AGENDA 21 WAS A CODENAME FOR A MASTER PLAN THAT WAS ORIGINATED BY THE UNITED NATIONS TO CHANGE THE POLITICAL AND ECONOMIC SYSTEMS OF THE WORLD TO ONE OF TOTAL COLLECTIVISM. IN ORDER FOR THIS TO WORK, PEOPLE MUST NOT BE ALLOWED TO HAVE INDEPENDENCE. THEY MUST BE DEPENDENT ON THE STATE FOR EVERYTHING, OTHERWISE THEY WOULDN'T BE EASILY CONTROLLED BY THE STATE.

THIS MEANS THE GENERAL PUBLIC CAN'T HAVE PRIVATE PROPERTY, MOSTLY, ~~AND~~ THEY CAN'T HAVE LAND OF THEIR OWN.

THEY HAVE TO LIVE IN HIGH RISE APARTMENTS PREFERABLY, THAT ARE PROVIDED BY THE STATE, AS A BENEFIT SO TO SPEAK "FREE LIVING" THE GOAL IS TO KEEP PEOPLE OUT OF NATURE, FROM LIVING OUT AND ABOUT, BECAUSE ANYONE WHO CAN PROVIDE FOR THEMSELVES, AND HAVE GARDENS, FARMS, OR EVEN CHICKEN & SHEEP WOULD BE CONSIDERED A THREAT.

THEY ONLY WANT CORPORATIONS OUT THERE GROWING ALL THE FOOD, AND NOT THE GENERAL PUBLIC. THE STATE WANTS US TO BE IN BIG CITIES, SO THAT THEY CAN CONTROL OUR WATER, FOOD, AND ELECTRIC POWER.

LEONARDO DA VINCI -

"IF YOU FIND FROM OWN EXPERIENCE THAT SOMETHING IS A FACT AND IT CONTRADICTS WHAT SOME AUTHORITY HAS WRITTEN DOWN, THEN YOU MUST ABANDON THE AUTHORITY, AND BASE YOUR REASONING ON YOUR OWN FINDINGS."

A world with tighter top down government control and more authoritarian leadership, with limited innovation and growing citizen pushback. Bottom up citizens. 2010

"EVEN THE MOST PANDEMIC PREPARED NATIONS WERE QUICKLY OVERWHELMED WHEN THE VIRUS STREAKED ACROSS THE WORLD, INFECTING NEARLY 20% OF GLOBAL POPULATION AND KILLING 8 MILLION IN JUST 7 MONTHS, THE MAJORITY OF THEM HEALTHY YOUNG ADULTS.

THE PANDEMIC ALSO HAD A DEADLY EFFECT ON ECONOMIES: INTERNATIONAL MOBILITY OF BOTH PEOPLE AND GOODS SCREECHED TO A HALT, DEBILITATING INDUSTRIES LIKE TOURISM AND BREAKING GLOBAL SUPPLY CHAINS. EVEN LOCALLY, NORMALLY BUSTLING SHOPS AND OFFICE BUILDINGS SAT EMPTY FOR MONTHS, DEVOID OF BOTH EMPLOYEES AND CUSTOMERS. THE PANDEMIC BLANKETED THE PLANET—THOUGH DISPROPORTIONATE NUMBERS DIED IN AFRICA, SOUTHEAST ASIA, & CENTRAL AMERICA, WHERE THE VIRUS SPREAD LIKE WILDFIRE IN THE ABSENCE OF OFFICIAL CONTAINMENT PROTOCOLS. BUT EVEN IN DEVELOPED COUNTRIES CONTAINMENT WAS A CHALLENGE. THE UNITED STATES INITIAL POLICY OF STRONGLY DISCOURAGING CITIZENS FROM FLYING, PROVED DEADLY IN ITS LENIENCY, ACCELERATING THE SPREAD OF THE VIRUS NOT JUST IN THE U.S. BUT ACROSS BORDERS. HOWEVER A FEW COUNTRIES DID FAR BETTER—CHINA IN PARTICULAR. THE CHINESE GOVERNMENT'S QUICK IMPOSITION & ENFORCEMENT OF MANDATORY QUARANTINE FOR ALL CITIZENS, AS WELL AS ITS INSTANT AND NEAR-HERMETIC SEALING OFF OF ALL BORDERS, SAVED MILLIONS OF LIVES, STOPPING THE SPREAD OF THE VIRUS FAR EARLIER THAN IN OTHER COUNTRIES AND ENABLING A SWIFTER POST-PANDEMIC RECOVERY.

CHINA'S GOVERNMENT WAS NOT THE ONLY ONE THAT TOOK EXTREME MEASURES TO PROTECT ITS CITIZENS FROM RISK AND EXPOSURE. DURING THE PANDEMIC NATIONAL LEADERS ALL OVER THE WORLD FLEXED THEIR AUTHORITY AND IMPOSED AIRTIGHT RULES AND RESTRICTIONS. FROM THE MANDATORY WEARING OF FACE MASKS TO BODY TEMPERATURE CHECKS @ THE ENTRIES OF COMMUNAL SPACES LIKE TRAIN STATIONS AND SUPER MARKETS. EVEN AFTER THE PANDEMIC FADED, THIS MORE AUTHORITARIAN CONTROL AND OVERSIGHT OF CITIZENS AND THEIR ACTIVITIES STUCK AND EVEN INTENSIFIED. IN ORDER TO PROTECT THEMSELVES FROM THE SPREAD OF INCREASINGLY GLOBAL PROBLEMS—FROM PANDEMICS, AND TRANSITIONAL TERRORISM TO ENVIRONMENTAL CRISES AND RISING POVERTY—LEADERS AROUND THE WORLD TOOK A FIRMER GRIP ON POWER!!

AT FIRST, THE NOTION OF A MORE CONTROLLED WORLD GAINED WIDE ACCEPTANCE AND APPROVAL. CITIZENS WILLINGLY GAVE UP SOME OF THEIR SOVEREIGNTY - AND THEIR PRIVACY - TO MORE PATERNALISTIC STATES IN EXCHANGE FOR GREATER SAFETY & STABILITY. CITIZENS WERE MORE TOLERANT, AND EVEN EAGER, FOR TOP DOWN DIRECTION AND OVERSIGHT, AND NATIONAL LEADERS HAD MORE LATITUDE TO IMPOSE ORDER IN THE WAYS THEY SAW FIT.

