# 21st Century Radio's Hieronimus & Co.

*where knowledge comes first.*

We are not just the people from any city or state in the Union.
And we're not just the folks from the East or West Coasts of America.
We are not only Americans, Occidentals, or Orientals.
We are people from the Planet Earth.
We are Earth People.

**— The Earth Prayer**
Bob Hieronimus, 1972

Every hour of every show begins with these words, a tradition dating from the show's inception. To build on this foundation we have focused on these eight different fields of study.

# Catalogue Contents

Every individual or organization selected to be a guest on 21st Century Radio's Hieronimus & Co. represents a body of knowledge that, in our opinion, will contribute to a more just and sustainable future. Together they represent solutions or theories from diverse fields such as science, metaphysics, physics, non-profit and community activism, government, philosophy, religion and so on.

# 21st Century Radio

21st Century Radio was conceived by the desire to bring scholarship to talk radio and to encourage the availability of many options. As hosts of the program we consider it "required reading" to prepare for each interview by thoroughly reading (or viewing) much of what our guests have produced.

The many global issues we face at the close of this century require us all to make informed decisions about our future. Sometimes the clues and solutions are found in crumbling papyrus scrolls from the ancient past; sometimes the solutions come out of left field through the pens of radical visionaries. A perspective that we are all Earth People facilitates the integration of all these options.

# Where Knowledge Comes First

21st Century Radio's Hieronimus & Co. has focused on specific areas of research in an attempt to explore as many new ideas and discoveries as possible. Owing to the uniqueness of the program and the sincerity with which

we approach the radio interview format, many of our guests come to us exclusively to report their latest findings. Since we started keeping count, we have recorded on average more than two "scoops" per show; sometimes each interview in a program breaks a story, including first-time interviews with important "undiscovered" researchers.

In the year 1990 we recorded over 40 exclusives in 52 programs. In four months of 1991 we have already passed that number, and our year-end total should be in the hundreds.

## Hieronimus & Co. and the New Paradigm

Hieronimus & Co. has been described as an international forum for a discussion of the new paradigm. A paradigm is basically a pattern or prototype, a framework for viewing, imagining and describing the world. We use the term "New Paradigm" in its broadest sense to represent the shared values of a global community emphasizing partnership, intuitive reasoning, and the ability to respond to novelty and the unknown.

A key characteristic of the new paradigm is transformation. We as a civilization are facing a global transformation, as the world accepts the view that unlimited energy consumption, population growth, and technological monopolization will eventually have to end in order for our planet to survive. The old paradigm is characterized by conquest, rationality, and exploitation. It is oriented towards symptom, product, and performance, separating the body and mind and restricting freedom of expression.

Together with our listeners, guests, and co-hosts, Hieronimus & Co. contributes to a greater breadth of understanding. Both the written and spoken media are customarily more concerned with entertainment than knowledge, and

