INTRODUCTION to VIRTUES, LAWS and POWERS (excerpt) by Anonymous

Introduction

Published 1995

ISBN 1-885-186-83-5

There are people on the Earth today who hunger for knowledge of the mysteries of life. They may have sought to satiate their thirst for Truth through paths of science, art, philosophy, psychology, religion, or social services. Many, at the close of a long career in such fields, hear the hounds of death at their heels while their spiritual bellies ache with emptiness. They go to their deaths longing for the unknown, trembling with angst.

It may seem preposterous for this book to presume to fill some of that void by bringing to the reader the fundamentals of the natural Laws of the soul. Indeed, few people have ever considered that the soul of man has a type of matter, not unlike his flesh, although existing in a different octave of being. Few people are aware that there are principles, similar to known physics principles, that control the dynamics of spiritual matter. Furthermore, such spiritual Laws have a watershed effect upon the physical body of man and the Earth.

Looking out upon the sea of disorder within the major cities, one cannot help wondering why violent crime is becoming increasingly prevalent, and what could bring it to a halt. During the sixties the cry of liberals was for more social services, as though money or food could be the panacea. Others cried for gun control, more prisons, or other material solutions. Despite all attempts at controlling societal disorder the ghettos swell with violence, and the traditional family structure is almost gone.

There are some idealists who look into the heart of this disorder as though it were full of signs of wonderful societal transformation for the better. And yet, teenage pregnancies, AIDS, infections, robberies, rapes, and murders all continue to increase in number. By what criteria are these idealists measuring their success?

If one looks back over recorded history, pockets of societal peace and order rise out of the pages with haunting similarities of belief systems. Within each religion can be found keys that lead to the inner teachings of the fundamental Laws of the soul and of life itself. The fighting between religions has been due to clinging to differences rather than searching for similarities. The obvious similarities are merely echoes of the underlying mysteries which have traditionally been reserved for an inner circle of the spiritual elite.

The knowledge of the inner mysteries of life, held within the core of each religion, was withheld from the masses because of the danger of sorcery if the principles were applied without integrity. Any power that can transform a man's soul can also destroy his body if directed with malefic intent. It was safer to allow the alchemical mysteries, which were the core of each religion, to be watered down in a harmless fashion, in a way that could possibly change man's behavior through fear or promise of heaven. It was assumed by the spiritual forefathers that a man who lived decently might learn to think decently. If a man thought in a decent manner, then, later he might be able to control the spiritual forces with integrity and not run amok with unbridled passion.

For this reason, most religions focused upon behavioral instructions, rather than the reasons that certain behaviors could block the path to spiritual power. People have, by and large, decided that the behavioral instructions are no longer valid and so have developed many blocks to the higher teachings.

It is now time to reveal the inner teachings, in hope that humans can understand the reasons for behavioral sanctions and thought control.

The Laws are immutable. Man cannot break these Laws, but can break himself against these Laws. This is happening today on a massive scale. A man can tell himself all day long that fire is not hot, and yet burn himself, should he put his hand in a flame. Just as there are lower laws of the visible component of fire, there are higher Laws of the unseen components of fire. Many a man has thrust his own unseen components into fire and burned away part of himself.

It is possible to heal oneself through the application of higher Laws. If humans can bring healing order to their own lives, then they can begin to bring order to their families and to their own culture. If they do that, they can start to bring order to the world.

Healing the world must start with healing the self. This book holds the ancient mysteries through which personal transformation is made possible, if the applicant is sincere and willing to change. The dilettante will benefit little, except through some intellectual titillation. This book was written not for dinner table discussion, but at great price, and with great courage, by a traveler within such mysteries, in hope of helping humanity out of chaos. Since it merely recites the principles of the mysteries, it shall be considered anonymously and gnostically written, for man cannot hope or presume to create the Laws and Virtues. This is not a "channeled" book, but a book reflecting the experience of the traveler through many realms as real as the one before your face.

If you also dare to be a traveler into unseen realms, this book will guide you safely.

1995 FEBRUARY LECTURES BY ANONYMOUS

The following class lectures are transcribed either verbatim from audio tapes or from class notes unrevised by Anonymous. These lectures and written lessons were given by *Anonymous* to audiences familiar with the general background of Spiritual Science. The emphasis was in the dissemination of knowledge that was normally hidden from the general public, but has had a haunting recurrence throughout the millennia.

NOTE:

- 1) All LESSONS, LECTURES and CHARTS were given in class, created by Anonymous. Class Notes were taken by an auditor and not corrected by Anonymous and for these, it is suggested the reader also refer to the original, unabridged audio tapes.
- 2) The best introduction to the dowsing system may be found in the Advanced Esoteric Spiritual Dowsing Books, I, II, III.
- 3) **Please keep in mind** that this library is missing many of the original audio tapes (of which there were at least 50+ per month during a three year period) as well as some of the dowsing charts, Class Notes and Lessons. These books are compiled from the resources currently available to this library.

“Lessons” and “Letters” were composed by Anonymous

“Class Notes” were typed during the lectures and were unrevised by Anonymous.

NOTE: Book chapters for Advanced Esoteric Dowsing Charts IV were written during this time from October 1994 through 1995. “AED IV” was completed with charts in 1995, but it was not published and is not currently in the possession of this library. The book’s contents and charts, however, are (mostly) intact and are presented here as they were originally written.

CLASS NOTES: FEBRUARY 1, 1995

A battle is currently going on. The prayers are especially important.

Please scan the (current and past) lessons for the ITALICIZED PRAYERS and focus on them first.

(Editor's Note: Please also refer to the Prayer List in the Appendix)

Due to a genetic connection to a child who was drawing-in disorder, T2 **Prayed**.. “(---) want all evil that would interfere with the group (be removed). I submit completely to Your wisdom whatever that means, and that there be no evil in the group because of my weakness, my love for him (---), and whatever that is, I submit to Your will.” If we are not totally pure we will have no power of changing the earth from a state of putrid decay. We have to be totally purified.

Pray earnestly “That we be clear and protected enough to do our spiritual duties, and if I am truly supposed to participate in the work, then I pray for protection and for all the people active in this group toward the salvation of the Earth.” So far T2 has seen over and over again with all clarity, that the people in our group, all who were prayed for, will be completely purified: purified or destroyed.

She is trying to find where our party went wrong individually so that people can learn. It was found that former people in the party sold their souls without realizing it because of ex-student links to this nagual party; they were able to try to sell other people's souls while they were here.

T2 found an evil being with several people called an **EVIL GUARDIAN SPIRIT**. For instance, almost all that had them had an assumption underneath, which was the risk factor of why the evil guardian was there. What was interesting, was the assumption had to be made with a soul, or fed by a person with a soul, because you can't sell your soul to the devil unless you have one...or someone else's. If a person is so obsessed about a family member who is soulless, that family member can issue a weird prayer to demons using the person's soul matter to demons. By praying wrongly one could summon evil guardians for them that empowers them against one's self.

It is an evil bargain, and it is always fed by a monadic drip or someone's soul, and it produces the evil guardian which is a major demon summoned by ignorant sorcery. The person that summons the evil guardian may actually think they are summoning an angel. (They summon evil) because they are praying wrongly but on a level far worse than ever seen before and far more subtle.

Examples follow:

➤ **One person would pray** "Dear Lord if you deliver (two people) from the evil T1 then I will serve you forever." What she did was base the prayer on the assumption that T1 was evil, and she didn't say “*Deliver them from evil*”, but “*Deliver them from an evil person*.” All bargains don't necessarily call in an evil guardian (say if a mother prays wrongly for a sick child) but any soul-fed person with an evil assumption underneath it always produces an evil guardian that drinks souls.

➤ **Another person's prayer was** "Dear Lord when T2 dies in the next two years, if it is your wish, I will humbly serve as the next nagual woman. To the best of my ability, I will serve you." In the first place, T2 is not a body, and that prayer is assuming the spiritual complex of beings in the party would die, and the student would serve as a Black Nagual since T2 is not a person but merely a spokesman for the hierarchy. Also this prayer was said: "When T1's *body* dies, in the next two years, I humbly accept my role as the nagual woman, and I will do my best to serve." that was a prayer to evil lords and gods as she assumed the death would be on the physical *and* spiritual and by assuming it, she tried to bring it about.

➤ **Another person** had a similar schedule (for events): "Dear Lord if you let me reveal to T3 that T2 is evil then I will do my best to serve you and T3" (Serve him on toast probably; Adam and Eve on a raft....).

➤ **Another prayer**: "Dear lord if you let T3 know that I am right about this book then I will serve you and make the book to your specifications." This person wants to change the book Virtues, Laws and Powers in every way possible, and render it worthless. In other words, who is her lord but the evil guardian that she summoned from hell?

This is (shown so as) to never base a prayer upon an assumption. What you want to do is **Pray**:

"It looks to me God, as though this (something) is happening, and if it is within Law and aligned with God's Holy Plan then I would have you deliver me from this predicament, but none the less not my will but Thine, oh Lord".

Like Jesus in Gethsemane: "Let this cup pass from my lips if it be possible, but none the less, Not my will but Thine, oh Lord" That is a model prayer, a model of a high prayer.

You can call evil down from tethered hells above, or up from the hells below. The ones below are called through direct defiance to holiness and a prayer for power above purity. They don't say "I don't want purity" as there is a bargaining that goes on. But they say "I don't care how it is done. If the powers of the universe give me the power to destroy this bitch (T1) then I will do my best to serve god forevermore" In other words this person does have an assumption that T1 (needs to) be destroyed, but she doesn't care if T1 was evil or not even though she could phrase it "evil bitch" (sic). This is serving a (small-g-) god.

➤ People can pray with saying "Lord" or "God", but if they have an assumption or if they are bargaining for power rather than purity, then they are bound to contact evil lords and a small-g- gods that have fallen.

➤ **Another one** wanted knowledge and power over purity "Give me the power and I will destroy this evil."

He was wanting to be an Eye-Spy. He is assuming what is evil and asking for power.

Remember when one disciple said to Jesus: "Thou art good". Jesus said "No one can say I am good or just, however, if I were to pass a judgment it would be just, as I and my Father are one". (Paraphrase....Auditor). There are times when T2 has had to appear to pass a judgment, but she knows when God has passed a judgment through her, because it is fierce and pure and unrelenting and full of strong love for the person that the judgment is passed against. It always has behind it the desire for their salvation in the spiritual world/sense. It is never (done) to wish for anyone's physical destruction. Rather it is to accept physical destruction if it is God's plan, but never to wish for it.

You can always Pray "*Dear Lord deliver me from all evil within me and without and all evil that would destroy the souls of man or prevent holy teaching from reaching those people who would benefit*". And you don't say "This holy teaching", but add and say "*If this teaching is holy then prevent it from being destroyed. I humbly pray this if it can be done within Law, and for protection for those that fight for it within Law*".

T2 has not been able to write a book on prayer because it has not been previously understood about the evil guardians; as we have to know **octaves of prayer**. This is a very important, because a lot of suffering that we have is due to the summoning of evil guardians which are mega demons.

There is another term for these demons, (because) they are very tall. **QLIPPOTHS (sp?)**: that is what Hannah Kroeger called them, and she saw them physically out in the woods somewhere with an exorcism machine she was working on. A Qlippoth pulled the door open and stood there with the wind howling and destroyed everything in the room, and Hannah had no crucifix, so she held her fingers up like a cross and ordered it out of the room before it could destroy her. To all people seeing the event, they would have said a tornado entered the house and sucked everything out of it, except a 4' 8" little woman. But Hannah knew it was a Qlippoth as she could see it. Someone had prayed to "Destroy the evil work of Hannah" so that was like praying to a Qlippoth. The person who prays then gets a personal Qlippoth and they are very dangerous. Churches and preachers have implied that "All prayers are good as long as you say 'Lord' or 'God'", and they never question which lord or god you are praying to .

A response to a quote from the book Cloud of Unknowing: (It is) to think about the saints, the angels and Mother Mary (and pray to them) to strengthen our purpose; which is to assume that we must strengthen our purpose. If our purpose is God's, then it is all strength and it is merely to recognize and **Pray** "*May our purpose be aligned with God and we ask that any impediments to God's purpose (---) to us be removed.*" That is a proper prayer instead of (us trying to) reinforce our purpose which may be defective.

Example: It is like the old "What is good or bad?" **Sufi Story**. For example one student is sick and (we ask) is her sickness good or bad? If the sickness drew evil out of her in some physical form like a pustule which comes to a head so as to be drained in some way in a focus point (sic) then perhaps it is good. On the other hand that the evil was (entering) in there could have been bad. We don't know. It could be good too, because just as T1 drained pus out of her elbow after every conference and milked it into the toilet, the evil that was in her was there for a good purpose; to come to her from those that it was removed from, and that it was released...that was good.

Another example of an ex-student prayer: "If you bring me a (certain) mate back home, I will donate 10% of my after-tax income to the Foundation." That doesn't mean anything. A demon could bring the person home and then affect us by his intentions.

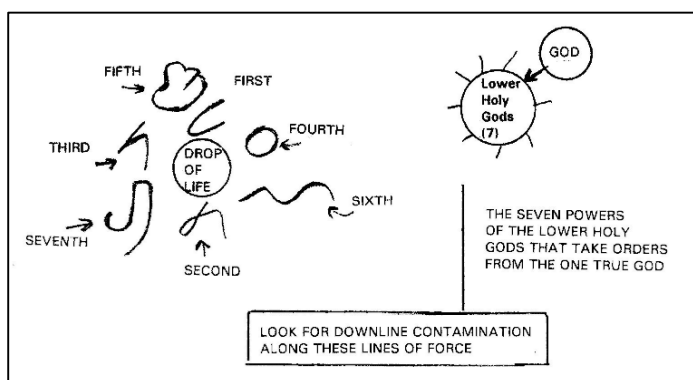

➤ Now we are battling the Qlippoths and most are gone. Yesterday was the Qlippoth battle, but today is another battle, because we cannot go forward in this writing until we have removed all evil from the people writing, editing, distributing and representing the work. Because if this is to be holy work, it must be holy from the start to the finish.

➤ Today we have a battle with a **Black Nagual** that is not in our party. This person became a black nagual within the last nine weeks. This black nagual was released from Hades by one of these prayers. Normally if a nagual became an evil sorcerer, they would be locked-up, eventually. When their power is backed-down by the holy forces, they get locked up in Hades. And this one was released due to an Evil Guardian prayer. This is not a Qlippoth, it is worse, and it has to be destroyed.

Example: The will of iron, (is present) in one person (who has) tremendous will with fervent, evil prayers. Such as: "Dear lord, let T3 know that I know better about the book and I will serve you forever." How better a way to come in and destroy this work if by sorcery they convince T3 that he needs her advice on the book, or on the editing? The whole work would be destroyed. With this person she has a will of iron in a very weak personality that she can then control (others) through her force of will, and her will is her only strong point.

This is not (Black) male nagual, and this is the same level as (our) current naguals, and it is not a higher one as was the previous example (from last year). Somehow we have to thwart this person's evil ability to summon guardians. T3 and T2 have been battling for weeks to remove the curses from the evil prayers. T2 has **prayed** earnestly that "*The Lord deliver us from our attackers if it be within Law*". T2 is spending all her time in defense and she can't go forward in the writing, and she is sorrowed because she wants to do her job on earth and not just defend herself for the rest of her life. **Pray** "*To the high level beings that they come down and fill us with purity of purpose as a group and drive all evil out of every person in the group and including the evil energies filling us last night from this nagual. God's will be done*".

Charts: 7 Lower Holy Gods & Purification Symbols (3 pages)

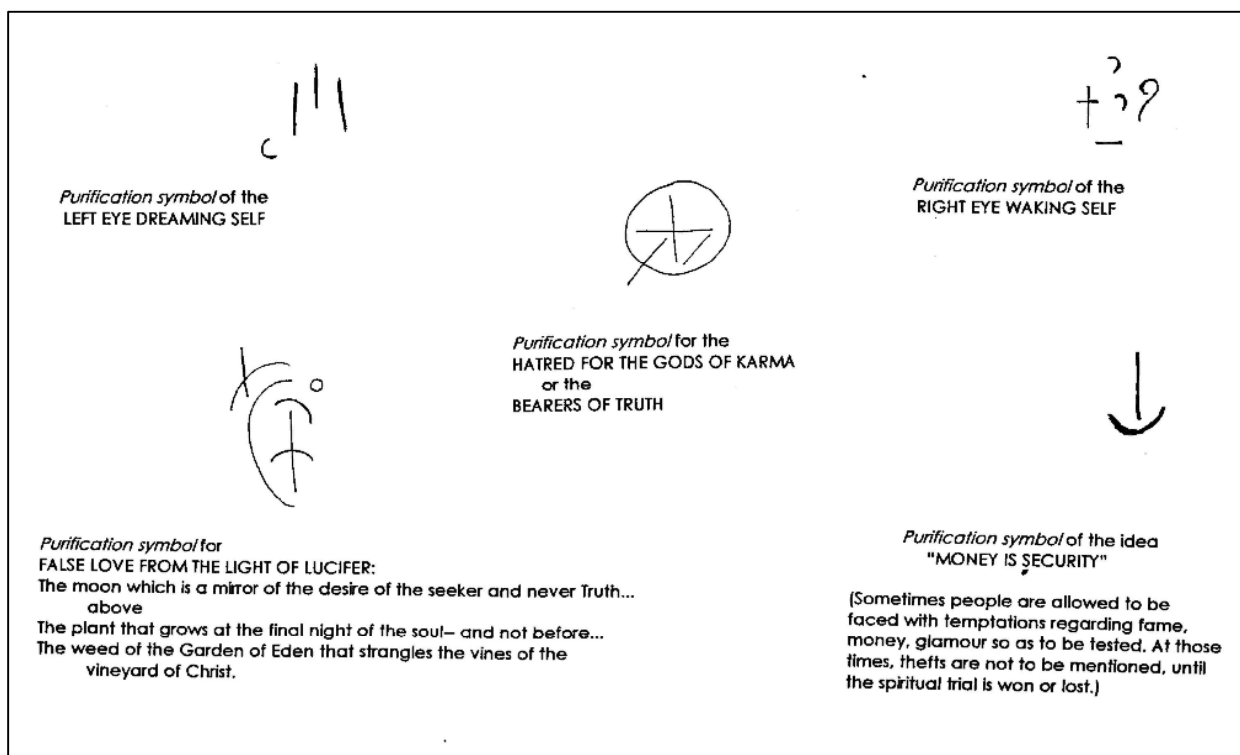

Our cloudiness today is due to this very energy.

To get rid of this level of energy we have to pray as high as the: **7 LOWER HOLY GODS** that are under the one true God.

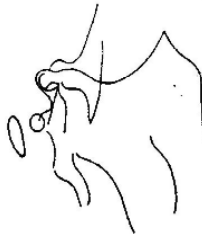

To clear the room enough to call down the higher powers, throw everything (disorder) into a candle and *will* your auric boundaries to pull in tight. Milk your eyes into candle or ocean, pull (contamination) out of the eyes. To summon Holy power requires a certain level of holiness to summon that evil power doesn't.

How was this person fed to summon this dark force? Through old monadic drips, and not recent ones, from people we don't know. She would get on the horn and make phone calls when she was low on soul fluid, and she would tap a person on the phone and then suck down Evil Guardians. **Pray** "*That she be bound up from summoning any evil from hells, hades or whatever it takes, and that she cannot go through the dogs or her mate's energies; that they be bound up*". After getting rid of the Evil Guardians yesterday the holy beings helped us to wall off the perpetrators from summoning that particular type of being, but T2 knew there was something left on this person.

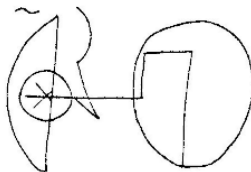

PURIFICATION SYMBOLS

THE REASONS THE SYMBOLS PURIFY IS THAT THEY PRODUCE AN AGITATION OF THE DARK ANTIHIERARCHIES TO THEMSELVES. Note on all the symbols: These are not "evil symbols" in the sense that they have the unwinding force of exorcism within them. Therefore, do not think of them as dangerous to peer at—they are purifying symbols.

Location/Orientation and Purity of prayer pacts and guidance to or from you

Where is my prayer aimed, or my guidance coming from? (Including dowsed answers) and is it Holy? How much do I love God/Truth?

We need to be more explicit on the differences between Hells, Hades, Limbo and Purgatory ...and the Veil Between Good and Evil.

THE VEIL BETWEEN GOOD AND EVIL is the most important thing to consider in that this was of the tree that Eve ate the fruit and if an action that one does - which includes **intentions, thoughts and prayers** tears a hole in the Veil then the worst poison of all comes through that is possible. Think of your spine as Jacob's Ladder into heaven, and the different spiritual trials as the vertebrae you must climb over to reach your pineal gland which is the doorway to heaven.

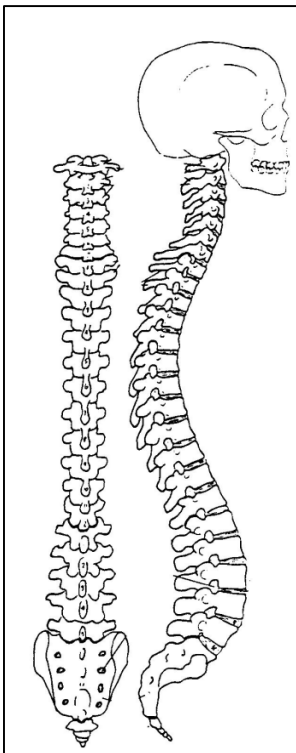

Now imagine that you could have a spine extending from your tailbone but not downward, but alongside your normal spine but in a dimensional framework that was like a vacuum into black holes on every vertebra. You shouldn't have this black hole vertebrae problem at (even at) one spinal location or on your head but many people do.

➤ Some people have a complete **EVIL SPINE** alongside their regular spine, or encasing it, to be more accurate.

This means that the door to their power is a type of Jacob's Ladder of sorcery that is through the Veil Between Good and Evil.

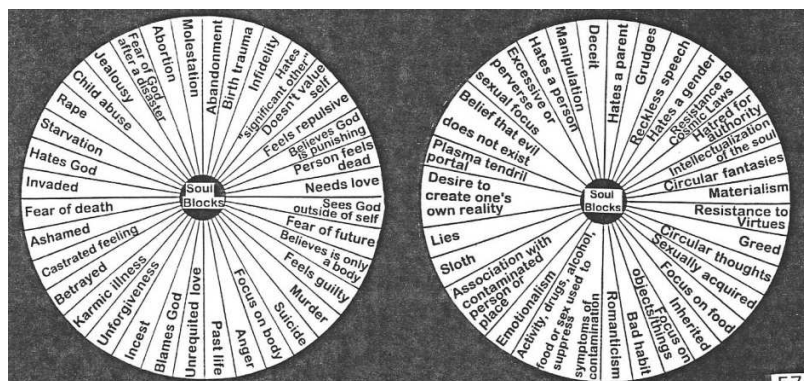

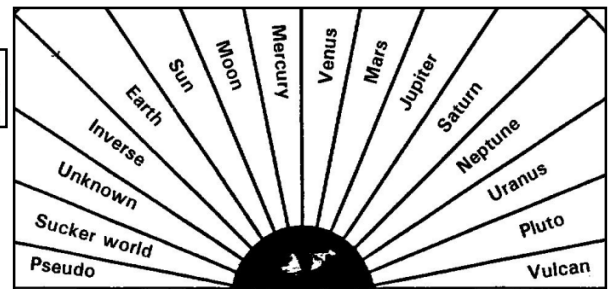

The only way to describe the world that is beyond the Veil is that it is adjacent to our world it is not below the Earth or above the Earth, it is co-existing in a different time-space dimensional framework that is intended to be a polarity pull to allow manifestation to occur but there is a barrier that is supposed to, within Law, remain intact. If a person wants power over purity, then a person may use their lower willfulness with an intense wrong prayer and rupture their spiritual vertebrae and open the doors to the worlds of chaos.

THE WORLDS OF CHAOS are not hells hades or purgatory they are worse. Think of your body as a small earth sphere and the equator as being near your navel. There is a location on the equator of the earth and associated with your navel that can be forced open so as to tear the Veil Between Good and Evil to reach the worlds of chaos. Depending upon on the amount of will and force put into the intentions of attaining power at any cost, the veil can be torn at the navel and an evil force can climb one's spine to the level of depravity that it finds and become an evil Jacob's ladder of evil spiritual power, position (itself) and anchor onto a human body.

By examining the **SPINAL ILLUSTRATIONS** (See also Combination Chart in Appendix) you may be able to locate either **Primary Chaos Links** or **Secondary Contamination** to differentiate from hells and hades.

Primary Chaos Links or

Secondary Contamination is by someone with CHAOS lines:

(Explained next page)

THE VEIL IS CALLED THE WORLDS OF CHAOS. If the Chaos contamination climbs upward to the pineal by the person's reinforcement of Chaos, then it can travel anywhere in the body and settle in organ systems. It is also possible to have **Secondary Chaos Contamination** on an innocent person's organ systems; someone who had an auric weakness but was not to the level of the person who invited the chaos. All **Primary Chaos Contaminations** are invited by the person or his parents if he is born with it.

THE DOOR TO CHAOS is usually at the navel but in some cases it is found at the heart and it must be shut because once a person tastes the power of chaos they are unlikely to ever change their intentions. They are likely to always be evil unless the door is shut and sealed and they then must decide between holy power or no power. And the road to holy power is a long, difficult journey after one has taken the easy way out by drinking of Chaos. It can be done. It is difficult for people who were born with Chaos Doorways in their body or who develop them in childhood due to close association with Chaos lovers.

With God all things are possible. Once the doors are closed, a person contaminated since birth must choose of his own free will to submit himself completely to the Divine Plan or he will fall into the habits of Chaos even after the doors are closed. He will no longer be able to pull in evil beings to do his dirty work from the worlds of Chaos. He can though, still summon monsters from hells Hades and Purgatory unless those doors are closed and he can choose to just be an evil body that brings havoc to the innocent as an evil incarnate. If his only power is that he can shoot a gun, then he may use that power if all others fail him, because man is a creature of habit and if Chaos is a habit then they are unlikely to change unless they *decide* to, by their choosing to recognize holy power and submit their will to it.

T2 has talked of things **Under the Mirror** but she now sees that the Veil must not be considered under the mirror but *adjacent* to us at all times. Under the Mirror are the **Inverse Worlds** including underground hells and hades. They are inverse because anyone who embraces their values, sees good as evil, and evil as good, murder as life, and life of the holy as death.

Under the mirror is also a **LIMBO Doorway to Outer Space** that has an equator link similar to the Chaos Equator Link. The Limbo Doorway to Outer Space has a portal to purgatory which could be considered above the Earth. There are many purgatory rooms for different types of purgatory. Above the Earth are tethered hells that have links to the same number of underground hells, and above the Earth are also heavens. A man who climbs the holy Jacob's Ladder must overcome the temptations of purgatory and the tethered hells before he can reach heaven. These are the **INITIATIONS**. Right now the Holy powers are shutting the Chaos door in the room.

Pray *"That all Chaos Doors be shut forever and that all evil that has come over be destroyed, and that the initial door at the navel, at the heart and anywhere else be shut forever more. We must submit ourselves to purity as power rather than power purely used for evil as power."* Example: You can have 100% pure arsenic and it will still poison you. The purity that we desire is that which is more than what we are, on the right side of the veil, aligned with the God of our Fathers and the God of Jesus, Mary and the Saints.

One person with a torn veil can destroy every bit of this holy work by some subtle sabotage that even they won't recognize. They will think they are doing good. It feels the doors in the room have to be shut and the initial opening has to be shut as well and sealed. We give thanks for that healing.

When considering spiritual contamination or evil, it is important to think of where the person's will is aligned with; lower will. In reviewing the drawing which will be put with the lesson you could

ASK: *"Where and what % of your will is currently being controlled by Heavens? OR Earth Consensus?"*

In considering the diagram (See page 11) consider the others in the group to help them overcome contamination, but each person needs to be 100%. You have to measure it on an upscale, 0% on the Earth and 100% up.

Example: Si has contamination that causes her will to be tethered in hells. Let us **Pray** for her and ask:

"That any contamination from the tethered hells, that if it is within Law that we be intercessors for her at this time."

Then T2 finds a link to chaos, that Si received during a past relationship. It is at the level of the upper lumbar spine, so we are going to; **Pray** *"That she be delivered from her lumbar-down and also her navel doorway be shut forever from all chaos connections if it is within Law."* Good. Whenever people get together in holy purpose, these things can close readily and the person did not resist. Had she had resisted, it would have been.....(---).

Example: A child has a Chaos link from a former friend. T2 gets a flopping energy at the Doorway in Space.

Pray within Law *"That the Divine forces assist us if it is within God's plan to serve as intercessors for (this child) to release all Chaos, Hells, Limbo, Purgatory, Hades links, etc."*

Example: A is right at the Mirror. With Chaos doors, sometimes you can't read it if the primary door is somewhere else, and T2 can't read it. It is with a (primary) Chaos door.

Pray the same for him. He now has an Underground Tethered Hell Link. ...Now he is 100% aligned with the heavens.

Example: B is in Outer Space somewhere: So T2 suspects that he might have hidden chaos doors.

Pray "That he be delivered from any hell or hades doors with purgatory links."

Now, the Chaos door is found on the Mirror. **The Mirror** has an analogy to your navel, that is why the Chaos doors are often on the Mirror....Now he has some 'Limbo-rock' problems....Now he is 100%

Example: C has bad Chaos (links/contamination). It is all the way up to the back of her reptilian brain, and it is very bad. Every now and then T2 would see it peek out, so she is happy to have found it.

Example Sn: Lord, Lord, she is so far out in Outer Space it is going to take a Starfleet to find her.

All right Captain Kirk; BJ has to be the Vulcan for this space travel For is Scotty. B can be Doc.

There is a **Mega Chaos Door** from her relatives and this is a big one. She has a navel the size of Dallas, and remember that a former student's (spiritual) name was Dallas...At least she's at the tethered hells finally....Ok. Now that she is finally at long last back in heaven, let's go to:

Example B.J. Uh oh, he is in a similar situation. Better beam him up, Scotty.

Now he is in heaven 100% but T2 is suspicious that there is something else in his body, so here what is to do, we;

Ask: "How many spines does BJ have? (Chaos Spines). A Chaos spine will dowse as another spine, or ask:

"How many Chaos vertebrae?" We have to do the same thing with the person that has a **Living Possession** of him.

At each vertebra you have to seal all the doors.

That is an important point, to count all the Chaos Spines on the Left, Right & Communicative Substances.

With the tears on the veil, a lot can be found on the COMMUNICATIVE SUBSTANCE.

You have to check for 100% while viewing on the L/R/COMMUNICATIVE.

Example: Now look at an ex-student on the Left Side (Awareness) who has an overlay on one of us.

Ask: "What percentage of this ex was in Chaos?" A lot.

It went up her spine to the pineal and then went hunting down south where the hunting was good.

New Category: NOWHERE

The reason is that some people are not fit at this point to be anywhere, but to be put into a spiritual state of frozen to keep from doing harm.

Pray: "That all will be in Heaven or Nowhere, because otherwise they will do us harm."

Check: L/R/Communicative

Example: In this example where a person is eaten up with it:

We want to dowse "0" spines so that they will not be able to reach the World of Chaos.

We, and no one else should be able to see their spines.

Example: Now this ex has an overlay of another ex.

On the Left is a **Limbo Doorway**, and On the Right is **Total Chaos**.

Do: (Look at the) Communicative Substances, the To Do's, and then miscellaneous demons to destroy.

To see if a person has body demons and residuals

Ask: "Where are their genitals?" (On Veil Chart)

THE GENITALS are the doorway to perceive the physical doorways to spiritual worlds apart from the spine.

This question is a way to look at the regeneration of evil to good within a Tissue framework vs. the Spinal framework.

Example: Another ex: This one has overlays of others, with total chaos.

She had prayed: "Dear lord, when my mate dies I will use all my energies for you."

She is dangerous and thinks we are evil as the day is long because we didn't let her come back to stay at the monastery.

If everyone doesn't do what she says, then they are evil.

Dowse % of truth with this thought: "T3 is being led astray by T2, we must try to save him".

The whole group is attached to the above two (examples).

We will have to do the clearing for all, as they are all one being.

In the Bible it compares one person with the foot, one with the right hand, etc. (of God).

You could also map the whole (evil synergy) group on a body.

Three people don't think they are in anyway associated with those that seek T2's death, but they are.

(For example) with one ex whining about us "stealing her dog" (this one) and two others are in with the (main) group.

Any time you feel sorry for an evil doer, they will pull you in and suck you down.

When clearing one person you **dowse** "*Who is behind that one?*" and it is a complete circle and you won't know the start to the finish (sic).

Example: By not recognizing evil, one person opened herself up.

And by not recognizing an ex as evil, she *became* the person.

If you become *like* someone, you risk *becoming* them.

"Becoming like" someone is essentially being them. That is what you need to remember.

This has been going on for a long time. We are starting to remove the curses.

This mega battle has been going on for two months. We have to keep praying, and the Divine Forces are helping.

But Pray: "*That all evil be destroyed that is impacting us in any way and destroy evil in anyone that is interfering with your Holy Work in anyway*" (Not OUR holy work, but Yours [God's]). T2 has said it about 1,000 times this last week.

Keep *willing* and praying at this point, the Holy Forces are coming down, but it is important to have one's will and intentions (-aligned?-). It is your spiritual help that is needed and that can be anything.

Pray: "*Anything that would draw evil to us we asked it be blocked in doing so in whatever way that God sees fit; the evil within us and without us.*"

EVIL PRAYER SEED: For those that have wrongly prayed, this will be found in body parts.

These are doorways to Evil chaos and one ex. shed on all of us.

Do: You can pull things (evil) *from* Limbo to Hades to Worlds of Chaos.

The Qlippoth can be found in these three and they are linked to evil prayer seeds.

Evil is being summoned right now by someone.

CHAOS DOOR TO NOSE: These were shut, but one was opened due to the Black Nagual.

Pray: "*That any combined substance from us and the doorways be destroyed in this ex. That any bodies that are completely evil doorways be completely destroyed if their very presence opens the doors to chaos, and whosever body it is, even if it is our own.*" **Do:** Pull these substances out of people, and

Pray: "*That any aspect of ourselves be dissected from this ex and destroyed because it is evil because of (--).*" And any that has found its way into us because of a combined substance; destroy it."

Example: T2 found an evil prayer for a family member. Be sure you don't have an evil prayer out to others.

We need to ask for forgiveness.

➤ **Mentally, telepathically, tell the others to ask for forgiveness.** Everyone had fewer than 10 false prayers.

➤ If we are completely clear of false prayers we can intercede for others' false prayers.

➤ **Prayer seeds for someone's survival** empowers them to do something evil when it lands in them, just as an ex's prayer seeds regarding T2's death landed in T2, promoting her death.

The Holy Beings are saying that you must not resist. That all evil in one's self be destroyed, or it will be your downfall, and if it is not destroyed then it will bring down the whole work and the Earth. Because if we who know so much; need to

Pray. "*We pray with all the fiber of our being, to (not) bring it down, anything (necessary) we ask for destruction now, even if it is our own bodies, or any part of us, or anyone who would destroy God's will on the earth, whatever that means.*"

Many people who were members of this party need all the layers of their Grace blessing removed which empowers them to do evil by protecting them from harm.(and) that (which) they would seek to bestow on others (sic).

ADD TO TO DO: **Pray to:** "*Remove ability to summon Evil.*"

You don't want to pray for this for yourself, because a person may not be able to summon great holiness if not able to summon evil. This *To Do* may be used to neutralize someone for good or evil. So we put it there to recognize it, and you don't do it, but

Pray: "*If it is God's will to remove this person's ability to summon evil; (so be it).*"

There are different levels of prayer too, and the Prayer Seeds for each Octave have to be removed.

Check: The number of octaves of Evil Prayer Seed Doorways

Ask: "*How many layers of a person's body has become evil incarnate?*" **Pray** "*That the evil octaves be destroyed in us.*"

Do: Remove Fallen Being Shield(s) In this case we can't see our own disorder. **Pray.**

Example: This one (evil incarnate) exists on 9 layers of being and each octave connects independently like being another nagual. This is a **Black Nagual** that has just walked into the room and it needs to be destroyed. However, it has to be *seen* before it can be destroyed.

Do: Check the number of octaves that you are being controlled on and on any parts of body and

Pray: *"That the other person's control is removed."*

Extra Brains: people are being controlled in body parts and **Ask:** They be destroyed.

Evil Extra Brains: were given by the ex's Black Nagual fallen beings to our group and were shed like falling seeds.

Joke: When the Good Lord asked if "They wanted brains?" they thought He said "Hanes".

And when the devil said "Take off your Hanes" they thought he said "Do you want more brains?"

Now they have Hanes for brains and their brains are stuck in their Hanes.

.....Or, "She has her brains in her Hanes".

Ask "How many Brains do I have in my Hanes?"

"How many **Dick-Brains** in your Hanes?"

Also ask for St/To/Ja "Brains in Hanes"

BJ had two Dick Brains in Hanes...Forr has nine...Si has four "St" Hanes brains.

Watcher Brains in Hanes, as they all migrate to the crotch eventually.

Clippoth Brains in Hanes (Eyes, or anywhere)

When someone is totally evil incarnate, Ask: *"How many people are being controlled by that person?"*

Pray: *"For forgiveness forever for being controlled by another person."*

Pray to be forgiven for not taking responsibility for yourself."

➤If you wanted to be owned, or to own someone... often you may think you hate a person who wants to own you and yet you may be actually drawn to that hate (so as) to give yourself over to that person to own you.

➤You can summon evil people to you if pray wrongly. For example a sister could pray to find you and in doing so she summoned evil people to her aid who were controlling her on 6 octaves. The Holy beings sealed her from all abilities to summon evil, thereby reducing the likelihood that she would be controlled by another person.

➤ One ex has shed his evil on 67 different people that he has rallied. Reel this into him, so that at his heart all the evil little brains are reeled in. Underneath that is the Yin face. There is another yin who is alongside his every evil synergy move with several primary evil ones. Another ex is both primary and controlled.

A person easily controlled by evil is evil because we are not just victims and passive and open to evil, we have to give up our self-respect as a child of God to be a vacuum for evil to enter.

You can check your own primary evil along every body part and the eyes.

Do: Go through each body location and check for primary evil percentage.

➤The holy beings ask you on your level of intercession (for) your choice, and if you can't know what it is they are asking, you can say: *"I will concur with what the Higher courts.(decide).."*

➤Sometimes the holy beings want to ask us permission about something because it is within the lower courts. And is the same for us, you may need to give permission (for them) to release some evil in you, or forgiveness for some evil prayer that was made before you can be healed.

You might pray to be healed but first clear the self by recognizing your error:

Even if the error is not consciously known, if you;

If you dowse: **"Tell" from ... (name of someone)** then

Check for *Forgiveness/Permission or Release of lower will in obedience to Divine Judgment.*

If you get **"Tell" from you)"** Then check if you need to;

Defer to the Judges or ask forgiveness.

You do not need to know consciously what it is, just ask permission or defer to the Judges.

(T2 is) dowsing that each of us in the room needs to Pray:

"For forgiveness for any wrong prayers that we have made, with every fiber of our being, that any wrong prayer made with ignorance or lower willfulness be removed, in the Blessed name of Jesus, in all octaves so that according to the Law of free will we can receive Divine Healing, otherwise, we will be demolished by our own (lower) will."

Pray: *"That all the things you prayed or wished for... that you now defer to the higher Judges and give permission to the higher Holy Judges to remove all your previous mistakes and you beg mercy from them and promise to pray rightly in the future to the best of my ability. Ask forgiveness for controlling others or through laziness, allowing others to control you.*

(To not be controlled) does not mean you will not have leaders. It means that you will maintain your free will for yourself and for others. At this time the holy beings see fit that you can

Pray: *"That all evil seeds of false prayer in you and in anyone for whom you have the right to serve as an intercessor, that within Law, they be drawn into the body of T2 for destruction by the Higher Forces herein connected. You may pray that all evil prayer seeds from others that violated your free will or other people's free will connected to this party be also sucked into T2 for destruction and on all octaves."*

➤ There was a Prayer Seed from an ex to a fallen being that was directed towards a child which poured karma onto his (the child's) form. **Do:** Look at the body parts and check to see that there are no prayer seeds anywhere on 10 octaves. Keep checking and will (---) in others. One family has to be checked as though you were looking inside out and T2 doesn't know why.

Put on chart: *"Look inside-out"* It is from the worlds of Chaos; but at a specific location.

To find any (Yin) Anti-Christ Links you will have to look as though you are peering *OUT* of St's crotch.

To look from the **Yang Anti-Christ** perspective, you would have to look *IN* the crotch.

T2 thought she had seen everything-- this is where you will get the *Dick* problems. Look on everybody at this location through those perspectives to be sure you get rid of them. Realize that many people have Anti-Christ contamination. It is just that theirs are what we can focus on to track our particular contamination.

Ask: *"Where do I have (dowsing) a person's name: Evil Incarnate Links?"*

This always (reflects) a person whose evil has reached up the **Black Jacob's Ladder** to the Pineal, i.e. Mca, La, --, Se. (Bill Clinton and others, but she doubts you will have that contamination).

You can get an **Unknown Person's Evil Incarnate Links** through someone that you know that is not evil incarnate.

I.e. you could have a Cel evil incarnate *connection* but Cel would not be evil incarnate.

Pray: *"That any evil incarnate links within us be destroyed."* Many of them may dowse as the picture or the name of T1 because of the many Grace blessings and alternative consciousnesses that have been perverted by early students.

If you ever feel you are getting a weird answer ALWAYS DEFER TO THE HIGHER HOLY JUDGES.