IN DEVELOPED COUNTRIES, THIS HEIGHTENED OVERSIGHT TOOK MANY FORMS; BIOMETRIC IDS FOR ALL CITIZENS, FOR EXAMPLE, AND TIGHTER REGULATION OF KEY INDUSTRIES WHOSE STABILITY WAS DEEMED VITAL TO NATIONAL INTERESTS. IN MANY DEVELOPED COUNTRIES, ENFORCED COOPERATION WITH A SUITE OF NEW REGULATIONS AND AGREEMENTS SLOWLY BUT STEADILY RESTORED BOTH ORDER AND IMPORTANTLY, ECONOMIC GROWTH. ACROSS THE DEVELOPING WORLD, HOWEVER, THE STORY WAS DIFFERENT - AND MUCH MORE VARIABLE.

TOP DOWN AUTHORITY TOOK DIFFERENT FORMS IN DIFFERENT COUNTRIES, HINGING LARGELY ON THE CAPACITY, CALIBER, AND INTENTIONS OF THEIR LEADERS. CITIZENS' OVERALL ECONOMIC STATUS AND QUALITY OF LIFE INCREASED. IN INDIA FOR EXAMPLE, AIR QUALITY DRASTICALLY IMPROVED AFTER 2016 WHEN THE GOVERNMENT OUTLAWED HIGH EMITTING VEHICLES. IN GHANA, THE INTRODUCTION OF AMBITIOUS GOVERNMENT PROGRAMS TO IMPROVE BASIC INFRASTRUCTURE AND ENSURE THE AVAILABILITY OF CLEAN WATER FOR ALL THE PEOPLE LED TO A SHARP DECLINE IN WATER-BORNE DISEASES.

(PEOPLE LIVING UP TO GET JABBED ARE ACTUALLY LIVING UP TO BE STATE PROPERTY.) IN 1995 PIERRE GILBERT - WARNED ABOUT THE GOVERNMENT MANDATING VACCINES, THAT POTENTIALLY PRETTY SOON THERE WILL BE A CONTAMINATION OF THE BLOOD STREAM OF MANKIND. HE SAID THERE WILL BE A LAW FOR JABS, THAT IT WOULD BE POSSIBLE TO CONTROL PEOPLE, LIQUID CRYSTALS WOULD POST UP IN THE BRAIN CELLS AND AS MICRO-RECEIVERS OF EMF WAVES WHICH CAUSE PEOPLE UNABLE TO THINK. HE CALLED THEM "ZOMBIES".

The AGENDA 21 Conference AGENDA 21 POLICIES BEGAN IN THE 1970'S. It was formally launched worldwide at the Earth Summit in [1992] at Rio De Janeiro where on Prince Charles' Yacht, President George Herbert Walker Bush Signed the U.S. to it without the consent of the American people or their representatives in congress. Agenda 21 was designed to avoid US senate ratification as a UN treaty because all of its mandates could be implemented by president Bush and his successors as "soft policy" - As Federal Agency Regulations, Executive orders and funded mandates to state, county and local governments. President Bill Clinton took office the following year and created the presidents council on sustainable development, which began immediate comprehensive and irreversible implementation; Clintons council was comprised of federal agencies corporations and non profit organizations. The Council on sustainable development moved quickly to ensure that all federal agencies would change their policies to comply with U.N. Agenda 21.

Agenda 21 - is "TOP DOWN" in that much of it requires Subsumption and Control of Citizens freedom and movement, "Own nothing and be happy." and the use of private property which is managed at state, county and local levels. One organization was set up and named the International Council of Local Environmental Initiatives. ICLEI is tasked with carrying out the goals of AGENDA 21 worldwide at the local level. However local implementation of Agenda 21 in the U.S. presented significant violations of individual and property rights, that are protected by the U.S. Constitution. So "ICLEI-US" was set up and Local Agenda 21 was ReBranded as "sustainable development" over 600 countries in the U.S. are members; If your town or County are members, your tax dollars are paying for the eventual removal of your own property rights. The United States Federal Government has agreed to submit Sovereign responsibilities over to UN policies on a massive scale, that impact every aspect of our personal lives and yet our federal government has committed to the United Nations through Agenda 21 to regulate everything. Agenda 21 has now shaped every law, regulation and strategy of every department of our Federal Government.

Agenda 21 is a codename for a master plan that was originated by the United Nations to change the political and economic systems of the world to one of total Collectivism.

In order for this to work people must not be allowed to have independence. They must be dependent on the state for everything otherwise they wouldn't be easily controlled by the state. This means the general public can't have private property, or land of their own. They have to live in high rise apartments preferably, that are provided by the state as a benefit so to speak. "FREE LIVING".

The Goal is to keep people out of nature, from living out and about, because anyone who can provide for themselves with gardens and farms would be considered a threat. They only want corporations out there growing all the food, not the general public. They want us in mega region smart cities so that they can control our water, food and electric power. (Pre-fabricate Infrastructure is becoming popular because it's cheap and fast to install.)

They want us contained in a sort of people zoo, so that we can be easier to learn for the bio computing and they simultaneously want to put sensors on all the animals in the name of environmentalism.

The Wildlands Project - is a massive undertaking where the Government wants to take rural lands and put it off limits to human beings. Roads will be closed and forests will be limited. The idea is to stack and pack people and put them on public transportation and never let them outside, so that nature gets protected from humans in that fashion. The wildlands project allows for certain limited uses for certain limited people, not to include the general public which ties directly to the compact cities and smart growth city proposals as part of Metropolitan Development.

Elon Musk - Said that all future production of vehicles will be electric, that robots will take over the transportation industry and that the commuting of products will be fully autonomous.

There is supposedly 1 Billion people in India. - 400K Farmers have committed suicide in the past 20 years.

1/3 of Africa has broadband internet connectivity.

DR. BEN GOERTZEL - Graduated with a PHD in Mathematics from Temple University in Pennsylvania. He's the CEO and Founder of SingularityNET, Chair of Humanity+ and AwakeningHealth, He's the "Africa world Leader in advanced Robotics, Also an A.I. leader, and the father of Artificial Generalized Intelligence and he helped popularize the Term (AGI). He is the chief advisor of ICOG labs foundation in Ethiopia and the leader of AGI Society and openCOG foundation.

SingularityNET + Hanson Robotics - Are financial Supporters of openCOG.
= Singularity Studios Inc - Provides cutting-edge enterprise AI software combines custom AI development and Integration as well as infrastructure-as-a-service. Its close ties to SingularityNET allows for future integration of third party AI Services Sourced from a decentralized AI marketplace and facilitates access to a network of AI Services. Singularity Studio's Software base includes proprietary AI methods leveraging deep neural net probabilistic logic, evolutionary learning and other technologies, alongside automated integration of third party Services. Current projects touch primarily FinTech, IoT, Genomics and health tech, but revolutionizing business in any market. Agent based simulations can be used to model complex systems in a variety of contexts. Social Robotics allow for meaningful connections with human beings and AwakeningHealth - a JV between Singularity Studio and Hanson Robotics. Using Decentralized neural-symbolic AI, Singularity Studio's virtual AI assistants are interactive and can exist on a variety of hardware platforms. Singularity Studios brings intelligence within the home with integrated suite of AI-meets-IOT components and uses computer vision, integrated networks and virtual assistants to power AI Kitchens and robots for eldercare. AI can be used to improve environmental outcomes and Singularity Studio is actively developing AI to optimize waste management, estimate carbon sequestration in forests and farms, and Facilitate precision farming. AI is being applied to BioMedical R&D within clinical trials, therapeutics discovery and patient management. In partnership with REJUVE, Singularity Studio has created a framework for personalized medicine and therapeutics recommendation.