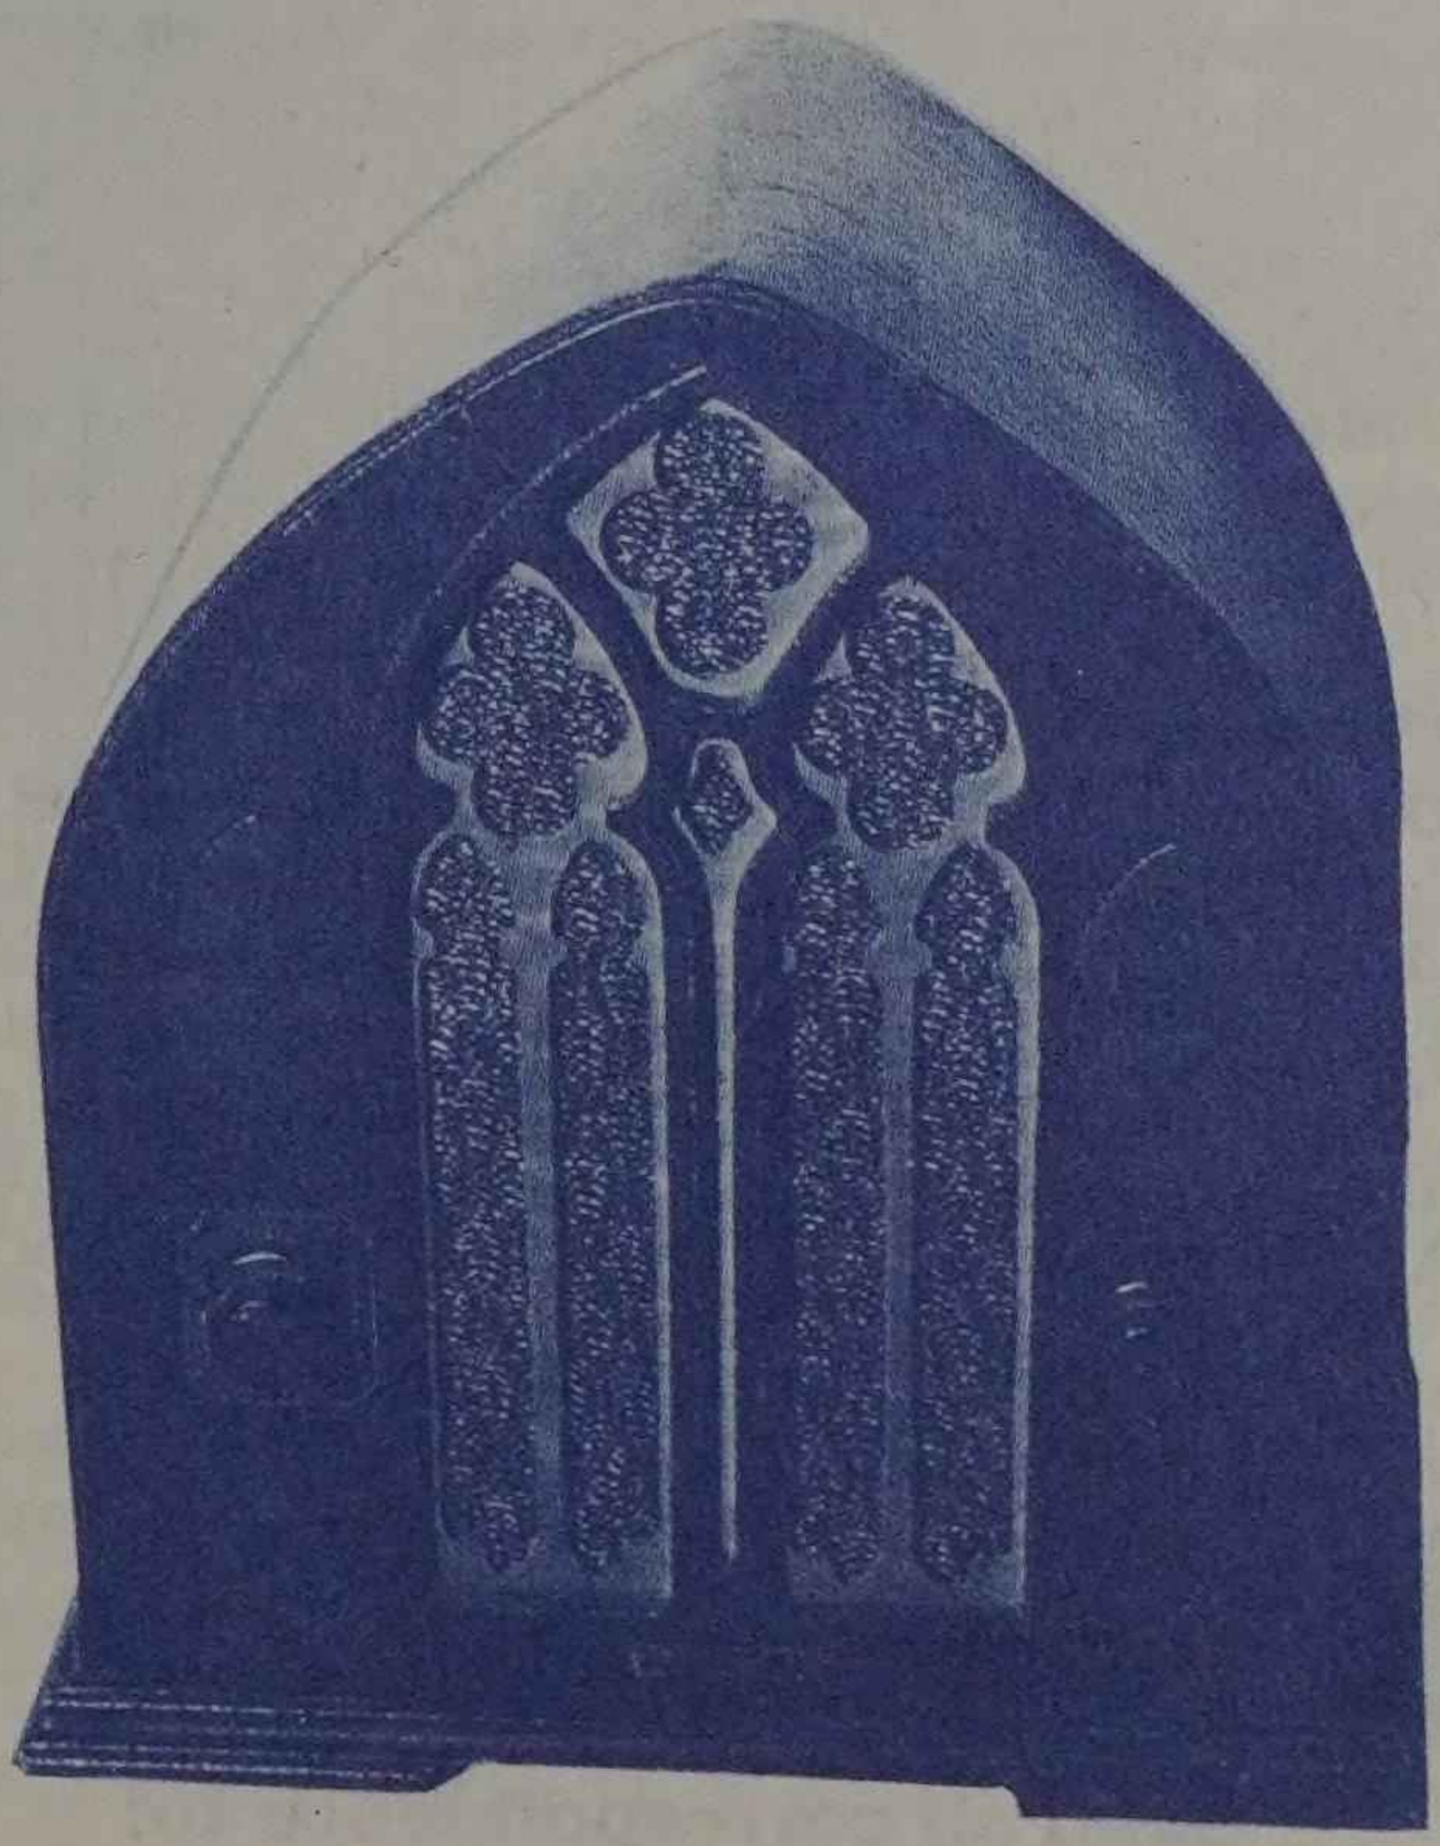

furthermore, many of the points of view expressed on our show have been censored by the media conglomerates as threatening to the status quo.

## What You Can Do

We are always looking for suggestions for future programs so if you know a person or organization who has something to say that will enlighten our audience about the new paradigm, and they've "done their homework" (i.e., expended a considerable amount of time, energy and thought into the particular field of expertise), send us their material and we'll consider sharing air time with them.

It is our hope that 21st Century Radio's Hieronimus & Co. will act as a university without walls disseminating knowledge that will enable each of us to better serve humanity.

# How to Order Tapes

When you see an interview you would like to hear simply write down the guest's name and the date and hour of the interview. Each hour of the program fits on one side of a cassette and **each cassette costs $6.00*.**

**For this price you will also receive** a second interview on the flip side—usually the interview that occurred on the same night either the hour before or the hour after the one you selected. A few of the tapes, however, have on the flip side a related interview that occurred on a different date entirely.

**If a guest has appeared on our show more than once,** and you'd like to order more than one of his or her interviews, please be advised that each interview is on a separate cassette and they will cost $6.00 each. Also note that **some interviews are listed under more than one category**, because many of our guests talk about a wide variety of topics. Check the date under the different headings to determine if the topics were discussed during one interview. If it's on the same date—it's on the same tape.

**When a guest has appeared for any amount of time *less* than an hour,** we still have to put them on one cassette and the price remains the same at $6.00. An "A" or a "B" means the interview occurred in the first half or second half of the hour.