One way to keep from making a mistake when it seems to be a free will decision is to;

Pray: *"If it is within God's holy plan, I would like this to happen within Law, but if I am confused in any way, I defer completely to the Holy Judges that our Lord Jesus deferred to".*

➤ Many of the evil incarnates have to be found in an ex-student's crotch. Remember that evil incarnate usually has many layers and octaves.

➤ It is good to try to figure out the right decision so that you learn to think in a holy fashion, but if you always say that *"I defer completely to the Holy Judges that Jesus did"* you will be covered like a legal clause, or else led astray by some misunderstanding that you have.

Pray: *"That we not be controlled by our old self, but that only the new Christ Blessing Endowed Being control us."*

Our old self may be evil incarnate, in fact it probably is.

Pray to: *"Destroy all evil within and without that would impede God's plan."* And that is all we really need.

Pray unceasingly: *"That God's will be done, and that any former prayers that are wrong be demolished within the Grace of God and that we receive forgiveness for wrong prayers, and for any prayers that have gone to evil gods or fallen beings, that those prayers be forgiven by our most heavenly God that answered to the prayers of Lord Jesus and Mary. That those evil prayers be demolished and every seed of a prayer that we haven't prayed, that they be aligned with Jesus and Mary and (if not, they) need to be destroyed."*

Many people in the lower world meant well, but in fact they prayed to evil beings. One ex-student would say "Please show T3 what he is doing wrong in Virtues, Laws and Powers and I will do my best to serve you," With a mega-lower will, she invited beings from across the veil to force her will into beingness which would have destroyed this work

Pray from every fiber of your being *"That all evil connected to this work or to self be destroyed and that individual wills be aligned completely with the God that Jesus and Mary knew."* And if we do that, then nothing can stop us. But what has happened is that some people have prayed for miracles to other gods or lords dependent upon their assumption. For example, we have the forces against us now very mightily.

Example: One false assumption primarily had to do with old self assumptions. If one can be primarily in the *now* with assumptions, then one is probably aligned with God. The key thing to **Pray** is: *"If my assumptions or prayer is not aligned with God, then I (defer) to the Holy Judges that Mary and Jesus prayed to"* that is a legal clause to get you out of spiritual jail. If you do that you will be ok.

When you think about "What is God?" you have to think in incremental terms.

➤ 'God is' to most people, *"Anybody who is nice to them."*

➤ Then (the concept) as it goes up is: *"This teacher is God."*

➤ And then (one wonders); *"Is this abstract God (to whom) I'm praying desperately, beyond this teacher?"*

➤ Then you say; *"I pray to the judges that our Lord Jesus prayed to in the Garden when He said 'I wish that this cup could be passed from my lips, but nevertheless not my will, but Thine.'"*

Jesus was not praying to God, per se, he was deferring to the Judges; it is like a parliamentary court system.

It is like a higher judge, like a Supreme Court judge. Just as we might say "I defer to the judgment of the County Clerk of Logan County." Or the County Court could say "I cannot reach a conclusion, I ask that the District Court and the Federal Courts and the Supreme Courts decide because they have greater wisdom, and that they make the decision for me. *"I submit my lower will to that decision completely."*

Two and a half months have been leading to this day of a final execution of a major exorcism of an evil that is trying to destroy the work done by our holy party within God's plan. Pray unceasingly and pull yourselves in. T3 and T2 have to pull themselves in from anyone they have been with in the past, pull in tight as a drum and **pray unceasingly** *"For the closure of all doors that tore the Veil between good and evil; especially those from our party, or former party."*

If we do that, there will be no stopping us. We will go (on) this planet in mighty strength and glory because we will be pure. But if there is one bit of evil, they will go through it as a door and poison the rest of us with a leaking arsenic type of horror. So this is the day of reckoning for our group. And if we are not pure, we cannot go on. We cannot deliver diluted goods from God. We must deliver Divine Goods from God. We cannot have evil messengers or tainted messengers carrying the Arc of the Covenant. The Arc of the Covenant is God's Word. God's Word is given downline from those that have prepared and have kept their lamps burning for God and those who are willing to light them again.

Now in prayer and supplication we ask *"That we all be purified within and without, Up and Down, North, South, East and West from anything that has ever happened to us, or by us. That any false prayers be demolished."* If we do that, there will be no stopping us because we are not asking for anything physical per se; we are asking that God's will be done. We are down line from God, and not from us (sic). *"And we submit whole heartedly with every fiber of our being to His Will."* It is the only hope for humanity if one group does that, and then humanity is saved. If one group does that halfway, then all is lost. Forever.

Pray: *"That evil be removed. That Jesus did not live in vain, that we carry His torch forward, that He not be a sacrificial lamb. We ask that we endure as He did and yet somehow live, to fulfill His legacy which is significant. We ask not to die in honor, but to live in honor. We ask to be able to draw all manner of evil within us to destroy it and yet to have a core of us that remains holy and that we never confuse the two."*

Pray: *"That all the evil of our party enter in this vehicle for destruction."* Pray unceasingly until it is over, if you do not, they will attack you. They will enter you instead of T2. Don't ever wish it were you or they will get you and destroy us all. It is T2's job. Her job is to draw it in and T3's job to destroy it. It is Gar's job to pray over any face (photos), that all evil, even your own to be destroyed. It could be someone hiding to fool you, and **ask** *"For all the beings hiding beneath and above."* If done impeccably, it will benefit the earth mightily. Beam all evil to T2's body, and all the evil behind those faces and from those not seen; so be it. If a photograph is not there, just 'see' it send it into T2's body and Cel will align with Gar and they will send the prayers out to the others. First we have to:

Pray *"That our own selves be purified on every octave and level of being completely."*

One cannot receive evil and (also) be an intercessor it is two different jobs, one high and one low. If we don't call them down, then no one will. It is safest for T2 to be the *reciprocal* and she uses that word appropriately. T2 did not say *recipient* as *reciprocal* implies the taking on of Karma. So she is the reciprocal of evil and we must be the intercessors to balance this evil. It is safer for T2 to be the reciprocal as she can come out of it more readily and she is formless. If we are impeccable, we can be the intercessor. If you are not impeccable then T2 would die in this cesspool. As low as she goes, (that is how high) we must climb and she assures us it is easier to fly to the heavens than dive into hells. She has asked us to go to the land of my Father to intercede on her behalf to rescue his daughter, his daughter that is dying. It is up to us.

If she is to be a vehicle to transmute evil, then we (cannot be) sympathetic to evil (sic). **Pray** and focus on those that need to be delivered, and not to T2's form, or otherwise you will be drawn astray by sympathy. Focus on them or you may be drawn

astray. Jesus died for our sins, and we must live to rectify the sins. It is the age of surviving with communication and the age of Air to rectify the sins of man through powerful prayers, words and books. But no one would survive who spoke in public for very long. One must speak in public very guardedly. Otherwise you will be destroyed.

Pray: *"To God for all those that suffer: in the Name of Jesus, Mary, Joseph and all the saints"* as there are people praying over the world earnestly, and there are people around the world....it is a service.

Pray: *"That all evil doors be shut to those people, and that all doors to Chaos, hells, hades and purgatory (be shut); that only the holiness of our Lord Jesus and Mary be able to enter in those locations and anything else be destroyed."* Focus most fervently with every fiber of your being that, and then you will be of great service. All evil power is measured in quatrains.

Don't seek (to offer) sympathy to T2, as she (right now) is the devil himself.

Pray: *"To be a holy entreator of God"*, as T2 is spent, and she has subjected herself and has paid the debt for many people, for all of us and many more. She has paid the debt and yet there is a lacking. She asks that we entreat the holy beings among ourselves to save humanity because she is almost spent as a vehicle. As this vehicle she is almost spent and she has given herself almost completely. If she is spent, then all is lost unless we take over. She is willing to face and absorb all evil until 8 am and then after that, all the doors will be shut. She is willing to be a vessel until the morning. Anything evil that would destroy this holy work, please send it to her with gladness, so that she doesn't have to beg. She submits herself.

She asks the Lord God: *"...bear this, God, in sorrow; bereft of you in companionship (sic). Along with all, we are bereft of human [vibile?] and be human vessels of divine love. We submit as vessels for that and yet we sting with the poignancy."*

There is an old movie and play called The Color of Blue in which a blind girl and a black man together communicate across the barriers they both knew. It is a good movie to see. We now we have *The Color of Holy Beyond Words*... the amount of color that has to be reached through a color (sic).

Sometimes she struggles and she thinks "I have somehow jumped ahead of time too far" and yet she knows there is a Divine Plan. If she jumped, it was to bridge some gap and that all will not be lost, that we must **pray** *"For love for each other, and give up all expectations. If we love each other, pray for truth and give up all expectations."* Then we will suffer, but we will suffer rightly.

LESSON FEBRUARY 3, 1995: Microcosm Resonation Points and Body Spirit Alignment

This original text is referencing Advanced Esoteric Dowsing Book IV Unpublished

MICROCOSM RESONATION POINTS and BODY SPIRIT ALIGNMENT

Often confused in esoteric literature are the concepts of spirit versus soul. Souls are carriers of awareness of connection with God, whereas spirit is a carrier for consciousness of physical life. Both are important and necessary for an individual before birth and during life. Both vary in quality, depending upon the decisions of one's culture, one's family, and oneself.

Many people would assume that the highest souls and most refined spirits would be born into families who were religious, artistic, and educated. Often the contrary is true, because there are many lures high on Jacob's ladder for those people who begin to feel a bit smug about their position in life.

Spirits must cling to souls if they are to reach heaven. Otherwise, they wander the earth as tormenting spirits, often dipping into hells or embracing fallen angels, unless they are unfettered to be returned to the spirit pool of each type of being. Sun type man has his own type spirit, whereas animal man has another type spirit, and each animal species has his own type, and so on. For that reason, bestiality was forbidden. If man mated with an animal, then he could attract a were-creature as his next child. Were-creatures are hung between Hades and animal heat pools, as deformed spirits that rise out of the ancestor's deformed soul matter attracted to his genetic similarity. They are like sucker fish on man's genetic pool.

In contrast, "*Things*" are dislodged "*Were*" types who cannot incarnate directly, but must possess an empty body or fetus that is not protected by a guardian angel. Many babies are not protected by a guardian angel because of parental disorder. A fetus becomes evil by resonance with its parents or the environment. A failure for parents to be sexually pure can cause all prayers for an expectant child to be worthless. The reading of pornography can repel any guardian angel from entering a home.

The most serious case occurs when the parental home has spiritual disorder related to body worship. Often, it can take the form of worship for art of any variety. This turns into the belief that sensual delight is god. Physical discomfort, or physical lack of youth and beauty is viewed as evil. If a person views beauty only with the eyes, then he is often fooled by demons and shallow shells of humans. The worship of any form, whether it be a book, a statue, a human, a concept, a religion, or a body can open the doors of evil. In most cases, such worshippers of form attract demons of onanism, which allow the fallen beings from across the veil of evil to enter a ruptured auric cocoon. This is common in educated artistic people of wealth and lower class people who believe that they are only bodies.

Each man, on his spiritual ladder, is given initiations. At a certain point, he is enticed by something that is lovely outside, but evil inside. He is simultaneously offered something holy but hidden within a painful shell. To reach enlightenment, he must ignore the easy, pretty path, and take all his effort to crack the painful shell of his own holiness. To pass the initiation requires both relinquishment and effort.

There is a particular aberration called a "*Were-Human*" that exists in some people who are born of parents who worship form. The parents may appear to worship their religion as though it were a golden calf, yet fail to integrate the core concepts of the religion. Often, one parent believes that he can hide his secret sins, such as pornography obsession, because he goes to church and so has an insurance policy against dark forces. To all the world, such parents look holy, and yet their children may be born with Were-Aberrations, even to the point of extra digits, extra breasts, or bizarre body hair or shape.

If you review the history of paganism you will find many half-man creatures, such as Pan, were considered half-divine. In fact, they were evil Asura-tainted animals bred with defective human stock. Many people today have made the mistake of "going back to nature (whose?)" in regard to paganistic rituals. This type of paganism is not to be confused with American Indian animal symbolism, which is another story. American Indian animal symbolism was proper in its age, but is not proper in this age. American Indians would do well to fly with the winds of change, allowing their form of religion to be like a bird in flight, lest it be slaughtered like the buffalo.

Many people who worship form give birth to a child who has Hades links. Such parents often have smug awareness of salvation through a materialistic viewpoint of their religion. As a result, they look at the surface of people, and fail to see holiness or evil. They shun the master who is clothed in beggar's rags, and praise the charlatan who raises millions for an evangelistic campaign of dubious value. Or, they fail to see holiness shining out of other religions. As a result, they are open to demons from Hades. **HADES** is for people who hate God but love the form of religious piety.

In contrast, **HELLS** are for people who want to be god, or who have false gods before the one true God. Tethered hells above Earth are less serious than the underground hells. **Underground Hells** are more like prisons for people out of control, whereas **Tethered Hells** are like burning Bardo experiences for people with mistaken ideas. Links beyond the **Veil of Good and Evil** occur in people who think they ARE their own god.

Spiritual disorders occur because someone is lazy, and falls into a habit or obsession that is pleasurable until his conscience no longer calls him. Or, they occur because someone makes a decision about what God is. Either one is a reflection of lower will that is not used or is used for evil. Unless lower will aligns with God's will, then spiritual destruction is inevitable.

The Earth and its intended inhabitants were designed with a mechanism designed to encourage spiritual purity, while not infringing upon free will. **The Earth has 28 meridian points arising out of the primary triangle of manifestation: three points representing the Father, Son and Holy Breath.** Those meridian points each have a **SOUND** (*See Chart end of lesson*) that can be represented by a symbolic shape. Humans (who are not animal humans) have (what are commonly thought of as) acupuncture meridian points that are like microcosms of the Earth points...but not the core three. Therefore, they have twenty-eight points that are supposed to line up with the mega-man mold in coordination with the mega-earth mold point line-up.

Many people today have points blocked, links with hells, Hades, or across the veil. Many children are being born with *Were-points*, or other defects, due to the societal degeneration. Each point is linked with a regeneration pool.

The 17th, 18th and 19th pools are normally only present in ensouled people, because they are linked with the *Primary Triangle* of manifestation of God's thought.

17:	Eyeballs
18:	Uterus Prostate
19:	Guts

There are pools that exist in hells, Hades, relating to animals or plants, and across the veil that are not supposed to be tapped by humans.

Why do you think that Eve ate an apple? Many spiritual disorders are entered through the plant kingdom...through drug abuse or food worship. The old bacchanalian festivals encouraged both food and body worship. Many people are spiritually weakened by what seems such a benign practice, such as smoking marijuana (organic). Many "natural" habits become obsessions, and one loses sight that spirit must be your food, and begins to have the illusion that food is spirit. Once one believes that food is spirit, then it is easy to think that animals are one's spirit, and so on. The lack of boundaries threatens the soul.

A man is not a vegetable or a beast, unless he chooses to be. If he aligns with lower kingdoms, then he falls from the garden of Grace. The garden of Grace is where the angels watch over one, lest dangerous elements from the realms of spirit attack. For indeed, the spiritual world is full of vagabonds and heretics who seek to feed off the souls of mankind, and who rejoice in the birth of babies who have faithless parents.

In some cases, a baby is born with a fallen Watcher link across the veil of good and evil, and yet has the normal 28 earth links. Such a person is a prize for the fallen beings, who seek to use that person for evil gain against holy ones. It is possible to destroy such links to the other side of the veil, but the energy required to do so is tremendous. In the past, such a person was called a "Nephilim." In some cases, such a person, through individual effort, is able to suppress the evil links, as if to squeeze them shut for a time. And yet, such links can spring open at a moment's notice, if the person is enticed by glamour, fame, or romance.

There are many variations. Some people are born with only a few hell links and no normal Earth links. They are like demons in flesh, and yet may appear superficially enticing, according to their particular hell.

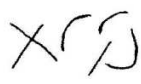

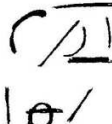

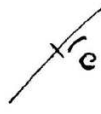

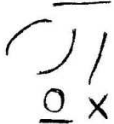

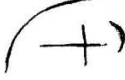

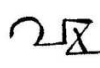

If a person has holy desire, then all evil point links can be severed and new ones can be allotted, although it is rare. It is rare to allot new points because people are such creatures of habit that they are likely to reform their old points, and so have more power because they have been allotted new points. This is true in particular if a person has been granted a soul. The soul power is greatly desired by dark forces as a fuel for curses and demon production.

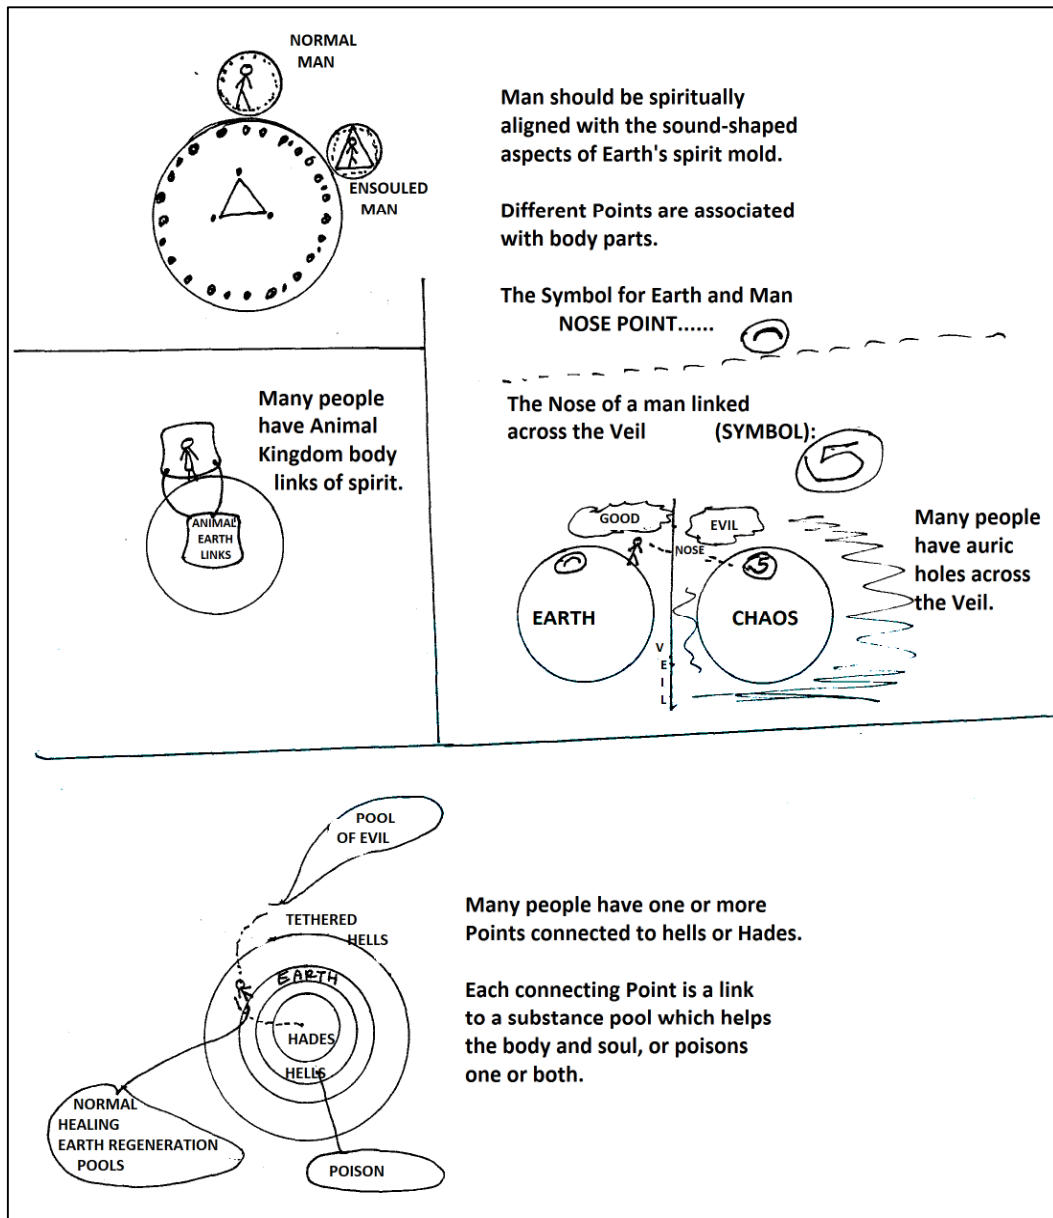

Despite all the precautions, the heavenly forces sit on the sidelines of humanity, ever waiting for an opening to enter the game of human life. They must be invited by a coach to enter. A coach is a master. For that reason, the world needs masters, who must be saints, in order to draw holiness to Earth. In order for people to become masters, they must pass initiations based upon Laws and Virtues. To do so, they must understand Laws and Virtues. To do so, they must study and incorporate lessons which must be prepared by teachers.

The heavenly forces can transmute greatly what man has misused greatly. Forgiveness is ready for those who are willing to change and take the yoke of responsibility for one's own behavior and for helping the Earth.

Hierarchy Chart from October 11, 1994

HIERARCHY CHART FROM OCTOBER 11, 1994

There are energies relative to **FALLEN DEMIGODS** and mutated forms.

If you look at the **Hierarchy Chart** (soon to be revised) (*Revised chart unavailable*), the Demi-Gods are in charge of the mold of man. With Fallen Demigods, they might create a mutant form for some reason. Some of our people are infected with the **Thing Fallen Demigod** energy that in the past we have often referred to as some form of **Evil Cabala** energies.

It is the Fallen Demigod deciding to mutate the form, the mold of man to weaken him in some way, probably to tap some kind of energy. These are in people who are not always spiritually dead, we all have some contamination.

The **HELL AND HEAVEN CHARTS** will be revised, to find where the Fallen Demigod patterns are stored (see *unrevised Hell Chart in APPENDIX*). They seem to remove feeders from this Fallen Demigod hell.

Remote Feeders are in the group; in particular five people.

Example: There is one mom and daughter –out of the group- which seem to be the source. Previously, when looking at the child; that was not the shocking part, but there was something horrible within her that T1 knew would take a long time to remove and that it needed the mother's cooperation, but the mother (by giving the child) injections of fetal tissue –so called "Animal RNA Therapy"- made it impossible to cure the child. T1 was (working in) a spiritual way and not knowing what she was doing, but she was led by the holy forces. At that time, T1 was using the large round Dimensional Map (*from 1991*), and she was following the Fallen Demigods around the map to find them, which would have cured the child. But the mother didn't follow the program. The child now seems to be one of the sources. The mother may have had live cell therapy herself, as they dowsed as one source. T2 will send a body to the Fallen Demigod hells to remove.

Example: An ex-student has one, but that is not unusual as she had some body deformities. So we will look for these when going to that hell. One can notice them, as the (people) have weird eyes and they seem to squirt a peculiar type of substances that are thick. The other three Fallen Demigods came from Sh, and another child (exBr), and the XXY connection.

These Thing energies seem to have spored out through many people, so it is a favor to the world to remove them. Someday you may be able to do this (type of clearing) but for now T2 will transfer her awareness there, anchor there, and direct destruction on the five patterns.

Remote Controlled Thing: This is an Fallen Demigod controlled energy by an Fallen Demigod from a Fallen DG hell

Another type of Thing: For example there was a man in a conference who looked just like a horse (at the 2nd Oklahoma conference). This man was fairly benign, a stupid Thing, but not real evil, just stupid. You could call him a Discarded Thing. If the Fallen Demigod thinks a person doesn't have any personal power, they eventually will discard them and the person will look stupid and strange. This man was born a Thing, he probably has some physical defects that are not visible outside his clothing. His face was unusual and he looked like a horse. He was discarded by fallen angels that are under the lower Fallen Demigod. He would be a lower level Thing to start with. The higher the Fallen Demigod creation, the worse it is, so he was a fairly low creation under the fallen angels and under the lower Fallen DG. He doesn't have a pattern anymore. If he had a pattern, it would not be in the Fallen DG hell, but in the tethered hell. Keep in mind if we are to clear things, we must look for them in different hells. **Story:** T1 told him he was a Horse Thing, and he said "Like Pegasus with a woman on my back?" T1 said no. Then he turned to La and said "I guess that was why you didn't go out with me".

By removing the pattern in hell we will remove the contamination of those five patterns from humanity.

It would be nice to remove all the patterns on the earth and maybe we will be able to do that.

Fallen Demigod Spine Links are related to this Thing.

There is another Thing situation that is real interesting. It has always seemed a little confusing the difference between **Were-people and Were-animals**. "Were" means person, but when she says Were-woman, she is implying it is not a normal person, a humanoid person, but not normal (who was born with physical animal characteristics), not completely one animal. It looks like an ex-student was born with an Fallen Demigod connection to the Fallen DG hell as a Were-Being of some type: a mutant, but it was a being that was never able to directly enter the Earth except through this ex-student. However it appears that Ji after her departure from here began to obsess about this ex and the ex obsessed about Ji. They developed such a strong link that the Fallen DG then aligned with Ji as well.

Ji prayed wrongly with a false assumption. If you pray with an assumption, you may call down high level (evil) beings. She prayed "If any of the powers would help her destroy the evil T1 she would serve them" So she was assuming that T1 was evil. Then a Fallen DG was able to come down directly and inhabit Ji as it was invited to empower her to bring Chaos into the world. At a certain point, Ji began to feel the strain and stress of her own chaos and became frightened and neurotic and to some degree dis-invited the Fallen DG, but by then La invited it by saying "Dear lord when T2 dies –in the next year-- I will do my best to serve you". Of course we don't know which lord she was praying to, and that kind of prayer invited inverse lords.

That is what we are seeing now, it is a continued down-line contamination, and the Fallen Demigod is trying to encourage others to pray wrongly, see wrongly, so as to get closer to them. That is why La made the phone calls to Sn, it was the Fallen DG trying to form a new link –as it does better *near* a person- to bring about destruction, and it wants to be around power.

Pray: “That all the links –that were originally the ex’s tissue links to the Fallen Demigod- but also that the pattern itself which is now incarnate, be destroyed.” This would be the pattern that is not in a hell but in the bodies where it is found.

Were Feeder Lines: (It had to do with) some people’s breath smelling bad

Microcosm Resonation Point It seems that Were-animal people have a Point: (a). This should have been the title of last night’s half-circle chart which is a:

Were Point: The Were Point relates to their breath, or something in their trachea that is like a gland. It is like another being that gives them a type of prana in that it is able to throw out filaments to eat Etheric Vitality, and one will probably feel tired. **Check for:** Were Point Vampire Filaments.

Since we have been cutting off a lot of fallen being energies, some people may be feeling less energy--those of the evil synergy group. If these people had this Were-Animal gland, or a type of another person inside their throat, if they have that, then they instinctively send out lines to drain others. Think of (the first) ex and **Ask:** “How many beings inhabited that body?” And (in this case) you will see two beings.

Now T2 is beginning to be suspicious that any time a person is born a Were-person, they will be two beings, and one will be dangerous in that it can drain the life out of other people, so it should be removed. **Pray:** “The Holy beings to remove any Were Feeder Lines in any of us.” These might actually be contagious because these can be seen in ex-No, though she was not born with it. 1st ex can send them out to other people and then they feed energy back to all of them, down and upline until they get back to 1st ex. It is not that we don’t want them to have energy, but just not to have ours.

The key thing is to destroy these Were Beings that are inside the breath and trachea of 1st ex and see if there are any others.

Secondary Feed lines going Through and Out

Were-Filament Vampire Lines: The key when finding these, *you need to see where the core pattern is located*. If it is in you, someone else, or in the Fallen Demigod hell, it has to be destroyed at that point (location), or it will just keep spreading.

Do: Reel in the filaments and destroy it.

Ask: “How many people are fed by me?” This will give you an idea of how many bad connections you have, as no one should be fed by you.

Check: Number of Abnormal Resonation Points:

To/From any Life source

To/From any Death Source

Do: Eliminate **Abnormal Resonation Points**, and not your Earth Point Connections, or any heavenly ones either.

So ask for the above excepting the Earth or Heaven Points.

It is possible you have an abnormal link to heaven which is not normal, but not bad.

Filamented Earth Points that are being syphoned:

If your energy is coming from Earth Microcosm Points related to Regeneration Pools you don't want to be drained by some filament from your main fiber going to a person or whatever.

Death Source: Some people dowse as a Death Source, and if you have any links to or from them, then they bring death as a substance to you.

Do: So look over the charts, the Regeneration Pools, Dimensions and Body Parts for:

Death Substance/Death Links

To/From anyone dowsing as a Death Source

Example: If you look at some people's photo, (and you see that) they have three or more beings in their bodies, and if so they are really dangerous, and particularly if there are fallen beings that are connected beyond the veil and living in their bodies...very dangerous. We need to remove them so they don't drag us down, or innocent people down.

CLASS NOTES FEBRUARY 5, 1995: Windigo

WINDIGO: By wishing the death of another so strongly, one person drew the Windigo towards her. This will cause the other person (intended victim) to receive a serious curse. This Windigo is still alive. **Windigo Death Spirits** have been around ever since she called them over (1993), and they went to the anchor of a being across the veil; through a human intermediary, a human caller of death. The first person had the anchor a long time, and then it went to (three other people in succession). The initial caller of the Windigo has to have strong will, but the down line ones don't need the strong will, just a wish or a thought.

The KEY to CHAOS is the Windigo. We need to take the Key to Chaos and destroy it. The judges have to help if possible. The spirits of death are directed by the person who has the Key to Chaos at any given time, and they dowse as a "Breath". **It is breath energy and clings to a form.** The death spirits actually come when the person is dying, (such as) the Windigos. They are used to bring Chaos to the essence of the dying person. The death spirit enters the groin and then draws through a chaos door within itself, a person's **Life Pattern Essence**.

Normally the death spirit arrives after mortal injury, as a clean up mechanism. If it is called before mortal injury, it draws death to a person with even mild injuries. A scratch can become a sepsis; a bump on the knee from stumbling over something can produce a fatal embolism.

Death spirits incite mobs to kill innocent people, and cause people to plan other's deaths in graphic detail and glee.

Death spirits do not attack the life essence of the CALLER because the caller becomes the:

Death Spirit Master which is, or who is linked to the:

Black Sun in the Worlds of Chaos. The Black Sun has fuel that becomes a type of **Chaos Prana**.

Once a strong willed person calls the death spirit over, it will change positions (by going through other people) in an attempt to get (physically) closer to the intended victim, which occurs as long as (each) person entertains thoughts about (the victim) physically dying in a specific way. The death spirit can move into them and they become the new **Windigo Caller**.

The KEY to the visualization of another person's death must be linked with an intended gain by the caller.

Just being afraid that someone will die does not call the death spirit, one must *desire* the other person to die so that one may *gain* something: for example for revenge, a position of power, a relationship, money, etc. Just being tired of someone or angry at them does not call the Windigo. One must desire a perceived benefit that would occur from the victim's death. These are often clothed in elaborate rationalizations. The perceived benefit is never just a desire to be free of the other person, because that person is perceived as worrisome; it is a desire to take something of that person, who is desired dead, for one's own.

The Windigo is used by sorcerers and also by malignant people who have envy and malice in their hearts. The Windigo cannot kill its victims unless someone nearby is a caller. People are enticed to be Windigo Callers when they associate with callers. The removal of all communication, including telephone calls, from a caller is vital or the same thoughts in a different presentation will fill you and torment you to desire the victim's death.

The caller's physical resonance points become no longer connected to the physical earth but instead link across the veil to the **Black Sun**. By associating with the caller, one's own physical resonance points begin to weaken and slip one by one till they are across the veil. The more they slip across the veil the more hate one feels although it may be interpreted as depression, righteous indignation, a firm conviction that someone is going to die, or should die, and that you will be better off when it occurs.

To know when one is being sucked into the Windigo Death Points Resonance is vital if one wants to be holy.

To pray for deliverance of all hate, even if it merely seems a minor annoyance based on some mentally justifiable cause, one must refuse to hate, and pray for deliverance. One must never rationalize motives inspired by lust for power, greed, envy or weariness of one's spiritual burden.

A caller can be healed but it may not be within Law to do so. When the Windigo leaves one caller and goes to another, the previous caller's power is depleted but their intentions are the same. Once they have tasted the power of the **Black Fuel of Death** they are unlikely to change their (intention?) and hate, and will desperately try to rally the same rushes of energy that they received from the Windigo. They can receive many similar rushes from aligning their body points with Hades, hells and fallen beings. Even if a healer pulled all of their points out of hells/Hades from across the Veil and realigned them to the earth, they most probably will fight to get back to those locations for the **Black Prana Rush**.

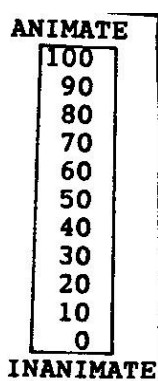

We must pray: “That people who are addicted to Windigo Prana, Hades Prana, Hell Prana, Fallen Being Prana, be destroyed in a manner that is correct within Law” because one is then praying that evil be removed from the Earth. Such people are walking evil incarnates.

Many times over the last year and a half we have removed black prana contaminations from everyone who was ever associated with this group, including **Black Prana Links** from people who were actively planning T2’s demise. The Holy Judges have been patient and forgiving and many people have been given new chances to be Holy.

When the Windigo has been called by a powerful urge of lower willfulness and hate it is not satisfied until someone dies. Often several people will die as the Windigo encourages the death, as it works its way toward the intended victim. It is up to human free will whether the Windigo is satisfied by the blood of its intended victim, or by another person who should become the intended victim through the intention of the final caller. It is sometimes a method of self defense that is within Law, for the intended victim to purposefully become the caller and direct the Windigo back to the person who would have caused his or her demise.

It is not a matter of forgiveness, and it does not mean that the victim who becomes the caller does so for revenge; it is merely a power move for self preservation within the **Law of the Windigo** which must be obeyed. The intended victim does not Stalk as a caller but absorbs the energies of the previous caller in full awareness, as if to BE that person.

It is not within Law to do such a power maneuver unless the caller is moving toward the victim in proximity that would allow the Windigo to enter the victim’s auric cocoon and thereby produce a morbid state of approaching death though some trivial accident. If anyone in the vicinity of the intended victim aligns themselves, or lends auric energies with the caller then there is grave danger for the intended victim.

There are symptoms of when the Windigo is approaching the victim. They include scratches that do not heal, bruises that suddenly appear from the slightest tap on the table, and mysterious cuts that appear on the fingers that resist healing. The intended victim’s physical heart will dowse as approaching inanimate on the **← Animate and Inanimate Scale**.

If you dowse at this moment, you will see that T2’s heart is 90% inanimate. When she awoke this morning while dressing, she noticed several bruises that appeared during the night and scratches of unknown origin. The Windigo is approaching to capture his prey and can do it without a gun, a knife or an arrest; he can do it with a stubbed toe, a slight cold or a touch of food poisoning. In most cases should this condition develop, it is safer for the intended victim to hide away from anyone who has any contact or sympathy for a caller. When the intended victim is in the same town within a few blocks of a Caller, then the cloud of death will cover the victim until his breath becomes inanimate, as does his heart.

We must pray for deliverance from the Windigo that was called so long ago, and has now reached the inner sanctum of this group. The way (the victim) gets the Key to Chaos (which is what the Caller holds), is in effect you take the Key to Chaos from them. That would then make the victim the Caller. You have to find the Key to Chaos hidden in the pelvis of the last Caller, and it may not be the person you think it is. It may be someone who has (a person’s) face with blurred identities (sic). You have to identify the Caller by their pelvis and you know when you get it by a sensation experienced in the hip bones; the whole of the pelvic bones, called the pelvic girdle.

You can be the last Caller by putting your etheric body inside the physical body of the current Caller who has the Key to Chaos in his or her pelvis. With contamination of the caller in the room, you will feel it in your bones in resonance with the Chaos Key which makes the **Bone Earth Resonation Points** swing toward the **Black Sun Alignment**. T2 is aligning her Essence Points with the pelvis of the Caller. For some reason there seems to be **39 Essence Resonation Points** which are partly linked with the regeneration pools. Two of the points have to do with the --?--, the optic nerves, nose skin, reproductive organs and spine.

T2 has programmed a procedure that will happen in about three hours, and she will have turned it over to the Judges who will see fit to use the forces that they put at their command. God’s will be done. By removing our expectations, desires and fears it makes it all cleaner. Probably no one ought to leave the building during that time, you may feel unsteady.

This may be the same thing that the Irish call the **BANSHEE**. She wondered why there was one core person with a Key to Chaos, and yet she had counted 13 different **Spirits of Death**. T2 saw that each time a Caller changes hands, it created a new spirit of death out of each Caller. So there were 13 Callers apparently.

Banshees are the Spirit of Death, and it is (made from) the person's own essence becoming a spirit in the wind, their own breath. The Windigo is the Bringer of Death that holds the Key to Chaos. We had 13 banshees, and we could hear it in a different place outside the window trying to enter us. It was a howling wind but worse.

A normal person that dies, depending on the disorder, they have a louder wind. Demons come out of obsessions and the tissues and from a **Banshee Wind** that forms prior to completely leaving the body (of the deceased). T2 had seen it in people's houses before they died. There was a wind inside the house or around the house that the people could not explain, and sometimes (dying people) holler because they are full of demons and obsession clouds...so that is a natural death. And at the last minute the Windigo comes and unlocks the Door. The Door for most people is up at the heaven level. The Windigo is the spirit of death that unlocks the Door, and the banshee is the part (of the dying person) that is destroyed by entering into the world of Chaos/across the veil.

In this case, they have summoned an **Evil Angel of Death**; a Windigo spirit that had fallen. If someone wants a person dead –within a certain framework- he or she forms a resonance with the Fallen Angel of Death. All archangels, Michael is an Archangel and so was Satan/Lucifer; there are Archangels both good and bad, and there are doors to chaos that are good and bad.

Windigo is a type of spirit. It is a holder of a key of death and chaos and it is not good or bad. There are many angels along the line of **(Holy) Windigo** that hold the key. If a person is evil they can summon the service of an **Evil Windigo**. (The Evil) Windigo is happy to enter them because it finds a home; otherwise it roams the empty woods of the netherworld, chewing the bark off of trees. Canadians have a saying that they wander around to kill the trees and to eat of the fruit of trees, even though it is always winter for them. The analogy is that they want energy such as the 'tree of life' energies of powerful people, and they want to chew those trees of life. So if someone summons them, they are happy to oblige. If the original person –the Caller- just had a grudge against her car mechanic, it wouldn't have worked; the victim had to be someone like T2.

The little wisp of spirit perceived as a white breath leaving a dying person is the Essence tied to the banshee call toward chaos, or a breakdown-composting of the person's essence. It is their own ghost leaving them. "They gave up the ghost", which is probably the giving up of one's banshee essence. **ESSENCE** is a person's substance that is able to use and translate Regeneration substances and other aspects. It ties one to a physical body.

Perhaps 13 Banshees and one Windigo is what is required for a culmination. The curse was all part of the Windigo experience and was woven into the Windigo death fabric. **Normal Banshee Breath** develops as a person approaches natural death. This (current) banshee breath however, develops as the intended victim's curse is beginning to manifest and it produces physical symptoms along the lines of the Regeneration Pools, so the body doesn't want to function right. It is like not being able to digest or heal, such as fingers cracking and not healing is (due to) being in the proximity of the Windigo held within the Caller of chaos. It is actually a 20 foot (range of effect from the physical body of the caller).

T2 had to ask the Holy Judges to move her etheric body where it should – as she didn't know enough about stopping the Windigo- so she submitted and closed her eyes spiritually to the Holy Judges. Because when there have been so many callers, pretty soon all the banshees are like the Medusa, they have the head of each caller. She was looking at a 13 headed Medusa, and couldn't identify the (current) caller. They may have been able to move the caller back and forth, and might have fooled her. So she left it up to the holy beings to find the body of the current Caller to stop it.

Interesting, they often go to the female in a couple, and not the male. There were more female banshees than males. The Key (Windigo) would move to each new caller until it moved to another caller until it became a Medusa. They didn't need 13 banshees; they could have manifested the death before that, if they had been in her presence. Their only hope was to link up with someone in the tiny residual group, as the outsiders couldn't have done it. It had to be someone here in Guthrie, through a neighbor, or a family member that stalked, unless one of us who were local had tuned into a Caller strongly, as a few did. **Pretty soon we will have death figured out, normal and abnormal.**

The Key is now in T2's body, as it had to go into her body to go out of the last Caller (so she could) beam the key point to the original caller. (*Auditor's note: Knocking is heard in the walls*). The knocks heard just now are from the Banshees wanting to come after us.

When Sn left her house the time when she felt the hired killer, it was the banshee coming for her. She had held firm, and knew what it was. When we felt it here, it was the banshees coming in for the kill.

The old T1 essence which became part of Ji formed a banshee which could readily hunt down the body of T2. Ji formed a second banshee of her own birth essence, but the T1 banshee was the most deadly and yet we were able to fool it on several occasions to keep it from combining with the T2 essence and pulling it into the winds of death.

How the Windigo was fooled, T2 cannot say, but she knows the ways we fooled it. Doing unexpected things such as the sleeping under the couch was a way, and by going to hotel rooms when the banshee was strong, and returning when it was weak. But buying a long black Korean human hair wig added a different human's physical emanations to her body which were linked to a living person on the other side of the world (was especially helpful) since the banshee reads the top of the head and eyes. So by T2's wearing a human hair wig, not a synthetic one, and the eye glasses from Gar's dead mother in Ireland that had absorbed her mother's emanations, and by wearing St's twenty year old English Sack dresses, and salvation army clothes with different people's emanations from the mall, helped to confuse the banshees.