Singularity Studio - Financial time series modelling and credit risk evaluation stand to benefit greatly from AI, Singularity Studio's agent based models are helping DeFi innovators like Antonio and SingularityDAO predict and understand cryptocurrency markets. Smart cities in the future will need to be supported by intelligent AI systems that can process significant amounts of data. Singularity Studio has built cutting-edge smart city applications and pioneered the use of neural-symbolic AI to perform traffic and pedestrian analytics with CISCO.

Singularity Studio's business development teams are in close contact with some of the world's largest financial organizations to assess their needs and deliver enterprise solutions, for both familiar and cutting-edge AI/FinTech Applications, that will make use of machine learning and language processing to create more accurate credit scores for SMEs and unbanked populations of the developing nations.

• Credit rating/credit scoring for the unbanked • Regulatory compliance • Fraud detection and risk management • Estimating and Hedging risk • Customer Service and engagement - Industry Use Cases of Singularity Studio are FinTech, Health Care, IoT and Enterprise.

Awakening Health - is developing the Humanoid Robot assistant Grace - which builds upon previous work on the world-famous Sophia robot; for elderly care facilities, hospitals and clinics as a companion and an AI driven diagnostic tool in areas such as Neuro-Degenerative diseases. Hanson Robotics healthcare communications and bioData management platform. Humanlike Robotics with the latest healthcare assistance. The Hardware of Sophia and Grace is developed by Hanson Robotics and the Software is produced by SingularityNet and Cardano Blockchain; BioTech meets AI. Awakening Health is limited as a Hong Kong registered company. AI and Humanoid Robotics is a 7 Billion dollar market and is expected to grow 20% by 2025 to a 25 Billion dollar market.

Hanson Robotics - is a 2013 Hong Kong based robotics company..

Charles Hoskinson - is the Founder of Cardano Blockchain and Co Founder of Ethereum Blockchain. He is also the CEO of (IOHK) - Input Output Hong Kong. Its headquarters include Tokyo Institute of Technology, Edinburgh in Athens and University of Wyoming, University of Connecticut, And Virginia Commonwealth University. IOHK.IO - Builds cryptos and BlockChains for Government entities.

Cardano Africa - Charles currently has 5 million⁺ Students and teachers on the Atala Prism App, with their life being tracked on it. The app connects health Care, Education, (Skills and badges) and Electronic Voting for Securitized Elections. Charles wants 100 million (all of Ethiopia) with a Cardano Blockchain Digital ID. Children get recorded on an app when they show attendance which sends a digital token called an ADA coin for reimbursement. Its automated and government reimbursed for cutting back on bureaucracy. ATALA TRACE - Tracibility tools and Supply chain management.

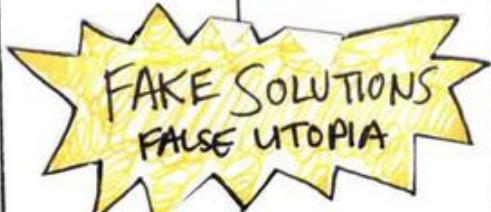

Children build their social capital through their meta data like Test Scores. Blockchain is being piloted in Africa in our most vulnerable communities. The idea is to Tokenize and Securitize people on blockchain - managing populations and resources. Legitimizing permanent digital IDs by saying you get to own and share your own Info as verifiable data. They want global digital citizenship by digital twinning the world. Its not just about creating AI, Its about Copying us, and turning natural systems and biological life into Zeros and Ones, through BioDigital Convergence.

ARE YOU FOR OR AGAINST A TOKENIZED ECONOMY? - The Technology of choice is Blockchain for Smart Contracts and E-Signatures. WE ARE UP AGAINST

The ancient Greek "KUBERNETES" means "STEERSMAN" and the normal Latin transliteration of KUBERNETES gives us "CYBERNETES", while the Romans turned "KUBERNAO" into "GUBERNO" from which today we get "GOVERN". Plato used "KUBERNETIKA" to mean skill in steering and in the 1940's the American mathematician, NORBERT WEINER derived from it "CYBERNETICS" to mean "control and communication theory"!!

Who exactly is steering us? And where are we being steered? Sensor networks are being used to STEER and DIRECT individual units in an organized form, organizing human beings as agents. They want to catalyze and organize behavior into complex systems that come to an emergence as an organism.

USING TECH TO SOLVE HUMANITIES CHALLENGES

Aristotle said that "money is a product of LAW not of Nature". The CLASS System is a Fictional wealth Game - The Elite don't NEED money, they USE it as a tool. It is suppressing most people while Elevating a small group. In Thomas Jefferson's Diary he said that Democracy was "Mob Rule".

We need to be aware of the giant open air prison that is being built based on the Indian Reservation that is what's coming. - A Global Industrially Engineered Social System for militarized hedge funds. Houston Texas Independent School District has recieved 1 million for Strategic planning of outcomes with data driven academics, mental health, housing, Food and Energy. One's life is limited to data metrics, put on a dashboard and engineered by state Surveillance and Finance actors and they call it Social justice equity.

Never Ending Pandemic Preparedness - The "Situation" Caused more poverty and the UN SDGs are 2/3rds about managing the poor. Access to Social Care Issues such as health Care will be privatized as investment opportunities for global Capital, privatizing public benefit systems, as a role of poverty management & resource management and micro managing populations, also mapping out and managing our micro biomes. - Turning our bodies into factories for nano machines.

In order for the Economic System to continue to function - CAPITAL MUST CIRCULATE through consumer consumption. If people don't have spending power the alternative is to turn humans into equities so the economy doesn't collapse and for the scheme to continue to exist. Suppose if there is a FINITE AMOUNT of physical resources with limited material consumption → The Solution would be to create a digital world to grow the economy. → A new DIGITAL EMPIRE with all the things you can buy in the Metaverse aka the Virtual Universe.

BLOCKCHAIN - was established to track digital assets online to allow this new version of digital Capitalism to grow. It's about Tokenizing behavior with a digital twin identity and putting children on the digital ledger as the next phase of capitalism.

