

The triangle has been a symbol used to represent the Holy Trinity of God as Father, Mother, Son. Much has been published by Mark-Age about the triune nature of God. It is concisely explained on page 77 of *Mark Age Period & Program*, by Dr. Hannibal through Yolanda: "In the Holy Trinity the Father represents the projector and the Mother represents the receiver. These are the positive and negative poles. The Son represents the creation or the reaction of the two poles working

equally, perfectly balanced and having the desired results. This is true in every realm."

Mankind as the Son of God, the third aspect of the Holy Trinity, is made in the image and the likeness of his Father-Mother God, and likewise functions as a triune being. The three aspects of man's mind are the superconscious or I Am Self, the soul as the recording or subconscious memory storehouse, and the conscious or personality self that carries out the directions of the I Am Self through the physical form, and makes use of the information available from the subconscious or soul aspect.

The harmonious and unified function of these three aspects is essential in order to demonstrate Christ consciousness or true Sonship with our Father-Mother God. Instructions in how to achieve the proper balance of the three aspects of mind in man are given in *How To Do All Things* and the University of Life brochure *Harmony of Mind*.

Just as man as an individual operates according to this triune principle, so mankind as a race expresses and operates on three levels of consciousness. These are the etheric, the astral and the physical levels. The coordination of these three levels for Earth is one of the primary functions of the Mark-Age unit and the Mark-Age teachings, and is essential to the success of the hierarchal program for Earth.

St. Germain, channeling through Yolanda on February 20, 1963, explained the union of the two triangles as follows: "It is the Trinity of God and the triune aspect of man, equally balanced. These two must be synthesized or cohesively blended together in order to make one whole creation, mankind on the Earth; to be completely solidified within your own consciousness so that you are equally balanced subconscious and conscious in your dedication to the supreme Father-Mother God and your I Am Self...."

"So, you have this double triangle, in which both are content in their position and in their function. The triangle inverted is desirous of reaching down into matter. The upright triangle, or triune man, is content, and reaching with gratitude up toward the spiritual concept of its own origin."

In this Mark Age period of time, the Hierarchal Board of our solar system has commissioned Sananda, El Morya and Nada to enact the proper relationship and functioning of the three aspects of man's being, as a pattern and an example that all men on Earth can follow in coming into their own Christ-conscious demonstration. In this way they represent for mankind, individually and collectively, the three levels of his own consciousness as they are properly expressed.

Yolanda explains their trinity relationship in this way: "Sananda-Jesus is the Christ or Sonship, I Am Self; El Morya-Mark is the conscious director of the entire body of light workers who are to express the I Am directives on the Earth planet; Nada-Yolanda is the soul memory-bank which reveals the hidden record, the past experiences and the future goals of this entire body." More detailed information about their hierarchal roles and missions as affect all men on the planet is given in the *Mark Age Period & Program* book and in the *Mark-Age Roles & Missions* series of booklets.

Besides the cosmic meanings of the interlocking triangles and their meaning in our present Mark Age period and program, this symbol is known also as the Star of David in the Hebraic religion, which religion has been a vehicle for many higher teachings and revelations.

THE CROSS

The other part of the symbol of the I Am nation is the cross, which also has several meanings. First, it symbolizes the crossing-out of the mortal-personality self in order to allow the resurrection of the I Am consciousness. This means that gradually every personal desire for self-will, self-expression, self-ideas must be crossed out in favor of sacrifice and service to Spirit and the I Am Self within everyone. This is the only possible path to Christ consciousness, as stated many times by Christ Jesus, both in his life on Earth and through the channelings of Yolanda.

Second, the cross is a symbol for the crucifixion-resurrection initiation, which was enacted as an example for man of Earth by Jesus of Nazareth, through the crucifixion of his physical body and the resur-

rection into the I Am light consciousness and form. This is the sixth initiation for reaching Christ consciousness, the final step before entering the ascended consciousness. It is described in *Mark Age Period & Program*, and detailed information is given in the booklet *Mortal Versus Immortal*.

It is necessary that a minimum of 144,000 light workers complete this initiation in order to anchor in the third dimensional Earth frequency sufficient energy to bring about the transmutation of all life forms on the planet, and to lift the planet into the fourth dimensional frequency.

Third, the cross represents the crossing over of man, all life on Earth and the planet from the third into the fourth dimension. This is the rending of the seventh veil, much of which is described in detail in Mark-Age publications.

Just as the Hebraic faith adopted the six-pointed star as its special symbol, so the Christian religion has as its symbol the cross, based on the demonstration of the crucifixion-resurrection initiation by Sananda as Jesus the Christ.

NEW FROM THE OLD

Thus, the symbol for the I Am nation not only embodies fundamental cosmic principles that are essential to our spiritual demonstrations in the externalization of the Hierarchal Board on Earth, but it also traces the development of the hierarchal plan and program from the time of Atlantis to our present Mark Age period.

Sananda, channeling through Yolanda, stated in April 1973: "At the fall of Atlantis, only the great mystics and those in communication and in touch with the Hierarchal Board were the ones to settle in what is now known as Egypt. The plan for this was that a slim thread of occult truth and the higher mysticism be kept in a line of true command and evolvment, as has been proven through Egypt to Israel to Christianity." He went on to say that other great civilizations also have had important roles to play, but that this particular set of developments was to serve a specific

IN THE VERY WORDS of the seven archangels, heads of the angelic or celestial kingdom for this solar system, are now revealed the true nature of the angelic forces and of their relationships with and responsibilities to the race of man.

Many truths are revealed for the first time in our present recorded history. Many misconceptions about the angelic kingdom are corrected. Many aspects of the nature, the functions, the powers, the history and the future of man are given for our spiritual awakening and evolution.

The angelic forces are those which co-create with God, manage and direct, all forms that exist. An additional function has been given to them in this solar system, that of our guardians and teachers until we assume our proper spiritual responsibilities and functions.

Man, as a co-creator also with God, has a responsibility not only to the angelic but also to all other kingdoms. When we recognize and fulfill this responsibility we will have the proper relationships with God and all creations.