**There are occasional broadcasting difficulties when recording a live program,** making the sound quality on a few tapes less than perfect. If a cassette should malfunction, however, return it for replacement at no charge.

***Also available on video cassette for $15.00*** is a 40-minute cable television documentary ***"The UFO Enigma"*** **produced for WFXV-TV (FOX Network)** in Utica, New York, November 1990. Dr. Bob, Zoh, and UFOs Today co-host Bob Oechsler, former NASA Missions Specialist and Robotics Expert, discuss crop circles, why the aliens claim to be visiting Earth, the corporate control over public knowledge of UFOs, and recurring symbols witnessed by contactees.

* The first edition of the catalogue (through May 1990) listed the price as $10 per cassette. We decreased the price because we found a less expensive tape distributor and have met many of the start-up costs.

# Who Are Dr. Bob and Zoh?

**Zoh M. Hieronimus** has travelled across the country acquiring knowledge about holistic health care, first to treat a serious back injury and later to create her own symptom-free state from Crohn's disease, a sometimes fatal gastrointestinal illness. In 1984 Zoh formed the Ruscombe Mansion Community Health Center, one of the largest holistic outpatient centers on the East Coast. Over 6,000 people a year come to the Ruscombe Mansion to combine homeopathy, acupuncture, stress management, vegetarian cooking, and other holistic and preventive health care options.

Zoh has been able to affect change in various political battles normally impossible for one individual. She has lobbied for official recognition of the Reverse of America's Great Seal, for the elimination of ionizing radiation on our food, pesticides in our neighborhoods and food supply, and has long advocated cooperation between industrialists and the environmental/animal rights factions.

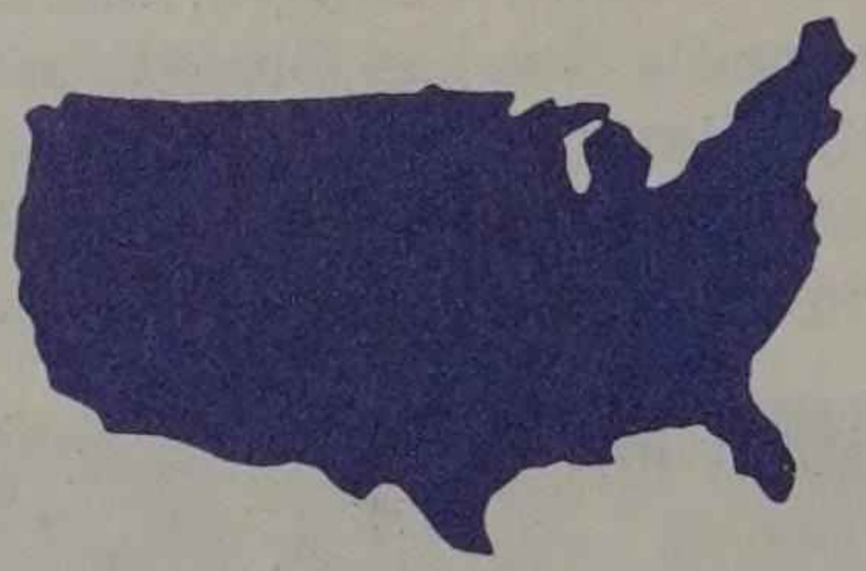

Zoh and Anna Sing "This Pretty Planet" On the Air 5/26/91

**Robert R. Hieronimus, Ph.D.**, has been an acknowledged pioneer in the "New Age" movement for over twenty years. Dr. Bob was the founder and president of the first Maryland approved school of esoteric studies, which granted certificates in the occult sciences, mystic arts, and religious metaphysics. Maryland Public Television documented his leadership and contributions in 1971 ("Artist of Savitria") as did the Associated Press, Washington Post, and Baltimore and Sun Magazines. Recent coverage for Hieronimus & Co. has included The Wall St. Journal, The Boston Globe, Chicago Times, The Huntsville (Ala.) Times, CNN, WABC, KOA, KING, WRKO, and WLS Radio.