WE ARE AGAINST THE COMMODIFICATION OF NATURAL RESOURCES - The human body is becoming the next phase of resource extraction. They're using BioNanoTechnology as an extension of colonialism by colonizing the material tissues of our bodies and eventually the energetic exchanges of our neurons, thoughts and soul energy. - Sensor Technologies built into our bodies and the environment.

They're Creating Global Systemic Poverty - And then managing that.

THE END GAME IS ALL TIME DATA COLLECTING on ALL INTERNET USERS - Especially students; "Opportunity Youth" through ED-TECH Educational Technology. - The Surveillance of context delivered in a classroom, therefore commodifying children as data.

THE USE OF DATA - to further privatize public education and to manage populations, and to catalyze a Generalized artificial Intelligence, by feeding our DATA to the A.I Quantum Computing System. **BLACK ROCK - ALADDIN** Super Computer & Hewlett Packard Enterprise **FRONTIER** aka OLCF-5 is the world's fastest Exascale Super Computer Hosted at the Oak Ridge Leadership Computing Facility in Tennessee, US and first operational in 2022, Estimated cost U.S. \$600 Million.

They want to Extract and Harvest enormous amounts of data out of all living beings on earth - The Integration of all the world's Database to teach the Singularity what it's like to be human and have a physical experience. The Internet/Arpanet is a military technology. - They want to collect enough data to create Digital Twin Societies.

Our Bodies - become more and more limited as our daily activities become more circumscribed to their policies and regulations (PONTIFICATIONS). - They want us living in a "Mod Pod" Frate container, 3D printed Lego Block Buildings "Prefabricated Infrastructure" and SkyScraper Hotels. - While our minds occupy the virtual reality with V.R. headsets as a Counterfeit of the natural world; For us to protect Nature and be safe as well as to prevent damage from people, plants and animals and property. Which also means Sensors and satellites - NASA's GPS - Limiting and Restricting Mobilization through public transportation through electric cars in the MegaRegion Smart Cities, with Double Decker Highways, Underground Tunnels built by Elon Musk.

THE NEW LEDGER SYSTEM - Is our SOULS Decentralized as Electrical Signal Impulses on the Blockchain.

Peter Stone - The Sony A.I Chair and Japan are developing Robots to play Soccer for the RoboCup Robotics Soccer. They want to get the humans to work together as a team, because of the idea that when we get people together sometimes a lot of amazing things happen. - These people think that if you give a wallet to animals and machines (not just people) and put them all together in a virtual room and see what the result is; They're imagining that there is some sort of information or material (or unlocking potential) that they're going to have access to, so they're going to start building these interspecies digital teams.

The Technological Space - is looking to make humans as social insects as opposed to individuals. The socialization and the mapping us as a collective is often framed as an ideological economic or of vital importance. The social biology is more useful and more accurate in terms of understanding the A.I. part as a Radio Eugenics program and its part of the Guided Evolution towards Transhumanism. - A Goal driven Google ledger. Its cybernetics optimization for life individually and collectively that we haven't discussed as common citizens, and that someone has decided what the direction is of that life and they're putting you in a program to guide the evolution through gaming through the idea of fitness landscapes; which is the game board with smart components and sensors and genetic algorithms which are these mathematical programs that are going to lock and unlock different opportunities for you depending on what kind of tokens you have in your wallet in the smart contract. - Complex Adaptive Systems: The use of platform labor with Telepresence labor and the use of remote robotics. Real people have a limit on the amount of relationships they can manage.

The Global Gig Labor - Isn't just to suppress wages which it does, or control people which it will, but it's about World Team building.

What are the Implications? - They are gathering specimens, The A.I loves collecting data and making digital twins; a planned Symphony for a collective Conscious.

The Great Reset - was the name of the 50th Annual Meeting of the World Economic Forum. June 2020 For "High Profile" Business and Political leaders. REBUILDING SOCIETY & ECONOMY. #BBB

The Chief Executive Officer KLAUS SCHWAB described 3 Core Components of the Great Reset. "Stakeholder Economy", "Resilient Equitable and Sustainable Buildings", "Harnessing Innovations of the 4th Industrial Revolution for Public Good".

KRYSTALINA GEORGIEVA - The managing director of the IMF - International Monetary Fund, listed 3 Key aspects to Innovative Sustainability - "Green Growth", "Smart Growth", and "Fairer Growth".

The Forum agreed that a Globalized world is best managed by a self selected Coalition of multinational Corporations, Governments and Civil Social Organizations (CSO).

The Great Reset sees periods of Global Instability such as the financial crisis and Covid pandemic as new windows of opportunity to intensify programmatic efforts; Environmental protection and Social Entrepreneurship.

If you have not heard of Agenda 21, it is the United Nations plan to condense us into highly controlled megacities, allow us to live in only a few places known as human settlement zones, get us out of our cars and monitor, restrict and tax our usage of water, gas, and electricity in order to lower our "carbon footprint". Smart Meters is one method of monitoring and restricting our use. The SMART in smart meters stands for "Self Monitoring Analysis and Reporting Technology" All these plans by the United Nations are based on the assumption (or lie) that the planet is warming due to excess carbon dioxide due to human activity.

In reality, there are only trace amounts of carbon dioxide in the atmosphere and plants use it to make oxygen.

We aim at creating a society where we can resolve various social challenges by incorporating the innovations of the fourth industrial revolution (e.g. IoT, big data, artificial intelligence (AI), robot, and the sharing economy) into every industry and social life. By doing so the society of the future will be one in which new values and services are created continuously, making people's lives more conformable and sustainable.

This is Society 5.0, a super-smart society. Japan will take the lead to realize this ahead of the rest of the world.

"From HER-STORY YouTube
TO HIS-STORY" - Bro Sanchez TV
"Our Ancestors used (To Gather, Together)."
HERitage = HER-AGE

We were Kicked out of the Garden of Eden because we traded our natural inheritance for labor; Working for other people to maintain our addictions like meat eating. Whoever controlled meat became the high ranking and Very wealthy.

THE GOLDEN AGE IS RULED BY MAAT
WITH HER GOLDEN SCALES

In the Golden age everyone was a Ruler because we were all powerful people in the Abundance of nature. Unfortunately this way of life has failed, and as the old world ended, The New World of meat eating and hunting Societies were born.

Egypt and Greece were 2 power houses that were born from royal Families that were born from the early Villages and cults with males who went to hunt and provide meat. We were all Vegan and then became dependent on meat, and the ones who control the meat quickly became powerful rulers; Thus the Patriarchal system of today was created along with classes and governments which allows men to distribute things how they want to distribute them. - And to this day they still own the land and the most powerful cults are still united.