Then we will be permitted to enjoy our spiritual nature, heritage and powers. Then also will all other kingdoms, for which we are governors and are responsible for aid in their evolution, come into proper harmony and balance. This book tells us how to achieve that, and more.

purpose for the hierarchal program.

In Egypt the idea and the religion of one God was brought forth through Pharoah Amenhotep IV. The belief in one God was also the foundation of the Hebraic teachings, with the expectancy of a messiah who would come to establish a spiritual government. The Christian teachings recognized Jesus as the messiah, and prophesied his return and the establishment of the New Jerusalem.

Now, in this Mark Age period of time, we indeed are planting the spiritual nation, the New JerUSA-lem, in preparation for Sananda's Second Coming. Thus, the symbol for the I Am nation indicates its birth through the spiritual Prince of Earth, Sananda; who incarnated as both Moses and Jesus of Nazareth. From Lemuria through Atlantis, Egypt, the Israelites, the Christians and now the hierarchal light workers has come the I Am nation.

AURORA-DALE is a Seventh Ray worker. Her master teacher Sananda-Jesus has instructed her that this incarnation is to develop her discipleship to the trinity aspect of Sananda-Nada-El Morya at Mark-Age.

EXTERNALIZATION OF THE HIERARCHY

written by Alice A. Bailey

1934-1947

One of the most important things emerging from the theme of this amazing and imminent event (the reappearance of the spiritual Hierarchy on the physical plane) is the factor of the developments and the adjustments going on within the Hierarchy itself in preparation for this happening. -- pages 558-59

Two things must be realized as the interested student considers this event of externalization:

1. When the time has come for the return into recognized physical expression of the Christ, leading to the definite restoration of the mysteries, certain of the senior members of the Hierarchy will appear and take outer and recognizable physical control....

2. Members of the Hierarchy, whether working in the early stages or later when the true externalization takes place, will work as members of the human family.

-- page 570

Gradually the Hierarchy will take over the control upon the physical plane...will not involve the imposition of any hierarchal control or authority; it will simply signify the free recognition by free people of certain spiritual qualities and effective activities which they believe signify that these men are adequate to the demanded job, and whom they

therefore choose as directing agents in the new and coming world. Freedom of choice under the authority of a spiritual livingness which demonstrates competency will be distinctive of the attitude of the general public....

The first group [world servers] is now preparing for the possibility; the second group definitely prepares for the return [of the Hierarchy and the Christ] itself. They will build for a future which will arise out of the wreckage of the past, which wreckage they will remove; they will instill certain basic concepts anent right human relations into men's minds.

-- pages 572-73

The stage wherein Christ and the masters of wisdom can make public appearance and begin to work publicly, openly and outwardly in the world of men...will be dependent upon the success of the work undertaken by the first two groups [world servers and senior members of the Hierarchy].... Even the Hierarchy itself, with all its sources of information, does not know how long this will take, but they are ready to move at any time.

-- pages 573-74

The key to the Hierarchy and its reappearance on Earth in physical form, and the consequent materialization of the kingdom of God among men, is the simple truth of God Immanent [Christ indwelling every man]. It is the clue to the evolutionary process, and the eternal hope of all forms in all kingdoms in nature. This is the central truth, the convincing truth, and the revealing truth which will underlie all information anent the Hierarchy, and this the coming generation of disciples will distribute. If this truth is factual and possible of demonstration, then the fact of the Hierarchy is proved and the authenticity of the eternal existence of the kingdom of God on Earth is established.

CONSCIOUS CHANNELED COMMUNICATIONS

through Nada-Yolanda of Mark-Age

1970-1974

Only those who do link up with like minds and activities through this common unit of Mark-Age are going to be able to withstand the pain and the excitement of what occurs to each one's individual auric field and physical body. There is strength in union; because when one person lacks a certain chemical or auric radiation, it is supplied through the others in that same group field....

Be assured that we are giving each person involved in this projection adequate time and experience to make the mental and physical decision as to whether they can and will link up intelligently and in full conscious awareness of what will be involved or expected of them by this process. It is not going to be easy on any one of them, but it will give each one an opportunity to serve the whole and to expand into his own Christ light form more quickly....

The masses at this time can accept the higher range of mental-emotional frequency change for themselves as individuals; or their immediate families, perhaps. But for the most part they are not prepared to sacrifice large parts of their personal lives, experiences, and/or to suffer for the sake of the whole race, planet, and other life forms with whom they share the experience of life in and around the Earth. This is a higher evolution of understanding and sharing. But it is possible with those now on Earth, experiencing fourth dimensional awareness, to begin this pattern.

The pattern of preparation will last from four to eight years, depending on what we can do successfully in the first four years for the fourth phase. Then we can prepare and instruct you about inaugurating the remainder of the educational plan, and some of the demonstrations through which you will be accepted and will be proclaimed the masters, the leaders, the way showers which you are and which you have come to share and to demonstrate here on Earth.

-- *Sananda; May 10, 1970*

You must at all times adhere to divine principle, divine truth, divine righteousness. Therefore, anything on the man-made structure is limited and less than perfect. In order to establish divine light upon the Earth plane, in order to broadcast that light, in order to set up a frequency value that will modulate all incoming and future structures of governments upon the Earth, we have to reformulate, to restructure and to reevaluate everything that has gone on since before the establishment of this civilization....

We have to work out the binding principles in new methods that can dissolve all that is in error upon the Earth now; and establish, once and for all time, through mortal means and vehicles — which means legal tender and legal terminology — that which substantially will hold the New Age structure and the New Age formation of spiritual government.

But be very careful in understanding this above all: you are not forming a new government, you are not forming a fortune or permanent structure that can be established third dimensionally, until the fourth dimensional frequency is totally solid. What you have to do is retribute or restructure, reaffirm, all that is known unto you and all that we evaluate as desirable in the present structure with which you are confronted, in order for it to be channeled through into the Earth planet. It has this responsibility.

Nothing of a higher dimension or frequency can ever be implanted on that structure or frequency planet or setup or society without someone within the structure, society or planet evaluating it, desiring it and implanting it through his or her own efforts. In the case of a New Age structure, a New Age government, a spiritual government upon the Earth planet, you have been required to live and to exist within that pattern in order to implant it, and thereby create the desire within the citizens of that world for that which you have implanted, even though you may not live long enough or exist long enough in that present form to be the instrument through which it is eventually manifested.