T2 knew the wig helped tremendously and it was the only one she was inclined to wear, and she didn't know why. All these things changed her emanations and linked her emanations to many people. The banshee then went from person to person wearing itself out, yet not locking in. The hiding under the couch worked because so many butts had sat on this Salvation Army couch, and the aluminum (bars) helped and the banshee 'looks' down.

When the T1-Ji Banshee had used most of Ji's energy; it had to find more energy so it moved from person to person trying to get closer and closer so it could see how to attack beyond the shields. Don Juan used to tell Carlos Castaneda to change his way of walking when he was around an evil ally so as to confuse the evil ally or any other attacking spirit.

Banshees are surrounding the Monastery now, as the Windigo dies. Cec's is on the West; invisible/East (as it is in the building), Se is above, T1's relative is below, F is North, La is South. They are taking positions.

The longer an evil Windigo has been summoned to earth the more callers he must gather to feed him energy.

If he can't find a caller close enough to the intended victim, so as to get within 20 feet by phone or in person, or through an intermediary, then the Windigo will take the last caller for his payment. We were trying to wait that out, but due to the seriousness of the situation, we had to entreat the Holy Judges to take action because the last caller knew the exact whereabouts of T2 and knew all her shields. For T2 and T3 to disappear without telling anyone where we were going would be the only other solution. And if one person was with T2, that person would have to be impeccable in not allowing the banshee to 'see' under his or her shields, which should be in place as well. That is why often (the students) have done the same thing with wigs, as it foils the Banshees and they get confused.

The banshees have to gather before whatever happens, happens. They have to gather near her body like vultures over road kill. And she has to be 99% inanimate to round them up, and to go ahead and put out the signal of her whereabouts to all of the callers. It is 12:33 PM CST: And she doesn't know what will happen next because she has submitted the outcome to the holy Judges decision, although by Law the decision of what happens to each caller is up to her. She can defer to a higher court so as to not make a judgment error based upon human emotion. T2 is looking like an evil elf now, which has something to do with this.

Afternoon Class Notes: Windigo continued

Dowse: "How much do you miss Windigo?"

There is an aspect of reaching back (for something), the friction of opposites, a habit of thought and pattern that tends to go back to the familiar—the person that you knew as yourself—as a way of holding a micro-opposition, like a Law of Polarity mis-application. And it has to do with a person being comfortable with hate: hate for a gender, hate for a person, authority or hierarchy, but it is always veiled in the appearance of compassion for the underdog, the devil's advocate.

In truth so many people have given themselves away in part or whole to unworthy devourers of souls, and when that part of them is returned through Divine Intervention they are mad because they can no longer blame, while feeling sentimental and longing for the person that they hated, yet desired.

Romantic love is often mixed with hate and desire for the other person's death and subsequently one's own death because one has given one's own power to the loved/hated person or several loved/hated persons. The Windigo had part of each of us, depending upon our investment in the evil perpetrators of destruction.

The irony is that one can define truths about destruction without emotion or attachment, and yet be perceived as the destructive element, while other people may plot destruction in subtle ways for months or years. They may plot ways to devour like so many worms inside a person's body, devouring their strength from the inside and **yet their veneer be righteously indignant and they provoke respect from the one devoured.** Whereas the one who speaks bluntly is hated because the truth is a heavy burden and implies responsibility of actions, thoughts, and emotions.

Hate isn't ever right, and yet death is sometimes right, and destruction is sometimes right. When a person or a planet has chosen chaos into its bed, by connubial union with the Lord of Death, the Bringers of Chaos bring destruction upon themselves and often those they are able to touch through lukewarm intermediaries who know not whether to be flaming with love of God and all His hierarchy, or cold with selfish adoration for the part of self that has been bought by the hounds of death and eaten, and fills their bellies, so the hounds of death are invited inside because they contain parts of the self. When the doors open, all that is within the doors can be devoured.

Should the hounds of death be destroyed, then a person who has part of himself in those hounds of death will feel a loss, nostalgia, for the nights that he could hear the melancholy howls over the horizon of his lost self, and he blames the very hierarchy that retrieved him, destroyed his mutant digested aspects and made him new.

In some cases the sympathetic person may feed the hounds from hell in the hopes that they devour more of him, thereby recreating the scenario. Even though the hounds be shot by Heaven he rescues them with assistance from the underworld so they might live, eat part of him, survive, flourish and go back to the mysterious howling in the distance, the lonely howling that he is used to so he need not change his ways, his thought, his intention yet may justify it with the thought that he is humane to have fed the hounds of hell even though those hounds will go after saints first and then the innocent and him last because he will continue to feed them.

So his rationalizations allow him to think all that is just is cruel, and all that is defiling is humane. He does not sink to his previous level of depravity, but goes far worse because unlike his previous self he knows truth and God and goodness and justice on the core of his being and he fights that and encloses it so as to remain the same on the outside while some part of him hopes that the hounds devour his innards once again. So he has no real struggle and can hate God while thinking he is hating injustice. And he can fight for the material survival for defilers while thinking he is humane, all the while tormented by his inner knowledge as the angels and holy beings and all power from above look down in sorrow and prepare to leave.

If we forget our primary purpose which is to be holy and pure, then all that we do on Earth becomes defiled. We can do no good on the Earth at all, unless we be good. We cannot be good if we do not see evil. *The more responsibility that we have, the more subtle the evil that we must recognize and address within us and without us.*

How does one know if one has given part of the self to evil people? The emotional sense of blue rage fills a person. Little mental arguments and justifications scramble to make sense of the blue rage. The blue rage, though, is from the body demons that have been born from habits, selfish indulgence, carnality without love, acceptance of others with the belief that one will be accepted, no matter how foul one's behaviors, thoughts and emotions, and a hatred for truth. There is a difference between Divine patience for human frailty and acceptance of satanic indulgence in others or self.

Divine Patience is stern and clean, unwavering, sorrowful and ever ready to embrace those who stumble, yet move ever upward and do not retrace their previous errors. Why do people retrace previous physical, emotional, mental habits of error? Because they want to. That is the sorrow of the heavens; that man should scorn those who truly love him and who reach to keep him from drowning as he looks downward into the pit of his own past and longs for the sirens that howl under the filthy seas. He must move toward viewing life as the measure in which one is impeccable and aligned, and every fiber of one's beingness is with God and not as the life that the materialist clings to; which is the ability to eat, copulate, defecate, (----) and kill.

If we pray wrongly that those who are evil survive, then we kill our benefactors and we kill all holiness on the earth.

We should pray *"That evil be destroyed lest we use our powers to hasten the destruction of all that is good, sweet, true, strong and lawful on the earth."*

The Windigo left, but instead of taking with it those that drew it to Earth, it took a token, a part of a human, and so spared the evildoers to rally again therefore impeding the progress of this work once again or perhaps stopping it. All because of wrong prayer.

To pray that someone who drew the Windigo be forgiven is in essence to erase their karma and allow them to rebuild it. It is not our place to forget or forgive crimes against humanity, it is the place of the high judges and if we take that position we risk reactivating the very evil that occurred and then we face the decision of whether to erase it again.

The decision to forgive something that impacts more than just itself, is a mighty weight because in doing so someone must be sacrificed. You are in effect transferring death from one being to another that is not of your choosing. You are making a sacrificial lamb for someone who will be strong while eating that lamb and will come after you later and devour you just as they did the lamb, or perhaps devour a child, or a saint.

For indeed one cannot be a saint and desire that someone be forgiven if that forgiveness implies that they will harm the future children in small things. Things of a personal nature, it may be your right to forgive, but is it your right to forgive the evil that will recreate itself to destroy all that is holy?

If one has made a mistake and prayed wrongly that the evil ones be forgiven against Law so they may flourish, or if one has desired to return to the half slumber state where man is like an amoeba of consciousness, calm in the waters between heavens and hells and pulled equally, yet never being responsible for climbing the starlight staircase into sainthood, then one must pray to be forgiven from himself or herself, which is the only forgiveness you have the right to plead for.

You have the right to plead for the forgiveness of your own errors. But you do not have the right to plead for the forgiveness of evil ones unless you are willing to take responsibility for every evil action they will do thereafter. Because their karma is on your shoulders in the future, and their present karma must be eaten by the sacrificial lamb chosen by the hounds of hell. To whom much is given, much is required.

One of the worst prayers of all is to pray that an evildoer be allowed to “Find their own way to God” because if their way is evil, they will find an evil god, and then their “own” way is indeed satanic, implying a personal reality. Therefore one puts energy into a “create your own reality” self-god for evildoers because there is no “own way” to find God, there is only God’s way to find God. Many people who have shut the door in the face of divine intervention will never know God or see God again and one should not pray that they do because they will merely drink power to fuel evil actions.

To have prayed such a prayer is a terrible crime if one has personal power, and is a sign of lower willfulness and hate for Law, all the while *appearing* to be generous and kind. One can only know justice, mercy and truth if one is (---) in the core of one’s being and in the outer shell (---) justice, mercy and truth; not in man’s eyes but in God’s eyes. Therein lies the greatest initiation; to know when your outer shell is lying to your holy core or whether your evil core is lying to your pious shell. **We must pray** *“That our shells be broken and remade into the image of God and that our cores be clean and pure, chaste, unselfish, ever hopeful, ever merciful, yet ever strong in the face of evil. Not forgiving, but just.”*

Forgiveness is something that is on the lower plane. On the higher plane there is Karma and Law, and the Law of Grace is not used to erase the slate of evil doers so as to prolong their existence, it is used for those who have true remorse for their actions, thoughts and desires. A person of an intermediary spiritual level should not have grudges that he needs forgiveness about; grudges should be gone. At that point he should turn all judgment decisions regarding someone’s ability to receive Grace over to the keepers of the Law, the Divine Judges, and if the Judges tell him true what a man’s worth is, he should listen and take heed lest he be destroyed.

There are many people on the Earth today who desire the physical death of anyone who wants to teach Law and Virtue. We must not desire the physical death of anyone, but we must not resist the death of anyone either because that is the unmanifest materialistic echo of the desire to destroy. We must be unconcerned whether a person lives or dies unless that person be instrumental in bringing hope, Law and Virtue to the earth.

In all else we should merely pray *“That all evil be destroyed within us and without us, all over the earth, on all planes of manifestation, according to divine Law and the Divine Plan for humanity.”*

If one in a holy synergy group prays wrongly, then he negates the prayers of another who prays rightly. If one person aligns with Law haters through misplaced concepts of mercy, then he will not be able to bring forth Law on the earth. His efforts will be neutralized because a house divided cannot stand. We have reached a point where we must be a house that is not divided.

She asks all of us to pray *“For the spiritual salvation and the physical salvation of all that is good and true, pure, just, honest and merciful in ways that are unknown to the lower mind.”*

There is much in **Divine Interaction** that requires a trust, a faith that is beyond linear words to express, and yet in one’s heart where Lehys slumbers, one knows.

Tonight each person pray to submit one’s will, because otherwise all that we do is for naught. A defiler cannot contribute to a holy book, and a person who prays for defilers to survive is no better than a whoremonger.

CLASS NOTES: FEBRUARY 6, 1995

False Sympathy: Some people are sympathetic to weak, evil people because it allows them to not take responsibility either. They want to be treated sympathetically for their weaknesses, rather than change them, so they treat others the way they want to be treated. There is no relationship between mercy and sympathy. None.

There are key aspects of removing any disorder, in that the different parts must be dissected away or else the disorder seems to grow back. For instance a person's disorder may be (1) composed of somebody else's **soul drip** in you; combined with your tainted desire substance that links you with the past and (2) A **prana line** you might have to an imagined future with someone's **orgasm seed** linking you, through their Hades connections, and most importantly within all that (3) There is some type of a **glue** that holds disorder in one piece.

The glue is usually a false assumption that causes you to reshape disorder using available parts like the recreation of a Frankenstein monster to suit your own idea of what a man should be. It implies hatred for the Divine Mega Man Plan of God. You can remove an arm of the Frankenstein by destroying a Hades link, and yet it will grow back because it will attract an arm out of the graveyard of souls to fill your personal Mega Man pattern because you think you are a lower-case god who has a right to decide what is good or bad. Or, you dig up your old self out of the grave that was half grown into old friends and lovers and you drag the whole graveyard to you now, so the rotting beings can sit around your bed and fill you with their vile thoughts that were vile then, and vile now.

St. Paul said "When I was a child I acted like a child, but when I became a man I gave away childish things". When one decides to become a saint one must decide to lose assumptions. Otherwise our Frankenstein spiritual bodies will never hear the music of the spheres that dances across the heavens in the glory of God's plan.

If your god is small and personal then you have nothing to aspire to, and will never be greater than your own creation. At every step of spiritual progression one must relinquish assumptions and be willing to face the difficulties of understanding higher nuances of Law that are far more intricate in design, far more refined in concept, than the brutal laws of the animal kingdom that man so hungers for.

Movie Reference: "Nell" and Dowsing Lists

Most of humanity views the return to an animalistic man as glorious, to return to nature as though they were Tarzan or the character in the new movie **Nell**, and that by being ignorant, they are therefore innocent and good. That is the gravest of errors because one never moves back in evolution but that he falls into counter-evolutionary hells of chaos and self-destruction.

What is natural for an ape is not natural for a man and yet many people live far more violent lives than any ape. That is because they went to the ape state and below it. Below the ape state is not a fish or any other Darwinian concept. It is the state of Thing formation, monsters of form that haunt and devour each other and anyone who opens their door to them. If one chooses to become a Thing then all holy people should slam the door in (such a) one's face.

You should pray that if you should ever become an evil Thing that you go up in smoke for mercy of the Earth. It is not merciful to keep spiritually genetic mutants alive and reproducing. It is destroying the Earth. By your misguided kindness and/or apathy to the situation you will end up becoming one of the Things by default.

Every now and then PRAY: *"Please Lord remove all evil within us and any evil without us that would impede God's Holy Plan in any way."* Repeating this prayer will reinforce it, and the party will stay pure, and we won't get personal about these prayers.

ALSO PRAY: *"We pray to the God of Our Lord Jesus and his Blessed Mother Mary and of the Saints that followed Him, we ask that we not be led astray by false gods and if we should ever be lead astray, we ask that we be destroyed completely so as not to impede the Plan of the One True God on the Earth. We give ourselves completely to God and Truth, and we understand that the only True Life is life within God's Plan and if we should develop a vampirish ghoulish existence outside of that Plan, then we pray to be destroyed so that the children of tomorrow will not be devoured by anyone including us."*

"We ask that any prayers that we make after this, that are based upon evil assumptions or concepts arising out of possessions or spiritual error be not heard by any powers. We ask to be sealed in our ability to do only that which is congruent with God's Plan and be removed from the possibility of doing harm outside of God's Plan. May our will be God's or nothing, we humbly pray. This is a humble vow that we take in full awareness of its significance and we submit ourselves to the consequences which are dependent upon our impeccability within Law. We therefore will be holy or nothing, so be it".

"Forgive them Father because they know not what they do". When Jesus said that on the cross, he was talking to the ignorant people who felt they had to follow the orders to put him up there. (He was speaking) to the soldiers who didn't want to do it, but they followed their orders because they thought they were supposed to. Christ wanted to make sure that those that did not play an instrumental part in his crucifixion and could not have prevented it; not bear the genetic mark forever.

Since Jesus was so clear, He knew that He could have allowed their participation to destroy them, but it was up to Him (to decide) because it was being done against Him personally, to release the karma, or retain it. And He released the karma for those who had marginal causation factors for his death, but He did not release Judas'. And there were other participators that have born the guilt of their participation through all the ages in their genetic pools.

They (who bore the guilt) were mostly the ones that knew what they were doing. So therefore take notice that Jesus pardoned the ones that didn't know the significance of what they were doing, but He knew it was not His place to pardon the ones who knowingly tried to destroy Holiness on the earth, that that was the place of the High Judges above him.

The concept of Jesus as being all forgiving is erroneous and used by people who knowingly do wrong and hope they will escape the severity of God. People are expected to do the best that they know, and even if they rationalized to themselves their behaviors as being justifiable and good, their core knows what is evil.

In our case every one of the liars knew that the persecution of little (---, a child) was without excuse. They did it to be vicious. They knew that saying (---) was an unfit father was untrue. It was designed to destroy the child's happiness and family. That was only one example of the many lying, sneaking, vicious plans that they put into action. They have not won.

Just as there are sins of commission, there are sins of omission. If someone fails to love God and His messengers and respect what he knows is true but in his laziness prefers to hear the babbling voices of whining evil ones, and rides the fence, then that person is evil too.

By failing to release attachments and physical contact with people who hate law, then one is a whoremonger. The many people who have sold their flesh to Satan in payment for a physical thrill, a rush of revenge or excitement, must be barred from our acquaintance. And anyone that consorts with defilers is one of them. This is not to say that in the business world one must give up all ability to earn a living by giving up necessary secretaries or mail room employees, etc. It means that you hold yourself separate in your heart from people who are lukewarm in their love for God. You maintain a cool distance and when you enter into your holy prayers and spiritual science, study and service, you have nothing to do with them. You do not throw your pearls before swine, and you do not beg someone to know God and you do not ask a defiler his opinion about our books, and you do not ask a consorter of defilers his opinion about our books.

It is a different thing to be coolly detached in the material world while interacting with spiritually immature people.

It is another thing to open yourself up as if they were your equal, which they are not.

You must think of yourself as a saint and be able to recognize who is a saint and who is not. Saints must lead socially chaste lives because their true companion is God. Their comfort comes from other saints and God and not from below.

The Earth and its polluted state must be viewed as an underworld by a saint. If you ever start to think that the common man is the same as you, then you have forgotten who you are. When a man embarks upon a path to sainthood he does so at a loss, he loses himself in God, and if he has become part of God then it is a defiling for him to think he is the same as one of the many perverts that surround him.

We must pray: *"Not for lukewarm love but for Divine Mercy, tempered with justice from above, and not by our own decisions based upon old assumptions."*

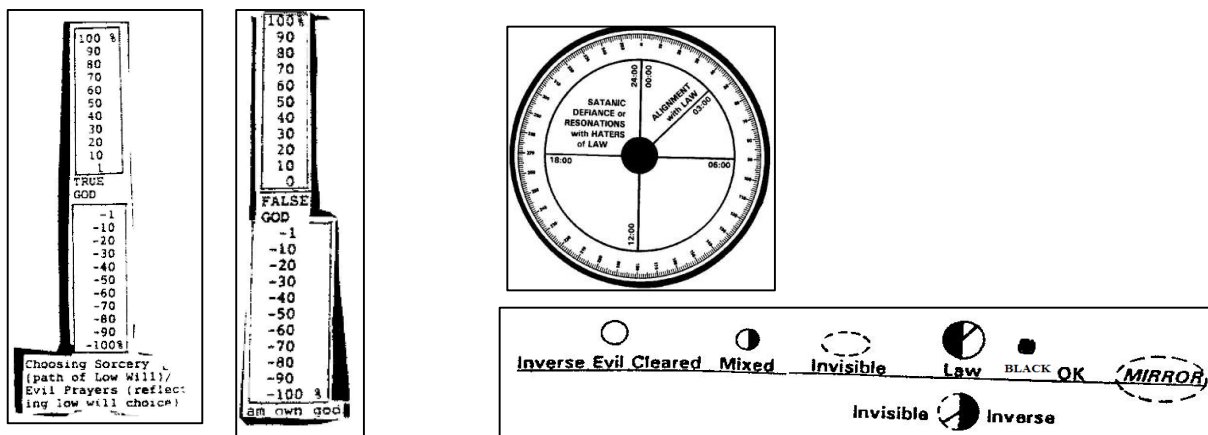

Assumptions are composed of either deformed Virtue Substance or Life Essence links to Regeneration Pools, or Fallen Demi God Thing Essence. Every assumption that you have weakens you in body and soul. If you are led by God and are listening with Lehys and not a top or a bottom head, then you will never be lead astray. You must learn to listen with your left side awareness which passes through your communicative substance to your right side awareness where it is integrated into your thoughts and emotions.

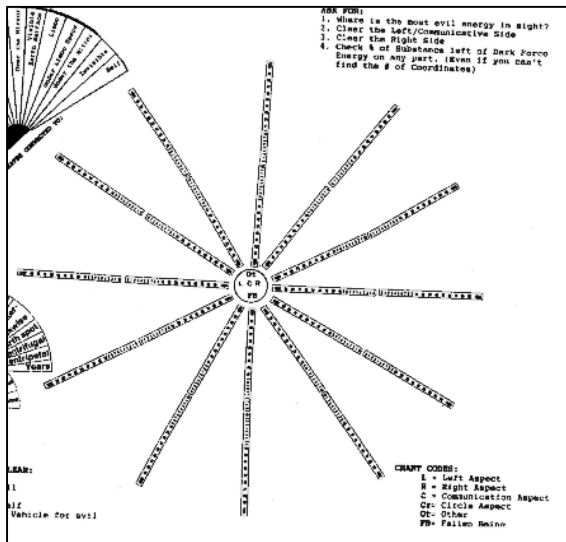

➤ If you first listen or see with your Right side you will see only the Earth consensus conclusions.

➤ If you see it initially with your Communicative substance, you will see it purely though emotionalism.

It does you no good to first see it on the Right or the Communicative and then the Left because by then your Left would be tainted with assumption.

An easy way to check your clarity is to check your Right and Left eye on the Law Clock making sure that you know whether you are looking down, or up from under the mirror, when looking at the clock:

To check your Communicative aspect:

- You can dowsing your skin that is between your eyes for % intact;
- Using the Angled Scales
- So as to determine whether your skin reading is 100% up on a Right Side Scale and not an Inverse Scale.

Check: % Intact
Angled Scales
100% Right Side & 0% Inverse

The next quickest reading would be to

Ask: "How many people are behind your crotch?"

While using the angled Numbers charts (the numbers going in all directions chart). (Angled Chart see also January 1995)

Fallen Demigod Thing Substance: Prana Source

CLASS NOTES: FEBRUARY 6-7, 1995 and Letter to Student

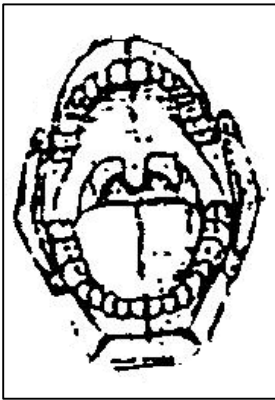

(This portion was not sent out. Notes are of poor quality)

The Key to Chaos (Windigo) and 12 Banshees were over the Veil by morning. However, 51 baby bud Medusa Heads were discovered (through a dream). The Key had to be brought back over the veil into T2 and then beamed by the Judges to the last banshee.

The Baby Bud Medusa Heads are fed by Underground and Hades Prana, and the **Callers** were fed by Chaos Prana.

Now it is found that each of the 51 baby buds have 51 hologram connections to the hell/hades prana source.

For each one (each Caller): all of their own prana has been replaced or eaten. Each person that has become one of these ...like a major Frankenstein...and now each one is like an infection with the other 51 inside of them, and has to be removed (sic).

All of these people have **Evil Teeth** (a Tooth Problem chart will follow) some of those who baby budded will be changed out and the judges will demolish everything in them and set up a new spiritual anatomy, prana receptor and everything.

Each one's (Baby Bud Medusa Head's) ability to have life at this time is hinged upon (their) going through the hells or hades. It was like a pleasure that is sick, like a pedophile "enjoying" children; this will remove their ability to receive satisfaction and energy from evil, as they actually got high on planning the killing.

Out of one person's bud, she had a minus ten that had grown inside; evil buds that if completely minus in the numbers, it meant they were grown into the primary Caller as a permanent fixture until the caller changed hands and infected the next person as a Caller. It changed hands.

Dear Student; February 7, 1995

I just received your fax and have looked into your interesting problem with shingles. For different levels of the problem, I needed to direct my eyes and attention in different directions: in particular, up, down, and left.

➤ **While looking just straight ahead**, all I found was a -90 contamination with an Earth consensus "I am own god" program. ➤ **While looking left**, I could see your thyroid at the monadic level was injured due to an old vacant vampire line dangling. ➤ **While looking up**, I saw it occurred at the age of nine when another human being's drop of life entered your left eye. ➤ **Looking down**, I saw that it caused your low ether substance on the left side to become totally black with the person's current alignment with Earth consensus, rather than heaven, which is where it should be.

This case points out to all of us the importance of shifting our eyes when dowsing out problems and layers of problems.

I am working on a lesson regarding the **Life Seed**, which in your case reflected the Earth consensus resonation.

The life seed inside a case is in the throat, interestingly enough with your thyroid problem. Some people lose their life seeds in other people. I will send more on this tonight. I will see if (T3) can help to do some clearing on the matter, and would like you to report back later tonight or tomorrow about your condition, in case there are layers not yet seen.

This would be a good example to pass on to the other students later tonight, if that is OK with you.

Love, Genevieve

1995 FEBRUARY LECTURES

LESSON FEBRUARY 8, 1995: False Beliefs and Bottomless Pits

This original text is referencing Advanced Esoteric Dowsing Book IV Unpublished

FALSE BELIEFS and BOTTOMLESS PITS

False beliefs occur because the believer has already embraced assumptions that he knows are not true. For instance, he may know a woman who mistreats her child and make a general mental statement “all mothers are cruel; all women are cruel”. He knows in his heart that the generalization is not true, but it is a way that a weak person vents unspecified rage. Many people walk around with unspecified rage that they justify with assumptions that later turn into beliefs...a more serious spiritual malady.

Unspecified rage is linked with a maladaptive creative energy response to disorder in the environment. For instance, a child raised in a ghetto where violence swells is likely to sense the great disorder around her. She has two choices: to embrace the disorder by flowing with its rage or by ordering the disorder through some personal action to define her life. The tendency to do one or the other is apparent early in life. Reading books about other people who overcame challenges is a way to control the mind and calm the senses, so as to not fall into the rage sounds of the city. Calming music, peaceful and orderly surroundings, the desire to sing or paint can all be ways to avoid falling into the disorder.

If the child spends her days in front of violent television programs and passively responds to the sensory clues of her environment, then she will develop an increase of inner rage and begin to form assumptions. Examples could be “all people will take advantage of you”, or “you control people through sex” or “rich people exploit the poor people” or “you have a right to take what you want”. The more that the person rationalizes her selfish behaviors; the more rage will build inside her, as she aligns her auric substances with hells, Hades, and the worlds of chaos.

At a certain point, the assumptions become beliefs that are part of the person. A person chooses his beliefs by choosing his response to stress and by choosing his assumptions. If he is self-indulgent, then his assumptions harden his auric substances into resonating hell bells. At the point of crystallization into beliefs, the assumptions become physical tissue portals that weaken anyone in his presence by their sounds.

False beliefs are embraced lies. Satan is the king of lies. A person with false beliefs embraces satanic concepts, and so begins to think that holy people are evil, and good is bad, and form is beauty, the body is the true self, etc. At a certain point, he will find that he feels his inner rage vented best when he is blaming someone (especially the opposite gender) for his problems. The physical manifestations may vary. Women who (through their chosen beliefs) hate men may try to seduce males constantly or be bisexual. They may be “women who love too much” and appear to be sad victims. Men who hate women may be aloof or sexually defiling. When under stress, any inner turmoil is perceived as the rage that needs venting through the acting out the women-should-be-punished belief.

Assumptions about God or holiness can be especially dangerous, since the manifestation of holiness varies according the Laws of the Plane in which it manifests. **The more advanced the spiritual teaching, the more paradoxical the manifestation of holiness may appear to people who have assumptions or beliefs.** For instance, in the animal kingdom it is within Law for a cat to kill a mouse or sparrow for sport, as if for hunting practice. For a human to run down a dog on the highway just for sport is certainly cruel and goes against the Law of Correspondence “as above, so below”. A man is supposed to reflect downward the Virtues of Christ, and not the primitive impulses of a cat.

However, there are higher octaves of the Law of Correspondence that are seldom understood by the average man. The average man thinks of Christ as a weepy, lovey-dovey, forgiving man who died for our sins. “God is love” is often the chosen Bible quote of people who don’t want to face responsibility for their actions. “Vengeance is mine, saith the Lord” is often interpreted to mean that we should accept everyone with love and just assume that God will take care of things later.

In fact, God brings down his vengeance while people are in their day to day lives. The vengeance of God is far above man’s understanding, and yet it does exist. It is a higher teaching than “God is love” to say that God is many attributes at His chosen time: severity, justice, mercy, truth, beauty among them.

Some people get bent out of shape when the severity of God surfaces so as to teach them that Virtue. They whiningly retreat to “God is love only” beliefs to comfort them while they vent rage on the messenger of Truth. Only a rare and brave man can face Truth about his weaknesses and react with dignity and a lack of denial or rage. Such a rare man is the stock of saints. For if a man not love Truth, then he loves not God. God is Truth.

On another octave of teaching, a master may teach you in ways that seem to contradict that God is Truth. For instance, he may argue (relating to a news broadcast) that the victim of a murderer was more guilty than the murderer for her own murder. He may say that the victim tormented the murderer for years, and destroyed some aspect of dignity in the

man till he became a wild beast that kills. In the student's mind, he may argue that the teacher is condoning murder and think about the commandment "Thou shalt not kill". The teacher may later insist that the killer should be electrocuted for his crime, and so the student is further baffled. Does the teacher condone any murder? NO, the teacher is trying to point out that there are many octaves of destruction besides the physical, and when a person is already spiritually dead...it matters little whether his body is dead or not. As Jesus said, "let the dead bury the dead". If the teacher tries to explain, then the student meanwhile mentally argues that the teacher lied about his positions on the murder case, and gets fixated on it. The student fails to see his own false belief about God, and that the teacher is trying to illustrate materialistic beliefs about life and death, good and evil.

The belief that someone is good if they physically appear to be pretty decent is one of the most dangerous beliefs.

It implies that physical appearances are real, while spiritual vision is false. It ignores sins of omission, and focuses on superficial commissions of acts. Many "decent" people turned their heads while the Nazis took the Jews to death camps. *The spiritual student must learn to detect signals from his left side awareness, if he is to understand a man's true worth.*

Another false belief is that what a man does in private is his own business. Such false beliefs belie the Truth that a man's inner self (which reflect his intentions, thoughts, feelings and keep record of his former behaviors) are more important to view than the superficial, social appearance. A person who clings to such beliefs, to avoid the pain of seeing evil and believing in it, to avoid making personal decisions regarding relationships, is lazy and unworthy of further spiritual help from above.

Many false beliefs cause one's guardian angels and prana spiritualizing angels to leave in sorrow. As a result, one's physical body becomes open for any darkness to enter. Prayers by people who hate Truth are only heard by fallen angels, and may cause one to open the gates of hell where black prana physical rushes are given to those who sell their souls and bodies to the Lord of Lies.

If a person struggles against such deep-seated false beliefs (which are epidemic) and the precursor assumptions, and faces the painful state of *"I don't know what is True...but God knows and will tell me if I listen in my heart and breath for the Holy Spirit to teach me"*...then he can be free of the ropes that he has wound around himself throughout life that kept him from spiritually progressing.

In some cases, it is good to recognize a sense of irritation that arises when a false belief is questioned. For instance, you may consciously accept that homosexuality goes against the Law of Gender. And yet, long ago, you formed the deep belief that all people are bisexual on a continuum, and that it is not a crime to be a homosexual. In fact, it IS a spiritual crime against natural Law to support homosexuality practices or to condone them. As you spiritually advance relating to the understanding of other Laws, your false beliefs will rise to the surface and may cause you to feel rage, insecurity, depression, and a sense that there is no real God. That is because any belief that goes against a primary Law is rooted into a hell, Hades or worlds of chaos, and one likely has body demons that came from such a malefic location.

When a person has body locations that are full of demon crystals, he cannot see evil relating to the false belief. Dark forces begin to come out of the crystals into the room, so he becomes a physical doorway to hells. This is experienced by holy persons nearby as headache, eye pain, spine stiffness, skin crawling, and mental anguish, among other symptoms.

If you pray to be corrected of all false assumptions and beliefs, then you might have a healing crisis as related demons crawl out of your skin. Your immune system may falter, and your sense of well-being will be unsettled.

Do not despair. Keep up your prayers for deliverance *"from all evil within and without you that are interfering with your spiritual work and advancement, and pray that all previous mistakes be corrected within Law so that you might see well enough to do God's Will now. Ask that any time you begin to develop (from habit) a false assumption or belief, that you get a strong physically painful symptom to alert you to your error."* Then, rest in the Virtues of faith, hope, and trust in God.

People who do not face false beliefs so as to be delivered from them will develop an energy around them that is a bottomless pit of hellish forces that cannot be cleared without more surfacing. They become, in a physical sense, an open door to darkness. If they do not change, then you must separate yourself from them, or they will vampire you as a reflex, because the dark forces have eaten their life forces.

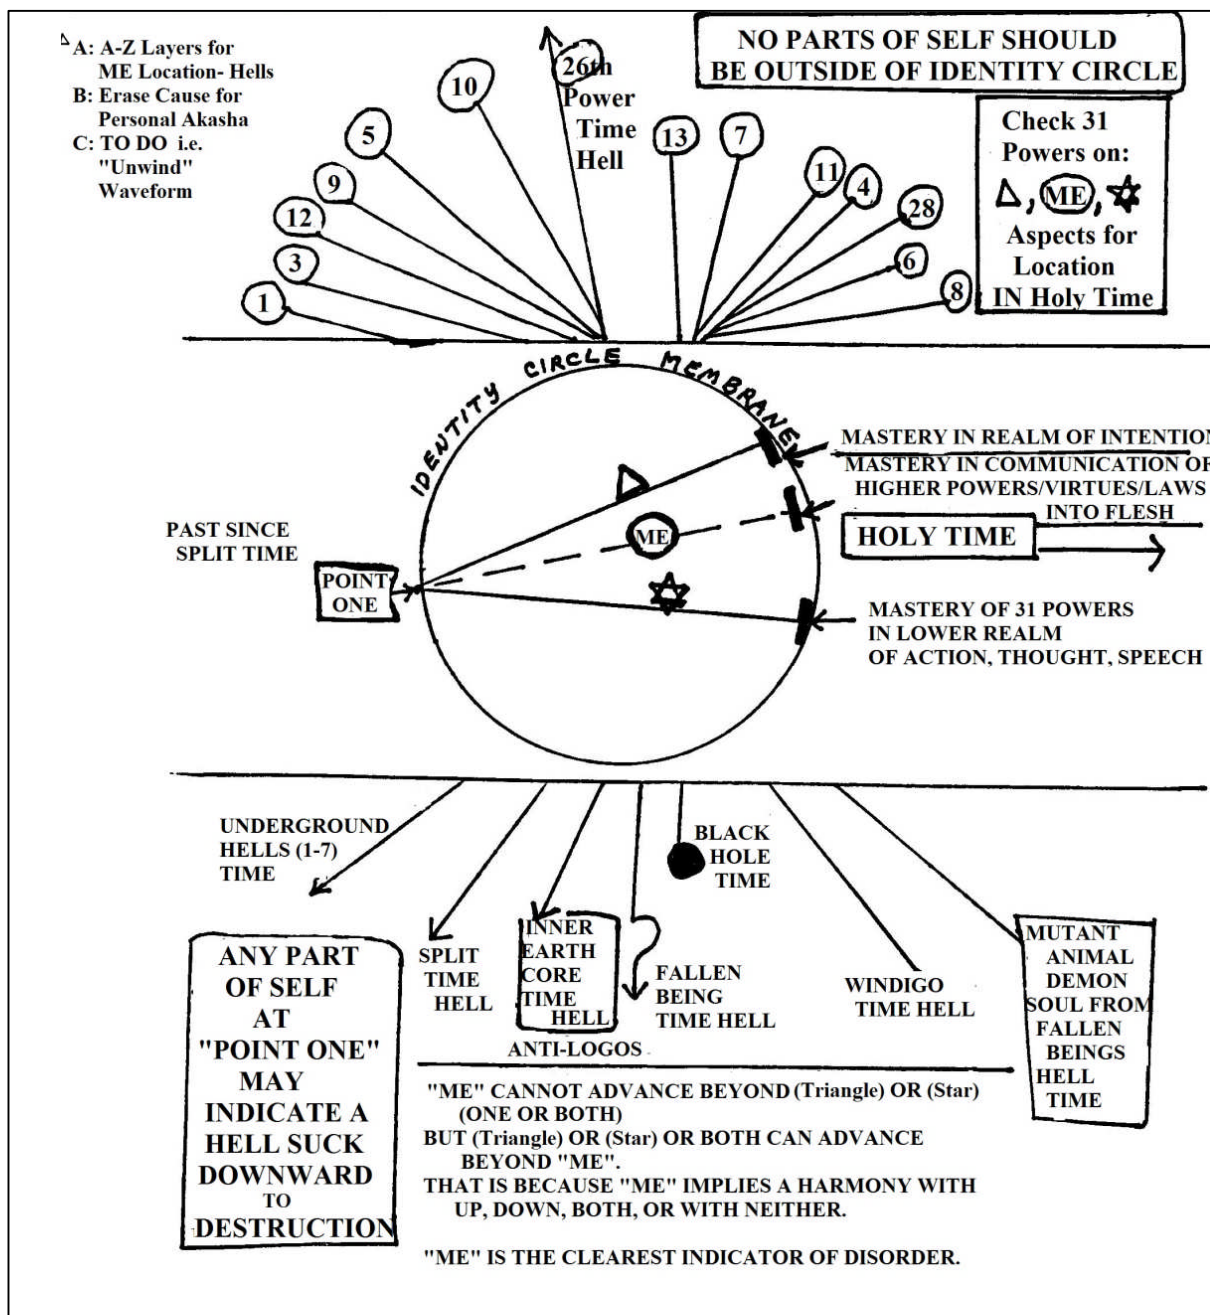

However, they cannot vampire you if you (and your mate, if such a case be) do not have ANY false beliefs or assumptions. You are only susceptible in your blind spots where you have closed your eyes to Truth in favor of a false idea.

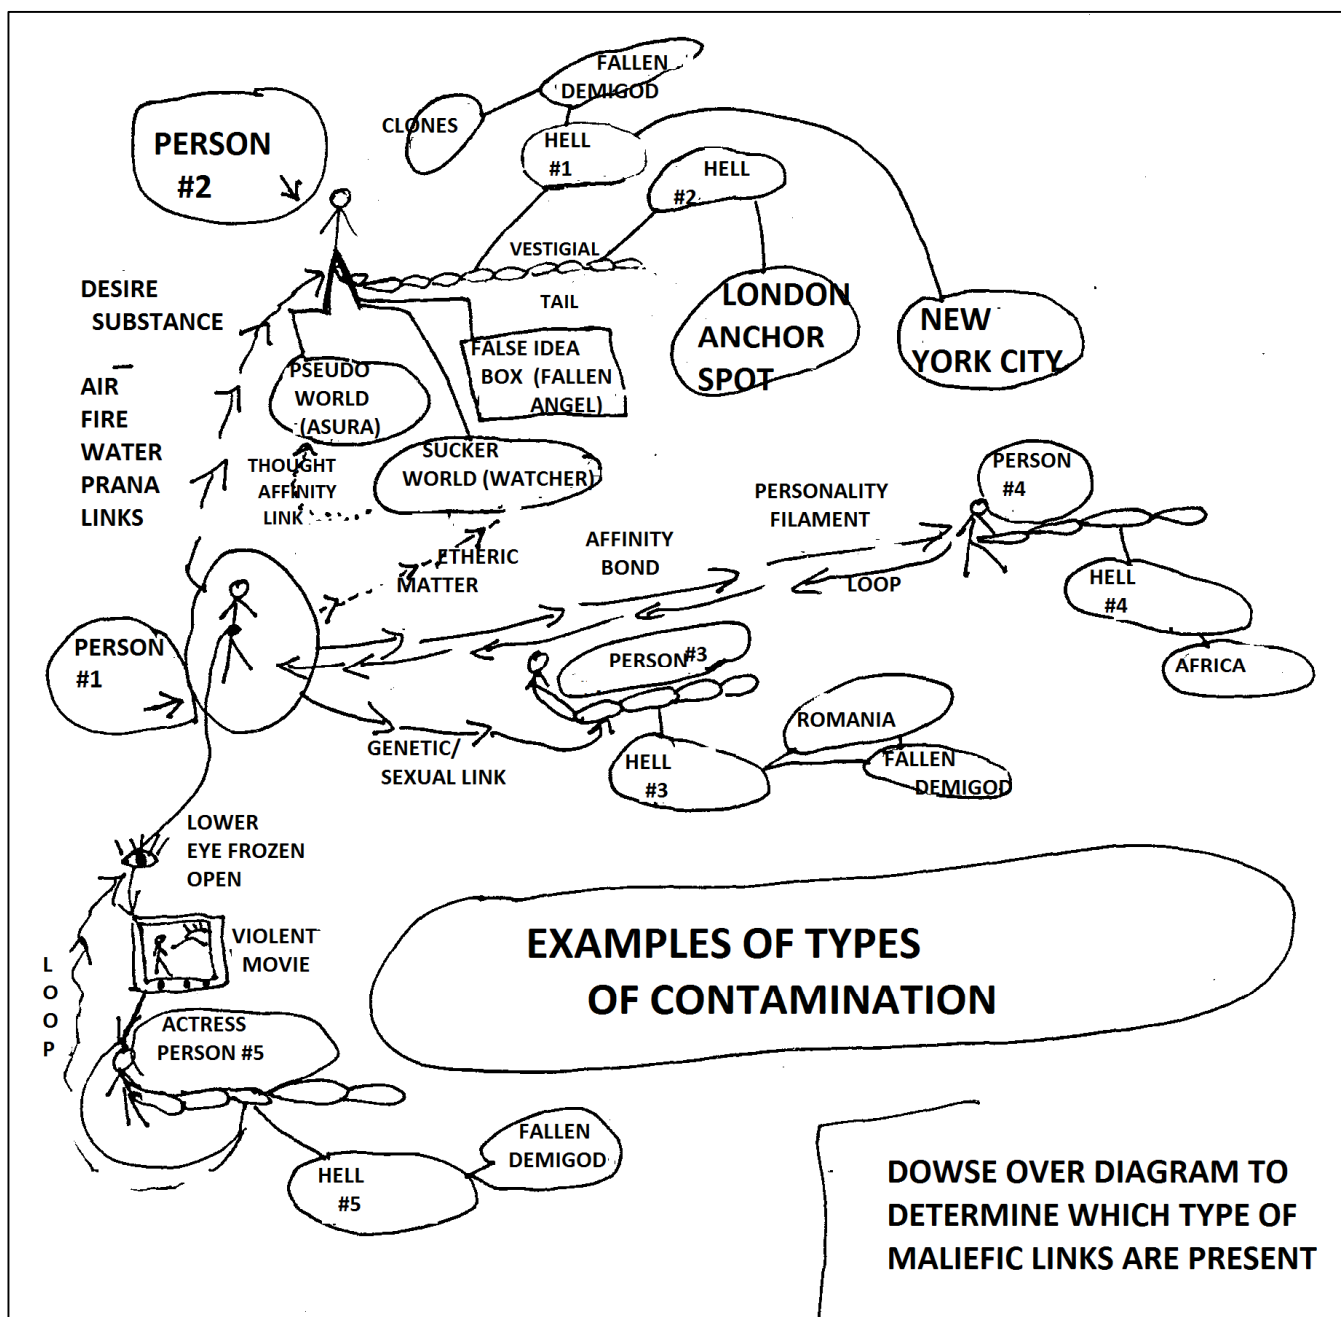

You may not be able to identify the many assumptions and beliefs that have crept into you since babyhood, but you can **Pray:** *"To be delivered of them with the vow to be willing to receive pain if they attempt to reform."* Unless you have some signal to alert you, then the holy beings will not deliver you from your own evil, because you will reform it from habit.