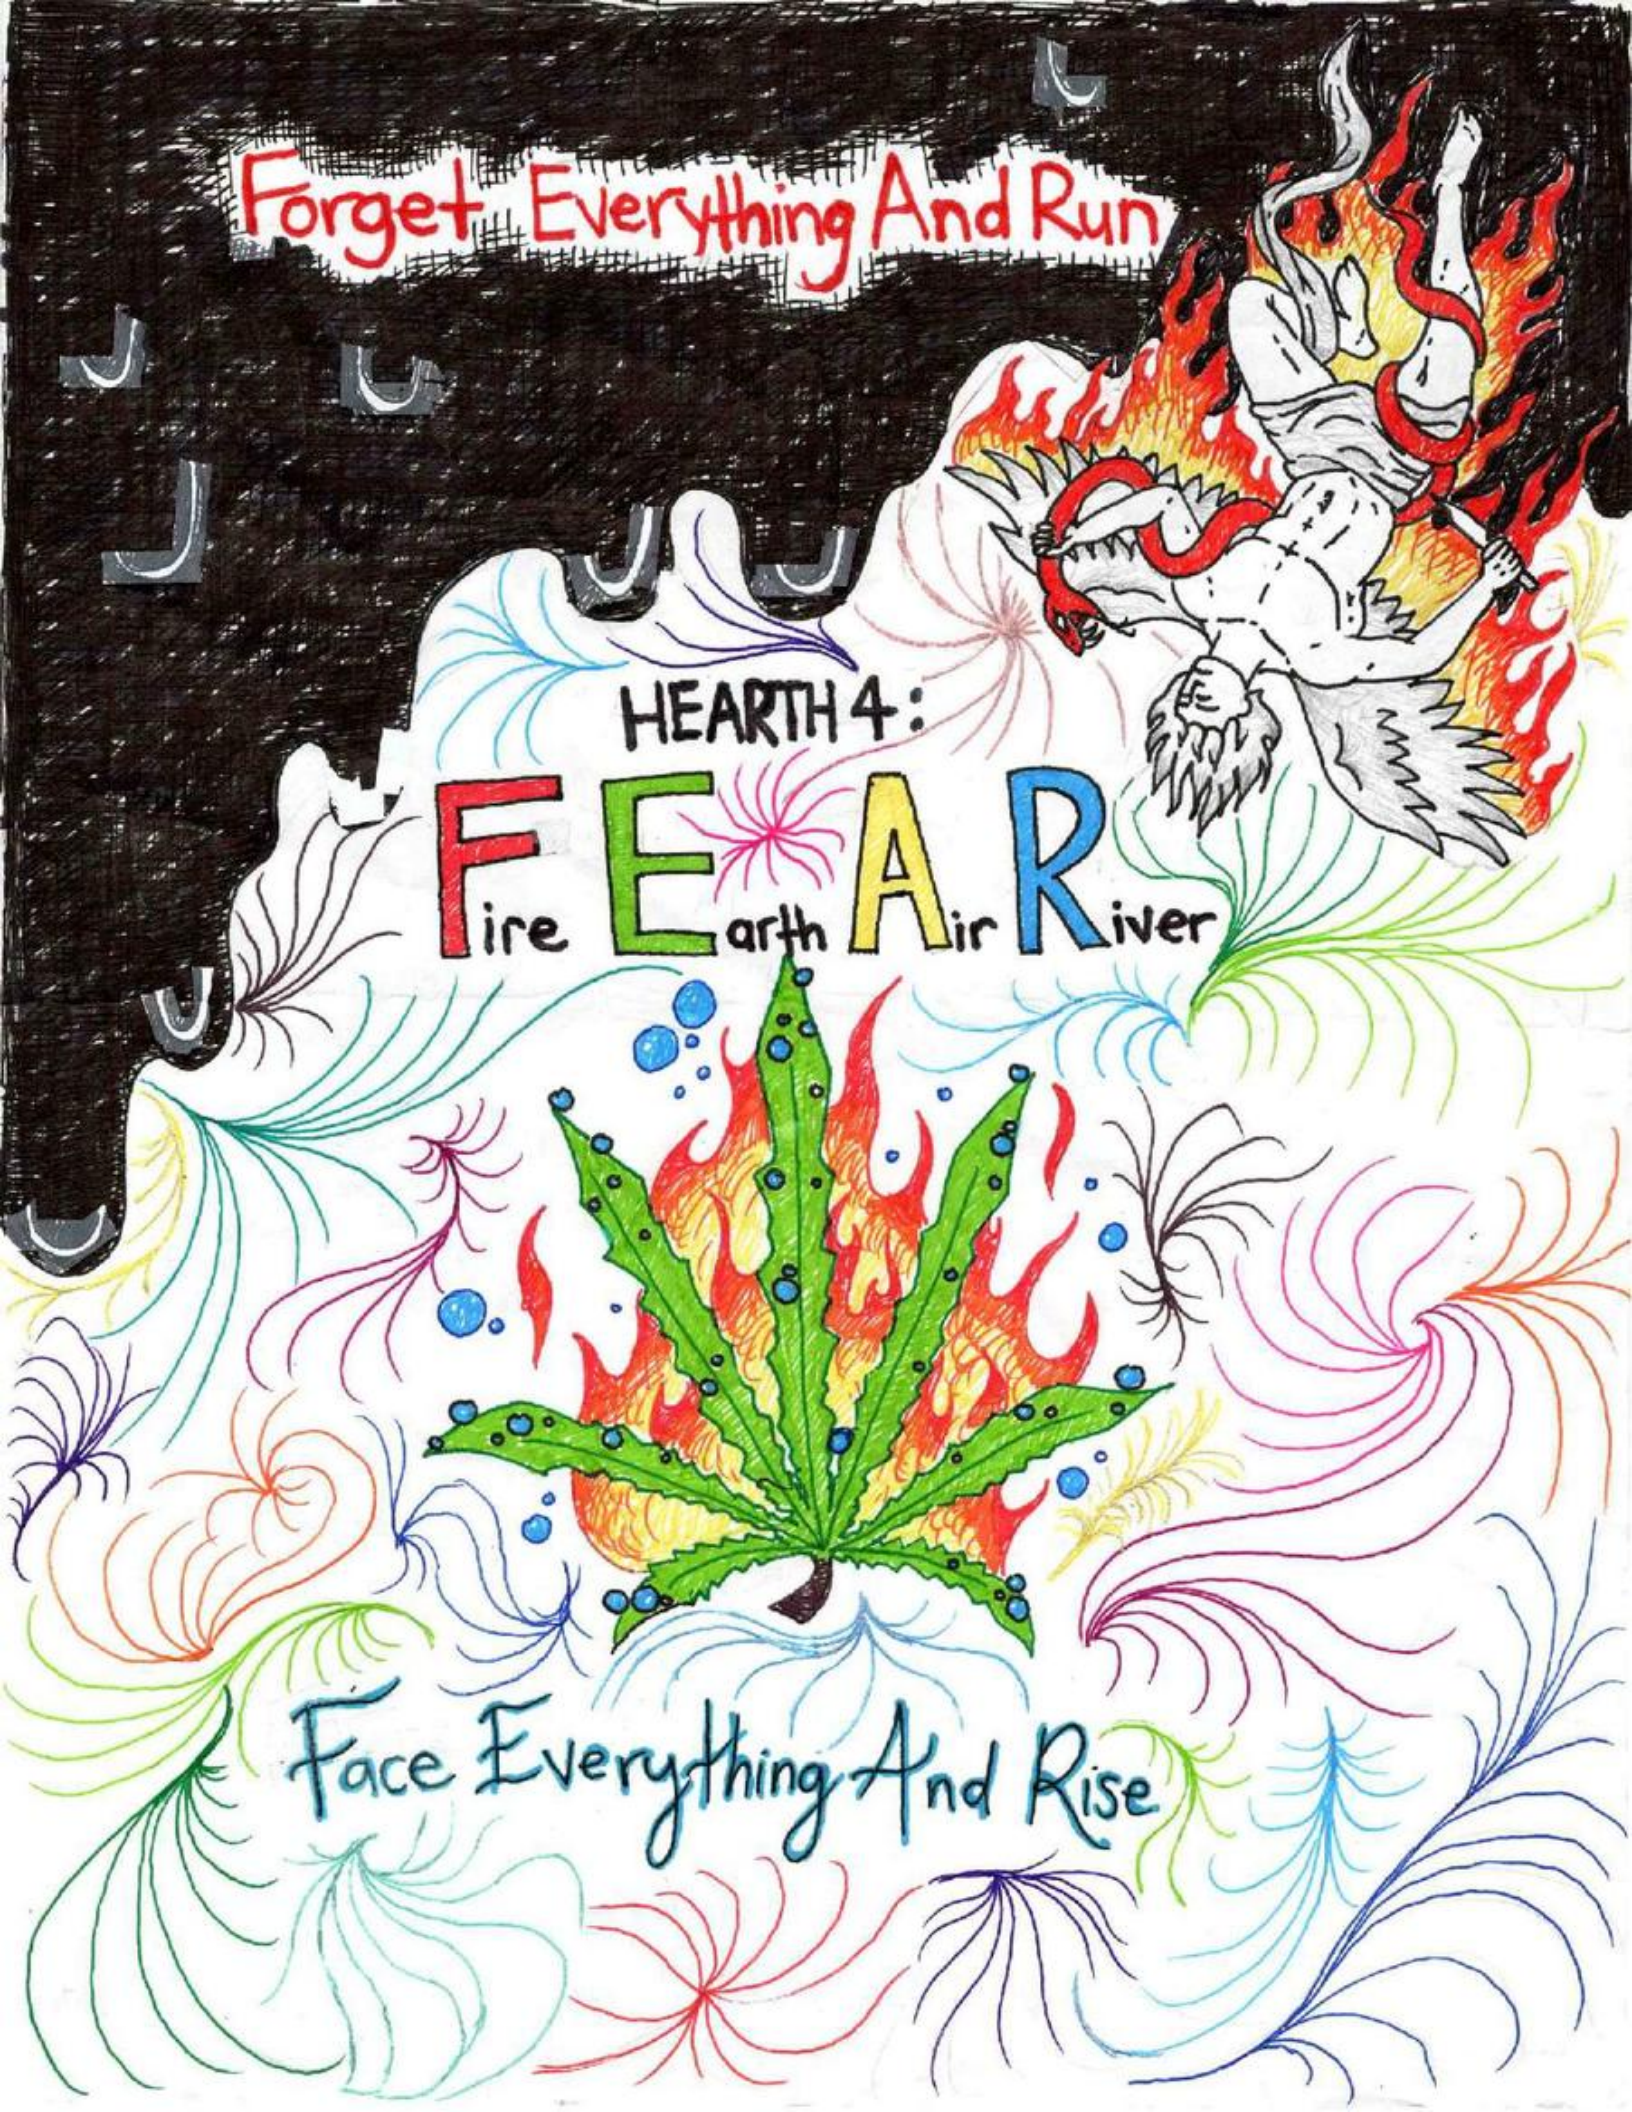

We are waiting to get our inheritance back ("HERbs" from Mother Nature) because The Abundance of plants in our natural world is designed to evenly distribute wealth and health to us all, making us Kings and Queens. The Spiritual War is about changing what we are so we don't be dependent by that which preys off of us. If we were Vegan it would end all of the world powers.

Bearing the Rivers of
Knowledge in the
Age of Mis-
Information.

In **Luke 22:10** the disciples ask how will they know where to go. Jesus tells them there will be a man with a pitcher of water follow him into the house. Some versions of this verse translate as "a man with a pitcher of water on his shoulder" This is referencing the Houses of the Zodiac. More specifically Aquarius.

Carl G. Jung - THE ALCHEMICAL PROCESS

Purest Form = Spiritual Path to return fallen man to his state of perfection in the garden of Eden.

Man has one soul but has many spirits and many bodies. → We fell from grace, lost the interconnectedness of these elements → became lead (The Physical Body).

Purification through discipline & meditation achieves philosophers stone (Immortality).

J.K. Rowling - "To invent the wizard world, I've learned a ridiculous amount about alchemy. Perhaps much of it will be used in books, but I have to know in detail what magic can and cannot do in order to set the parameters and establish the stories internal logic."

The philosophers stone - A legendary substance that supposedly could turn inexpensive metals such as lead into gold, and/or create an elixir that would make humans younger thus delaying death. The Alchemist uses catalysts & purifying agents to affect changes in the materials (and in himself). These materials breakdown and reinvent or rejuvenate a base material (Lead) into a pure one (gold).

VITRIOL - Often referred to as the green lion is associated with the color green. It is the first material applied to crude matter and it begins the process breaking down and purifying this matter.

Alchemical Symbols - The Phoenix represents renewal and resurrection signifying the philosophers stone, Especially the RED Stone attained at RUBEDO - Capable of transmuting base materials into pure gold. Destruction and Recreation/Rebirth.

The Lily represents purity/immortality/salvation and opens the path to god.

The Doppelgänger - A creature's complementary figure or shadow that reveals unknown aspects of the being, 2 (natures) Twins etc.