But since all is Spirit, and Spirit institutes the ideas,

and Spirit is the principle by which you are instituting these new ideas and forms, you are within the divine right, the divine privilege and the divine rewards regarding that particular instrument and privilege.

-- *Sananda; July 19, 1970*

Since the beginning of this Mark-Age unit and its functioning on the Earth plane...you all are gathered in order to accept the call and to fulfill the task of my externalization of government spiritually upon the Earth.

Each one here has been called from the inner planes, from the beginning of his incarnation on this planet, to exemplify a role, a purpose, a mission and a specialized function in his own individual way in order that I may experiment with you and with the unit as a testing rod for that which shall be prevalent upon the mass consciousness in these latter days....

When you, the elect or my special unit of testing, have reaped that which you have sown, both good and bad, and have sorted out that which can only serve the good, then I can proceed, according to my testings of this unit, where and how I can enforce my program, my will, my truth and my purpose upon all mankind in the coming four-to-six-year cycle that shall rend the fourth phase of the seventh veil.

-- *Sananda; November 25, 1970*

The entire Mark-Age unit is an exempling by which we can code and concern ourselves with other programs, projects and developments. So, at all times it is under the most severe surveillance, not only by those on the Earth planet itself, in observing how it operates, works and proceeds with its methods of expressing the code and the commandment *Love God and Love One Another*, but it is under the surveillance, very strictly and sternly, of those on the inner who are comprising the Hierarchal Board of our solar system.

Therefore, each one who is a part of the unit and those who become parts of the Family membership are under a very special type of informative and objective radiation of

energy, which involves receiving their thoughts and sending to them our thoughts....

We are concerned with all men upon the Earth and their evolving to a new stature and status in the evolutionary cycle. But again we work with a chain of command and we work in a hierarchal manner of reaching them. This we do through the light workers; through the Mark-Age unit to the light workers; and from the light workers to all other beings upon the planet Earth. -- *Sananda; March 9, 1973*

The trinity unification between Sananda (as superconscious, I Am representative), El Morya (as the conscious aspect or administrative function), and Nada (as subconscious and record keeper for the race) has been completed satisfactorily. Now they will enact the externalization of the Hierarchal Board on Earth and bring in the spiritual government for the planet Earth. There now are certain developments, qualities and qualifications that will be required. These will be left for the discernment and the executive implementation by those who are the representatives of the Hierarchy on the physical plane.

The implantation of the spiritual government of the Hierarchal Board on Earth is a pattern-making or prototyping for the Mark Age period and program. It is not the full implementation, the full execution, of a spiritual government at this particular time, for that will come in the future.

It is the responsibility, however, of Nada and El Morya to set as purified a standard, as high a quality and goal as are possible in this period of time, knowing they represent the Hierarchy of this solar system and have incarnated in order to perform this particular job.

What they do and how they do it then becomes a representation and a prototyping of what is to come in time for all the masses. Although it carries no physical authority, since they cannot in any sense publicize or present themselves as the incarnated spiritual government on Earth, they prepare the way for Sananda-Jesus and his Second Coming as Prince of Earth.

Nada and El Morya are directly responsible to Sananda to represent him and his desires, as well as that of the entire Hierarchal Board, as a future externalization. Doing so, man will have an opportunity to choose in these latter days or Mark Age period: will he, man — particularly the light workers — choose the authority of, the direction of, the wisdom of, the refining of, a spiritual government in externalized form; or will he continue to desire haphazard, unconscious effects from the causes he puts into motion? Until now he has been creating karma unconsciously, paying for it time and time again as individuals, as societies, as nations, and as many forms of groups in congregated relationships.

The standards of the Mark-Age unit and its staff have to be so perfect, so dedicated and so pure that nothing interferes with the concept of why it is functioning and what its representatives are portraying.

-- *Sananda with Nada and El Morya; May 25, 1973*

Sananda to El Morya and Nada. You have come to this area (southern Florida) for planting a new spiritual nation. Now it unfolds to your conscious minds and memories. Let it begin.

I have given all the information required to begin to implant what is spiritually proper and good for the race of man now evolving from third-into-fourth dimensional consciousness. Therefore, in your roles, anchored and solidified, as the race representatives of conscious-will and subconscious-memory, you must do our work as one unit for its execution on the physical.

As you receive fourth dimensionally what I send and is in your memories of superconscious identities (I Am Selves) for the Hierarchal Board government of our solar system, you then are required and are capable to plant down in the Earth third dimensionally that which is of God's only plan and only desire: to bring His sons back to I Am confidence, roles, missions and fortunes. You have begun. All is well on all planes for my Second Coming.

-- *Sananda; May 10, 1974*

PROOF

of spiritual experiences and manifestations

AS ABOVE, SO BELOW

SPIRITUAL INSTRUCTIONS SINCE 1962. The Hierarchal Board of our solar system has been channeling through Nada-Yolanda that El Morya, Chohan or Director of the First Ray of Power, Truth and the Law of God, chose and was chosen to incarnate during the War of Armageddon on Earth, these latter days or the Mark Age period and program, in order to help cleanse all error patterns, and to teach man how to implant the proper spiritual images for the New Age and the impending Second Coming of Sananda-Jesus the Christ, rightful Prince of Earth, Chohan or Director of the Seventh Ray of Peace and Love Divine.

PREDICTIONS OF GOVERNMENT CLEANSINGS. Early in 1968, Yolanda received the channeled communication that, since Richard M. Nixon functioned under St. Germain, Chohan or Director of the Sixth Ray of Transmutation, Cleansing and Purification, if the American people elected him for their president, in essence they would be selecting unconsciously a transformation, cleansing and purification of their governmental system.

On April 23, 1973, Nada-Yolanda received a mental communique from Sananda-Jesus, that before the summer cycle would begin, "You will witness dangers, quarrels, potentials of war, upset, deception, corruption in every corner of the world and on every level of government; also, single-entity violence."