Assumptions and beliefs are linked to the many hells in the diagram sent yesterday (*Hells Chart in Appendix*), and incorporated in an older diagram↓ today, that will follow this lesson. The angles of the hells in relationship to each other make them easier to dowse. It is easier to dowse for hell portals by using one hand as an indicator for direction (out, in, up, down, left, right) and the other hand on the yes-no chart and hells diagram.

You are in advanced studies, and impeccability is required to go further. All of us have tissue-crystallized blocks from old assumption-beliefs (including me and T3) that must be completely removed to make us clear enough to fulfill our spiritual work. We will continue to try to help you break through the scar tissue of the past and heal to a new You that will never stop growing toward Christhood. Likewise, we will pray for continued purification within ourselves and this work. We have faith, trust and hope in ourselves, you, and God. Those Virtues are the seat of true love that never faileth.

Crystals (See Arrow) can have many sides. They should have 5 sides in people without souls and 6 sides in people with souls. If they have fewer than 6, and have a soul, then they are injured in the part of them that has the point of Star aspect relating to it:

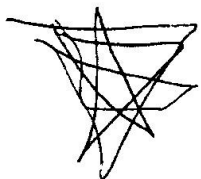

Crystals have a Soul aspect if AZOTH (#7) is present. Perhaps a GRACE layer, too.

The layers within layers of a souled person.

ENSOULED: 6 POINTS

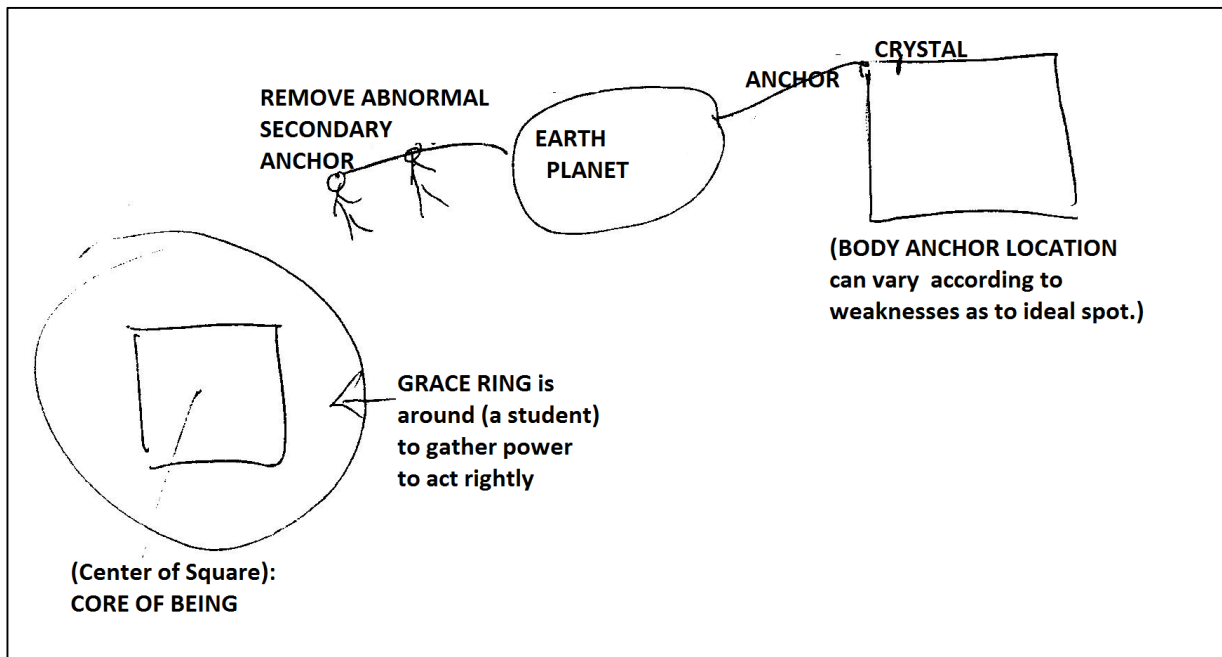

Some people only have the body left. The others are controlled by Fallen Beings.

UNENSOULED: 5 POINTS

(Body Layer, Mind, Spirit, Soul, Other)

If you remove Dark Forces from a soulless person who has only body and mind left, then he will fill back up again in the empty spots unless you fill the spots with AZOTH and seal the cores of each layer. If a person has no soul he still has a 7th Vacuum Hole there. Fill it up. In extreme evil, remove all Earth Coordinates to the sternum, naval, genitals and eyes. A body can be evil and intractable even if the rest of the layers are filled with AZOTH. In that case take a spiritual sledgehammer to his evil double.

CLASS NOTES: FEBRUARY 11, 1995

(From hand written Class Notes by "Cel". Anything in parenthesis is a current rephrasing of the sentence).

During a walk this morning, something very bad was pulled out of Cel and destroyed.

After the walk:

This (entity) is from an alien planet not from this galaxy. It is an **EVIL CONTROLLER**. It spread 44 holograms.

Pray: *"That we be delivered of evil hologram energies which entered this world and the removal of the cause in which it entered."* This thing seems to crave souls. It could live in an unensouled person (after that person) would be enticed by it, if that person were around ensouled people. These eat an aspect of the soul, a substance that even animal group souls have. Three people have a Core of this thing: **ALIEN INTERLOPER** (Cel had a hologram/filament but it had eaten 50% of her core).

Stages of contamination (would be :)

- 1) In process of becoming a (Evil Controller) core: i.e. Cel.
- 2) 100% Core: - currently 3 people
- 3) Ex-Core: This occurs when the person is used up and is of no use to it anymore.

There is a **stolen aspect** of old self/other: A male has a part of his genetic fiber in an ex-student female creating a portal/courier for the Alien Interloper:

Death Shadow Blocks: *Pray to destroy all links to bodies that the evil awareness possesses.*

Alien Split Time Evil Consciousness

INORGANIC RENEGADE ALIEN WITH UNDERLINGS: Some humans are the underlings. This thing was a renegade, on the loose and operating under its own will. It was not a part of any hierarchy. There was no evil higher-level being that the renegade was UNDER, and that is what threw T2 off in finding it. *No one on earth knew about it, and the renegade had enough knowledge to steer clear of detection.* If a human prayed for intervention, the Holy Beings could (at that time only) break through.

This alien was probably one of many that need to be cleaned up from the spiritual crisis of split time. It had nine alien dimensions. People possessed with the interloper had an auric shroud composed of nine alien dimensions.

ALIEN DIMENSIONAL CONTAMINATION/SHROUD:

Add this to your Dimensional Chart. These cause weakness, apathy, depression and illness.

CEL'S EXPERIENCE WITH THE ALIEN RENEGADE INTERLOPER

February 11, 1995

It was a dark and Windigo morning...Cel woke up at 6:30 AM and thought, "I could get up, but, I don't have that much to do". She then slept until 8:30. At 8:30 she was half awake and thought "Gosh, I know it is late, I should get up but, I don't feel bad about it, so it's probably alright"...

Then a series of odd dreams were interspersed with episodes of sporadic and incomplete evil sentences, with an occasional thought of mine like "Gee, this sounds bad, and I'm not praying", along with warnings (that I can't recall in words) but where I was shown something that was wrong. So I prayed *"In the blessed Name of Jesus, please help me; what is it? I know something is wrong, but I don't feel bad about it; I don't understand why it is wrong"*. Then I fell back to sleep.

Three things were wrong. They seemed at the time simple, silly and of no consequence. Finally I "understood" two of them, but I could not get out of bed. When I "understood" the third one, it truly seemed a miracle because I became wide awake and alert, and I said "I will NOT (something like) serve, be a part of, succumb to...) these three (wrong) things. I WILL NOT!" And then I jumped out of bed feeling happy and energetic and the pain in my body was gone.

For me the three things that were wrong were metaphorical, but they had an absolute physical component that was familiar to my past life. The three things were (and don't laugh) eating, watching TV and sleeping late. (Sn! You're laughing!)

I realized that for at least the last 6-8 weeks these habits were overcoming me incrementally, and within the last 5-7 days they were overcoming me in leaps and jumps. But the Alien Renegade Interloper made two fatal mistakes. One: about a week ago I heard a thought from a person which said: "When the horrible evil that is in Cel is discovered, then...etc." That was a shock. I thought: "Really? That person thinks I have a horrible evil in ME? I don't see it." So I didn't discard the thought, but put it on the WAY back-burner.

The second mistake was this morning of Feb. 11, when I was able to see the evil (through the metaphors) of my physical actions ONLY BECAUSE (I believe) *the Alien Renegade sped up my physical decline to such a rate that I could see and identify it*. That morning I pondered (weak, weary and half asleep): "I know I'm watching TV (even though I am working at the same time) for 5-6 hours a day; I know I'm eating 3-4 dinners between the hours of 6PM and 12PM; I know I'm lounging in bed for hours in the morning and daydreaming....Why? And why do I not feel bad/worried about it?" And then I prayed.

On the late morning walk on February 11, it was a beautiful day but all I could hear was an irritating song, and so I had to sing over it (very) loudly in my head "Angels we have heard on High" until my eyes started watering, my head had a burning in the very middle, I couldn't see for being dizzy, and I was thinking of every single evil synergy person ever in existence, and in sequence. When I finally felt as if I were "Nob", I had reached the end of my rope. I asked T2: "Why do I feel like Nob?"

T2 suggested that I **pray** "*Pray that the CAUSE of your feeling like Nob be removed, if within Law*". I did that and felt some relief, and then T2 said "*Pray that the CAUSE of the evil that you are sensing be destroyed, if within Law*". When she prayed for this, I could feel the pain in my head drop to my throat and ears, and it felt as if it were to come out of my mouth.

That is when the Alien Renegade (who by that time was 50% of my own core) left me and (according to T2) whipped back-quick as a bunny- to a previous Core person. T2 said at that time that she had never seen anything like it, and did not know what it was, but was able to start destroying it when it showed itself. **What was important, she said, was that I wanted it to be seen, and if I hadn't wanted that, it could not have been destroyed at that time.**

(Note: Today's lesson on page 1 was written after the walk.)

It was interesting that the songs that I would hear often in the last few weeks were:

- 1) I'm still standing, yeah, yeah, yeah..." (Billy Joel)
- 2) You keep-a knockin' but you can't get in...
Come back tomorrow night and try it again!
- 3) Roses are red, my love, violets are blue...
Is that your little girl? She looks a lot like you,
Someday a boy will write in her book too...
(Something)...if not, may God bless you
- 4) Up a lazy river down the old Mill stream,
That lazy, lazy river, where you can have a dream.
Linger in the shade of an old fruit tree
Throw away your troubles, have a dream with me...oh oh oh...
Moonlight up above, everyone's in love,
Up a lazy river, how happy we would be,
Up....a lazy river...with meeeeeeeeeee..... (Mills Brothers)

Other signs of the Inorganic Alien Interloper were the Windigo/Banshees that would blow with great force across the plastic of Sparkle Heaven's ceiling. Not just the little puffs of air as intermittent accents (which happened all day, every day), but great billowing, mournful and violent rushes of air that would cross the entire length of the ceiling. Sometimes I would hear a radio in one room with women babbling, and at the same time I would hear in the other room a radio with men babbling. No radios were playing in the building at those times.

It was fortunate that the second floor is as tight in security as Fort Knox, because I would hear knocks from behind every locked door, and I would hear people walking in, and hear my name called from different directions.

Two weeks ago (with my left vision) I saw and smelled everywhere streaked on the walls and pooled on the floor, urine and feces (not the actual substance, even though it looked absolutely real). The very next day it was blood, and the next day it was the smell of rotting flesh. The food that I cooked looked like rotting dead flesh, and had a black emanation.

Time had a quality of mud, in that whatever I tried to do, it took forever. I would be working on something with the usual amount of speed, but time was thick. I could see the work was being done in a normal clock time-frame, but I was swirling in a stretched and muddy, thick, quicksand type of space.

One of the most dramatic things that I saw, and again it seems a silly thing, but for the last week my computer battery capacity stayed at 0%. No matter if I worked with it plugged in all day, or if I left it plugged in over night, the capacity would stay at 0. I thought at the time “Well, the battery pack must be blown; I’ll just work without it”. Then, I swear this happened, the very first time I started up the computer on February 11, the capacity was at 100% (not 95%). It was maxed out, and I had not kept it plugged in over night, and the day before I had had no lesson to type.

One more thing before the coup de grace (a prophetic dream): The last good session of dowsing that I had was about a week ago. The dowsing was so clear and precise and what I kept finding was that every single auric part that I tried to clear was 40-80% Black. Every single one required a prayer for Holy Restoration. My last thought (as I got up to eat and turn on the TV), was “Gee, the contamination is pretty bad around here” and “I know I should stick with this to find where it is leading, but I can come back to it after I eat and turn on the tube...”. After that day, I could not *see* to dowse. I could not dowse. I did not feel bad about not dowsing, because my thoughts were: “It must be because the holy beings are cleaning my aura” and; “If I just pray, I will be cleared” and “If I don’t find what’s wrong, I know T2 will”...!! Is that scary??

Now, for the *coup de grace*. The prophetic dream that I had which I didn’t understand then (and even now I “understand” only part), until the “metaphors” of this morning came to light.

February 1 (or 2) 1995: Cel’s prophetic dream written in her exact words and phraseology after arising from bed on that day. (It was then sent to T2 and T3).

Dream:

Heard gentle but insistent tapping on a door this morning. Then I dreamt I went to a movie to take a break. I carried a pillow, a basketball and a dictionary, and sat down on the right side of the cinema. Another girl was there who I recognized came from a “po-backwoods” type of family and was mean (like Mare Winningham in some movies). She was too chummy and kept taking my items. We had words, so I got up and tried to take my pillow, but I let her grab it because I knew I just had to move. I found a seat 2-3 aisles (in front of her and then thought: “good, settled, can get pillow”. So I went back and apologized for arguing with her in such a mean way and got my pillow back. Then, I realized she had the basketball too! I got it back. Then, I realized she had the dictionary too! I got that back. She had hidden that under the seat.

After the movie, I went “home” to 909 where I was on watch. The house was absolutely empty. This girl followed me home and now that we were “chummy” she walked into the house after me! I said it was late, I was tired, and she should go. (*Redrum, Redrum!*)

I was concerned that she and her pals were all looking for T2, and it seemed she and others would be back and it would be easy to get in, and I would be ‘screaming fried kitty meat!’ (Note; the kitty meat is a reference to another story). I must have floated over to Sn’s. I think she was in the monastery painting her bedroom white. I wanted to scare her for fun, so I floated to the ceiling and waved my hands but she didn’t see me till I stood next to her.

We got back to 909 and there was a party going on! People I sort of recognized but couldn’t name, and that girl was there. Well, Sn and I left. I had to spit something gross from my mouth into the toilet. I remember that it seemed too horrible to spit in the sink.

But before we left a black guy (just like in the movie **The Shining**) showed us a painting where someone’sit seemed like Forr’s side of the family long ago, had killed the patriarch of that girl at the movie house. The photos (?) of that girl’s ancestors were on the wall of 909!! Also, my sister was there mimicking being hung by a polyester rope---the same yellow rope that the girl was carrying in her bag to the movie. All who were at the party were happy and having a good time. **End of dream**

In addition to the dream I wrote: “Last night my tongue was black. This (in Eastern medicine) is a sign of death, AIDS, etc. this morning it is less black, and the top of my head feels like a big hole, or something”. T2 later said that the Alien had probably entered me the day before and my body was reacting to it.

CONCLUSION:

I believe that the pillow in the movie was a metaphor for my left side (one’s communication with God), that the basketball was the circle of ME, and that the dictionary was my Star of David. I believe that the Alien Renegade was offering me TV instead of Divine Wisdom, food instead of Divine Love, and sleep instead of Divine Will. (Sleep, in that my own will would go to sleep and I would be an unresisting open vehicle for evil.)

That’s all! Thank you very much. -Cel

LESSON/Notes FEBRUARY 12, 1995: Thought for the Day

----Thought for the Day:

What is it that makes one person become a saint while another person, despite the desire to do so, cannot? It is the characteristic of fundamental optimism. People are not born with fundamental optimism. Fundamental optimism occurs because a person chooses to believe that God will prevail. If a person chooses to believe that God will prevail, with his whole being, then he will have already developed Divine Love. Therefore, an aspiring saint must first develop impersonal Divine Love and then DECIDE to know that God will prevail. Then, no burden is too great...no day too dreary, because the eternal optimism of a person who has already learned Divine Love is unstoppable. In order to truly Love, a man must have Divine Faith in his fellow man’s potential. In order to have Divine Hope, one must have Faith and Love. With those Virtues; sainthood is achieved.

-----Second Thought for the Day:

An angel was sent to Earth, in the form of a man, to bring a message to a poor friar who had prayed earnestly to God for relief of spiritual doubt.

The message was shielded from the unworthy in a simple book of prayers with no author mentioned. The angel, dressed as a businessman, knocked upon the friar’s door, and said that he had heard of the friar’s good work and wanted to give him a present. The friar looked upon the plain book. He frowned, “Is this book approved by the Church? Are you under the authority of the Church?”

The angel, not given to guile, and assuming that a man of God could see Spirit, said, “no.” The angel was from the creators of the Church, but not under the Church.

The friar looked sternly at the angel and said, “Unless you are under the authority of the Church, then I shall take no book of prayers from you.” Then he shut the door.

Hebrews 13:2 Be not forgetful to entertain strangers: for thereby some have entertained angels unawares.

Hebrews 12:25 See that ye refuse not him that speaketh. For if they escaped not who refused him that spake on earth, much more shall not we escape, if we turn away from him that speaketh from heaven.

Afternoon Class Notes/Chart Lists February 12, 1994

12 FEBRUARY 1995 Afternoon Lesson/Class Notes

T2 suggested that when people have left sided experiences they need to write them down and share them so that everyone else gets the experience second hand and learns to see with their left through reinforcement by others in the group. It is a good record of events, and one does not need to sign their name.

Examples of a left hand experience would be one; when Sn felt as though she needed to leave town recently or if you should you have an unusual experience at work when looking through the left side. We are all supposed to be practicing on the left side, and if we write in a journal and take notes about it, it will seem more like an assignment and we will improve. T2 will test us on it when people are in town.

Dark forces that are from alien planets, Hades, hells or other people usually have to find an open aura unless they can find a way to wear you down day in and day out. Many hostile people have focused on the monastery, 301 and 909, so their dark forces have tended to always be present. The reason that 909 was focused on was that Ji and her brother hoped to take all of Forr’s money and possessions in a law suit. They knew that 909 was paid off.

If you work with or live with a person who is a portal for Hades, hells or aliens then you may get worn down. You can do one of two things; you can take yourself out of the situation if you realize you are getting spiritually exhausted, or while you are in the situation you can gain virtue by gaining in endurance and learning to pace yourself in such a way as to keep your mental and spiritual health.

Being optimistic as though relief and deliverance is about to happen at any time is the only way that you can endure a long term attack. By being in the NOW and yet expecting success you will not give in to despair. The challenge of facing major spiritual attack is one that must be considered an initiation for any saint.

The ability to trust your left vision and yet not go crazy on your right side and be able to communicate between the left and right is vital for your spiritual advancement and purification. While going through these experiences, doors have swung open by themselves and the tappings heard on the doors, walls and ceilings have occurred, and telekinetic objects floating has occurred.

Examples:

➤ At 301 the lid on the cayenne pepper in the kitchen floated off and flew across the room a couple days ago. This kind of thing just happens when there is a lot of spiritual struggle going on. The dogs have been tracking spirits and the lamps have been going on and off by themselves. Often at 301, T2 doesn't know when she walks downstairs which lamp will be on. It is as if they are down there reading.

➤ "La" hairs have been showing up in the bathroom out of nowhere (they are very distinct). T2 has had a glass or two slide off the middle of the table and fall on the floor. This morning something was by the fax machine and one could hardly see the fax machine for the ghost. **(When this happens) the temperature changes.** When the dark forces come into the room, the temperature drops 20 degrees.

➤ (Just last night) all of the boards stacked in the upstairs bathroom in 301, moved without a sound to the other side of the wall. Four huge 8x4 feet and ½ inch thick plywood had been stacked for the last year in the upstairs bathroom against the tub side and had never moved. This is adjacent to the bedroom wall. T2 got up to go to the bathroom and the heavy ply boards had all been moved silently to the opposite wall. When she tried to move them back one at a time, T3 came running because the sound was so loud. There was no window open, no wind, and T2 had been in that bathroom two hours earlier when they were stacked against the bathtub. She asked the Holy Beings the meaning, because she had prayed for a sign due to the intense oppression of the renegade energies. The holy beings said it was a sign that a house of cards was falling. The stacked huge ply boards were like giant cards all falling the opposite direction of gravity; meaning that the evil renegade forces were collapsing.

One thing we have learned from this experience with the alien renegade is that dark force energies are seldom from a singular source. They find the most ready portals in people who have hell or Hades combinations of disharmonies, and alien energies must not be overlooked when dowsing.

However, correct prayer if it is exactly worded and used with personal will and intent, and is submitted to the direction the Divine Judges discern as proper, then we will be delivered of any variety of evil.

But, since much of this disharmony was invited by humans we have a part to play as intercessors and we must accept our duties graciously and work hard for the good of the earth and not just so we get a good night's sleep.

Love of humanity in general is one of the greatest protections against evil. A generous person --meaning a person that cares as much about his fellow man as he does himself in all ways and things, is not likely to be trapped by the little enticements of power, money, sex, lower love and pride.

In every case where aspiring saints have gone bad; one of those weaknesses was their downfall. The most insidious and the most dangerous is a person who is essentially loveless in nature, who might like to be part of a group but has no divine love. You can check everyone you know on the scales for how much true love of God and humanity each one has. If (yours) is not 100% on the Holy side (not inverse) then you must pray to develop Divine Love. If you do that, then you will seldom grow weary of your spiritual education with the physical, mental and financial drains it places upon you, because your heart will overflow with joy even in the darkest night because you know you are crawling ever closer to Christ. Some of you may have to crawl over many rocks and obstacles of your own flaws but if you endure with love and optimism then nothing can stop you. Not even Satan himself.

Just as in Cel's case you must exercise your personal will in little ways and in great ways so that you will not fall into a slumber while the sirens of death soothe you with what you want to hear. You must love truth above comfort and God above self or you will long for the slumber of soul death where there is no struggle toward Christ.

CLASS NOTES: FEBRUARY 13, 1995

KEY: Everyone in our party has changed selves at times of soul progression or if the Holy Beings saw that they needed their phone number changed to prevent possession. In some cases when an old self was supposed to be retired and the new self take over, part of the old self could not retire because it was stolen by another person. What is stolen is a copy of one's **MEGAMAN PATTERN DISSONANCE KEY**. If that is stolen the person can in effect, use your phone calling card to do evil in your name.

The stolen patterns must be obliterated or they will track to your flesh and drag you to an earlier state of evolution mixed with dark forces of the pattern thief. T2 is going to list the number of selves each person has had. Any selves that have a *minus* reading were not granted by the holy beings, or else they became totally satanic after being granted by holy beings. All *minus* selves should be destroyed because they are **Pattern Keys to Satan Dissonance Points**.

All but one holy pattern (your latest hopefully), should be destroyed. Our latest pattern should be cleaned up with no percentage or reproductions or in other words, copies of the core in anyone else or in fallen beings, hells, Hades, with aliens etc. What is left should have a 100% Love of One True God reading and no Mirror Reading. It should have no combo energies with it, or be with anybody else's combo energies anywhere.

(List not included: Most were 1-3 new controlling selves)

Pray: *For the causes of the aberrations to be removed as well.*

Check:: In the current body, is the correct self in charge?

How many selves were given for a holy reason?

How are they on the Love of God Scale?

T2 is working on this, but we need to check it periodically. If anyone else has your number you have to mentally think of destroying the credit card with the number on it inside the other person.

Check: % or # of reproductions:

- 1) Stolen copy Megaman pattern dissonance key
- 2) Minus reading
- 3) Selves not granted by Holy Beings
- 4) Selves granted by Holy Beings but satanic
- 5) Selves with fallen beings/aliens/hells/Hades/purgatory/chaos
- 6) Combo energies
- 7) With another's combo energies
- 8) Check % of mirror reading
- 9) True Love of God: should be 100%

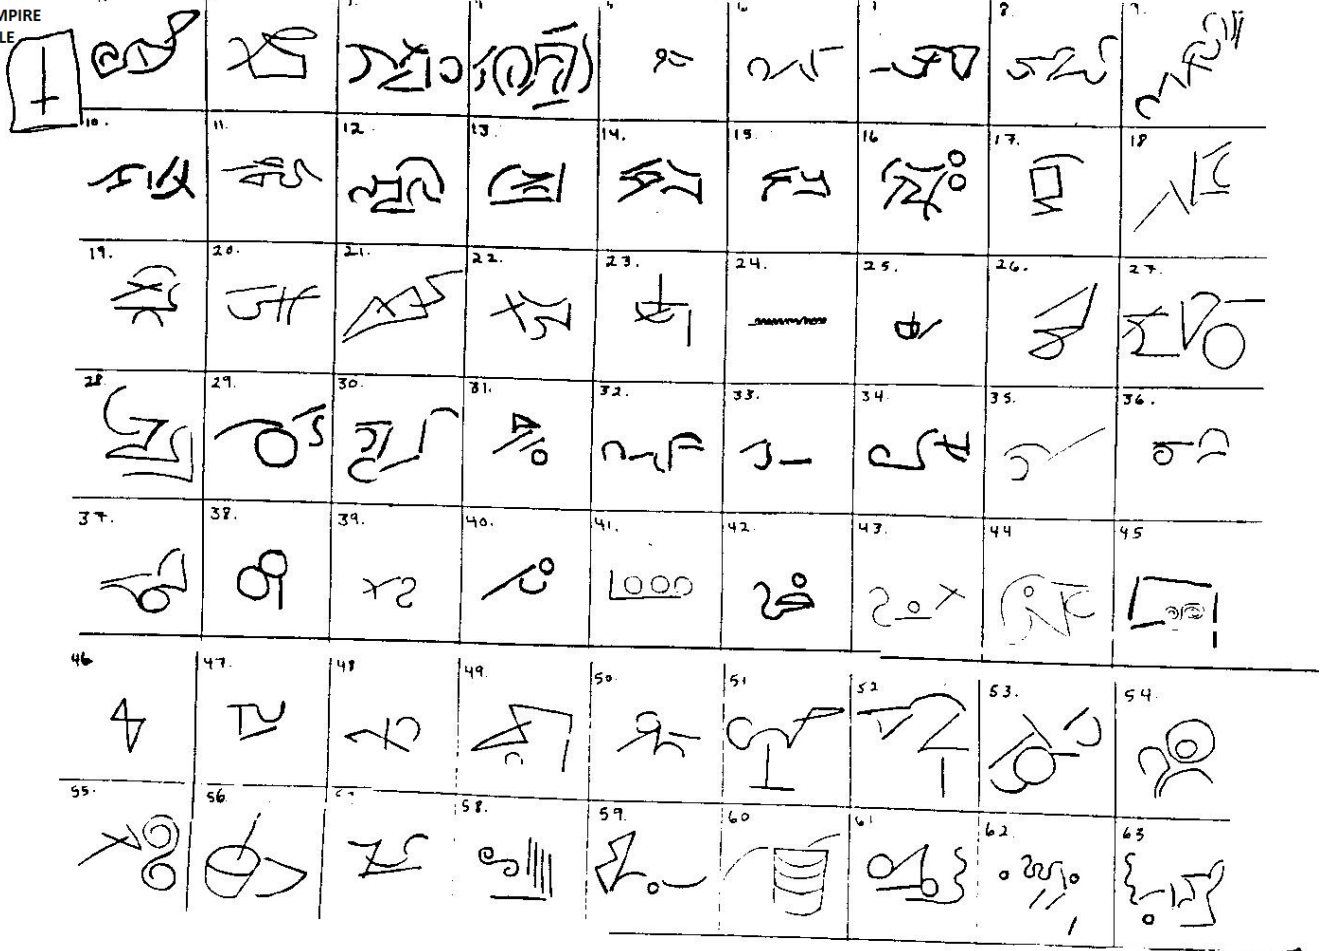

Today the clearing involves removing 9 pieces of the **Black Nagual** that was doled out to nine people.

This was key; since each piece was feeding the evil synergy group.

T2 found AURIC EXTENSION COCOONS of evil synergy extended over students for energy. They were removed.

CLASS NOTES: FEBRUARY 14, 1995: Unexpurgated

UNEXPURGATED VERSION

Sn for your eyes only!

Valentines Day: "Maybe we are getting the heart out of Evil."-T2

This will be edited before being sent out:

One person sold her body to a fallen angel in underground hell #7. She offered to serve him if she were made Queen Bee. Isn't it interesting that a person, if they don't have a soul, can sell their mind and body? They would be walking automatons for Satan.

People that made pacts with satan are losing the pacts they had previously made with God. And T2 is not sure what that means. Satan does come to get the merchandise, and he won't come until an opportune time. Say if one (who was sold) were nearby another person who was doing holy work, (while projecting) the thoughtform that they were "indispensable". Then the holy person could be worn down and taken over bit by bit. The holy forces right now are entering two people and destroying the evil minds they had sold, and what had replaced their souls. It seems they are destroying the evil bodies.

A person can make a pact with himself that is a curse, and the curse will use every fiber of one's being to destroy another person or get what they want over someone else's will. They use all their energies to use for the curse and destroy themselves in order to destroy another person. For example Cec who said "If it is the last thing he would do; is fulfill this curse".

It is interesting that some people at one point made a pact to God, and promised themselves to God which in some way that holy pact shielded them from destruction because there was an actual substance relating to pacts. The Holy Beings are now removing the **Pact with God Substance** in their bodies that has allowed them to stay strong. It has protected them from being physically destroyed by their own evil.

The Pact with Satan would have resulted in T2's demise since the prayer "If you let me be the teacher when T2 dies" is part of the pact. Since T2 is a complex of beings and not just a tissue container, not just a body, it means that the work will die. This person sold herself, and her actual body is directed toward the destruction of this holy work even though she "thought" she was making a pact with something good.

➤ There was another pact with satan: "If you let me be T3's Nagual woman when T2 dies, then I will do everything I can for you lord, to further your aims" It sounds benign but obviously isn't as it implies the actual teachings stop.

Dowse "How many beings comprise the consciousness/awareness of T2; how many holy beings?" and hopefully you don't dowse the demons she is pulling out.

When you are looking down from heaven, look (down? for) inverse, and up is right (sic). There is a paradox, realize sometimes the down scale may be from heaven but the direction of the numbers might be different. Dowse which angle you are dowsing from, as there are angles for each of them. T2 would say probably 83 Holy Beings (comprise her consciousness) by scanning all the angles. So that pact would mean the destruction of an entry point for holy teachings.

People have done their best to destroy (this teaching). T2 has had to spend 24 hours a day clearing two people for the last 6 months. She has been trying to clear them, but she can't if someone has made a pact with the devil; then she can't.

Add a category on chart: (Thinking of all evil people in group); **Ask:**

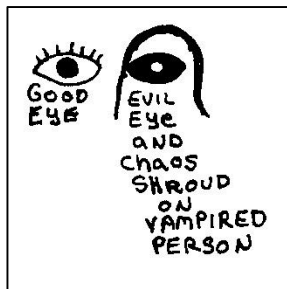

"How many evil pacts with satan...people...self were made with this person?"

Check: Yourself, there may be pacts that you don't realize.

This will be the way that you will know it, as curses are pacts, they are things, **Ask:**

"In what direction do I have a pact that needs to be broken?"

Ask: for deliverance and you can ask it be cleared by the holy forces.

If someone has sold their soul to satan, think of the soul eye where the sclera would be black and the middle is white. That is the symbol for one having sold their soul to Satan. Draw the eyes on the < chart.

One ex-student kept asking what her problem/weaknesses were, and another person said "I will do everything I can to help her" ("her" being an ex-student) and that was a *pact*.

Most people know their weaknesses, but if they (often) ask what they are, they have another agenda.

You can dowse when satan collects body and mind; it may not be at the same time that the person sold it.

It is an aspect of selling the soul, but not exactly, it was during the night of the Windigo entry of Ji when Ji sold her aspect of eternal life, the part of her that would have had eternal life, she sold for T2's eternal death. It looks like several people sold their souls to destroy this work in pacts with satan. These people didn't just lose their souls, but they bargained with satan:

Satanic Soul Swaps. You can tell who has a soul swap by dowsing the black sclera of the eyes.

➤ One person had two people's black souls in her eyes. That is why she is carnal, because one person sold her soul for you know what, and the other sold hers for T2's death, so that she could replace her. Now a third black eye is in this person, who wanted T2's death. A fourth is in the same person; another ex-student.

➤ One sold her Creative Forces which is different; it implies sexual creative forces.

What one can sell to Satan, in order:

Chart: Layers of Self that can be Sold to Satan

- 1) Genetic Fabric
- 2) Body Vehicle/Tissues
- 3) Creative forces
- 4) Mind (lower will)
- 5) Grace
- 6) Soul
- 7) Knowledge of God

➤ If a person has come under Grace and been touched by God, they can sell the energy of that blessing to satan.

➤ A lot of people start with the genetic fabric, often through sexual relationships.

➤ Satan doesn't take the body until the right time, so the soul could leave after the body had been sold earlier. Then they take the body when they are ready (sic).

➤ When (#4) the Mind goes, the lower will is lost and the sense of self is gone, the person in effect is no longer the same person. That seems to be a very major one, when that part goes there is not much turning back. This one was lost in a pact to satan with Ji. Within the last several months an old letter from Ji manifested on a table in 214 last year. In Ji's letter it said *"I know that all my spiritual substances had been destroyed and it was a strange frightening experience."* It was a day after the letter appeared that another person made a pact with the same force that Ji had, and with the same being.

This is the most telling, if a person has sold that then they are (---). A person can go as far as to the genetic fabric, body tissues and creative forces and still crawl back. But if you go to the mind/self/lower will (those are all one sale), then there is no turning back...when you get to the point where you lose your will. For example for Cel, they had infiltrated the genetic, body and creative forces #1/2/3, and had taken over the (#4) will by 10-20%, and T2 couldn't see it at the time.

➤ If someone is losing it, you can't be sweet you have to be hard as nails as they don't have any will. The demons had 70% of the mind, will and sense of self of T3.

➤ The weird thing about this evil is that it seems to take the genetic fabric, body creative forces, mind and will all at the same time. It doesn't seem to crawl up one to another, but it is taken all at the same time.

Check: how much of the WILL was taken by this evil from people?

T2: 9%: and she has a mighty will. She was beginning to feel despair.

T3: 70% Forr: 33% Si: 35% Child: 5% Ab: 4% B: 8%

C 39% Cel 45% Mag 56% Sn 26%, but she's tough; been fighting. Jack 67%

Put forth the prayer *"That all the pacts with satan that allowed people to be infiltrated to this level be removed and destroyed and that if it is within God's will and only then, we ask that whoever will not continue to be a vehicle for evil be healed, but any person 100% taken over to the level of mind and will, if they are going to remain evil as a vehicle for satan, that that vehicle be destroyed, whosoever it is. That no one be allowed to be a vehicle for satan that interfaces this party and if they are intractable and will reform another pact when this high level evil one is gone, then we be delivered from the danger that they would represent, no matter who they are, even it is our very selves, that no one be allowed to further slow us down, or attempt to destroy God's holy Plan on earth towards any of us, or any associates of ours."*

T2 is finding that the wording of the prayer is not quite correct.

They are telling T2 that the infiltration is so unusual, that it is not typical in the selling of souls, as it is far worse and innocent people have been taken over without them having a major flaw. For that reason, more mercy is shown those who have been replaced with evil, than normally would be shown. However the aspect of people who would have been replaced by evil even without this high level evil infiltration, they will not be allowed to remain vehicles to destroy the Plan of God through this party. But only those who would sell their body, will, mind and soul independent of the forces that course through this group, those who are inherently evil, would still be dangerous to the plan of God in association with this group; and with the prayer that they be stopped from serving as vehicles will be granted, but not in all cases.

If they will be evil but not to this party, then it is against Law to remove them. As chief intercessor for this group, it is allowed that T2 be able to protect it by praying for the removal of her murderers in a way that the judges determined appropriate. It is very explicit, the prayers, and T2 has asked that she get physically sick if she says the wrong prayer, and she will get pain, usually in her back, instantly.

This prayer that we made is a pact, and you can dowse on the law clock where a pact is in relationship to holiness, and make sure you are looking in the right directions. This is a very holy pact, and one can measure any prayer on the law clock for clarity and holiness. It may be dowsed with faces, but BE SURE YOU ARE NOT LOOKING FROM BELOW. You must have a law clock and a black law clock beside it, and it will tell you when you are looking from the wrong angle. (A more thorough explanation is toward the end of this lesson).

A third law clock could be added, if you are looking from heaven. That is why an inverse law clock could mean looking down from heaven, or under the mirror up. Therefore replace the concept of under the mirror with a black circle to show you that you are "Looking from below" and underneath it up from below or with a Satanic viewpoint. Then have the regular law clock as "Looking from Holy Eyes on the Earth" and the third law clock say: "Looking Down from heaven". A fourth Law Clock would be black as well, that says: "Looking Down from Tethered Hells, fallen beings or aliens".

Chart: Law Clock variations due to Directional Focus

"Looking from below the Mirror"

"Looking from Holy Eyes on the Earth"

"Looking Down from Heaven"

"Looking Down from Tethered Hells, Fallen Beings or Aliens".

- You do not need numbers, just know from which group/clock you are looking and:
- Just know if you are in the holy quadrant of that chart (the white portion).

It is interesting to think of curses and prayers as pacts, and (what is involved in) selling one's soul.

Holy beings are strengthening a pact with the Higher Intercessors for downline members of our group, T2 and a complex of Holy Beings. These pacts are agreements to help, strengthen and supply divine intervention when needed to a person. And (they are) weakening the pacts we had from people way back. That will make our group cleaner. With (this) contamination there were still power lines out.

Examples:

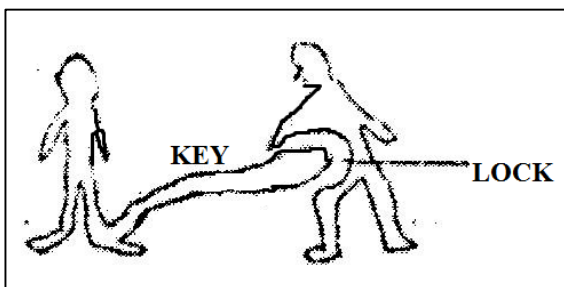

- One person made a recent satanic pact regarding T2. She had nothing left to bargain with, so she sold her cats and dog. Other dogs have residual contamination. That shows some sorcerer ability, because it is an aspect of sorcery to go into animals and it is very bad. T2 is finding that other people are selling their pets and children.
- One person crept into a child with the mother's face in disguise; a wolf in sheep clothing, because the child would be happy to see his mother.

Pacts that dowse with T1's appearance were Ji-La pacts in people's dreams, which allowed others to accept something. Ji had made 43 pacts (using) T2's appearance, La 24, and another person was able to make a couple. The way the third person got to Cel was by appearing to her (as T2) in her dreams. This person did not have to sell things to Cel, but just by saying "I want to give you a blessing" caused Cel's aura to open. They were doing this is against people's free will. This person would say "We want to give you communion", like putting a cracker in the mouth of the etheric body. It opened Cel's etheric body for "communion", and they put the evil connection in. That is how they got into T3. He was 'ate' up with it.

That is why the experience (we all had) of the demons talking through T2 and T2 saying "Don't listen to anything I say" is good training. Even in your dreams you have to tell what is holy and you have to do it in your dreams.

Just as during the exorcisms when the demons spoke through T2's face, they could do the same in our dreams.