Animals are often used to symbolize the basic components and processes of alchemy. They may be used to symbolize the 4 elements such as the Lion or Ox (Earth), Fish or Whales (Water) Eagles (air) and Salamanders or Dragons (Fire).

Aerial animals - generally indicate volatile principles while terrestrial animals indicate fixed principles. Whenever 2 animals are found together they signify Sulfur and mercury or some relationship between the fixed and the volatile.

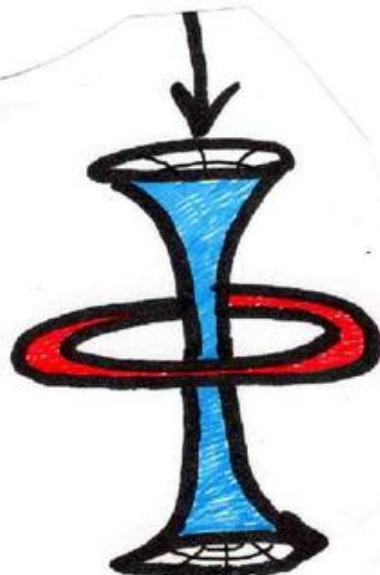

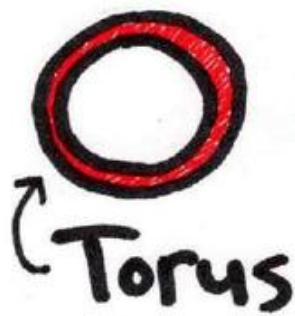

Dogs signify the primitive matter, natural Sulfur or material Gold. A dog being devoured by a wolf symbolizes the process of purifying Gold using antimony. ~~caduceus is a staff with 2 snakes entwined~~

Caduceus = Cad-u-ceus aka Fall-of-Zeus - The magical staff of hermes the messenger God and the revealer of alchemy. The staff entwined by 2 Serpents representing the solar and lunar forces. Their Union is the Conjunction of alchemical principles and their offspring, if it lives, it is THE STONE. This STONE is represented as a Gold ball with wings at the top of the caduceus. (Depicted as the Golden Snitch from Harry Potter).

Consubstantiality: Of one Substance or of the same Essence.
"Christ is Consubstantial with the Father (God)."

To Exist: To EMERGE and APPEAR from a SOURCE or a place of Non-Appearance. "The Garden of EDEN is a place in Heaven where Adam resides. There are 2 trees; One called The Tree of LIFE which represents Pure Positivity aka the ETERNAL SPIRIT, and one called the Tree of KNOWLEDGE of GOOD and EVIL which represents Positive and Negative aka TEMPORARY MATTER which has a Beginning and Ending such as the BODY. When Adam decided to eat from the Tree of Duality, He was Expelled from the Garden and was given Fig Leaves to cover his Naked Body as he Now had a VISIBLE Figure. Therefore to EXIT from our primordial State of being and ENTER into the World of Mortality is what it means to EXIST.

The TOR and BOL make up

The Consubstantiality of Everything that Exists.

1. What are the CO-ETERNAL principles of REALITY?

-Matter and Spirit

2. What is the CONJUGATE Geometry of the UNIVERSE?

-The TORoid and The HyperBOLoid

3. What are the Simplex BINARIES of LIFE?

-Magnetism and Dielectricity

The Unmanifested Aether Energy Manifests into and as the Toroid aka A reciprocating precessional Hyperboloid. - An ATOM.

An ATOM is an ElectroStatic Dynamo of Qualitative Field Coherency, It's an Oscillating pulse Perturbation or Disturbance of the Medium, Called Aether - which is the Unified Field.

Actualization or Electrification - Occurs when Magnetism and Dielectricity come together via Pressure mediation. The Contracting and Expanding Forces of The Medium are the exact same Attracting and Repelling Forces of a Magnet, also called Compressions and Rarefactions of the Aether. Therefore Everything in the UNIVERSE that is VISIBLE, AUDIBLE and TANGIBLE (See, Hear and Touch) is due to magnetism and magnetism only. - Compound of Magnetism and Dielectricity, low energy cyclic Circuits. - Constructive and Destructive Interference. The Aether in Dynamic Circular Polarization against itself. **Magnetic Repulsion** - Called Radiation is Right Turning Centrifugal Divergence (creates space - dimensional force - Voluminous and Luminous) **Magnetic Attraction** - Called gravitation is Left turning Centripetal Convergence (erases space - The Eater aka Aether at Rest) Primordial State.

Quantum Mechanics - Is a Theory brought together by ATOMISTS who deny The Aether.

ATOMISM - Is the cult of Bumping Particles; If you can't count it they don't believe in it.

They're materialists who want to Quantify Everything, Therefore the "AETHER" is their Biggest Enemy. In fact even saying the word is condemned, it would be like yelling "SATAN" in a church.

The word "Incommensurability" was used by the greeks, which means Immeasurable. It is the best way to describe the Aether because it Cannot be defined or quantized, it has NO DEFINITION.

- It simply Was, Is and Is to come.

The word "SATAN" comes from the Hebrew word "HaShatan" which means "The Opposer" aka the Opposite of "God". - Which is quite Ironical today that any church goer would Believe, Take Pride and even worship a physical being, when the CREATOR of all CREATION is NonPhysicality (Zero Point Energy)

2 Corinthians 4:18 - "So we fix our eyes not on what is seen but on what is unseen, since what is seen is temporary but what is unseen is eternal."