- DRAWING THE PARALLELS BETWEEN SPIRITUAL IMPLANTATIONS AND EARTH-LEVEL MANIFESTATIONS. On May 26, 1974, Nada-

Yolanda and El Morya-Mark received the following instructions regarding their duties and responsibilities in implanting the proper spiritual actions within the Mark-Age unit and its five divisions, acting as the externalized seed or nucleus for Sananda-Jesus' spiritual government on Earth, regardless of how painful their actions might have to be or how they might disturb any person's feelings or ideas.

Sananda drew the following parallel between the spiritual government's methods and Earthman's governments, in order to emphasize that as spiritual I Am beings think and act, so eventually it will influence, will change, will transmute and will lift all man-made systems unto its level and unto its spiritual principles of cosmic law in action.

HIERARCHAL DIRECTIVE FROM SANANDA TO HIS TWO REPRESENTATIVES. "As most conscientious and law-abiding citizens of the free world are witnessing the horrendous drama of rending the fourth phase of the seventh veil as concerns governments, partially symbolized in the United States by Watergate, they now have concluded that President Richard M. Nixon, on discovering burglary, lies, bribery, blackmail and other crimes against the state by his own staff and associates, is morally and spiritually obligated to disclose fully any wrong doings,

BECAUSE OF:

(1) the oath he took, under God, to uphold the laws of this nation as its Chief Executive;

(2) the sacred trust placed in him by mandate as the duly elected President of all the peoples of this free nation;

(3) protection for the sanctity of the office of President, in the triune system of federal government — judicial, legislative and executive branches — for the United States of America.

"NOW, my two ambassadors, El Morya as my conscious representative and Nada as my subconscious recorder, must draw the parallel between today's world of latter-day events and the obvious fulfillments of my

past prophecies that we now are battling in the War of Armageddon.

"NOW, since the Mark-Age Unit #7 long has been designated as my primary focus for externalizing my spiritual government on Earth, through which my Second Coming as Prince of Earth is to be made manifest, this seed nucleus must be a primary and pure example, as concerns any similar transgressions within this holy sanctuary by any others who also have been selected by me for my personal staff,
BECAUSE OF:

(1) the oath taken to fulfill the roles and the missions as co-directors and ambassadors to uphold the spiritual laws of God, regardless of any personal desires, relationships or consequences;

(2) the sacred trust placed in them as executing in my name, as future spiritual Prince of Earth, all duties as ambassador and channel to their fullest capacity, knowledge and understanding;

(3) to protect all light workers incarnated on the planet Earth and residing in the adjoining astral planes — who likewise are pledged to the second coming of Christ consciousness — from any indiscretions, errors and false teachings given out to deceive, to dilute or to destroy the purpose of the hierarchal government of this solar system, which is to be externalized fully on the planet Earth after the year 2000.

"THEREFORE, any and all Mark-Age staff members, field representatives or branch managers who have accepted the spiritual contract binding unto the Christ should know, understand and accept the parable here intended; and should recognize that the duty to the Christ in each and every individual supersedes personalities, roles and missions of individuals, or any mortal, intellectual rationalizations.

"Even the pain of crucifixion cannot hinder the Christ-awakened souls from fulfilling their oath to God, to the Christ within their fellowmen, and to the spiritual government of I Am beings in this solar system which we serve. So it is. So be it. **LOVE IS IN ACTION NOW.**"

MAN - MADE GOVERNMENTS FALTER & FAIL

MARKS OF THIS AGE. Amongst the many signs of these end days, the one prediction that has been most predominant in the news during 1973-74 was that *no ruler was safe in his post*. The Mark Age period is the time marking an end to the age when mortal men with their mortal ways rule the Earth. The Mark Age is the time for planting and planning the New Age spiritual government. The Mark Age shall prepare the way and shall herald the welcome for Sananda as the spiritual Prince of Earth, who will teach brotherhood, love, peace and good will to men everywhere.

BIBLICAL PROPHECIES OF CURRENT EVENTS about heads of state and national rulers can be found in Isaiah 34; Ezekiel 30:8-9; Joel 3; Michah 4; Zechariah 14:1-19; Second Timothy 3:1-9; Revelations 6:13-17.

Hopi Indian prophecies about the end days include: "The war [Armageddon] will be a spiritual conflict with material matters. These material matters will be destroyed by spiritual beings who will remain to create one world and one nation; under one power, that of the Great Giver of Life, the Creator."

SANANDA THROUGH VOLANDA PREDICTED on October 11, 1972— which was broadcast through MAM network on tape #12A (for week of October 29, 1972) — about the international political events that were to come into manifestation during 1973-74.

"For the world is changing, the consciousness is changing, and the servants of God must step forth and become leaders of light and broadcasters of truth immediately. Your world leaders are shifting. The world scene as you understand it and the positions of political development are rapidly undergoing severe change. Every nation is being upset and rebalanced."

NATIONAL GOVERNMENTS CHANGED 1973-JUNE 1974 are: Afghanistan, Argentina, Australia, Bahamas, Cambodia, Canada, England, France, Greece, Ireland, Israel, Italy, Japan, North Yemen, Phillipines, Portugal, Thailand, Uruguay, West Germany.

YOUR OWN SPIRITUAL NATION

Before you can join others in any spiritual nation of I Am citizens, on Earth or in any realm, you must have planned, have planted, have managed and have developed your own spiritual nation. You must have implanted proper spiritual laws, and must have seen to it that all citizens in your nation obey those laws. Those which do not obey must be eliminated from your nation. When you have accomplished this to a major degree, you will have qualified for citizenship in whatever spiritual nation of other sons of God you are attracted to, here on Earth or anywhere else in or beyond this solar system.

The citizens of your own nation are the thoughts which inhabit your total consciousness, consisting of superconscious or I Am Self, conscious, and subconscious or soul. Thus, you have citizens of widely diverse backgrounds, interests, and desires residing in or traveling through your complete consciousness. It is up to you to decide which you will retain, which you will expel, which you will invite to participate in your new, spiritual nation.

In examining your citizen thoughts, you must be aware of the complexity of their backgrounds and natures. Many of them are claiming citizenship in your present, mortal nation; but are not rightfully such citizens and should not be partaking of your national products. Some of them actually are seeking harm to you, even the downfall of your nation.

