Friday Jul. 26. after painful operation with many interruptions. I am at a convention of the International Platform Assoc. in Washington hoping to meet people because all old friends are gone. Jeanne Dixon invited me for lunch Monday and then I go back to the Bronx. Got first prize in a photographic exhibition in Bronx. Would appreciate if you could write me what that psychic told you. Dr. Kupperman and his wife are in Mexico, what are you doing? Best wishes to you and your mother love Leo