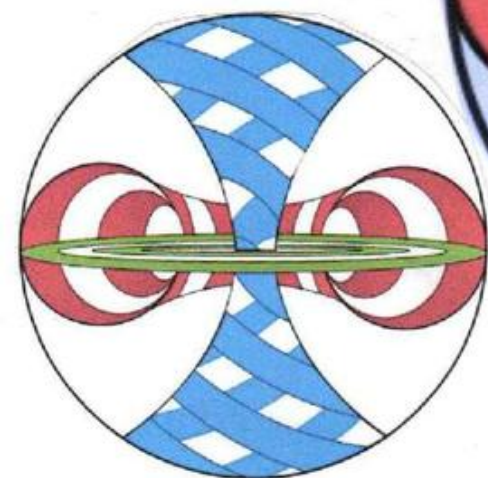

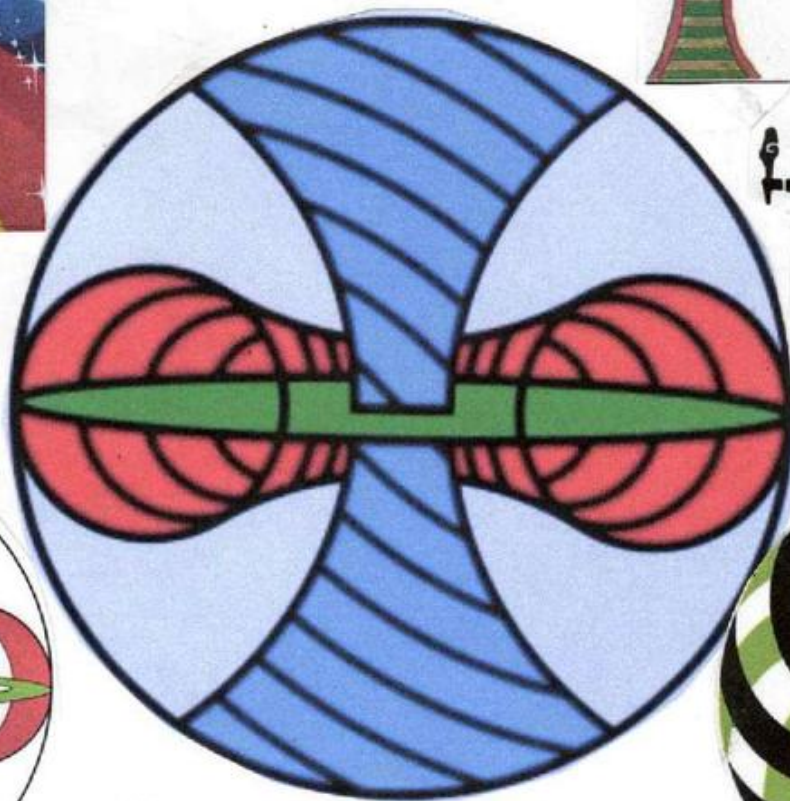

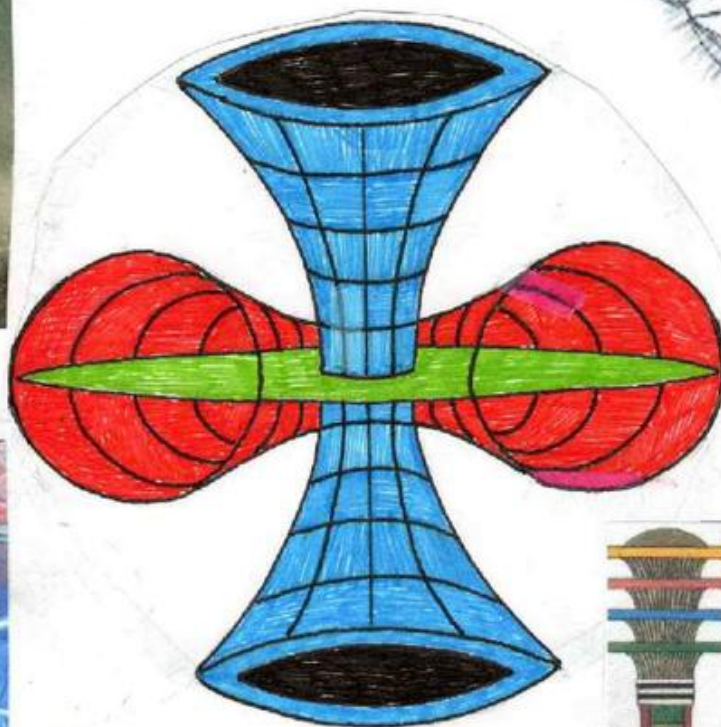

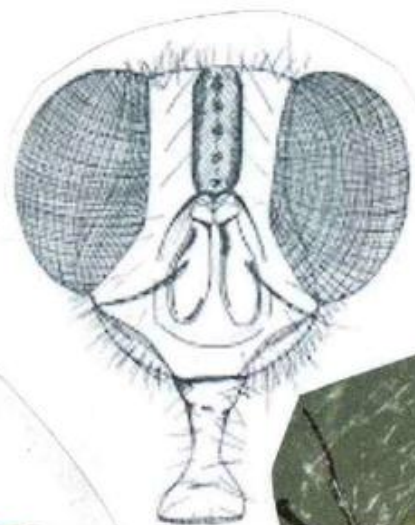

Romans 1:20 - Through Everything god made they can clearly see his invisible Qualities - His eternal power and divine nature. So they have no excuse for not knowing God.

Hebrews 11:3 - By faith we understand that the universe was formed at God's command, so that what is seen was not made out of what was visible.

John 1:14 - The word became flesh and he dwelt among us. (made his dwelling, pitched his tent or tabernacled among us)

Acts 7:48 - The lord of Heaven and Earth does not dwell in Temples made by human hands.

Kings 6:7 - The temple of Solomon was built with stone blocks that were finished at the quarry - so that no hammer, chisel or nail was heard at the place where the temple was being built.
It is your own body that is the Temple of the soul of man.

"The light is pleasant,
and it is good for the
eyes to see the sun."

**WATER WILL ALWAYS
SEEK IT'S LEVEL**

Thomas Burgoyne - OF EGYPT.

Ancient Romans used **urine** to clean and whiten their teeth.

The *ammonia* in the urine removed stains, which is why Romans also used it to clean clothing. Urine was used in toothpastes and mouthwashes until the 1700s.

Plasma Ultrafiltrate

The medical name for Urine is "Plasma Ultrafiltrate." It's **Filtered Blood Plasma**. Do you think your Blood is waste? Believe it or not, your Urine is actually Cleaner than the Blood in your veins.

- Nick Caputo

Urine is Only Waste When You Flush it Down the Toilet

When you consume any kind of liquid, your body has to **adjust** the **temperature**, and it has to **adjust** the **structure** before that liquid can **Hydrate** you.

Urine is the **Fastest Hydrating** substance you could possibly put into your body. It is **YOU** already, it is Blood Plasma, it is Filtered Blood. Your Urine is Cleaner than your Blood. It is **directly absorbed** by your body.

Anything you consume, you merge with.
Drink from thyself, to know thyself.

Life is like the harp string, if it is strung too tight it won't play, if it is too loose it hangs, the tension that produces the beautiful sound lies in the middle.

— Gautama Buddha —

BAHA'I FAITH

Lay not on any soul a load that you would not wish to be laid upon you, and desire not for anyone the things you would not desire for yourself.

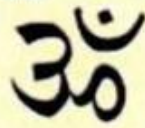

Baha'i Faith, Cleanings

HINDUISM

This is the sum of duty: do not do to others what would cause pain if done to you.

Mahabharata 5:1517

BUDDHISM

Treat not others in ways that you yourself would find hurtful.

Udana-Varga 5:18

CONFUCIANISM

One word which sums up the basis of all good conduct... loving kindness. Do not do to others what you do not want done to yourself.

Confucius, Analects 15:23

THE GOLDEN RULE