Should you not be aware of these aliens so you can protect your other citizens and your nation, and so you can drive them out of your boundaries?

Others have obtained citizenship under false pretenses, claiming they were born in your nation or were naturalized there, with your express or implied permission. Still others have married legal citizens and have borne children, who now also are citizens. Many have entered as visitors or as immigrants, without becoming proper citizens. Any and all of these can be draining your resources, breaking your laws, harming your real citizens, destroying your nation's assets.

Who are these illegal participants in your society? They are those thoughts you have created or have allowed entry into your nation of thoughts. They have come from your own thoughts of this and past lives. They have come from the thoughts of others that you have accepted as your own; which in effect you have granted citizenship, through default in not reviewing their qualifications and desirability before you accepted them into your nation.

These undesirable and alien thoughts, which have no place in your own spiritual I Am nation, have come from your participation in numerous civilizations, religions, races, nations, families and other groupings during your many lives here and elsewhere. Because they were presented to you as worthy citizens of other people's nations, you also have granted them citizenship or have allowed them residence in your nation or consciousness.

Thus, unless you already have checked your residents thoroughly, your nation may be composed of vast multitudes of highly undesirable citizens. They even may have taken control of your nation, to the point where they have eliminated most of the really worthy, spiritual citizens you need now for implanting your new, spiritual nation.

But there are a sufficient number of true spiritual citizens who still are with you; that still remain in everyone's nation. These are the thoughts of your I Am Self and of other persons who are part of spiritual nations elsewhere.

They are the divine thoughts of God, of spiritual masters, of your fellow citizens in the I Am nation of our Sonship in God.

This theme could be developed into a lengthy discourse. But there is no need for such, if you can see what is meant by this showing you the true nature of your own nation of collective thoughts. From this you should, and hopefully will, spend considerable time in meditations so your own I Am Self can reveal further examples and discussions of this subject. Instead of continuing along this line of describing your present citizens, let us determine what you can do about the present state of your nation and decide how to implant your spiritual nation.

There should be only one supreme ruler in your spiritual nation: God. His laws already have been prepared, and must be the basis of all the laws in your individual nation. His appointed ruler of your spiritual nation is your I Am or Christ or high Self. It is through the at-onement with God of your I Am Self that you already know God and His laws, as well as your powers for ruling your own nation.

Your Christ Self also knows which of the present inhabitants of your mortal nation or consciousness do not belong there, and how to eliminate them. Your I Am Self knows which ones are not citizens, but could be made into desirable ones. Your Self also knows which are the rightful citizens, and how to give them their rightful place, supply and powers.

But your Christ Self awaits your mortal decision. You must recognize this rightful ruler and must grant it full authority to cleanse the present citizenship, to establish and to enforce the proper rules, and to cultivate and to develop the members of your new, spiritual nation. Then, you must have the humility, the continuing will, the desire and the perseverance to follow your I Am Self into this new nation.

Consider your Christ Self to be the messiah for your new nation, the one who competently can take your thought inhabitants into the promised land. Let your Self lead the present spiritual thoughts out of their present bondage in

your subconscious and conscious realms. The Self knows the destination, knows the way, knows how to provide proper sustenance, knows how to protect your spiritual thoughts, knows how to provide new citizens and other visitors or guides to inhabit your nation.

Again, much more could be said here about this project. But it can be better revealed and perfectly developed by your own spiritual ruler, your own I Am Self. So, we of the Hierarchal Board turn this over to you for your own free-will choice. If you have not planted your own I Am spiritual nation already, will you do so now? Or will you continue to allow anyone to be a citizen of your mortal nation, knowing that they can bring about the eventual destruction of your present mortal nation at any time, especially in these latter days?

Assuming you will work on planning and planting your I Am nation, when you have accomplished a sufficient cleansing so as to provide the fertile lands and the proper climate for your spiritual thought-citizens, you will find much help in the Mark-Age materials and workers already aiding your I Am Self to prepare a new spiritual nation on Earth.

Then you can work with many others who are and will be helping to develop the new spiritual nation through the externalization of the Hierarchal Board via Mark-Age. All of us together then can teach, example, demonstrate, project, visualize and participate in the I Am nation of spiritual light workers who are preparing Earth for the Second Coming of Sananda as Jesus of Nazareth. Then he, and probably many of you, will establish fully the New JerUSAlem and will give its citizens the laws, the information, the education and the assistance which will manifest the true spiritual nation on this Earth.

So, will you give birth to your own I Am nation now? Will you allow its true spiritual ruler, your own I Am Self, to be its rightful guide? Will you then join with others in helping the Hierarchal Board, the spiritual government of this solar system, to externalize through Mark-Age so as to implant the I Am nation for all those on Earth who will learn of it?

HOW TO DO ALL THINGS

The main purpose of this book is to provide you with a guide to contact your inner Self so you may rise to that level of spiritual expression where you may achieve your God-given heritage and powers.

Many have used it as a daily guide to initiating wondrous changes in their lives, to carry them through difficult times and problems, to bring peace of mind, to obtain desired results and to become new and better persons.

First published in only one soft-cover printing in 1965 for our international membership, it was among the most enthusiastically received of our one hundred publications released since 1960, the one most requested for reprinting.

The author of this book is known as Mark Age. *How To Do All Things* was inspirationally written by him in 1956 and has served not only in his own spiritual unfoldment but also in the development and functioning of the Mark-Age organization.

Will you help make it such an appealing nation that at least 144,000 elect citizens will join this nation soon? Will you be one of those 144,000 or more spiritual citizens who will teach and will demonstrate so man of Earth will know of, and will ask God for, the Second Coming? If so, let us know of it, so we can provide you with the University of Life courses and other material now being prepared for the citizens of the new, spiritual, I Am nation. (See pages 45-46 in this issue.)

It is not a simple matter to change one's consciousness from mortal to spiritual. It is not correct to believe that all one need do is say that one has decided to become spiritual, and that is all there is to it. Rather, there's a tremendous amount of work to do in examining, evaluating, cleansing and refurbishing one's consciousness in order to establish the new nation.

The University of Life and other Mark-Age material will help show you how to go about examining your present thought citizens, and to retrain or to replace them for your I Am nation.