Was there anyone not tricked? Sn. But it is still in her. How? They talked her into something without her knowing--it was last night. It was by getting her to mentally argue something about T2. (This third) person actually spoke to Sn, and told her a lie. We will call Sn to confirm if it was a dream or a phone call. (Note: Cel tried to call Sn around 2 PM CST, no answer). This had something to do about what T2 had (supposedly) "said about Sn." La would tell lies about Cel to Gar. La said to Sn that "T2 had granted Cel total authority over all aspects of communication, sales of the books and that Cel had taken Sn's position as the... (something)." And now Sn is very upset that T2 had granted to Cel, Sn's job. T2 said to La at the time: "You mean to tell me you called Sn and with a bunch of lies got her all riled up? I can't believe you called Sn."

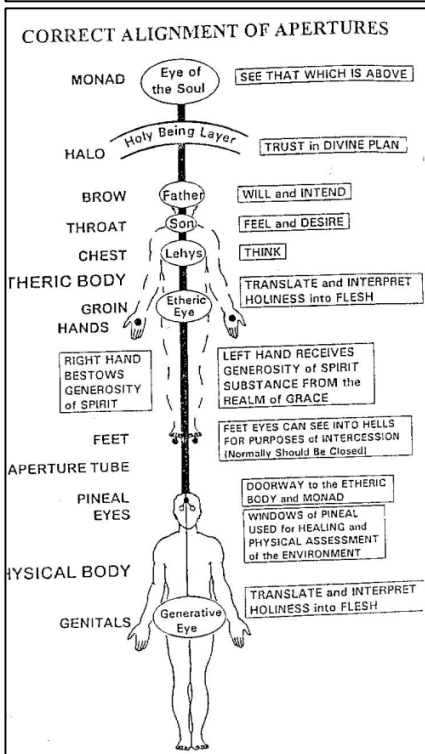

DISSONANCE KEY TO CHAOS/HADES/HELL: This is if you sell one of the layers of yourself, then you get an extra dissonance point on that layer. It would be interesting to draw an old fashion key so you would know when you had a black key on one of your layers sold to Satan (pg. 59).

Ask: Number of Keys on Layers #1-2-3-4-5-6-7?

"How many keys to a pact (on each Sold to Satan layer)?"

If you had five pacts on all 7 layers, you would have in a sense 35 keys.

The keys tend to stack on each other, so they show as a bigger key.

Ask: "How big is my key?"

You might have a small key on one layer, or a key inside of keys and the largest would mean you had sold all 7 layers. **Example:** Di has 57 keys inside of keys on all layers.

Wherever you see CURSES, check which ← **APERTURE** the person was able to get into you. It means the "See Me/Feel Me/Trust Me" is off. (Note: This was a joke referring to the Apertures of Trust/Will/Feel/Know/See).

The curses show up on your fingers and toes with cuts, bruises and demon eyes. The one in T2's foot is one that La put into it because the foot was already open. T2 started getting gangrene spots (again) yesterday. First it looks like a bruise then the little brown spots move up the foot. T2 has had a scratch on the ankle for a month on the generative organs (meridian) and her toenails are getting thick and her feet dry.

When the curse has reached the #2 Body Vehicle Level, it will show on the skin. It starts with the #1 Genetic Fabric Level then to the body vehicle, then it goes to the #3 Generative Organs and then to the #4 Mind. **That is when the songs start**, and voices, then it means they are starting to eat away at your fourth level.

Some people are doing actions that are creating hells and chaos on earth.

Check: "How many actions toward our destruction have been taken on Earth by each of the evil people that have been taken over, and when did they take the actions?"

La has taken 58 actions against us: i.e. calling Sn and lying and by staying with Se to get Se to align with La against us in legal action. These (curses) depend on how big they are. If 100% is the murder of T2, (the actual physical death of T2) what are the cumulative acts of La in severity? 15% ← (?-This may be a typo). Da: 10% with one act; Ji: 93%

A third person with 6 acts=50%: (i.e. by telling Nob a bunch of garbage, who then told everyone else).

Cec was under Ji's supervision, so hers is a reflection of evil synergy. She was the primary will behind it.

There can be a pact/prayer that at one point was good and at a later point needed to be dissolved because of the dynamics of God's Plan. This includes matrimony, pacts with one's children sometimes, friends, parents and siblings; for example the saying "I'll always be there for you" and former students. This could depend on another's person's free will or if they have chosen badly for example.

As a kid T2 would see others torment someone retarded, or an animal just to make fun of them.

The pain releases some energy. There is energy that comes out of pain that some people enjoy eating, it is a BLACK FUEL. That is why satanists use torture. If (the target) can control their pain response, it bugs them. That is why one curse (not yet included in list) is "Confused." They want you to be confused, so that you can't hide your pain response! For example, La's black nagual was bombarding T2 24 hours a day with confusion programs till T2 finally couldn't hold back her pain response to her gangrene.

The third person is the EYE OF THE NEEDLE through which the CAMEL is passing.

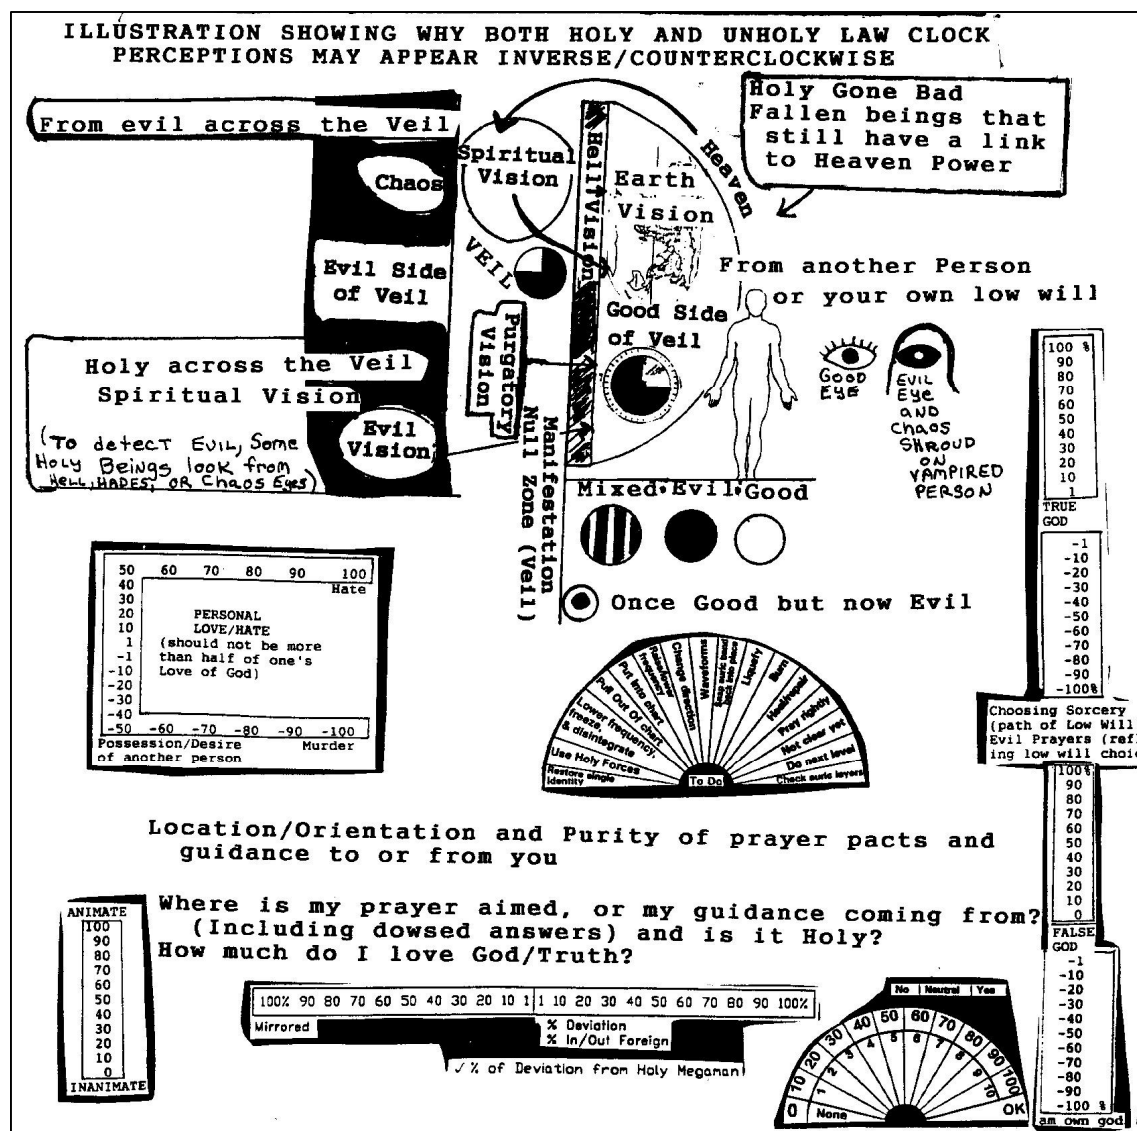

The camel being 60 evil people and no-- it is not Sn or anybody we are faxing this lesson to. This person's whole body is the EYE, which looks like the eye of a needle and her body is the needle. T2 sees a big eye with a needle down below it, and that is this person walking around to stab us and sew things up for Satan. Now T2 is drawing the Camel through the Eye of the Needle into her. The people that are strung together, the evil in them, will be destroyed. In some cases they are innocent so only the evil will be destroyed.

They are being forced through. Ji was leading the Camel, La. was riding it, and Cec was stuck up its ass. Dick was the dick, the butt was Cec and St was the bladder. Se was the nose, (---) was the skin (which meant he was likely to be the executioner, when it would come to the surface). The needle/eye person was the heart. The heart started with Ji, then to La, then to the Needle person. Nob/Du are the feet, JG the mouth, La had the colon.

LAW CLOCK REVIEW: HOW TO USE THE CHART

- We have **Chaos**, the evil side of the **Veil** and evil vision could come through that **Arrow**, or from the **Hell Vision** arrow.
- It could come from **Purgatory**, which would be in its arrow direction, and also from **Heaven** which is a ring around good;
- But it has to enter into the **Manifestation Station Null Zone** (follow the arrow) which you could call the Veil.

So no matter what: Chaos, Purgatory, Hell or Heaven, Vision must see through the Veil, all of it sees through the Veil.

You are measuring how an energy is used from heaven.

- If it was good and went bad, it could have originally been holy, but if it is looking across the Veil, you have to do it Inverse (the black part of heaven circle).
- If a person used their grace blessing to be strong so they don't have to pay their karma, they continue to make karma and be saved by Grace, and that is a bad use for Grace. So it would be **Holy Gone Bad**.

Example: A holy nagual is from the heaven worlds. If a nagual such as Ji was granted and gone bad, it would be Black from heaven, linked to heaven, and have to be destroyed, because the powers were black and from heaven.

Question: Why is the holy (white) section on the left side below and above?

Answer: Remember they are both looking *through* the veil, and they look the same, but one is good and one is bad.

Right now, the camel is 50% through the Eye, it is like a beast and the nose is going through now. It is like the cigarette poster, and we have camel boogers all over us and unfortunately we are the booger cases.

Song from Rock Opera Tommy (The Who):

Ji was "See Me": as a 'Natural Woman' to T3.

Fl was Feel Me: Because she was growing like a cancer in T3's body. "Feel me inside you taking over your will."

La was "Touch Me": This goes without saying --nothing more could be said that wouldn't be x-rated.

(T2 Sings): "I want to feel you, see you, have your arms around me..." and

"I'm so excited, I just can't hide it..." "I know I know I know that I just want you..."

Eye of the Needle Person was "Heal Me": But it was really "Heel to Me".

"The eyes of Nexus is upon you." The evil twins were in each of T2's eyes. The Nexus is the Bone itself, like the leg bone, the marrow is what allows the bone to be alive and the tissues of the evil bone to cover it for protection and live to do so.

The one percent of good is more powerful than the 99% of evil that T2 takes on, as it is like Daniel in the Lion's Den, or when Samson had all his hair cut off by Delilah. Samson was so maimed, but he still, by crying out to the heavens, pulled enough power into his hair stubs to pull down the evil temple of those that ridiculed God. He pulled down a whole building and killed hundreds of people that were evil. They had chained him, poked out his eyes and he said *"Lord let me die in your service"*. They had tied him to two pillars of the house supporting the roof, and all the balconies fell. They had brought him there to torture and make fun of him. Delilah was killed.

The noticing of details is the mark of the master, both on the right, left and between the two; it is the noticing of details.

A strange man walked into Cel's house (in another state) while Mag (who was living there) was in the living room. The man thought no one was there because Mag doesn't have a car. The door was unlocked and he just walked in. He told Mag that he was looking for a house to rent, but he was actually there to look for any evidence of T2 or Si, with plans for death and kidnapping for the two.

➤ Many of the things that appeared to be our mistakes drew them to us, and a lot of evil in the world was drawn to us (so as) to destroy it. *"All things work together for good for them that love the Lord and do his will"*.

➤ The cut on (a child's) back has a (---) curse. A person can actually become injured because of a curse in a body location.

➤ Cel had a curse from the needle person using T2's sternum power/coils to enter her back.

T2 had to go to 100% evil to destroy the needle person's evil. T2 asks us to anchor the Holy Beings and pray that all evil be destroyed in her body. Then, T2 had to go 400% evil (four people representing each 100%). She pulled in four arms of evil, some of which were combinations of people.

At this point T2 may be alright.

CLASS NOTES: FEBRUARY 14, 1995

If you feel lethargic, depressed, have a headache or find it hard to think, then you may need to dowse over the charts of today's lesson. The composite chart is small but will be sent to you in the mail. The larger ones should help you in the meantime.

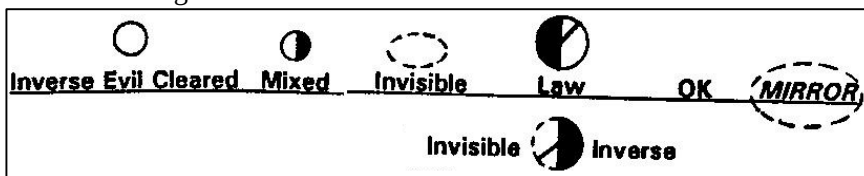

One of the biggest problems T2 is seeing in all of you is that your Apertures (*See Combo Chart on pg. 64*) are unbalanced and opening up wrongly. **If you allow anyone to emotionally upset you**, then your throat will open as your feelings drop to your solar plexus. Then you can get a great deal of disharmony in the open throat. You may dowse as having one or more of the following, anywhere on your body:

Ask: *Other People in Your Spine?* or *The Black Eyes?* (*See Drawing*),

T2 found today that some disorders she had to view from the **EYES OF: Chaos, Hells and Purgatory.**

If she just looked at them from heaven or earth she could not see the cause of disorder.

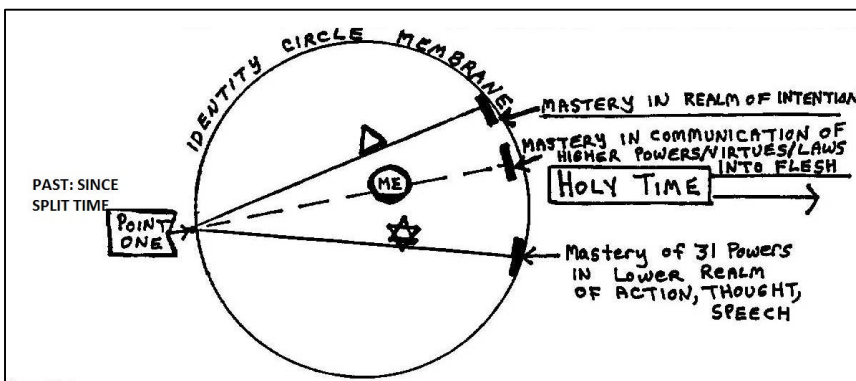

She did find that no matter where she stood to view order or disorder that the **symbol of white circle vs black circle** for 1) *Truth versus Lies*, 2) *Good versus Evil* seemed to work out pretty well. The reason that many evils were invisible is that we were looking from earth or heaven.

Many evils have **SHROUDS** over them that allow dark forces to vampire us. We can remove them if we see them and pray rightly.

She strongly encourages us to use your **PRAYER LIST** daily and to check the locations of your *Willing (Forehead/Father), Feeling (Throat/Son), Thinking (Heart/Lehys), Trusting (Halo/Holy Beings) And Seeing (Groin)* (the Apertures) several times a day. She doesn't know why there are times when you are more vulnerable, but some time (in the future) she will know.

Realize that people's bodies have **HOLY MEGAMAN PATTERN DISSONANCE POINTS** that could be called a **KEY**. If you absorb other people's energies then you may be impressed with the pattern of their key upon your flesh. That is a very serious thing. **BLACK KEYS** are from those who no longer hunger for truth, but hunger for lies.

T2 also encourages us to check ourselves on the **IDENTITY SPHERE** and

Make sure that your **Triangle, Me, Circle and Star of David Flesh aspect** is all within your identity. Frequently she sees parts of those floating out.

It is a mystery about how one can view good or evil from so many perspectives, even through Satan's eyes himself, and yet remember what holiness is and still long for that holiness. That is the path of

the saint. Some of you have been tested by haunting ghosts rotting out of your past selves. All of us have had more than one self. Some people have had 8 or 9 selves. Each one was either an attempt to rescue you from overwhelming attack by changing your phone number or it was because you had evolved so that your old phone number no longer applied. You must **STRIVE TO ONLY BE** in your (current) self and not go back and long for your prior selves or you will be unable to hold a soul. Worst of all unless you stay in the **NOW** you can be of no good to God or man. We are not meant to be ornaments, we are meant to be functional as saints.

T2 asks you to view these charts (attached) even though she knows that it is rather dreadful thinking about curses, and people who have sold their souls and yet all of us have at one time or another on a small scale or a large scale made an evil pact, if not with satan then with a person or with yourself that went against Law.

EVIL PACTS can be no more than a prayer that you get something that you don't deserve. They can be as simple as "Dear Lord if you give me this job then I will serve you mightily" because the very job that you may desire may not be in God's Plan and therefore your "lord" will answer you from the depths of Hades. While in Hades you will find many companions, some who share your desires or errors and so form a synergistic pseudo/harmony with you. We have all taken a vow of personal austerity in that we do not ask God for glory, for comfort, for friends, for lovers, for money, for revenge, or for someone to recognize what we think is truth.

**If what we think is truth is not truth and we pray that someone "see" that truth,
Then we curse them with the power of the Lord of Lies and all his underlings behind us.**

We must PRAY "That our lower wills be crushed and the fragments of those wills be molded in the shape that the God of our Lord Jesus desires." In that shape we will find strength which is more important than rest. We will find gnosis which is more important than having our opinions known. We will find Divine Love which is more important than somebody loving us on the lower realm.

T2 entreats us to study the prayers to evaluate our apertures to stay in the NOW, to be impersonal, to endure, to be sweet, cunning, patient and ruthless. Later, Genevieve.

COMBO SOLD TO SATAN CHART

LESSON FEBRUARY 14, 1995: Notes for a Child

When people can make you upset (or if) you feel anger, your (spiritual focus) can drop to your belly and then they can “see” you to drain your energy. If you keep your apertures (strongly in place) in your throat and heart, they can’t “find” you.

Will yourself to move ‘sad/happy’ to your throat, then they can’t hear your thoughts.

Most people hear thoughts all the time, they don't know it, but they will have a gut feeling. But a holy person has a shield against someone reading his thoughts, because his thoughts go down to his heart, and others are always looking at the brain for thoughts.

Someone can be smarter, because that is where the Holy beings will tell you things. Even if you are wanting to know if it is a good idea to play with (with a friend) after school, if you *think* the question down in your *heart* the Holy Beings may tell you, “Don't do that. They are having a fight in his house and you will be miserable.” You can’t dowse from your head. No one can dowse from the head, but from the heart.

Say if child would check where his father is ‘thinking and feeling from’ when he is cranky, (you can see) he is *feeling* from his *guts* and not his *neck* and it would be hilarious if the child said “You are feeling from your guts and not your neck.”

When you say prayers, remember that prayers have to be said with the words coming from the heart, you have to think it from the heart and feel it from your neck. If someone is saying a prayer at bedtime from the gut and brain, then one is not saying a good prayer and God won’t hear him because he is on a different station. Say “Dad, you can’t pray unless your words are coming from your chest and your feelings are coming from your neck.”

Sometimes people think with their bottoms. Usually when they are possessed they will think or feel from their butt. You can say “Dad, I get that you are thinking from your left foot, or from your butt, or wee wee.” Some people think from their elbows or feel from their noses. One person’s big problem is when he doesn’t think or feel in the right place, then he gets possessed.

Once someone beat-up (T1 as a child) so (T1) made fudge. She crushed the head of a cockroach and while it was still wiggling she put it in the piece of fudge. So she knocked on door and said “I’d like to make up and I brought you a piece of roach.” She bit into it and half of a wriggling roach was sticking out. She started running after (T1). The girl weighed about 200 pounds and was only 10 years old, and (T1) was 65 pounds. She beat her up again, but it was worth it. (T1) found the best way to get back at people is in a sneaky way, sometimes it *takes the steam off* of things; to do something sneaky. One time (T1’s) cousin was having a birthday party and his brother put on the icing of the cake; he squished cow turds over the top and then put ice cream on top (*sic--apologies/Auditor*).

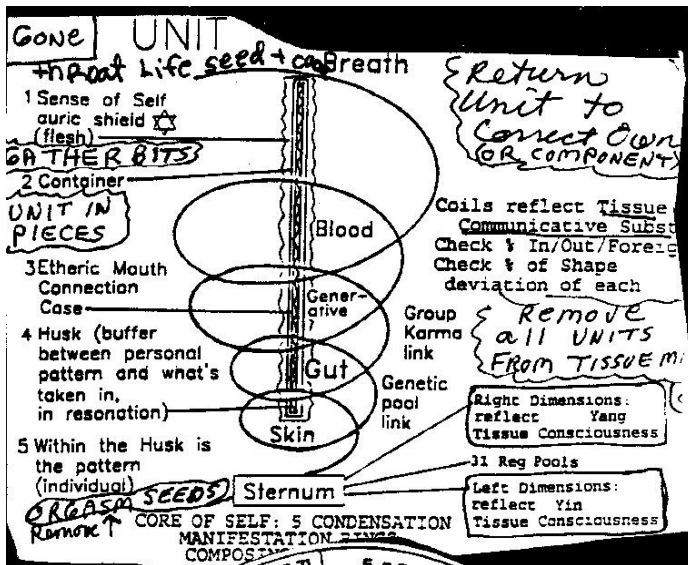

(T1) was small as a kid and people sometimes would pick on her, so she found ways to get back at them, (so as) to keep them from picking on her. One time everyone was beating her up because her skin was so white. So she made friends with the biggest, blackest, meanest girl so that this girl would beat up on the ones that tormented (T1). If you are small you have to be smart. There is a left side awareness that you can use.

The one percent of good is more powerful than the 99% of evil that (T1) takes on as it is like Daniel in the Lion’s Den, or when Samson had all his hair cut off by Delilah. Samson was so maimed, but he still, by crying out to the heavens, pulled enough power into his hair stubs to pull down the evil temple of those that ridiculed God. He pulled down a whole building and killed hundreds of people that were evil. They had chained him, poked out his eyes and he said “Lord let me die in your service”. They had tied him to two pillars of the house supporting the roof, and all the balconies fell. They had brought him there to torture and make fun of. Delilah was killed.

CLASS NOTES: FEBRUARY 15, 1995

- Some people have a type of **CURSE** that works as a **VAMPIRE PORT** out from one person's body to the person vampired.
- These can originate from Chaos, Hells or anywhere, and must be viewed from that perspective to find them.
- Often the lines are only measurable by a series of angles that can be drawn, or air-guitar with a chopstick.
- These all have one of the curses associated with it and are also **Linked with one of the Unit Locations** (*Breath/Blood,/Generative/Gut/Skin/Sternum Unit: 5 coil Associations*).
- These lines can also be *from you* into Purgatory or Hell with a False God Concept.

The assumptions and beliefs of the people around you can wear down your auric defenses so that you begin having body parts of Hell, Hades etc., resonance. These body parts then form **Tubes of Lower Ether Substance** into those locations so that you become a Vampire Port at that body part, of dark force substances. Some of these produce feelings of hate, excitement, confusion, drowsiness or obsessive thoughts.

Do: So look over the body illustrations while thinking of the UNIT COIL RINGS and aspects of each of the five main parts individually, for:

- Vampire Ports *from you* to a malefic location OR
- Vampire Ports *from people* who have those hellish location links

Add to Chart: Remove Connecting Points, Vampire Port from/to: *Person/Hell/Hades/Chaos/Purgatory*

Example: Your chest has an energy supplying line, or more accurately a hologram that is able to draw in some Sun energy for life force. Some of you have had lines from other people tapping into your sternum, your sun energies.

SOLD TO SATAN ASPECTS: Vampires:
(See Chart Lists that follows)

The #5 Aspect, THE GRACE SUBSTANCES: When a person loses the Grace Substances, the person begins to automatically vampire nerve prana of anyone he can, and that nerve prana becomes **Black Fuel** when mixed with various hell substances. The nerve prana appears to be vampired from the genitals or the back of the vampiree's head. It is done by enveloping the vampiree with a shroud that is ejected out of the vampire's eyes, nose or mouth (fire/air/water-type in that order).

Look for these **Eyes/Nose/Mouth Dark Force Shrouds** whenever you feel weak. Look on the prayer chart for the proper prayer and try to figure out whether you are being drained from the genitals or the back of the head.

Do: With all your prayer and might, blast the affected areas with the Four Forces.

Curses and Vampire Lines need to be checked on all the seven "Sold to Satan" categories relating to all five spiral layers, sternum and core of spiral.

What one can sell to Satan, in order:

- | | |
|-------------------------|---------------------|
| 1) Genetic Fabric | 5) Grace |
| 2) Body Vehicle/Tissues | 6) Soul |
| 3) Creative forces | 7) Knowledge of God |
| 4) Mind (lower will) | |

The #3 Aspect, THE SEVEN CREATIVE FORCES: Is linked to a persons' name and has a nose association.

Therefore a person who was trying to initiate a vampire line by impressing his "name" upon you, your pattern would dowse as having more than one self of the same name. This is the easiest way to vampire and takes the least amount of energy. **Ask:** "How many selves of the same name?" Focus on the Nose.

The #6 Aspect, THE SOUL: That is sold becomes vacant when a person's soul is gone. A type of Soul Stump appears that is like an amputated appendage that dark forces can sew themselves onto.

Check: Soul Stump with Dark Force Eye Lights To/From You:

They are *from* you, should you dowse as someone else (it would not mean you do not have a soul).

These shrouds eject out of the eyes and seem to hit the back of the head easily due to an affinity for the nervous system; (Like the movie Puppet Masters which T2 suggests seeing).

The #2 aspect: THE VISUAL SCREEN VEHICLE relates to a different eye association. Whereas the sixth was the eye association with the soul, the second is an eye association with the body or right side, the right side consciousness relating to the body.

Despite the fact that this is labeled Visual Screen, it is more closely associated with **Sexual Secretions**. A person whose eye has become evil, in that their groin eye has allowed itself to be defiled by demons and other people, the groin eye turns black and secretes a cloud-like substance for up to twenty feet around the vampire. Anyone in that range can be tapped of their Sun Energies at the Sternum.

On the #1 aspect, GENETIC FABRIC: when this is 100% demonic it means that a person has resonated with their Air/Fire/Water mold aspects with hells/Hades/chaos/and unworthy people. The archetypal demons often appear to have half animal/half man and so depending upon the type of depravity present, the Megaman image of God is destroyed and replaced by the shape of an animal mutant of some type. This type of vampirism often takes the form of sexual thoughts, defiling thoughts, and mental rushes with a love for glamour and beauty. If the vampiree accepts the lure and opens his aura just a tiny bit after being titillated, then he has received: **Demon Mold Vampire Connection IMPLANT** (instead of a line).

The #4 Aspect, MIND/SELF/WILL: In the vampires that have totally blown out the fourth aspect (Mind/Self/Will), they seem to have a hole in their chest between the nipples that is a vacuum which is able to hook and suck the Virtue Substance of susceptible people within about 10 feet. People are susceptible if they have any law conflict, particularly gender hate.

The #7 Aspect: KNOWLEDGE OF GOD: Vampire lines of a different type come out of a person who has blown out his seventh aspect with Knowledge of God. This is particularly deadly because this type of vampire hovers above the vampiree's head about three feet and produces a profound headache as it tries to drill a hole into the Etheric Feet Connection to the lower aura. This is experienced inside the head as a pineal throbbing and your pineal may dowse as contaminated on the condition chart. It is possible to fend off this kind of attack by profound prayers and by making sure that you have not alienated your guardian angel.

Even the strongest person can be worn down by prolonged attack since these beings which are linked with people who prefer Knowledge of Satan over Knowledge of God, are often very high level fallen angels.

T2 has found some vampire lines from previous associates that dowse as "Knowledge of T2 or T3." This implies that they have been able to tap into the 31 powers through some weak defense in our nagual party. So far she has traced the root of all of them to La only. La was linked to T2 when T2 was "supposed" to die, and by that link she forged a "Knowledge - Of" Link that she bridged over to T3. It is now gone. The fallen angels that emit from a person who has **Knowledge of Satan** seem to emit from mouth ethers of the originator and yet hover above the innocents.

T2 also recognizes that each person is born with a **Life Seed** and **Life Essence** of a certain quantity. People who have sold their bodies to Satan move their Life Seed into chaos, hells or into a person that they want to destroy or own. This forms a vampire line to the desired person.

The Life Essence of a Satan lover is eaten as payment by **Evil Door Men** (a type of demon) that stand at the Hades gate to Chaos and will not let the curser pass unless the gateman be paid. This forms a life long link of the person who curses, to the doorman in Hades, who then owns him. It is a kind of a pact of evil in exchange of chaos energy to destroy someone that is hated.

Many people make pacts with Hades doormen or even petty demons based upon a false assumption, false belief, selfish desire or want. Some people give up all that is holy within them because they are filled with a burning desire to be famous, popular, have a baby, to be considered powerful, or commonly to seek revenge.

The more advanced a person has become before he sells himself, the more dangerous. Even people without souls can offer their bodies in exchange for their wish. They do not need to set up some magic voodoo shrine, and whisper obscure mumbo jumbo. They merely have to think of their desire with words such as “I would give my right eye to stop that writer from ever writing another book”.

It doesn't matter whether the person who curses believes in God, has a soul, or thinks that the writer is evil or good; all it takes is him turning his body over for service to a Dark Underlord, in exchange for an outcome. The higher the stakes the more bodies it would need, and to sell themselves in synergistic effort they become united by purpose which is like a computer file in the demon akasha.

Each person who sells himself on different layers is given keys by the doorman after the sale, to hells/Hades/Chaos. Some of these are very damaging to innocent people. It is the job of exorcists and saints to understand the ways that a man loses himself into darkness so that he may avoid such a fate and protect the innocent from bombardment by the demons that come out of the doors that have been opened by the Keys of those that have sold themselves. Unfortunately those doors are open 24 hours a day around people who have been purchased.

The only protection that one has is to be completely owned by God so that your own low will can never lead you down a false path. If God is your strength, then no fallen angel will come near you unless you are tired and therefore weakened in some way. Our bodies can only bear so many hours a day of bombardment by evil forces before they exhaust, and vampirism begins.

When the monotonous songs of phrases start waking you in the night, know that your fourth aspect is being bombarded. If you despair or become lower willful then you have failed an important initiation. If you feel yourself losing hope, energy or the desire to do anything, then suspect that you have been contaminated up to the fourth level.

Do: A strong exertion of your lower will to reach upward to the hand of God will pull you up out of your doldrums and save you from self destruction through depression, apathy and doubt. Of course all of the seven vampire portals have aspects of initiation that you can see for yourself with introspection.

The greatest indicator of diffuse infiltration into your seven aspects on the five rings and sternum can be evaluated by checking your apertures. If they are disorderly then you must check them often and use your will to strengthen yourself until you overcome your contamination. As T2 pointed out yesterday,

Do: You may have to VIEW the contamination through: *Chart: “Eyes to Look Through”*

Chaos Eyes	Underground Hell Eyes	Hades Eyes	Tethered Hell Eyes	Purgatory Eyes	Earth Eyes	Heaven Eyes
------------	-----------------------	------------	--------------------	----------------	------------	-------------

No-Human Dimensional Spaces. You must also take into consideration that any person who has vampired dogs and cats or nagual energies, or who has a tendency to *grab* with his eyes will probably have a type of abnormal spiritual substance that intersects No-Human Dimensional Spaces.

Do: You must desire and try to free yourself of all:

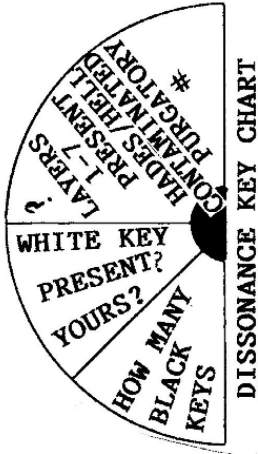

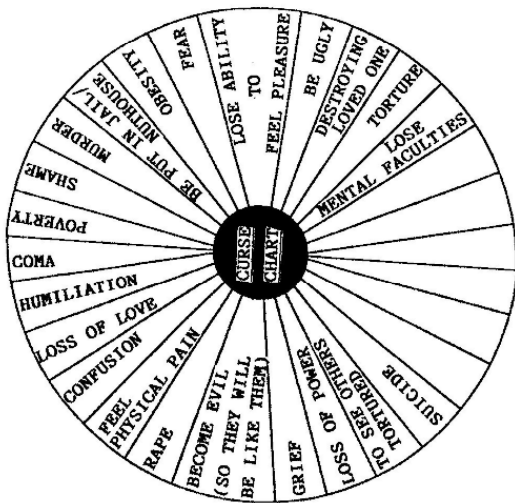

Substance Contamination from: *Animals.....Alien Dimensional Overlays.*

Otherwise the substance will erode your Personality Bands (See Advanced Esoteric Dowsing Book III) and produce a needy person who is not to be trusted. It will produce a person who is whiny, guilty appearing, suspicious, mean spirited and vindictive. Such a person will spend the rest of his or her life depending on others to formulate their personality for them. And if a strong person refuses to be their personality for them, then the weak person will hate the stronger person, and try to destroy the stronger.

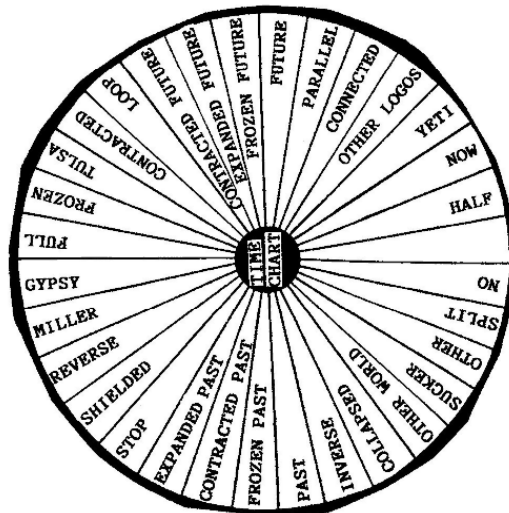

Weak people are always evil, don't ever forget that. In any area you are weak, you have evil. The only reason these abnormal dimensional substances are able to enter your auric cocoon is that your feeling went to your eyes and you opened them spiritually to somebody you felt sorry for, or you wanted for them to feel sorry for you, or to appreciate you. Any time you are dependent upon pity or praise for doing your work then you will degenerate. This is especially true in the presence of high level powers such as ours.

Mercy and pity are opposites. Pity readily turns into hate and revenge, whereas mercy, when rejected by the unworthy, turns into a clean ruthlessness that is fair and compassionate. Compassion of such a ruthless type is not personal, but takes into consideration other people who are trying to do God's Will that may be harmed by a needy person who has tapped into power. T2 would like to see a chart of some type designed regarding these vampire portals and their mechanisms.

If ever in doubt Pray earnestly with passion and ferocity “*That your lower will be guided by the Holy Forces to clear the disorder that you sense, but cannot name; if it be within Law.*”

"How many people are on your Screen/Pineal?" We judge our screens normally from the pineal gland. So if you look down where the vampires are, you will find this.

"Wish Denied": This occurs when the Holy Beings deny the (destructive) wish which would have tied/meshed the person into another person's screen. You look at people's pineals to see the screen but if they are vampiring, it may be what are:

Invisible Screens, coming from another person's pineal screen linked to their groin in a vampire line. So if you are looking at a vampire, look to their genitals for invisible screen connections/vampires to other people, through the directions and use the

Eyes to Look Through Chart:

Genital to Etheric Screen Tap: This is a Vampire's genitals to the Vampiree's Etheric Screen Tap (look through directions and Eyes), which forms not just a visual ability but it allows another person to vampire into your Regeneration Pools and Dimensional Doorways. It is especially bad if they have Curses on the tap lines while they are vampiring you.

Pray: To remove the ability to vampire other's Dimensions/ Regeneration Pools.

These people think what they are doing is an attempt to do sorcery, with a concept of doing "spiritual battle", as they do not believe in evil.

Pet Screen Lines: One can vampire from the eyes, nose, mouth, to the dog's top of tail (where the spine meets the tail).

Pray: *"To remove the connecting points between the vampires in the synergy network."*

"**Selves**" are actually demons, and each one has a curse on it. These are made by trading one's natural auric substances to demons for revenge, power, or something else that they want; sex or romance, and they can try to do it even if they don't have much (to trade) but they will get a shabby demon.

Aside: The evil in the group is being routed. They are running because they know they are going to lose, and they are leaving the (physical) bodies of all those involved in the evil synergy group. It seems the Holy Beings are burning out demons within the bodies of some.

Evil Wandering Spirit: there is an aspect that comes out of a person's head when they are dying, a wisp of smoke and an aspect of spirit that separates after Mr. Death has embraced them. It feels like one person is out of the body, but it is an evil Wandering Spirit over the earth. **Pray:** *That it be destroyed because it is too foul to be composted or reused for further life.*

It has some kind of demon hooked to it that could reproduce if it is not destroyed from the realm of Chaos. Any substances that are completely woven into Chaos material should be destroyed, because they unbalance the earth severely. There were 90 downline things from this spirit/ghost.

Another person has one similar, a Chaos Evil Being.

➤ We are now removing **Links to Heaven Power** from various angles.

➤ We are now removing **Links to Chaos Power, Sun Power Links**, and any other power links not mentioned:
Instead of Our Father in Heaven, 9 people's father is in Chaos.

Other Logos Contamination: What had been called the Anti-Logos is now thought to actually be another Logoic system that has its own Chaos and own type of order, but it is not the same as ours. When the souls seemed to be dying and T2 said it was like two worlds intersecting, she thinks it was the other Logoic system intersecting; which was a great crisis. Bi and Ji have a strong connection.

Murder substance: There are a couple of dimensions that seem to create substances in people who are murderous.

Seems this has links to the thymus. **Do:** Destroy the two links in the thymus anywhere we find it, as it tends to make people murderous. Since the sternum is near the thymus it can affect people's health.

This had something to do with Moon Gnomes, and in Split-Time if people didn't give in to the moon gnomes then they weren't likely to get this substance, as they were partly intersecting this Logos. People with a lot of Things would have this. Some are at 100%, and it can make one self-defeating, and tend towards destructive thoughts and not necessarily destructive behaviors. You can check on the body parts/genitals for regional readings. One ex was 9,000x (Murder Substance) and another was unreadable. Two more were frightening. **Pray** *"If it is possible to destroy the (2) Other Logos Inter-Dimensional Links."*

We have to break the substances before breaking the feeder lines. It is amazing how sickening some of this is when looking at the spiritual two dimensional webs in people's crotches.

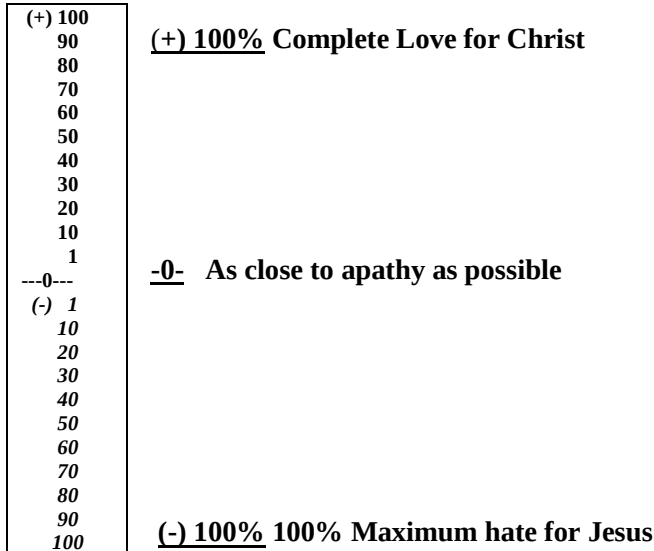

Nephilim Dimension: This relates to the 26th Right Dimension *"Desire to care about other creatures"*. Nephilims are not born with that Dimension, but with something in its place; so their 26 Right would be *"Desire to be Powerful or to be able to Socially Manipulate Others"*. This used to be linked to Hades but now it is linked to Chaos. So this has to be pulled in, with the 26th Dimension Body Line Pattern Relating to that dimension. **This is a KEY to Chaos** and is in the body; in the Breath, Water and Air. This can cause a high vampire line into our virtue substance into the 26th Dimension.

CLASS NOTES: FEBRUARY 16, 1995

Look for the book Curse of Canaan to copy the part in the Bible where Ham molested Noah. Ham did it to defile the future seed of Noah --as Noah was having babies left and right-- it was to stop Noah from baby making.