Hieronimus's doctoral research on the Reverse of America's Great Seal (the pyramid and the eye in the triangle) was used by the White House (1976, 1982), the State Department (1978) and the Department of the Interior (1982). His works were shared with many world leaders including the Ford and Reagan Administrations and President Anwar El-Sadat of Egypt. His bicentennial

speeches were published in the Congressional Record (1983, 1984). In 1989 Destiny Books published his latest research, ***America's Secret Destiny: Spiritual Vision and the Founding of a Nation***, which can be obtained by calling 1-800-445-6638. He is currently writing a book on the "New World Order" and its possible links to a one world government.

Art historian and critic Alan Barnet noted, "Hieronimus has a talent for winning the cooperation of the establishment while he lives and works in the counter-culture." Dr. Hieronimus has also been referred to as "one of this country's best muralists." (Forecast Magazine)

**LISTEN . . . . . AMERICA'S TALKING**

Logo for the American Radio Networks

**21st Century Radio's Hieronimus & Co.** resulted when Dr. Bob and Zoh combined their unique talents for a new market—talk radio. Seeing that America has a passion for the strange, mystical and hard-to-believe they created a 5-hour show on the New Paradigm on WFBR in Baltimore calling it "The Dr. Bob Show." Gradually as the program evolved onto over 45 stations nationwide on the American Radio Networks, adding more co-hosts and repeat guests along the way, the name changed to **"21st Century Radio's Hieronimus & Co."** which more clearly defines the way the project has become a group effort.

It was Ed Graham, Program Director for WFBR in Baltimore, Maryland, who first suggested the idea for a Hieronimus & Co. program. When WFBR changed format, Ed's continued support as Vice President of the American Radio Networks ensured the national syndication effort. Ed believes the American media needs unique programming like 21st Century Radio which has the courage to tackle topics other talk show programs won't touch.

Sumerian symbols that stood for the various numbers. The ultimate numeral was 3,600, signified by a large circle (note the similarity to crop circles). It was called SAR (*Shar* in Akkadian) – the "princely," or "royal," number, the number of Earth-years it took Nibiru to complete one orbit around the Sun. (See page 116) One conclusion: crop circles could be an advance warning of the return of the 12th planet

# Where You Can Tune In

21st Century Radio's Hieronimus & Co. is currently aired live Sunday 7-10 PM Eastern Standard Time on the American Radio Networks, a two and a half year old enterprise composed of over 300 talk radio stations across the country. What follows is the most up to date list of affiliate stations that carry Hieronimus & Co., but this list changes weekly. If you're not close enough to one of the cities listed below to pick up our signal you could contact the program director at your local radio station, send them a copy of this catalogue, and suggest they contact the American Radio Networks at 301-532-2563 for details on how to downlink the show live. Many of the smaller AM stations might also be interested in playing back our recorded shows.

If you have a television satellite dish and some simple ham radio equipment you can pick up the show from anywhere. See page 176 for further details.

# Hieronimus & Co. is Carried on Satellite

If you have a satellite dish you can hear our show from anywhere. The following diagram was provided to us by "Dr. Ed" a satellite listener who received his doctorate in good listening from Wossamatta U., Bullwinkle's alma mater, in appreciation for his help and suggestions for our program. The diagram demonstrates one method of receiving the satellite SCPC audio using low block receivers and tuning in via satellite Galaxy II, Transponder 3, Channel 74.9; or Satcom 1R, Transponder 19, Channel 16-1. For further information or to purchase an SCPC receiver call Heil Electric at 618-295-3000 or Shawn Kenny's "Greensheet" at 201-707-1800.

Dr. Bob and Zoh With Some Great American Heroes

## *.....here's how others have described it:*

"Your program brings to radio what color brought to the television!"
**—St. Paul, MN**

"I think your show is the best radio program in America."
**—Wichita, KS**

"I get a kick out of your outrageous background scenes—you must have a lot of fun thinking up these sounds and the words to go with them. I don't think of myself as a skeptic, but I don't believe everything you have on. But that is okay because there will be a lot of areas brought out in the open."

**—Dallas, TX**

"Your program format is of a very advanced, progressive public forum. Certainly, such an approach is vital in this era of wide-spread "disinfotainment."

**—Las Vegas, NV**

"Your program stands out like a beam of friendly, intelligent life on the radio waves. It's informal, but erudite; happy without being silly; non-stop interesting without wearing you out. It shows that you don't have to shock people or be indecent to get and hold their attention!"
**—Minneapolis, MN**