Mark-Age Meditations program #43B, for the week of January 13, 1974, also published in April 1974 MAIN magazine, concerned the establishing of Healing Haven within each one hearing or reading that broadcast. It told of the initial Healing-Haven projections made by the quartet of Mark, Yolanda, Zan-Thu and Eloise in Laguna Beach, California in December 1973; linking it also with the temporary Healing Haven focus at Mark-Age MetaCenter in Miami, Florida. Please review that program, either on the MAM tape or in the MAIN magazine.

Less than two weeks after the return of Yolanda and Mark after nearly a year away from MetaCenter, Sananda on February 6, 1974 conducted a question-and-answer session for the Mark-Age staff. The subject was Healing Haven, with each one present being participants in this important Mark-Age department and function, and therefore permitted a question.

Mark was directed by Sananda to be first, as the current director of Healing Haven. He asked what area or concentration we should be working in, to get the Healing Haven project started, either amongst ourselves in the unit or for the expansion of the program. Sananda replied, "El Morya's first responsibility is protection. Mark's aspect is research. We believe this fully answers the question."

From this it seemed evident that El Morya high Self of Mark had the important function of helping to protect the entire Healing Haven program. This already had been under

discussion for some months with Dave Mackenzie, legal counsel for Mark-Age and a part-time volunteer worker at MetaCenter, and with Leonard A. Worthington (LAW), a prominent attorney in San Francisco who has been of special assistance to the Hierarchal Board on a legal matter for Mark-Age, and who has been active in New Age matters for many years, including helping to establish and to give legal advice to hundreds of groups, among which are those involved in healing work. These three had been discussing future conferences for the legal protection necessary for formal beginning of Healing Haven functions. This should result in proper and adequate measures by or in 1975.

As for the Earth plane aspect of research for the Mark aspect of El Morya, it seemed to indicate expansion of the physical investigation and the compilation of healing techniques and related health matters, already well under way by Zan-Thu, special Healing Haven coordinator. More than a year ago she had been given such a research assignment by Sananda, especially the compiling of her years of investigation into various spiritual healing methods and remedies. Her many years as a registered nurse and a medical laboratory technician, followed by many more years in the Mark-Age Health Department, well qualified her for this assignment.

But with much other work to be done immediately, there did not seem to be the opportunity to begin this research phase, particularly since there was no clear indication as to where it should start. So, it was marked for meditation examination as soon as possible; but not actively at that time. However, there was some thought given to the research project requested by Sananda.

After nearly two months back at MetaCenter, Yolanda and Mark had completed many conferences on numerous topics, had kept normal Mark-Age departments turning out the usual publications and tapes and other material and business, and finally had caught up on work so as to be able to begin in-depth staff conferences, which included evaluations and additional training in present and new functions for each member.

During these conferences it became apparent that there was urgent and great need for a thorough examination of and by each staff member as concerned hierarchal and Mark-Age plan and program understanding, dedication, service and assignments. This required Yolanda and Mark initiating such action for the Mark-Age unit itself, then for each staff member. It then necessitated each one conducting self-investigation, plus an examination of relationships with each other staff member, and evaluation of work in Mark-Age.

Suddenly we knew what Sananda had meant by stating that Mark's first Healing Haven assignment was research. It was not for the Healing Haven department of Mark-Age as such, but rather for the Healing Haven within the Mark-Age unit and within each member of the unit. For there were various healings that had to be effected within each one and between all before the next important phase of Mark-Age activity was to begin. That is why you are asked to review the establishing of a Healing Haven focus within yourself, so you can apply this same research for and to yourself.

Each staff member was asked to review the previous year, as concerned her or his thoughts, actions, work, understanding, relationships with others, problems, dedication, and whatever else would come to the surface during such an intensive inner examination. This was accomplished by numerous personal meditations, discussions with others, staff conferences, and much personal guidance by Yolanda and Mark. Finally, written or taped results of the intense self-examinations were delivered to Yolanda and Mark by each staff member then at MetaCenter.

The entire process took nearly two months, for it was conducted along with the normal work schedule. It took much deep soul searching by each one. There were revelations that sometimes were shocking to the individual, indicating aspects buried in the subconscious that needed reevaluation for cleansing or elimination. Relationships between the aspects of consciousness — superconscious or I Am Self; and mortal self, consisting of conscious and subconscious or soul — and with each other staff member were examined and put into proper alignment.