ANTICHRIST CHART: To measure the Antichrist (not THE Antichrist, but a type of related energy from people who hate Christ and love Mammon) think of a person's NAVEL: *Chart: To Measure the Anti-Christ*

Chart: To Measure the Anti-Christ

Ask: “How many navels a person has?”

“Who would dowse as that person/and # of navels?”

Reason: If you check someone with an extra navel and they are tapping another person's navel that loves God, they will have an artificially high reading of the love for God.

Pray: “That no one who has chosen the Anti Christ attitude in their very flesh, who then is evil incarnate, be allowed to drain the life force or other energies of people who truly love Christ.” This scale is more accurate than the **Love of God**

Scale explanation: Because there are so many concepts of God, and a car could be your god and throw off your scale. But a love of Jesus Christ will show it. Even in a Buddhist it would show, as it is not a *person* they love, but the love of the Son of God and all that he stood for and still stands for. **Look** at the navels of your friends and family. Check them at various times in the past on this scale and see what you get. **Check** yourself on this scale a few years back and see, but make sure you are not being tapped. Some people may love Christ, but they have such major flaws that they can become pawns for those that hate Christ.

Anti-Virtue Substance is in everything that an Anti-Christ person touches. If an ensouled person thinks with his top head while talking to a potential vampire, even on the phone or even without looking at them in the room, his eyes open enough to receive vampire energies. **Do:** We have to look at everyone's Lehy's right now and see WHERE they are thinking. **Check:** # Of Dead People vampiring our Screens (any evil synergy focus on phantoms).

There is **Demon Cocoon Breakdown** from Chaos Crystals/Anti-Christ.

All the demons that came in on the Anti-Christ line through a few people from all 7 levels were brought out to die.

One person had more than 7 levels, with **WERE-ABNORMAL ASPECTS SOLD TO SATAN CONSTITUTION.**

This one is past the age of accountability, which for some may be at 10 years old. It is when they are *aware* of what they are doing.

Were-Links thru Genetic Fabric of other People: This is through sexual union with abnormal types/abnormal species.

“Tribe of Ham” Blood is linked to a purgatory link. You could say everyone in the tribe of Ham is linked to Ham who is in purgatory. He is still there, as he hates authority and would just as soon to stay there. He does have a choice to change.

No one is a victim of genetics. This is because all genetic pools are so distorted and they can all be healed by proper choices. If enough people along the line of Ham gave up their materialism, then their patriarch Ham could be brought out of Purgatory. So even though one's ancestors can drag you down, you can also pull them up...it depends on whether you choose to be a victim, or a victor...

Detecting Shrouds of Vampires is to think of Looking-down direction and your navel.

Pray: *"The Holy Forces remove the shrouds and the vampires' ability to make the shroud again and the Fallen Being behind the shrouds."*

New vampire lines can be found by asking *"# of people in?" Right/Left Hand...Pineal....Apertures."*

THE HOLLOW MEN

BY T.S. Eliot (1888-1965)

Mistah Kurtz – he dead.

A penny for the old guy.

I.

We are the hollow men
We are the stuffed men
Leaning together
Headpiece filled with straw. Alas!
Our dried voices, when
We whisper together
Are quiet and meaningless
As wind in dry grass
Or rats' feet over broken glass
In our cellar
 Shape without form, shade without color.
Paralyzed force, gesture without motion;
 Those who have crossed
With direct eyes, to death's other Kingdom
Remember us-if at all-not as lost
Violent souls, but only
As the hollow men
The Stuffed men.

II.

Eyes I dare not meet in dreams
In death's dream kingdom
These do not appear:
There, the eyes are
Sunlight on a broken column
There, is a tree swinging
And voices are
In the wind's singing
More distant and more solemn
Than a fading star.
 Let me no nearer
In death's dream kingdom
Let me also wear
Such deliberate disguises
Rat's coat, crow skin, crossed staves
In a field
Behaving as the wind behaves
No nearer—
 Not that final meeting
In the twilight kingdom

III.

This is the dead land
This is cactus land
Here the stone images
Are raised, here they receive
The supplication of a dead man's hand
Under the twinkle of a fading star.
 Is it like this
In death's other kingdom
Waking alone
At the hour when we are
Trembling with tenderness
Lips that would kiss
Form prayers to broken stone.

IV.

The eyes are not here
There are no eyes here
In this valley of dying stars
In this hollow valley
This broken jaw of our lost kingdoms
 In this last of meeting places
We grope together
And avoid speech
Gathered on this beach of the tumid river
 Sightless, unless
The eyes reappear
As the perpetual star
Multifoliate rose
Of death's twilight kingdom
The hope only
Of empty men.

POEM: A very good description of how many people who have sold their souls feel,
Yet they still assume they can pray and be fine.

Pray: *We be delivered from the Hollow Men.*

Pray: *We be healed of all spiritual injuries caused by the Hollow Men and all the other evil ones.*

Pray: *For the animals as well, if it be God's will, that they be destroyed if necessary, but that they not be allowed to be evil portals.*

T2 found she could increase her will by looking at the filtered sun.

The Hollow Men are the ones intersecting our world from the other Logos.

Pray: *That the roots of evil, the causes (be destroyed) that would affect our party in any way;*

AUDIO TAPE FEBRUARY 19, 1995: "Our Initiations" Side One

OUR INITIATIONS

In every group of people who pray to be intercessors and saints, there will be conflicts that arise out of initiations that have been requested by the participants. By the very act of being in a synergistic group of aspiring saints one asks that all weaknesses be revealed so that they may be removed so that you may be worthy to serve God in the strongest way possible.

Now many people over the course of this teaching not been up to facing their frailties by the harsh initiations that have been handed to them. In fact they did not even know they were initiations. If you were told that something was an initiation then you might stiffen your spine and get through it, but if your initiation comes to you like a thief in the night and your door is unbolted, your lamp has not been trimmed, then you may be caught unawares to such a degree that your frailties may overcome you.

But that is always been the way of it in the true schools; that the initiations found you in the right time. You didn't necessarily go to them and say "Alright, today I will have my initiation of Love or of Truth" and you call the shots. It just doesn't work that way.

God's plan is a mysterious, majestic, evolving, dynamic vortex of energy and when you get in that vortex of energy, you can either resist it and crawl out of the stream that swirls around you; be thrown out by your own resistance or go with it, so that God's plan and the swirling initiations are just flowing downstream without resistance to such a point that you get to your achieved goal which is sainthood and becoming a holy intercessor.

Even as one of your teachers I have not always known what were initiations and what were not. What were just events occurring in the context of our work because of the profoundly important nature of the work that we are involved in. And that is the way that it has been for ages. The teacher does not always know when initiations are being given, and yet they seem to occur just like teaching; spontaneously without forethought.

Now what is so marvelous about God's plan and about initiations is that they often seem to unfold at the same time so that two ends can be achieved simultaneously. You become holy and holy work gets done. And if you do not become holy, then it is up to the divine plan as to whether you are thrown out of the rapids or whether you are tossed around a little bit and kept in the stream.

Now how God decides to manifest initiations or the outcome of this party, this work, is certainly up to God and if we resist it with our wills, then we will be beaten on the rocks until we quit resisting or get out of the stream. Many people have crawled out of the stream of God's plans within these teachings and sometimes we have prayed wrongly for them in that we have prayed something along the line of "Dear Lord, let them find God in their own way" which of course is a dreadful prayer because if you find God in your own way, that implies that you are going to choose with your lower will how God shall find you. You're going to call the shots over God, not God make the decision on how He will find you.

I can tell you one thing. If a person has been shown Grace through being exposed to true teachings of a high nature and that person closes the door in the face of those teachings, then that person will never again receive that Grace. That person will never again find a true teacher and will never again have the opportunity to become holy by facing initiations of the highest order to prepare one for sainthood. But will be mediocre and worthless forever in the sight of God. It's a dangerous thing to spurn Truth or the messengers of Truth.

Now, much has been revealed to me during the night and this morning regarding the dynamics of initiations within this group in the last six months. And the errors that I observe are there for our teaching and understanding so that we may incorporate what God has been trying to show us, through a series of events that occurred on the one hand because people had weaknesses and on the other hand because God forced those weaknesses to either be given up or allowed them to destroy the person if the person didn't get out of the stream. And I say to destroy a person in this sense, I would have to say that if a person's weakness destroys them at this stage of spiritual development, then that means his personality is likely to degenerate and he will be quite mad.

I remember while doing some editing on one of the books, I guess it was Virtues, Laws and Powers a couple of people argued that at the end of a couple of chapters I said "One will not become crazy or mad *if* you follow this advice or that advice." And one person said "If I read about someone going crazy one more time I *am* going to go crazy. It's in this book three times!" and I said "Well, it's true, you had better read it again." And it wasn't a matter of months before that person was so psychotic that they did things that were unimaginable; that you wouldn't see except in a state's mental hospital full of syphilitic brains in the 1940's before penicillin had been able to keep people from getting crazy from syphilis getting to their brain. And that was what it was like, a syphilitic brain, this person was so crazy.

I could give you examples that were so vulgar and outrageous that you wouldn't believe me. I have given you mild examples, and you didn't believe those. If I gave you the worst examples of the insanity of this person it might harm you because you might then think that I am crazy for imagining that a person could act that crazy and yet I have seen it and know it to be true. So I will not tempt your ability to bear the knowledge by giving you examples in that case. Sometimes people have done badly and then later said "Why didn't you tell me the whole truth about all my weaknesses in the past so that I could have had time to change?" And it was no use to tell them that if I had told them back then, they wouldn't have heard me, or they would have hated me, or they would have denied it, or they would have blown out their souls from just resentment that I saw something about them that they didn't want me to see. They felt like I was prying into their private lives. So I didn't want to push anybody beyond their ability to endure.

And so when I saw the least little window of opportunity to reveal weakness without insanity occurring, I used it. And in some cases, insanity still occurred because the person was so far gone in their degeneration that they just refused to hear what I said then and then later denied that I ever told them. I have seen that over and over again. I tell somebody something and six months later they would say "No you didn't, you never told me that." That is because a person has a core self and has an outside self and if those two don't communicate, then the core self might hear but the outer self will refuse to hear and that is when they become insane: their core goes to the outside and their outside goes to the inner core. They rupture so that their tonal becomes their core and their nagual aspect becomes their outer, which for most people means insanity.

It takes a lot of strength for a person to have their, as their outer self, their core. To have as your outer self your spiritual nagual aspect and to have in your core what most people would consider their tonals. See that is what happened when I died.

One of the traits that was beloved in Linda Greene was her extreme martyrdom tendency. That went to the core and was hidden then. And the core which was stern, strong, enduring, relentless, ruthless went to the surface. And it had to be so or else nothing could be accomplished in this party. But normally when that rupture occurs, a person cannot survive either physically or mentally.

The smartest thing for an aspiring saint is to have communication between their core and their outer self. Think of your core as your spirit aspect of self, I'm not taking about soul. I am talking about the mysterious aspect of yourself that is between words that is your essence like the wind that blows between your cells. And think of your outer self that most people see as your personality, as like your skin. But you see, skin has pores in it and if you look under a microscope you can see that there is space between cells. And if there was no space between those cells, then you would be a dead, crystallized lump of coal or worse, you would be a Black Hole that sucks in all matter and becomes totally evil.

So if a person loses their spiritual aspect of self, they become like a black hole, the center of them is devoured; their spiritual aspect that seems like nothing is there. If you look at a cup, what is more important? Is it the fact that the cup can hold something; some water? Or is it the substance the cup was made of? If you were in the desert, would you be concerned whether someone handed you a cup of water that was made out of glass, plastic or the bladder of a sheep? Maybe a shoe? Would you drink water out of a shoe? Of course you would! You would drink water out of any vessel because what is important is that the vessel be able to hold the unmanifest water.

Likewise, your vessel, your outer personality's purpose is to be like that cup that holds the spirit within the empty space that appears to be nothing and yet is most significant. If I took that cup and smashed it to smithereens so that it was just a few pieces of porcelain, then it would be of no use because it would have no unmanifest holding capacity. Whether it has water in it or not, it is still valuable if it is possibly *able* to hold something.

That is the reason that we have vessels; it is to be the cup that holds the spirit. And a spirit without a vessel floats out like a haunting ghost over the earth and cannot hold together. So, you say, how then was I able to die so that my spirit was on the outside and the cup that held it was on the inside? That is because I linked with the higher forces in a way that drew the water of life to me so I may drink. So my core then is no longer in a shape of a human, it is as a beam of light looking ever upward toward God and that draws the spirit to that core so it does not go astray. On the one hand my body is still there, but my core is no longer my body. And my spirit is not even who I am. I am the light in the center of the beingness but I am not spirit nor body. All things that move on earth, walk, talk, breathe, have beating hearts have spirit. Dogs have a type of spirit, and cats. Plants have spirit too. But that is not souls and that is not awareneThat is not consciousness, even. It is something entirely different that just allows life to manifest on a material plane.

If someone has died to God that means that they no longer see themselves as spirit or body. They see themselves as a burning candle on the altar of our Father in Heaven. And by seeing oneself as a candle, in the divine cathedral, there is eternal life because it is no longer dependent upon spirit *or* body. And yet, in order to bring eternal life to others as saints or intercessors we must hold together in some way spirit and form in a material plane so that others may understand on the level that they can understand. Because unless a man be alive in Christ as that candle burning, and that is his life, not body, not spirit, not emotions, then he must hear through his ears, he must feel through his emotions he must sense through his body what is true and what is not true. And he must to some extent understand in a linear fashion with his physiological mind and between words he can learn to hear with his spirit which is the wind between cells and between words.

So if a person reaches the state where they are able to hear with their body what is true and they submit to that truth, then they are granted the ability to hear through spirit and if they also submit in spirit, then they are given the opportunity to be born again in Christ by being annihilated in the flame of glory to all that they were so that they may be a candle burning on the altar of our Lord. Then they are no more an individual, nor are they a group, they are what God chooses, and God will unleash his winds upon such candles with North, South, East, West, Up, Down directions of force with such ferocity that you would think the flame would go out. And yet it is an eternal flame at that point. They cannot kill the flame of one who has died in Christ to be born as a new son of God, a spark of the Divine. No one can kill that flame. They can indeed, kill one's body and even one's spirit if you are not careful.

So we must rest our hope in impeccability toward becoming that flame where we are immutable and not in spirit or body which can be taken from us. You notice I have not said soul; that is because soul is a vessel that is an intermediary between the spirit, the body to the candle flame of God. Notice I said between instead of among, you would think that would be improper English and yet the way that it joins is the body must first communicate with the spirit and that becomes one unit of congruency. Unless the body and spirit communicate with each other then there can be no further advancement. In other words, unless a man know what is true in his body, then he cannot know what is true in his spirit because he has to translate it through his body. And if a person doesn't *want* to know what his core is because his core spirit is foul; (Coughs. Could I have some water, please?) then he will deny what is true in his body as well.

So for a man to know truth, he must first embrace truth regarding his physical actions, his speech, and his thoughts which have substance. Anything that is worded is part of your body. If you think thoughts or see pictures, that is still part of your body; that is not part of your spirit. So a man must be responsible for his dreams, for his thoughts, for his emotions, for his actions, for his speech and if he is not responsible for those then he will not be responsible for his spirit which is above the body. If he is not responsible for his spirit, then he will open the doors to Chaos to hell, to Hades and to destruction through other people who want to destroy the plan of God on the Earth. He will keep up alliances with people who hate truth and will consult with them about truth and in subtle ways truth will be eroded and holy work diluted and lost.

If a man denies to himself what his body is doing, for instance if he was a kleptomaniac or if he was a pot smoker who liked to sit around and meditate his vision to create his own reality, and he refused to admit that that was destructive because he had come to believe that what is perceived as pleasurable must be good: "If it feels good, do it"...that is his motto. Then if I should tell that man that it is destructive for him to experience his meditative orgasms, or to smoke marihuana, then he would think I was trying to take away all joy from him. And he would think "She must be hung up, or hate Eastern religions or not realize that marijuana is organic therefore it must be healthy. And yet she is eating hamburgers and drinking wine with sulfites in it! Who is *she* to tell me what is holy?"

Remember what Jesus said which applies and yet in another way doesn't apply here "*It is not what goes in a man's mouth that defileth a man; it is what goes out of his mouth*". Now that is true and yet on the one hand you could say that a holy person could smoke marijuana and not be defiled and yet what would be his purpose? In this case scenario that I am talking about, if a person smoked marijuana so that he could have meditation orgasms and create his own reality, then his true problem was that he just wanted to be a party animal and be his own god. So he defiled *himself* by that

desire and choice and marijuana had nothing to do with it. Marijuana could be used for pain-killing for terminal cancer patients, glaucoma and not defile them. Some holy teachers could even prescribe marijuana for someone who is terrified of their spiritual side to loosen them up, and yet, for a case such as this one I have talked about today, it would be highly destructive. Because when it comes right down to it, it is one's intention and one's decision and it's also whether one has a propensity for weakness in regard to eating something or drinking something that would then cause them to degenerate spiritually.

No, it is said that the holy ones could eat or drink any poisonous thing; that poisonous snakes could bite them and it would not harm them. What that meant and many people have gone crazy getting snakes to bite them so they could prove that they were holy and they were in error to do so...what it meant was that we should be able to transmute energies within us by the very fire of our holiness and our link with God because if we are a fiery part of God and we are not our spirit or our body, then no one can defile our bodies and nothing can defile our bodies. We can be raped; we can take LSD if somebody slipped it into our glass. They could put me Thorazine and I would still be holy. But I may not be able to mentally function to fulfill my job because I would be drugged out and be put into an artificial insanity that in their mind would be sanity.

So, no matter what people would do, if they tortured me or if they drugged me so that I would look crazy and then gave me other drugs to get me out of that and that would make me appear crazy in a different way, I would still be holy. If they did what their fanciful minds desired, raped me, I would still be holy. They couldn't defile me because I am not a body. They could even make it so I couldn't communicate between my right and left sides. They could make it where I didn't know what my spirit was saying, or my spirit didn't know what my body was saying by the use of drugs which is the real danger of drugs and psychotropic drugs in particular: is that they split the body and the spirit apart so that they are unaware of each other. They could do that to me and I would still be in God as a flame, but I could no longer function as an intercessor on earth because my body and mind would not function. So for that reason I have to take precautions. It is not that I am afraid of dying. I can't die. I am afraid that others will die if I am unable to fulfill my part of God's plan. And I'm not afraid of their bodies dying, I am afraid of their ability to ever hear truth dying with their bodies and their spirits so they may later hear truth directly through the Holy Breath which is the winds upon that flame.

In an intercessor party such as this, you have been able to hear truth mostly indirectly because you have a flame in your midst and if you have aligned yourself properly and have a bit of a flame within you, yourself it is because you have submitted your will completely to God on the physical, mental, emotional and spiritual level. But you have also had the Holy Breath among you through Grace Intercession on your behalf. Of course if you were not supposed to be given that opportunity, you would not have been given it. So there must have been some worthiness within you to have been in this position that you are in.

We have reached the point where your weaknesses in specific and our weaknesses as a group have become more visible to me because it is the proper time for it to be visible to me. The Holy Breath does not grant people little visions for pleasure or for their viewing pleasure as if to flip a dial on a screen. No. It is because there is a reason for it.

Your weaknesses have to do with apertures and each aperture has a physical aspect which includes thoughts, emotions, behaviors and speech. And it has a spiritual aspect which is your willingness to hear between words, your willingness to accept in spirit and not just the letter of the law, but also the spirit of the law.

Most people are unable to accept the letter of the law which would mean control over certain basic behaviors; speech, thought and emotion. And if they can't even control the letter of the law, then they are never going to control the spirit of the law. But of course then, they proudly announce to me *"You are just obsessing about the physical manifestation and not about the spirit behind it, I meant well! When I held the door open and screamed 'Hurry up, Genevieve, get away from the door because the police are going to see you!' is because I was caring about you and you are just looking at the physical behavior that I made a physical mistake. You are not looking at the spirit behind it, I meant well!"* See that shows a person who has severed their spirit from their body. When a person's body does the work of evil to destroy or to endanger holy work, then the person is nothing but a robot for evil at that point in their body.

And if I should force them to see their spirit, they would see that their spirit was equally foul because a person first must be holy in body before their spirit is holy. It is not the other way around. A lot of people rejoice when they look at a baby.....

End of Side one.

19 FEBRUARY 1995 AUDIO TAPE SIDE TWO

(Tape is difficult to understand. Some words are lost.)

....They look at the baby's body as though they were something so sacred as though having a clean slate means you are holy! As if being untested means you are innocent, as if being young is the same as being saintly, as if having never had a lover one then is the Virgin Mary. But what if you are only two years old? I would think you wouldn't have had a lover. Why do child molesters exist? Because what they really want to do is destroy the Virgin Mary and defile the Father. So they take the symbol in their minds of what appears to be holy, the innocent physical forms of children and defile them and they think somehow that they are devouring their enemy which is God by abusing children. They are in their *minds*, they are thinking they are partaking of something good, therefore they will become good, but in their spirit they are destroying that which is good so that it will be dirty like them and evil like them and all defilers see things different between their spirit and their body. Their body does one thing and the spirit tells them the reverse. So the disparity is so great they don't have a clue as to what is reality and that is insanity. True insanity is when your body does one thing and you convince yourself that it is good. And your spirit is laughing and laughing because its true decision which is the opposite of your rationalization has been met.

The Apertures are the windows of the body and they are also the windows of the spirit. I will not call them windows of the soul because I'm going to take the concept of soul out of this for this teaching because it means little to talk about soul if the person has not become Godly in his body and in his spirit. The soul is supposed to be a container of awareness and consciousness but if a man not be aware what his right hand is doing with his left then how can he ever build a bridge? If your right and your left hand both function independently without any concerted effort, how could you ever climb a mountain? If your spirit and your body do not know each other, then you will never have a soul because there will be no awareness there to be held!

Many people are like women sitting around in empty nurseries rocking empty cradles and then imagining they have a baby. They are like that with their souls. They recite the words prayers and think that will save them from their own damnation that they have brought upon themselves. Sometimes I laugh in horror at the irony of what I've seen. To see prayers taped all over somebody's bed and that person goes to bed in the night spends the night dreaming of defilement and the death of her teacher, and bestiality in the flesh. (Sighs) Prayers didn't save her because there is no point in having a cradle if you don't have a baby in it. And there is no point in having words if they are hollow because there is no spirit truth in them. You know that I speak truly if you want to hear truth; you know that I speak truly. If you don't want to hear truth you will think that I am a liar, an exaggerator. And yet it is not me who speaks, or who you think that I am; a hunk of clay, a person. It is not a person who speaks here. The person is the vessel that receives the truth and it should be that for you.

If your lowest aperture in your body -- and I'm not talking about your etheric body, I'm talking about your physical body -- if your lowest aperture accepts the NOW and lives in the Now, then it has vitality because it does not weaken itself in the past or project its futures or fantasies or regrets or longing for past loves or old lovers, or pictures of people in books that are halfway across the earth. No. If you are in your own sanctity of your temple in the *now*, then your lower physical aperture will be clean if it looks up to God and not down to the animal kingdom. If your lowest aperture in the physical body is in the *now* and looks up to God for how the generativity functions should manifest in flesh, then it will live a decent and reasonable life in the generative function. It may not have to live a life of a priest or a nun. It may mean to live a life of someone who feels the lower passions and does not pitch all of the passion upward to the higher realms for use by God. It may not be the destiny of a person to do so. But the person will live a decent life in whatever way that God desires, in the sexual arena and in the creative aspects of life in art and demonstration of creativity in whatever work one does.

If such a person is clean in body, thought and speech regarding the generative functions and that doesn't mean you don't ever tell a bawdy joke. Sometimes it is appropriate to make light of those functions. If one is clean then one *may* be able to see with the etheric body above. But one cannot see with the etheric body above unless the other apertures on the physical realm are clean. If the physical, generative aperture is clean and looks upward with its eye to God and is in the *now*, then it is given the option as to whether it wants to know truth, because it looks up to see truth. Therefore it has been a custom in times gone by that a person must be chaste within their designated life, whatever that meant, they must be chaste before they are to be given the teachings of God because the teachings of God in the physical realm are a downline aspect of holiness that must not be defiled by presenting it to swine or people who live like swine.

Now I know that you may think “But LG taught so many people who were so messed up...homosexuals and promiscuous people” but that is because that is all that were left and many of them had been tormented by the events of the split-time to such a degree that they had been broken down by forces that were beyond their will. And it was the age to be a John the Baptist, to go out in the wilderness of humanity and suffer the wild animals that existed within that wilderness. And even a least bit of honey that should touch John’s mouth was bought at the price of being stung by the bees that made it. So as the words came out of his mouth, it was through swollen and painful lips. That was the season then.

However, for the higher teachings that we are in now, we are no longer crying a voice in the wilderness with teachings that are designed to help a person to *want* to live right. At this point a person *must* have *decided* to live right to be attracted to the teachings and to benefit from them. Particularly in the direct teachings that are given in this group. So, at this point a person must be clean in his lower aperture of the physical and many initiations that have occurred over the last year coincided with torment of the lowest aperture of the physical. Some were more vulnerable to those initiations than others and fell.

Well now we are at the time where we must face the Lehys aperture with what hopefully is our clean lower eye, but we are going to face it in the flesh first, because as I said you must see it with your flesh before you can see it in spirit. So if your lower eye be clean enough, you can choose then whether to accept truth in your body or not; whether you want to accept truth, whether you will accept truth, or not. That sounds like such an easy decision; you would say “Oh why would I be in this work for so long if I did not want to know truth?” It is because you want to hear truth in general but not specific. It is really nice to hear wonderful sermons about Jesus on the cross and the glory of his taking on the sins of humanity, but do you really want to know what *your* sins are that have been taken on for you? Do you want to know in specific what your sins are or do you just want wax eloquent and cry and sing. Sing like an idiot one song after another like P and yet never incorporate it in your flesh? Do you really want to know what your sins are? Do you want to know the truth—because you are going to get it and if you don’t like what you hear then you will hate me or you will decide to accept it. The choice is yours whether to accept it in your body or not. Some people in the past have said “Tell me my fault. Tell me where I have failed. Tell me this, tell me that, please tell me my fault.” And then when I told them, they have recoiled and cried for weeks and thought I was a mean witch and denied that it was true and said “That is a lie.” and go to other students and say “Oh that is absolutely not true. You don’t believe that, do you? It must be some hallucination. She is really losing it.”

If you want to know truth then you should pray that you be shown your weaknesses and be grateful to be shown them. And don’t whine “Why didn’t you tell me last year?” I can assure you I have told all of you your weaknesses over and over again. Except it was in season to tell you in general more by example by showing you one case after another, after another, after another and then if you don’t consolidate it in your own life, then you don’t want to know truth. And yet because God is a merciful God, I am willing and in fact driven by the Holy Judges to tell you in specific your weaknesses and I’m going to do that today.

I have in the past told people their weaknesses specifically because they were going down and I knew the only way to save them was to merge their spirit and their body and to make a conscious decision, so I forced them to see the truth of themselves and then they just hated me forever. The people that hate me the most are the ones that know that what I said about them is true and they are terrified that I will tell somebody else what is true about them. If the truth will set you free, then is it going to set you free from where, from what? From yourself from your own life, from foul living? Or is it going to set you free from God? What is it going to set you free from? It is your choice. “She could have been nicer, why is she so mean?”

Such whining will get you nowhere. *All* weakness is evil. And yet you say “Well, I have seen G. weep and I have seen her get sick, that means her body is sick and her mind must be sick she cries when she is physically ill.” No. My mind is rock solid. The problem is, I barely cling to my spirit and body and am more readily dislodged than you because I have already died. And it is easier for me to be dislodged and if I am dislodged by some assault of spirit or body, then I start to leave my body. And you will always know when I am leaving my body and my spirit because then I will look weak and sick. And if I start to become incoherent then that is a dangerous situation because I may not be able to get back into my body and my spirit. I may just go forever from you because it is unlikely another vessel could be prepared at this stage to do this work at this level.

So, any sign of physical or mental weakness in me is a sign of me having trouble holding onto form and spirit because I am not form and spirit, I am from above that. Because the real me is not weak it is not weepy and whiny. It is loving. It is a reflection of God because it has climbed the ladder that you must climb.

If you choose to accept the specific truth about yourself and not just in general truth: *“Do you believe that Jesus is the Son of God?”* “Yes, *“Then you are saved.”* That is a bunch of horse doo. The Devil himself, Satan believes that Jesus was the Son of God and yet he wasn’t saved. Saved *from* what, saved *to* what? If you believe in God, then you believe in truth and if you accept truth, then you accept God: truth in specific and not in general. Because everybody can have a grand idea as long as it doesn’t apply to them. It *must* apply to you, and if it doesn’t, then you hate God.

If you make the decision to accept your faults and see them clearly, then you would be given the opportunity to purify your physical Lehys Aperture which means speech, which means *hearing* truth, hearing words and also hearing what’s between them. If the aperture above, the etheric Lehys Aperture hears in spirit, then you will hear truth. But you cannot hear through Lehys in spirit if you have not decided to hear it in your body.

When I was on the couch those days taking demons out and I was incoherent, I said before each of those three or four days, I said “Don’t believe what I say when I take on your demons because your demons will tell you what you want or they will tell you the truth but you won’t be able to hear it. So someone else could write it down for you. But you must realize if you *hear* it is probably a lie and if you don’t hear it, it is probably the truth.”

See demons don’t always lie, sometimes they tell the truth. And after I said that, it was interesting when I asked others to tell me the events that went on, since I was not in my body at that time. I was out. I went back to God and that was why it was so hard for me to survive that, and I was very ill because I was separated from God in my body and spirit during that time so that I could *be* you, so that you could see yourself! That was your biggest advantage. By seeing your demons you could see what you had invited. But most of you would have amnesia about it. I remember one case where the demon came out and said *“Oh, when I die you must take over this work. Promise me you will take over this work, you are the only one who can do it, promise me you will take it over, you are the only one strong enough. Will you give me your word? Will you give me your word? Will you give me your word?”* And the person said “Yes, I will”. They bought the trick of power of Satan. That was you, Gar.

And then there was someone that...I said *“Oh, please save me, save me D, oh P, sing to me, you help me so much when you sing to me, oh I must hear you sing, oh hold my hands, I need you, I need you.”* And of course the idiots did just that, they came over and held my hand and D tried to keep the demon in, and in doing that he was keeping the demon in his own body, because in reality the demon was saying “Don’t let her resist us and keep us from your body. And sing to us P, and that will allow us to stay in.” Because your real fault, P, is that you are always singing and claiming you want to know God but you don’t change your physical habits, you are carnal, you are willful, you have never submitted your will to God all you want to do is sing and babble things and think that by rocking the empty cradle you have a baby. So they fell for it. (Laughs) They fell for it and so their demons....after I had endured it for the longest period time they just slipped right back in them because they listened to the demon instead of me, the real me. Before we started, I said “Don’t listen to them if they try to tempt you. You must say “Get thee behind me Satan”.

And when I telling Cel the other day that I warned everybody on each day, she said “No you didn’t, no you didn’t” That is because she couldn’t *hear*. Why can’t a person hear? Why can’t they remember when they are told the truth? Because some part of them doesn’t want to know. So if you can truly hear with your body when I tell you the truth then you can begin to think about cleaning up your spirit so you can hear truth with your spirit and your etheric body. So if you can hear my words, you might be able to hear my spirit if you are clean. But you cannot hear my spirit unless all of your physical apertures are clean. In other words you must have already lived a decent lower life in the physical, sexual realm and that also implies that materialism must not be a fault. Materialism will block all apertures from the bottom one up on the body and spirit because carnality is just another materialism.

When some people get initiations, they get them double barreled. And it is usually because they are strong enough to handle it when they get them double barreled. In other words two weaknesses may present themselves at once. Sn got a major initiation this last week. She got an initiation that had to do with materialism; concept of self within that and also weakness toward romance and lack of love. So you could say they were initiations of her lowest chakra. Excuse me, do not say “chakra”. The reason I said chakra was that she fell through these initiations because she fell back to her chakra resonance in split-time. That is why I said chakra. She had an initiation of the low eye, the groin aperture. She had an initiation of Lehys; in other words, was she going to believe what I told her about the situation? She had an initiation of the Son; because was she going to be loving or was she going to be hostile? She an initiation of the will at the brow; was she going to pray wrongly even though she knew better? She had an initiation of Trust of the Halo; because was she going to trust what I told her, that it would be ok? I told her in spirit and I told her through Cel. See, I always tell you these things in spirit and if you listen it is because you want to, and because your apertures in your body are clean.

The base initiation which had to do with her fear of not having a house was an obvious symptom in that La called and said “Oh, by the way, the bank may repossess the house that you have paid all that money on, because I have old loan out that it hasn’t been paid in a couple of months”. Well what did that really represent? As we pointed out in an initiation

a couple of years ago, no last year, that was very similar...*"House"* represents her idea of herself, her body as being the important thing, and money as being important. So the real initiation here was; was she going to let something upset her? Was she going to get circular thinking about whether someone was going to take advantage of her? Was she going to think "I am so tired of people taking advantage of me financially" or "Why can't I have a home that I like, what is wrong with that?" or "Why did I ever buy that house anyway? Did G. order me to buy that house?" No. I didn't. It would have been fine with me if she stayed in the monastery all the time. I didn't tell her one thing or another. I thought it would have been good for her to stay down here some, but I didn't insist. But the anger that came out of that house issue then blocked everything up.

You see, once you have one aperture blocked, everything upward is blocked. So if on the very core, she started worrying with thoughts about a house, security about physical things, materialism, that would block every single aperture on the physical and on the etheric. So she couldn't see truth in her body or spirit. So then her Lehys would be blocked, her dowsing would be screwed up and then she would dowse wrong and she wouldn't want to hear me when I said "Don't worry about it, just trust in God." And she didn't want to trust because her Trust had been blocked. And then she would be hostile because her throat would be blocked. And then she would be lower willful and pray that she be delivered from the house issue because she was willful and her brow was blocked.

You can't pray to be delivered from something that may be an initiation. If you are delivered from an initiation then it very well may cause you to blow out your soul. And that is what happened, she blew out. Now, she has been shown Grace in that we have interceded for her on this and have taken on some of her error so that she may be healed because we think she can learn from this. And she will be ok if she chooses to be so; if she chooses in this repeat initiation about the house, to quit worrying about the house. It doesn't mean she shouldn't take legal action or do anything. What matters is she must not see herself as a house or as a thing or as a body. And then she must want to know what is true and real and then she must decide to not hate or be hostile or be irritable, even, about it. And then she must submit her will to God and say "Dear God, I don't know why this problem has resurfaced, but let me go back and review my notes on what I was supposed to have learned the last time this house issue came up that I didn't learn. Because obviously if the house issue is flaring up again, she didn't learn it the last time. And hate occurred the last time and it occurred this time.

"Submit my will and let me Trust in God!" If you truly trust in God you don't worry what you are going to eat tomorrow or whether you have a roof over your head. It doesn't mean you don't live reasonably in the financial realm. It means that you just *know* that you cannot be starved, you cannot be defiled, you cannot be harmed because you are part of God. It doesn't mean you may not suffer physically, or emotionally, you may have to. But if you learn your lessons in spirit and in body, then you may not need those initiations of suffering in the body over and over again. So that you have house issues over and over again until you finally learn "Hey, I'm not a house. Wow. I guess that was what I supposed to learn." And she could say "But I did, I prayed that I was not a house! I prayed!" But that was the letter of the law and not the spirit of the law.

Now why do you suppose that she couldn't reach the spirit of the law relating to "I am not a house"? She could have written a thousand times "I am not a house, I am a part of God" but it wouldn't have meant anything unless she had also accepted the spirit of it. Why couldn't she reach the spirit of that truth? Because she was blocked on her higher *physical* chakras and that blocked her from *all* spirit truth.

You have to first correct your apertures in the *body* before you can reach the spirit; *any* of the spirit of truth. I would say that her decision to be angry about it blocked her physical apertures because emotion is a physical component; it is not part of your spirit. The decision to be angry at God and at La for the situation, at life, at her mother, at this, at that, will block her from spirit completely. And that was probably her biggest weakness, was reacting with some anger. But the initiations were great for Sn because they hit her with a double whammy, too. (There was) insidious undermining of me and RP in subtle ways regarding weaknesses that were perceived, or "Poor thing this, or poor thing that"...and I've told you that if you feel sympathy for somebody, that you are walking in dangerous territory because sympathy is not mercy. It always has an edge of defilement in it.

How many times did La call over the last two months and whine "*Sn; my life is so hard. I can't make it, I can't make it, they are so mean to me....*" How many times over the last 6 months has Sn talked to La over the phone with sympathy and therefore received defilement and lies in subtle ways, of course. (*Sings*) "*I'm only thinking of him...*" How easy it could be for somebody to call and say "Oh, Sn you must pray for RP. He is feeling so bad these days. He is having such a hard time and I worry about him. G. is rough with him. And I don't know. It is not my place to judge her, but all I know is that we must pray for RP because he looks despondent and I'm worried about him." Sounds rather harmless and yet it is not harmless. It is bad speech, its being a physical tool for dark forces to undermine one's superiors.

Or someone calls and says “Yes, G’s in the hospital she looks very bad. I think she’s going to die this time. We must all pray that our lord’s will be done”. Well, who was that person’s lord, anyway? And what was the point of the conversation--to get somebody else to join into a death curse? But it sure sounded sweet.

How about this? “Dear lord, please help this person in our party to be strong and able to hold on and not give up the struggle.” Sounds pretty good, doesn’t it? But what are they holding onto? And who are they struggling against or with? And why would you want them to be strong if they were struggling with Satan?

Or how about this “Dear lord if I might be an intercessor for this person, I ask they be given a soul.” What if that person didn’t deserve a soul and in some way you linked your own spirit to them by that spiritual request. And so, for then on, all of their demons were a part of this group because in fact you took on their karma. So by taking on their karma, all of their crap poured into this group ever since because you wanted someone to have a soul. They may not have a soul anymore, but you are still paying their karma. The only sad thing is, you are not paying it, the whole intercessor group is, and I am, and RP is, and we get so toxic with who you have interceded for then, that we can’t even write a decent lesson because we are so polluted.

To pray rightly is a serious responsibility for those in an intercessor group. And one cannot pray rightly if the physical apertures are foul from action, speech, thought and uncontrolled emotion. Also, one cannot pray rightly if one does not love. It is fine and good to say that you love humanity “Oh, I love them, I love them” but can you love someone who has wronged you? Can you love someone who does not love? And how would you show it if you did love them? You would show it by wanting to know the truth about them so that you might help them in some way. And you would pray that all evil be destroyed in them so that hopefully they may be made new. You may actually appear to be quite cruel to them in the eyes of the world.

A person who truly loves may appear to be very ruthless. I’ve told you before that T1’s propensity was to be a martyr and to be all accepting of all people’s weaknesses and it was to some extent a fault; and that was her core self. No, I take that back, that was her personality, her physical self, excuse me. Her mental self, her emotional self and physical self had the propensity to be a martyr, and her core self was stern, severe, relentless, and somewhat harsh. When I died, it switched; the harsh severe side came to the outside, and the martyred self went inside. Ideally whichever way you are, whatever your propensities are, inside and outside, you will be able to see them both by *seeing* with body *and* spirit. But you will only see your inner self, if you see with spirit, and you only see our outer self if you are honest in your physical and mental and emotional realms. And what you see on the outside is the unmanifest to what is on the inside, and what is on the inside is the unmanifest of what is on the outside. So it often will appear the opposite.

There are some cases I have seen though, when the core was the same as the outside. But the irony was that to most people, both would have appeared as nothing. An example would be a person that had no ability to truly love another person in their core. Why would a person be born like that? It has to do with the fall of men related to the watchers entering the animal man back long ago; which animal men prayed for the watchers to enter them, and the watchers prayed to enter them, the animal. So they both fell. And that caused a distortion of a certain dimension, I believe it is the 26th that has to do with the ability to care about other people; truly care. And that person is forever distorted in flesh in that dimension unless God brings about a miracle. Now supposing God brought about a miracle and that person then had the choice to love other people, and they didn’t? Oh, that is a sad thing.

If a person’s inner core is basically apathetic about the condition of humanity, and their outer core is also basically apathetic about the condition of humanity, then that person is probably born tainted with fallen angel, watcher aspects, but could be delivered, and might have been delivered, but what would the world see in such a person before and after? See, if both the core and the outer are shallow and apathetic, then they can take on the form of whatever they want; so they take on a veneer of kindness, a veneer of sweetness, a veneer of caring and they indeed care, somewhat, about whether someone is around. They like to be around people. They are not anti-social, in fact they want to be around people, because they have a desire for power. And so power is determined (in their materialistic way), as being around people and being recognized as powerful. So to be recognized as powerful, then that means that one must be “liked” first. To be liked means you have to have a *veneer* of concern for one’s fellow man because you learn that in grade school, don’t you? So that veneer of concern for one’s fellow man is accepted on the surface by other people and by yourself and that is all you see, and all that they see. And there are other veneers that all of you have, that must be removed. **But those veneers keep you from advancing. You must see, you must pray to see, pray to know, and then you must pray to be delivered.**

Any person who desires power above service becomes evil and must be destroyed in some way. Now how such a person will be destroyed is up to God. It always feels to me like death if someone is spiritually destroyed because I am closer to spirit than I am to body. I am not spirit though, but I am closer to spirit. So I see over the last month some aspects of all of you being destroyed; and to me, it felt as if your bodies were being destroyed, but it was your spirit aspects (that were foul), were being destroyed. Oh, the resistance perceived in many cases, as your foul spiritual

components were being confronted and assaulted by the Holy Powers, and by the events forcing initiations upon you. And some of you did well and some did badly. Some did well in one month and badly in another month.

