Dear Professor Piper:

Your letter of April 4th was finally forwarded to me to my new New York address.

I am glad to give you my personal permission to reprint the material, marked A, and I shall be glad to consider any future request, marked B.

However, the publishers of the book are, as you mentioned, the Delphian Society in Chicago and they still have, to my knowledge, the exclusive rights for publication which may expire soon. To avoid future misunderstandings I would advise to get their consent too.

Please accept my apologies for this delayed answer. I shall be delighted to cooperate in the future, and wish you the best of luck with the book of COSMIC ART. I am working also on a book now.

With best regards,

Sincerely,

[Handwritten signature: Leo Katz]