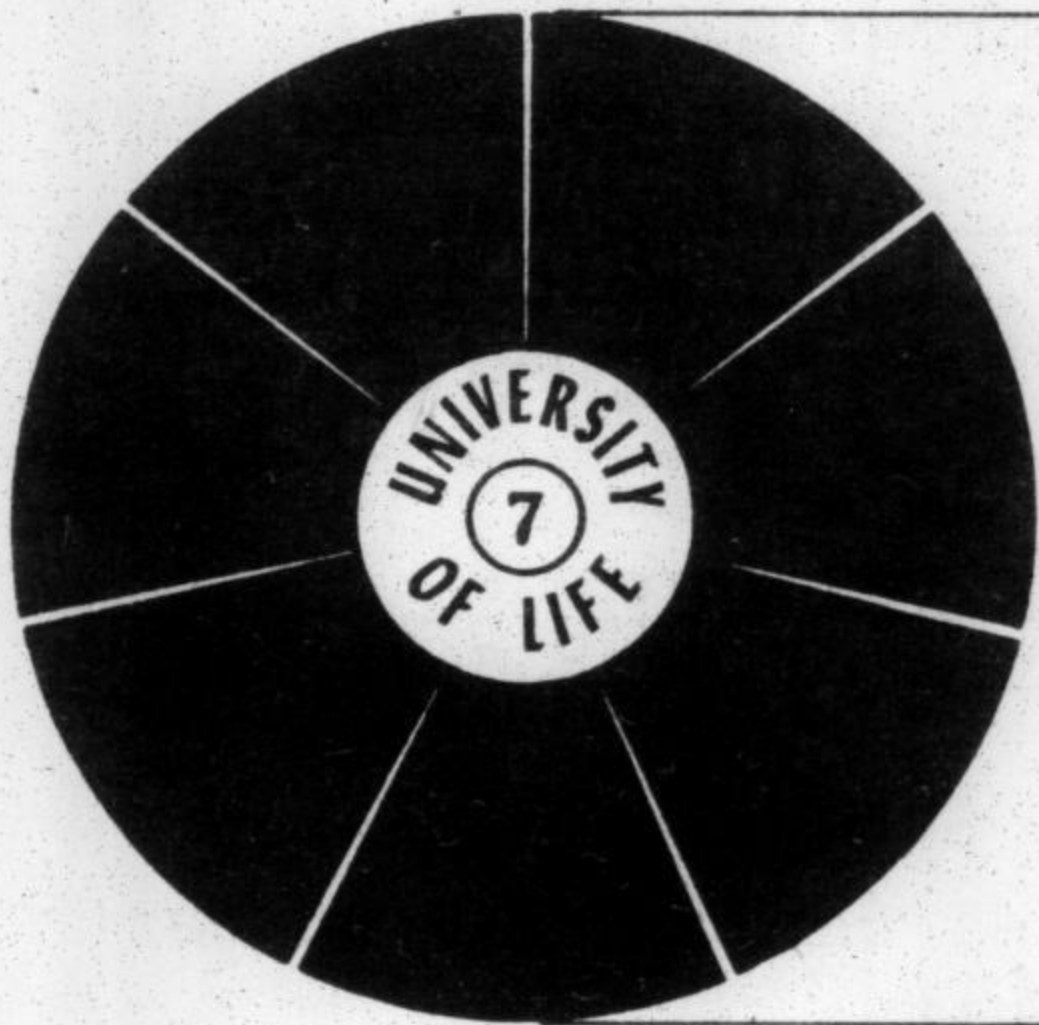

But after this extensive soul searching or Healing Haven research for the entire previous year, there came new understandings of the total self, of Spirit, of one another, of Mark-Age, of the hierarchal program, and of the work to be done. There also were joyous revelations of unification with the Christ Self within, and of new areas of service to Spirit and to man for the individual soul missions during this Mark-Age period of preparation for the Second Coming.

This truly was the initial aspect of Healing Haven research Mark began in response to Sananda's directive. It resulted in a cleansed and cleared Mark-Age unit of even a higher level than before that. Those who did not do this research and did not come up with the proper results did not remain part of the unit. Those who did their soul searching and cleansing properly were on a new and higher plateau of inner and outer peace, love, harmony, dedication, service and enthusiasm.

Thus did the Mark-Age unit conduct a Healing Haven research and healing that then permitted the Hierarchal Board to reveal our next major assignment: the planning and the planting of the spiritual I Am nation. Just as in *New Images* on pages 36-40, that discusses the necessity of establishing one's personal I Am nation through evaluation of the citizens and the residents therein, so did the Mark-Age unit perform this same investigation and healing.

Now you too can and should — in all truth and necessity, must — conduct your own research, cleansing and healing from the Healing Haven focus within yourself. And since your focus is linked with the Healing Haven focus at Meta-Center in Miami and with the Healing Haven focus in the etheric under the direction of Hilarion, you now have inner plane assistance that you cannot imagine, to help with your healing and your preparation for a new spiritual assignment by your I Am Self.

God blesses you; we bless you. Now you must examine and then bless yourself, reaching a wonderful new level of union with God, your Self and others; after achieving new understanding, new relationships, new dedication, new service to the Second Coming program. Thank you, healers.

On Easter Sunday 1972 in Los Angeles, Mark and Yolanda were given four years to lay the foundation stone for the mass educational program through the University of Life division of Mark-Age. (See *University of Life* booklet (\$1) pages 8-11.) They were told that for the next two years they would receive the curriculum and the outlines for presenting the University of Life. The hierarchal schedule is being kept precisely and is unfolding on Earth as fast as is permissible, and as soon as is practical for those who will use this material as teachers and leaders of the New Age.

Before the end of 1974 we expect to present the curriculum outline to our Mark-Age Family, as well as to other groups, churches, schools and spiritually minded students, so they can prepare courses and study groups through University of Life branches and Centers of Light around the world.

The first primer course for the University of Life's Government Department began at MetaCenter with the Mark-Age staff, under the direction of Mark and Yolanda, on July 2, 1974. This is a twelve-weeks' course especially written and prepared for those who will be planning and planting the new I Am spiritual nation on Earth. It is the first of the *Plan A Nation*

series for this Second Coming program.

To give you a preview of what is to come for your own self-study programs, and perhaps for planning classes in your own Centers of Light, this is the outline of the twelve sessions.

1. *Goals & Purposes for the I Am Nation*
2. *Levels & Grades of Growth & Development*
3. *Twelve Divine Characteristics of Your Spiritual Self*
4. *Trinity of God as a Cosmic Principle*
5. *Trinity Principle as Applied through You on Earth*

Hierarchal Report

NEW HEADQUARTERS FOR MARK-AGE

Sananda — who incarnated on Earth as Moses, Gautama Buddha, and Jesus of Nazareth last — is the etheric director of Mark-Age. Nada as Yolanda and El Morya as Mark are incarnated on Earth now as co-directors with and for Sananda. This is the trinity symbolism of superconscious, subconscious and conscious aspects of one's consciousness, which is being enacted for man of Earth to learn of his own three aspects of consciousness.

It also is the trinity which is leading the manifestation of the externalization of the Hierarchal Board on Earth for Sananda's Second Coming as Jesus the Christ, to implant fully the New JerUSAlem around the year 2000. Thus the spiritual Hierarchy prepares the way for entry into the New or Aquarian Age and of man into the fourth dimensional spiritual consciousness, his own individual second coming into the Christ state of being.

PROPER FACILITIES FOR HIERARCHY

It is for this externalization of the Hierarchal Board on Earth that Sananda is preparing a new Mark-Age headquarters for the trinity and its soon-to-be-large staff of co-workers; as well as for training, conferring with, and aiding many thousands of other light workers, and all mankind and other kingdoms of Earth. We believe you will agree this Hierarchal Board headquarters deserves to be worthy of such representation and purposes.