If a person does not desire service above power, then they must be spiritually destroyed so that they do not infect others with their spiritual poison which is satanic. And the manner in which that manifests must be left up to God. If God decides that physical death is needed, then so be it, God will do it. *It is not our decision to kill or to live, it is only our decision to pray that evil be destroyed, and holiness survive.* And that must be our prayer on every level of manifestation, physical, spiritual and higher.

And if you are not a body, then that is not a frightening thing. It is not a frightening thing that if all parts of you be evil, and if your body becomes evil, then destroy it. If you are not identified with your body, then "If thine eye offend thee, pluck it out". We should purify ourselves and if we do not, then we will be the eye that is plucked out.

You can decide to love. And God will grant you the ability to love; the ability to desire service more than power. Because if you do not get over service over power issues, then you will always want to be the chief and never the Indian, and for that reason you will find ways to thwart any project, any project you are involved in by your lower willfulness, or by undermining it through speech or some other way. You cannot love half of humanity and leave out 2 or 3 people or beings. Now, what is it that you love in them? If a person's body is defiling in habit and their spirit is also foul, and they have no soul by then; what is there to love? You love the potential to be a vessel of holiness because that is all they have left; there is potential. But you are not an idiot, you don't just worship that potential and ignore that they are certainly satanic in body, mind and soul. If they had a soul, you don't ignore it; you see it, because if you love them you want to SEE through (--), so you may help them. You cannot do an appendectomy until you first diagnose the appendicitis, or at least open the belly and peer in and then see it. So you want to see truly and then if it is your job, you act on it, and if it is not your job you trust in God.

For many months I have prayed. In fact for years as T1 I prayed when I saw weaknesses flare in people, and I knew when it was time to confront and I knew when it was not time to confront, in most cases, not that errors were not made. And yet I saw. I laughed about it too, to people, and in front of them, and I always laughed at your weaknesses and exaggerated them because I wanted you to be light about them too, and about other people's weaknesses. It is not cruel to laugh about mental and physical and emotional incapacities. If that is not you, then how could it be defiling? And if you can be defiled because somebody thinks you are fat, skinny, ugly, stupid, an idiot, horny, or because somebody is telling you the truth, then you've got a problem. Because who are you anyway, are you a body? So I will continue to make fun of all of you. In hope that you make light of yourselves; so that the light is a part of you, so your spirit may lead you to Christ; because your body will have been made light as in the light of God, the light of virtues.

If somebody thinks they love, but they get weary of the burden of someone else who does not love, then they get irritable about that person and self-righteous and say: *"That person is mean, and I don't care, that person ought to be spiritually confronted by T2. Why doesn't T2 do something? All she does is pray, all she does is clear about it. Why doesn't she do something?"* Because it is not my job. My job is to pray that God lead us to holiness which must first occur at the intercessor level that holds the arm to Christ, and then it must be totally pure in spirit, and then the body is down line.

See, that is the opposite of what I have told you to be, but that is because I have died and you haven't. So I can look down and see downward, and you must first see in flesh. Someone says: *"That person is mean, and I feel they possess me every time I'm around, every time I come in town, that person possesses me"*. It is because you have a weakness that is similar, and you are attracted by partial resonance. Any person with a power issue gets mad if somebody tells them what to do; and they may not manifest it in the same way as another person who always wants to be in charge, or to be a big shot, or dreams about being a big shot; they many manifest it by just being mad if somebody asks them to get them a cup of coffee.

If you resist being the servant or the master, then you haven't handled power properly. Because we must at times serve that which is above us, and we must master that which is below us and it is my job to instruct you as a master. And yet in doing so, I serve you by talking about your foul physical stuff and your gross emotionalism and your weaknesses in love and power. I act not with smugness about my position as your master; I act with the suffering of the servant who must tell his master that his child is dying in the next room.

If indeed parts of you were dying, then I must tell you as a servant, so that you may in some cases allow them to die so as to be reborn, and in other cases nurture that part of you and clean it, so that you may be Christ-like in form and in spirit, so that you may be, maybe a candle on the throne of God. It is a heavy burden to be a servant and a master of humanity simultaneously. It is a burden that is great. I carry that burden willingly, and unless I give in to my old tendencies (not so much as a martyr, but as a victor). For your victories must be the battles within yourself won.

If a man masters himself, then he can master others. But, there are powers above me that master me, and I submit myself to them. And when they tell me I'm not supposed to know something, or know the outcome of how something is to manifest, then I accept that: but I also trust in God. I never doubt. And you may say "How can you never doubt?" I would say that sometimes the burden has been so great on my body or spirit, that I have separated somewhat, like two parts of flesh torn apart, and then my body might have felt some doubt, because I was losing my true self from exhaustion. But in truth, I never doubt because I *know*. How can you doubt it if you know something? And how can you know something if your apertures aren't clean in body and spirit? If you haven't submitted your lower will to God in the flesh, then how can you submit it to Him in spirit?

Every aperture that is blocked on the flesh, everything above it is blocked in both flesh and spirit. So if your lower will is blocked at the brow, your trust aperture is also blocked in your etheric. You cannot truly trust in God except you submit your will to God in flesh, in words, in speech, in action. And then you have eternal hope, courage, strength that is from God and is not body or spirit, but strength that is higher than body or spirit. Strength that is divine; to endure.

Now, you could come over here and cut my throat. You could put my head on a platter and present it to Cel and yet I would not die. But I would no longer be able to help you from this end. I would have to help you from above and the only way you could hear me from above is if you had already heard me from below. If you heard me in flesh, and you heard me in spirit, then you could hear me from above. But how about the sea of humanity? How are they to hear the holy beings above if they don't know truth in the flesh and in the spirit, and how are they to gain an understanding in truth, in body and spirit, unless we teach them? Because the churches aren't teaching them, they are telling them to say so many Hail Mary's then they can go to another whore the next week. No. I'm telling you; you must be perfect as your Father in heaven, but just a little bit down line, and then if your body, emotions and mind are perfect, then your spirit can become perfect and then you can KNOW God.

But you will never know God unless your body and spirit are pure. And so we must use this knowledge and I pray and I pray that our party be clear enough so that we may present clear works. And I have been inhibited although I prayed and prayed, the Holy Breath said "No, if you were to write what you are supposed to write now, they that who work on the transcripts would lose pages, they would burn out the computer, they would change wording and deform the holy message until it was satanic". We have reached a point where the teachings must be so holy, that even the dumbest body can hear the ring of truth; it is so loud.

Our other books were approximations, of struggling to get to this end, and the only impediment we have is if one of us in this synergy group be satanic in body, mind, emotions, will and in spirit - even on one aperture - then that person cannot approach God's holy works to touch it. You might say: "Well, if it is in stores they are going to touch it". Yes, but when it is put there it will be whole and clean and touched by the righteous so that they don't burn up the computer, so they don't lose pages, so they don't undermine the work to other people on the phone, so they don't somehow screw up and edit something so that the message is reversed. I have seen that happen where I would say "Spirit must be your food" and somebody would scratch it out and say "Food is spirit" right on top of it, three times, same editor. Damnedest thing I ever saw.

No. No defilers will approach any further work and as for your faults that you must address, the ones in this room know the ones that I spoke that apply to you. And C you must earnestly pray that your Lehys aperture in body and spirit be purified so that all above will be purified. You must want to know truth more than to be emotionally comfortable.

B, you must decide to give up all tendency to be hostile, you must love not with a veneer but strongly, cleanly, and impersonally from your throat and you must check your feelings and your desire and see if indeed your Son aperture is holy every day for at least a month, because when it falls; it goes to your guts and you get irritable. You love greatly on a personal level, but then you have trouble loving impersonally, and then your throat is blocked in your body and spirit and this is a lot of your thyroid business. You used to be blocked on Lehys, on your chest, because you really didn't want to know the truth and then you had a lot of asthma things.

C used to have a lot of blocks relating to her emotions being in her guts. In other words her Son aperture was falling to her gut level, and then she had liver problems. And you are still recovering from there, but you have to watch those tendencies if you are to fulfill your destiny as an intercessor of God.

A, you must want to know truth above all else. Your tendency to fill up with mucous when you are here is not due to dust mites or gas stoves, it is due to suffering and resisting against truth, and wanting people to be good rather than just accepting whether they are good or not as true. And there is also an aspect of lower willfulness with a block in the brow that must be submitted to God for healing.

Sn, I've discussed your issues.

BJ, you must first of all handle your lowest aperture, both physically and spiritually. You must submit yourself to God on all ways before we can discuss the others.

Forr, you must first struggle with your throat aperture. Now I know you would have thought it would have been your lowest aperture, but you have struggled with that, and have achieved some success; and you want to know truth, but you are not impersonal in your love. You are not in the NOW in your love. You must be strong and impersonal in your love if you are indeed to ever get to the point to submitting your will, which you have not, or trusting God.

Si, you have made advances in the lower aperture region, but a lot of you does not want to know truth. You are blocked at the Lehys and you are afraid to know truth. You would rather not see it then bear it. A saint must be courageous. It doesn't mean you have to ask for truth before it's time for God to show it to you, because I can assure you that God will show it to you when it is time. Maybe you are not supposed to know something about people or events. But God will be the judge of that, don't you think? Which brings up the fact that you have lower willfulness brow issues and you have a personal love vs. impersonal love throat issue and all of that blocks your ability to trust in God and be in the NOW. But you are advancing.

(Child) is a remarkable person who is very holy. He does have a propensity, just like all of us have a propensity of one type or other, to be very strong willed, which if he submits his will totally to God he will be a regular Daniel in the Lion's den with his ferocity. This is because if his strong will combines with God's, then he could change the earth with his holiness, because he truly knows God in his tissues through his mother. I wish I could say that about his siblings.

Mag you must decide to allow your throat aperture to accept the truth of what love is, to be impersonal about love. To be selfless about love, that doesn't mean you just go around the streets looking for someone to drag in to feed a hot meal to, but in your heart, you don't look back and say "Why have I been wronged, or why have I had to suffer?" But maybe in your heart look back and say "*Dear Lord, how have I erred in bringing suffering to others? How could I have been more impersonal, yet loving? And when have I been selfish or hated in my heart?*" And I say in your heart, because I want you to know the truth about those issues which superficially do not appear to be weaknesses in you, and yet are weaknesses. You have a tendency to be self-indulgent in your thoughts and emotions about yourself. And I encourage you to read books about saints and holy struggles, because your only strength will come from deciding to care about others as much as yourself in the very core of your being, not in a veneer, and also then you can have the choice to submit your will to God, which you have not completely done. Because a person really has no ability to submit their will to God if they first don't learn and master impersonal love rather than personal love, or indulgence in oneself.

For instance, you could be in a room full of people (and I have seen this with others in our group as well), and there might be one person who is suffering. If you could see with spirit, you could see them suffering a great internal torment. But then, you might pipe up and say "But, what about my boil?" It is not that God doesn't want you to be healed physically, but I suspect that that boil is on the realm of spirit and has to do with caring about the sufferings of others in the core of your being...not weepy, not sentimental, not blaming, not guilty, but just wanting to know truth, and accepting it, and being joyous. Because your lack of joy is due to your self-indulgence. **He who loves is joyful in the core of his being and hopeful.** And I am optimistic that you will overcome these things and be a wonderful servant of God, or I wouldn't have told you, would I?

Prayer: "*We give thanks for this knowledge even though it is a burden that we must bear; and we ask as we master the weaknesses that are below us that we then be taught what weaknesses we have not mastered, and we bow before the throne of God. We ask the Holy Breath to guide us if it has to be through a person, or if it can be through seeing a movie, or reading a book that we learn our weaknesses, then so be it.*" The Holy Breath works in mysterious ways.

But **Pray:** "*That whatever way is best, that we know the next level of our weaknesses as we look upward, so that we may be then a servant of the Holy Breath, which is above us, and a master of that which is below us; and that we do not regress, that we be ever upward climbing toward God's throne.*"

If you do that then you will help me and T3 in this work and we will produce the finest and cleanest books that have ever been written, save the Bible; and we will help the earth and the only way that you can really help the earth must be in spirit and down line into flesh. Because the way that we are going to help God is to be vessels, that the light of God shine down through our spirits into our bodies. We know that the light did not shine up, it shown down, and we give thanks for that and we are humble and grateful to be a vessel. Even when we suffer we are grateful and happy. If our vessels suffer and our bodies and minds are in turmoil when we in the middle of our initiations and in the middle of our painful service, of which exorcism is certainly a painful service, we give thanks that we do not die as some dog on the road, but we live as men and women filled with the light of God. We live as the Master lived which was in service to humanity.

Prayer: "*And we pray to know love so that we can know the service that God requires of us, and not think we know it with our brains, but know it in our Lehys.*"

And when we know it, once we submit our will, then we can truly trust and have a peace that is greater than any peace that man can bring to you, and have a food of which you cannot eat on earth. You will have the manna of the words of God, and you will be filled and you will never worry again about being hungry or homeless, ragged or shamed, disgraced or unloved, lonely or worried about somebody else being lonely and unloved. You won't worry about being crazy; the only thing you'll worry about is whether you have a perfect vessel with which to carry the glorious blood of Christ. For you indeed must be the Grail to carry the name of Christ over the earth. And that is what the Divine Powers ask of you and they would not ask it, unless you could fulfill it. So do not grieve over your errors, just submit yourself.

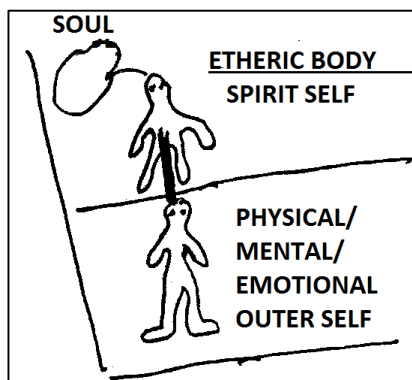

And if you reflect over your errors, it is so you do not repeat them; but you do not cling to them so that you suffer and therefore pay some penance. At this point you don't have to pay penance, you can fall under Grace, the Law of Grace, unless you turn away from it as others have. God's will be done. Amen.

LESSON FEBRUARY 22, 1995: Veneers, Outer Selves and Inner Selves

VENEERS, OUTER SELVES, AND INNER SELVES

Many mental illnesses occur because of maladaptive personality veneers or disorders of the spiritual self that reflect downward into the personality and flesh.

The spirit aspect of self, the inner self, must be illustrated outside the lower self, which is like the husk of crystallized manifestation. Although paradoxical to view, it is accurate to say that the most hardened aspect of self is the least spiritual, and rests inside one's lower self like a kernel in an apricot. The more etheric aspects of self are less solidified, and should be pictured outside the kernel. Even so, because a man seldom contacts his spiritual self, it is called the inner self because it is hidden to the common eye by materialistic vision. **Inner vision, therefore, refers to spiritual vision.**

OUTER SELF: (Lower self: crystallized tissues, personality, action aspects, thoughts and emotions.)

INNER SELF: (Spirit....Connections to Hells or Heavens, soul or Satan.)

The outer self is not a veneer, but is a necessary part of life for all creatures. It is the structure that holds the spirit; it is the cup that holds the water. The outer self of a soul-less man is much like a shell with dark spots that once held doors to the inner man. Now, those dark spots indicate doors to hells, Hades, purgatory, or to other people. The dark spots give clues that a person sold their soul/mind/body in exchange for something material, emotional or spiritually evil. All people have dark spots, but the more one has, the more difficult it is to be holy or to maintain a soul.

Dark spots are acquired by malefic actions, thoughts, speech and genetic influences. They can be acquired at conception, during gestation, during ensoulment, or after birth. Many early ones produce deformities. Later acquired ones produce a multitude of mental and physical symptoms, including mucous discharges from sinuses or bladder, skin disorders of all kinds, and gastrointestinal disturbances.

The physical disorders occur because of a crystallized assumption, false belief, or habit/obsession that results in a mental/emotional or physical routine that is spiritually harmful. Usually, the assumption leads to a belief which leads to a habit/obsession.

Relationships with people who have the ability to "memorize your eye pattern" can be dangerous, because such people tend to form webs of disorder among many people who tend to merge with other people and think with their brow (rather than the chest Lehy's aperture) and reveal their eye pattern (spiritual name) to anyone they look at or talk to on the telephone.

The human voice has within it the lower aspect of spiritual name, which is the physical pattern name. All people have a physical name but only ensouled people have a spiritual name. Lower creatures and soulless people have a spiritual component, but it tends to be the same as their physical name, and is reflected in their voice in inaudible tones.

Many people who crave physical or spiritual energy will talk for long periods of time on the telephone so as to hook into another person's name, and therefore be able to tap his energy fields.

An even worse case is when two people have a synergistic spiritual disorder that feeds dark forces when they merge "names" by chatting on the telephone or meeting in person. Together they may form a chaos or hell link, like two

pieces of a puzzle. They may get a type of mental or physical rush from speaking to or seeing each other, because their etheric bodies may be mating in Hades to the tune of euphoria-producing pan flutes. To their conscious minds, they may just feel “joy” when they get together for a chat. The above case is most common in opposite sex relationships, because the demons can get more energy out of such a coupling in other realms. It is easy to see if something pathological is going on, if you find yourself repeating the same conversation matter over and over again, as though to stay linked by voice.

This is not to say that one should not be thrilled to meet with like-minded people of high moral stature...for indeed, the world can be a lonely place. One must not fall into a pattern of desperate neediness to be around others, lest it indicates the feeding of synergy demons.

Most people forget spiritual or physical names after a few months, unless the link is reinforced directly or indirectly. If a malignant former associate calls, writes, or shows up to see you about someone else, it may be that they want to use you for an intermediary vampire connection to a person of power, or may want to tap into your power reserves. For that reason, having calls screened on an answering machine is wise. You can (with effort) block people getting your name if you mentally “scream” while talking to the person and avoid eye contact in person. If they have your name(s), then do the following procedure:

Think of your name as a 3-D geometric shape like a multifaceted crystal of a certain color. You do not have to know exactly what color or shape...just WILL yourself to subconsciously identify with your name shape. (Remember that there is a spirit name and a physical name that may/should be different).

You can locate your names if you focus on your physical heart (for physical name) and your etheric heart (for spirit name). Think of the person who has your name, and ask where your name shape/color is on that person’s body. Direct your WILL and shatter the name replica of yourself in that person’s body. Perfect resonance produces dematerialization; like cures like. Partial name resonance will just link you to the other person; it produces attraction.

You can find out how many people have your name, if you count the number of echoes in your physical and etheric heart. Mentally call out your name from your chest, and see how many echoes call back. Follow the direction of the echo and destroy each name that is out from you that may be linking you with other people. Do this first on the physical level and then on the spiritual level. It is never good to have your names out, for someone can decide they like your name better than theirs.

If someone is obsessed with you (whether they love you or hate you) they will struggle to hold onto your name and will try to get their name in you through direct or indirect contact. This is based upon some false assumption that turns into a false belief that feeds an obsession/habit. In the workplace, such an employee may have an assumption that “All bosses are cheapskates”. If you are their boss, then they will have the belief that YOU, then, are a cheapskate. They may begin to think about a raise all the time, even if they are not a good employee.

It would do you absolutely no good to tell them that you are not cheap, but that they do not deserve a raise after working (rather shabbily) for three months on probation time. They will go to their grave thinking you are a cheapskate, because their whole idea of reality is based upon the foundation of their assumptions, beliefs, and habits/obsessions. Most people are like that.

If a person makes an assumption about you that is particular to a strong grudge, then it may be dangerous to let him find your name, for he may curse you. For instance, a fat woman in an office may think that a skinny woman makes fun about her behind her back. Because she wishes she were skinny, and is jealous, she begins to look for any action that will back up her assumption that the skinny gal is making fun of her. One morning, the fat one may be eating a donut while the skinny one laughs over the morning comic strips. The fat one may go into a rage, and plan to get even, because she knows (believes) that the skinny person is cruel.

In the above case, the fat woman develops a habit/obsession of chatting up others in the office, and dropping little “hints” that the skinny person is stealing from the boss. She has a need to talk about the skinny person in any way possible, perhaps to say she is worried that the skinny person is on drugs or is a drunk, and that the office is suffering as a result. Tiny errors are magnified, and others in the office (who enjoy gossip) get into the fray. They form a kind of mob mentality until they drive out the poor girl.

People who receive pleasure in planning the destruction of another person’s career, social life, or body have already become seriously demented on their outer selves to such a degree that they must form veneers. **Veneers** are used to cover up a poisonous, plotting personality that has links to hells, Hades, and malignant people. Veneer personalities can be easily spotted if you can hear the sound of an abnormal name coming from the guilty person’s genitals or nose. If the abnormal name is not an echo, foreign auric bit or superficial dark force, then you should suspect that it is a veneer name. One veneer name can be linked to a web of many people, and is always evil. Spiritually sensing a veneer name is similar to hearing and seeing oneself in a pit of hissing vipers

If you are around a veneer personality for a long time, you may have trouble sensing it. You can find it on the nose or genitals by using the scale for “I am my own god”. Having someone else’s veneer name imprint would give you a high reading on having the “False God” scale while thinking of nose or genitals.

Being free of veneer names is necessary if you want to be a saint, because veneer names are lies that repulse all that is holy. Eventually, the individual will swear that the veneer is really him, and that the outer self (well hidden, but the teacher can see) is just something out a crazy woman’s imagination. Other people may have only seen the veneer aspect of a demented individual, and so believe the evil one’s lies. If you try to “comfort” a veneer personality, you are in grave spiritual danger, because they will stamp you with their imprint until lies are reality to you.

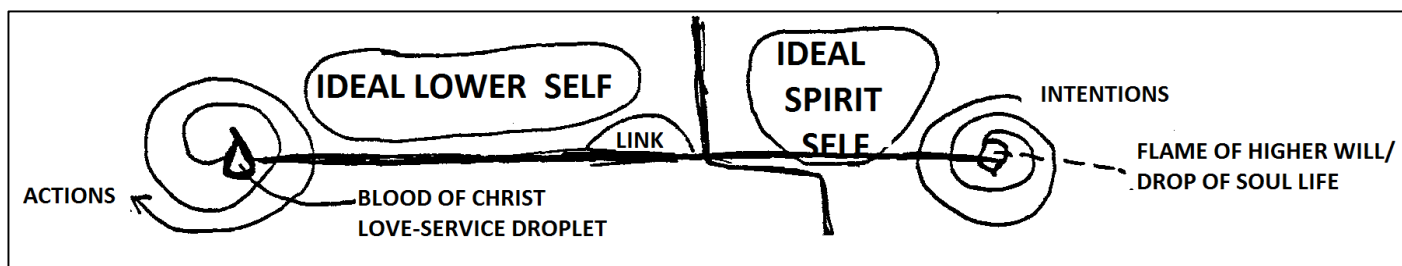

One must have spiritual purity to destroy veneers in others or self. Veneers must be destroyed, though, because people with veneers are dangerous for the survival of holiness on the earth. The veneers get stronger as people feed sympathy, and a web forms of false beliefs. In severe cases, one veneer person can steal the spiritual power out of dozens of people, and link them to murderous rushes from the worlds of chaos. They become a mob with a spiritual (albeit dark) mission to save the world from the person they think has tormented the veneer person.

There are signs of tension in the bodies of people who are taken over by plotting veneer personalities linked with hells. Veneers get stronger if they are fed sexual energy, and so a veneer person may be observed touching their genitals without even thinking about it. Often the shape of their mouths seem to change into a strange pucker that comes and goes. Strangely enough, some of the most peculiar physical changes occur to people who are being vampired by veneer personalities.

Abdominal bloating, bleeding pimples on the forehead, spleen enlargement, a red face, abnormal bleeding/bruising, muscle weakness/pain, sores that don’t heal, snot/discharges and other symptoms can occur in people who are being vampired. It is impossible to not be vampired by a veneer person in the room or on the telephone unless you are spiritually perfect. They vampire you by a type of spiritual gas that comes out of their mouths and crotches due to the destruction of little demon crystals that vaporize upon the stimulation of the owner. The veneer owner is always stimulated around anyone with energy, and so the little crystals go pop, and fill the room with a sense of agitation or sexual excitement. Upon prolonged exposure to the gas, people’s auras get eroded in places until they open up to the gas. The gas enters any auric hole/erosion and carries the names of hell doors, Hades doors, chaos doors, and many foul people well. If you have the slightest weakness of partial resonation to any of the spiritual disorders within those doors/names, then you form an instant portal. Many of these can be sent into flame, ocean, and chopped and waveformed. The danger is that you can’t see your own weaknesses, or you try to ignore the discomfort rather than treat the cause.

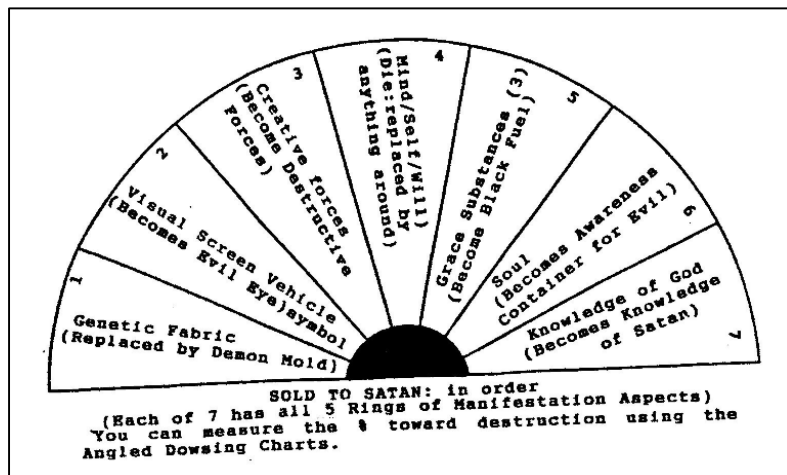

Correct prayers are very helpful in such a case. If you fail to recognize the portals and remove them, you will begin to grow little crystals yourself. They may crawl out your hands and feet in little bleeding holes, if you do not feed them. Then they will creep around the room, hoping to crawl in an auric hole of someone who is weak in a certain way, or hoping you wear down. In the meantime they can eat free-floating energies for up to three days between hosts. The crystals are not organic, but can move around because they are controlled by dark forces from remote hells.

Most people have so many crystals/names/contaminations that they have a hard time hearing anything that is true of a spiritual nature. Purification of the outer and inner selves must precede serious spiritual study, because the highly contaminated person cannot hear if he is cut off from spirit and spirit is cut off from God. Prayers are meaningless by a person who refuses to purify all layers to the best of his knowledge.

It is impossible to find one’s spiritual path unless one learns to see with spirit. Spiritual seeing must occur in a deliberate order, just as one loses oneself in a deliberate (although dynamic) order. The spiritual degenerating order on the “Sold to Satan” chart can be correlated with aspects on the **Inner and Outer Selves Illustration**. (Complete on the last page)

SOLD TO SATAN ½ circle chart:

½ Circle Chart: "Sold to Satan"

1) Genetic Fabric (Replaced by Demon Mold)

The first step (relating to demon mold formation and genetic fabric loss) is correlated with distortion of the Balm aspect and the Sphere of Grace Mold substance ring in an ensouled person.

2) Visual Screen Vehicle (Becomes Evil Eye) symbol:

The second step is correlated with down line desire substance leaks/contamination and loss of Layer of Mystery.

3) Creative forces (Become Destructive Forces):

The third is correlated with the ensouled person's down line outer-self monadic substance losing its heaven resonance.

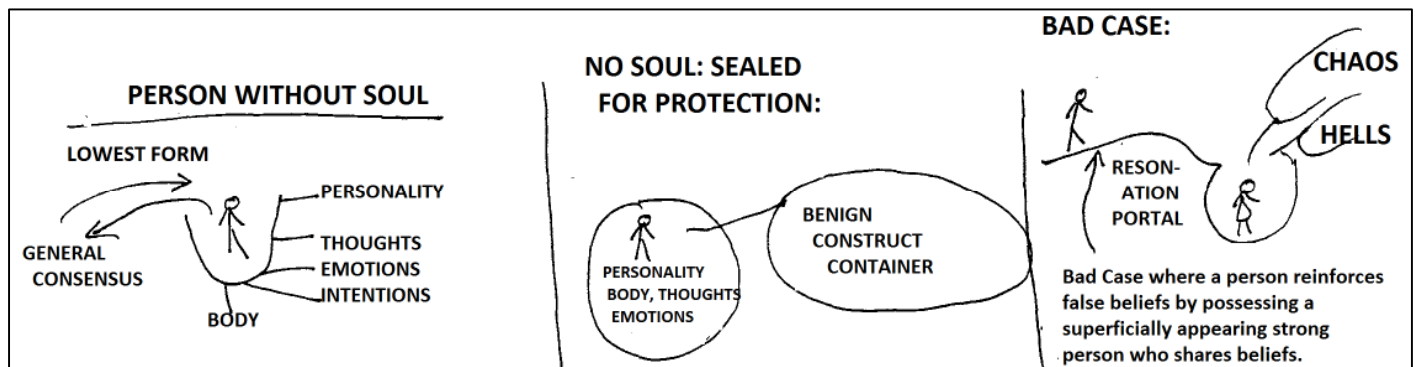

4) Mind/Self/Will (Die and are replaced by anything around): The fourth is correlated with a dirty Tisunal light shining from the heart or no light at all. Also, the Law container breaks around the Heart Name, the Aperture Tube at Etheric Feet breaks, the Lower Droplet of Life is lost, and Etheric Communicative Substance is soiled.

5) Grace Substances (Become Black Fuel): The fifth is correlated with loss of soul Gulsty connection.

6) Soul (Becomes Awareness Container for Evil): The sixth correlates with the Virtue substance becoming food for body demons until an evil halo appears, and "Trust in people who are satanic" is cemented in the solar plexus until it aches and hardens.

7) Knowledge of God (Becomes Knowledge of Satan): The seventh is correlated with the removal of all Gulsty connections, which then become stumps for evil to enter the spirit and take it over.

A soul-less person can then have a spirit that may dowse as an **Evil Etheric Body**. It is a vehicle for darkness and should be destroyed. Many soul-less people do not have any spirit except a primitive prana receptor aspect. Some of them are sealed up to prevent them from opening to all evil in the grid. Examples are given below.

If a person is addicted to hell rushes, then he may be so intractable that you must avoid him at all costs. Such a person is unlikely to be contained in a seal, and wreaks havoc as long as they live. Be careful to not feed them with your own weaknesses or hostility towards them.

How do you know if you are infiltrated by such people? A dull sense of irritation, cloudy eyes, and a sense that God is not real are all symptoms. Suspicious, nagging thoughts and circular memories, songs and thoughts that keep coming back and mysterious ailments that seem to produce vague depression keep occurring. Difficulty thinking and a desire to just sit in a daze for hours on end are all clues. Realize that it is up to you to use your will to be strong...even in these challenging days of a polluted Earth.

If you do so, then you may be able to fulfill your core purpose, which relates to an assigned *Primary Tisunal Trait Light Color* that is associated with archangel links.

Each one is symbolic of a path. Some people have been given new core selves over and over again, and so the birth path may be different now. It may be that you were given a different path so your success would be enhanced.

TISUNAL TRAIT LIGHT COLOR

BLUE PATH: people are those who know God and seek to serve as intercessors in secret. Cel and Ab are supposed to excel here.

RED PATH people are supposed to be exorcists/warriors. Forr and B are here.

YELLOW PATH people are supposed to communicate. Mag and (T2) are there.

GREEN PATH people are exorcists/martyrs/devoted to God. (T1) was this, and now so is C.

MAGENTA-PURPLE path is a mysterious one. They are farmers who sow hope and Truth throughout the world from the wind; protects the seed, and watches from the sky.

INDIGO-BLUE path is one of the Shield who interfaces with humanity as a facilitator of the plan: Gar.

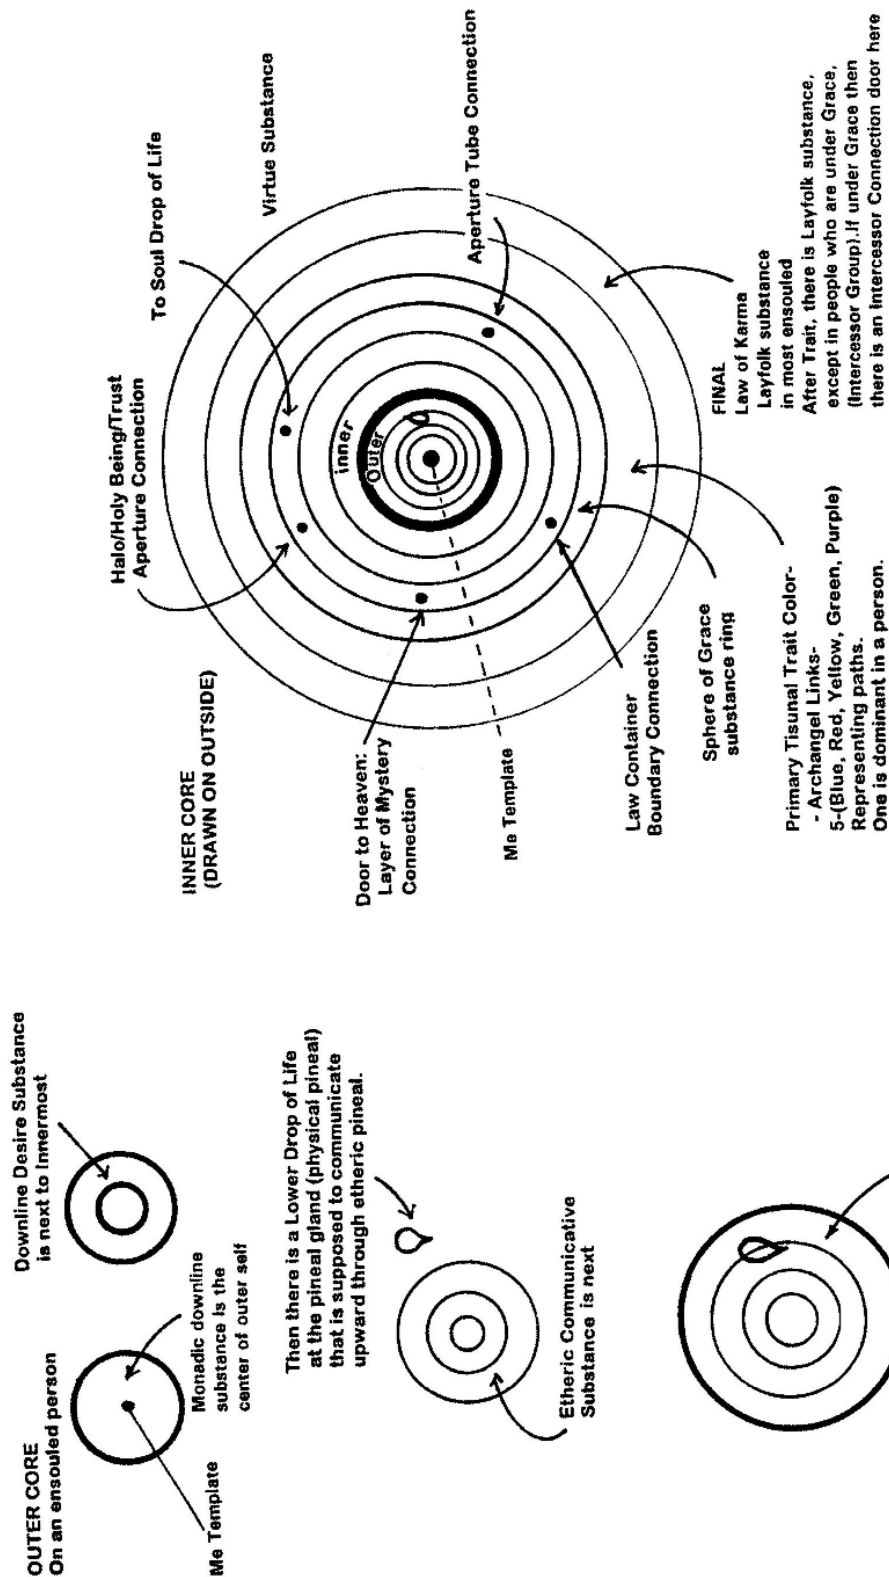

MUTED PURPLE is the Sancho Panza for Quixote. The assistant in details of worldly manipulation for divine ends: BJ

WHITE-PURPLE is the path of he who dips into the earth to prepare it for seed for the farmer. Sn and Si now take that path. It can be as varied and mysterious as the farmer's path.

Do not be too attached to these; the holy beings can shift the winds at will. Be joyful in your path. Be in the now. Do not fret too much about the new diagrams. Realize that the other anatomical drawings were also correct. These serve a different purpose: to illustrate the dynamics of parts of self.

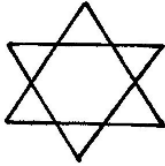

In the end, you should have a whole self; composed of an **Outer You** (personality, body, thoughts, emotions, actions) and an **Inner You** (intention, spirit, connections to God, ability to see between words). If those two aspects of self are clean as you are able to make them, then all that is higher will reach down to aid you on your path.

Blessings. Genevieve 2-22-95

LESSON FEBRUARY 24, 1995: Between the Plan & Creation: Tisunal Forces

This original text is referencing Advanced Esoteric Dowsing Book IV Unpublished

BETWEEN THE PLAN AND CREATION: THE TISUNAL FORCES

Man has many levels of creation within his physical form. He has aspects of the plant kingdom, manifesting in the spiritual forces governing intestinal and skin flora. He has aspects of the animal kingdom, manifesting as the spiritual forces that govern hunger cravings, desire for a home territory, and the tendency to form into social packs. He is also intended to have aspects of the human kingdom, which governs his lower aspects by the spiritualizing forces that create a civilization.

There are a total of seven levels of spiritual influences that are supposed to guide mankind into healthy and harmonious physical, mental, and emotional lives that lead one toward the soul's purpose. These have been symbolized by the seven days of the week, starting with Sunday, and metaphorically described in Genesis. Each one of these levels of manifestation has a group of lower angels that are assigned specific tasks to perform relating to that level only. These angels are somewhat like robots, in that they are programmed by their heavenly creators to fulfill a job. In some cases, the angels get "re-programmed" by the human owner due to some tendency to create his own reality through mental/emotional obsessions or physical habits that go against the heavenly design of mega-man (template of a human).

Humans vary from the perfect human template normally due to gender assignment and the "day of the week" of their particular physical/emotional/mental development level. All humans have all seven levels potentially present, but soulless people have only the first three levels, so as to survive. Ensouled people must be able to develop the spiritual forces to the fourth (human) level, if they are to retain a soul. Genetic/group influences, rather than prior soul survival, influence the first five levels. To be born on the sixth level implies that one had some retainable soul awareness of God from the past before birth. No one is born on the seventh level, but man can reach the seventh level, if he is careful not to misuse the energies of that level through a problem with desiring power over sense of service. People who have intercessors are often graced with this level of power, which serves as a mighty initiation toward mastery or annihilation. They, in effect, are pulled to the top of Jacob's Ladder, and if they lose their footing before purifying enough to enter heaven's gate, then they fall to the bottom.

Even so, it is a great gift to be pulled so far, because the chances for spiritual mastery are attainable in one lifetime. It is unlikely that most people would ever reach it, otherwise, because they are lured on every step of the ladder by the sirens below, and grow weary of the long climb, and fall. This is particularly true at the end of civilizations, such as the decline of humanity seen today. Declines come in cycles, but the Earth is in the final decline cycle. Decline is measurable by the following standards: (1) Tower of Babel mentality in which each person wants to create his own reality and his own expression of that reality, despite how disharmonious it may be to other people. (2) The love of money above the love of spiritual assets. This manifests as get-rich-quick schemes, or when people lie about injuries to collect damages through slick-tongued lawyers who do not concern themselves with the truth, only with financial potential to collect. (3) Sexual obsession and perversity (4) A lack of self-respect in people who "work the system" in order to avoid getting a job, and then spend their days in front of the television. (5) Violent crime increases.

When a civilization declines, it means that the people within the civilization are losing their human qualities, and becoming more like animals, or even like a fungus on the earth. Usually the people just re-define what they consider an appropriate civilization so that animal traits are considered human's highest attainment. For instance, such a concept is found in movies or books that extol the virtue of a feral child who later became ruined by his "civilized" captors. The worship of innocence/ignorance above the aspiring toward experience/wisdom/maturity is the hallmark of an evil civilization. Veneration of youth and beauty and repulsion felt toward the opinions of elders is rampant when a civilization has reached the final level of decay: the first step of evolutionary forces of the "first day" of Genesis...by stepping backward from the other "days".

Stepping backward from any level encourages the development of certain diseases or disorders of the mind. When a civilization or an individual has stepped back (through personal and group choices to be counter-evolutionary) to level one, there is nowhere else to go but the Sea of Death, which is a real place, should one continue to step back from the beginning. When one enters body resonance with the Sea of Death pull, diseases such as cancers and Alzheimer-type mental disorders begin to occur.

If a person slips back to the second level, which applies to the plant kingdom, he is likely to get respiratory illnesses, digestive disorders, and skin diseases. Contamination by a hostile person on this level can produce such illnesses in people who have not stepped back in evolution, as well.

If a person slips back to the third level (animal) or is contaminated by a person of that level, he may experience a lot of mucous production, generative/sexual/urinary organ disorders, and difficulty thinking about abstract concepts.

If a person has slipped back from the fifth level to the fourth level, he will tend to be depressed. If he slips from the sixth back to the fifth, he may become psychotic and think that he needs to kill someone that he blames for his own fall. If he should fall from the seventh (where Grace placed him) he will not fall to the sixth, but to the first level. He will experience a sense of being dead even while seemingly being alive. He will feel as though his power has been stolen from him, and spend the rest of his life trying to get his power back through sorcery. For that reason, most graced people are placed no higher than the sixth step by intercessors, because the price is so high should they fall. There are times of great necessity for saints, such as now, that some people have been offered and encouraged to take the leap of danger into the seventh step.