Those of you who have been members of the Mark-Age Family since our birth in 1960, or for a major portion of that time, know that we seldom have asked for contributions, and only then for specific and important projects. We know, and hope you understand and accept, that this is the most important occasion yet for such a statement of our needs for a totally new headquarters, which Sananda said will serve as our main focus for about twenty years (until 1995-2000 approximately) and will host many major functions for numerous staff and other workers.

In a staff conference on January 30, 1974 in Miami, Sananda through Yolanda told us, "Ask and you shall receive." He explained that this specifically means now that all things which are needed for the externalization of the Hierarchal Board on Earth must be asked for by the Mark-Age staff which is representing the hierarchal or spiritual government of our solar system.

Sananda continued to say that we are not to be ashamed to ask for anything for this purpose. It is our privilege, our absolute right, and our obligation to the Hierarchy to ask Spirit for everything we need at this particular point, in order to do the job as we see it needs to be done.

Understanding, experience and caution have enabled us to know that we are not to ask for foolish things, or those which are not required; for Spirit knows our needs before we ask. But it is required that we ask for everything that we realize consciously is necessary to fulfill this hierarchal mission.

So, we proceed with much discernment and discrimination to ask for all of that, but only that, which is necessary, and which we can utilize properly for the greatest good of the greatest number of people. It is for our Second Coming work; and includes all aspects of the mass-educational program and Healing Haven functions, among others.

Sananda further indicated that modesty would be foolish under this condition of fulfilling our hierarchal program needs. When we need the most effective and the best equipment, we are not to ask for that which is not adequate to the tasks at hand. For we are working for God, Who has the

power to give to and to serve each of His agents fully, according to their proper places in His kingdom and works.

Therefore, as explained in greater detail in our *Plan A Nation* brochure in the May *Linking of Lights* issue of MAIN, we are asking you to join us in asking Spirit for all the resources necessary to provide the new Mark-Age headquarters in southern Florida by 1975. We visualize, and give thanks in advance for, the property, the funds, the equipment and the services required to acquire and to furnish Sananda's and our new focus in 1974.

Present and future workers already are standing by, and more will follow quickly, to staff the new headquarters and to expand greatly our departments and works. So, we also visualize, and give advance thanks for, Spirit providing the funds to permit adequate salaries for the workers and for the many projects they will manifest.

HISTORY OF MARK-AGE'S GROWTH

The first Mark-Age headquarters was a small cottage converted from a garage. Soon afterwards we purchased the present MetaCenter headquarters, a two-story house, with a separate two-story building housing five tiny efficiency apartments; which headquarters has been visited and occupied by a considerable number of Family members and others, as well as the staff. We moved into this headquarters in October 1962. It long since has been inadequate for the working and living facilities it continues to provide.

We moved in with no money, furnishings or equipment of our own, but with a vast amount of dedication and faith in the Mark-Age aspect of the hierarchal plan and program. We used the old rooming-house furnishings that already were in the buildings; over the years gradually replacing them with new furnishings. But none of these can be taken into the new headquarters, primarily because the present buildings were termite-ridden before we moved in, and we do not want that problem in our new buildings. Also, Sananda has advised us that this present MetaCenter still will have to be utilized for awhile after the new property has been made functional.

So, we have managed to do what many truly believe to be a creditable job for the hierarchal plan for more than fourteen years with inadequate and limited working and living quarters for a staff of up to ten. Privacy for working and living, furnishings and equipment for work and living, space for visiting Family members and workers, all have been less than desirable.

But now is to come a suitable headquarters worthy of what we present and represent. Many of you not only will make it possible but will be a part of it or will visit it. We know in advance that you will take pride in being one with us in this headquarters, and indeed in the entire Mark-Age program.

For now we must and will obtain, furnish, maintain and expand a new headquarters presentable enough for the externalization of the Hierarchal Board, the planting of a new spiritual nation, the mass-educational program, and a focus for Sananda's Second Coming program. This we see, so this will be.

The new property must have sufficient land to provide for uncongested growth and use for the next twenty years. We believe it already has been selected, and will be shown to us when Sananda is ready to reveal its location and to acquire it. This we expect will be by November 1974. That would give us ample time to fulfill legal requirements to allow us to begin full use of it before 1975.

We prefer and anticipate not going into debt to acquire property, furnishings and equipment. For the large sums of money that would be required for interest can be put to far better use for the program. We now have accumulated some savings towards this headquarters, but will need far more, both immediately and as we furnish and expand it.

For these purposes, the asking, the visualizing, the giving thanks for contributions (U.S. tax-deductible) of property, funds, equipment, furnishings and services to make this possible are sent forth now with you to Spirit. (Should there be a temporary necessity for short-term loans, we also would like to hear from those who could make no- or low-interest loans available on such a basis.)

In addition to our small savings account towards this new headquarters for Sananda, his staff, and all of us in Mark-Age and other hierarchal work, we eventually will sell the present Mark-Age property and use those funds for expansion of our program. But since Sananda has indicated we will need this MetaCenter for awhile, we cannot utilize its potential supply yet.

SPIRIT ADDS GOOD MEASURE

Incidentally, to show how the Hierarchy makes good use of what is provided by Spirit, we purchased this property in October 1960 for a borrowed down payment and what was then a high interest rate on two mortgages for twelve and fifteen years. At first it was not easy, but never impossible, to meet the monthly mortgage payments. But before long it was no problem. And we always felt that even if we should leave the property without realizing anything for its sale, we still would have had great value from it, if we considered the mortgage payments as rental for so much living and working use.

However, as you know, real estate values in cities have risen to an almost unbelievable level. Additionally, we have two and one-half lots in what is the next major development area for what is considered downtown Miami. Already developers are obtaining land around us for commercial and apartment projects. In early June 1974, we were approached by the largest real estate firm in southern Florida, on behalf of an apartment builder who would like this and adjoining properties for that purpose.

The initial figure quoted was exactly four times our purchase price, not including mortgage interest. Since we are not ready to sell, we declined, stating that its value when we do sell most likely will be six times what we paid. While we would not like taking advantage of anyone in such an inflationary market, still we know that is its value, and that the money will go back into Spirit's program. And, of course, new property for us will be of premium value.

Here is a final note on MetaCenter mortgages. The sec-