In some unusual cases, a person can try to gain the seventh step of power through a type of vampirism of saints/intercessors. Or, by praying to fallen high-level beings, they might be thrown into a position of an inverse seventh level step of power. By desiring union with a person on the seventh step, one can force unnatural links that may bring about destruction. For that reason, powerful people must shield themselves to keep others from merging, or they might contribute to the destruction of the ignorant ones who desire to merge with them beyond their own spiritual stamina or purity level. There is no going back from the seventh level; there is only God above and death below. One can be a saint on the sixth level, and yet seventh level saints are the only ones powerful enough to call down the heavenly powers enough to change the course of events of a civilization. For that reason, it is good to desire to be perfectly aligned in spirit and body so as to endure the rigors of the seventh step sainthood.

A person has angelic/spiritualizing beings that influence him on his current level of development and all that are below that level. A person's physical and mental health depend upon him having clean spiritualizing agents in proper number for the level he was born. For instance, if a person was born on a sixth level, he will need to be extra careful about all the things/habits that influence the sixth level angels and the fifth, and so on down to the first level of angels. This is true even if he should spiritually degenerate (step backward) to a fifth level or lower. That is why more evolved people react to spiritual stress with illness, while animalistic man (since birth) may be strong as a horse no matter what spiritual stress abounds. The responsibility for aligning the thoughts, emotions, and desires is especially great for a person of sixth or seventh level. He has a lot more refined spiritual, mental, and physical anatomy that react more readily to disorder if his angels go into shock of malefic resonance.

This is not true if the person has formed bonds with energizing forces (such as fallen beings) that replace the angels who might die from disorder, or if the person is able to tap energy from someone with healthy angels. In some cases, people are born with evil angel receptors in their body tissues. Normally, they do not climb the same ladder as the ones for earthly spiritual progression within divine plan. This occurred far more commonly between the years 1940-1993 due to split time deformities in the mega-earth spiritual structure.

Most of the reported alien encounters from outer space are due to some people having abnormal interdimensional doorways in their flesh either since birth or since inviting them in some way by thinking romantically about space aliens or channeling. Interestingly enough, alien encounter doorways seem to occur in people who are on a satanic fifth step of evolution. Remember that one can rise in knowledge (steps), but it is helpful to add "God of Jesus" because the world "god" can mean anything worshipped, even a sports car. Some people develop a fifth door to satanic knowledge through false assumptions, beliefs, and habits/obsessions of body and mind. They drive their five levels of angels into a satanic robotic energy vortex to fuel their desires. Then, what could have been five holy levels of maturation become five satanic levels of maturation.

When a person has soiled his angels all the way down to level one, then he develops a devil "black" right eye veneer personality. It is important to check (with Lehys vision on the left side awareness) whether a person has a black right eye. If the person has a black right eye, then that person is a demon factory. He is able to send out a black eye light to other people and form a dark bond. His own angels, which have become demented allies of darkness, follow his obsession robot program. Often, the obsession is involved with stimulating the sexual centers of other people, as his allies enter any auric opening of people in the room.

Ensouled people often get entered through their eyes. This is especially true if they are merging "from a gut level" so that their generosity of spirit substance boils upward to a teary eyed level, and squirts out the eyes. If the evil allies enter an ensouled person, they will begin to program the ensouled person's angels to become allies of destruction. This is done by encouraging a weakness, such as romanticism, ritualistic onanism, a tendency to sloth or materialism, or by stimulating emotional irritability. All of those weaknesses unbalance the apertures and cause them to erode on the lower auric mold. If the mold erodes completely over an aperture, such as the throat, then any darkness can enter the unguarded area. Often, the mold energies of one aperture location migrate to the sexual centers, where the demon creation occurs.

Eventually, all the mold is distorted and lumped toward the bottom half of the body, as the energies get focused ever downward by the ensouled person feeding the obsession demons that entered him. He may feed it hate thoughts, food, emotional neediness expressions and indulgences, mental irritability, ritualistic sexual excess or vampired energies from other people or pets. Eventually, his mold sloughs off and falls into underground hells where it is supposed to rot.

Next, an animal mold takes form, as a lower level of spiritualizing angels try to take over the job of auric protection, since they no longer recognize the person as a human. In such a case, they are always contaminated, and so they may do a poor job of it, and create a mutant mold of animal combination shapes. If the ensouled person continues to feed the obsession/habit/belief/assumption, then the animal mold begins to be eaten away by the demons who hatch out of the generative organs. It is unlikely a soul could survive in such a spiritual environment. The mold, which has pranic components, eventually falls into a heap around the pelvis, and later down below the ground, where it settles into animal hells to compost.

The plant angels, who are undoubtedly deranged at that point, cannot make a proper mammalian mold. At this point, the possessed person becomes frantic to gain links with other people, as he feels that he's slipping away, and needs energy. Digestive processes malfunction (this can happen if you are being vampired by such a person, as well). As the plant world energies are used to feed the demonic obsessions, malefic physical habits and mental constructs, the plant auric field begins to drop below the ground and unite it with plant hells, where composting begins. Plant world composting can take several weeks, and so the person is linked to plant hells during that time, and so are all his vampire victims.

Vampires who have used up even their plant energies may try to get you upset or sympathetic to unbalance your apertures, so they can send one least tendril of the remaining first force to hook you into feeding their obsessions/habits. At this point they are evil incarnate, and have a "black penis and vagina" or both (also Black navel). This refers to the dark energies inhabiting their generative functions: they desire to breed disorder on the Earth.

Even at such a pathetic level of degeneration, a person can choose to not do harm, to quit feeding obsessions, to pray with the little dab of self left. Even if their first level angel spiritualizers were in Hades (where they end up when evil), such a person can truly recapitulate their errors with their remaining energy. Indeed, there are intercessors for persons on every level of humanity should they truly repent.

To recover, a person must be willing to face their little personal assumptions that lead to beliefs that lead to obsessions and habits. The assumptions sound harmless enough. Examples: "If you love people, they will spiritually flower" or "What I do in private is invisible to others" or "If it feels good it must be natural" or "All women (men) are manipulators" or "Sex is like defecating; nothing to be worried about, just do it anytime" or "I am angry (irritable, unloving) for a good reason" or "If I recognize evil then I create it." Such assumptions solidify into beliefs, and then tend to form defensive habits around them. Assuming you can lock eyes or merge with someone recklessly may be your habit that causes you to spiritually degenerate. Refusing to clear yourself through prayer and other methods, because you think you should ignore the disorder so it will go away, may be another habit. Going into "create your own reality" mental euphoria states to avoid personal change may be another habit that will quickly cause the Virtue substance to burn. Indulging in lower psychism, such as going to channelers of aliens, can open the doors to "other Logoic substance contamination" that poisons your angels.

As you climb the ladder, you must watch your step, so as to guard your progress thus far.

THE LISTING OF THE STEPS:

1. Guardians on the Threshold between consciousness and awareness of life and death.
2. Plant Kingdom Forces (influence enzymes, digestion, and immunity).
3. Animal Tisunal Beings/Angels.
4. Human Tisunal Beings/Angels.
5. Guardians of the Spirit (Etheric) Tisunal Beings.
6. Karma Substance/Book of Life Recorders (or Grace Tisunal Beings).
7. Logoic Level Tisunal Beings.

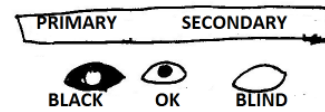

The purpose of some disease Tisunals is to destroy/rot dead flesh, and they may be sent to you by a person with a death obsession. Some people are born or acquire Watcher Tisunals which should be freed from people to fulfill a normal "spirit of destruction" mode relating to composting soul debris. Prayers to Saint Anna, Joseph, Jesus, Mary and in general (while checking [Prayer Dowsing List](#) in Appendix) should help you to receive intervention from above. You already have; the question is: are you feeding a repeating disorder or submitting your weaknesses to God's strength which can heal you?

PROBLEMS OF LEVEL CONTAMINATION MOST READILY REVEALED BY IDENTITY SPHERE EJECTING DEMONS/OPENING SUCH AS: (See Below)

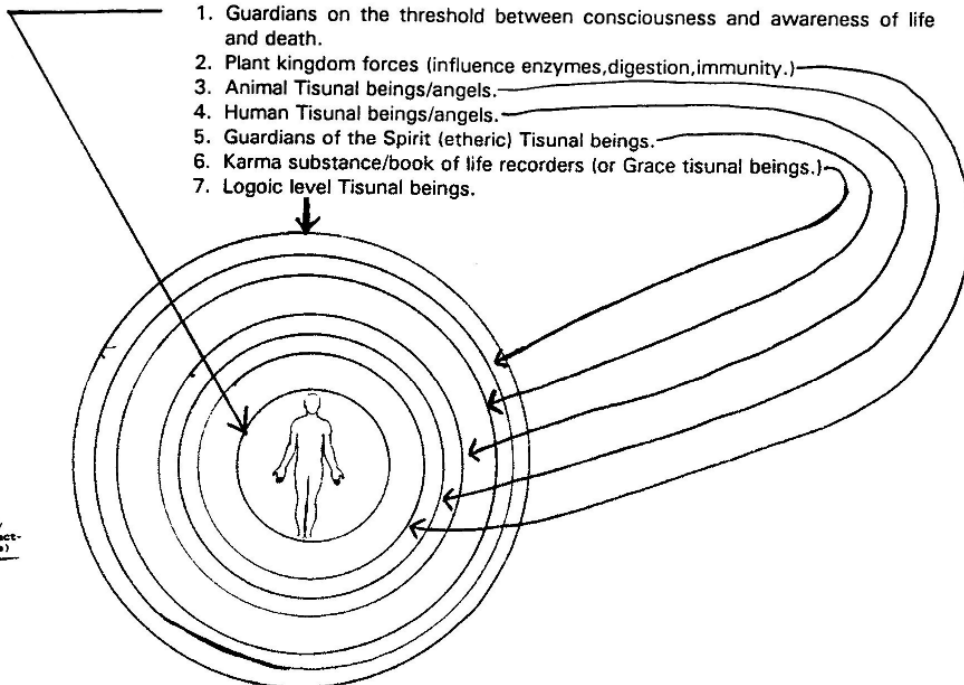

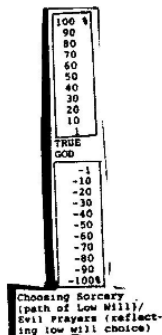

RUPTURES OF OUTER RING (MOLD) THAT OCCUR SUDDENLY AND CLOSE UP, QUICKLY INDICATE YOU HAVE ASSUMPTIONS--BELIEFS--OBSESSIONS--HABITS OR YOU ARE FEEDING THEM IN SOMEONE ELSE.

THE LISTING OF THE STEPS:

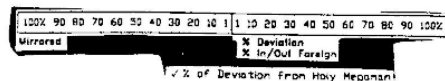

1. Guardians on the threshold between consciousness and awareness of life and death.
2. Plant kingdom forces (influence enzymes, digestion, immunity.)
3. Animal Tisunal beings/angels.
4. Human Tisunal beings/angels.
5. Guardians of the Spirit (etheric) Tisunal beings.
6. Karma substance/book of life recorders (or Grace tisunal beings.)
7. Logoic level Tisunal beings.

These are correlated with the seven personality angels. The Tisunal color trait of each person is on level one. Each level effects personality. The numbers of tisunal beings on each level may vary, as the more evolved person who stays clear gets more angels.

CHECK:

Number of angels on each level, blocks, assumptions, beliefs, obsessions/habits, whether the level is black or white, number of vampires out or in, other logoic evil alien substance contamination, fallen being other dimensional alien-to-Earth doorways contamination, other abnormal tisunals from mutant worlds in split time (such as thing tisunals), spirit of disease tisunals, alignment with the personality angel drawings, your level of submission to God of Jesus on each level.

CLASS NOTES: FEBRUARY 25, 1995

Sexual contaminations are sometimes synergistic in that one person may be the exact fit with a part of you, to create a **Key** to enter a hell. Normally these fade after three years or so and become:

HELL KEY SHADOWS

These shadows are on the Inner Core/Outer Ring (*See chart pg. 105*)

That is the **Law of Karma Substance**.

(ASIDE from Auditor): It was requested that I relate what happened to me (Cel). When Cel prayed for deliverance, the sensation of this (Hell Key) Shadow coming out started on the forearms, moved to the upper arms, then the scalp, the chest, back, face, eyes, ears, mouth and nose. It was an itchy sensation that seemed to crawl from the skin to be lifted up and out. This happened when I found the appropriate prayer.

Class Notes continued:

Another aspect of this clearing is involved: There is an associated body part that is different for each person.

With Cel, it appears this aspect is in the large colon. For that reason

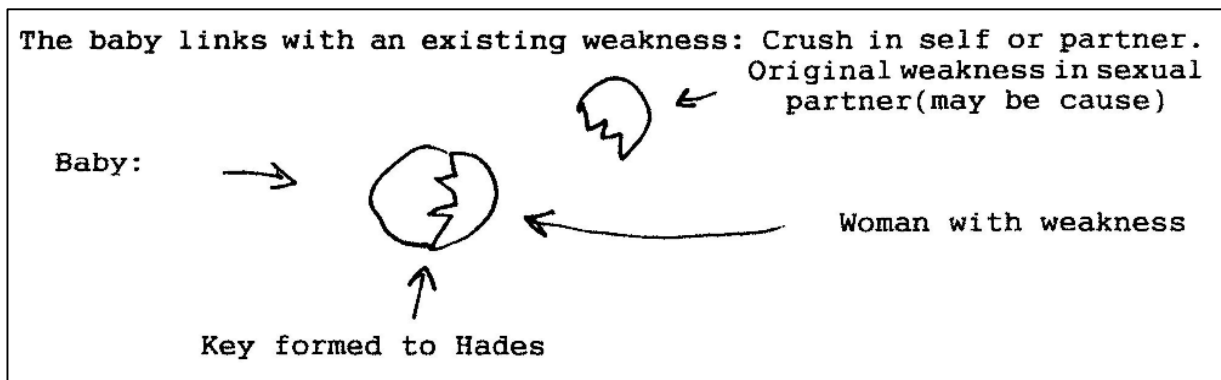

Check: Body Parts for Hell Keys and Shadow Keys. These will dowse as:

EVIL CREATIVE CENTERS. These seem to be linked with split time more than NOW and many of these will secrete *Things*. This particular one of Cel's secreted a type of bug that was on three dimensions. Therefore it was not visible, but it was still impacting her. It is related to desire, which is related to the throat, where she has a weakness. Not all (of these hell and shadow keys) are related to desire. You have to look at the body location, in this case the large intestines, from the appropriate *angle*, in this case down and to the left.

There is a correlation with these hell keys and obsessions. You must DECIDE to release the obsession that is maintaining the key to a hell shape. Then crush the obsession in your mind just as you would a *Thing*. *Things* are just little demons that crawl out of diseased portions of our spiritual/physical anatomy. You might not have thought about your obsession for many years. You might have closed the door on it and yet it is inside a closet like termites eating away your House. **Make sure and pray:** "*To be corrected regarding all false beliefs and assumptions that are behind the obsession.*"

Check: There may be more than one angle and more than one body part for an obsession key to hell.

Example: A related problem is when a baby is aborted after 19 weeks, it has a personality/consciousness (and perhaps a soul) that (due to the body being torn to shreds) it freaks out and possesses a woman's uterus who has an auric weakness there already. **Check:** Aborted Consciousness Hell-Hades Body Key or Abortion/Obsession Hell-Hades Key

DOWSING LIST:

Black Spots/Echoes

Veneer: on Body Part

Black/Blind Eye

No Sun Link: in a Body Part

Key to Outer Space

Black/Blind Eye of Other: Hooked into Self

Primary or Secondary Centripetal Pull to Core Person: This is due to an Abnormal Substance Ring Layer (this should be only on the seven rings that include the plant, animal and human kingdoms.)

Abnormal Ring Layers: Are found in relationship to the normal rings, say, between numbers 2 and 3, or 6 and 7. Abnormal layers cause a person to have an abnormal substance that is difficult to detect, but can produce physical symptoms. These seemed related to split time. Since split time is becoming ever more distant, the centripetal core which is in split time exerts more influence and pull on your body parts that have contaminations from such substances.

Other Logos Substance: Look for substances of any kind that cause you to have Abnormal Dimensional Aspects to your tissues. Look at the Dimensions chart and make sure you have no **Evil Interface Substance** belonging in dimensions of other Logoic systems or fallen beings.

Often it is very hard to dowse who is at the bottom of a web of disorder. For instance in your dreams you might see a human appearing person that you love who is trying to get you to go somewhere with them. **Remember that demons can take any face or voice** and will take the (most likely) appearance that they can use to manipulate you. They may tell you some secret in a half dream state that can leave you vulnerable to spiritual destruction. This may sound gross, but if a demon with a human face appears to you in your dreams or dowsing, then look at the demons' penis or clitoris and then you can *know* whether it is a demon; because that part of their anatomy will dowse as *black*. You should also **check** their navels, their eyes, noses, and mouths for blackness.

Never believe any being that is trying to tell you something through your dowsing or half dream states unless you are sure that those parts are not black. Remember St. Paul said, "Test the spirits."

La and Se were so heavily involved in their dream demon fantasies, even though T2 warned them, that they were sucked into spiritual destruction. Even without knowing how to test the spirits they should have known that what the demons told them was evil; based on what T2 has taught them. Just as Jm smoked pot and entered orgasmic meditation and swore to T2 that the "Holy Spirit gave him advice", so did these women believe that an angel appeared and told them great things about themselves. Cec at one point swore that T1 visited his bed every night in his dreams because some demon fit his fancy; and he of course fed the demon and never doubted but that it was T1--as if I wanted to visit that nose-picker every night....

If you are contaminated with auric parts of demon possessed people, you may dowse as having black privates, nose, mouth, heart, genitals, feet, hands or other. This may mean that a **Demon Seed** has been planted at the black spot. The black spot indicates that you are cut off from normal Sun vitality at that location. **Do:** *Think of that body part and WILL THE SUN into that body part.* You must do this while thinking in the proper angle and direction on the Left side of Lehys. **Superficial Mold Contaminations** can often be dissolved by directing Sun energy with our will--like a magnifying glass--to that location and then directing the Holy Powers, especially the Name of God to that location, and then praying for deliverance.

It will be important for many years to check how many people are on your crotch because there are so many energies that hunger for the sexual forces.

T2 encourages us to keep checking the Identity Sphere with the Triangle, ME and Star.

There are some times that you will tend to float out of that sphere into outer space doors because of some auric contamination that is being vomited out of your identity sphere, leaving it open so that your other components float out in resonance. Many of these contaminations are from split time and so cause a person to become dizzy, unbalanced, and the vision becomes fuzzy.

DO: to correct this think of the Identity Sphere drawing and order all poison to go out of that sphere. It feels like it goes out of your eyes. Then *WILL* your Triangle, ME and Star to pull back in and shut your outer Identity Ring tightly while thinking of two inches below your navel. Think of your eyeballs as two mini Identity Spheres and *WILL* them to pull in tight to their centers so you don't leak out of your eyes.

A common problem in the earth today is that many people's physical hearts have HADES VENEERS.

In other words, they don't get their energy from the etheric Sun; they get it from a beast in Hades. This means they have sold their heart to Satan. To free the person, pray and will that the heart in Hades be destroyed. Use all the powers at your command.

Whenever someone has sold their heart they have cursed an innocent person. Some people have eyes that vampire other people's spiritual heart energy. **Do:** Disintegrate any Eye Lights (that blacken), that connect to your heart, genitals, navel, or mouth.

Many people have knowledge of Satan rather than knowledge of God.

Many Obsessions Keys/Shadows are found in the uterus (women) or nose (men) when approached from a viewing *direction* in certain body parts. You may have a **Secondary Knowledge of Satan** in body parts due to merging with people. You would dowse as having a **Shadow of Satan** over your body parts.

Some soulless people have a **Right Black Eye** which means their heart is in a split time hell. All of split time is a hell now. It is not just the past. If they have a **Black Mouth** it indicates their genitals and possibly a foot or hand are in split time as well, connected to an obsession. **Black Tongue** would indicate a secondary black mouth, in other words, secondary contamination.

Some people have what appears to be (when looking down), a **Face on the back of their head**. To see these, you have to *look* with your lower aperture eye *downward* while your eyes link with the image of the back of their head. That means they have **Evil Intercessor Links**, especially Asura.

Regarding yesterday's lesson, if you have:

Abnormal Plant level contaminations: you may feel symptoms in your testicles or fallopian tubes.

Abnormal Animal contaminations: you may feel symptoms in your perineum or uterus.

Abnormal Human contaminations: You may feel symptoms in the tip of penis or clitoris.

QUESTIONS TO ASK:

- 1) How many people's Tisunal Life Forces are being tapped by this person's genitals?
(Say if you kept getting you were possessed by a certain person).
- 2) How many forces are vampiring my link to the Holy Megaman?
- 3) How many alien Other Logoic Substance Connections are using my desire substance?
- 4) How many Desire substances is this malignant zombie using?
- 5) How much of my Virtue Substance has been invested in mine/or someone else's obsession?
- 6) How much Plant Kingdom Life Force have I invested in obsessions or ally formations?
- 7) How much Animal Kingdom Tisunal Shroud have I invested in obsessions or allies?
(Animal molds are more appropriately called Tisunal shrouds).
- 8) How much of my Human Megaman mold have I invested in obsessions or allies?
- 9) Check number of Virtue Feeder lines into a person's genital link obsessions/allies.
(or combined person's web when you can't tell who is at the bottom)

**CHECK YOUR CURRENT STATE ON THE ABOVE LIST
MAKE SURE IT IS NOT SOMEONE ELSE THAT HAS USED THOSE FORCES**

Usually if a person taps one of your layers, you have a resonating weakness (manifest or unmanifest) similar to theirs. However they could also wear you down due to proximity without it being your fault.

REMINDER

Pray: *"For deliverance of all disorders of body, mind and soul that may be linked to obsessions of the past."*

Pray: Morning and night for yourself and others.

(See page 101 for today's dowsing list.)

LESSON FEBRUARY 27, 1995: The Danger of Listening to the Serpent

This original text is referencing Advanced Esoteric Dowsing Book IV Unpublished

THE DANGER OF LISTENING TO THE SERPENT

The lower aspect of man must be controlled by the will and intent forces, or his spirit aspect will go asunder. A man's will is strengthened by daily incremental practice of doing what is proper, and not what he wants to do. A common misconception is that a child who wants his own way must be "willful". Indeed, such a child lacks will, and is driven by any petty wind of desire or want. Will is strong and unmoving; it is not petty whinings and grabbings of material objects or demanding the affections of others.

There are many ways that a person may manifest a lack of will. The most obvious ones are physical. A weak-willed person wants immediate sensory gratification and becomes angry if someone else objects or is in the way. He wants to eat when hungry, have sex upon demand, have people wait on him, and cares little about the feelings of others. He considers himself spontaneous, important, and immortal.

A truly spontaneous person has a strong will because he knows that he must live as a warrior with the shadow of death over his shoulder. He lives life on the edge of a cliff, and savors every moment. Because he realizes that immortality is earned by Virtue, he studies it and incorporates it into his lower life. He looks upon other people as mysteries unfolding before his eyes, and so he is patient and enduring when faced with their frailties.

Part of the manifestation of physical will defects include a lack of speech control. If a person pronounces his every thought and sensation as though he were a king to a servant, as though to demand the servant bring him comfort, then he has a serious defect in the desire aspect of his will. This aspect of will has a link to the physical mouth, chin, and throat. It relates to a lack of true impersonal love for humanity and indicates selfishness. It is good for people to bear some sorrow in silence; to not tell everything they know; to let themselves be misunderstood from time to time lest they wear themselves out proving that others are wrong. The wise man knows that there is no reason to tell someone a truth they will not choose to hear. Many fallen beings take over a person's bubbling speech when that person is chatting to fulfill a secret agenda, rather than to communicate.

It is a good spiritual exercise to look back at your speech at the end of the day and see when you spoke because you wanted to communicate, and when you spoke for another reason. Did you speak because you were reciting your thoughts even though they did not help the listener? If so then you lack *desire/will* control. Did you speak because you felt a great tension inside you that needed venting? Then you were probably seriously spiritually contaminated and did not have control over your speech. Did you speak because you wanted someone to truly look at you, notice you, and give you attention and love? If you crave love from someone then you have not mastered the Virtue of impersonal love within yourself. If you are full of love, what is there to crave? Love cannot be found without oneself; it must be watered in the garden of the soul by the tears of submission to Divine Love/Will.

Even so, those who divinely love are not self-indulgent. They consider their every thought, emotion, and act within the context of humanity's connection with God. The weak man sits with his sensory delights, stinging from the assaults of spiritual initiations, hiding in his corner full of false pride and private sensory indulgence. He clings to his habits with hatred for God... but he always thinks his "irritation" (as he considers hate to be) is nothing more than resistance to a mortal person who is trying to run his life. What makes him so angry is that he knows there is nothing hidden from God. Because of that, he clings to his lower willfulness/weakness with a frenzy of self-deceit. He begins to rationalize, even to himself, his weaknesses, until he forms a rationalized god that suits his fancy.

For in the end, anyone who is personally lower-willful is satanic. They do not love; they do not submit themselves to the one true God of our Lord Jesus. They want to secretly eat the apple in the garden, and follow Eve across the Veil of Good and Evil. The serpent is within themselves, telling them that no person (prophet) has the right to warn them of the outcome. "You will be as God", is the promise of the serpent; which is your own spirit self, which has chosen to follow a well-traveled path to shame and death.

Many people listen to the serpents of others. A person's etheric body has the ability to travel as a light beam, and carry with it thoughts, emotions, and suggestions for actions. Should you listen to a contaminated etheric body that enters your room at night, and obey the serpent within it, then you have fallen from Grace once again. It will be very cunning, and tell you just the words you want to hear to rationalize your weaknesses. It will stimulate anger toward all that is holy. If you weakly fall prey by actions, thoughts, emotion and speech going toward immediate resonation with evil...agreeing with it...being the devil's advocate... then your spirit begins to hiss and twine around your body until you are a slave to impulse.

You must become strong in your higher will by exercising your lower will to match. Before you eat...stop and think: "Does my body need this?" Before you sleep, ask "Do I need to pray first?" Before you have a shot of whisky, ask "Am I covering up the pain of my contamination that can be cleared?" Before you decide to sexually release tension, ask "Are my generative functions being controlled by a dark force or other people's snakes?" "How many people are in my genitals now?" Before you speak, ask "Is there a good reason other than tension release or am I just spilling out what I think?"

When you find yourself surrounded with devils' advocate arguments **Ask:** "*Lord, deliver me from all evil within me and without, and let me hear with Lehy's, and let me desire that which Christ would desire, and let my will be under Thine.*" If you do those things...so as to change yourself a bit at a time, then every day you will become cleaner and brighter so as to approach the throne of Destiny.

Most people do not live with Destiny. Destiny implies living with Grace, and not Karma. You cannot live within Grace if you hate truth about your actions, thoughts, emotions, speech, desires, wants, and what you love. If you truly love God, then there is no suffering in change; there is joy and hope. You cannot love God unless you first love mankind from the highest level. If you do not love purely, you can pray to love purely. Such a request, if given with sincerity and submission of lower will, is granted. Many people, however, say volumes of prayer but never exercise their own choice in the matter in the way they live, speak, or decide about the little things.

As Michelangelo said, "*Trifles make perfection, and perfection is no trifle*". If you choose...with every fiber of your available will...to control yourself in thought, emotion, speech, and deed just a little more today than yesterday...then you will succeed. If you find some standard upon which to judge yourself, and daily keep a record of your progress, then you will not fail.

There are so many divine powers that dip their hands down into the clouds of Earth. They can only be seen by those who decide to be blind to assumption, deaf to consensus, and dead to selfishness. No man who is unselfish can be wooed by the serpents. No man who listens to holiness desires to listen to lies within the towering babble of consensus. No man who walks away from the neon values/assumptions of the soulless will be denied a glimpse of the Sun.

Unless he has spent himself. If he should face the day, where all his powers (such as personal will) have gone to fancies and momentary glories, so that he sees himself naked in the cold light of his own impending spiritual demise, and then, as if in afterthought, he desperately declares his devotion and submission to God...then he is still lost. Such a man, if given power and life, will soon lose it because of his habits of thought, emotion, speech, and actions are all still as lions never tempered.

Beware such a fate.

PS: There were many technical lessons that I have worked on that would have supplied you countless dowsing charts and interesting case history reading material about interesting subjects (including your own situations). However, it is correct to speak about the issue of will...first. I have whittled for hours, days, months, years, and lifetimes to understand how to help. I understand now that the answer must first be echoed by you. If you desire to aid humanity, then you must be strong and pure. There are so many things I could teach all of you if you prepare yourself to receive them.

27 FEBRUARY 1995 Notes not sent out...

Pineal Identity is in another person. In this case it is a Black Spot that dowses as a person.

Etheric Lower Spine and an Etheric Tailbone are missing from two people and linked to the same disorder (at the) crotch of another person. The other person has 9 people in her crotch looking *down*, 6 are *up*, etc. Everywhere T2 looks she sees them, as this person is desperately grabbing.

Bottomless Pit Person Possession: Certain humans are dowsing as "Pets", and not dogs or cats. I.e. an unknown person is a "Pet" of T3.

Abnormal (person's name) substance to be destroyed.

Other Logos Contamination: All of us have it.

Most people who don't have black hearts have a **Normal Sun Prana** link (and that is) whether they have a soul or not.

Black Heart: A person has to be pretty bad to get a black heart or be aligned with someone pretty bad to get a black heart.

If they get a black heart it is as though their heart is in hades and that the way they get energy is by hooking into people in hades who don't have black hearts yet, and they drain their sun energy. They still are sun feeders, but they are sun feeders through hades or hells secondarily. If their heart is in hades, they have to get sun energy somewhere, so it is like parts of them which are in hell or hades whether it is their heart or not, feeds off people who have part of themselves there, but don't have a black heart yet. Usually through sexual weakness the non-black heart people are there.

You can do waveforms and blasting to get rid of the evil ones, the black hearted ones' links to hells and hades. You also have to think of chopping the heart that is in hades. But then you have to realize they have genital links to other people that they can also get sun energy from. You have to then visualize their genitals including uterus, fallopian tubes, vagina, vulva, clitoris, the whole business. Do the same thing with the men: the penis, testicles, and all of their organs. If you do that, then they seem to lose their vampire ability which is good. It is always good.

They then become **Passive Moon Prana Feeders** which means that they suck in vicinity-reflected sun prana that is floating off of people that are in the vicinity. They also try to suck off of people off the phone through reflected prana. It is always called Moon Prana if it is reflected. When they are able to do this, look at what else has to be chopped while viewing the anatomical drawings.

For example (one ex-student) has lines coming through her from an unknown person that is coming from (another ex).

Ex2 has a vampire with a black heart (affecting her), and then Ex2 is then vampiring Ex1, as she is weakened by the black heart. T2 doesn't know the person vampiring Ex2, but it is within law to destroy the black heart and the feeder lines.

Example: Somebody is with Se physically, that is obsessing about this group in her mobile home. By all appearances it looks like La but dowses as "---", Si, Rap, Alp, Gar. (They have) two food sources, a child and Forr. **Do:** Remove all the vampire lines to them. To clean them from vampire lines, T2 imagines taking their Identity Sphere, opening it up and squeezing (the contamination) out the three components into Chaos. You have to clean the components and then close them back up.

Example: La is dowsing as T3, with 97% of herself in Forr, Si and a child's House trying to suck energy. T2 asked the Holy Beings to destroy all that. --- seems to be with La and Se.

Sometimes it is good to think of the **Face in the Back of a Person's Head** to find out what is wrong.

Example: One person dowsed as having a **White Heart**. When asked who? This person was vampiring 7 people with White Hearts. This was done through hell links with people in the group.

This is something people have to look at: hell links through shared weaknesses that allow black hearted people to eat your white heart sun prana. These have to be checked directionally from you.

Snail Slime on the Karma Substance. This has been cleared last night and (it is) erasing the pages in the **Book of Life** as far as one's prior existence, so as to help people recapitulate more completely. For the next few days or nights, more likely, people will have feelings of change relating to the 'pages being erased'. (This process will) start for most students tonight. What was done today was to set the stage for it.

There is a **Big Book of Life** and a **Little Book of Life** for each person.

Some people need to be erased from the Big Book of Life too, because they are so dangerous. But for the rest of us, we want to have our individual books clean so that the Holy Spirit can write what *should* be in it. For some people it will be as though they never lived, so as to erase the damage done to this party. For example Cel's small book is 65% clear (it should be 100%) clear and it is supposed to be in the big one. Forr is 100% erased, Si 85%, A 100, B 70, C 56, Sn 100.

What we are chopping: are the **Body to Spirit links** which relate to the **Balm Tube** and which are links to your body from another person's spirit, or vice versa. With the Balm Stumps they need to be fried.

Pray: *"That the holy beings remove links from anyone's body/spirit, that they be destroyed even their own."*

Check for: Abnormal Spirit to Body Links with Fallen Beings: Example your body to another's Fallen Being Spirit.

Pray: *"To destroy it, and prevent it from returning; correcting intercessor errors and effects and deliver us from this evil Now and forever more, Lord , on us and anyone on the earth."*

DESTROY THE HUSK TO FREE THE
BODY TO BODY CONNECTION

The body memory glitch of Cel's goes *in*, and her mother's goes *out*.
This is a normal event, and it is very beneficial to remove.

Aborted fetuses are connected to the mother the same way. The orgasm seed comes out of a husk and it is the formative aspects of body, and she has the husk. The drawing is the husk and the other seed, the fact that they fit is a pattern link.

Your Birth Seed Pattern that you keep can get distorted, develop links to the husk and can unwind. Even with removing the husk from the mother, there was still a tail hanging out. It popped open and the opening was to a split time hell. It should be closed with no links out.

Corpse Fallen Being Consciousness Orgasm Links: We still have millions of them floating. Parts of self *in*.
Orgasm Combo Energies embedded in others.

Pray *"To destroy these in any way the Judges see fit. Destroy the links to us and each other and to all evil. Destroy the ability to do so."*

Body to Body Links=Shrouds:

Pray *"To destroy the ability to make shrouds."* A person normally shouldn't make those death shrouds.

Examples:

➤Cec has a link to Ia's birth seed. La is hooked to T2's birth seed. It is a different type. She came in through a child's birth (sic). T2 was wondering why La kept dowsing as a child. Through the child's seed, La was actually on the birth seed first, then went through T2's husk, and attached to her seed.

➤Sn has more than one birth seed. She has La's birth seed, an orgasm seed combined with her birth seed and other various and sundry people. For example: **TOP SEEDS**. It must be a really pathetic thing when a person loses her own core seed, and La's mother is totally satanic and has a husk attached to Sn. This is not to get paranoid, they are trying to help her and the Holy Beings are busting their butts. You may be discouraged because of so much La is on her.

➤T2 had 10 birth seeds, and not just husks. But she had the birth seeds of Se, Forr, Gar, Nob, Rap and the other five were ones that dragged along with those. Fl piggy backed on La's seed to T2 child's seed (not ---); Du to Nob to the whole network. This is how they have been vampiring. Their whole essence has been going piggy backing either on T2, T3 or the children.

➤10 birth seeds are on Rap, from the evil synergy group, i.e. Gau.

Some people like Se have seeds kept alive by animals. She is in her cat's uterus. Her orgasm seed links her actual birth seed energies to the people that then have the orgasm seeds in their aura. For instance, Se's cat has one of her orgasm seeds in its uterus. This links Se's primary tisunal seed to the cat allowing a prana portal vampire.

➤ La has 67 vampire prana portals in animals/people that link her primary pattern which was in Sn. Sn was feeling (feeding?) everyone.

It appears in abortions and all (birth) seeds there is a male component of the seed: **Tip of Nose Shadow.**

So Sn has a link to the tip of a man's nose... Sn's old lover's aborted baby-seed's father. The seed is still alive.

The baby is dead and the seed is in purgatory. That is where they all go if they are ensouled. They go even if they are not ensouled. It is a link to the both parent's in purgatory. **Pray** *"That special grace be shown her and anyone else."*

➤ This could happen with a miscarriage or a born child...this type of a link between a mother and father still exists....among the mother, baby and father whether by miscarriage, abortion, or alive since conception if not ensouled.

➤ If a seed is possessing you, then you have to get rid of it. It is a bottomless pit then. A bunch of evil ones were piggybacked on La and they were going after Sn. These would be a constant portal, if the seeds are floating or attached to a person's body; in either case. These can have obsessions on them too.

Aside: Ask Sn if those guys paid on the house. Wonder if La knew it as well (sic).

➤ Forr's mom's seed was in Forr (for example). Some other part of her is also piggybacked on Forr; some kind of evil substance is piggybacked on his seed.

Check: The number of people Birth Seeds/Substance is vampired/piggybacked on your seed.

➤ Mag had both "----" and Ni's seed, and that is a reason she may have been feeling bad.

➤ Some people have been given new, whole seeds, and the husk is in heaven, but the old husk still needed to be destroyed. It may be the "old/you" birth seeds.

Example: Some male is hiding, and behind so many faces.

Pray *"If their birth seeds are possessing anyone that (the seeds) be destroyed if it is God's will."*

It is an important thing to keep one's seed inside oneself. Obsessions tend to make it fly off.

➤ Parts of La are vampiring other people's seeds. There are 46 **Vampire portals** from herself to other people's seeds. For example Fl; she is holding Fl's seed within a web.

➤ The --- have Anti-Christ seeds that they have strung (---). They can't make them anymore. They were making them.

There are 76 that T2 can spot if she is looking outside St's body. There are 76 Antichrist husks in her body. Sh has (2), T2's relative has (3). Gar dowses as T2, but not with T2's name. She has the image but no name and she has 35. That is because she is linked to Ji, as most came from Ji (a happy receiver).

Pray: *"To the Holy Beings to please destroy her ability and anyone else's ability to create such seeds."*

T2 is not sure that people can turn them down (sic). It is not a matter of guilt, though some people seem to have more.

Metaphorically, the Holy Beings are destroying something that Gar freely drank that was a black intoxicating drink of Ji's. It was like Ji's blood in a communion; because she wanted to be her.

T2 has to now track down the young boys that were the Antichrist and destroy their seeds. There were six and one is on the way. Two are in the U.S. -one in NY State, one in England, one on the way to Guthrie.

PRAYER TO ALIGN WITH LAW

In the name of the Father, Son and Holy Spirit. I ask the Holy Spirit to remove all darkness and defiance to Universal law and order from every level of my being.

May my very being radiate the understanding that God is merciful and just; that the universe was created with spiritual polarity and gender; that cause and effect is always operating; that whatever manifests above will likely manifest below; that there is an objective reality in the world apart from any I would create, that by clinging to the physical form I move away from my soul but that by aligning myself with Logic Truth and Law I may manifest holiness in my physical form; that movement, vibration, and change are constants in this universe and thus to be in harmony I must welcome changes in my lower form no matter what they entail.

I recognize that hierarchy is inherent in the spiritual world and I submit myself to service and devotion to that hierarchy. I seek spiritual transformation rather than the physical effects of spiritual healing. I ask that the Holy Spirit help me align my emotions and thoughts with that which is holy and not with the earth thoughtform grids. I am committed to using my spiritual knowledge daily so that my physical form will align with holiness. I ask that the Holy Spirit tune every fiber of my being to resonate with holiness in pattern and frequency, that the Holy Spirit reveal my path in each season, in each hour of the day, in every facet of my being, so that I might follow God's laws in the physical, mental, and spiritual realms.

I ask that the Holy Spirit fill me with the wisdom and intelligence of God, with divine love and with the will and power to fulfill the plan of God. Give me unwavering strength so that my work in the world reveals the beauty and harmony of the Divine Plan. Give me guidance, sound judgment, holy desire, sobriety, joy, and the ability to reason so that I may fully ascend to the higher virtues and multiply the glory of God on the face of the earth. Grant that I remain rooted in the New Heaven and New Earth from which I draw strength so that all my virtues shall flower. I vow to tread the path of right understanding, right thought, right speech, right action, right livelihood, right effort, right mindfulness and right concentration. I pray that my lower and higher selves unite so they might engender ever increasing circles of holiness around me.

I ask that all lower self-ties or resonations with any person, place, thing or idea be removed so that I might be truly whole and purified. Recognizing that all disharmonious thoughts or actions I engage in reflect in the macrocosm of the universe, I seek to live a life congruent with universal law and to be delivered from any food, substance, sex, material or romantic obsessions.

I pray to the Father, the Son, and the Holy Spirit, and all the Holy Beings and Angels that help the alignment and service of those engaged in the spiritual quest for Truth, to help me purify in all directions, and to remove any disharmonies from the past, present or future, shielded or hidden, so I may better carry out the will of God.

God, lend me your strength so that I may face my weaknesses through submission to your will. I acknowledge that my own low will can do nothing unless it is aligned with Divine Will which is all strength. I ask that I be given no powers or comforts that I cannot resist; no pleasures, spiritual, mental, social, or physical that would lead me away from my soul.

I accept the ultimate truth of these universal principles and give thanks for the divine equanimity that springs from my spiritual practice. I don't know who I am or what reality is, but I know that God knows. I don't ask so much for comfort but to see rightly and to be given the strength to face what is True. I ask not to see selectively according to my personal whims, but ask for the courage to see completely according to the plan of God whether pleasing or painful. Dear God, please give me the strength to endure Truth so that I may lead me today on the path of Your Holy Plan. Thy will be done. Amen
